Basis for Opinion

These financial statements are the responsibility of Optsecurities, LLC's management. Our responsibility is to express an opinion on these financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to Optsecurities, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

OPTSECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2021

1. SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Operations - Optsecurities, LLC (the "Company") is a limited liability company and operates as a registered broker-dealer specializing in the sale of private placement offerings to accredited investors. The Company does not take title to, or control of, any securities. The Company is registered with the Securities and Exchange Commission as a broker-dealer and is a member of the Financial Industry Regulatory Authority.

Use of Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Cash and Cash Equivalents - The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Company maintains cash deposits with financial institutions that at times may exceed federally insured limits.

Accounts Receivable - The Company extends credit to its clients for brokerage fees. As of December 31, 2021, the Company considers all such receivables fully collectible, and therefore, no allowance for bad debt has been provided. As of December 31, 2021, the Company had 12b-1 fees receivable of \$3,252.

Revenue Recognition

12b-1 Fees - The Company enters into arrangements with managed accounts or other pooled investment vehicles (funds) to distribute shares to investors. The Company may receive distribution fees paid by the fund up front, over time, upon the investor's exit from the fund (that is, a contingent deferred sales charge), or as a combination thereof. The Company considers its performance obligation to be the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

CaR Commissions - The Company enters into arrangements with Optcapital, LLC and Opt I, LLC, companies related through common ownership, to distribute private placement offerings to investors. The Company may receive commissions paid by Optcapital, LLC and Opt I, LLC up front, over time, or as a combination thereof. The Company considers its performance obligation to be the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the account at future points in time, which is highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which is usually monthly or quarterly. CaR commissions recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Income Taxes - For income tax purposes, the Company is considered to be a partnership. No provision for federal or state income taxes has been made in the accompanying financial statements since the member includes its allocable share of the Company's taxable income or loss in its income tax return.

The Company records liabilities for income tax positions taken or expected to be taken when those positions are deemed uncertain to be upheld in an examination by taxing authorities. No liabilities for uncertain income tax positions were recorded as of December 31, 2021.

Subsequent Events - In preparing its financial statements, the Company has evaluated subsequent events through February 17, 2022, which is the date the financial statements were available to be issued.

2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2021, the Company had net capital of \$101,408, which was \$92,405 in excess of its minimum required net capital of \$9,003.

As of December 31, 2021, the Company's ratio of aggregate indebtedness to adjusted net capital was 1.33 to 1.

3. RELATED PARTY TRANSACTIONS

Optcapital, LLC, a company related through common ownership, provides office space, supplies, computer equipment, and personnel to the Company for its use in day-to-day operations. Expenses paid or payable to Optcapital, LLC in accordance with the expense-sharing agreement with the Company totaled \$14,000 for the year ended December 31, 2021. Per the Management Agreement, Optcapital, LLC contributed capital of \$14,000 during 2021 to forgive the expenses due to Optcapital as of December 31, 2021.

Revenue related to the CaR placement agent agreement totaled \$9,817 for the year ended December 31, 2021. As of December 31, 2021, accrued placement agent commissions receivable totaled \$9,817.

The Company has a sales agreement with an employee of Optpeople, Inc., a variable interest entity of Optcapital, LLC, to pay commissions related to the sale of CaR products by Optcapital, LLC and Opt I, LLC. Commissions are earned and paid through the Company. Revenue and expenses related to the CaR commission agreement totaled \$658,538 for the year ended December 31, 2021. As of December 31, 2021, accrued CaR commissions receivable and payable totaled \$120,000.

4. MEMBER'S EQUITY

The Member is subject to the Company's operating agreement which stipulates, among other things, the terms under which income and losses are allocated, distributions are made, membership interest can be transferred, and new members can be admitted.

5. SUPPLEMENTAL CASH FLOW STATEMENT

Optcapital, LLC contributed capital of \$14,000 to the Company to reduce the Company's liability to Optcapital, LLC as outlined in the Management Agreement between the Company and Optcapital, LLC.
