### **Vannessa Finalizes Agreements on Guyana Properties with Shoreham**

Calgary, March 28, 2007 - Vannessa Ventures Ltd. (the "Company") -- The Company is pleased to announce that it has executed the Agreements with Shoreham Resources Ltd. of Toronto ("Shoreham") for the acceleration of the exploration and development of the Marudi Mountain and Paint Mountain prospects in Guyana.

Under the terms of the agreement, the Company grants Shoreham the option to earn an initial 50% working interest in the Marudi Mountain Gold project by completing US\$2,000,000 in exploration and qualified project management expenditures during a period of three years or less. Shoreham may earn a further 25% by completing an additional US\$2,000,000 in exploration and development work prior to the fourth anniversary of the Agreement. The Company has the option to retain a 25% interest in the property going forward.

Under Shoreham's direction and supervision, exploration will focus on expanding known gold occurrences at both the Marudi and Paint Mountain prospects with a view to identifying additional mining opportunities in this large under-explored gold producing area. The Company is of the view that this course of action provides the best opportunity for early expansion, definition and development of the Marudi and Paint Mountain gold projects and looks forward to working with Shoreham to continue development in this gold producing region.

The Potaro Purchase Agreement with Shoreham for the sale of 100% of the Company's Potaro assets was also executed which involves the payment to the Company of an aggregate sum of US\$ 1.2 million over four years.

These transactions afford the Company the opportunity to focus on near term growth through the continuing development of its Crucitas gold mining project in Costa Rica.
