Explanatory Note

As part of the review by the Securities and Exchange Commission (the “SEC”) of the Company’s past filings under the Securities Exchange Act of 1934, we are filing this Amendment No. 1 (this “Form 10-K/A”) to our Form 10-KSB for the year ended May 31, 2008 (the “2008 Form 10KSB”) filed with the SEC on September 15, 2008.

There has been no modification to the audit opinion and the full set of financial statements and related notes of Intelligent Living Corp. can be found in Item 7 of our 2008 Form 10KSB filed with the U.S. Securities and Exchange Commission (the “SEC”) on September 15, 2008.

This Amendment No. 1 includes Exhibit 3.2 - Amended Articles of Incorporation, does not otherwise update or amend any other exhibits as originally filed and does not otherwise reflect events occurring after the original filing date of the Annual Report. Accordingly, this Form 10-K/A should be read in conjunction with our filings with the SEC subsequent to the original filing of our 2008 Form 10KSB Annual Report.

In connection with the filing of this Form 10-K/A, we are including currently dated certifications of our Chief Executive and Financial Officer.

PART I

ITEM 1. DESCRIPTION OF BUSINESS

General

Intelligent Living Corp (“ILC”, the “Company”, “we”, “us”) formerly Elgrande International Inc. was incorporated in the State of Nevada in 1998. Through its wholly owned subsidiary MCM Integrated Technologies, Ltd. (“MCM”) the Company specializes in designing, supplying, installing, upgrading and servicing home automation solutions, energy use monitoring and conservation systems and commercial real estate presentation center solutions including: structured wiring, security and access control systems, internet access, lighting, HVAC and environmental controls, energy use monitoring and reduction systems and distributed audio/video systems. The Company offers both wired and wireless technology for single and multi unit new construction and existing buildings, using both traditional component and Windows Media Center/Vista based systems. The technologies we offer are purchased from third party suppliers]. Income is derived from both the sale of equipment and the provision of installation, repair and maintenance services. Customers include technology consumers, residential home owners, developers and builders of single family and multi-unit developments and commercial businesses. We intend to continue to focus on these customers for the sale of our services and products.

On August 24, 2006, we entered into a preliminary non-binding Letter of Intent (“Letter of Intent”) with MCM Integrated Technologies Ltd. (“MCM”), a Vancouver based company wholly owned by Murat Erbatur, one of our directors. The Letter of Intent provided for the acquisition of all of the assets and ongoing contracts of MCM for a price based on an independent third party evaluation of the fair market value of the acquired assets including current assets, liabilities and future value based on the pro forma three year business plan of MCM. On December 8, 2006 ILC acquired all of the outstanding capital stock of MCM for \$280,695, which included 10,000,000 shares of common stock of ILC valued at \$150,000 and \$130,695 in the form of a note payable. With this acquisition, ILC became a leading home automation provider in southwestern BC and the greater Phoenix area.

Prior to the acquisition of MCM the Company was engaged in the import and distribution of home décor products for the North American market. This activity was pursued through its wholly owned subsidiary Cardinal Points Trading Corp. In July 2006, as a result of a breach of the Company’s exclusivity agreement with its principal supplier by its principal supplier and other production related issues the board of directors began an evaluation of alternative business models and opportunities. In December 2006 the Company discontinued its activity in the home décor sector and began a process to dispose of assets and obligations related to the home

décor import and distribution business. This process continued through the year ended May 31, 2008. Liquidation of the Company's home décor inventory has been slower than expected principally as a result of the slowdown of the US economy competition from suppliers of similar product to the US home décor wholesale market.

MCM has been supplying custom IT solutions since 1994 and home automation and energy management solutions since 2003. The Company has offices and demonstration suites in Phoenix and Vancouver and is active with single family homes and multi-unit town homes and condominium projects in southwest BC, Calgary Alberta, the greater Phoenix area and Istanbul Turkey.

Following the acquisition of MCM in December 2006, the Company has expanded its service offerings to include home comfort and energy efficiency solutions integrated with and controlled by home automation applications. In response to the downturn in the US housing market the Company has increased its focus on the western Canadian housing market, expanded its marketing and project base into Calgary Alberta and initiated technology cooperation on a best efforts basis with Kilia Teknologi a leading security and surveillance group in the Republic of Turkey for market development in Turkey and the Middle East.

Results from ongoing operations reported for the year ending May 31, 2007 and 2008 relate to sales, marketing and support of home automation and energy efficiency products and services. Results from discontinued operations relate to the Company's phase out activities in the home décor sector and include the costs of liquidating inventory, reducing staff and closing office and warehouse space, renting temporary warehouse space for remaining home décor inventory and office equipment, legal, professional and staff time related to eliminating and reducing liabilities associated with discontinued operations, accretion of beneficial conversion and financing fee discount and interest charges associated with historical financings related to home décor inventory support. Expenses include a onetime charge to create an inventory reserve equal to the May 31, 2008 book value of home décor inventory.

On July 4, 2007 Elgrande International, Inc. merged with its wholly owned subsidiary Intelligent Living Corp. As a result of the merger, the Articles of the surviving entity were amended and the name of the surviving entity became Intelligent Living Corp. On August 28, 2007 the Company filed notice of late filing of the Company's 10KSB annual report and, as a consequence of the NASDAQ OTCBB rules regarding late filing of annual and quarterly reports, the Company was delisted and becomes eligible for relisting on August 29, 2008 subject the filing and approval by FINRA of Form 15C2-11.

On February 29, 2008 the Company filed a preliminary Schedule 14C Information Statement outlining proposed amendments to the Company's Articles of Incorporation including a one for five hundred reverse split of the Company's common stock, adjustment of the Company's authorized capital to eight hundred million common shares and five million preferred shares. The proposed amendments were approved by a majority of shareholders on February 29, 2008.

Subsequent Events

On August 20, 2008 the SEC advised the Company that staff had no further comments on the Company's Preliminary 14C information statement of proposed amendments to the Company's Articles of Incorporation. On August 25, 2008 the Company filed a Definitive Information Statement on Schedule 14C and on August 26, 2008 provided a copy of the Information Statement to shareholders of record of the Company's common stock, par value \$0.001 per share, on the record date as determined by the Company's board of directors to be the close of business on July 10, 2008. It is anticipated that the Company's Articles of Incorporation will be amended by the end of September 2008. On August 29, 2008 the Company became eligible for relisting on the NASD Over the Counter Bulletin Board (OTCBB) exchange through the filing of Form 15C2-11. The Company intends to initiate the steps required to file Form 15C2-11 as soon as possible following the filing of its annual report for the year ending May 31, 2008.

Risk Factors

The market price of our common stock may fluctuate significantly.

The market price of our common shares may fluctuate significantly in response to factors, some of which are beyond our control, such as:

- the announcement of new products or product enhancements by us or our competitors;
- developments concerning intellectual property rights and regulatory approvals;
- quarterly variations in our and our competitors' results of operations;
- changes in earnings estimates or recommendations by securities analysts;
- developments in our industry; and
- general market conditions and other factors, including factors unrelated to our own operating performance.

Further, the stock market in general has recently experienced extreme price and volume fluctuations. Continued market fluctuations could result in extreme volatility in the price of our common shares, which could cause a decline in the value of our common shares. You should also be aware that price volatility might be worse if the trading volume of our common shares is low.

Trading of our common stock is limited as a result of listing on the Pink OTC Markets Inc. ("Pink Sheets")

Trading of our common stock is currently conducted on the Pink OTC Markets Inc. "Pink Sheets" pursuant to category "Current SEC Filers". Prior to September 2007 our common stock traded on the OTC Bulletin Board. The shift in trading venues has adversely affected the liquidity of our securities, not only in terms of the ease in which securities can be bought and sold at a given price, but also through delays in the timing of transactions and reduction in security analysts' and the media's coverage of us. This may result in lower prices for our common stock than might otherwise be obtained and could also result in a larger spread between the bid and asked prices for our common stock.

Because it is a "penny stock," it will be more difficult for you to sell shares of our common stock.

Our common stock is a "penny stock." Broker-dealers who sell penny stocks must provide purchasers of these stocks with a standardized risk-disclosure document prepared by the SEC. This document provides information about penny stocks and the nature and level of risks involved in investing in the penny-stock market. A broker must also give a purchaser, orally or in writing, bid and offer quotations and information regarding broker and salesperson compensation, make a written determination that the penny stock is a suitable investment for the purchaser, and obtain the purchaser's written agreement to the purchase. The penny stock rules may make it difficult for you to sell your shares of our stock. Because of the rules, there is less trading in penny stocks. Also, many brokers choose not to participate in penny-stock transactions. Accordingly, you may not always be able to resell shares of our common stock publicly at times and prices that you feel are appropriate.

Limited operating history in the Company's business sector

We have a limited operating history on which to base an evaluation of our business and prospects. Our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their early stage of development. We have recently completed the acquisition of MCM and have phased out of the home décor business. This substantial shift of activity has required management to adapt to a new business environment which is not familiar and which is therefore not predictable and also to assume un-anticipated costs and liabilities associated with the un-planned phase out of the home décor business.

Inadequacy of Operating Capital

The Company had a working capital deficit of (\$2,165,276) at May 31, 2008 and a total net loss of \$(1,078,837) for the twelve months then ended. If the Company does not raise a sufficient amount of capital, it may not have the ability to remain in business until such time, if ever, when it becomes profitable.

Although the Company has restructured its operations the Company's operating income is not yet adequate to offset the Company's aggregate overhead expenses. To rectify this shortfall, the Company either needs to reduce overhead expenses and/or increase its operating revenue to offset the Company's overhead expense. There is no assurance that the Company will be able to do so.

Until such time as the Company becomes sustainable profitable it will be necessary to raise additional capital to support operations. There is no assurance that the Company will be able to raise the required capital under terms acceptable to management, or on a schedule and in amounts required to support continued operations if at all. Our failure to achieve or maintain profitability could negatively impact the value of our stock.

We have outstanding debt that is convertible into shares of our common stock at prices that may be significantly below the market price at any given time and therefore significant dilution could occur to our current stockholders.

At May 31 2008 we had a total of \$2,119,864 in debt and accrued interest that is convertible into shares of our common stock at a discount of up to 25% of the market price for our common stock at any given time. The conversion of any or all of this debt could result in significant dilution to our stockholders.

The Company is Dependent on Management for economic success and growth

The success and growth of the Company's business is significantly dependent on the Company's management team. The Company's success and growth will be particularly dependent on Michael Holloran, the Company's Chief Executive Officer, and Murat Erbatur the Company's Chief Operating Officer and founder of MCM Integrated Technologies. The loss of these individuals could have a material adverse effect on the Company.

Risks Associated with Loss of Customer Base and Market Acceptance of Product and Services

Although the Company believes it can continue to develop home automation systems and technology packages that will attract a customer base sufficient to support the Company's activities, the inability of the Company to develop such a customer base could have a material adverse effect on the Company. Although the Company believes that its market timing and the attractiveness of its home automation solutions compared to that of alternative companies and products is competitive, no assurance can be given that the Company's, products and solutions will attain a degree of market acceptance on a sustained basis or that it will generate revenues sufficient for sustained profitable operations.

Risks Associated with Competition

Although the Company is operating in a competitive market, Management believes that the Company's ability to provide home automation packages and solutions that deliver reliable and near seamless integration of several functions including: security, access control, lighting control, environmental control and audio/video presentation systems in both wired and wireless configurations with or without remote access will set the Company apart from its competitors. The ability to provide this level of integration reflects substantial intellectual know-how that will be difficult for competitors to duplicate without a substantial investment of time and systems development funding. The Company's intellectual know-how will continue to evolve and deepen as the Company undertakes further technical development and projects. There is the possibility that new competitors could seize on the Company's ideas and business model and produce competing product matrixes and installations. Likewise, these new competitors could be better capitalized which could give them a

significant competitive advantage. There is the possibility that the competitors could capture significant market share of the Company's market.

Risks due to General Economic Conditions

The financial success of the Company is sensitive to adverse changes in general economic conditions in the United States and in Canada, such as recession, inflation, unemployment, declining real estate values increasing interest rates and declining equity investment. Such changing conditions would reduce demand for the Company's products and services and would also reduce the opportunity to raise financing. Management believes that the Company's intellectual know-how combined with innovative equipment offerings may afford some insulation from reduced demand. The Company has no effective defense against declining equity investment. The Company has no control over the underlying factors generating these changes.

Risks due to Trends in Consumer Preferences and Spending; Possible Fluctuations in Operating Results

The Company's operating results may fluctuate significantly from period to period as a result of a variety of factors including purchasing patterns of customers, competitive pricing, and general economic conditions. There is no assurance that the Company will be successful in marketing any of its products or that the revenues from the sale of such products will be sufficient to support the business. Consequently, the Company's revenues may vary and the Company's operating results may experience fluctuations.

Our success in the future may depend on our ability to establish and maintain strategic alliances, and any failure on our part to establish and maintain such relationships would adversely affect our market penetration and revenue growth.

We may be required to establish strategic relationships with third parties in the home automation and energy efficiency industries and service sectors, including in international markets. Our ability to establish strategic relationships will depend on a number of factors, many of which are outside our control, such as the competitive position of our technology know-how and our products relative to our competitors. We can provide no assurance that we will be able to establish and or maintain strategic relationships in the future.

In addition, any strategic relationships that we establish, will subject us to a number of risks, including risks associated with sharing and potentially losing control over technical information and know-how, loss of control of operations that are material to developed business and profit-sharing arrangements. Moreover, strategic alliances may be expensive to implement and subject us to the risk that our partners will not perform their obligations under the relationship, which may subject us to losses over which we have no control or expensive termination arrangements. As a result, even if our strategic alliances are successful, our business may be adversely affected by our exposure to a number of factors that are outside of our control.

No Assurances of Protection of Non-Proprietary Know-How; Reliance on Trade Secrets

In certain cases, the Company may rely on trade secrets to protect technology know-how and processes which the Company has developed or may develop in the future and which do not have intellectual property protection. There can be no assurances that secrecy obligations will be honored or that others will not independently develop similar or superior technology. The protection of technology know-how through claims of trade secret status has been the subject of increasing claims and litigation by various companies both in order to protect trade secrets as well as for competitive reasons even where claims are unsubstantiated. The prosecution of claims or the defense of such claims is costly and uncertain given the uncertainty and rapid development of the principles of law pertaining to this area. The Company, in common with other firms, may also be subject to claims by other parties with regard to the use of technology information and data which may be deemed proprietary to others.

Employees

As of May 31, 2008, we had a staff of five consisting of four employees: one COO, two technical applications specialists, one part time administrative assistant, and one consultant, consisting of the President.

ITEM 2. PROPERTIES

Our executive headquarters is located at Suite 221, 2323 Quebec Street Vancouver, B.C. We are currently occupying approximately 2,000 square feet of office and technology demonstration space. In addition we are renting storage and warehouse space for discontinued inventory and equipment. We do not have leases and are renting all space on a month-to-month basis. The total monthly rent obligation for all space used by the Company is approximately \$3,250.

ITEM 3. LEGAL PROCEEDINGS

We are not currently involved in any litigation, nor do we know of any threatened litigation against us that would have a material effect on our financial condition.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF STOCKHOLDERS

None.

PART II

ITEM 5. MARKET FOR THE REGISTRANT'S COMMON STOCK AND RELATED SHAREHOLDER MATTERS

Our Common Stock traded on the OTC Bulletin Board from October 5, 1999 to September 2007 and on the Pink Sheets from September 2007 to present. Over-the-counter market quotations reflect inter-dealer prices, without retail mark-up, mark-down or commissions and may not represent actual transactions. Prior to August 15, 2007 the name of the Company was Elgrande International Inc. and our trading symbol was "EGDI". On July 19, 2007 the name of the Company was changed to Intelligent Living Corp and effective August 15, 2007, the trading symbol changed to ILVG. The following sets forth the range of high and low bid information for the quarterly periods indicated of our last two fiscal years as reported by the National Quotation Bureau:

2007 OPTION PLAN

The 2007 Option Plan was adopted by the board with 30,000,000 shares reserved. The Plan is administered by the Board of Directors of the Company. Subject to the express limitations of the Plan, the Board has authority in its discretion to determine the eligible persons to whom, and the time or times at which, restricted stock awards may be granted, the number of shares subject to each award, the time or times at which an award will become vested, the performance criteria, business or performance goals or other conditions of an award, and all other terms of the award. The Board also has discretionary authority to interpret the Plan, to make all factual determinations under the Plan, and to make all other determinations necessary or advisable for Plan administration. The Board may prescribe, amend, and rescind rules and regulations relating to the Plan. All interpretations, determinations, and actions by the Board are final, conclusive, and binding upon all parties.

HOLDERS

As of August 28, 2008, the number of holders of record of shares of common stock, excluding the number of beneficial owners whose securities are held in street name, was approximately 185.

DIVIDEND POLICY

We do not anticipate paying any cash dividends on our common stock in the foreseeable future because we intend to retain any positive earnings to finance the expansion of our business. Thereafter, declaration of dividends will be determined by the Board of Directors in light of conditions then existing, including without limitation our financial condition, capital requirements and business condition.

RECENT SALES OF UNREGISTERED SECURITIES

The following table sets for the information with respect to all securities of the Company sold in its fiscal years ended May 31, 2006, 2007 and 2008, without registration of the securities under the Securities Act of 1933. The securities so sold are believed by the Company to be exempt from registration under either Regulation S or Rule 506 under the Securities Act of 1933.

If we indicate in the following table that we relied on Section 4(2) of the Securities Act, we relied on the following factors in determining the availability of the exemption: (a) the issuance was an isolated private transaction by us which did not involve a public offering; (b) there were only a very limited number of offerees; (c) there were no subsequent or contemporaneous public offerings of the stock; (d) the stock was not broken down into smaller denominations; and (e) the negotiations for the sale of the stock took place directly between the offerees and us.

If we indicate in the following table that we relied on Regulation S, (a) the subscriber was neither a U.S. person nor acquiring the shares for the account or benefit of any U.S. person, (b) the subscriber agreed not to offer or sell the shares (including any pre-arrangement for a purchase by a U.S. person or other person in the U.S.) directly or indirectly, in the United States or to any natural person who is a resident of the United States or to any other U.S. person as defined in Regulation S unless registered under the Securities Act and all applicable state laws or an exemption from the registration requirements of the Securities Act and similar state laws is available, (c) the subscriber made his, her or its subscription from the subscriber's residence or offices at an address outside of the U.S. and (d) the subscriber or the subscriber's advisor has such knowledge and experience in financial and business matters that the subscriber is capable of evaluating the merits and risks of, and protecting his interests in connection with an investment in the Company.

If we indicate in the following table that we relied on Regulation D, we relied upon Rule 506 and (a) the subscriber was an Accredited Investor (as defined in Regulation D), (b) the subscriber invested in the Company for his own account for investment and not for the account of any other person and not with a view to or for distribution, assignment or resale in connection with any distribution within the meaning of the Securities Act, (c) the subscriber agreed not to sell or otherwise transfer the purchased shares unless they are registered under the Securities Act and any applicable state securities laws, or an exemption or exemptions from such registration are available, (d) the subscriber represented that he had knowledge and experience in financial and business matters such that he is capable of evaluating the merits and risks of an investment in the Company, (e) the subscriber had access to all documents, records, and books of the Company pertaining to the investment and was provided the opportunity ask questions and receive answers regarding the terms and conditions of the offering and to obtain any additional information which the Company possessed or was able to acquire without unreasonable effort and expense, and (f) the subscriber had no need for the liquidity in his investment in the Company and could afford the complete loss of the investment.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS

Cautionary Statement Regarding Forward-Looking Statements This annual report contains forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. These statements relate to future events or our future financial performance. Some discussions in this report may contain forward-looking statements that involve risk and uncertainty. A number of important factors could cause our actual results to differ materially from those expressed in any forward-looking statements made by us in this report. Forward-looking statements are often identified by words like: "believe", "expect", "estimate", "anticipate", "intend", "project" and similar expressions or words which, by their nature, refer to future events.

In some cases, you can also identify forward-looking statements by terminology such as "may", "will", "should", "plans", "predicts", "potential" or "continue" or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity or achievements. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

RESULTS OF OPERATIONS

Overview

Intelligent Living Corp ("ILC", the "Company", "we", "us") formerly Elgrande International Inc., through its wholly owned subsidiary MCM Integrated Technologies, Ltd. ("MCM"), specializes in designing, supplying, installing, upgrading and servicing home automation solutions, energy use monitoring and conservation systems and commercial real estate presentation center solutions including: structured wiring, security and access control systems, internet access, lighting, HVAC and environmental controls, energy use monitoring and reduction systems and distributed audio/video systems. The Company offers both wired and wireless technology for single and multi unit new construction and existing buildings, using both traditional component and Windows Media Center/Vista based systems.

On August 24, 2006, we entered into a preliminary non-binding Letter of Intent ("Letter of Intent") with MCM Integrated Technologies Ltd. ("MCM"), a Vancouver based company wholly owned by Murat Erbatur, one of our directors. The Letter of Intent provided for the acquisition of all of the assets and ongoing contracts of MCM for a price based on an independent third party evaluation of the fair market value of the acquired assets including current assets, liabilities and future value based on the pro forma three year business plan of MCM. On December 8, 2006 ILC acquired all of the outstanding capital stock of MCM for \$280,695, which included 10,000,000 shares of common stock of ILC valued at \$150,000 and \$130,695 in the form of a note payable. With this acquisition, ILC became a leading home automation provider in southwestern BC and the greater Phoenix area.

Prior to the acquisition of MCM the Company was engaged in the import and distribution of home décor products for the North American market. This activity was pursued through its wholly owned subsidiary Cardinal Points Trading Corp. In July 2006, as a result of a breach of the Company's exclusivity agreement with its principal supplier by its principal supplier and other production related issues the board of directors began an evaluation of alternative business models and opportunities. In December 2006 the Company discontinued its activity in the home décor sector and began a process to dispose of assets and obligations related to the home décor import and distribution business. This process continued through the year ended May 31, 2008. Liquidation of the Company's home décor inventory has been slower than expected principally as a result of the

slowdown of the US economy competition from suppliers of similar product to the US home décor wholesale market.

MCM has been supplying custom IT solutions since 1994 and home automation and energy management solutions since 2003. The Company has offices and demonstration suites in Phoenix and Vancouver and is active with single family homes and multi-unit town homes and condominium projects in southwest BC, Calgary Alberta, the greater Phoenix area and Istanbul Turkey.

Following the acquisition of MCM in December 2006, the Company has expanded its service offerings to include home comfort and energy efficiency solutions integrated with and controlled by home automation applications. In response to the downturn in the US housing market the Company has increased its focus on the western Canadian housing market, expanded its marketing and project base into Calgary Alberta and initiated technology cooperation on a best efforts basis with Kilia Teknologi a leading security and surveillance group in the Republic of Turkey for market development in Turkey and the Middle East.

Results from ongoing operations reported for the year ending May 31, 2007 and 2008 relate to sales, marketing and support of home automation and energy efficiency products and services. Results from discontinued operations relate to the Company's phase out activities in the home décor sector and include the costs of liquidating inventory, reducing staff and closing office and warehouse space, renting temporary warehouse space for remaining home décor inventory and office equipment, legal, professional and staff time related to eliminating and reducing liabilities associated with discontinued operations, accretion of beneficial conversion and financing fee discount and interest charges associated with historical financings related to home décor inventory support and a onetime charge to create an inventory reserve equal to the May 31, 2008 book value of home décor inventory.

Foreign currency translation

MCM Integrated Technologies, Ltd. and Cardinal Points Trading, Corp. use the Canadian Dollar as their functional currency. Transactions denominated in currencies other than the entity's functional currency are translated into the entity's functional currency at the exchange rate ruling on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the exchange rate ruling on the balance sheet date. Currency translation differences are recognized in the statement of income for the period.

On consolidation, the results of operations and cash flows whose functional currency is other than the US dollar are translated into US dollars at the average exchange rate for the period and their assets and liabilities are translated into US dollars at the exchange rate ruling on the balance sheet date. Currency translation differences are recognized within other comprehensive income as a separate component of shareholders' equity. In the event that such an operation is sold, the cumulative currency translation differences that are attributable to the operation are reclassified to income.

Transactions with related parties

In Q3 2007, the Company purchased MCM Integrated Technologies, Ltd. a company owned by a Director of Intelligent Living Corp for an aggregate amount of less than \$0.3 million. Prior to the acquisition, the board commissioned an independent fairness opinion on the transaction and the transaction was authorized by the board of directors, with the director involved in the transaction abstaining from voting on the approval resolution. It is believed that these transactions represent fair value for the assets and liabilities purchased.

Comparison of the Years Ended May 31, 2008 and May 31, 2007.

The Company began recording income and expenses related to the sale of home automation services and equipment in December 2006 following the acquisition of MCM Integrated Technologies. From December 2006 onwards income and expenses related to home automation activities are referred to as continuing operations and income and expenses related to home décor activities are referred to as discontinued operations. For the year ended May 31, 2007 continuing operations span the 6 month period December 2006 through May 2007. For the year ended May 31, 2008 continuing operations span the 12 month period June 2007 through May 2008.

Revenues from continuing operations were \$269,062 for the period ended May 31, 2008 compared to \$260,187 for the period ended May 31, 2007.. These revenues are a result of the sale of smart home products and services offered by the Company. Revenues for the period ended May 31, 2007 reflect 6 months of activity from continuing operations and are equivalent to \$520,374 on an annualized basis. The decrease in annualized revenue for the period ended May 31 2008 compared to 2007 reflects the strong downturn in the housing markets across the U.S. and in particular the greater Phoenix area.

For the year ended May 31, 2008, gross profit from continuing operations was \$117,745 compared to \$137,275 for the period ended May 31, 2007. . Gross margin (gross profit as a percent of revenue) was 44%, 6% above the forecast value of 40% for the year ended May 31, 2008.

Operating expenses associated with ongoing operations for the period ended May 31, 2008 were \$189,944 versus \$100,771 for the period ended May 31, 2007. Operating expenses for the period ended May 31, 2007 reflect a 6 month period and are equivalent to annualized expenses of \$201,542. The decrease in equivalent annualized expenses for the period ended May 31, 2008 compared to the prior year is a result of decreased depreciation and travel expenses.

The Company recorded an operating loss from continuing operations of (\$72,199) for the year ended May 31, 2008 compared to a profit on operations of \$36,503 for the period ended May 31, 2007

Total other expenses for the year ended May 31, 2008 were \$32,555 compared to \$10,445 for the prior year.

The net loss from continuing operations for the year ended May 31, 2008 was (\$104,754) compared to a net profit of \$26,058 for the prior year.

During the year ended May 31, 2008 the Company recognized revenues and incurred expenses associated with its discontinued operations. Revenues of \$18,160 were realized on the sales of \$12,023 of home décor inventory. Expenses include the costs of liquidating inventory, reducing staff and closing office and warehouse space, renting temporary warehouse space for remaining home décor inventory and office equipment, legal, professional and staff time related to eliminating and reducing liabilities associated with discontinued operations, accretion of beneficial conversion and financing fee discount and interest charges associated with historical financings related to home décor inventory support. Expenses include a onetime charge of \$106,531 to create an inventory reserve equal to the May 31, 2008 book value of home décor inventory. The net loss from discontinued operations was \$974,083 compared to a net loss of \$976,365 for the comparable period in the prior year.

The consolidated net loss for the year ended May 31, 2008 was \$1,078,837. A loss of \$40,317 was realized as a result of foreign currency translation, and the resulting comprehensive loss for the period ending May 31, 2008 was \$1,119,154 compared to a comprehensive loss of \$961,227 for the corresponding period in the prior year.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity

As of May 31, 2008, our principal sources of liquidity included cash and cash equivalents, and operating cash flow from our operating subsidiaries, and loans from related parties. At May 31, 2008, cash and cash equivalents totaled \$9,369 compared to \$17,075 at May 31, 2007.

Our business is in transition and our liquidity must be considered in light of the risks, expenses and difficulties frequently encountered by companies in our stage of re-development. The decisions to discontinue operations in the wholesale home décor sector and acquire the assets and ongoing business of MCM have directly impacted sales and liquidity. Discontinuation of the home décor business has resulted in a substantial loss of related revenue, a parallel increase in the related cost of sales and significant un-anticipated costs associated with the shutdown of the home décor operation. These events resulted in a substantial negative impact on cash flow. The transition to the home automation sector through the acquisition of MCM Integrated Technologies created a new revenue and cost structure and occurred at the same time that the U.S. housing market entered the current period of substantially reduced activity and declining home prices. The Company operates in both the U.S. and

Canadian home automation markets. The impact on the Canadian market as a result of the U.S. led recession was delayed and did not appear until the beginning of calendar year 2008. The impaired U.S. and Canadian economies and financial markets have and will continue to impact the Company's sales and liquidity in the present and near term. Risk factors relevant to these events and decisions include, but are not limited to: the Company's ability to secure ongoing product supply, foreign exchange fluctuations, continued acceptance of the Company's products and services, changes in technology and consumer adoption of technology, the strength of the North American housing market and consumer economy in general, and cannot be credibly quantified by the Company at this time.

Internal and External Sources of Capital

We have limited assets to sell in order to create short or long term liquidity. Therefore we are dependent on external sources for funding until such time as the Company completes its re-organization and develops positive net cash flow to maintain liquidity. Until such time as we have positive cash flow on a monthly basis, the dependence on external capital will remain.

There are no guarantees that we will be able to raise external capital in sufficient amounts or on terms acceptable to us. We have not been able to demonstrate a consistent trend of positive cash flow and profitable quarters, which would have a beneficial effect on liquidity.

Investing Activities

Investing activities for the period from inception through May 31, 2008 consisted primarily of the purchase of inventory for sale, property and equipment and soft costs associated with development of our areas of business activities and supporting infrastructure.

Financing Activities

Since inception, we financed operations through proceeds from the issuance of equity and debt securities and loans from shareholders and others. To date, we raised approximately \$10.9 million from the sale of common stock and as at May 31, 2008 we have borrowings of approximately \$2.2 million from investors and shareholders. Funds from these sources were used as working capital to fund the development of the Company.

The Company executed a securities purchase agreement dated as of December 7, 2005 (the "Purchase Agreement") with certain accredited investors under which we agreed to sell to these investors our convertible Debentures due three years from the final Closing Date under the Purchase Agreement in the aggregate principal amount of up to \$600,000 bearing interest at the rate of 6% per annum and convertible into restricted shares of our Common Stock at a conversion price for each share of Common Stock equal to 75% of the lowest closing bid price per share (as reported by Bloomberg, LP) of our Common Stock for the fifteen trading days immediately preceding the date of conversion. At the close of the offering the company completed the sale of an aggregate of \$555,000 in Debentures under the Purchase Agreement which resulted in net proceeds of \$424,850. In February 2008 the debenture holders extended the maturity date of the debentures to February 28, 2011.

The Company secured additional debenture financing from an accredited investor in the amount of \$50,000 under terms similar to the December 7, 2005 purchase agreement. In February 2008 the debenture holder extended the maturity date of this debenture to May 2009

Year to date loans and repayments to related parties netted to approximately \$50,443. The net total of financing activities for the year ended May 31, 2008 was approximately \$70,360. Cash flow generated from ongoing home automation business and the sale of residual inventory combined with the proceeds of related party loans are estimated to be sufficient to sustain the current level of activities through the next twelve months.

FUTURE PLAN OF OPERATIONS

On December 8, 2006 the Company acquired all of the outstanding capital stock of, and entered into an Agreement and Plan of Reorganization with MCM Integrated Technologies, Ltd. ("MCM"). At the time of the acquisition MCM had ongoing projects, prospects and outstanding proposals for work in the greater Phoenix

area, the Okanagan area of south central British Columbia and the greater Vancouver area. As of December 8, 2006, the Company reorganized and focused primarily in the areas of smart home technology.

Following the acquisition of MCM in December 2006, the Company has expanded its service offerings to include home comfort and energy efficiency solutions integrated with and controlled by home automation applications. In response to the downturn in the US housing market the Company has increased its focus on the western Canadian housing market, expanded its marketing and project base into Calgary Alberta and initiated technology cooperation with leading marketing and home security groups in the Republic of Turkey for market development in Turkey and the Middle East.

For the 12 month period ending May 31, 2009 the Company plans to continue building the Company's operations in southwest British Columbia to look opportunistically at acquisitions and to investigate the feasibility of franchising.

On December 8, 2006 the Company discontinued its activity in the home décor sector and began a process to liquidate its residual inventory of home décor products and to fully wind down its home décor business. This process is expected to continue through the year ending May 31, 2009.

Cash flow from ongoing MCM business activities and the sale of residual home décor inventory combined with the proceeds of loans from related parties are estimated to be sufficient to sustain the current level of operations and planned activities through to the end of December 2008.

OFF BALANCE-SHEET ARRANGEMENTS

During the year ended May 31, 2008 the Company did not engage in any off-balance sheet arrangements as defined in Item 303(c) of the SEC's Regulation S-B.

Subsequent Events

On August 20, 2008 the SEC advised the Company that staff had no further comments on the Company's Preliminary 14C information statement of proposed amendments to the Company's Articles of Incorporation. On August 25, 2008 the Company filed a Definitive Information Statement on Schedule 14C and on August 26, 2008 provided a copy of the Information Statement to shareholders of record of the Company's common stock, par value \$0.001 per share, on the record date as determined by the Company's board of directors to be the close of business on July 10, 2008. It is anticipated that the Company's Articles of Incorporation will be amended by the end of September 2008. On August 29, 2008 the Company became eligible for relisting on the NASD Over the Counter Bulletin Board (OTCBB) exchange through the filing of Form 15C2-11. The Company intends to initiate the steps required to file Form 15C2-11 as soon as possible following the filing of its annual report for the year ending May 31, 2008.

ITEM 8. CHANGES IN AND DISAGREEMENT WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURES

None.

ITEM 8A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

In connection with the preparation of this annual report on Form 10-K/A, an evaluation was carried out by our management, with the participation of the Chief Executive and Principal Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 ("Exchange Act")) as of May 31, 2008. Based on that evaluation the Chief Executive and Principal Financial Officer has concluded that as of the end of the period covered by this report, the Company's disclosure controls and procedures were adequately designed and effective in ensuring that: (i) information required to be disclosed by the Company in reports that it files or submits to the Securities and Exchange

Commission under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable rules and forms and (ii) information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to our management, including our Chief Executive and Principal Financial Officer to allow for accurate and timely decisions regarding required disclosure.

Management's Report on Internal Control Over Financial Reporting

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Our internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation and fair presentation of financial statements for external purposes in accordance with generally accepted accounting principles.

Internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our assets; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of our management and directors; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of our assets that could have a material effect on the interim or annual consolidated financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness in future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management conducted an evaluation of the design and operation of the Company's internal control over financial reporting as of May 31, 2008 based on the criteria set forth by the Committee of Sponsor Organizations of the Treadway Commission (COSO) in the *Internal Control-Integrated Framework*. Based on this evaluation, management has concluded that the Company's internal control over financial reporting was effective as of May 31, 2008 and no material weaknesses were discovered.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this annual report.

Changes in Internal Controls over Financial Reporting

There were no changes in our internal control over financial reporting (as defined in Rule 13(a)-15(f) or 15(d)-15(f)) that occurred during the last fiscal quarter covered by this yearly report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

On August 24, 2006, we entered into a preliminary non-binding Letter of Intent ("Letter of Intent") with MCM Integrated Technologies Ltd. ("MCM"), a Vancouver based company wholly owned by Murat Erbatur, one of our directors. The Letter of Intent provided for the acquisition of all of the assets and ongoing contracts of MCM for a price based on an independent third party evaluation of the fair market value of the acquired assets including current assets, liabilities and future value based on the pro forma three year business plan of MCM. On December 8, 2006 ILC acquired all of the outstanding capital stock of MCM for \$261,390, which included \$150,000 in shares of ILC and \$111,390 in the form of a note payable.

During the year ended May 31, 2007, Mr. Holloran loaned the Company \$210,697 which was uncollateralized, due on demand and did not bear interest. The Company repaid \$47,931 to Mr. Holloran in cash during the year ended May 31, 2007.

During the year ended May 31, 2008, Mr. Holloran loaned the Company \$58,484 which was uncollateralized and due on demand. The Company repaid \$8,041 to Mr. Holloran in cash and \$4,093 of accrued interest in cash during the year ended May 31, 2008. The Company paid \$45,000 of accrued interest in restricted common shares to Mr. Holloran and Mr. Simons during the year ended May 31, 2008. All share issuances were at fair market value on the date of issuance. We have an employment contract with Michael F. Holloran, our Chairman and CEO, providing for annual compensation of \$120,000. This contract expires on June 13, 2009.

Total outstanding related party debt [principal plus accrued interest] for the year ended May 31, 2008 was \$1,881,016.

Capital Stock

(b) Shares of the Preferred Stock may be issued from time to time in series, and the Board of Directors is authorized, subject to the limitations provided by law, to establish and designate one or more series of the Preferred Stock, to fix the number of shares constituting each series, and to fix the designations and rights, preferences and limitations of each series and the variations and relative rights, preferences and limitations as between series, and to increase and to decrease the number of shares constituting each series. The authority of the Board of Directors with respect to each series shall include, but shall not be limited to, the authority to determine the following:

(i) the designation of such series;

(ii) the number of shares initially constituting such series and any increase or decrease (to a number not less than the number of outstanding shares of such series) of the number of shares constituting such series theretofore fixed;

(iii) the rate or rates at which dividends on the shares of such series shall be paid, including, without limitation, any methods or procedures for determining such rate or rates, and the conditions on, and the times of, the payment of such dividends, the preference or relation that such dividends shall bear to the dividends payable on any other class or series of stock of this corporation, and whether or not such dividends shall be cumulative and, if so, the date or dates from and after which they shall accumulate;

(iv) whether or not the shares of such series shall be redeemable, and, if so, the terms and conditions of such redemption, including, without limitation, the date or dates on or after which such shares shall be redeemable and the amount per share that shall be payable on such redemption, which amount may vary under different conditions and at different redemption dates;

(v) the rights to which the holders of the shares of such series shall be entitled on the voluntary or involuntary liquidation, dissolution or winding up or on any distribution of the assets, of this corporation, which rights may be different in the case of a voluntary liquidation, dissolution or winding up than in the case of such an involuntary event;

(vi) whether or not the shares of such series shall have voting rights in addition to the voting rights provided by law and, if so, the terms and conditions thereof, including, without limitation, the right of the holders of such shares to vote as a separate class, either alone or with the holders of shares of one

or more other series of the Preferred Stock, and the right to have more than one vote per share;

(vii) whether or not a sinking fund or a purchase fund shall be provided for the redemption or purchase of the shares of such series and, if so, the terms and conditions thereof;

(viii) whether or not the shares of such series shall be convertible into, or changeable for, shares of any other class or series of the same or any other class of stock of this corporation and, if so, the terms and conditions of conversion or exchange, including, without limitation, any provision for the adjustment of the conversion or exchange rate or the conversion or exchange price; and

(ix) any other relative rights, preferences and limitations.

All capital stock when issued shall be fully paid and non-assessable. No holder of shares of capital stock of the corporation shall be entitled as such to any pre-emptive or preferential rights to subscribe to any unissued stock, or any other securities which this corporation may now or hereafter be authorized to issue.

This corporation's capital stock may be issued and sold from time to time for such consideration as may be fixed by the Board of Directors, provided that the consideration so fixed is not less than par value.

Holders of this corporation's Common Stock shall not possess cumulative voting rights at any stockholders meetings called for the purpose of electing a Board of Directors or on other matters brought before stockholders meetings, whether they be annual or special.

At the effective time of this amendment [not less than 20 days following mailing to stockholders of the corporation of the Definitive Information Statement filed with the Securities and Exchange Commission], each share of the Corporation's issued and outstanding Common Stock as of the record date set by the Corporation's Board of Directors shall be subject to a one (1) for five hundred (500) reverse split, with all fractional shares rounded up to the nearest whole share.

CERTIFICATION

I, Michael F. Holloran, certify that:

1. I have reviewed this annual report on Form 10-K/A (Amendment No. 1) of Intelligent Living Corp., (the “registrant”);
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) disclosed in this report any change in the registrant’s internal control over financial reporting that occurred during the registrant’s most recent fiscal quarter (the registrant’s fourth quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant’s internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
