1. Organization

Nature of operations: FEF Distributors, LLC (the "Company" or "FEFD") is a non-clearing registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is a wholly owned subsidiary of First Eagle Investment Management, LLC (the "Parent").

The Company is engaged in the distribution of shares of the First Eagle group of mutual funds and the interval fund (collectively "FE Funds"). As of December 31, 2022, the FE Funds consist of eleven 1940 Act registered funds: First Eagle Global Fund, First Eagle Overseas Fund, First Eagle U.S. Value Fund, First Eagle Gold Fund, First Eagle High Income Fund, First Eagle Global Income Builder Fund, First Eagle Fund of America, First Eagle Overseas Variable Fund, First Eagle Small Cap Opportunity Fund, First Eagle Global Real Assets Fund, and First Eagle US SMID Cap Opportunity Fund ("Mutual Funds"), and one interval fund: First Eagle Credit Opportunities Fund ("Interval Fund"). The Company also engages in private placements of securities solely as wholesale placement agent. The private placement activities are limited to advising on or facilitating the placement of direct participation program securities, effecting private securities offerings, and retail or institutional sales and trading activities.

The Company is exempt from SEC Rule 15c3-3 under paragraph (k)(2)(i), as the Company is a broker-dealer limited to the distribution of shares of mutual funds and private placements of securities solely as wholesale placement agent. The Company also does not hold customer accounts or receive customer cash or securities.

2. Significant Accounting Policies

- a) **Basis of presentation:** The financial statements of the Company are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") as detailed in the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC"). All of the Company's assets and liabilities that are considered financial instruments are reflected at fair value. The carrying value of all other assets and liabilities approximates fair value.
- b) **Use of estimates:** The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.
- c) **Cash and cash equivalents:** Cash and cash equivalents include highly liquid instruments with original maturities of three months or less at the date of acquisition. Cash equivalents may consist of investments with stable net asset value ("NAV") money market funds which are valued based on NAV per share as an acceptable proxy of fair value. The Company maintains deposits

with financial institutions in an amount that is in excess of federally insured limits. The Company does not have any restricted cash.

- d) **Securities:** The Company does not carry customer accounts and generally does not carry any securities on its own account. Securities, if any, are traded in active markets and are valued using quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency that are classified within appropriate level of the fair value hierarchy in accordance with ASC 820.
- e) **12b-1 receivable:** The Company adopted the guidance under ASU 2014-09, The Company earns fees for providing certain ongoing distribution and marketing support services for the FE Funds based on their respective prospectuses. The Interval Fund offers Class A shares which charge 12b-1 fees. 12b-1 income is earned based on basis points of average net assets in the FE Funds, 25 basis points on Class A and Y, 75 basis points on Class A shares of the Interval Fund, 100 basis points on Class C, 35 basis points on R3 shares and 10 basis points on R4 shares. As a result, 12b-1 income is recognized over time as FE Funds simultaneously receive and consume the benefit from the 12b-1 services performed by the Company. The Company uses estimates in recording the accruals related to 12b-1 income, which are based on historical trends and are adjusted to reflect market conditions for the period covered. As of December 31, 2022, 12b-1 receivable of \$99,412 is reflected as Receivable from parent, pursuant to a Purchase and Sales Agreement discussed in Note 4.
- f) **Commissions receivable:** Included in Commissions revenues are underwriting retention, contingent deferred sales charges and 12b-1 fee commission. Semi-monthly the Company earns underwriting retention as underwriter of FE Funds and contingent deferred sales charge on redemptions of Class C shares prior to specified holding period. For the First Eagle Global Real Assets Fund, and First Eagle Small Cap Opportunity Fund, and First Eagle U.S. SMID Cap Opportunity Fund, the contingent deferred sales charge applies to redemptions of Class A shares. These revenues are derived from fees based on purchase and sale of FE Funds' shares. Underwriting retention revenue is based on the number of mutual fund positions purchased. Contingent deferred sales charges are based on number of mutual fund positions sold. The Company, as underwriter of the FE Funds, earns up to 50 basis points on sales charges of Class A shares. The Interval Fund may earn up to 250 basis points on sales charge for Class A shares. Contingent deferred sales charge is 1% fee charged on redemptions of Class C shares or Class A shares as applicable, prior to specified holding period. For the Interval Fund, purchases of \$250,000 or more of Class A shares will be subject to an early withdrawal charge of 1.5%, if the shares are repurchased during the first 12 months after their purchase. The Company also receives quarterly 12b-1 fee commission payments where there are no default dealers. As of December 31, 2022, receivables from these fees were \$266,275, and are reflected in Commissions receivable.

The Company adopted the Current Expected Credit Loss (CECL) guidance issued by the FASB as of January 1, 2020, which requires the Company to record receivable balances at lower of amortized costs basis or fair value, with consideration of whether allowance for expected credit

losses should be recognized. There is no material impact on receivables due to the adoption of CECL. Based on management estimate, an allowance was not required as of December 31, 2022.

- g) **12b-1 fees:** The Company pays 12b-1 fees to non-affiliated financial institutions for marketing, promotional and shareholder services on behalf of the FE Funds. The fees are based on contracted amounts and are paid monthly or quarterly, in accordance with the respective agreements. As of December 31, 2022, 12b-1 fees payable of \$9,018,914 is reflected on the Statement of Financial Condition.
- h) **Taxes:** The Company is a single member limited liability company and is treated as a disregarded entity for tax purposes. The Company does not file any tax returns, but its taxable income is reported as part of the Parent's tax returns. The Parent is an LLC treated as a partnership and does not have tax liabilities in most jurisdictions but rather passes through its taxable income to its members. The Company follows the reporting requirements of ASU 2019-12, *Income Taxes* and therefore the Parent is not required to allocate tax expense, if any, to the Company. As such, any interest and penalties are treated as part of other expenses on the Statement of Operations. Accordingly, no provision or benefit has been recorded for income taxes in these financial statements.

3. Contingencies

In the normal course of business operations, the Company is subject to regulatory examinations or other inquiries. These matters could result in censures, fines or other sanctions, but the Company is unable to predict the outcome of these matters. However, management believes the outcome of any resulting actions will not be material to the Company's Financial Statements.

4. Related-Party Transactions

The Company receives 12b-1 and commissions revenues from the FE Funds for the distribution of shares of the FE Funds. Receivables from the FE Funds as of December 31, 2022, were \$266,215 and are included in Commissions receivable on the Statement of Financial Condition.

Pursuant to a Purchase and Sales Agreement between the Company and the Parent, the Company sells certain receivables due from the FE Funds each business day to the Parent as a form of facilitating cash settlement of its revenue recognized from the FE Funds. The funds received from this Purchase and Sale Agreement are subsequently disbursed to non-affiliated financial institutions for the marketing and promotion of the FE Funds. For the year ended December 31, 2022, receivables totaling \$68,795,596 were sold to the Parent, of which \$99,412 remains receivable from Parent as of December 31, 2022, and is reflected as Receivable from Parent on the Statement of Financial Condition.

Pursuant to the service agreement between FEAC and FEFD related to Arrangement fees, FEFD earned \$3,115,029 in gross Arrangement fees, and paid out \$2,959,277 to FEAC.

FEF Distributors, LLC

Notes to Financial Statements

December 31, 2022

CONFIDENTIAL

The Company pays monthly administrative fees to the Parent for ongoing administrative services provided to the Company in accordance with the Service Agreement between the Company and the Parent. The fees are allocated to the Company based on headcount and percentages of wages and time spent by certain employees of the Parent, and include services such as personnel, rent, telecommunication, and corporate services. Effective October 1, 2022, the fees allocation methodology was updated to properly align allocated legal and compliance charges from the Parent to FEFD based on mutual fund related revenue generated by FEFD as compared to its Parent. As of December 31, 2022, the amount payable to the Parent for administrative services is \$69,023 and is included as Payable to Parent on the Statement of Financial Condition.

The Company is allocated a portion of occupancy related payments from the Parent, pursuant to the Service Agreement discussed above, based on square footage occupied by relevant departments involved with the Company multiplied by percentages of wages, time spent, and other allocations on the Company by certain employees of the Parent. This amount is reflected as a component of Administrative fees to the parent on the Statement of Operations. The Company does not have the right to obtain substantially all of the economic benefits from the use of the asset, nor have the right to direct how and for what purposes the asset can be used.

5. Regulatory Requirements

The Company is a registered broker-dealer and, accordingly, is subjected to Uniform Net Capital Rule 15c3-1 (the "Rule") of the SEC and capital rules of FINRA. The Company has elected to use the Alternative Net Capital method permitted by the Rule, which requires the Company to maintain minimum "net capital" equal to the greater of \$250,000 or 2% of aggregate debit items arising from the reserve formula, as defined by the Rule. Net capital changes from day to day. As of December 31, 2022, the Company had net capital of \$2,741,191, resulting in excess net capital of \$2,491,191. The minimum net capital requirements may restrict the payment of distributions.

6. Indemnifications

In the normal course of business, the Company enters into contracts that contain a variety of representations and warranties that provide indemnifications under certain circumstances. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. The Company expects the risk of future obligation under these indemnifications to be remote.

7. Subsequent Events

The Company evaluated all subsequent events, including the Company's ability to continue as a going concern, for potential recognition and/or disclosure and concluded there were no subsequent events through February 27, 2023, the date of the filing of this report, that would require disclosure in this report or would be required to be recognized in the financial statements as of December 31, 2022.
