Item 5: Operating and Financial Review and Prospects  
All-in sustaining costs, page 157 and Cash costs, page 158

1. It appears that you present consolidated non-IFRS measures that reflect your joint ventures using a method other than the equity method of accounting, as used in your IFRS financial statements. Under the equity method of accounting, you own an interest in the investee as a whole and do not have a proportionate legal interest in each financial statement line item. Please explain to us how your presentation of consolidated non-IFRS measures is consistent with the guidance in Question 100.04 of the updated Non-GAAP Compliance and Disclosure Interpretations issued on May 17, 2016.
