-  Support Services

...that requires **orchestration** with best-in-class partners

U.S. Market Opportunity

Based on public statements: Morgan Stanley estimates that with **50% of the U.S.** having access to legal sports betting by 2025, the market could generate about **\$7 billion in revenue** and theoretically a 50-state US sports betting market could generate \$15 billion annually.

The U.S. Sports Betting and i-Gaming Market Estimated to be \$30 - \$35 Billion at Maturity

Total Addressable Market for U.S. Sports and i-Gaming has Significant Potential

➤ Acceleration of gaming legislation at state level

➤ Increased adoption by consumers as leisure betting becomes more mainstream

➤ Integration with national sports and media brands

Source Note: Estimated total addressable market size based on recent public statements by Macquarie and Goldman Sachs

Driving Value to U.S. Operators

First mover advantage: Elys' first U.S. rollout - Washington, D.C. - Targeting Q2-2021 (subject to licensing approval)

Elys is well positioned to capture market share in Washington, D.C. - slated to be **one of the most promising opportunities in the U.S.**

- Washington, D.C. activated retail and online sports betting in 2020
- Gross Revenue per capita is showing to be among the highest in the country
- 75% of the GRR is generated at retail
- Elys is partnering up with Grand Central Sportsbook as its **first Class B customer** in the U.S. market

Total Revenue Per Adult – Last 12 Months*

* For DC annualized value calculated over 7 months actuals (Aug 2020 – Feb 2021)

\$30-40M

**Steady State

- From May 2018, company invested available discretionary cash from Italian B2C operations on post-PASPA development of U.S. platform.

- Plan to establish **first regulated Class B sports book locations in the District of Columbia** with additional locations to follow across the U.S.
- Continued growth through installation of **additional self-service point of sale terminals throughout Italy**
- **Optimize land-based sports betting handle** as physical locations reopen following the COVID-19 pandemic
- **Expansion of both B2B and B2C platforms** through additional regulated European markets
- Strategic **partnerships and acquisitions** in North America and Europe

Highly Scalable Business Model

	Pro-Forma/Annualized Run-Rate	Est. Near-Term Goal (1-2 Years)	Est. Mid-Term Goal (3-5 Years)
Revenue	~\$37M	\$50M+	\$100M+
Gross Margin (All Products)	~6.5%	~12%	~18%
Operating Margin	-	8%-12%	16%-18%

- Modern, micro-services tech architecture facilitates low-cost scalability with a limited footprint in each new state
- Focus on both organic growth and acquisitions
- Anticipate **profitability and strong cash flow** as revenue increases
- Clean capital structure and solid balance sheet: ~ **\$18 million of cash** and cash equivalents
- Positive working capital; and over \$20 of million stockholders' equity
