Form 10-K for Fiscal Year Ended December 31, 2011

Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview, page 31

1. We note that effective December 31, 2011, Bank of America ceased new marketing of certain third party services and as a result, you do not expect new subscriber revenue through Bank of America and you expect a reduction in marketing and commission expenses through December 31, 2012. Please explain further what impact the loss of this contract has had on your operations to date. In this regard, we note that through June 30,

2012, income from operations for the consumer product and services segment increased, primarily as the result of a decrease in marketing and commission expenses to Bank of America. However, we also note that revenues decreased for this segment due to the loss of the Bank of America contract. Please tell us the amount of the decrease in revenues and expenses related to this contract and explain further how the loss of this contract contributed to an overall increase in operating revenue. Further, tell us the extent to which you expect the loss of this arrangement will impact your future revenue and expenses and how you considered providing a quantified discussion of this impact in MD&A. In addition, tell us whether any of the deferred subscription solicitation costs relate to this contract and if so, tell us how you considered the loss of this contract in determining the recoverability of such costs.

Notes to Consolidated Financial Statements

Note 19. Other Long-Term Liabilities, page F-31

2. We note you recorded a contingent liability for a loan guaranty of \$384,000 and associated interest of \$53,000. Please tell us the terms of this guarantee including the maximum potential amount of future payments, the current carrying amount of the liability for your obligations under the guarantee and the circumstances that would require you to perform under the guarantee. Also tell us your consideration for disclosing this information in future filings. We refer you to ASC 460-10-50-4.

Forms 10-Q for Fiscal Quarters Ended March 31, 2012 and June 30, 2012

Note 3. Accounting Standards Updates

Accounting Standards Updates Recently Adopted

3. Your disclosures indicate that you adopted the guidance in ASU 2011-05 as of January 1, 2012. Please tell us how your disclosures comply with this new guidance. In this regard, you continue to provide statements of operations and as such it appears that you have not reported comprehensive income either in a single continuous financial statement or in two separate but consecutive financial statements pursuant to ASC 220-10-45. Please explain or revise accordingly.
4. We note that you adopted the guidance in ASU 2011-08 as of January 1, 2012, however, your discussion of goodwill accounting in Note 2 and in your critical accounting policy disclosures appears to be a reiteration of the information included in your Form 10-K. Please confirm that you will revise your disclosures in future filings to incorporate the changes to the goodwill impairment testing as a result of adopting this new guidance.
