US MARKET EXPANSION OPPORTUNITIES

ELYS GAME
TECHNOLOGY

Collaboration Leads to Innovation

- Elys' collaboration with the District of Columbia Office of Lottery and Gaming and Department of Small and Local Business Development led to all new licensing model for small business sportsbook engagements commencing in 2023.
- Model could be replicated across United States and Canada to simplify process of installing Elys sportsbook in restaurants, bars, and other small business establishments.
- Elys' modern platform provides versatility to work seamlessly across both web-based and mobile applications. The layered and modular backend architecture provides increased flexibility versus peers.
- Elys US mobile platform is market ready and currently integrated with third-party services such as: geolocation, KYC, player tracking, affiliate integrations, data warehousing and reporting, marketing tools, third party games and payment processing.
- Technology platform and related managed services enabling online operations for real money online casino, poker, sports betting and social casino servicing the U.S. regulated market.

US MARKET EXPANSION OPPORTUNITIES

Expansion Procurements

- Scalable structure allows Elys to benefit from growth in the online gaming and sports betting market through both revenue share agreements and bet spreads.
- Proposed launch of Elys US B2C channel in Ohio retail market in Q3'23
- Up to 3,000 potential location distribution points
- Potential to become full-service market leader

Elys US Mobile Launch

- Capitalizing on destabilization and lack of competent competition
- Customer demand for better product options
- Investor demand for lean management
