Questions and Answers About the Charter Amendment, page 3

1. Please explain the basis for your statements regarding the “foregoing transactions” and the whether there are necessary federal or state regulatory requirements to be complied with.

Description of the Charter Amendment, page 4

2. Please disclose whether you presently have any plans, proposals or arrangements to issue any of the proposed newly authorized shares of common stock for any purpose, including future acquisitions and/or financings. If so, please disclose by including materially complete descriptions of the future acquisitions and/or financing transactions. If not, please state that you have no such plans, proposals or arrangements, written or otherwise, at this time to issue any of the additional authorized shares of common stock.
3. Please provide a tabular presentation of the shares you currently have outstanding and the shares reserved for issuance as a percentage of your current and proposed authorized shares.
4. In light of the prospective increase in available capital as a result of your proposal, please refer to Release No. 34-15230 and discuss the possible anti-takeover effects of the increase in available capital. Please also discuss other anti-takeover mechanisms that may be present in your governing documents or otherwise and whether there are any plans or proposals to adopt other provisions or enter into other arrangements that may have material anti-takeover consequences. Inform holders that management might use the additional shares to resist or frustrate a third-party transaction providing an above-market premium that is favored by a majority of the independent stockholders.
5. We note your disclosure on page 8 regarding the issuance of shares on the acquisition of Edentify. We further note your disclosure in Part II of your registration statement on Form SB-2, File No. 333- 131101, regarding the issuance of 19,000,000 shares to Terrence DeFranco on a pre-reverse split basis in connection with the acquisition. It appears then that Mr. DeFranco would hold 1,900,000 shares on a post-split basis. Accordingly, please explain to us how Mr. DeFranco came to hold 8,374,166 shares.
