**Forward-Looking Statements**

In this press release, our use of the words "outlook," "expect," "anticipate," "estimate," "forecast," "project," "likely," "objective," "plan," "designed," "goal," "target," and similar expressions is intended to identify forward-looking statements. While these statements represent our current judgment on what the future may hold, and we believe these judgments are reasonable, actual results may differ materially due to numerous important risk factors that are described in our Annual Report on Form 10-K for the period ended December 31, 2002, as filed with the SEC on March 31, 2003, which may be revised or supplemented in subsequent reports filed by us with the SEC. Such risk factors include, but are not limited to: our substantial indebtedness; an inability to generate sufficient cash to service our indebtedness; the declining rate at which reciprocal compensation payments are determined; regulatory and legal uncertainty with respect to reciprocal compensation payments received by us; the inability to expand our business as a result of the unavailability of funds to do so; failure to successfully implement our restructuring plan; the possible delisting of our common shares from the Nasdaq SmallCap Market, adverse affects on our operations as a result of the covenants in our senior notes indenture; competition from the ILECs and other competitors and potential competitors, including those competitors with lower cost structures.
