Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. However, your statements of stockholders equity present information from as early as 1998 and include activity from that date through December 31, 2008. In future filings, please remove the activity from the statement of stockholder's equity for the periods prior to inception (February 11, 2005). Also, please explain to us, and include in future filings, the nature of the transaction that occurred during August 2007 that resulted in the recapitalization of the company and how you accounted for the transaction.

#### Notes to the Financial Statements

2. We note from your disclosure on page 4 that on November 12, 2008, Solar sold its entire interest in the Company to Maidon Services Limited. In light of the fact that Maidon now owns 54% of the voting interest in the company, please revise future filings to disclose the existence of this potential control relationship with respect to your outstanding common shares. Refer to the requirements of paragraph 2 of SFAS 57.

#### Item 9A. Controls and Procedures, page 19

3. We note that based on the identification of several material weaknesses, you concluded that your internal controls over financial reporting were not effective as of December 31, 2008. In light of this conclusion on your internal controls over financial reporting, please tell us how you concluded that disclosure controls and procedures were effective as of December 31, 2008. Based on the nature of the material weaknesses identified, we would expect that you would also conclude that disclosure controls and procedures were not effective as of December 31, 2008. Also, in light of the fact that you disclosed that there were no changes to internal controls in the quarter ended March 31, 2009, please explain how you concluded disclosure controls and procedures were also effective in that period. If you have remediated any of the material weaknesses subsequent to December 31, 2008, please include a discussion of the remediation in your response and in future filings.
