Coal Reserves, page 42

1. Please note that proven reserves presented in accordance with Industry Guide 7 may be combined with probable reserves only if the difference in the degree of assurance between the two classes of reserves cannot be readily defined. Absent this condition, proven and probable reserves should be segregated. In future filings please separate your proven reserves from your probable reserves or include a statement indicating that the degree of assurance between these two classes of reserves cannot be readily defined.

2. Based upon your disclosures here and on page 2, Alliance Resource Management GP, LLC and Alliance Resource GP, LLC appear to own the general partner interests in the Intermediate Partnership, while you own limited partner interests. In addition, Alliance Resource Management GP, LLC appears to own the managing member interest in Alliance Coal, while you own the non-managing interest. Please tell us how you determined consolidation was appropriate for both the Intermediate Partnership and Alliance Coal. For example, if you have (a) the substantive ability to dissolve or liquidate both of these entities or otherwise remove the general partner or managing member without cause or (b) substantive participating rights, please describe their nature and terms in sufficient detail to demonstrate how they give you control over each of these entities. In future filings, please also revise your disclosures in your footnotes and elsewhere in the filing accordingly. Refer to ASC 810-10-25 and ASC 810-10-50. Please provide us your proposed disclosures.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
