Certain Relationships and Related Transactions.

During the last two fiscal years there have not been any relationships, transactions, or proposed transactions to which the Company was or is to be a party, in which any of the directors, officers, or 5% or greater shareholders (or any immediate family thereof) had or is to have a direct or indirect material interest, other than as set forth below.

(a) During 2005, the Company used the offices of its former CEO, Stephen M. Seidow, as its principal offices on a rent free basis. In addition, Mr. Seidow advanced funds to the

Company on a loan basis to pay for audit expenses and other operating expenses, which advances were reflected as liabilities of the Company on its financial statements through December 31, 2005. All of the amounts advanced by Mr. Seidow were paid during the First Quarter of 2006.

(b) In February 2006, the Company approved a sub-lease of office space with CF Consulting LLC, which our CFO, Robert Hipple, also serves as a managing member. The lease space serves as the principal offices of the Company and the monthly sub-lease amount of \$450 includes office space, telephone, facsimile, utilities and Internet access for the Company. The Company also has entered into a consulting agreement with CF Consulting LLC to provide CFO and General Counsel services to the Company.

(c) In February 2006, the Board of Directors authorized the issuance of 1,000,000 shares of Series A Convertible Preferred Stock to our majority shareholder, Enterprise Partners, LLC, in return for an advance of \$60,000 to the Company to pay existing liabilities to our former CEO, Stephen Seidow, and for operating capital.

Our Director, Adam Mayblum, is a fifty percent member of Enterprise Partners, LLC and therefore did not participate in the decision to issue the Series A Convertible Preferred Stock to Enterprise Partners, LLC or in the decision to amend the Certificate of Designation for the Series A Convertible Preferred.

For each of the transactions noted above, the transaction was negotiated, on the part of the Company, on the basis of what is in the best interests of the Company and its shareholders. In addition, in each case, the full board of directors made the determination that the terms in each case were as favorable as could have been obtained from non-affiliated parties.

Certain of our directors are engaged in other businesses, either individually or through corporations in which they have an interest, hold an office, or serve on a board of directors. As a result, certain conflicts of interest may arise between the Company and such directors. The Company will attempt to resolve such conflicts of interest in our favor.

Compliance with Section 16(a) of the Securities Exchange Act.

Section 16(a) of the Securities Exchange Act of 1934 requires executive officers and directors, and persons who beneficially own more than 10% of any class of our equity securities to file initial reports of ownership and reports of changes in ownership with the SEC. Executive officers, directors and beneficial owners of more than 10% of any class of our equity securities are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to us under Rule 16a-3(d), and certain written representations from executive officers and directors, the Company is not aware of any of the required reports that have not been timely filed.

Code of Ethics.

The Company has adopted a code of ethics that applies to its board of directors, principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The code of ethics in general prohibits any officer, director or advisory person of the Company from acquiring any interest in any security which the Company (i) is considering a purchase or sale thereof, (ii) is being purchased or sold by the Company, or (iii) is being sold short by the Company. These persons are required to advise us in writing of his or her acquisition or sale of any such security.

Committees of the Board of Directors.

(a) Audit Committee.

The Audit Committee of the Company consists of Messrs. Hoke, Sklar, and DeVito, all being independent directors. The Audit Committee has adopted a written charter (a copy of which is attached to this proxy statement). Mr. Sklar has been designated the "financial expert" on our Audit Committee in compliance with Item 401(e) of Regulation S-B. The Company has had one meeting of this committee since its appointment in February 2006, at which the Audit Committee appointed Berman Hopkins Wright & LaHam CPAs, LLP as the independent auditors for the Company for the fiscal year beginning January 1, 2007.

The primary responsibility of the Audit Committee is to oversee our financial reporting process on behalf of our board of directors and report the result of their activities to the

board. Such responsibilities include, but are limited to, the selection, and if necessary the replacement, of our independent auditors, review and discuss with such independent auditors (i) the overall scope and plans for the audit, (ii) the adequacy and effectiveness of the accounting and financial controls, including our system to monitor and manage business risks, and legal and ethical programs, and (iii) the results of the annual audit, including the financial statements to be included in our annual report on Form 10-K.

The Company policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the audit committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The audit committee may also pre-approve particular services on a case-by-case basis.

The Audit Committee approved the appointment of Berman Hopkins Wright & LaHam CPAs, LLP as the auditors of the Company for the fiscal year beginning January 1, 2007.

(b) Governance and Nominating Committee.

The members of our Governance and Nominating Committee are Messrs. Hoke, Sklar, and DeVito, all independent directors. The Governance and Nominating Committee has responsibility to provide guidance and direction regarding the governance and operation of the Company and assistance to the board of directors in fulfilling the board of director's responsibilities relating to good governance and management. The Committee is also charged with the duty to: (a) actively seek individuals qualified to become members of the board of directors; (b) from time to time recommend individuals for appointment as directors by the board of directors; (c) set the number of directors that shall constitute the whole board of directors; (d) nominate directors for approval by stockholders at an annual meeting of stockholders or special meeting of stockholders; (e) recommend to the full board of directors the establishment, charter and membership of the various committees of the board of directors; (f) annually evaluate the performance and function of this

Committee; (g) acting with sole authority, retain and terminate any consulting or search firm to be used to identify director candidates, including the sole authority to approve the firms fees and other retention terms; and (h) annually, review and update its own charter for consideration by the board of directors. The Company had one meeting of this committee in 2006 as the Committee was first appointed in February 2006.

There are no specific, minimum qualifications that must be met by a nominee recommended by the Governance and Nominating Committee for a position on our board of directors. In addition, there are no specific qualities or skills that the Nominating Committee has established as necessary for one or more of our directors to possess.

The Governance and Nominating Committee does not have any policy with regard to the consideration of any director candidates recommended by security holders. Our board of directors feels that it is appropriate for the Company not to have such a policy since the Company will consider director candidates recommended by security holders anyway and will treat them the same as other recommendations for the board. Security holders wishing to submit such a recommendation must put them in writing, addressed to our Secretary, Robert Hipple.

The process of the Governance and Nominating Committee for identifying and evaluating nominees for director, including any recommended by security holders, involves reviewing recommendations among the members and interviewing certain prospective candidates. There are no differences between in the manner in which the committee evaluates nominees based on whether it is recommended by security holders or not.

The current nominees for director were recommended by the Governance and Nominating Committee.

(c) Compensation Committee.

The Compensation Committee consists of Messrs. Hoke, Sklar, and DeVito, all independent directors. The Compensation Committee has responsibility with respect to reviewing and overseeing our compensation to directors and officers of the Company, including the issuance of any stock to these individuals, reports the results of its activities to the full board of directors. The Company had no meetings of this committee in 2006 as the Committee was not appointed until

February 2006 and no officer or director currently receives any compensation for serving.

(d) Investment Committee.

The members of the Investment Committee are Messrs. Mayblum, Hoke and DeVito, a majority being independent directors of the Company. The Investment Committee has responsibility with respect to reviewing and overseeing our contemplated investments and portfolio companies and investments on behalf of the Board and reports the results of its activities to the full board of directors. Such Investment Committee has the ultimate authority for and responsibility (i) to evaluate and recommend investments, and (ii) review and discuss with management (a) the performance of portfolio companies, (b) the diversity and risk of our investment portfolio, and, where appropriate, make recommendations respecting the role or addition of portfolio investments and (c) all solicited and unsolicited offers to purchase portfolio companies. The Company had no meetings of this committee in 2006 as the Committee was not appointed until February 2006 and no portfolio investments were recommended or approved in 2006.

Meetings of the Board of Directors.

During the fiscal year ended December 31, 2006, the total number of meetings of the board of directors held was two, which were held by unanimous written consent of our directors.

The Company does not yet have a policy with regard to board members attendance at annual meetings, but this issue will be addressed by the Governance and Nominating Committee during 2007. The Company held its last annual meeting on June 30, 2006.

Communications to the Board of Directors.

Our board of directors does provide a process for security holders to send communications to the board of directors.
