KR Securities, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 20201

NOTE 1 – SUMMARY OF ACCOUNTING POLICIES

Organization

KR Securities, LLC (the “Company”) is a single-member Delaware limited liability company. The Company is a wholly-owned subsidiary of Krieger, Ruderman & Co., LLC (the “Parent” or “Member”).

The Company is registered with the Securities and Exchange Commission as a broker-dealer and is a member of Financial Industry Regulatory Authority.

The Company does not carry customers’ accounts and does not receive, deliver, or hold cash or securities in connection with such transactions. The Company has a clearing agreement with RBC Correspondent Clearing Services (“RBC”) whereby RBC clears transactions for the Company’s customers and carries the accounts of such customers on a fully disclosed basis as customers of RBC. Accordingly, customer open transactions are not reflected on the accompanying statement of financial condition. The Company is exposed to credit losses on these open transactions in the event of nonperformance by its customers. This exposure is reduced by the Company’s policy of obtaining and maintaining adequate collateral until open transactions are completed.

Basis of Accounting

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”)

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Securities Transactions

Transactions in securities are recorded on the trade date. Securities owned and securities sold, but not yet purchased are recorded at market value on a trade-date basis. Securities sold, but not yet purchased are subject to market fluctuations which may require purchasing the securities at prices which may differ from the market value reflected on the statement of financial condition.

Commissions

Commission revenues and related expenses from customer transactions are recorded on the trade date. When acting as broker or dealer, the Company will be entitled to receive brokerage commissions, mark-ups or mark-downs.

NOTE 1 - SUMMARY OF ACCOUNTING POLICIES (continued)

Cash and cash equivalents

Cash and cash equivalents include cash and short-term money market instruments with original maturity dates of three months or less.

Concentration of credit risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty. The Company maintains its cash balances with quality financial institutions. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000 per financial institution.

Income Taxes

The Company is a single-member limited liability company. The taxable income or loss of the Company is allocated to and included in the tax returns of the individual members of the Parent. The Company may be subject to state and local taxes in certain jurisdictions in which they operate.

Management evaluated the Company's tax positions and concluded that the Company had taken no uncertain tax positions that require adjustments to the financial statements.

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2021

NOTE 2 – REVENUE RECOGNITION

Revenues are recognized when control of the promised services is transferred to customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services. Revenues are analyzed to determine whether the Company is the principal (i.e., reports revenues on a gross basis) or agent (i.e., reports revenues on a net basis) in the contract. Principal or agent designations depend primarily on the control an entity has over the product or service before control is transferred to a customer. The indicators of which party exercises control include primary responsibility over performance obligations, risk before the good or services is transferred and discretion in establishing the price.

Commission Revenue

Commission revenue represents sales commission generated by advisors for their clients' purchases and sales of securities on exchanges and over-the-counter, as well as purchases of other investment products. The Company views the selling, distribution and marketing, or any combination thereof, of

NOTE 2 – REVENUE RECOGNITION (continued)

investment products to such clients as a single performance obligation to the product sponsors. The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchase is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer.

The Company is the principal for commission revenue, as it is responsible for the execution of clients' purchase and sales and maintains relationships with the product sponsors. The advisors, if any, assist the Company in performing its obligations. Accordingly, total commission revenues are reported on a gross basis.

The following table presents our total commission revenue disaggregated by investment product category:

	<u>Year ended December 31, 2021</u>
Equities	<u>\$32,529</u>

The Company generates sales-based commission revenue that is recognized at the point of sale on the trade date. Sales based commissions revenue varies by investment product and is a set amount based on the number of shares or based off the standard commission policy.

The following table presents our total principal transaction revenues disaggregated by investment product category:

	<u>Year ended December 31, 2021</u>
Municipal Bonds	<u>\$27,101</u>

The Company generates principal transaction revenues by entering into a riskless principal transaction with its clients. Principal transaction revenues vary by supply and demand, interest rates, coupon, maturities and credit quality.

NOTE 3 - RELATED PARTY TRANSACTION

The expenses associated with management of the Company and certain other administrative expenses are allocated by the Parent to the Company pursuant to an expense allocation agreement. Accordingly, the results of operations are not necessarily indicative of those results had the Company been a stand-

alone entity. For the year ended December 31, 2021, the Company was allocated administrative expenses of \$18,000 from the Parent.

NOTE 4 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule ("Rule 15c3-1"), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2021, the Company had net capital of \$41,439, which was \$36,439 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0 to 1. The Company is exempt for Rule 15c3-3 of the Securities and Exchange Commission pursuant to the provision of subparagraph (k)(2)(ii) thereof.

Proprietary accounts held at the clearing broker ("PAIB Assets") are considered allowable assets in the computation of net capital pursuant to an agreement between the Company and the clearing broker, which requires, among other things, for the clearing broker to perform a computation of PAIB Assets similar to the customer reserve computation set forth in SEC rule 15c3-3.

NOTE 5 - PROFIT SHARING PLAN

The Company has a nonqualified employee profit sharing plan, which provides for contributions at the discretion of management. Employees become vested over a six-year period. The Company did not make any contributions for the year ended December 31, 2021.

NOTE 6 - CLEARING DEPOSIT

The Company is required to maintain a security deposit of \$50,000 with RBC Correspondent Clearing Services. The Company was in compliance at December 31, 2021.
