PART I

Item 1 -Business

Fonecash, Inc. (the "Company") was incorporated under the laws of the State of Delaware on August 7, 1997. During the fourth quarter of December 2002, the Company began to wind down its operations. This occurred because of management's inability to raise sufficient funds to finance the continued development of the Company's business plan.

Until that point the Company had been engaged in the payment processing of transactions for banks and their merchants through its terminals and proprietary system. As part of that operation, the Company was developing a wired and wireless gateway to convert consumers' credit and debit card information collected by mobile merchants into a format that can be processed by banks. The Company intended to act as a payment system service provider between banks, mobile merchants and their customers. The Company intended to charge merchants a fixed transaction fee to process their payments.

Currently, the Company remains in development stage and has no operating profits to date. With the cessation of its pursuit of the credit card processing business, the Company currently has no business operations. The Company is actively seeking a possible merger candidate in an effort to provide shareholders value.

The Company incurred operating losses of \$1,746,236 during 2002. The Company spent a total of \$432,256 on Research and Development from Inception to December 31, 2002. The Company expects its accumulated deficit to grow for the foreseeable future.

The Company's Operations to Date

The Company was developing a system of processing credit cards for an under served community of low volume merchants and in-home salespersons consisting of a fixed wire or wireless terminal and a system of computers, utilizing established communications networks, both wired and wireless, for processing the data from credit and debit cards. The Company ceased this operation during the fourth quarter of 2002.

Currently the Company is seeking merger candidates. It has not yet identified nor negotiated with any candidates.

Employees

The Company has one full time employee.

Sources of Revenues

Through December 31, 2002, the Company had revenue of \$10,840 from sale of its products. If the Company can locate, negotiate and acquire a merger candidate revenue could potentially come from the merger candidates' business operation.

Additional Risks Factors

An investment in the Company's common stock involves a high degree of risk. Investors should consider the following risk factors and the other information in this registration statement carefully before investing in the Company's common stock. The Company's business and results of operations could be seriously harmed if any of these risks actually happen.

The Company's Limited Operating History May Prevent it From Achieving Success.

The Company's inception date was August 1997. It has a limited operating history, which may prevent it from achieving success. The Company's has had limited revenues and its operating profits are unproven. It will encounter challenges and difficulties frequently encountered by early-stage companies in new and rapidly evolving markets. The Company may fail to address any of these challenges and the failure to do so would seriously harm the Company's business and operating results. It has limited insights into trends that may emerge and affect the Company's business.

The Company has Incurred Losses and Expects Future Losses

The Company has experienced operating losses in each period since inception and expects to incur losses in the future. On December 31, 2002, the Company had an accumulated deficit of \$5,575,014. The Company expects to increase its operating expenses. As a result, the Company will need to achieve revenues and profits. The Company's failure to achieve revenues would seriously harm the Company's business and operating results. In fact, the Company may not have any revenue growth.

Future Operating Results Will Likely Fluctuate

The Company's quarterly operating results will likely vary significantly in the future. As a result, period-to-period comparisons of the Company's operating results will not be meaningful and should not be relied upon as indicators of the Company's future performance. In the future, the Company's operating results may be below the expectations of securities analysts and investors. The Company's failure to meet these expectations would likely depress the market price of the Company's common stock. To date, the Company has not had sufficient operating results to gauge any period-to-period fluctuations.

The Company Must Retain and Attract Key Personnel

The Company's success depends largely on the skills, experience and performance of the members of its senior management and other key personnel. In the future, the Company's growth will depend upon its ability to attract and retain key management personnel.

Reliance on Key Personnel

The Company considers Abraham Pierce to be a key employee. The loss of his services could seriously harm the Company's business. The loss of its employee will add a significant burden to the Company's future prospects.

Future Sales of Shares Could Affect The Company's Stock Price

If the Company's stockholders sell substantial amounts of the Company's common stock in the public market, the market price of the Company's common stock could fall. Of the Company's outstanding common stock as of December 31, 2002, 18% is eligible for sale in the public market immediately.

Shareholders Will Receive No Dividends

The Company has never paid dividends and has no current plans to do so. Given the Company's financial position, it is unlikely that it will pay any dividends in the foreseeable future. The Company plans instead to retain earnings, if any, to fund internal growth.

The Company Needs Future Capital

The Company needs to raise funds, and funds may not be available on favorable terms or at all. Failure to obtain funds on favorable terms could seriously harm the Company's business and operating results. Furthermore, if the Company issues additional equity securities, stockholders will experience dilution, and the new equity securities could have rights senior to those of the holders of the Company's common stock. If the Company cannot raise funds on acceptable terms, it will seriously hamper its growth.

Special Note Regarding Forward-Looking Statements

This document contains forward-looking statements. These statements relate to future events or the Company's future financial performance. In some cases, one can identify forward-looking statements by terminology. For example, "may", "will", "should", "expect", "plan", "anticipate", "believe", "estimate", "predict", "potential", or "continue", or the negative of these terms or other comparable terminology, indicate forward-looking statements. These statements are only predictions. Actual events or results may differ materially. In evaluating these statements, one should specifically consider various factors, including the risks outlined in the Risk Factors section. These factors may cause the Company's actual results to differ materially from any forward-looking statement.

Although it believes that the expectations reflected in the forward-looking statements are reasonable, the Company cannot guarantee future results, levels of activity, performance or achievements. Accordingly, neither the Company nor any other person assumes responsibility for whether the forward-looking statements ultimately prove accurate. The Company will not update any of the forward-looking statements after the date of this registration statement to conform to actual results or to make changes in the Company's expectations that occur after the date this registration statement becomes effective.

Item 2. Properties

The Company owns no property. Currently, the Company's principal office is located at 165 M Homestead Street, Manchester, Connecticut 06040. This space is provided to the Company by its President Abraham Pierce. Mr. Pierce will continue to provide this space for the foreseeable future until a suitable merger candidate can be acquired at which point the Company intends to move its business to the merger candidates location.

Item 3. Legal Proceedings

The Company was served with a summons and complaint for failure to pay the monthly payments on its line of credit with Fleet National Bank. Pursuant to the lawsuit, the Company would be liable to Fleet National Bank for the outstanding principal balance of \$107,645 plus attorney's fees. Management has indicated its intentions to defend the action and will repay the principal balance in monthly installments upon receipt of capital contributions from investors.

On April 8, 2002 the Securities and Exchange Commission filed a complaint alleging that a registration statement and amendments, filed with the Commission by the Company in December 2001, January 2002 and March 2002, and signed by the former president of the Company, Daniel E. Charboneau, contained material misrepresentations and omissions. On January 6, 2004, a United States District Judge from the District of Columbia entered a default judgment against the Company restraining the Company from further violations of Section 17(a) of the Securities Act of 1933, Sections 10(b) and 13a-13 of the Securities Exchange Act of 1934 and Rules 10b-5, 12b-20, 13a-1 and 13a-13 thereunder. As part of this order the Court also ordered penalties and interest in the amount of \$110,977.

Item 4 Submission of Matters to a Vote of Security Holders.

No matters were submitted to a vote of security holders during the fourth quarter. However, the Company did file notification that the majority of shares entitled to vote, did vote on January 16, 2002, to amend the Certificate of Incorporation of the Company to change authorized number of shares from 20,000,000 million shares of Common Stock, par value \$0.0001 and 5,000,000 shares of preferred stock, par value \$0.0001, to 500,000,000 million shares of Common Stock, par value \$0.0001 and 10,000,000 shares of preferred stock, par value \$0.001, for a total of 510,000,000 shares authorized.

PART II

Item 5 Market for the Registrant's Common Equity and Related Stockholder Matters.

The Company's common stock has traded on the OTC Bulletin Board under the symbol "FCSH" since July 3, 2000. The following table sets forth the high and low closing prices for the common stock for the periods indicated:

| 2002 | High | Low |
|----------------|---------|----------|
| Fourth Quarter | \$0.035 | \$0.0001 |
| Third Quarter | \$0.057 | \$0.003 |
| Second Quarter | \$0.055 | \$0.03 |
| First Quarter | \$0.085 | \$0.03 |
| 2001 | | |
| Fourth Quarter | \$0.06 | \$0.06 |
| Third Quarter | \$0.10 | \$0.08 |
| Second Quarter | \$0.12 | \$0.10 |
| First Quarter | \$0.40 | \$0.34 |

As of December 31, 2002 there were approximately 206 holders of record of the common stock. On December 31, 2002, the closing sales price of the Company's common stock was \$0.0004 per share.

The Company has not paid any cash dividends on its Common Stock and does not presently intend to do so. Future dividend policy will be determined by its Board of Directors on the basis of its earnings, capital requirements, financial condition and other factors deemed relevant.

The Company's transfer agent is Manhattan Transfer Registrar Co., 58 Dorchester Road, Lake Ronkonkoma, New York 11779, (516) 585-7341.

Recent Sales of Unregistered Securities

During the period ended December 31, 2002, the Company issued 32,928,174 shares to 28 individuals or entities for services rendered which were valued and expensed at an average of \$0.0342 per share. Additionally during this period, the Company sold 10,746,826 shares of common stock to 84 individuals or entities at an average price of \$0.0115 per share.

During the period ended December 31, 2001, the Company issued 12,247,681 shares of its common stock. The Company issued 7,025,730 shares of common stock 15 individuals or entities for services rendered which were valued and expensed at an average of \$0.12 per share. Additionally during this period, the Company sold 821,951 shares of common stock to 13 individuals or entities at an average price of \$0.02 per share. Also the Company issued 4,400,000 shares of common stock as a part of its acquisition of its four subsidiaries.

Item 6 - Management's Discussion and Analysis of Financial Condition and Plan of Operation

General

The Company has had revenues of \$10,840 since its inception in August 1997 due to the fact that the Company is in the development stage mode for five years. The Company had a net loss of \$5,575,014 since inception to December 31, 2002. All depreciable assets were written down to \$ 0 because such assets would no longer provide a future benefit to the Company. Depreciation expense of \$20,121 was charged to operations for the period ended December 31, 2002. The Company incurred operating losses of \$5,575,014 from inception to December 31, 2002. The Company expects its accumulated deficit to grow for the foreseeable future.

For the period ending December 31, 2002 general and administrative expenses were \$1,449,025 as compared to \$857,798 for the same period in 2001, representing an increase of \$248,564. The increase during the period ending December 31, 2002 was primarily due to charges associated to the cessation of the business activities of the Company as well as legal, accounting, and printing associated with the filing of this Form 10-SB and amendments with the Securities and Exchange Commission and costs of raising funds.

The Company's combined cash and cash equivalents totaled \$ -0- for the period ended December 31, 2002 compared to 35,840 for the period ending December 31, 2001. This is a decrease of \$35,840 for the period ending December 31, 2002.

The Company does not expect to generate a positive internal cash flow for at least the foreseeable future. The Company currently has limited internal and external sources of liquidity. At this time the Company has no material commitment for capital expenditures.

Liquidity and Capital Resources

The Company presently has no business operations or activity. It has no cash or cash equivalents. It is actively seeking a potential candidate with whom to merge or acquire.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Stockholders
FoneCash, Inc.
Manchester, Connecticut

I have audited the accompanying consolidated balance sheets of FoneCash, Inc. (a Delaware corporation in the development stage) and subsidiaries as of December 31, 2002 and 2001, and the related consolidated statements of operations, stockholders' deficit, and cash flows for the years then ended and for the period August 7, 1997 (inception) to December 31, 2002. These consolidated financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these consolidated financial statements based on my audits.

I conducted my audits in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits provide a reasonable basis for my opinion.

In my opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of FoneCash, Inc. and subsidiaries as of December 31, 2002 and 2001, and the results of its operations and its cash flows for the years then ended and from August 7, 1997 (inception) to December 31, 2002, in conformity with generally accepted accounting principles.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 6 to the financial statements, the Company's significant net losses raise substantial doubt about its ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Note 1 - Summary of Significant Accounting Policies

Description of Business and Basis of Presentation

The financial statements presented are those of FoneCash, Inc. and its subsidiaries, a development stage company (the "Company"). The Company was incorporated under the laws of the State of Delaware on August 7, 1997. The Company's activities during the period ended December 31, 2002 have been primarily directed towards the raising of capital. The Company's business activity was to acquire the rights to market an electronic terminal that was to be used by retail merchants and in-home salespersons when payment was made with a credit or debit card. Currently the company is seeking a merger candidate.

The Company has limited operations and in accordance with Statement of Financial Accounting Standards No. 7 (SFAS #7), the Company is considered a development stage company.

Business Combination

On April 10, 2001, pursuant to an agreement with Richwoodland Profits Corporation ("RPC") and Universal Venture Limited ("UVL"), each a British Virgin Island holding company, the Company has acquired all of the voting stock of four foreign companies that were wholly-owned by RPC and UVL in return for 900,000 shares of common stock of the Company, valued at \$.50 per share. The companies acquired are start-up companies that have no assets, liabilities, revenue, expenses and results of operations. The investment in the companies has been reported entirely as goodwill, as there is no value in the companies.

The four acquired companies are Universal Information Technology, (Hong Kong) Limited, a company which has developed a video compression technology for Internet and wireless applications; Firstech Ventures (Hong Kong) Limited, a company that locates engineering services for environmental projects in China, especially land fill projects, waste water and waste oil treatment facilities, and waste liner projects; Tech Unity Technology, (Hong Kong) Limited, which engages in gathering information and research about business opportunities in China for dissemination among U.S. and Australian bidders; and Fonecash.com (Hong Kong) Limited, a company engaged in the wireless processing of credit and debit cards for the mobile merchants.

In July 2001, the FASB issued Statement No. 141, Business Combinations, and Statement No. 142, Goodwill and Other Intangible Assets. Statement 141 requires that the purchase method of accounting be used for all business combinations initiated or completed after June 30, 2001. Statement 141 also specifies criteria intangible assets acquired in a purchase business combination must meet to be recognized and reported apart from goodwill. The Company has adopted the provisions of Statement 141 in reporting the business combination.

(A Development Stage Company)
Notes to Consolidated Financial Statements

Business Combination (Cont'd)

Statement 142 requires that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead tested for impairment at least annually. Statement 142 also requires that intangible assets with definite useful lives be amortized over their respective estimated useful lives to their estimated residual values, and reviewed for impairment in accordance with Statement 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of. Furthermore, any goodwill and any intangible asset determined to have an indefinite useful life that are acquired in a purchase business combination completed after June 30, 2001 will not be amortized, but will continue to be evaluated for impairment in accordance with the appropriate pre-Statement 142 accounting literature. The Company has adopted the provisions of Statement 142 and has written the goodwill associated with the business combination down to zero, as no future benefit can be determined. An impairment loss of \$450,000 has been reflected in the consolidated statements of operations.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include checking and money market accounts and any highly liquid debt instruments purchased with a maturity of three months or less.

Accounts Receivable

The Company considers none of the accounts receivable to be collectible; and accordingly, has written off all of the accounts receivable in 2002.

Inventory

Inventory is stated at the lower of cost or market, with cost determined on a first-in, first-out basis and market based on the lower of replacement cost or realizable value. The inventory was stored at an outside location. The owner of the storage facility is attempting to sell the inventory to recoup the rent owed by the Company for use of the facility. The inventory was \$0 and \$177,800 as of December 31, 2002 and 2001, respectively.

(A Development Stage Company)
Notes to Consolidated Financial Statements

Property and equipment and depreciation

Property and equipment are stated at cost. Depreciation for both financial reporting and income tax purposes is computed using combinations of the straight line and accelerated methods over the estimated lives of the respective assets. Molds are depreciated over 3 years and tools and test equipment are depreciated over 5 years. Maintenance and repairs are charged to expense when incurred. When property and equipment are retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the respective accounts and any gain or loss is credited or charged to income.

Intangible Assets

Intangible assets consisted primarily of patent rights. Pursuant to a complaint filed by the Securities and Exchange Commission alleging that the patent rights had lapsed in 1993, the book value of the patent rights of \$1,250 was charged to operations. Intangible assets were amortized on a straight-line basis over five years. Amortization expense was \$750 and \$1,116 for the years ended December 31, 2002 and 2001, respectively.

Long-lived Assets

The Company accounts for long-lived assets in accordance with the provisions of Statement of Financial Accounting Standards (SFAS) No. 121, Accounting for the Impairment of Long-lived Assets and for Long-lived Assets to be Disposed Of. This statement requires that long-lived assets and certain identifiable intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by an asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or fair value less costs to sell.

Fair Value of Financial Instruments

The fair value of the Company's payables due to an officer/stockholder is not practicable to estimate due to the related party nature of the underlying transactions and the indefinite payment terms.

Income Taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates

Income Taxes (Cont'd)

expected to apply to taxable income in the years in which those temporary differences are expected to reverse. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statement of operations in the period that includes the enactment date.

Loss Per Common Share

Loss per common share is computed by dividing the net loss by the weighted average shares outstanding during the year.

Note 2 - Stockholders' Equity (Deficit)

Common Stock

Since December 31, 2001, the Company has issued 27,528,174 shares of common stock for promotional, legal and consulting services, valued at an average \$.03 per share, as well as 5,400,000 shares of common stock to an officer for compensation, valued at \$.04 per share. The Company has also sold 10,746,826 shares of common stock at an average \$.012 per share.

Dividends may be paid on outstanding shares as declared by the Board of Directors from time to time. Each share of common stock is entitled to one vote.

Stock Options

At December 31, 2001 the Company has reserved and granted 800,000 shares of common stock for issuance in connection with the stock option plan at an exercise price of \$.50 per share. No options have been exercised as of December 31, 2002.

Preferred Stock

No shares of the Company's preferred stock have been issued or are outstanding. Dividends, voting rights and other terms, rights and preferences of the preferred shares have not been designated but may be designated by the Board of Directors from time to time.

Note 3 - Income Taxes

There is no provision for income taxes since the Company has incurred net operating losses. At December 31, 2002, the Company has net operating loss carryforwards which may be available to offset future taxable income through 2022 in the amount of \$5,058,055. A deferred tax asset has not been recorded for the net operating loss carryforwards due to uncertainties as to the ultimate realization of the deferred tax asset. The tax returns of the Company have not been filed.

Note 4 – Property and Equipment

Property and equipment consisted of the following at December 31, 2002 and 2001:

| | 2002 | 2001 |
|-------------------------------|-------|------------|
| Molds | \$ -- | \$ 208,500 |
| Tools and test equipment | -- | 12,125 |
| | -- | 220,625 |
| Less accumulated depreciation | | 190,305 |
| | \$ -- | \$ 30,320 |

During the year ended December 31, 2002, the Company determined that its property and equipment would not provide a future benefit and charged the net book value of \$10,199 to operations. Depreciation expense of \$20,121 and \$73,380 was charged to operations for the years ended December 31, 2002 and 2001, respectively.

Note 5 – Notes Payable

Notes payable consisted of the following at December 31, 2002 and 2001:

| | <u>2002</u> | <u>2001</u> |
|--|-------------|-------------|

Interest expense on notes payable of \$16,977 and \$10,586 was charged to operations for the years ended December 31, 2002 and 2001, respectively.

The note payable to J.P.Charboneau is convertible into stock of the Company at the discretion of the Company at \$.10 per share.

Note 6 - Going Concern

The Company's consolidated financial statements have been prepared in conformity with principles of accounting applicable to a going concern. These principles contemplate the realization of assets and liquidation of liabilities in the normal course of business. As shown in the consolidated financial statements, the Company has incurred significant net losses and as of December 31, 2002, reflects a deficit accumulated during the development stage of \$5,575,014. The Company has not commenced its planned principal operations. The Company's continued existence is dependent on its ability to generate sufficient cash flow or raise additional capital to meet its obligations on a timely basis. The Company has been exploring sources to obtain additional equity or debt financing. Without realization of additional capital, it would be unlikely for the Company to continue as a going concern. Accordingly, the Company's continuation as a going concern is in substantial doubt and the financial statements do not include any adjustments that might be necessary should the Company be unable to continue in existence.

Note 7 – Litigation and Subsequent Event

The Company was served with a summons and complaint for failure to pay the monthly payments on its line of credit with Fleet National Bank. Pursuant to the lawsuit, the Company would be liable to Fleet National Bank for the outstanding principal balance of \$107,645 plus attorney's fees. Management has indicated its intentions to defend the action and will repay the principal balance in monthly installments upon receipt of capital contributions from investors.

Note 7 – Litigation and Subsequent Event (Cont'd)

On April 8, 2002 the Securities and Exchange Commission filed a complaint alleging that a registration statement and amendments, filed with the Commission by the Company in December 2001, January 2002 and March 2002, and signed by the president of the Company, Daniel E. Charboneau, contained material misrepresentations and omissions. On January 6, 2004, a United States District Judge from the District of Columbia entered a default judgment against the Company restraining the Company from further violations of Section 17(a) of the Securities Act of 1933, Sections 10(b) and 13a-13 of the Securities Exchange Act of 1934 and Rules 10b-5, 12b-20, 13a-1 and 13a-13 thereunder. As part of this order the Court also ordered penalties and interest in the amount of \$110,977.

Note 8 - Related Party Transactions

The Company was indebted to officers/stockholders in the amount of \$519,243 as of December 31, 2002, which includes \$306,781 for unpaid salary, \$58,200 for research and development expenses, as discussed below, and \$154,262 for merchandise purchases and expenses advanced on behalf of the Company. There are no specific terms for repayment. The amounts due are convertible into shares of stock at the discretion of the Company at \$.10 per share.

The Company had leased its executive offices and storage facilities from the former president of the Company under a month-to-month operating lease since the Company's inception. Rent expense was \$19,431 and \$14,990 for the years ended December 31, 2002 and 2001, respectively.

The Company utilized Advance Data Information Corporation ("ADI"), a Taiwan corporation owned by a director/stockholder of the Company, as its research and development laboratory. Research and development expenses under this arrangement totaling \$0 and \$58,200 were charged to operations during the years ended December 31, 2002 and 2001, respectively.

Note 9- Consulting Agreements

The Company entered into a consulting agreement with Advance Data Information Corporation ("ADI"), a Taiwan corporation owned by Dr. Wu, a director/stockholder of the Company, in which ADI will act as the research and development laboratory for the Company. The Company shall have exclusive ownership rights to any and all products that are developed as a result of this agreement. The Company has issued 200,000 shares of its common stock to Dr. Wu in August 1997, valued at \$.15 per share, 333,333 shares in June 1999, valued at \$.81 per share, 1,466,667 shares in December 2000, valued at \$.11 per share, and 2,400,000 shares in March 2002, valued at \$.04 for services rendered.

Note 10 – Contract for Deployment and Installation Services

Pursuant to a letter of intent dated June 5, 1999 between the Company and Fusion Capital Corp. (“Fusion”), a Florida corporation, the Company agreed to purchase a majority of the common stock of Fusion. The Company simultaneously issued a loan to Fusion of \$37,000 to be granted in 10 installments of \$3,700 from June 14, 1999 through August 16, 1999. Ten separate promissory notes of \$3,700 were executed, each providing for interest at a rate of 6% and each of the ten notes payable within 12 months from the date of issuance with the first payment due on June 14, 2000. The balance due on the notes of \$37,990 on December 31, 1999 included accrued interest of \$990.

In April 2000, the Company entered into negotiations with Fusion for deployment and installation services for 500 terminals which the Company planned for its trials with merchants in order to prove its revenue concept. On May 1, 2000, the Company and Fusion entered into a Contract for Deployment and Installation, whereby the principal balance of the notes totaling \$37,000 was converted to an advance payment pursuant to the contract, as reflected in the statements of operations, and the accrued interest of \$990 was written off.

Note 11 – Commitments and Contingencies

The Company provides accruals for all direct costs associated with the estimated resolution of contingencies at the earliest date at which it is deemed probable that a liability has been incurred and the amount of such liability can be reasonably estimated.

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

The Company changed accountants effective November 1, 2004 when it dismissed Stewart Benjamin and engaged Michael Albanese, CPA to conduct its audit for this report. There were no disagreements with Mr. Benjamin on any accounting or financial disclosure issues.

Item 8A. Controls and Procedures

The Registrant's President (who is also the Principal Accounting Officer) has evaluated the Company's disclosure controls and procedures within 90 days of the filing date of this annual report. Based upon this evaluation, he has concluded that the Company's disclosure controls and procedures are effective in ensuring that material information required to be disclosed is included in the reports that it files with the Securities and Exchange Commission.

PART III

Item 9 - Directors and Executive Officers

A) Current

| Name | Age | Position |
|----------------|-----|--------------------|
| Abraham Pierce | 28 | President/Chairman |

All current directors were appointed to their office in November of 2004 and will hold office until the next annual stockholders' meeting and until their successors have been elected or qualified or until their death, resignation, retirement, removal, or disqualification. FONECASH, INC.
CODE OF ETHICS
FOR PRESIDENT, CEO AND SENIOR FINANCIAL OFFICERS

1. The President, CEO and all senior financial officers are responsible for full, fair, accurate, timely and understandable disclosure in the periodic reports required to be filed by the Company with the SEC. Accordingly, it is the responsibility of the President, CEO and each senior financial officer promptly to bring to the attention of the Disclosure Committee (or in the event that the Company has not established a Disclosure Committee, to the Board of Directors) any material information of which he or she may become aware that affects the disclosures made by the Company in its public filings or otherwise assist the Disclosure Committee in fulfilling its responsibilities.
2. The President, CEO and each senior financial officer shall promptly bring to the attention of the Disclosure Committee and the Audit Committee (or in the event that the Company has not established an audit committee, to the Board of Directors) any information he or she may have concerning (a) significant deficiencies in the design or operation of internal controls which could adversely affect the company's ability to record, process, summarize and report financial data or (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's financial reporting, disclosures or internal controls.
3. The President, CEO and each senior financial officer shall promptly bring to the attention of the General Counsel, President, or the CEO and to the Audit Committee any information he or she may have concerning any actual or apparent conflicts of interest between personal and professional relationships, involving any management or other employees who have a significant role in the Company's financial reporting, disclosures or internal controls.
4. The President, CEO and each senior financial officer shall promptly bring to the attention of the General Counsel, President, or the CEO and to the Audit Committee any information he or she may have concerning evidence of a material violation of the securities or other laws, rules or regulations applicable to the Company and the operation of its business, by the Company or any agent thereof, or of violation of these procedures.
5. The Board of Directors shall determine, or designate appropriate persons to determine, appropriate actions to be taken in the event of violations of these procedures by the President, CEO and the Company's senior financial officers. Such actions shall be reasonably designed to deter wrongdoing and to promote accountability for adherence to these procedures, and shall include written notices to the individual involved that the Board has determined that there has been a violation, censure by the Board, demotion or re-assignment of the individual involved, suspension with or without pay or benefits (as determined by the Board) and termination of the individual's employment. In determining what action is appropriate in a particular case, the Board of Directors or such designee shall take into account all relevant information, including the nature and severity of the violation, whether the violation appears to have been intentional or inadvertent, whether the individual in question had been advised prior to the violation as to the proper course of action and whether or not the individual in questions had committed other violations in the past.
