NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 – ORGANIZATION

U.S. Investors, Inc. (Company) is a securities broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Company are in accordance with accounting principles generally accepted in the United States of America and conform to general practices within the brokerage industry.

Revenue Recognition – Securities transactions are recorded on a trade date basis. Commissions are recorded as received.

Use of Estimates – The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

Cash and Cash Equivalents – Cash and cash equivalents consisted of cash on deposit with established federally insured financial institutions. For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

Accounts Receivable – The opening balance of receivables from trail commissions was \$5,700 on December 31, 2021.

NOTE 3 - INCOME TAXES

The Company has elected to file income tax returns as a subchapter S Corporation as defined in the Internal Revenue Code. Generally, an S Corporation is not subject to income taxes but rather, items of income, loss, deduction and credit pass through to stockholders in determining their individual income tax liability.

The Company complies with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, Income Taxes which require an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on the enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as tax benefit or expense in the current year. In general, the prior three year's tax returns filed with various taxing agencies are open to examination.

NOTE 4 - NET CAPITAL REQUIREMENTS

As a broker-dealer, the Company is subject to the net capital rule adopted and administered by the Financial Industry Regulatory Authority and the Securities and Exchange Commission. This rule is designed to require a broker-dealer to maintain a minimum amount of net capital, as defined, and a minimum ratio of aggregate indebtedness, as defined, to net capital. Under this rule, the ratio of aggregate indebtedness to net capital cannot exceed 15 to 1. The Company's aggregate indebtedness to net capital as of December 31, 2022, was .77 to 1 and the Company had net capital of \$15,604 which was \$10,604 in excess of its required net capital of \$5,000.

NOTE 5 - OTHER REGULATORY REQUIREMENTS

The firm limits its business activities to the purchase, sale and redemption of shares of registered investment companies and variable annuities. Securities of customers were not accepted for safekeeping. The company does not accept customer's funds and any funds sent to the company, which consisted solely of checks payable to registered investment companies or variable annuities, were promptly remitted. The company is therefore exempt from the customer reserve requirements of SEC rule 15c3-3 under section (k)(1).

NOTE 6 - RELATED PARTY TRANSACTIONS

The Company shares office space with Butler Financial, Inc. (BFI) and other businesses also owned by Dixie Butler who is also the sole owner of the Company. BFI provides almost all of the office expenses and services for the Company, including rent, telephone, equipment and supplies. The Company does not reimburse BFI because management believes its proportional share of the expenses is not material.

The Company has an agreement with its sole registered representative, who is also the sole shareholder of BFI, whereby the Company receives an annual fee from the representative. The amount is determined annually. For the year ended December 31, 2022 the fee received was \$10,000 and is included in other income.

At December 31, 2022 there were no amounts due to or from the Company and its related parties.

NOTE 7 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 23, 2023, the date on which the financial statements were available to be issued. No events have occurred since the balance sheet date that would have material impact on the financial statements.

NOTE 8 – STATEMENT RELATING TO REQUIREMENT OF RULE 17a-5(d)(4)

There were no differences existing between the computations of net capital under rule 15c3-1 in this report and such computations in the respondent's most recent unaudited filing.
