Report of Independent Registered Public Accounting Firm

To the Partners of
Hanson McClain Retirement Network, LP

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Hanson McClain Retirement Network, LP (the "Partnership") as of December 31, 2018, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Hanson McClain Retirement Network, LP as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Partnership's management. Our responsibility is to express an opinion on the Partnership's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Partnership in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

A handwritten signature in blue ink that reads "Ernst Winter & Associates LLP". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

We have served as Hanson McClain Retirement Network, LP's auditor since 2008.

Hanson McClain Retirement Network, LP

Notes to the Financial Statements

December 31, 2018

1. Organization

Hanson McClain Retirement Network, LP (the "Partnership"), dba Hanson McClain Securities was originally formed as a California limited liability company in July 1998. On July 6, 2017, the Company converted from a California limited liability company to a Delaware limited partnership and changed its name from Hanson McClain Retirement Network, LLC to Hanson McClain Retirement Network, LP. The Partnership is owned 100% by Hanson McClain Group, LP and its General Partner is HMGI GP, LLC, a Delaware limited liability partnership.

The Partnership is registered as a broker-dealer with the Securities and Exchange Commission since July 2000, and is a member of the Financial Industry Regulatory Authority (FINRA). The Partnership provides marketing and training support to independent financial advisors. The Partnership earns revenue related to the sale of mutual funds, variable annuities and earns 401(k) advisory fees. The Partnership also was a securities dealer with customer accounts and it conducted business under a fully disclosed agreement with National Financial Services, LLC ("NFS"). The Partnership's Clearing Agreement with NFS was terminated on June 30, 2018, revenue from NFS was not material.

2. Significant Accounting Policies

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Partnership considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. At December 31, 2018, the Partnership had no cash equivalents.

Commissions Receivable

The Partnership evaluates its accounts receivable and estimates the provision for doubtful accounts based on historical collection experience, delinquency rates, bankruptcies, and information obtained about and/or provided by the person or entity who owes the Partnership and other current economic conditions.

Past due balances over 30 days are reviewed individually for collectability. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. The Partnership considers all accounts receivable to be fully collectable, and therefore there is no allowance at December 31, 2018.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and may have an impact on future periods.

Fair Value of Financial Instruments

Unless otherwise indicated, the fair values of all reported assets and liabilities that represent financial instruments (none of which are held for trading purposes) approximate the carrying values of such assets and liabilities. The Partnership has no financial instruments required to be reported at fair value on a recurring basis.

Hanson McClain Retirement Network, LP

Notes to the Financial Statements

December 31, 2018

2. Significant Accounting Policies (Continued)

Income Taxes

The Partnership is taxed as a partnership under the Internal Revenue Code. In lieu of federal income taxes, the Partnership passes 100% of its taxable income and expenses to its partners. Therefore, no provision or liability for federal or state income taxes is included in the financial statements for income generated in the year ended December 31, 2018.

On January 2, 2018, with an effective date of December 31, 2017, the Internal Revenue Service ("IRS") issued final regulations affecting partnerships (and entities taxed as partnerships) that are intended to streamline the tax examination process and allow the IRS to collect any underpayments of tax from the partnership rather than the individual partners. Under the new process, the IRS will examine partnership items in a prior year under examination and any tax adjustments will be taken into account at the partnership level in the current year when the examination is complete. The partnership will pay the tax, interest, and penalties on underpayments using the highest statutory corporate or individual rate, which can be reduced under certain circumstances. The final regulations provide that partnerships can elect out of the new tax examination process if eligible. Management does not believe these changes have an effect on the Company's financial statements at and for the year ended December 31, 2018.

3. Risk Concentration

At December 31, 2018, the Partnership held cash deposits at a financial institution which were in excess of applicable federal insurance limits by \$320,554.

4. Postretirement Plan

The Partnership maintains a pension plan consistent with provisions under section 401(k) of the Internal Revenue Code. Under this plan employees may make an elective deferral to reduce their taxable gross wages. The Partnership made matching and safe harbor contributions of \$29,514 in 2018 to the 401(k) plan to supplement employee contributions. This amount is included in compensation and benefits on the accompanying statement of income.

5. Net Capital Requirements

The Partnership is subject to the Securities and Exchange Commission's uniform net capital rule (Rule 15c3-1) which requires the Partnership to maintain a minimum net capital equal to or greater than \$50,000 and a ratio of aggregate indebtedness to net capital not exceeding 15 to 1, both as defined in Rule 15c3-1. At December 31, 2018, the Partnership's net capital was \$473,733 which exceeded the requirement by \$423,733.

6. Related Party Transactions

Under an overhead sharing agreement, HMG, the Partnership and the Partnership's related party by common ownership, Hanson McClain, LP ("HMA"), share certain administrative services. These include office space, information technology, computer and telephone support, human resource management and accounting services. In addition, the Partnership reimburses related parties and is reimbursed by related parties for various payments made to vendors by one related party on behalf of the other. At December 31, 2018, \$1,644 was the payable to HMA for these services and reimbursements.

Hanson McClain Retirement Network, LP

Notes to the Financial Statements

December 31, 2018

6. Related Party Transactions (Continued)

HMA is a registered investment advisory firm that uses the Partnership's broker-dealer services for some of its accounts. HMA is the only registered investment advisor using the Partnership for broker-dealer services. The Partnership also collects investment advisory fees on behalf of HMA. The Partnership collected \$106,013 in advisory fees (net of certain costs) on behalf of HMA for the year ended December 31, 2018. This amount is payable to HMA at year end and has no impact on the Statement of Income.

The balance sheet reflects the following payables and receivables resulting from related party transactions:

Due to Related Parties

HMA payable	\$107,657
-------------	-----------

The Partnership's results of operations and financial position could differ significantly from those that would have been obtained if these entities were unrelated

7. Revenue from Contracts with Customers

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers (Topic 606)" ("ASU 2014-09"), which supersedes the revenue recognition requirements in Accounting Standards Codification ("ASC") 606, "Revenue Recognition." ASU 2014-09 is based on the principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. It also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. Effective January 1, 2018 the Partnership adopted ASU No. 2014-09 using the full retrospective transition method to all contracts as of January 1, 2018. No prior year adjustments were identified as the result of ASU No. 2014-09 implementation.

The following provides detailed information on the recognition of the Company's revenue from contracts with customers:

Commission, Mutual Fund and 12B1 Revenue

The Partnership cleared customers' transactions on a fully disclosed basis in accordance with a clearing agreement with NFS until the agreement was terminated on June 30, 2018. The Partnership promptly transmitted all funds and securities to NFS and did not otherwise hold funds or securities for, or owe money or securities to customers. The Partnership believes that its performance obligation is the sale of securities to investors and as such it is fulfilled on the trade date. Commission income and expenses and related clearing charges generated from customer securities transactions were recorded on a trade date basis as the transaction occurred.

Additionally, revenue is generated from concessions and commissions related to sales of mutual funds, variable products, and 12b1 fees. The Partnership's performance obligation is the investment and management of its clients' funds and policies. Revenue includes fees and commissions for the services performed. Commissions are earned and collected over the life of the contracts with the clients. ASC 606 requires revenue to be recognized when earned at the initial sale. All initial up-front (first year) commissions are earned upon the execution of a contract with a client and are recognized immediately. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved.

Hanson McClain Retirement Network, LP

Notes to the Financial Statements

December 31, 2018

7. Revenue from Contracts with Customers (Continued)

For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Partnership's influence, the Partnership does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Advisory Fees

The Partnership is acting as a Broker/Dealer for about twelve clients with employer-sponsored retirement plans and collects a fee for its services. Commissions are calculated as a percentage of the plans' account values. The percentage varies from 0.25% to 1.00% annually. Revenue is recorded when earned as the services are provided each month.

Marketing Revenue

The marketing revenue received by the Partnership from its marketing partners are calculated as percentages of the marketing partners' gross revenues. Upon receipt of payments, Partnership looks to the documentation that accompanies such payments to determine the period during which the payments were earned. The underlying performance obligation is the sale of securities to investors by the marketing partners and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the revenue from the marketing partners at future points in time as well as the length of time the accounts under contracts generate revenue, both of which are highly susceptible to factors outside the Partnership's influence, the Partnership does not believe that it can overcome this constraint until the revenue of the marketing partners and accounts remaining under contracts are known. Fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Contract Costs

The Partnership continues to record commissions and related clearing expenses on the trade date under ASU No. 2014-09. The Partnership believes that the performance obligation is satisfied on the trade date as that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer.

Contract Balances

The timing of the Partnership's revenue recognition may differ from the timing of payment by its customers. The Partnership records receivables when revenue is recognized prior to payment and it has an unconditional right to payment. The Partnership has receivables related to revenue from contracts with customers of \$256,000 at December 31, 2018 and \$318,006 at January 1, 2018. The Partnership had no deferred revenue as of December 31, 2018 and January 1, 2018.

8. Recently Issued Accounting Pronouncements

Financial Instruments - Credit Losses: In June 2016, the FASB issued ASU No. 2016-13, "Financial Instruments - Credit Losses (Topic 326)" ("ASU 2016-13"), which will change the impairment model for most financial assets and require additional disclosures. The amended guidance requires financial assets that are measured at amortized cost be presented at the net amount expected to be collected. The allowance for credit losses is a valuation account that is deducted from the amortized cost basis of the financial assets. The amended guidance also requires us to consider historical experience, current conditions, and reasonable and supportable forecasts that affect the collectability of the reported amount in estimating credit losses. ASU 2016-13 is effective for the Partnership commencing in the first quarter of fiscal 2020 and will be applied through a cumulative-effect adjustment to retained earnings at the beginning of the year of adoption. Early adoption is permitted. We are evaluating the impact of the adoption of this standard on our financial statements and do not expect a material impact.

Hanson McClain Retirement Network, LP

Notes to the Financial Statements

December 31, 2018

9. Subsequent Events

The Partnership has evaluated subsequent events through February 25, 2019, the date on which the financial statements were issued.
