Form 10-K for the fiscal year ended September 30, 2007

Notes to Consolidated Financial Statements, page 45

Note 2 Summary of Significant Accounting Policies, page 45

Short-Term Investments, page 46

1. We note you have a significant amount of available-for-sale securities. Tell us and revise the liquidity section of MD&A in future filings to discuss whether any of the securities you hold are reasonably likely to affect your financial condition in a material way, expanding your discussion and analysis in applicable future filings to provide your investors with information necessary for a clear understanding of any trend or uncertainty. Refer to Item 303(a) of Regulation S-K. In addition, provide all appropriate disclosure required by Item 305 of Regulation S-K.

Note 3 - Acquisitions, page 49

2. We note the disclosure on page 50 that you refer to an independent valuation firm in your allocation of amounts allocable to purchased in-process R&D for the acquisition of certain assets, intellectual property and technical designs related to IBM's network processor product line. While in future filings management may elect to take full responsibility for valuing the equity instruments, if you choose to continue to refer to the expert in any capacity, please revise future filings, beginning with your next 10-Q, to name the independent valuation firm. In addition, please note that if you intend to incorporate your Form 10-K by reference into any registration statement, you will be required to include the consent of the independent valuation firm as an exhibit to the registration statement.

As appropriate, please respond to these comments within 10 business days or tell us when you will provide us with a response. Please furnish a cover letter with your response that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review. Please submit your cover letter on EDGAR. Please understand that we may have additional comments after reviewing your responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its
