Management's Discussion and Analysis of Financial Condition and Results of Operations
Liquidity and Capital Resources, page 74

1. We note that during the fourth quarter of 2020 and the first quarter of 2021, you entered into a series of interrelated agreements with your surety bond providers, the revolving lenders under credit agreement and certain holders of your senior secured notes to extend a significant portion of your near-term debt maturities to December 2024 and to stabilize collateral requirements for your existing surety bond portfolio. Separately, comments attributed to your CEO as part of the earnings call on February 4, 2021 indicate that you were at risk of breaching a key financial covenant based on fourth quarter 2020 results. Revise to clearly disclose whether you are in compliance with all financial covenants. Your revised disclosure should address the actual or reasonably likely effects of compliance or non-compliance with the financial covenants on your financial condition and liquidity. Refer to section IV.C. of SEC Interpretive Release No. 33-8350.

2. We note the valuation allowance of \$2,068.4 million at December 31, 2019 increased by \$218.9 million to \$2,287.3 million at December 31, 2020. However, the increase to the valuation allowance is \$410.1 million in the table reconciling the expected statutory federal income tax expense (benefit) to the income tax provision. Please explain the difference in these amounts.

In closing, we remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

You may contact Wei Lu, Staff Accountant, at (202) 551-3725 or Kimberly Calder, Assistant Chief Accountant, at (202) 551-3701 with any questions.
