The acquisition of Mound Technologies, which consists of two divisions and one subsidiary, broadens the manufacturing base of International Wireless with the capability of producing fabricated steel products, as well as adding substantial assets to the balance sheet, including buildings and property.

The Steel Fabrication Division of Mound Technologies is a full service structural and miscellaneous steel fabricator. It also manufactures steel stairs and railings, both industrial

and architectural quality. The present capacity of the facility is 6000 tons per year of structural and miscellaneous steel.

The Property Management Division owns and manages property. International Wireless now owns and manages 145,000 square feet of light and heavy industrial property on 22 acres. An additional 33 acres of industrial property is managed but not owned by International Wireless.

Freedom Products of Ohio is a wholly owned subsidiary. Freedom manufactures products for the heavy machinery industry and has the ability to do complete assembly including controls and testing if required. This includes material handling
