Legal proceedings have been initiated by WWL against a number of defendants, including Hendrx, in the Superior Court for the County of Los Angeles, State of California, for breach of contract and patent infringement. The complaint alleges that an agreement between WWL and AirWater Corporation ("AirWater") was contravened when AirWater contracted with Fujian Yuxin Electronic Equipment Co. Ltd., a wholly owned subsidiary of Hendrx, to manufacture atmospheric water generators ("AWGs"), on an original equipment manufacturer (OEM) basis, that infringe WWL's patents. WWL's suit seeks damages of \$1,000,000 from the defendants in addition to accrued interest and costs. Hendrx denies any culpability or liability in this matter and believes that it will ultimately succeed in defending the merits of this position.
