NOTES TO INTERIM FINANCIAL STATEMENTS

JUNE 30, 2005

(Unaudited)

1. NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Sona Development Corp. (the "Company") was incorporated as Houston Produce Corporation under the laws of the State of Texas on December 28, 1988. The Company was organized primarily for the purpose of importing fruits and vegetables from Latin America for sale in the United States market and it was dormant until its reactivation in March 1997. In June 1997, the Company changed its name to Net Master Consultants, Inc. On December 28, 2002, the Company changed its name to Sona Development Corp. The Company is considered a development stage company in accordance with Statement of Financial Accounting Standards (SFAS) No. 7.

Going Concern

These financial statements have been prepared in accordance with United States generally accepted accounting principles, on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. The Company has had limited activity since its inception. The Company has no tangible assets, has had recurring operating losses, has accumulated operating losses of \$2,456,083 as at June 30, 2005, and does not have an established source of revenue. The continuation of the Company is dependent upon the continuing financial support of creditors and stockholders and obtaining short-term and long-term financing, and achieving profitability. These conditions raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments that might arise from this uncertainty.

It is management's intention to pursue various potential products and identify funding sources until such time as there is sufficient operating cash flow to fund operating requirements.

Unaudited Interim Financial Statements

The accompanying unaudited interim financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB of Regulation S-B. They do not include all information and footnotes required by United States generally accepted accounting principles for complete financial statements. However, except as disclosed herein, there has been no material changes in the information disclosed in the notes to the financial statements for the year ended December 31, 2004 included in the Company's Annual Report on Form 10-KSB filed with the Securities and Exchange Commission. The interim unaudited financial statements should be read in conjunction with those financial statements included in the Form 10-KSB. In the opinion of Management, all adjustments considered necessary for a fair presentation, consisting solely of normal recurring adjustments, have been made. Operating results for the six months ended June 30, 2005 are not necessarily indicative of the results that may be expected for the year ending December 31, 2005.

Comparative figures

Certain comparative figures have been reclassified to conform with the current period's presentation.

(Unaudited)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**(a) Basis of presentation**

The accompanying unaudited interim financial statements have been prepared by the Company pursuant to the rules and regulations of the United States Securities and Exchange Commission. Certain information and disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. In the opinion of management, all adjustments and disclosures necessary for a fair presentation of these financial statements have been included. Such adjustments consist of normal recurring adjustments. These interim financial statements should be read in conjunction with the audited financial statements of the Company for the fiscal period ended December 31, 2004.

The results of operations for the six months ended June 30, 2005 are not indicative of the results that may be expected for the full year.

(b) Use of estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Foreign currency translation

The Company considers the U.S. dollar its functional currency. Monetary assets and liabilities resulting from foreign currency transactions are translated into U.S. dollar equivalents using the period end conversion rates. Revenues, expenses, receipts and payments are translated throughout the period at exchange rates prevailing at the date of the transaction. Exchange gains and losses are included in the loss for the period.

(d) Income taxes

The Company follows the liability method of accounting for income taxes. Under this method, deferred income tax assets and liabilities are recognized for the estimated tax consequences attributable to differences between the financial statement carrying values and their respective income tax basis (temporary differences). The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

(e) Financial instruments

The fair value of the Company's financial assets and financial liabilities approximate their carrying values due to the immediate or short-term maturity of these financial instruments. The Company is not currently exposed to any significant credit risk or currency risk.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**(f) Stock-Based Compensation**

In December 2002, the Financial Accounting Standards Board ("FASB") issued Financial Accounting Standard No. 148, "*Accounting for Stock-Based Compensation – Transition and Disclosure*" ("SFAS No. 148"), an amendment of Financial Accounting Standard No. 123 "*Accounting for Stock-Based Compensation*" ("SFAS No. 123"). The purpose of SFAS No. 148 is to: (1) provide alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation, (2) amend the disclosure provisions to require prominent disclosure about the effects on reported net income of an entity's accounting policy decisions with respect to stock-based employee compensation, and (3) to require disclosure of those effects in interim financial information. The disclosure provisions of SFAS No. 148 were effective for the Company for the year ended December 31, 2002. As the Company did not grant any stock options during 2004 and 2005 no pro-forma disclosure has been provided.

The Company has elected to continue to account for stock options granted to employees and officers using the intrinsic value based method in accordance with the provisions of Accounting Principles Board Opinion No. 25, "*Accounting for Stock Issued to Employees*", ("APB No. 25") and comply with the disclosure provisions of SFAS No. 123 as amended by SFAS No. 148 as described above. Under APB No. 25, compensation expense is recognized based on the difference, if any, on the date of grant between the estimated fair value of the Company's stock and the amount an employee must pay to acquire the stock. Compensation expense is recognized immediately for past services and pro-rata for future services over the option-vesting period. In addition, with respect to stock options granted to employees, the Company provides pro-forma information as required by SFAS No. 123 showing the results of applying the fair value method using the Black-Scholes option pricing model. In accordance with SFAS No. 123, the Company applies the fair value method using the Black-Scholes option-pricing model in accounting for options granted to consultants.

The Company accounts for equity instruments issued in exchange for the receipt of goods or services from other than employees in accordance with SFAS No. 123 and the conclusions reached by the Emerging Issues Task Force ("EITF") in Issue No. 96-18. Costs are measured at the estimated fair market value of the consideration received or the estimated fair value of the equity instruments issued, whichever is more reliably measurable. The value of equity instruments issued for consideration other than employee services is determined on the earliest of a performance commitment or completion of performance by the provider of goods or services as defined by EITF 96-18.

The Company has also adopted the provisions of the Financial Accounting Standards Board Interpretation No. 44, "*Accounting for Certain Transactions Involving Stock Compensation – An Interpretation of APB Opinion No. 25*" ("FIN 44"), which provides guidance as to certain applications of APB 25. FIN 44 is generally effective July 1, 2000 with the exception of certain events occurring after December 15, 1998.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**(g) Loss per share**

The Company follows Statement of Financial Standard No. 128 to calculate earnings (loss) per share. Basic loss per share is computed using the weighted effect of all common shares issued and outstanding. Diluted earnings (loss) per share has not been presented as the effect on basic earnings per share is anti-dilutive.

3. CAPITAL STOCK**Stock split**

In 1997, the Company's Board of Directors authorized a 1,000-for-one stock split and the cancellation of 30,000,000 shares as part of a reorganization and reincorporation. In January, 2000, it authorized a two-for-one stock split. In October, 2002, it authorized a one-for-ten reverse stock split that was affected on December 28, 2002.

Stock options

The Company has not yet issued any options on its common stock and has not recorded any stock-based compensation.

Stock issuances

During the six months ended June 30, 2005, the Company issued 914,288 shares of its common stock at \$0.35 per share for proceeds of \$355,000 pursuant to a private placement.

On April 05, 2005, 122,000 shares of common stock were issued to a significant shareholder in settlement of \$12,200 of debt. (Refer to Note 4.)

During the year ended December 31, 2004, the Company pursued a private placement of its common stock at a price of \$0.35 per share to raise sufficient funds to loan Idea One, Inc. ("Idea One") \$500,000 pursuant to its letter of intent as amended (See Note 7). The terms of the private placement indicated to subscribers that all funds raised would be held in escrow until such time as sufficient funds were raised to meet the \$500,000 loan obligation to Idea One. However, in the event the Company decided not to proceed in accordance with the terms of the letter of intent, all funds raised were to be returned to the subscribers. As of December 31, 2004 the Company had raised \$270,000 pursuant to the private placement, all of which was initially placed into an escrow account.

On December 28, 2004, the letter of intent with Idea One was amended to permit the partial payment of the \$500,000 loan obligation. As of June 30, 2005, the Company had loaned \$500,000 (December 31, 2004 - \$275,000) to Idea One secured by Promissory Notes from Idea One (Note 8).

3. CAPITAL STOCK – CONTINUED

On December 3, 2004, the Company authorized the issuance of 871,572 shares of its common stock to the subscribers to the private placement at a price of \$0.35 per share for a total of \$305,050. As at December 31, 2004, the Company had received \$270,050 in cash from the private placement leaving a balance of \$35,000 recorded in the accounts as subscriptions receivable (received during the three months ended March 31, 2005).

On September 30, 2004 the Company issued 85,064 shares of its common stock in lieu of a cash payment for services rendered according to a consulting agreement by a significant shareholder and expenses incurred on behalf of the Company in the amount of \$13,725.

On September 29, 2004 the Company issued 192,250 shares of its common stock to repay advances made by a significant shareholder in the amount of \$31,020.

On May 28, 2004 the Company issued 86,000 shares of its common stock to repay advances made by a significant shareholder in the amount of \$8,600.

On May 18, 2004 the Company issued 50,000 shares of its common stock to a director as compensation for services, valued at \$5,000.

On May 11, 2004 the Company issued 65,000 shares pursuant to The 2003 Benefit Plan of Sona Development Corp. to a consultant for legal services valued at \$9,750.

In April, 2004 the Company issued a total of 735,782 shares to a significant shareholder as follows: (i) 210,040 shares were issued in lieu of a cash payment for services in the amount of \$21,004, which were rendered according to a consulting agreement; and (ii) 525,742 shares were issued to repay advances made in the amount of \$52,574.

THE 2003 BENEFIT PLAN

On September 22, 2003, the Company adopted the 2003 Benefit Plan pursuant to which the Company may issue up to 1,000,000 shares of its common stock through stock issuances, or the grant of stock options to acquire the Company's common stock, to employees, consultants or advisors, who contribute to the success of the Company provided that bona fide services are rendered to the Company and that such services are not in connection with the offer or sale of securities in a capital-raising transaction. Further, no stock may be issued, or option granted under the Company's benefit plan to consultants, advisors, or other persons who directly or indirectly promote or maintain a market for the Company's securities. The 2003 Benefit Plan was registered under Form S-8 with the Securities and Exchange Commission on October 2, 2003. To date the Company has issued 65,000 shares pursuant to The 2003 Benefit Plan of Sona Development Corp. to a consultant for legal services valued at \$9,750 but has not granted any options under the plan.

4. RELATED PARTY TRANSACTIONS AND BALANCES

The following represents related party transactions paid or accrued during the six months ended June 30, 2005 and 2004:

	2005	2004
Consulting fees paid or accrued to director and significant shareholder of the Company	\$42,000	\$18,525
Rent paid or accrued to a shareholder of the Company	2,000	2,000
	<u>\$44,000</u>	<u>\$20,525</u>

The amount due to a related party of \$87,302 (December 31, 2004 - \$57,358) is due to a significant shareholder for cash loans, consulting fees and reimbursable expenses. Cash loans bear interest at 8% per annum and are repayable on demand. Of the loans provided by this significant shareholder, \$45,234 is secured by a promissory note, due no later than December 31, 2005. Also, by agreement dated February 1, 2005, the Company agreed to settle \$12,124 of debt due to this shareholder in exchange for 121,239 shares of common stock. On April 05, 2005, 122,000 shares of common stock were issued to this significant shareholder in settlement of \$12,200 of debt.

On December 1, 1999, the Company entered into a consulting agreement with the Company's sole officer and director, which agreement had an initial one-year term that was renewable without notice. The agreement requires the Company to pay the officer and director \$2,675 a month for services. The consulting agreement renewed for a further one-year period on December 1, 2004 and has been increased to \$3,000 per month.

5. INCOME TAXES

As at June 30, 2005, the Company has net operating losses carried forward of approximately \$2,451,000 that may be offset against future taxable income to 2022. No future tax benefit has been recorded in the financial statements, as the Company believes that it is more likely than not that the carry-forwards will expire unused. Accordingly, the potential tax benefits of the loss carry-forwards are offset by a valuation allowance of the same amount. Utilization of the carry-forwards is dependent on future taxable income and could further be limited due to a change in control of the Company's ownership as defined by Internal Revenue Section 382.

6. COMMITMENTS

The Company has an agreement to pay a shareholder consulting fees of \$3,500 per month commencing July 1, 2003 for a term of one year. The agreement has been renewed for a successive one year term.

On December 1, 1999, the Company entered into a consulting agreement with the Company's sole officer and director, which agreement had an initial one-year term that was renewable without notice. The agreement requires the Company to pay the officer and director \$2,675 a month for services. The consulting agreement renewed for a further one-year period on December 1, 2004 and has been increased to \$3,000 per month.

7. PROPOSED MERGER

On May 20, 2004, as amended November 1, 2004, December 28, 2004, March 22, 2005 and July 6, 2005, the Company entered into a non-binding letter of intent, as amended, with Idea One, a privately owned company involved in the development of battery cell technology. The letter of intent, as amended anticipates that Idea One will be acquired by the Company in a reverse merger transaction pursuant to which the shareholders of Idea One will control the combined entity. The closing date for the reverse merger transaction, as contemplated in the letter of intent, as amended is December 15, 2005.

Prior to closing the Company must satisfy certain conditions, which remain unsatisfied, as follows: (1) the mutual satisfaction of due diligence inquiries by both parties; (2) the approval of the transaction by the board of directors and the shareholders of both companies; (3) the Company's successful completion of a minimum equity financing of \$1,500,000 on or before October 15, 2005; and (4) the execution of a definitive merger agreement with Idea One by October 15, 2005.

The Company has completed a loan to Idea One of \$500,000 in the form of a series of convertible debt instruments in anticipation of a definitive merger agreement on April 8, 2005.

8. PROMISSORY NOTES

On November 10, 2004, December 29, 2004, March 22, 2005, and April 08, 2005, Promissory Notes ("Notes") totaling \$500,000 were executed by Idea One payable to the order of the Company for advances made .

Terms of the Notes as are follows:

1. The Notes bear interest at a rate of 7% per annum on the unpaid principal amount outstanding.
2. In the event of a merger with or acquisition of Idea One by the Company, the Notes will be consolidated with the Company's financial statements as loans or forgiven on merger. However, should the Company not conclude a merger with Idea One then the outstanding principal and interest due on the Notes will be converted into shares of Idea One valued at the lesser of \$0.90 per share or a conversion price equivalent to the price at which shares of Idea One have been sold during the period between the execution of the Notes and the maturity date of September 1, 2005. As at June 30, 2005, the Company has recorded accrued interest totaling \$15,250.
3. The entire outstanding principal amount of the Notes, together with all interest accrued thereon is due and payable in Idea One's common stock on September 1, 2005.
4. Accrued interest on the Notes shall compound quarterly and be added to the unpaid principal amount of the Notes.

As of June 30, 2005 the Company has written down the carrying value of the Notes to \$1 due to the uncertainty of: (1) the ability of the Company to complete the proposed merger; and (2) the ultimate value of any shares of Idea One that the Company may receive.

ITEM 2.

MANAGEMENT'S PLAN OF OPERATION

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with the financial statements and accompanying notes and the other financial information appearing elsewhere in this periodic report. The Company's fiscal year end is December 31.

This report and the exhibits attached hereto contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. The forward-looking statements include, without limitation, statements as to management's good faith expectations and beliefs, which are subject to inherent uncertainties which are difficult to predict and may be beyond the ability of the Company to control. Forward-looking statements are made based upon management's expectations and belief concerning future developments and their potential effect upon the Company. There can be no assurance that future developments will be in accordance with management's expectations or that the effect of future developments on the Company will be those anticipated by management.

The words "believes," "expects," "intends," "plans," "anticipates," "hopes," "likely," "will," and similar expressions identify such forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause the actual results, performance or achievements of the Company, or industry results, to differ materially from future results, performance or achievements expressed or implied by such forward-looking statements.

These risks and uncertainties, many of which are beyond our control, include (i) the sufficiency of existing capital resources and the Company's ability to raise additional capital to fund cash requirements in connection with Idea One; (ii) uncertainties involved in the acquisition of Idea One; (iii) the ability of the Company to achieve sufficient revenues through Idea One to fund and maintain operations; (iv) volatility of the stock market; and (v) general economic conditions. Although the Company believes the expectations reflected in these forward-looking statements are reasonable, such expectations may prove to be incorrect.

Readers are cautioned not to place undue reliance on these forward-looking statements which reflect management's view only as of the date of this report. The Company undertakes no obligation to publicly release the result of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events, conditions or circumstances. Business

The Company's plan of operation for the coming year is to conclude a definitive merger or acquisition agreement with Idea One, Inc. ("Idea One") or in the event that a definitive agreement is not concluded, to identify and acquire an alternative business opportunity. The Company does not plan to limit its options to any particular industry, but will evaluate each alternative opportunity on its merits.

The Company has not yet entered into any agreement, nor does it have any commitment to enter into or become engaged in any transaction, as of the date of this filing except a letter of intent, as amended, dated May 20, 2004, that would cause the Company to reach a definitive agreement with Idea One, a private company involved in the development of battery cell technology. The letter of intent, as amended, anticipates a reverse merger of the Company with Idea One whereby the shareholders of Idea One will control the combined entity. The closing date for this transaction is contemplated to be no later than December 15, 2005.

The letter of intent, as amended, with Idea One, is subject to certain conditions precedent and coincident as follows:

1. The Company is required to loan Idea One \$500,000 in the form of convertible debt instruments or promissory notes no later than May 1, 2005 in anticipation of a definitive agreement. The loan requirement was satisfied in full on April 8, 2005.
2. The Company is required to enter into a definitive agreement with Idea One by October 15, 2005 that will close no later than December 15, 2005.
3. The Company is required to complete an equity financing of not less than \$1,500,000 by October 15, 2005. The Company anticipates the execution of a definitive agreement with Idea One coincident to the completion of the required equity financing.
4. The approval of the transaction by the board of directors and the shareholders of the Company and Idea One.
5. The completion of satisfactory due diligence by both the Company and Idea One.

Results of Operations

During the six month period ended June 30, 2005, the Company was involved in completing a private placement of its common stock to fund operations and the loan obligation pursuant to the letter of intent, as amended with Idea One. The Company completed the \$500,000 loan to Idea One on April 8, 2005. The Company is now focused on forging a definitive agreement for the acquisition of or merger with Idea One and expects to sign such an agreement by October 15, 2005.

The Company does not expect to receive revenues within the next twelve months of operation as Idea One remains in the research and development stage with no significant revenues.

Should the Company fail to acquire or merge with Idea One, it will resume the process of identifying a favorable business opportunity, which opportunity if acquired, may or may not produce revenue.

Net Losses

For the period from December 28, 1988 to June 30, 2005, the Company recorded an operating loss of \$2,456,083. The Company's operating losses are attributable to general and administrative expenses. The general and administrative expenses include incorporation costs, accounting expenses, professional fees consulting fees and costs associated with the preparation of disclosure documentation in connection with registration pursuant to the Exchange Act of 1934. General and administrative expenses also include a write down on promissory notes in the amount of \$515,837 since inception. The Company did not generate any revenues during this period.

The Company expects to continue to operate at a loss through fiscal 2005 and due to the nature of the Company's search for a suitable business opportunity cannot determine whether it will ever generate revenues from operations.

Capital Expenditures

The Company expended no amounts on capital expenditures for the period from December 28, 1988 (inception) to June 30, 2005.

Liquidity and Capital Resources

The Company is in the development stage and, since inception, has experienced significant changes in liquidity, capital resources and shareholders' equity. The Company had current assets of \$80,495 and total assets of \$80,496 as of June 30, 2005. These assets consist of cash on hand of \$80,495 and \$1 credited to the value of certain promissory notes due on or before September 1, 2005. Net stockholders deficiency in the Company was \$15,450 at June 30, 2005.

During the first six months of 2005 the Company conducted a private placement of its common stock at a price of \$0.35 per share to raise sufficient funds to loan Idea One \$500,000 pursuant to its letter of intent as amended. The Company raised a total of \$355,000 and authorized the issuance of 914,288 shares of common stock in connection with the private placement. Loans totaling \$500,000 were made to Idea One as of June 30, 2005.

The loans to Idea One are in the form of convertible debt instruments or promissory notes, to be satisfied by Idea One no later than September 1, 2005 as part of a definitive acquisition agreement between the parties. The promissory notes bear interest at 7% per annum. Should the Company conclude the acquisition of Idea One then the promissory notes will be consolidated as inter-company loans or extinguished in accordance with generally accepted accounting principles. However, should the Company not conclude the acquisition of Idea One then the outstanding principal and interest due on the loans will be converted into shares of Idea One valued at the lesser of \$0.90 per share or a conversion price equivalent to the price at which shares of Idea One have been sold during the period between the execution of the promissory notes and the maturity date.

Cash flow provided from financing activities was \$146,154 for the six month period ended June 30, 2005 as compared to cash flow provided from financing activities of \$250,226 for the six month period ended June 30, 2004. Funds realized from financing activities in the current six month period from the sale of common equity in the amount of \$355,000 and advances from a significant shareholder of the Company in the amount of \$29,944 were offset by a write down in the value of the loans advanced to Idea One in the amount of \$238,790.

Cash flow used in operating activities was \$69,870 for the six month period ended June 30, 2005 as compared to cash flow used in operating activities of \$49,640 for the six month period ended June 30, 2004. Cash flow was used in operating activities was due in large part to an increase in net losses over the comparative six month periods due primarily to a write down of the value attributed to loans made to Idea One.

On September 22, 2003, the Company adopted the 2003 Benefit Plan (the "Plan") pursuant to which the Company may issue up to 1,000,000 shares of its common stock through stock issuances, or the grant of stock options to acquire the Company's common stock, to employees, consultants or advisors, who contribute to the success of the Company provided that bona fide services are rendered to the Company and that such services are not in connection with the offer or sale of securities in a capital-raising transaction. Further, no stock may be issued, or option granted under the Company's benefit plan to consultants, advisors, or other persons who directly or indirectly promote or maintain a market for the Company's securities. The 2003 Benefit Plan was registered under Form S-8 with the Securities and Exchange Commission on October 2, 2003. To date the Company has issued 65,000 shares pursuant to The 2003 Benefit Plan of Sona Development Corp. to a consultant for legal services valued at \$9,750 but has not granted any options under the Plan.

The Company's current assets may not be sufficient to conduct its plan of operation over the next twelve (12) months. Should the Company acquire Idea One over the next twelve month period then cash requirements may exceed current assets and the Company will have to seek further debt or equity financing to fund operations and meet financial obligations related to that transaction. However, should the Company be unsuccessful in completing the anticipated equity placements in connection with the obligations created by its letter of intent, as amended, with Idea One, the anticipated acquisition of Idea One may not be realized. In the event that the Company does not complete its acquisition or merger with Idea One then it would most likely have to obtain loans from shareholders or pursue alternative private equity placements in order to maintain its continuous disclosure requirements until such time as an alternative acquisition or merger candidate is identified.

The Company has no current commitments or arrangements with respect to, or immediate sources of funding. Further, no assurances can be given that funding, if needed, would be available or available to the Company on acceptable terms. Although, the Company's major shareholders would be the most likely source of new funding in the form of loans or equity placements none have made any commitment for future investment and the Company has no agreement formal or otherwise. The Company's inability to obtain funding, if required, would have a material adverse affect on its plan of operation.

The Company has no current plans for the purchase or sale of any plant or equipment.

The Company has no current plans to make any changes in the number of employees.

Critical Accounting Policies

In Note 2 to the attached interim financial statements for the periods ended June 30, 2005 and 2004 included in the Company's Form 10-QSB, the Company discusses those accounting policies that are considered to be significant in determining the results of operations and its financial position. The Company believes that the accounting principles utilized by it conform to accounting principles generally accepted in the United States of America.

The preparation of financial statements requires Company management to make significant estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. By their nature, these judgments are subject to an inherent degree of uncertainty. On an on-going basis, the Company evaluates estimates. The Company bases its estimates on historical experience and other facts and circumstances that are believed to be reasonable, and the results form the basis for making judgments about the carrying value of assets and liabilities. The actual results may differ from these estimates under different assumptions or conditions.

Going Concern

The Company's audit expressed substantial doubt as to the Company's ability to continue as a going concern as a result of recurring losses, lack of revenue-generating activities and an accumulated deficit of \$2,155,363 as of December 31, 2004, which increased to \$2,456,083 as of June 30, 2005. The Company's ability to continue as a going concern is subject to the ability of the Company to realize a profit from operations and /or obtain funding from outside sources. Since the Company has no revenue generating operations, management's plan to address the Company's ability to continue as a going concern over the next twelve months, include: (1) obtaining debt funding from private placement sources; (2) obtaining additional funding from the sale of the Company's securities; and (3) obtaining loans and grants from various financial institutions, where possible. Although management believes that it will be able to obtain the necessary funding to allow the Company to remain a going concern through the methods discussed above, there can be no assurances that such methods will prove successful.

ITEM 3. CONTROLS AND PROCEDURES

The Company's president acts both as the Company's chief executive officer and chief financial officer and is responsible for establishing and maintaining disclosure controls and procedures for the Company.

a) Evaluation of disclosure controls and procedures.

Under the supervision and with the participation of our management, including our principal executive and financial officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of June 30, 2005. Based on this evaluation, our principal executive and financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective and adequately designed to ensure that the information required to be disclosed by us in the reports we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in applicable rules and forms.

The auditors did not test the effectiveness of nor relied on the internal controls of the Company for the fiscal quarters ended June 30, 2005 and 2004.

(b) Changes in internal controls over financial reporting.

During the quarter ended June 30, 2005 there has been no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II

ITEM 1. LEGAL PROCEEDINGS

None.

ITEM 2. CHANGES IN SECURITIES

On April 5, 2005 the Company authorized the issuance of 122,000 shares of common stock to Michael Baybak valued at \$0.10 per share in settlement of an amount due of \$12,200 for previous advances to the Company, relying on exemptions provided by Section 4(2) and Regulation D of the Securities Act of 1933, as amended.

The Company made this offering based on the following factors: (1) the issuance was an isolated private transaction by the Company which did not involve a public offering; (2) there was only one offeree who was issued the Company's stock for services rendered; (3) the offeree stated an intention not to resell the stock and has continued to hold it since it was acquired; (4) there were no subsequent or contemporaneous public offerings of the stock; (5) the stock was not broken down into smaller denominations; and (6) the negotiations that lead to the issuance of the stock took place directly between the offeree and the Company.

ITEM 3. DEFAULTS ON SENIOR SECURITIES
