REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholder's
of Davinci Capital Management, Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Davinci Capital Management, Inc. as of December 31, 2022, the related statements of operations, statement of comprehensive income, changes in stockholder's equity, and cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of Davinci Capital Management, Inc. as of December 31, 2022, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of Davinci Capital Management, Inc.'s management. Our responsibility is to express an opinion on Davinci Capital Management, Inc.'s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Davinci Capital Management, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Auditor's Report on Supplemental Information

The Schedules I and II have been subjected to audit procedures performed in conjunction with the audit of Davinci Capital Management, Inc.'s financial statements. The supplemental information is the responsibility of Davinci Capital Management, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the Schedules I and II are fairly stated, in all material respects, in relation to the financial statements as a whole.

Ohab and Company, P.A.

We have served as Davinci Capital Management, Inc.'s auditor since 2017.

DAVINCI CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1

Organization and nature of business

DaVinci Capital Management, Inc. (the “Company”) was incorporated in December 1998 and is a Delaware Corporation that is wholly owned by Airgead LLC (“Airgead LLC”). The Company operates as a broker-dealer and registered investment advisor in the New England area. The Company does business on a fully disclosed basis and, therefore, does not hold or maintain any customer accounts. The Company is a registered broker under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority (“FINRA”) and the Securities Investor Protection Corporation (“SIPC”).

Note 2

Summary of significant accounting policies

Revenue recognition

The Company records revenue under the provisions of ASC 606, Revenue from Contracts with Customers. Under this standard, recognition of revenue occurs when a customer obtains control of promised services or goods in an amount that reflects the consideration to which the entity expects to receive in exchange for those goods or services. In addition, the standard requires disclosure of the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contacts.

Commissions-Mutual Funds Variable Annuity: Revenue is recognized in accordance with FASB ASC Topic 606 as services are rendered and the contract identified performance obligations have been satisfied. Commissions and fees received from the sale of mutual funds and variable annuities are recognized at the time the associated service is fulfilled, including the investment company receiving the application which is based on the trade date.

Mutual Fund-Fees 12b-1: The company enters into arrangements with managed accounts or other pooled investment vehicles (funds) to distribute shares to investors. The Company may receive distribution fees paid by the fund up front, over time, upon the investor’s exit from the fund (that is , a contingent deferred sales charge) , or as in a combination thereof. The Company believes that its performance obligation is the sales of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of shares at future points in time as well as the length of time the investor remains in the fund , both of which are highly susceptible to factors outside the Company’s influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Note 2

Summary of significant accounting policies (continued)

Commissions

Life insurance and variable annuities: The Company receives commissions for selling life insurance and variable annuities to its customers. The Company identifies contracts with customers and the performance obligation in these contracts. The Company recognizes revenue upon completion of the performance obligations, at the transaction price stipulated in each contract.

Distribution fees: The Company enters into arrangements with managed accounts or other pooled investment vehicles (funds) to distribute shares to investors. The Company may receive distribution fees paid by the fund up front, over time, upon the investor's exit from the fund (that is, a contingent deferred sales charge), or as a combination thereof. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constrain until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Investment advisory fees: the company provides investment advisory services on a daily basis. The Company believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company. Fee arrangements are based on a percentage applied to the customer's assets under management. Fees are received quarterly and are recognized as revenue on a pro rata basis over the quarter as they relate specifically to the services provided in that period, which are distinct from the services provided in other periods.

Commissions and fees

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 2

Summary of significant accounting policies (continued)

Receivables from broker-dealers and clearing organizations

Receivables from broker-dealers and clearing organizations consist of commissions due under normal trade terms. The Company provides an allowance for doubtful collections which is based on a review of outstanding receivables, historical collection information, and existing economic conditions. At December 31, 2022 there was no reserve for uncollectible receivables.

Marketable securities

The Company accounts for its marketable securities at fair value, as the Company has categorized them as available-for-sale securities. Accordingly, unrealized holding gains and losses are excluded from earnings and reported in other comprehensive income, which is a separate component of stockholder's equity. Realized gains or losses are computed based on specific identification of securities that are sold and are included in earnings.

Property and equipment

Property and equipment is stated at cost. Depreciation and amortization are calculated on the straight-line method over the estimated useful lives of the related assets. Normal repair and maintenance costs are expensed as incurred.

Income taxes

The Company accounts for income taxes using an asset and liability approach. The difference between the financial statement and tax basis of assets and liabilities is determined annually. Deferred income tax assets and liabilities are computed for those differences that have future tax consequences using the currently enacted tax laws and rates that apply to the periods in which they are expected to affect taxable income.

Valuation allowances are established, if necessary, to reduce the deferred tax asset to the amount that will more likely than not be realized. Income tax expense or benefit from income taxes is the current tax payable or refundable for the period plus or minus the net change in the deferred tax assets or liabilities.

Income tax positions

The Financial Accounting Standards Board ("FASB") issued a standard that clarifies the accounting and recognition of income tax positions taken or expected to be taken in the Company's income tax returns. The Company has analyzed tax positions taken for filing with the Internal Revenue Service and all state jurisdictions where it operates. The Company believes that income tax positions will be sustained upon examination and does not anticipate

Note 2

Income tax positions

any adjustments that would result in a material adverse effect on the Company's financial condition, results of operations or cash flows. Accordingly the Company has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions. If the Company incurs interest or penalties as a result of unrecognized tax positions the policy is to classify interest accrued with interest expense and penalties thereon with operating expenses. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company's federal and state income tax returns are generally open for examination for the past three years.

Use of estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from these estimates.

Fair value

Accounting standards provide a common definition of fair value and establishes a framework to make the measurement of fair value in generally accepted accounting standards more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings (see Note 8). The Company's financial and nonfinancial assets and liabilities reflected in the financial statements at fair value consist of marketable securities.

Cash and cash equivalents

For purposes of the statement of financial condition and statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of 3 months or less to be cash equivalents.

Fair value of financial instruments

The carrying amounts of financial instruments, including cash, receivables from clearing organizations, deposits with clearing organizations, prepaid expenses, due from and to related party, and accounts payable and accrued expenses approximates fair value due to the short term maturities of these assets and liabilities.

Note 3

Deposits with clearing organization

The Company contracted with National Financial Services, Inc. ("NFS") to act as their clearing agent. In connection with this agreement, NFS has required the Company to maintain a deposit of \$25,000 which is held in an interest bearing account and is included in deposits with clearing organizations on the accompanying statement of financial condition.

DAVINCI CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 4 **Securities owned**

The Company owns common stock in the NASDAQ Stock Market, Inc. These securities are deemed to be readily marketable. The estimated fair value at December 31, 2022 was \$165,645, as determined by quoted market prices. The cost of the securities was \$25,950.

Note 5 **Property and equipment**

Property and equipment consisting of computer equipment and leasehold improvements with an original cost of \$53,441 was fully depreciated at December 31, 2022. There was no depreciation expense for the year ended December 31, 2022.

Note 6 **Income taxes**

The deferred tax asset, and related valuation allowance, includes the following components at December 31, 2022:

	Federal	State	Total
Deferred tax asset	\$36,000	\$12,000	\$48,000
Valuation allowance	<u>(36,000)</u>	<u>(12,000)</u>	<u>(48,000)</u>
Net deferred tax asset	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

The Company recognizes deferred taxes for operating losses that are available to offset future federal and state income taxes. The Company has available net operating loss carryforwards of approximately \$140,000 for federal and \$180,000 for Massachusetts state tax purposes. The federal and state net operating losses can be used to offset future taxable income and expire at various dates through December 2041 and December 2026, respectively.

The valuation allowance was established to reduce the deferred tax asset to the amount that will more likely than not be realized. This reduction is necessary due to uncertainty as to the Company's ability to utilize all of its net operating loss carryforwards before they expire. The change in the valuation allowance for the year ended December 31, 2022 was an increase of \$4,000.

Note 7 **Net capital requirements**

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital balance and requires that the Company's aggregate indebtedness to net capital ratio, as defined, shall not exceed 15 to 1.

At December 31, 2022, the Company's net capital was \$207,287, which was \$196,718 in excess of its required net capital of \$10,569. The Company's aggregate indebtedness to net capital was 76%.

NOTES TO FINANCIAL STATEMENTS

Note 8

Fair value measurements

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually) be measured at fair value.

These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 – Unobservable inputs for the asset or liability. These inputs reflect the Company's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Company uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Company measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022.

DAVINCI CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 8

Fair value measurements (continued)

Marketable securities: Consist of equity securities valued using quoted market prices.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Company's financial assets at December 31, 2022:

<u>Financial asset</u>	December 31, <u>2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Equity securities	\$165,645	\$165,645	\$ -	\$ -
Total	<u>\$165,645</u>	<u>\$165,645</u>	<u>\$ -</u>	<u>\$ -</u>

Note 10

Marketable securities

Cost and fair value of marketable securities with gross unrealized gains and losses at December 31, 2022 are as follows:

December 31, 2022	<u>Cost</u>	Gross Unrealized <u>Gains</u>	Gross Unrealized <u>Losses</u>	Fair <u>Value</u>
NASDAQ Stock	\$25,950	\$139,695	\$ -	\$165,645
	<u>\$25,950</u>	<u>\$139,695</u>	<u>\$ -</u>	<u>\$165,045</u>

The change in net unrealized holding gain (loss) on securities available for sale that has been included in Accumulated Other Comprehensive income as a separate component of Stockholder's Equity for the year ended December 31, 2022 was (\$23,364). The Company did not sell any securities during 2022.

Note 11

Related party transactions

Airgead LLC's majority shareholder controls Comprehensive Insurance Providers ("CIP"). The Company rents its office space as a tenant-at-will from CIP Real Estate, LLC, whose majority member also controls CIP. Rent expense was \$30,000 for the year ended December 31, 2022.

DAVINCI CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 11 **Related party transactions (continued)**

The Company has entered into an expense sharing agreement with CIP. Under the agreement, a portion of salaries and related expenses, communications and technology that are determined to be attributable to activities of the Company are allocated to the Company. During the year ended December 31, 2022, the Company recorded \$162,180 of the aforementioned expenses. As of December 31, 2022, the Company has an outstanding payable in the amount of \$41,046 to CIP, for amounts owed under the expense sharing agreement.

Note 12 **Off-Balance Sheet risk**

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Company's Clearing Broker extends credit to the customer, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customer's account. As a result of guaranteeing customer margin balances carried by the Clearing Broker, the Company may be exposed to off-balance sheet risk in the event margin requirements are not sufficient to fully cover losses the customer may incur. At December 31, 2022, margin accounts guaranteed by the Company were not material.

The Company is also exposed to off-balance sheet risk of loss on transactions during the period from the trade date to the settlement date, which is generally three business days. If the customer fails to satisfy its contractual obligations to the Clearing Broker, the Company may have to purchase or sell financial instruments at prevailing market prices in order to fulfill the customer's obligations. Settlement of these transactions is not expected to have a material effect on the Company's financial position.

The Company seeks to control the risks associated with its customer activities by requiring customers to maintain margin collateral in compliance with various regulatory and the Clearing Broker's guidelines. The Company monitors required margin levels daily and, pursuant to such guidelines, requires customers to deposit additional collateral, or to reduce positions, when necessary.

The Company maintains cash and other deposits with banks and brokers, and at times, such deposits exceed applicable insurance limits. The Company reduces its exposure to credit risk by maintaining such deposits with high quality financial institutions.

Note 13 **Commitments and contingencies**

The Company had no commitments or contingencies outstanding at December 31, 2022.

Note 14 **Subsequent events**

The Company has evaluated all events or transactions that occurred through the date the financial statements were available to be issued. The Company has determined there are no events or transactions that require disclosure.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholder's
of Davinci Capital Management, Inc.

We have reviewed management's statements, included in the accompanying Exemption, in which (1) Davinci Capital Management, Inc. identified the following provision(s) of 17 C.F.R. §15c3-3(k) under which Davinci Capital Management, Inc. claimed the following exemption(s) from 17 C.F.R. §240.15c3-3: (k)(2)(ii) and (2) Davinci Capital Management, Inc. stated that Davinci Capital Management, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception.

The Company is also filing this Exemption Report because the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 are limited to effecting securities transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the company, participating in distributions of securities (other than firm commitment underwritings. In addition, the Company did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company; did not carry accounts of or for customers; and did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year without exception.

Davinci Capital Management, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Davinci Capital Management, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph(s) (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934 and the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5, and related SEC Staff Frequently Asked Questions.
