Form 10-K for the year ended December 31, 2008

Item 1. Business, page 2

1. Please tell us the allocation by sector of total partnership assets as of the end of the fiscal year. We note that your MD&A disclosure includes the allocation to each trading advisor, but the overall mix of assets in your portfolio is not clear. Confirm that you will include similar disclosure in future filings.

2. Please describe to us the regulatory provisions applicable to your business. Discuss any position limits that the CFTC imposes on related agricultural products and those that may be imposed on energy commodities. Describe any additional position limits imposed by the exchanges. Please disclose any related risks in the Risk Factors section. Confirm that you will provide similar disclosure in future filings.

Item 1A. Risk Factors, page 5

3. We note your disclosure on page 6 that pending legislation could limit trading by speculators in futures markets and that other potentially adverse regulatory initiatives could develop suddenly and without notice. Please provide us with a more specific description of any current or proposed limits and discuss how such limits would impact your trading strategy. Confirm that you will provide similar disclosure in future filings.

Part II

5. We note your disclosure regarding the various trading programs of your Advisors. Please tell us whether each trading program is discretionary or systematic. Also explain how the allocation of assets among the Advisors is determined, how the General Partner can modify those allocations and how the General Partner can appoint or remove an advisor. Confirm that you will provide similar disclosure in future filings.
6. Please tell us, if known, the sector allocation by percentage for each of the trading advisor funds where you have invested as of the end of the last fiscal year. Tell us what consideration you have given to including this information in your filing.

Liquidity, page 22

7. Please tell us whether you have been subject to margin calls. If so, quantify the amount of such margin calls in your most recent three fiscal years and confirm that you will provide similar disclosure, if material, in your future filings.

Capital Resources, page 24

8. Please explain how redemptions are funded. Clarify how the Partnership obtains the cash needed for redemption payments and, to the extent the Partnership liquidates positions to fund redemptions, please explain how the General Partner decides which positions to liquidate. Confirm that you will provide similar disclosure in future filings.

Results of Operations, page 25

9. We note that you have disclosed net trading gain through investments in the Funds on an aggregate basis. Please tell us the net trading gain realized from each Fund separately and tell us what consideration you have given to including this information in the Results of Operations disclosure.
10. To the extent that changes in the Partnership's net asset value reflect material changes in interest income, please describe to us the impact and reasons for changes in your interest income. Confirm that you will provide similar disclosure in future filings.

The Partnership's Trading Value at Risk in Different Market Sectors, page 31

11. Please describe to us in more detail the information conveyed in the tables under this heading.
