ITEM 1. FINANCIAL STATEMENTS

As used herein, the terms “Company,” “we,” “our”, and “us”, refer to Newtech Resources Ltd., a Nevada corporation, unless otherwise indicated. In the opinion of management, the accompanying unaudited financial statements included in this Form 10-QSB reflect all adjustments (consisting only of normal recurring accruals) necessary for a fair presentation of the results of operations for the periods presented. The results of operations for the periods presented are not necessarily indicative of the results to be expected for the full year.

NEWTECH RESOURCES LTD.
(A Development Stage Company)
NOTES TO UNAUDITED FINANCIAL STATEMENTS
February 28, 2007

Note 1 - Basis of Presentation

The accompanying unaudited financial statements have been prepared by management in accordance with the instructions in Form 10-QSB and, therefore, do not include all information and footnotes required by generally accepted accounting principles and should, therefore, be read in conjunction with the Company's Form 10-KSB for the year ended August 31, 2006, filed with the Securities and Exchange Commission. These statements do include all normal recurring adjustments which the Company believes necessary for a fair presentation of the statements. The interim operations are not necessarily indicative of the results to be expected for the full year ended August 31, 2007.

Note 2 – Additional Footnotes Included By Reference

Except as indicated in the following Notes, there have been no other material changes in the information disclosed in the notes to the financial statements included in the Company's Form 10-KSB for the year ended August 31, 2006, filed with the Securities and Exchange Commission. Therefore, those footnotes are included herein by reference.

Note 3 - Going Concern

At February 28, 2007 the Company has an accumulated deficit and has incurred losses since inception. These conditions raise substantial doubt about the ability of the Company to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Company's ability to continue as a going concern is subject to obtaining necessary funding from outside sources. There can be no assurance that the Company will be successful in these efforts.

Note 4 – Supplemental Cash Flow Information

During the six months ended February 28, 2007 and 2006 the Company paid no interest.

Since inception:

- No amounts have been paid for income taxes.
- The Company has issued 1,483,871 shares of common stock in exchange for related party notes payable and accrued interest of \$460,000 and \$84,225, respectively.
- The Company has issued 143,125 shares of common stock in exchange for accounts payable of \$14,313.

ITEM 2. MANAGEMENT'S PLAN OF OPERATION

This Management's Plan of Operation and other parts of this report contain forward-looking statements that involve risks and uncertainties. Forward-looking statements can also be identified by words such as "anticipates," "expects," "believes," "plans," "predicts," and similar terms. Forward-looking statements are not guarantees of future performance and our actual results may differ significantly from the results discussed in the forward-looking statements. Factors that might cause such differences include, but are not limited to, those discussed in the subsections entitled "Forward-Looking Statements and Factors That May Affect Future Results and Financial Condition" below. The following discussion should be read in conjunction with our unaudited financial statements and notes thereto included in this report. All information presented herein is based on the period ended February 28, 2007.

Plan of Operations

The Company's plan of operation for the coming year is to identify and acquire a favorable business opportunity. The Company does not plan to limit its options to any particular industry, but will evaluate each opportunity on its merits.

The Company has not yet entered into any agreement, nor does it have any commitment or understanding to enter into or become engaged in any transaction, as of the date of this filing.

The Company has no current plans to invest in research and development, purchase or sell any plant or equipment, or make any changes in the number of our employees.

Results of Operations

During the period ended February 28, 2007, our operations were limited to satisfying continuous public disclosure requirements and seeking to identify prospective business opportunities.

We do not expect to receive revenues within the next twelve months of operation or ever, since we have yet to acquire a favorable business opportunity, which opportunity if acquired, may or may not produce revenue.

Net Loss

For the period of inception on July 27, 1998, to February 28, 2007, the Company recorded an operating loss of \$1,165,393. The Company's operating loss is attributable to general and administrative expenses. The general and administrative expenses include incorporation costs, offering costs, accounting costs, and costs associated with the preparation of disclosure documentation in connection with registration pursuant to the Exchange Act of 1934.

We expect to continue to operate at a loss through fiscal 2007 and due to the nature of the Company's search for a suitable business opportunity cannot determine whether we will ever generate revenues from operations.

Capital Expenditures

The Company expended no amounts on capital expenditures from inception to February 28, 2007.

Income Tax Expense (Benefit)

The Company has an income tax benefit resulting from operations that will offset any operating profit.

Impact of Inflation

The Company believes that inflation has had a negligible effect on operations over the past three years.

Liquidity and Capital Resources

The Company had current assets of \$2,838 and total assets of \$2,838 as of the six month period ended February 28, 2007, consisting exclusively of cash on hand. Net stockholders' deficiency in the Company was \$201,605 at February 28, 2007.

The Company is in the development stage and, since inception, has experienced significant changes in liquidity, capital resources and shareholders' equity.

Cash flow used in operating activities was \$862,412 for the period of inception to February 28, 2007. Cash was used on accounting, administration, consulting and exploration expenses.

Cash flow provided from financing activities was \$865,250 for the period from inception to February 28, 2007. Financing activities included the sale of common stock and loans from shareholders.

As of February 28, 2007, the Company had no significant assets and does not have sufficient resources to meet the anticipated needs of our minimum operations through the calendar year ending August 31, 2007. The Company may seek additional capital through the placement of private equity or debt to support future operations.

Should the Company fail to realize sufficient proceeds from private equity or debt placements, we will most likely have to obtain loans from shareholders until such time as an acquisition or merger candidate is identified and an agreement concluded. However, there can be no assurance that we will be able to obtain shareholder funding, as we have no agreement in place with any of our shareholders to provide any form of funding. Further, the Company's need for capital may change dramatically if we acquire a business opportunity during the next annual period. The Company believes that if no acquisition candidate is found within the next twelve months then our operating requirements will not exceed \$50,000.

The Company had no formal long term lines or credit or other bank financing arrangements as of February 28, 2007.

Since earnings, if any, will be reinvested in operations, the Company does not expect to pay cash dividends in the foreseeable future.

The Company has no defined benefit plan or contractual commitment with any of its officers or directors.

The Company has no current plans for any significant purchase or sale of any plant or equipment.

Critical Accounting Policies

In the notes to the audited financial statements for the year ended August 31, 2006 included in the Company's Form 10-KSB, the Company discusses those accounting policies that are considered to be significant in determining the results of operations and its financial position. The Company believes that the accounting principles utilized by us conform to accounting principles generally accepted in the United States of America.

The preparation of financial statements requires Company management to make significant estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. By their nature, these judgments are subject to an inherent degree of uncertainty. On an on-going basis, the Company evaluates estimates. The Company bases its estimates on historical experience and other facts and circumstances that are believed to be reasonable, and the results form the basis for making judgments about the carrying value of assets and liabilities. The actual results may differ from these estimates under different assumptions or conditions.

Forward Looking Statements and Factors That May Affect Future Results and Financial Condition

The statements contained in the section titled "Plan of Operation," with the exception of historical facts, are forward looking statements within the meaning of Section 27A of the Securities Act. A safe-harbor provision may not be applicable to the forward looking statements made in this Form 10-QSB because of certain exclusions under Section 27A (b). Forward looking statements reflect our current expectations and beliefs regarding our future results of operations, performance, and achievements. These statements are subject to risks and uncertainties and are based upon assumptions and beliefs that may or may not materialize. These statements include, but are not limited to, statements concerning:

- our anticipated financial performance and business plan;
- the sufficiency of existing capital resources;
- our ability to raise additional capital to fund cash requirements for future operations;
- uncertainties related to the Company's future business prospects;
- the ability of the Company to generate revenues to fund future operations;
- the volatility of the stock market and;
- general economic conditions.

We wish to caution readers that the Company's operating results are subject to various risks and uncertainties that could cause our actual results to differ materially from those discussed or anticipated including the factors set forth in the section entitled "Risk Factors" below. We also wish to advise readers not to place any undue reliance on the forward looking statements contained in this report, which reflect our beliefs and expectations only as of the date of this report. We assume no obligation to update or revise these forward looking statements to reflect new events or circumstances or any changes in our beliefs or expectations, other than is required by law.

Risks Factors

Our future operating results are highly uncertain. Before deciding to invest in us or to maintain or increase your investment, you should carefully consider the risks described below, in addition to the other information contained in our annual report. If any of these risks actually occur, our business, financial condition or results of operations could be seriously harmed. In that event, the market price for our common stock could decline and you may lose all or part of your investment.

We have a history of significant operating losses and such losses may continue in the future.

Since our inception in 1998, our expenses have resulted in continuing losses and an accumulated deficit of \$1,109,958 at August 31, 2006. During the six months ended February 28, 2007, we recorded a net loss of \$55,435. The Company has never realized revenue from operations. We will continue to incur operating losses as we maintain our search for a suitable business opportunity and satisfy our ongoing disclosure requirements with the Securities and Exchange Commission ("Commission"). Our only expectation of future profitability is dependent upon our ability to acquire a revenue producing business, which acquisition can in no way be assured. Therefore, we may never be able to achieve profitability.

The Company's limited financial resources cast severe doubt on our ability to acquire a profitable business opportunity.

The Company's future operation is dependent upon the acquisition of a profitable business opportunity. However, the prospect of such an acquisition is doubtful due to the Company's limited financial resources. Since we have no current business opportunity, the Company is not in a position to improve this financial condition through debt or equity offerings. Therefore, this limitation may act as a deterrent in future negotiations with prospective acquisition candidates. Should we be unable to acquire a profitable business opportunity the Company will, in all likelihood, be forced to cease operations.

We are dependent upon a key person, who would be difficult to replace.

Our continued operation will be largely dependent upon the efforts of Nora Coccaro, our sole officer and director. We do not maintain key-person insurance on Ms. Coccaro. Our future success also will depend in large part upon the Company's ability to identify, attract and retain other highly qualified managerial, technical and sales and marketing personnel. Competition for these individuals is intense. The loss of the services of Ms. Coccaro, the inability to identify, attract or retain qualified personnel in the future or delays in hiring qualified personnel could make it more difficult for us to maintain our operations and meet key objectives such as the acquisition of a suitable business opportunity.

The market for our stock is limited and our stock price may be volatile.

The market for our common stock has been limited due to low trading volume and the small number of brokerage firms acting as market makers. Because of the limitations of our market and volatility of the market price of our stock, investors may face difficulties in selling shares at attractive prices when they want to. The average daily trading volume for our stock has varied significantly from week to week and from month to month, and the trading volume often varies widely from day to day.

We may incur significant expenses as a result of being quoted on the Over the Counter Bulletin Board, which may negatively impact our financial performance.

We may incur significant legal, accounting and other expenses as a result of being listed on the Over the Counter Bulletin Board. The Sarbanes-Oxley Act of 2002, as well as related rules implemented by the Commission, have required changes in corporate governance practices of public companies. We expect that compliance with these laws, rules and regulations, including compliance with Section 404 of the Sarbanes-Oxley Act of 2002 as discussed in the following risk factor, may substantially increase our expenses, including our legal and accounting costs, and make some activities more time-consuming and costly. As a result, there may be a substantial increase in legal, accounting and certain other expenses in the future, which would negatively impact our financial performance and could have a material adverse effect on our results of operations and financial condition.

Our internal controls over financial reporting may not be considered effective, which could result in a loss of investor confidence in our financial reports and in turn have an adverse effect on our stock price.

Pursuant to Section 404 of the Sarbanes-Oxley Act of 2002, beginning with our annual report for the year ending December 31, 2008, we may be required to furnish a report by our management on our internal controls over financial reporting. Such report will contain, among other matters, an assessment of the effectiveness of our internal controls over financial reporting as of the end of the year, including a statement as to whether or not our internal controls over financial reporting are effective. This assessment must include disclosure of any material weaknesses in our internal controls over financial reporting identified by management. The report will also contain a statement that our independent registered public accounting firm has issued an attestation report on management's assessment of internal controls. If we are unable to assert that our internal controls are effective as of December 31, 2008, or if our independent registered public accounting firm is unable to attest that our management's report is fairly stated or they are unable to express an opinion on our management's evaluation or on the effectiveness of our internal controls, investors could lose confidence in the accuracy and completeness of our financial reports, which in turn could cause our stock price to decline.

Going Concern

The Company's auditors have noted substantial doubt as to the Company's ability to continue as a going concern as a result of an accumulated deficit of \$1,109,958 as of August 31, 2006 which increased to \$1,156,393 as of February 28, 2007. The Company's ability to continue as a going concern is subject to the ability of the Company to realize a profit and /or obtain funding from outside sources. Management's plan to address the Company's ability to continue as a going concern includes: (1) obtaining funding from private placement sources; (2) obtaining additional funding from the sale of the Company's securities; (3) establishing revenues from prospective business opportunities; (4) obtaining loans and grants from various financial institutions where possible. Although management believes that it will be able to obtain the necessary funding to allow the Company to remain a going concern through the methods discussed above, there can be no assurances that such methods will prove successful.

ITEM 3. CONTROLS AND PROCEDURES

The Company's president acts both as the Company's chief executive officer and chief financial officer and is responsible for establishing and maintaining disclosure controls and procedures for the Company.

(a) Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of management, acting as our principal executive officer and principal financial officer, our president evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 ("Exchange Act"), as of February 28, 2007. Based on this evaluation, our principal executive officer and our principal financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective and adequately designed to ensure that the information required to be disclosed by us in the reports we submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the applicable rules and forms and that such information was accumulated and communicated to our chief executive officer and chief financial officer, in a manner that allowed for timely decisions regarding required disclosure.

(b) Changes in Internal Controls

During the period ended February 28, 2007, there has been no change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect our internal control over financial reporting.

PART II

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Nora Coccaro certify that:

1. I have reviewed this report on Form 10-QSB ("Report") of Newtech Resources Ltd.;
2. Based on my knowledge, this Report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this Report;
3. Based on my knowledge, the financial statements, and other financial information included in this Report, fairly present in all material respects the financial condition, results of operations and cash flows of the small business issuer as of, and for, the period presented in this Report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the small business issuer and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the small business issuer is made known to me by others within those entities, particularly during the period in which this Report is being prepared;
 - b) Evaluated the effectiveness of the small business issuer's disclosure controls and procedures and presented in this Report my conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this Report based on such evaluation; and
 - c) Disclosed in this Report any change in the small business issuer's internal control over financial reporting that occurred during the small business issuer's most recent fiscal quarter (the small business issuer's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the small business issuer's internal control over financial reporting; and
5. I have disclosed, based on my most recent evaluation, to the small business issuer's auditors and the audit committee of small business issuer's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to adversely affect the small business issuer's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the small business issuer's internal controls over financial reporting.

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER
PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO SECTION 906 OF
THE SARBANES-OXLEY ACT OF 2002**

In connection with the report on Form 10-QSB of Newtech Resources Ltd. for the quarterly period ended February 28, 2007 as filed with the Securities and Exchange Commission on the date hereof ("Report"), I, Nora Coccaro, do hereby certify, pursuant to 18 U.S.C. §1350, as adopted pursuant to §906 of the Sarbanes-Oxley Act of 2002, that, to the best of my knowledge:

- (1) This Report complies with the requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in this Report fairly represents, in all material respects, the financial condition of the small business issuer at the end of the period covered by this Report and results of operations of the small business issuer for the period covered by this Report.

/s/ Nora Coccaro

Nora Coccaro

Chief Executive Officer and Chief Financial Officer

April 12, 2007

This certification accompanies this Report pursuant to §906 of the Sarbanes-Oxley Act of 2002 and shall not, except to the extent required by the Sarbanes-Oxley Act of 2002, be deemed filed by the small business issuer for the purposes of §18 of the Securities Exchange Act of 1934, as amended. This certification shall not be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (whether made before or after the date of this Report), irrespective of any general incorporation language contained in such filing.

A signed original of this written statement required by §906 has been provided to the small business issuer and will be retained by the small business issuer and furnished to the Securities and Exchange Commission or its staff upon request.
