NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2021

1. Organization

York Stockbrokers, Inc. (“YSI” or the “Company”) is a Delaware corporation that was formed on June 17, 1999. YSI is a 100% owned subsidiary of International Asset Allocation Management, LLC. Effective June 15, 2000, the Company commenced operations as a broker-dealer registered with the Securities and Exchange Commission (the “SEC”) and became a member of FINRA (formerly NASD). The Company is currently engaged in various types of businesses, such as selling corporate debt securities, corporate equity securities, over-the-counter stocks and government securities. The Company also buys and sells foreign currencies to settle trades at the request of clients and distributes private placements. The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934 in that the Company’s activities are limited to those set forth in the conditions for exemption appearing in Paragraph (k)(2)(ii) of that rule.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2021

Revenue and Expense Recognition

Revenue from contracts with customers includes commission income, administrative customer fees and consulting fees from introduction services. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

The Company buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions and related clearing expenses are recorded on the trade date. The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to-from the customer.

The Company provides administrative services on a daily basis and collects a monthly customer fee. The Company believes the performance obligation for providing administrative services is satisfied over time because the customers is receiving and consuming the benefit as they are provided by the Company. Fee arrangements are based on a percentage applied to the customer's assets under management. Administrative customer fees are received monthly and recognized as earned.

The Company receives consulting fees for introducing customers to investment funds. Revenue for introduction services is generally recognized at the point in time that performance under the arrangement is completed. However, for certain introductions, revenue is recognized over time in which the performance obligations are simultaneously provided by the Company and consumed by the customer.

YORK STOCKBROKERS, INC.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2021

Revenue and Expense Recognition (continued)

Disaggregated Revenue from Contracts with Customers

The following table represents revenue by major source.

Revenue from contracts with customers	
Consulting fees from introduction services	\$ 2,277,098
Administrative customer fees	141,704
Commission income	<u>138,033</u>
Total Revenue from contracts with customers	\$ 2,556,835

Fair Value of Financial Instruments

In accordance with accounting principles generally accepted in the United States, the Company adopted the standard related to fair value measurements and disclosures. The standard defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). As of June 30, 2021, the Company had no security positions.

Income Taxes

Income taxes are accounted for in accordance with FASB ASC 740: Income Taxes. As required under this standard, deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statement carrying amounts of assets and liabilities and the respective tax basis amounts. Deferred tax assets and liabilities are measured under tax rates that are expected to apply to taxable income in the years in which these differences are expected to be settled. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in the period of the tax change.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

YORK STOCKBROKERS, INC.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2021

Accounts Receivable

The determination of the amount of uncollectible accounts is based on the length of time each receivable has been outstanding, and a reasonable assessment of the capacity of the debtor to pay the receivable. The allowance for uncollectable amounts reflects the amount of loss that can be reasonably estimated by management. As of June 30, 2021, the Company has not recorded an allowance for any potential non-collection. Accounts receivables at June 30, 2021 and 2020 were \$579,869 and \$380,573, respectively.

New Accounting Guidance

In June 2016, the FASB issued Accounting Standards Update (ASU) 2016-13 – Current Expected Credit Losses (“CECL”) which replaces the current incurred model used to measure impairment loss with an expected loss model for trade and other receivables. The Company adopted the standard during 2020, under the modified retrospective approach to the earliest period presented. The adoption of ASU 2016-13 did not have material effect on the Company’s financial statements.

3. Financial Instruments with Off-Balance Sheet Risk and Concentration of Credit Risk

As a securities broker/dealer, the Company engaged in various brokerage activities on an agency basis. As a non-clearing broker, the Company has their own, and customers’ transactions cleared through other broker dealers pursuant to fully disclosed clearance agreements. Nonperformance by its customers in fulfilling their contractual obligation pursuant to securities transactions with the clearing brokers may expose the Company to risk and potential loss. Substantially all of the Company’s cash is held at clearing brokers and other financial institutions. Recognizing the concentration of credit risk that this implies, the Company utilizes clearing brokers that are highly capitalized.

4. Net Capital Requirements

The Company is subject to the Uniform Net Capital Rule under the Securities Exchange Act of 1934. The rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The net capital and aggregate indebtedness change from day to day, but as of June 30, 2021 the company had net capital of \$120,621, which was \$85,419 in excess of SEC required net capital of \$35,202.

5. Commitments and Contingencies

The Company rents office space on a month-to-month basis. The lease may be terminated by the Company upon a three-month written notice. The monthly lease payment is \$2,750.

Management represents that the Company does not have any legal liabilities or outstanding legal claims that are required to be accrued or disclosed.

YORK STOCKBROKERS, INC.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2021

6. Income Taxes

At June 30, 2021, the Company's deferred tax asset of \$32,368 was the result of federal net operating loss carry forwards of \$90,314. The net operating loss deductions will expire in various years through June 30, 2040 and the Company is limited to taking a \$6,451 deduction each year for \$90,314 of the carryforwards. Management has determined that no valuation allowance is necessary for the deferred tax asset as of June 30, 2021.

In accordance with US GAAP, the Company has adopted the provisions of FASB ASC 740: Income Taxes. The Company has assessed its income tax positions and has recorded tax benefits based upon management's evaluation of the facts, circumstances, and information available at the reporting dates. No uncertainties exist that will materially affect management's evaluations at June 30, 2021. The fiscal tax years of 2018, 2019 and 2020 remain subject to examination by federal and state taxing authorities.

7. Liabilities Subordinated to General Creditors

The Company has no liabilities subordinated to general creditors.

8. Concentrations

For the year ended June 30, 2021, approximately 91% of the consulting income was earned from four customers, and 84% of the accounts receivable balance was from three customers.

9. Subsequent Events

The Company has evaluated subsequent events through August 26, 2021, the date which the financial statements were available to be issued. There were no events that needed to be disclosed in the financial statements.

We have reviewed management's statements, included in the accompanying Exemption Report Pursuant to SEC Rule 17a-5, in which (1) York Stockbrokers, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which York Stockbrokers, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) (exemption provisions) and (2) York Stockbrokers, Inc. stated that York Stockbrokers, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception.

York Stockbrokers, Inc also asserts that it has no other obligations under the provisions of §240.15c3-3 as the **Company's other business activities are limited to participating in distributions of securities (other than firm commitment underwritings)** in accordance with the requirements of paragraphs (a) or (b)(2) of Rule 15c2-4, and York Stockbrokers, Inc.
