Form 8-K Filed July 25, 2006
File No. 0-26329

Dear Mr. Pardo:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may or may not raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone number listed at the end of this letter.

Form 8-K

Item 4.02

1. Please amend Form 8-K to quantify the impact of the restatement on your financial statements. Refer to the requirements of Item 4.02(a)(2) of Form 8-K.

2. Please tell us how you are accounting for the warrants issued in connection with the convertible notes. In particular, tell us whether you are accounting for the warrants as derivative liabilities under SFAS 133 and why or why not. If you determined the warrants are not derivatives based on the exception provided in paragraph 11a of SFAS 133, please tell us in detail how you applied paragraphs 12-32 of EITF 00-19 in arriving at your conclusion. We are particularly interested as to how the adjustable exercise price affected this conclusion. Assuming SFAS 133 does not apply, tell us how you accounted for the warrants under APB 14, as applicable.
3. Please explain to us why you intend to enter into an amended and restated consulting agreement as a result of the restatements disclosed in Form 8-K. In this regard, it is not clear to us why accounting errors would impact the consulting agreement.
4. Please tell us if your certifying officers have considered the effect of the errors on the accuracy of prior disclosures regarding disclosure controls and procedures under Items 307 of Regulation S-K. If such officers have concluded that their previous conclusions regarding effectiveness were incorrect with respect to the periods to be restated, you should disclose this determination. Otherwise, please explain to us why the discovery of these errors did not affect your conclusions regarding the effectiveness of disclosure controls and procedures.

As appropriate, please amend your filing and respond to these comments within 5 business days or tell us when you will provide us with a response. You may wish to provide us with marked copies of the amendment to expedite our review. Please furnish a response letter that keys your responses to our comments and provides any requested information. Detailed response letters greatly facilitate our review. Please file your response letter on EDGAR. Please understand that we may have additional comments after reviewing your amendment and responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.
