To the extent the licenses and patents referred to in the discussions are material, please provide us proposed revised disclosure for inclusion in future filings that expands the respective discussions to identify the products and/or technology to which the license, patent or group of patents pertain, and disclose when the respective license, granted patent or groups of patents are scheduled to expire.

Liquidity and Capital Resources, page 38

2. Please provide us proposed disclosure to be included in future filings that discuss the potential impact on your future liquidity needs regarding your policy to indefinitely reinvest foreign earnings in your foreign subsidiaries. In this regard, include in your proposed disclosure the amount of cash, cash equivalents and short-term investments that are currently held by your foreign subsidiaries. In addition, provide proposed disclosure for inclusion herein or elsewhere in your MD&A of the reasonably possible effects of the uncertainty with respect to repatriating the undistributed earnings of foreign subsidiaries. Also, in view of your recent repatriations, include in your proposed disclosure the reasons you believe that these earnings will be indefinitely reinvested.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
