WESTCHESTER CAPITAL PLANNING, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of business:

Westchester Capital Planning, Inc. (the Company) is a New York company and was incorporated on June 28, 1998. The company is registered as a broker-dealer under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority (FINRA). The Company became a registered broker-dealer on January 5, 1999. The Company is registered in 1 state and is engaged in the sale of mutual fund and variable annuities by subscription and application. The Company earns commissions from the sale of mutual funds and variable annuities and life insurance products.

Cash and Cash Equivalents:

For purposes of reporting the statement of cash flows, the Company considers all cash accounts, which are not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Cash balances in excess of FDIC and similar insurance coverage are subject to the usual banking risks associated with funds in excess of those limits. At December 31, 2023, the Company had no uninsured cash balances.

Accounts Receivable: Accounts receivable represents commissions and insurance receivables at December 31, 2023. The Company determined all accounts receivable are collectible.

Revenue Recognition:

Revenues from mutual funds and insurance commissions are recognized as revenue in the period the service is provided at the point in time. The associated service is fulfilled which is based on the trade date. The company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchase is identified, the pricing is agreed upon and the risks and rewards of ownership of the securities have been transferred to/from the customer.

Distribution Fees: The company enters into arrangements with managed accounts or other pooled investment vehicles (funds) to distribute shares to investors. The company may receive distribution fees paid by the fund up front, over time, upon the investor's exit from the fund (that is, contingent deferred sales charge), or as a combination thereof. The company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent that it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Income Taxes:

The Company is a Sub S and will not be required to recognize income tax expense. The sole shareholder of the Sub S will recognize tax provisions.

The Company evaluates all significant tax positions as required by accounting principles generally accepted in the United States of America. The federal and state income tax returns of the Company for 2022, 2021, and 2020 are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed.

Use of Estimates:

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that may affect certain reported amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 2. NET CAPITAL REQUIREMENTS

The Company is subject to Securities and Exchange Commission Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2023, the Company had a net capital of \$ 7,239 which was \$2,239 in excess of its required net capital of \$5,000. The Company's net capital ratio was .76 at December 31, 2023.

Per Rule 15c3-3 of the Securities and Exchange Commission Uniform Net Capital Rule, the Company is exempt under the (k)(1) exemption. Per Rule 15c3-3, there were no differences between the Company's net asset calculation per part IIA of the FINRA Focus statement and the accompanying audit report.

NOTE 3. COMMITMENTS AND CONTINGENCIES

There are no commitments and contingencies that would have a material impact as of December 31, 2023.
