Dear Mr. Ronning:

We have reviewed your response letter dated August 19, 2009 in connection with the above-referenced filings and have the following comment. If indicated, we think you should revise your document in response to this comment. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. Unless otherwise noted, where prior comments are referred to they refer to our letter dated August 5, 2009.

Form 10-K/A For the Fiscal Year Ended December 31, 2008

Consolidated Statements of Income, page 7

1. We are considering your responses to prior comments 2 and 17. You state that “the balance of the costs associated with delivering products and services are recorded across multiple line items in [y]our Statements of Operations,” however, it is unclear how your presentation complies with Item 5-03(2) of Regulation S-K and Question 3 of SAB Topic 6.G. That is, your Statements of Operations should be presenting an amount that represents cost of revenue. For each period presented, please tell us the amount of cost of revenues included in each of the expense line items included in your response. If you believe that these amounts are not material, please provide us with your assessment of the quantitative and qualitative impact on your financial statements of presenting a measure of gross profit. Refer to SAB 99.
