The Registrant's new auditor has not been able to complete its review of the interim financial statements and other narrative information necessary for the Registrant to complete the quarterly report on Form 10-QSB by February 14, 2002, the required filing date, without unreasonable effort and expense. The Registrant anticipates reporting a large loss of approximately \$2,260,000 for the six months ended December 31, 2001, and a loss of approximately \$2,180,000 for the three months ended December 31, 2001. The loss is due primarily to the write down of goodwill associated with its product business and other assets as well as not recognizing income from its consulting engagements and incurring significant costs in responding to inquiries from regulatory groups.
