

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549**

FORM 20-F

(Mark One)

- ☐ Registration statement pursuant to section 12(b) or (g) of the Securities Exchange Act of 1934
- ☒ Annual Report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 for the fiscal year ended March 31, 2003
- ☐ Transition Report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 for the transition period from _____ to _____

Commission File Number 001-15002

ICICI BANK LIMITED

(Exact name of Registrant as specified in its charter)

Not Applicable
(Translation of Registrant's name into English)

Vadodara, Gujarat, India
(Jurisdiction of incorporation or organization)

**ICICI Bank Towers
Bandra-Kurla Complex
Mumbai 400051, India**
(Address of principal executive offices)

Securities registered or to be registered pursuant to Section 12(b) of the Act.

Title of Each Class	Name of Each Exchange on Which Registered
None	Not Applicable

Securities registered pursuant to Section 12(g) of the Act.

American Depositary Share
each represented by 2 Equity Shares, par value Rs. 10 per share.
(Title of Class)

Securities for which there is a reporting obligation pursuant to Section 15(d) of the Act.
Not Applicable
(Title of Class)

Indicate the number of outstanding shares of each of the issuer's classes of capital or common stock as of the close of the period covered by the annual report – 613,031,404 Equity Shares

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 month (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes.....x.....

No.....

Indicate by check mark which financial statement item the registrant has elected to follow.

CERTAIN DEFINITIONS

ICICI Limited, ICICI Personal Financial Services Limited and ICICI Capital Services Limited amalgamated with and into ICICI Bank Limited, effective April 1, 2002 for accounting purposes under US GAAP. In this annual report, all references to “we”, “our” and “us” are, as the context requires, to ICICI Bank Limited and its consolidated subsidiaries and other consolidated entities subsequent to the amalgamation or to specific subsidiaries or other consolidated entities of ICICI Bank Limited. References to specific data applicable to particular subsidiaries or other consolidated entities are made by reference to the name of that particular company. References to “ICICI Bank” are, as the context requires, to ICICI Bank Limited on an unconsolidated basis subsequent to the amalgamation, to ICICI Bank Limited on an unconsolidated basis prior to the amalgamation, or to both. References to “ICICI” are to ICICI Limited and its consolidated subsidiaries and other consolidated entities prior to the amalgamation. References to “ICICI Personal Financial Services” are to ICICI Personal Financial Services Limited. References to “ICICI Capital Services” are to ICICI Capital Services Limited. References to the “amalgamation” are to the amalgamation of ICICI, ICICI Personal Financial Services and ICICI Capital Services with and into ICICI Bank. References to “the Scheme of Amalgamation” are to the Scheme of Amalgamation of ICICI, ICICI Personal Financial Services and ICICI Capital Services with ICICI Bank sanctioned by the High Court of Gujarat at Ahmedabad on March 7, 2002 and by the High Court of Judicature at Bombay on April 11, 2002 and approved by the Reserve Bank of India on April 26, 2002.

Statement on Financial Accounting Standards No. 141 on “Business Combinations”, issued by the Financial Accounting Standards Board, requires that business combinations be accounted for in the period in which the combination is consummated. Accordingly, under US GAAP, the amalgamation has been reflected in the financial statements contained in this annual report for fiscal 2003, as it was consummated in April 2002. The effective date of the amalgamation for accounting purposes under US GAAP was April 1, 2002. Under US GAAP, the amalgamation was accounted for as a reverse acquisition. This means that ICICI was recognized as the accounting acquirer in the amalgamation, although ICICI Bank was the legal acquirer. Accordingly, the financial statements and other financial information contained in this annual report for fiscal 2002 and prior years, except where specifically stated otherwise, present the assets, liabilities and results of operations of ICICI.

In the financial statements contained in this annual report and the notes thereto, all references to “the Company” are to ICICI Bank Limited and its consolidated subsidiaries and other consolidated entities subsequent to the amalgamation, all references to the “acquiree” are to ICICI Bank Limited prior to the amalgamation and all references to the “acquirer” are to ICICI Limited and its consolidated subsidiaries and other consolidated entities prior to the amalgamation.

Under Indian GAAP, the amalgamation was accounted for on March 30, 2002, the Appointed Date specified in the Scheme of Amalgamation, with ICICI Bank recognized as the accounting acquirer.

As ICICI Bank is the surviving legal entity in the amalgamation, the other subsidiaries and affiliates of ICICI have become subsidiaries and affiliates of ICICI Bank.

FORWARD-LOOKING STATEMENTS

We have included statements in this annual report which contain words or phrases such as “will”, “would”, “aim”, “aimed”, “will likely result”, “is likely”, “are likely”, “believe”, “expect”, “expected to”, “will continue”, “will achieve”, “anticipate”, “estimate”, “estimating”, “intend”, “plan”, “contemplate”, “seek to”, “seeking to”, “trying to”, “target”, “propose to”, “future”, “objective”, “goal”, “project”, “should”, “can”, “could”, “may”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Actual results may differ materially from those suggested by the forward-looking statements due to certain risks or uncertainties associated with our expectations with respect to, but not limited to, our ability to successfully implement our strategy, our ability to integrate recent or future mergers or acquisitions into our operations, future levels of impaired loans, our growth and expansion, the adequacy of our allowance for credit and investment losses, technological changes, investment income, our ability to market new products, cash flow projections, the outcome of any legal or regulatory proceedings we are or become a party to, the future impact of new accounting standards, our ability to implement our dividend policy, the impact of Indian banking regulations on us, which includes the assets and liabilities of ICICI, a former financial institution not subject to Indian banking regulations, our ability to roll over our short-term funding sources, our exposure to market risks and the market acceptance of and demand for Internet banking services. By their nature, certain of the market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains, losses or impact on net interest income and net income could materially differ from those that have been estimated.

In addition, other factors that could cause actual results to differ materially from those estimated by the forward-looking statements contained in this annual report include, but are not limited to general economic and political conditions in India, southeast Asia, and the other countries which have an impact on our business activities or investments, political or financial instability in India or any other country caused by any factor including any terrorist attacks in India, the United States or elsewhere, any anti-terrorist or other attacks by the United States, a United States-led coalition or any other country or any other acts of terrorism world-wide, the monetary and interest rate policies of India, political or financial instability in India or any other country caused by tensions between India and Pakistan related to the Kashmir region or military armament or social unrest in any part of India, inflation, deflation, unanticipated turbulence in interest rates, changes in the value of the rupee, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets and level of Internet penetration in India and globally, changes in domestic and foreign laws, regulations and taxes, changes in competition and the pricing environment in India and regional or general changes in asset valuations. For a further discussion on the factors that could cause actual results to differ, see the discussion under “Risk Factors” contained in this annual report.

EXCHANGE RATES

Fluctuations in the exchange rate between the Indian rupee and the US dollar will affect the US dollar equivalent of the Indian rupee price of the equity shares on the Indian stock exchanges and, as a result, will affect the market price of the ADSs in the United States. These fluctuations will also affect the conversion into US dollars by the depositary of any cash dividends paid in Indian rupees on the equity shares represented by ADSs.

On an average annual basis, the Indian rupee has consistently declined against the dollar since 1980. In early July 1991, the government adjusted the Indian rupee downward by an aggregate of approximately 20.0% against the dollar. The adjustment was effected as part of an economic package designed to overcome economic and foreign exchange problems. Since the Indian rupee was made convertible on the current account in March 1993, it has steadily depreciated on an average annual basis at a rate of approximately 5-6%. The rupee has, however, shown a trend of appreciation against the US dollar during the recent past. After reaching Rs. 49.06 per US\$ 1.00 on May 31, 2002, it gradually strengthened against the US dollar to Rs. 47.53 per US\$ 1.00 on March 31, 2003 and Rs. 45.77 per US\$ 1.00 on September 23, 2003. Reflecting the improving structure of India's current account and the weakening of the US dollar, the Indian rupee appreciated by about 3.7% against the US dollar between April-September (through September 23), 2003.

The following table sets forth, for the periods indicated, certain information concerning the exchange rates between Indian rupees and US dollars based on the noon buying rate:

Fiscal Year	Period End⁽¹⁾	Average^{(1) (2)}
1999.....	42.50	42.27
2000.....	43.65	43.46
2001	46.85	45.88
2002.....	48.83	47.80
2003	47.53	48.43
2004 (through September 23, 2003)	45.77	46.57
Month	High	Low
March 2003	47.85	47.53
April 2003	47.46	47.34
May 2003	47.35	46.85
June 2003	47.15	46.40
July 2003	46.49	46.06
August 2003	46.18	45.80
September 2003 (through September 23, 2003)	45.98	45.72

(1) The noon buying rate at each period end and the average rate for each period differed from the exchange rates used in the preparation of our financial statements.

(2) Represents the average of the noon buying rate on the last day of each month during the period.

Although certain rupee amounts in this annual report have been translated into dollars for convenience, this does not mean that the rupee amounts referred to could have been, or could be, converted into dollars at any particular rate, the rates stated below, or at all. Except in the section on "Market Price Information", all translations from rupees to dollars are based on the noon buying rate in the City of New York for cable transfers in rupees at March 28, 2003. The Federal Reserve Bank of New York certifies this rate for customs purposes on each date the rate is given. The noon buying rate on March 28, 2003 was Rs. 47.55 per US\$ 1.00 and on September 23, 2003 was Rs. 45.77 per US\$ 1.00.

RISK FACTORS

You should carefully consider the following risk factors as well as the other information contained in this annual report in evaluating us and our business.

Risks Relating to India

A slowdown in economic growth in India could cause our business to suffer.

The Indian economy has shown sustained growth over the last few years with real GDP growing at 4.3% in fiscal 2003, 5.6% in fiscal 2002 and 4.4% in fiscal 2001. However, growth in industrial production in India has been variable. The Index of Industrial Production grew at 5.8% in fiscal 2003 compared to 2.7% in fiscal 2002 and 5.0% in fiscal 2001. Any slowdown in the Indian economy or future volatility of global commodity prices, in particular oil and steel prices, could adversely affect our borrowers and contractual counterparties. With the increasing importance of retail loans to our business, any slowdown in the growth of sectors like housing and automobiles could adversely impact our performance. Further, with the increasing importance of the agricultural sector in our business, any slowdown in the growth of the agricultural sector could also adversely impact our performance. Any such slowdown could adversely affect our business, including our ability to grow our asset portfolio, the quality of our assets, our financial performance, our stockholders' equity, our ability to implement our strategy and the price of our equity shares and our ADSs.

A significant increase in the price of crude oil could adversely affect the Indian economy, which could adversely affect our business.

India imports approximately 75.0% of its requirements of crude oil. The sharp increase in global crude oil prices during fiscal 2001 adversely affected the Indian economy in terms of volatile interest and exchange rates. This adversely affected the overall state of liquidity in the banking system leading to intervention by the Reserve Bank of India. Crude oil prices declined in fiscal 2002 due to weaker demand. During fiscal 2003, crude oil prices initially rose as a result of Middle-East tensions and in particular the US-led military action in Iraq before declining on account of the relatively short duration of the war. Conditions, however, remain volatile in the Middle-East where most of the world's oil production facilities are located. Continuing or further tensions or hostilities could lead to increases in oil prices or higher volatility in oil prices. Any significant increase in oil prices could affect the Indian economy and the Indian banking and financial system. This could adversely affect our business including our ability to grow, the quality of our assets, our financial performance, our stockholders' equity, our ability to implement our strategy and the price of our equity shares and our ADSs.

A significant change in the Indian government's economic liberalization and deregulation policies could disrupt our business and cause the price of our equity shares and our ADSs to go down.

Our assets and customers are predominantly located in India. The Indian government has traditionally exercised and continues to exercise a dominant influence over many aspects of the economy. Its economic policies have had and could continue to have a significant effect on private sector entities, including us, and on market conditions and prices of Indian securities, including our equity shares and our ADSs.

Since 1996, the government of India has changed four times. The most recent parliamentary elections were completed in October 1999. The next parliamentary elections are scheduled for 2004. Following the parliamentary elections in 1999, a coalition government led by the Bharatiya Janata Party was formed with Mr. A.B. Vajpayee as the prime minister of India. Although the Vajpayee government has continued India's current economic liberalization and deregulation policies, a

significant change in the government's policies could adversely affect business and economic conditions in India and could also adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

Financial instability in other countries, particularly emerging market countries, could disrupt our business and cause the price of our equity shares and our ADSs to go down.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging market countries in Asia. Financial turmoil in Asia, Latin America, Russia and elsewhere in the world in the past years has affected the Indian economy even though India was relatively unaffected by the financial and liquidity crises experienced elsewhere. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. This in turn could negatively impact the Indian economy, including the movement of exchange rates and interest rates in India, which could adversely affect the Indian financial sector, including us. Any financial disruption could have an adverse effect on our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

If regional hostilities, terrorist attacks or social unrest in some parts of the country increase, our business could suffer and the price of our equity shares and our ADSs could go down.

India has from time to time experienced social and civil unrest and hostilities both internally and with neighboring countries. In recent years, there have been military confrontations between India and Pakistan in the Kashmir region and present relations between India and Pakistan continue to be tense on the issues of terrorism, armament and Kashmir. India has also experienced terrorist attacks in some parts of the country. These hostilities and tensions could lead to political or economic instability in India and a possible adverse effect on our business, our future financial performance and the price of our equity shares and our ADSs. For example, the terrorist attacks in the United States on September 11, 2001 and subsequent military action in Afghanistan and Iraq affected the markets all over the world. The United States' continuing battle against terrorism could lengthen these regional hostilities and tensions. Further, India has also experienced social unrest in some parts of the country. If such tensions occur in other parts of the country, leading to overall political and economic instability it could have an adverse effect on our business, our future financial performance and the price of our equity shares and our ADSs.

Trade deficits could cause our business to suffer and the price of our equity shares and our ADSs to go down.

India's trade relationships with other countries can also influence Indian economic conditions. In fiscal 2003, India experienced a trade deficit of Rs. 371.7 billion (US\$ 7.8 billion), an increase of Rs. 42.6 billion (US \$ 0.9 billion) from fiscal 2002. If trade deficits increase or are no longer manageable, the Indian economy, and therefore our business, our financial performance, our stockholders' equity and the price of our equity shares and our ADSs, could be adversely affected.

A significant change in the composition of the Indian economy may affect our business.

The Indian economy has experienced significant structural change over the last few years. The share of the services sector of total GDP has risen while that of the agricultural sector has declined. Provisional estimates indicate that the share of the services sector of total GDP has increased to 56.1% in fiscal 2003 from 49.9% in fiscal 1997 and the share of the agricultural sector in total GDP has declined to 22.1% in fiscal 2003 from 28.0% in fiscal 1997. It is difficult to gauge the long-term

impact of such fundamental economic changes on our business. We cannot be certain that these changes will not have a material adverse effect on our business.

Natural calamities could have a negative impact on the Indian economy and could cause our business to suffer and the price of our equity shares and our ADSs to go down.

India has experienced natural calamities like earthquakes, floods and drought in the past few years. The extent and severity of these natural disasters determine their impact on the Indian economy. In fiscal 2003, many parts of India received significantly less than normal rainfall. As a result of the drought conditions in the economy during fiscal 2003, the Index of Agricultural Production declined by 12.6%. Further prolonged spells of below normal rainfall in the country or other natural calamities could have a negative impact on the Indian economy, affecting our business and causing the price of our equity shares and our ADSs to go down.

Financial difficulty and other problems in certain long-term lending institutions and investment institutions in India could cause our business to suffer and the price of our equity shares and our ADSs to go down.

Unit Trust of India, a large investment institution in India with substantial exposure to equity investments, faced problems from fiscal 2001 due to a significant decline in the market value of its securities portfolio caused by depressed equity capital markets. In response, Unit Trust of India was restructured under a package of reform measures announced by the government. IFCI Limited, a long-term lending institution in India, is also facing financial difficulty due to inadequate capitalization, asset-liability mismatch and deteriorating asset quality. Several co-operative banks have also faced serious financial and liquidity crises. In April 2003, unsubstantiated rumours, believed to have originated in Gujarat, alleged that we were facing liquidity problems, although our liquidity position was sound. We witnessed higher than normal deposit withdrawals during the period April 11 to 13, 2003, on account of these unsubstantiated rumours. We successfully controlled the situation, but if such situations were to arise in future, any failure to control such situations could result in large deposit withdrawals, which would adversely impact our liquidity position. These and other similar developments could create adverse market perception about financial institutions and banks, which in turn could adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

The Indian regulatory framework for the prevention of money laundering is still evolving and any failure of this framework to effectively prevent money laundering could adversely impact us.

The Indian Parliament passed the Prevention of Money Laundering Act in fiscal 2003 to implement the Political Declaration adopted by the special session of the United Nations General Assembly held from June 8 to June 10, 1998 and the Global Programme of Action annexed to Resolution S-17/2 adopted by the United Nations General Assembly on February 23, 1990. However, the provisions of this Act are yet to be declared effective by the Indian government. Any failure or delay in the bringing into effect of this legislation or any failure of this legislation to effectively prevent money laundering could create an adverse perception about the Indian financial system in general and Indian banks in particular, which in turn could adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs. See also "Supervision and Regulation – Regulations relating to Knowing the Customer and Anti-Money Laundering".

A decline in India's foreign exchange reserves may affect liquidity and interest rates in the Indian economy which could adversely impact us.

India's foreign exchange reserves increased 38.3% during fiscal 2003 and 16.8% during fiscal 2004 (through September 5, 2003) to US\$ 87.4 billion. A decline in these reserves could result in reduced liquidity and higher interest rates in the Indian economy. The redemption of Resurgent India

Bonds issued by the State Bank of India in 1998, due in October 2003, is expected to result in an outflow of approximately US\$ 5.5 billion. Reduced liquidity or an increase in interest rates in the economy following a decline in foreign exchange reserves could adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs. See also "Risks Relating to Our Business".

Any down-grading of India's debt rating by an international rating agency could cause our business to suffer and the price of our equity shares and our ADSs to go down.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

Risks Relating to Our Business

We are likely to classify and reserve against impaired loans significantly later than our counterparts in more developed countries, such as the US.

We identify a commercial loan as a "troubled debt restructuring" or an "other impaired loan" (collectively referred to as an impaired loan) and place it on a non-accrual basis (that is, we do not recognize interest accrued or due unless and until payments are actually received) when it is probable that we will be unable to collect the scheduled payments of principal and interest due under the contractual terms of the loan agreement. Until year-end fiscal 2003, a commercial loan was also considered to be impaired and placed on a non-accrual basis when interest or principal was greater than 180 days overdue. This time period of 180 days was substantially longer than in more developed countries, like the US, where loans are generally placed on a non-accrual basis when any payment, including any periodic principal payment, is not made for a 90 day period. In India, payments on most loans are generally on a quarterly basis unlike in more developed countries, like the United States, where payments on most loans are on a monthly basis. Pursuant to revised guidelines issued by the Reserve Bank of India, with effect from fiscal 2004, a commercial loan will be considered to be impaired and placed on a non-accrual basis, when interest or principal is overdue continuously for more than 90 days. This may impact the classification of, and reserving against, impaired loans. For a discussion of impaired loans under Indian GAAP, see "Supervision and Regulation—Loan Loss Provisions and Impaired Assets".

A large proportion of ICICI's loans comprised project finance assistance, a substantial portion of which was particularly vulnerable to completion risk.

Long-term project finance assistance was a significant proportion of ICICI's asset portfolio. Although over the last year, retail loans have significantly increased in our balance sheet, long-term project finance continues to be a significant proportion of our loan portfolio. The viability of these projects depends upon a number of factors, including completion risk, market demand, government policies and the overall economic environment in India and international markets. We cannot be sure that these projects will perform as anticipated. Over the last several years, ICICI experienced a high level of impaired loans in its project finance loan portfolio to manufacturing companies as a result of the downturn in certain global commodity markets and increased competition in India. In addition, a significant portion of infrastructure projects financed by us are still under implementation and present risks, including delays in the commencement of operations and breach of contractual obligations by counterparties, that could impact the project's ability to generate revenues. We have provided project assistance to a large private sector power generation project in the state of Maharashtra. On account of a dispute between the power project and the purchaser, the state electricity board, the project implementation is currently suspended. The matter is currently pending before the Indian courts, while parallel efforts are continuing for an out of court settlement, including re-negotiation of the relevant power tariff. The principal sponsor of the project has filed for bankruptcy in the United States. The assets of the project are in the possession of a receiver appointed by the High Court of

Judicature at Bombay on a plea by the lenders to the project, including us. Efforts are continuing for sale of the project to new sponsors. We cannot assure you that future credit losses on account of this assistance and such other assistances would not have a materially adverse effect on our profitability. Our infrastructure project finance loans are largely recent loans and, as a result, asset quality problems may not appear until the future. If a substantial portion of these loans were to become impaired, the quality of our loan portfolio could be adversely affected.

We have high concentrations of loans to certain customers and to certain sectors and if a substantial portion of these loans were to become impaired, the quality of our loan portfolio could be adversely affected.

At year-end fiscal 2003, our 20 largest borrowers, based on gross outstanding balances, totaled approximately Rs. 145.3 billion (US\$ 3.1 billion), which represented approximately 21.2% of our total gross loans outstanding. Our largest single borrower by outstanding at that date was approximately Rs. 15.3 billion (US\$ 322 million), which represented approximately 2.2% of our total gross loans outstanding. The largest group of companies under the same management control accounted for approximately 4.9% of our total gross loans outstanding. Credit losses on these large single borrower and group exposures could adversely affect our financial performance, our stockholders' equity and the prices of our equity shares and our ADSs.

At year-end fiscal 2003, we had extended loans to several industrial sectors in India. At that date, approximately 53.0% of our gross restructured loan portfolio was concentrated in three sectors: iron and steel (35.5%), textiles (10.6%) and cement (6.9%). At that date, approximately 39.9% of our gross other impaired loan portfolio was concentrated in three sectors: power (21.3%), iron and steel (10.2%) and metal products (8.4%). Our total loan portfolio also had a significant concentration of loans in these sectors. These sectors have been adversely affected by economic conditions over the last few years in varying degrees. Although our loan portfolio contains loans to a wide variety of businesses, financial difficulties in these sectors could increase our level of impaired loans and adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

If we are not able to control or reduce the level of impaired loans in our portfolio, our business will suffer. A significant increase in the level of restructured loans forming part of impaired loans in our portfolio could affect our business.

Our gross restructured loans represented 21.5% of our gross loan portfolio at year-end fiscal 2003. At year-end fiscal 2002, ICICI's gross restructured loans represented 17.0% of its gross loan portfolio and ICICI Bank's gross restructured loans represented 1.0% of its gross loan portfolio. Our gross other impaired loans represented 12.1% of our gross loan portfolio at year-end fiscal 2003. At year-end fiscal 2002, ICICI's gross other impaired loans represented 9.1% of its gross loan portfolio and ICICI Bank's gross other impaired loans represented 6.2% of its gross loan portfolio. Our net restructured loans represented 19.5% of our net loans at year-end fiscal 2003. At year-end fiscal 2002, ICICI's net restructured loans represented 14.8% of its net loans and ICICI Bank's net restructured loans represented 0.8% of its net loans. Our net other impaired loans represented 8.8% of our net loans at year-end fiscal 2003. At year-end fiscal 2002, ICICI's net other impaired loans represented 6.3% of its net loans and ICICI Bank's net other impaired loans represented 2.9% of its net loans.

Although we believe that our allowance for loan losses is adequate to cover all known losses in our portfolio of assets, the level of our impaired loans was significantly higher than the average percentage of impaired loans in the portfolios of banks in more developed countries. In addition, in absolute terms, our gross impaired loans grew by 52.4% in fiscal 2003 over the total combined gross impaired loans of ICICI and ICICI Bank at year-end fiscal 2002. ICICI's gross impaired loans grew by 70.7% in fiscal 2002 and 23.6% in fiscal 2001. ICICI Bank's gross impaired loans grew by 2.3% in fiscal 2002 and 276.1% in fiscal 2001. In fiscal 2001, impaired loans aggregating Rs. 2.2 billion

(US\$ 46 million) were added to ICICI Bank's portfolio consequent to ICICI Bank's acquisition of Bank of Madura.

The growth in our impaired loans can be attributed to several factors, including increased competition arising from economic liberalization in India, variable industrial growth, a sharp decline in commodity prices, the high level of debt in the financing of projects and capital structures of companies in India and the high interest rates in the Indian economy during the period in which a large number of projects contracted their borrowings, which reduced profitability for certain of our borrowers, and the resultant restructuring of certain Indian companies in sectors such as iron and steel, textiles and cement. As a result, the level of restructured loans and other impaired loans in our portfolio increased substantially in fiscal 2003. It is expected that this restructuring process will continue in fiscal 2004.

Further, ICICI Bank's and ICICI's growth-oriented strategy involved a significant increase in their loan portfolio, including retail loans, over the past few years. We cannot assure you that there will be no additional impaired loans in our portfolio on account of these new loans.

The directed lending norms of the Reserve Bank of India require that every bank should extend 40.0% of its net bank credit to certain eligible sectors, which are categorized as "priority sectors". Priority sectors are specific sectors such as agriculture and small-scale industries, and also include housing finance loans up to certain limits. Considering that the advances of ICICI were not subject to the requirement applicable to banks in respect of priority sector lending, the Reserve Bank of India directed us to maintain an additional 10.0% over and above the requirement of 40.0%, i.e., a total of 50.0% of our net bank credit on the residual portion of our advances (i.e. the portion of our total advances excluding advances of ICICI at year-end fiscal 2002) in the form of priority sector loans. This additional 10.0% priority sector lending requirement will apply until such time as our aggregate priority sector advances reach a level of 40.0% of our total net bank credit. As a result, we may experience a significant increase in impaired loans in our directed lending portfolio, particularly loans to the agriculture sector and small-scale industries, since economic difficulties are likely to affect those borrowers more severely and we would be less able to control the quality of this portfolio.

A number of factors will affect our ability to control and reduce impaired loans. Some of these, including developments in the Indian economy, movements in global commodity markets, global competition, interest rates and exchange rates, are not within our control. Although we are increasing our efforts to improve collections and to foreclose on existing impaired loans, we cannot assure you that we will be successful in our efforts or that the overall quality of our loan portfolio will not deteriorate in the future. If we are not able to control and reduce our impaired loans, or if there is a further significant increase in our restructured loans, our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs could be adversely affected.

If there is a further deterioration in our impaired loan portfolio and we are not able to improve our allowance for loan losses as a percentage of impaired loans, the price of our equity shares and our ADSs could go down.

At year-end fiscal 2003, our allowance for loan losses on restructured loans represented 16.8% of gross restructured loans and our allowance for loan losses on other impaired loans represented 33.5% of gross other impaired loans. At year-end fiscal 2002, ICICI's allowance for loan losses on restructured loans represented 18.6% of gross restructured loans and ICICI's allowance for loan losses on other impaired loans represented 34.6% of gross other impaired loans. At year-end fiscal 2002, ICICI Bank's allowance for loan losses on restructured loans represented 21.9% of gross restructured loans and ICICI Bank's allowance for loan losses on other impaired loans represented 55.7% of gross other impaired loans.

Although we believe that our allowances for loan losses will be adequate to cover all known losses in our asset portfolio, we cannot assure you that there will be no further deterioration in the allowance for loan losses as a percentage of gross impaired loans or otherwise or that the percentage

of impaired loans that we will be able to recover will be similar to ICICI's and ICICI Bank's past experience of recoveries of impaired loans. In the event of any further deterioration in our impaired loan portfolio, there could be an adverse impact on our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

We may experience delays in enforcing our collateral when borrowers default on their obligations to us which may result in failure to recover the expected value of collateral security exposing us to a potential loss.

A substantial portion of our loans to corporate customers, primarily comprising loans made by ICICI, is secured by real assets, including property, plant and equipment. Our loans to corporate customers also include working capital credit facilities that are typically secured by a first lien on inventory, receivables and other current assets. In some cases, we may have taken further security of a first or second lien on fixed assets, a pledge of financial assets like marketable securities, corporate guarantees and personal guarantees. A substantial portion of our loans to retail customers is also secured by the assets financed, predominantly property and vehicles. Although in general our loans are over-collateralized, an economic downturn could have resulted for ICICI and could in future result for us, in a fall in relevant collateral values.

In India, foreclosure on collateral generally requires a written petition to an Indian court. An application, when made, may be subject to delays and administrative requirements that may result, or be accompanied by, a decrease in the value of the collateral. In the event a corporate borrower makes a reference to a specialized quasi-judicial authority called the Board for Industrial and Financial Reconstruction, foreclosure and enforceability of collateral is stayed. We cannot guarantee that we will be able to realize the full value on our collateral, as a result of, among other factors, delays in bankruptcy foreclosure proceedings, defects in the perfection of collateral and fraudulent transfers by borrowers. A failure to recover the expected value of collateral security could expose us to a potential loss. Any unexpected losses could adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, has strengthened the ability of lenders to resolve non-performing assets by granting them greater rights as to enforcement of security and recovery of dues from corporate borrowers. Petitions challenging the constitutional validity of this legislation are currently pending before the Indian Supreme Court. There can be no assurance that the legislation in its current form will be upheld by the Indian Supreme Court or that it will have a favorable impact on our efforts to resolve non-performing assets. See also "Overview of the Indian Financial Sector – Recent Structural Reforms – Legislative Framework for Recovery of Debts Due to Banks."

We face greater credit risks than banks in developed countries.

Our principal business is providing financing to our clients, a predominant number of whom are based in India. In the past, ICICI focused its activities on financing large-scale projects. Increasingly, we are focusing on large corporate customers, many of whom have strong credit ratings, as well as on select small and middle market companies, and individuals. Our loans to middle market companies can be expected to be more severely affected by adverse developments in the Indian economy than loans to large corporations. In all of these cases, we are subject to the credit risk that our borrowers may not pay in a timely fashion or may not pay at all. The credit risk of all our borrowers is higher than in more developed countries due to the higher uncertainty in the Indian regulatory, political, economic and industrial environment and difficulties that many of our borrowers face in adapting to instability in world markets and technological advances taking place across the world. Increased competition arising from economic liberalization in India, variable industrial growth, a sharp decline in commodity prices, the high level of debt in the financing of projects and capital structures of companies in India and the high interest rates in the Indian economy during the period in which a

large number of projects contracted their borrowings reduced the profitability of certain of our borrowers.

There was substantial growth in our retail loans in fiscal 2003 and in the retail loans of ICICI in fiscal 2002. Our retail loans were Rs. 188.3 billion (US\$ 4.0 billion) or 27.5% of our gross loans outstanding at year-end fiscal 2003. ICICI's retail loans were Rs. 73.0 billion (US\$ 1.5 billion) or 13.0% of its gross loans outstanding at year-end fiscal 2002. ICICI Bank's retail loans were Rs. 7,150 million (US\$ 150 million) or 9.4% of its gross loans outstanding at year-end fiscal 2002. Our retail loans are relatively new and we cannot assure you that there will be no additional impairment on account of these loans and that such impairment will not have a materially adverse impact on the quality of our loan portfolio.

The directed lending norms of the Reserve Bank of India require that every bank should extend 40.0% of its net bank credit to certain eligible sectors, such as agriculture, small-scale industries and housing finance loans up to certain limits, which are categorized as "priority sectors". Considering that the directed lending norms were not applicable to ICICI, the Reserve Bank of India directed us to maintain 50.0% of our net bank credit on the residual portion of our advances (i.e. the portion of our total advances excluding advances of ICICI at year-end fiscal 2002) in the form of priority sector loans until such time as our aggregate priority sector advances reach a level of 40.0% of our total net bank credit. As a result, we may experience a significant increase in impaired loans in our directed lending portfolio, particularly loans to the agriculture sector and small-scale industries, since economic difficulties are likely to affect those borrowers more severely and we would be less able to control the quality of this portfolio.

Higher credit risk may expose us to a potential loss, which would adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

Our business is particularly vulnerable to volatility in interest rates caused by deregulation of the financial sector in India.

Over the last few years, the Indian government and the Reserve Bank of India have substantially deregulated interest rates. As a result, interest rates are now primarily determined by the market. This has increased the interest rate risk exposure of all banks and financial institutions, including us.

Our results of operations are substantially dependent upon the level of our net interest income. Interest rates are highly sensitive to many factors beyond our control, including deregulation of the financial sector in India, the Reserve Bank of India's monetary policies, domestic and international economic and political conditions and other factors. Changes in interest rates could affect the interest rates charged on interest-earning assets differently than the interest rates paid on interest-bearing liabilities. This difference could result in an increase in interest expense relative to interest income leading to a reduction in our net interest income. Based on our asset-liability position at year-end fiscal 2003, an increase in interest rates would result in an increase in our interest expense relative to our interest income leading to a reduction in our net interest income.

Income from treasury operations is particularly vulnerable to interest rate volatility. Following the amalgamation, the liabilities of ICICI became subject to the statutory liquidity ratio requirement, which requires that an amount equal to a specified percentage, currently 25.0%, of a bank's demand and time liabilities be invested in government of India securities. This has increased our interest rate risk exposure. An increasing interest rate environment is likely to adversely affect the income from treasury operations of banks in India, such as us. The estimated negative impact of a 1.0% rise in interest rates on the value of our trading portfolio (including the trading portfolio of ICICI Securities, ICICI Bank's investment banking subsidiary) at year-end fiscal 2003 would have been Rs. 1,824 million (US\$ 38 million). Declines in the value of our trading portfolio in such an environment will adversely affect our income. In addition, the value of government of India securities, held for meeting

the statutory liquidity ratio requirement, and classified as available for sale securities would be adversely impacted by any increase in interest rates.

Interest rates in India, including yields on government of India securities, have declined significantly during fiscal 2002 and fiscal 2003, reflecting the liquidity in the system. The rate of interest on government small savings and public provident fund schemes was lowered by 100 basis points in the government of India's budget for fiscal 2004. The Reserve Bank of India subsequently reduced the rate of interest on savings deposits taken by banks by 50 basis points. However, no assurance can be given as to the likely trend of interest rates in the future.

Volatility in interest rates could adversely affect our business, our future financial performance and the price of our equity shares and our ADSs.

If we are not able to succeed in our retail products and services, we may not be able to meet our projected earnings and growth targets.

We see retail products and services as the primary driver of our growth. Retail products and services are a critical component of our projections of earnings. However, we recognize that retail products and services are substantially different from corporate products and services and require very different personnel, skills and infrastructure. We cannot assure you that we have accurately estimated the relevant demand for our new banking products. Retail products and services could expose us to the risk of financial irregularities by various intermediaries and customers. We cannot assure you that we will be able to master and deliver the skills and management information systems necessary to successfully manage these retail products and services.

Our retail loans were Rs. 188.3 billion (US\$ 4.0 billion) or 27.5% of our gross loans outstanding at year-end fiscal 2003. ICICI's retail loans were Rs. 73.0 billion (US\$ 1.5 billion) or 13.0% of its gross loans outstanding at year-end fiscal 2002. ICICI Bank's retail loans were Rs. 7,150 million (US\$ 150 million) or 9.4% of its gross loans outstanding at year-end fiscal 2002. Our retail loans are relatively new and we cannot assure you that there will be no additional impairment on account of these loans and that such impairment will not have a materially adverse impact on the quality of our loan portfolio. Our inability to grow or succeed in retail products and services business may adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

If we are not able to succeed in our new business areas, we may not be able to meet our projected earnings and growth targets.

We are continuing to look at business opportunities in certain sectors of the economy with which we have not traditionally been involved, including governments, the public sector and the agriculture sector. ICICI entered the life insurance business in fiscal 2001 and the non-life insurance business in fiscal 2002 through its subsidiaries, which are now subsidiaries of ICICI Bank. We are also seeking to expand internationally by leveraging on our home country links and technology competencies in financial services. We are a new entrant in international business and the skills required for this business could be different from those for our domestic businesses. The life insurance and non-life insurance businesses and the international business are expected to require substantial capital in the initial period. We cannot be certain that these new businesses will perform as anticipated. Our inability to grow or succeed in new business areas may adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

A determination against us in respect of disputed tax assessments may adversely impact our financial performance.

At year-end fiscal 2003, we had been assessed an aggregate of Rs. 20.4 billion (US\$ 429 million) in excess of the provision made in our accounts, in income tax, interest tax, wealth tax and sales tax demands by the government of India's tax authorities. We have appealed each of these tax demands.

While we expect that no additional liability will arise out of these disputed demands, there can be no assurance that these matters will be settled in our favor, and that no further liability will arise out of these demands. Of the Rs. 20.4 billion (US\$ 429 million) aggregate tax assessments in excess of the provision made in our accounts, a major portion relates to the treatment of depreciation claim on leased assets. In respect of depreciation claimed by us for fiscal 1993 on two sale and lease back transactions, the Income Tax Appellate Tribunal, Mumbai held in August 2003 that no depreciation is allowable to us. The additional tax impact of this decision is Rs. 189 million (US\$ 4 million). We intend to appeal against this decision before the High Court and believe that we will receive a favorable decision in the matter. As the Income Tax Appellate Tribunal's decision is based on the facts of two specific transactions, we believe that the Income Tax Appellate Tribunal's decision will not have an adverse tax impact on other sale and lease back transactions entered into by us. Moreover, the lease agreements provide for variation in the lease rental to offset any loss of depreciation benefit to us. Any additional tax liability may adversely impact our financial performance and the price of our equity shares and our ADSs.

The success of our Internet-related strategy will depend, in part, on the development of adequate infrastructure for the Internet in India.

We offer several Internet-based products for our retail and corporate customers. There can be no assurance that the Internet infrastructure will be able to support the demands of our anticipated growth. Inadequate infrastructure could result in slower response times and adversely affect usage of the Internet generally. If the infrastructure for the Internet does not effectively support growth that may occur, we will not be able to execute our growth strategy for our Internet-related businesses. Our inability to grow in this business area may adversely affect our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

Our business is very competitive and our growth strategy depends on our ability to compete effectively.

Interest rate deregulation and other liberalization measures affecting the financial sector have increased our exposure to competition. The liberalization process has led to increased access for our customers to alternative sources of funds, such as domestic and foreign commercial banks and the domestic and international capital markets. We will continue to face competition from Indian and foreign commercial banks in our corporate products and services. Over the last couple of years, almost all Indian banks have increased their focus on retail loans. We will face competition from Indian and foreign commercial banks and non-bank finance companies in our retail products and services. In addition, as we raise our funds from market sources and individual depositors, we will face increasing competition for such funds. The Indian financial sector may experience further consolidation, resulting in fewer banks and financial institutions, some of which may have greater resources than us. Our future success will depend upon our ability to compete effectively. Due to competitive pressures, we may be unable to successfully execute our growth strategy and offer products and services at reasonable returns and this may adversely impact our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

If we are not able to integrate recent acquisitions or if we are not able to integrate any future acquisitions, our business could be disrupted and the price of our equity shares and ADSs could go down.

In July 2003, ICICI OneSource Limited, an entity consolidated in our US GAAP financial statements, acquired First Ring, a business process outsourcing company based in India. In May 2003, we acquired Transamerica Apple Distribution Finance Private Limited (subsequently renamed ICICI Distribution Finance Private Limited), a non-bank finance company based in India. In September 2002, ICICI Infotech, an entity consolidated in our US GAAP financial statements, acquired the remaining 50.0% ownership interest in Tricolor Infotech International Inc., Mauritius. In May 2002, ICICI OneSource Limited acquired CustomerAsset, a contact center services company based in India.

In fiscal 2002, ICICI Infotech acquired Insyst Technologies Limited, a software development company based in India. The challenges in integration of some or all of these recent acquisitions could adversely affect our business, our financial performance and the price of our equity shares and our ADSs.

We have no understanding, commitment or agreement with respect to any material future acquisition or investment, though we may seek opportunities for growth through future acquisitions. Any future acquisition may involve a number of risks, including deterioration of asset quality, diversion of attention of our management, attention required to integrate the acquired business and the failure to retain key acquired personnel and clients, some or all of which could have an adverse effect on our business, our future financial performance, our stockholders' equity and the price of our equity shares and our ADSs.

The businesses formerly conducted by ICICI are, after the amalgamation, subject to a number of banking regulations under Indian law, which may impact our profitability.

The businesses of ICICI conducted by us after the amalgamation, are now subject to a number of banking regulations under Indian law, including maintenance of statutory liquidity and cash reserve ratios and directed lending requirements. Compliance with these regulations may impact the profitability of our combined businesses in our initial years. We have a different mix of assets and funding sources than ICICI and ICICI Bank as independent and separate entities. The impact of the statutory liquidity ratio, which requires that a significant portion of an Indian bank's liabilities be held in Indian government securities, has increased our market risk exposure and reduced our interest income. Our income, profitability and market risk profile may therefore be adversely affected by the impact of these regulatory requirements. This may result in lower income in the initial years after the amalgamation. The directed lending norms of the Reserve Bank of India require that every bank should extend 40.0% of its net bank credit to certain eligible sectors, such as agriculture, small-scale industries and housing finance up to certain limits, which are categorized as "priority sectors". Considering that the directed lending norms were not applicable to ICICI, the Reserve Bank of India directed us to maintain 50.0% of our net bank credit on the residual portion of our advances (i.e. the portion of our total advances excluding advances of ICICI at year-end fiscal 2002) in the form of priority sector loans until such time as our aggregate priority sector advances reach a level of 40.0% of our total net bank credit. We may experience a significant increase in impaired loans in our directed lending portfolio, particularly loans to the agriculture sector and small-scale industries, since economic difficulties are likely to affect those borrowers more severely and we would be less able to control the quality of this portfolio. We may not be able to maintain the business, growth and financial performance of ICICI and ICICI Bank and any failure to do so could adversely affect our stockholder's equity and the price of our equity shares and our ADSs.

Our funding is primarily short-term and if depositors do not roll over deposited funds upon maturity our business could be adversely affected.

Most of our incremental funding requirements, including replacement of maturing liabilities of ICICI which generally had longer maturities, are met through short-term funding sources, primarily in the form of deposits including inter-bank deposits. However, a large portion of our assets, primarily the assets of ICICI, have medium or long-term maturities, creating a potential for funding mismatches. Our customer deposits are generally of less than one year maturity. If a substantial number of our depositors do not roll over deposited funds upon maturity, our liquidity position could be adversely affected. The failure to obtain rollover of customer deposits upon maturity or to replace them with fresh deposits could have a material adverse effect on our business, our future financial performance and the price of our equity shares and our ADSs.

In April 2003, unsubstantiated rumours believed to have originated in Gujarat, alleged that we were facing liquidity problems, although our liquidity position was sound. We witnessed higher than normal deposit withdrawals during the period April 11 to 13, 2003, on account of these

unsubstantiated rumours. We successfully controlled the situation, but if such situations were to arise in future, any failure to control such situations could result in large deposit withdrawals, which would adversely impact our liquidity position.

Material changes in the regulations which govern us could cause our business to suffer and the price of our equity shares and our ADSs to go down.

Banks in India operate in a highly regulated environment. The Reserve Bank of India extensively supervises and regulates banks. In addition, these banks are subject generally to changes in Indian law, as well as to changes in regulation and government policies, income tax laws and accounting principles. The laws and regulations governing the banking sector could change in the future and any such changes could adversely affect our business, our future financial performance and the price of our equity shares and our ADSs.

Significant security breaches could adversely impact our business.

We seek to protect our computer systems and network infrastructure from physical break-ins as well as security breaches and other disruptive problems caused by our increased use of the Internet. Computer break-ins and power disruptions could affect the security of information stored in and transmitted through these computer systems and network infrastructure. We employ security systems, including firewalls and password encryption, designed to minimize the risk of security breaches. Although we intend to continue to implement security technology and establish operational procedures to prevent break-ins, damage and failures, there can be no assurance that these security measures will be successful. A significant failure in security measures could have a material adverse effect on our business, our future financial performance and the price of our equity shares and our ADSs.

Our business operations are transaction-oriented. Although we take adequate measures to safeguard against fraud, there can be no assurance that we would be able to prevent fraud. Our reputation could be adversely affected by significant fraud committed by employees, customers or outsiders.

System failures could adversely impact our business.

Given the increasing share of retail products and services and transaction banking services in our total business, the importance of systems technology to our business has increased significantly. Our principal delivery channels include ATMs, call centers and the Internet. Any failure in our systems, particularly for retail products and services and transaction banking, could significantly affect our operations and the quality of customer service and could result in business and financial losses.

If we are unable to adapt to rapid technological changes, our business could suffer.

Our success will depend, in part, on our ability to respond to technological advances and emerging banking industry standards and practices on a cost-effective and timely basis. The development and implementation of such technology entails significant technical and business risks. There can be no assurance that we will successfully implement new technologies effectively or adapt our transaction-processing systems to customer requirements or emerging industry standards. If we are unable, for technical, legal, financial or other reasons, to adapt in a timely manner to changing market conditions, customer requirements or technological changes, our business and our future financial performance could be materially affected.

If we are required to change our accounting policies with respect to the expensing of stock options, our earnings could be adversely affected.

We currently deduct the expense of employee stock option grants from our income based on the intrinsic value method and not on the fair value method. The Financial Accounting Standards Board and the International Accounting Standards Board are considering requiring companies to change their accounting policies to account for stock options issued to employees based on the fair value method. Many companies have or are in the process of voluntarily changing their accounting policies to expense the cost of stock options based on the fair value method. Stock options are an important part of our employee compensation package. If we change our accounting policy with respect to the treatment of stock options, our earnings could be adversely affected. We have adopted the pro forma disclosure provisions of SFAS No. 123, Accounting for Stock-Based Compensation. Had compensation cost for our stock-based compensation plan been determined in a manner consistent with the fair value approach described in SFAS No. 123, our net loss in fiscal 2003 as reported would have been increased to the pro forma amount of Rs. 8,334 million (US\$ 175 million) and ICICI's net income as reported would have been reduced to the pro forma amounts of Rs. 1,515 million (US\$ 32 million) and Rs. 6,539 million (US\$ 138 million) in fiscal 2002 and fiscal 2001 respectively.

Risks Relating to the ADSs and Equity Shares

You will not be able to vote your ADSs.

ADS holders have no voting rights unlike holders of the equity shares who have voting rights. The depositary will exercise its right to vote on the equity shares represented by the ADSs as directed by ICICI Bank's board of directors. If you wish, you may withdraw the equity shares underlying the ADSs and seek to vote the equity shares you obtain from the withdrawal. However, for foreign investors, this withdrawal process may be subject to delays. For a discussion of the legal restrictions triggered by a withdrawal of the equity shares from the depositary facility upon surrender of ADSs, see "Restriction on Foreign Ownership of Indian Securities".

US investors will be subject to special tax and interest charges if ICICI Bank is considered to be a passive foreign investment company.

Based upon certain proposed Treasury Regulations which are proposed to be effective for taxable years beginning after December 31, 1994 and upon certain management estimates, ICICI Bank does not expect to be a Passive Foreign Investment Company (PFIC). ICICI Bank has based the expectation that it is currently not a PFIC on, among other things, provisions in the proposed Treasury Regulations that provide that certain restricted reserves (including cash and securities) of banks are assets used in connection with banking activities and are not passive assets, as well as the composition of ICICI Bank's income and ICICI Bank's assets from time to time. Since there can be no assurance that such proposed Treasury Regulations will be finalized in their current form or not at all, and since the composition of income and assets of ICICI Bank will vary over time, there can be no assurance that ICICI Bank will not be considered a PFIC for any taxable year. If ICICI Bank is a PFIC for any taxable year during which a US holder holds equity shares or ADSs of ICICI Bank, the US holder would be treated in a manner comparable to that described under "Taxation - United States Tax - Passive Foreign Investment Company Rules".

Your ability to withdraw equity shares from the depositary facility is uncertain and may be subject to delays.

India's restrictions on foreign ownership of Indian companies limit the number of shares that may be owned by foreign investors and generally require government approval for foreign ownership. Investors who withdraw equity shares from the depositary facility will be subject to Indian regulatory restrictions on foreign ownership upon withdrawal. It is possible that this withdrawal process may be subject to delays. For a discussion of the legal restrictions triggered by a withdrawal of equity shares

from the depository facility upon surrender of ADSs, see "Restriction on Foreign Ownership of Indian Securities".

Your ability to sell in India any equity shares withdrawn from the depository facility may be subject to delays if specific approval of the Reserve Bank of India is required.

ADS holders seeking to sell in India any equity shares withdrawn upon surrender of an ADS will require Reserve Bank of India approval for each such transaction unless the sale of such equity shares is made on a stock exchange or in connection with an offer made under the regulations regarding takeovers. We cannot guarantee that any approval will be obtained in a timely manner or at all. Because of possible delays in obtaining requisite approvals, investors in equity shares may be prevented from realizing gains during periods of price increases or limiting losses during periods of price declines.

Restrictions on withdrawal of ADSs from the depository facility and redeposit of equity shares in the depository facility could adversely affect the price of our ADSs.

An ADS holder who surrenders an ADS and withdraws equity shares may be able to redeposit those equity shares in the depository facility in exchange for ADSs. In addition, an investor who has purchased equity shares in the Indian market may be able to deposit them in the ADS program. However, in either case, the deposit or redeposit of equity shares may be limited by securities law restrictions and will be restricted so that the cumulative aggregate number of equity shares that can be deposited or redeposited as of any time cannot exceed the cumulative aggregate number represented by ADSs converted into underlying equity shares as of such time. An investor who has purchased equity shares in the Indian market could, therefore, face restrictions in depositing them in the ADS program. This increases the risk that the market price of the ADSs will be below that of the equity shares. For a discussion of the legal restrictions triggered by withdrawal of ADSs from the depository facility and redeposit of equity shares in the depository facility, see "Restriction on Foreign Ownership of Indian Securities".

There may be restrictions on resales in the United States or to US persons of ICICI Bank shares or ADSs by affiliates of ICICI and/or ICICI Bank.

The equity shares and ADSs of ICICI Bank issued pursuant to the amalgamation were not registered under the US Securities Act of 1933, as amended (the Securities Act) in reliance upon the exemption from the registration requirements of the Securities Act provided by Section 3(a)(10) of the Securities Act. ICICI Bank received a "no-action letter" from the staff of the United States Securities and Exchange Commission (SEC) stating that it would not recommend that the SEC take enforcement action if ICICI Bank shares were issued to ICICI shareholders pursuant to the amalgamation without compliance with the registration requirements of the Securities Act in reliance on the exemption from registration contained in Section 3(a)(10) thereof. As a result, in the hands of most holders, the shares and ADSs issued pursuant to the amalgamation will not be treated as "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act, and may be resold by former holders of ICICI shares (except affiliates as described below) without regard to Rules 144 or 145(c) and (d) under the Securities Act.

Persons who received the shares or ADSs pursuant to the amalgamation and who were affiliates of ICICI before the amalgamation but are not affiliates of ICICI Bank after the amalgamation, or are affiliates of ICICI Bank after the amalgamation, are permitted to resell these shares or ADSs in the United States in the manner permitted by Rule 144(d) under the Securities Act, in each case without regard to the holding period requirement (one year) of Rule 144(d) under the Securities Act. Persons who may be deemed to be affiliates of ICICI include individuals who, or entities that, directly or indirectly controlled, or were controlled by, or were under common control with ICICI and would include certain officers and directors of ICICI and would likely include principal shareholders as well. Persons who may be deemed to be affiliates of ICICI Bank include individuals who, or entities that,

directly or indirectly control, or are controlled by, or are under common control with ICICI Bank and would include certain officers and directors of ICICI Bank and would likely include principal shareholders as well. The persons referred to above in addition to reselling the shares or ADSs received pursuant to the amalgamation in the United States in the manner permitted by Rule 145(d) under the Securities Act may also sell such securities pursuant to any other available exemption under the Securities Act. Former ICICI shareholders or ADS holders who believe they may be affiliates for the purposes of the Securities Act, should consult their own legal advisers in the event they plan to sell such shares or ADSs to a United States person or in the United States.

Certain shareholders own a large percentage of our equity shares. Their actions could adversely affect the price of our equity shares and our ADSs.

Our principal shareholders include the Life Insurance Corporation of India, the General Insurance Corporation of India, government-owned general insurance companies and the Unit Trust of India, each of which is directly or indirectly controlled by the Indian government. At August 29, 2003, government-controlled entities owned approximately 17.8% of our outstanding equity shares. As a result of such share ownership, the Indian government will continue to have the ability to exercise influence over most matters requiring approval of our shareholders, including the election and removal of directors and significant corporate actions. Our other large shareholders include Orcasia Limited, Government of Singapore and Bajaj Auto Limited. Any substantial sale of our equity shares by these or other large shareholders could adversely affect the price of our equity shares and our ADSs.

Conditions in the Indian securities market may affect the price or liquidity of our equity shares and our ADSs.

The Indian securities markets are smaller and more volatile than securities markets in developed economies. The Indian stock exchanges have in the past experienced substantial fluctuations in the prices of listed securities.

Indian stock exchanges have also experienced problems that have affected the market price and liquidity of the securities of Indian companies. These problems have included temporary exchange closures, broker defaults, settlement delays and strikes by brokers. The Stock Exchange, Mumbai, or the BSE, was closed for three days in March 1995 following a default by a broker. In March 2001, the BSE dropped 667 points or 15.6% and there were also rumors of insider trading in the BSE leading to the resignation of the BSE president and several other members of the governing board. In the same month, the Kolkata Stock Exchange, formerly known as the Calcutta Stock Exchange, suffered a payment crisis when several brokers defaulted and the exchange invoked guarantees provided by various Indian banks. In April 2003, the decline in the price of the equity shares of a leading Indian software company created volatility in the Indian stock markets and created temporary concerns regarding our exposure to the equity markets. In addition, the governing bodies of the Indian stock exchanges have from time to time imposed restrictions on trading in certain securities, limitations on price movements and margin requirements. Further, from time to time, disputes have occurred between listed companies and stock exchanges and other regulatory bodies, which in some cases may have had a negative effect on market sentiment. In recent years, there have been changes in laws and regulations for the taxation of dividend income, which have impacted the Indian equity capital markets. See “Dividends”. Similar problems or changes could occur in the future and, if they did, they could affect the market price and liquidity of our equity shares and our ADSs.

Settlement of trades of equity shares on Indian stock exchanges may be subject to delays.

The equity shares represented by the ADSs are currently listed on the Chennai, Delhi, Kolkata, Vadodara Stock Exchanges, the BSE and the National Stock Exchange of India. Settlement on those stock exchanges may be subject to delays and an investor in equity shares withdrawn from the depository facility upon surrender of ADSs may not be able to settle trades on such stock exchanges in

a timely manner. We have also received shareholder approval in our Annual General Meeting held on August 25, 2003 for the delisting of our equity shares from the Chennai, Delhi, Kolkata and Vadodara stock exchanges.

As a result of Indian government regulation of foreign ownership, the price of our ADSs could go down.

Foreign ownership of Indian securities is heavily regulated and is generally restricted. ADSs issued by companies in certain emerging markets, including India, may trade at a discount or premium to the underlying equity shares, in part because of the restrictions on foreign ownership of the underlying equity shares.

Your holdings may be diluted by additional issuances of equity and any dilution may adversely affect the market price of our equity shares and ADSs.

There is a risk that growth in our business, including in our international operations and our insurance business, could require us to fund this growth through additional equity offerings. In addition, up to 5.0% of ICICI Bank's issued equity shares following the amalgamation, was permitted to be issued in accordance with ICICI Bank's employee stock option scheme to eligible employees of ICICI Bank and its subsidiaries. At August 31, 2003, ICICI Bank had granted a total of 21,396,475 stock options, of which 193,545 had been exercised, 6,585,758 had vested but had not been exercised and 1,506,775 had lapsed or been forfeited. The total stock options granted, less options lapsed or forfeited, were 3.2% of ICICI Bank's issued equity shares.

Any future issuance of equity shares would dilute the positions of investors in the ADSs and equity shares, and could adversely affect the market price of our equity shares and our ADSs.

You may be unable to exercise preemptive rights available to other shareholders.

A company incorporated in India must offer its holders of equity shares preemptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages prior to the issuance of any new equity shares, unless these rights have been waived by at least 75.0% of the company's shareholders present and voting at a shareholders' general meeting. US investors in ADSs may be unable to exercise preemptive rights for equity shares underlying ADSs unless a registration statement under the Securities Act is effective with respect to such rights or an exemption from the registration requirements of the Securities Act is available. Our decision to file a registration statement will depend on the costs and potential liabilities associated with any such registration statement as well as the perceived benefits of enabling US investors in ADSs to exercise their preemptive rights and any other factors we consider appropriate at the time. We do not commit that we would file a registration statement under these circumstances. If ICICI Bank issues any such securities in the future, such securities may be issued to the depositary, which may sell such securities in the securities markets in India for the benefit of the investors in the ADSs. There can be no assurance as to the value, if any, the depositary would receive upon the sale of these securities. To the extent that investors in ADSs are unable to exercise preemptive rights, their proportional interests in ICICI Bank would be reduced.

Because the equity shares underlying the ADSs are quoted in rupees in India, you may be subject to potential losses arising out of exchange rate risk on the Indian rupee and risks associated with the conversion of rupee proceeds into foreign currency.

Investors that purchase ADSs are required to pay for the ADSs in US dollars. Investors are subject to currency fluctuation risk and convertibility risks since the equity shares are quoted in rupees on the Indian stock exchanges on which they are listed. Dividends on the equity shares will also be paid in rupees, and then converted into US dollars for distribution to ADS investors. Investors that seek to convert the rupee proceeds of a sale of equity shares withdrawn upon surrender of ADSs into

foreign currency and export the foreign currency will need to obtain the approval of the Reserve Bank of India for each such transaction. In addition, investors that seek to sell equity shares withdrawn from the depositary facility will have to obtain approval from the Reserve Bank of India, unless the sale is made on a stock exchange or in connection with an offer made under the regulations regarding takeovers. Holders of rupees in India may also generally not purchase foreign currency without general or special approval from the Reserve Bank of India. However, dividends received by the depositary in rupees and, subject to approval by the Reserve Bank of India, rupee proceeds arising from the sale on an Indian stock exchange of equity shares, which have been withdrawn from the depositary facility, may be converted into US dollars at the market rate.

On an average annual basis, the rupee has declined against the US dollar since 1980. As measured by the Reserve Bank of India's reference rate, the rupee lost approximately 15.3% of its value against the US dollar from September 1998 to May 2002, depreciating from Rs. 42.52 per US\$ 1.00 on September 1, 1998 to Rs. 49.03 per US\$ 1.00 on May 31, 2002 before appreciating to Rs. 45.78 per US\$ 1.00 on September 12, 2003. In addition, in the past, the Indian economy has experienced severe foreign exchange shortages.

You may be subject to Indian taxes arising out of capital gains.

Generally, capital gains, whether short-term or long-term, arising on the sale of the underlying equity shares in India are subject to Indian capital gains tax. For the purpose of computing the amount of capital gains subject to tax, Indian law specifies that the cost of acquisition of the equity shares will be deemed to be the share price prevailing on the BSE or the National Stock Exchange on the date the depositary advises the custodian to redeem receipts in exchange for underlying equity shares. The period of holding of such equity shares, for determining whether the gain is long-term or short-term, commences on the date of the giving of such notice by the depositary to the custodian. Investors are advised to consult their own tax advisers and to consider carefully the potential tax consequences of an investment in the ADSs.

There may be less company information available in Indian securities markets than securities markets in developed countries.

There is a difference between the level of regulation and monitoring of the Indian securities markets and the activities of investors, brokers and other participants and that of markets in the United States and other developed countries. The Securities and Exchange Board of India is responsible for improving disclosure and other regulatory standards for the Indian securities markets. The Securities and Exchange Board of India has issued regulations and guidelines on disclosure requirements, insider trading and other matters. There may, however, be less publicly available information about Indian companies than is regularly made available by public companies in developed countries.

BUSINESS

Overview

We offer a wide range of banking products and services to corporate and retail customers through a variety of delivery channels. In fiscal 2003, we made a net loss of Rs. 7.98 billion (US\$ 168 million) compared to a net income of Rs. 1.55 billion (US\$ 33 million) in fiscal 2002. We made a loss primarily due to the high level of provision for loan losses, which was Rs. 19.65 billion (US\$ 413 million) in fiscal 2003 as a result of large additions to restructured and other impaired loans during the year. At year-end fiscal 2003, we had assets of Rs. 1,180.3 billion (US\$ 24.8 billion) and stockholders' equity of Rs. 92.2 billion (US\$ 1.9 billion).

ICICI Bank was organized under the laws of India in 1994 as a private sector commercial bank. ICICI Bank was an affiliate company of ICICI. ICICI was organized under the laws of India in 1955 and together with its subsidiaries and affiliates was a diversified financial services group. In April 2002, ICICI and two of its subsidiaries, ICICI Personal Financial Services and ICICI Capital Services merged with and into ICICI Bank in an all-stock amalgamation. Pursuant to the amalgamation, the shareholders of ICICI were issued ICICI Bank equity shares in the ratio of one fully paid-up equity share, par value Rs. 10 per share, of ICICI Bank for every two fully paid-up equity shares, par value Rs. 10 per share, of ICICI. As there were five ICICI equity shares underlying each ICICI ADS and two ICICI Bank equity shares underlying each ICICI Bank ADS, holders of ICICI ADSs were issued five ICICI Bank ADSs for every four ICICI ADSs.

Statement on Financial Accounting Standards No. 141 on "Business Combinations", issued by the Financial Accounting Standards Board, requires that business combinations be accounted for in the period in which the combination is consummated. The effective date of the amalgamation for accounting purposes under US GAAP was April 1, 2002. Accordingly, under US GAAP, the amalgamation has been reflected in the financial statements for fiscal 2003 contained in this annual report, as it was consummated in April 2002. Under US GAAP, the amalgamation was accounted for as a reverse acquisition. This means that ICICI was recognized as the accounting acquirer in the amalgamation, although ICICI Bank was the legal acquirer. Accordingly, the financial statements and other financial information contained in this annual report for fiscal 2002 and prior years, except where specifically stated otherwise, present the assets, liabilities and results of operations of ICICI.

Under Indian GAAP, the amalgamation was accounted for on March 30, 2002, the Appointed Date specified in the Scheme of Amalgamation, with ICICI Bank recognized as the accounting acquirer.

As we are the surviving legal entity in the amalgamation, the other subsidiaries and affiliates of ICICI have become our subsidiaries and affiliates. Consequently, the products and services offered by ICICI and its subsidiaries and affiliates are now offered by us. These include project and corporate finance and a wide range of retail credit products such as home loans, automobile loans and other consumer finance products and services, as well as a number of advisory, investment and other financial activities, venture capital, life insurance and non-life insurance.

During fiscal 2003, we offered products and services in the areas of commercial banking to corporate and retail customers, both domestic and international, investment banking and other products like insurance.

Our commercial banking operations for corporate customers include a range of products and services for India's leading corporations and growth-oriented middle market companies. Our products and services for corporate customers include loan products and fee and commission-based products and services. Our loan products consist of project finance, corporate finance and working capital loans, including cash credit facilities and bill discounting, and agricultural financing. Fee and commission-based products and services include documentary credits, standby letters of credit, project finance guarantees, cash management services, trust and retention accounts, cross-border trade

services, payment services, custodial services and loan syndication. Most of these fee and commission-based products and services provide recurring fees from customers. We also take rupee or foreign currency deposits with fixed or floating interest bases from our corporate customers. Our deposit taking products include certificates of deposit, checking accounts and time deposits.

Our commercial banking products and services for retail customers include both retail loans and retail liability products and services. We offer a wide range of retail credit products including home loans, automobile loans, commercial vehicle loans, two wheeler loans, consumer durable loans, dealer financing, personal loans, credit cards, loans against time deposits and loans against shares. We also offer loans and fee-based services to small enterprises, which include suppliers and dealers of large corporations, and clusters of small enterprises that have a homogeneous profile. We take rupee and foreign currency deposits from customers in India as well as non-resident Indians. Our deposit products include checking accounts and time deposits, with specific products for customers in various segments, like student accounts, payroll accounts, accounts for small businesses and non-resident Indian accounts. We also offer retail bond products. Our other retail products and services include private banking, debit cards, fund transfer facilities and utility bill payment services. We also distribute third party investment products, including government of India Relief Bonds, mutual funds and life insurance policies issued by our joint venture, ICICI Prudential Life Insurance Company.

Our investment banking business includes ICICI Bank's treasury operations. ICICI Bank's treasury operations include maintenance and management of regulatory reserves, proprietary trading in equity and fixed income, a range of products and services for corporate customers, such as forward contracts and interest rate and currency swaps, and foreign exchange products and services. Through its treasury operations, ICICI Bank manages its balance sheet including the maintenance of required regulatory reserves and seeks to optimize profits from its trading portfolio by taking advantage of market opportunities. There is no restriction on active management of ICICI Bank's regulatory portfolio through sales and purchases of securities. Our investment banking business also includes corporate advisory services, including advice on financing and strategic transactions, underwriting and placement of equity offerings and broking, and fixed income operations, including primary dealership in government securities and proprietary operations in various money market instruments, all of which are undertaken by ICICI Securities, our investment banking subsidiary. We also provide venture capital funding to start-up companies, as well as private equity to a range of companies, through funds managed by our subsidiary ICICI Venture Funds Management Company Limited.

Our other businesses include life insurance and non-life insurance. ICICI Prudential Life Insurance Company, our joint venture with Prudential plc, offers a range of life insurance products to individuals in India. ICICI Lombard General Insurance Company, our joint venture with Lombard Canada Limited, offers property and other non-life insurance products to companies and individuals in India.

We believe that the international markets present a major growth opportunity and have, therefore, expanded the range of our commercial banking products to international customers. Our strategy for growth in international markets is based on leveraging home country links for international expansion by capturing market share in select international markets. We have identified North America, the United Kingdom, the Middle-East and South-East Asia as the key regions for establishing our international presence. We established a wholly-owned subsidiary, ICICI Bank UK Limited, in the United Kingdom and received approval for undertaking banking business in the United Kingdom from the Financial Services Authority in August 2003. We also established a branch in Singapore in August 2003. We have a representative office in New York and have received regulatory approvals for setting up a subsidiary in Canada and representative offices in the United Arab Emirates and China.

We offer our customers a choice of delivery channels including physical branches, ATMs, telephone banking call centers and the Internet. In recent years, we have expanded our physical delivery channels, including bank branches and ATMs, to cover a total of approximately 1,695 locations in 269 centers throughout India at year-end fiscal 2003.

We have consistently used technology to differentiate our products and services from those of our competitors. For example, we were among the first banks in India to offer Internet banking. Our technology-driven products also include cash management services, mobile phone banking services and electronic commerce-based business-to-business and business-to-consumer banking solutions. To support our technology initiatives, we have set up online real time transaction processing systems. We remain focused on changes in customer needs and technological advances and seek to remain at the forefront of electronic banking in India.

Our legal name is ICICI Bank Limited but we are known commercially as ICICI Bank. We were incorporated on January 5, 1994 under the laws of India as a limited liability corporation. The duration of ICICI Bank is unlimited. Our principal corporate office is located at ICICI Bank Towers, Bandra-Kurla Complex, Mumbai 400 051, India, our telephone number is +91 22 2653 1414 and our web site address is www.icicibank.com. Our agent for service of process in the United States is CT Corporation System and their address is 111 Eighth Avenue, New York, New York, 10011.

History

ICICI Bank was formed in 1994 as a part of the ICICI group of companies. ICICI Bank's initial equity capital was contributed 75.0% by ICICI and 25.0% by SCICI Limited, a diversified finance and shipping finance lender of which ICICI owned 19.9% at December 1996. In December 1996, SCICI was merged into ICICI, and as a result, ICICI Bank became a wholly-owned subsidiary of ICICI. In May 1994, when ICICI obtained its commercial banking license to establish ICICI Bank, the Reserve Bank of India imposed a condition regarding dilution of holdings in commercial banks by promoters. This condition required ICICI to reduce its shareholding in ICICI Bank in stages, first to not more than 75.0% of its equity share capital and ultimately to not more than 40.0% of its equity share capital. In fiscal 1998, ICICI reduced its shareholding in ICICI Bank to just below 75.0% of its equity share capital as required, through a public offering of shares in India. In March 2000, ICICI Bank completed an equity offering in the form of ADRs listed on the NYSE for an amount of US\$ 175 million. After this offering, ICICI's shareholding in ICICI Bank was approximately 62.2% of ICICI Bank's equity share capital.

Effective March 10, 2001, ICICI Bank acquired Bank of Madura, an old private sector bank, in an all stock merger which was approved by ICICI Bank's shareholders at an extraordinary general meeting held on January 19, 2001. ICICI Bank issued two of its equity shares, par value Rs. 10 per share, for every equity share, par value Rs. 10 per share, of Bank of Madura. The market value of the shares issued by ICICI Bank was Rs 3.7 billion (US\$ 78 million). The fair value of the net assets acquired by ICICI Bank was Rs. 1.3 billion (US\$ 27 million) and the fair value of the liabilities assumed by ICICI Bank was Rs. 39.1 billion (US\$ 822 million). This acquisition gave ICICI Bank a larger balance sheet and extensive geographic reach. This acquisition was accounted for under the purchase method of accounting. The assets acquired and liabilities assumed were recorded at estimated fair values as determined by ICICI Bank's management based on information then available and on assumptions made at that time as to future operations. ICICI's shareholding in ICICI Bank was reduced to approximately 55.6% after this merger.

In further compliance with the bank licensing condition stipulated by the Reserve Bank of India regarding dilution of holdings in commercial banks by promoters, ICICI divested, through sales in the Indian secondary markets to institutional investors, 8.8% of ICICI Bank's equity shares during March 2001. At year-end fiscal 2001, ICICI held 46.4% of ICICI Bank's equity shares. During the first five months (April to August) of fiscal 2002, ICICI sold additional equity shares of ICICI Bank in the Indian secondary markets to institutional investors. Consequently, ICICI's holding in ICICI Bank was reduced to 46.0% of ICICI Bank's equity share capital. In accordance with Section 4 of the Indian Companies Act, ICICI Bank ceased to be a subsidiary of ICICI as of March 22, 2001 and was accounted for under the equity method of accounting from April 1, 2000.

ICICI was formed in 1955 at the initiative of the World Bank, the government of India and representatives of Indian industry. The principal objective was to create a development financial

institution for providing medium-term and long-term project financing to Indian businesses. Until the late 1980s, ICICI primarily focused its activities on project finance, providing long-term funds to a variety of industrial projects. With the liberalization of the financial sector in India in the 1990s, ICICI transformed its business from a development financial institution offering only project finance to a diversified financial services provider that, along with its subsidiaries and affiliates, offered a wide variety of products and services. As India's economy became more market-oriented and integrated with the world economy, ICICI capitalized on the new opportunities to provide a wider range of financial products and services to a broader spectrum of clients. ICICI set up independent operations through the incorporation of subsidiaries and affiliates in the areas of venture capital funding (1988), asset management (1993), investment banking (1993), commercial banking (1994), brokering and marketing (1994), personal finance (1997), Internet stock trading (1999), home finance (1999) and insurance (2000).

ICICI Bank offered products and services which largely complemented the products and services offered by ICICI and its other subsidiaries and affiliates. ICICI Bank sought to take advantage of the customer relationships of ICICI and its other subsidiaries and affiliates. These relationships were particularly effective in helping ICICI Bank gain access to the larger corporations, as ICICI Bank's balance sheet on a stand-alone basis would not have permitted it to take the large exposures that might be undertaken by ICICI given its large balance sheet capabilities. ICICI Bank also sought to benefit from ICICI's corporate relationships in growing its retail business. ICICI Bank sold retail products to the employees of the ICICI group's corporate customers, including offering corporate customers its payroll deposit scheme for their employees. ICICI's retail bondholders also presented ICICI Bank with an opportunity for cross selling a variety of products, including bank accounts, credit cards, depositary share accounts and, to a limited extent, retail loans.

The issue of universal banking, which in the Indian context means conversion of long-term lending institutions into commercial banks, has been discussed at length over the past few years. The Reserve Bank of India in its Mid-Term Review of Monetary and Credit Policy for fiscal 2000 and its circular on Approach to Universal Banking issued on April 28, 2001, announced that it would consider proposals from long-term lending institutions (like ICICI) wishing to transform themselves into banks on a case-by-case basis. In its Mid-Term Review of Monetary and Credit Policy for fiscal 2002, the Reserve Bank of India encouraged financial institutions to submit proposals for their transformation into banks. See "Overview of the Indian Financial Sector – Recent Structural Reforms – Universal Banking Guidelines" for a discussion of the key regulatory provisions governing the transformation of financial institutions into banks.

Conversion into a bank offered ICICI the ability to accept low-cost demand deposits and offer a wider range of products and services, and greater opportunities for earning non-fund based income in the form of banking fees and commissions. In view of the benefits of transformation into a bank and the Reserve Bank of India's pronouncements on universal banking, ICICI explored various corporate structuring alternatives for its transformation into a universal bank. ICICI also held discussions with the Reserve Bank of India on an appropriate transition path and compliance with regulatory requirements. ICICI Bank also considered various strategic alternatives, in the context of the emerging competitive scenario in the Indian banking industry, and the move towards universal banking. ICICI Bank identified a large capital base and size and scale of operations as key success factors in the Indian banking industry. The strategic alternatives examined by ICICI and ICICI Bank included an amalgamation of the two entities, in view of ICICI's significant shareholding in ICICI Bank, and the existing strong business synergies between the two entities. ICICI also considered the reorganization of its subsidiary companies.

Following this strategizing on the various alternatives including an amalgamation of ICICI and ICICI Bank, the senior managements of ICICI and ICICI Bank commenced a program of in-depth confidential discussions on the various strategic alternatives in July 2001. These discussions were held on various dates during July-August 2001. Based on these discussions, the managements of ICICI and ICICI Bank formed the view that the amalgamation of ICICI with ICICI Bank would be the

optimal strategic alternative for both entities, and would create the optimal legal structure for the ICICI group's universal banking strategy. The managements of ICICI and ICICI Bank accordingly decided to prepare, for submission to their respective boards of directors, a proposal for the amalgamation of ICICI, ICICI Capital Services and ICICI Personal Financial Services, with ICICI Bank. ICICI Capital Services was a wholly-owned subsidiary of ICICI, and was one of the largest distributors of financial and investment products in India. It also provided front-office services to the retail and semi-retail investors of ICICI, and undertook the management of the various ICICI centers, which were low-cost stand-alone offices acting as marketing and service centers, set up by ICICI. ICICI Personal Financial Services was also a wholly-owned subsidiary of ICICI, and was engaged in the distribution and servicing of various retail credit products and other services offered by ICICI and ICICI Bank.

The amalgamation was approved by each of the boards of directors of ICICI, ICICI Personal Financial Services, ICICI Capital Services and ICICI Bank at their respective meetings held on October 25, 2001. The amalgamation was approved by the shareholders of ICICI Bank and ICICI at their extraordinary general meetings held on January 25, 2002 and January 30, 2002, respectively. The amalgamation was sanctioned by the High Court of Gujarat at Ahmedabad on March 7, 2002 and by the High Court of Judicature at Bombay on April 11, 2002. The amalgamation was approved by the Reserve Bank of India on April 26, 2002.

Shareholding of ICICI in ICICI Bank

At year-end fiscal 2002, ICICI held 101,395,949 shares of ICICI Bank, representing 46.0% of the equity share capital of ICICI Bank. Pursuant to the provisions of the Scheme of Amalgamation, ICICI transferred all of the ICICI Bank shares held by it to the ICICI Bank Shares Trust with Western India Trustee & Executor Company Limited as the Trustee, to hold such ICICI Bank shares in trust exclusively for the benefit of ICICI and its successors. These shares constituted 16.5% of ICICI Bank's equity share capital. The Scheme of Amalgamation provided that the Trustees were to divest or otherwise dispose of the shares within 24 months of the amalgamation becoming effective and remit the proceeds of divestment to ICICI Bank. On September 26, 2002, these shares were sold by the Trust through the stock exchange, primarily to foreign strategic and institutional investors, at an average sale price of approximately Rs. 130 per equity share.

Shareholding Structure and Relationship with the Government of India

We operate as an autonomous and commercial enterprise, making decisions and pursuing strategies that are designed to maximize shareholder value, and the Indian government has never directly held any of our shares. Reflecting the dominant role of the Indian government in the Indian economy and ICICI's status as a public financial institution named in the Indian Companies Act, ICICI's principal shareholders were government-controlled. They included the Life Insurance Corporation of India, the General Insurance Corporation of India, government-owned general insurance companies and the Unit Trust of India. Consequent to the amalgamation of ICICI with ICICI Bank, these government-controlled shareholders have received shares of ICICI Bank in exchange for their shareholding in ICICI. There is no shareholders' agreement or voting trust relating to the ownership of the shares held by the government-controlled shareholders. ICICI Bank is the surviving legal entity in the amalgamation. Accordingly, ICICI Bank is not a public financial institution. See "Supervision and Regulation – Public Financial Institution Status" for a discussion of ICICI's public financial institution status and the implications of the absence of such status for us.

The following table sets forth, at August 29, 2003, certain information regarding the ownership of ICICI Bank's equity shares.

	Percentage of total equity shares outstanding	Number of equity shares held
Government-controlled shareholders:		
Life Insurance Corporation of India	7.99	48,977,875
General Insurance Corporation of India and government-owned general insurance companies	7.02	43,022,254
Unit Trust of India	2.31	14,152,517
Other government-controlled institutions, corporations and banks	0.48	2,970,348
Total government-controlled shareholders	17.80	109,122,994
Other Indian investors:		
Individual domestic investors ^{(1) (2)}	8.69	53,256,192
Bajaj Auto Limited	3.49	21,418,655
Indian corporates and others (excluding Bajaj Auto Limited)	1.56	9,543,612
Mutual funds and banks (other than government-controlled banks)	1.81	11,144,173
Total other Indian investors	15.55	95,362,632
Total Indian investors	33.35	204,485,626
Foreign investors:		
Deutsche Bank Trust Company Americas, as depositary	26.08	159,882,118
Orcasia Limited	7.54	46,231,626
Government of Singapore	5.72	35,062,343
Foreign institutional investors, foreign banks, overseas corporate bodies and non-resident Indians (excluding Orcasia Limited and Government of Singapore)	27.31	167,481,101
Total foreign investors	66.65	408,657,188
Total	100.00	613,142,814

(1) Executive officers and directors as a group held less than 0.1% of the equity shares as of this date.

(2) No single shareholder in this group owned 5.0% or more of ICICI Bank's equity shares as of this date.

The government of India has guaranteed certain of our domestic and multilateral borrowings. Under the terms of these loan and guarantee facilities provided by the government of India to us, the government of India is entitled to appoint and has appointed one representative to the board of ICICI Bank. ICICI had traditionally invited a representative each of the government-controlled insurance companies that are among our principal domestic institutional shareholders, General Insurance Corporation of India and Life Insurance Corporation of India, generally their respective Chairman, on its board. ICICI Bank had, effective May 3, 2002, appointed the then Chairman of General Insurance Corporation of India, Mr. D. Sengupta, to its board. He resigned from the board effective June 30, 2002, upon completion of his tenure as Chairman of General Insurance Corporation of India. Mr. P.C. Ghosh, the current Chairman of the General Insurance Corporation of India has been appointed as a Director effective January 31, 2003. We expect to appoint the Chairman of Life Insurance Corporation of India, to the board of ICICI Bank. See "Management—Directors and Executive Officers" for a discussion of the composition of ICICI Bank's board of directors.

ICICI raised US\$ 315 million through an offering of 32.14 million ADSs in September 1999. ICICI Bank raised US\$ 175 million through an offering of 15.91 million ADSs in March 2000. Pursuant to the amalgamation of ICICI with ICICI Bank, holders of ADSs in ICICI were issued ADSs in ICICI Bank. Deutsche Bank Trust Company Americas holds the equity shares represented by 79.94 million ADSs outstanding as depositary on behalf of the holders of the ADSs. The ADSs are listed on the New York Stock Exchange. The depositary has the right to vote on the equity shares represented by the ADSs as directed by ICICI Bank's board of directors. Under the Indian Banking Regulation Act, no person holding shares in a banking company can exercise more than 10.0% of the total voting

power. This means that Deutsche Bank Trust Company Americas (as depositary), which owned approximately 26.1% of ICICI Bank's equity shares as of August 29, 2003, could only vote 10.0% of ICICI Bank's equity shares in accordance with the directions of the board of directors. See "Overview of the Indian Financial Sector – Recent Structural Reforms – Proposed Amendments to the Banking Regulation Act". ICICI Bank does not have any agreement with its government-controlled shareholders regarding management control, voting rights, anti-dilution or any other matter. Except as stated above, no shareholder has differential voting rights.

The holding of foreign investors increased to 66.7% as at August 29, 2003 from 48.8% for ICICI at year-end fiscal 2002, primarily due to the sale of 101,395,949 shares constituting 16.5% of ICICI Bank's equity share capital subsequent to the amalgamation, held by Western India Trustee & Executor Company Limited (ICICI Bank Shares Trust) to primarily foreign strategic and institutional investors in September 2002, at an average price of approximately Rs. 130 per share.

The holding of government-controlled shareholders is 17.8% as at August 29, 2003 against 32.3% for ICICI at year-end fiscal 2002, primarily due to the issuance of one share in ICICI Bank for every two shares in ICICI pursuant to the amalgamation and the low shareholding (3.7%) of government-controlled shareholders in ICICI Bank prior to the amalgamation. The holding of Life Insurance Corporation of India is 8.0% as at August 29, 2003 against 12.3% for ICICI at year-end fiscal 2002 primarily due to the issuance of one share in ICICI Bank for every two shares in ICICI pursuant to the amalgamation. The holding of other Indian investors is 15.6% as at August 29, 2003, as against 18.9% for ICICI at year-end fiscal 2002.

Strategy

Our objective is to enhance our position as a premier provider of banking and other financial services in India.

The key elements of our business strategy are to:

- leverage on the synergies of the amalgamation of ICICI with ICICI Bank;
- focus on profitable, quality growth opportunities by:
 - maintaining and enhancing our strong retail franchise;
 - maintaining and enhancing our strong corporate franchise;
 - building an international presence; and
 - enhancing our strengths in the insurance business.
- emphasize conservative risk management practices and enhance asset quality;
- use technology for competitive advantages; and
- attract and retain talented professionals.

Leverage on the Synergies of the Amalgamation of ICICI with ICICI Bank

As a result of the acquisition of Bank of Madura, we became and continue to be the largest private sector bank in India and as a result of the amalgamation, we became and continue to be the second largest among all banks in India, in terms of total assets. The amalgamation has increased our capital base and expanded the scope of our business operations. We aim to continue to leverage on our increased capital base, comprehensive suite of products and services, extensive corporate and retail customer relationships, technology-enabled distribution architecture, strong brand franchise and vast talent pool. We aim to continue to take advantage of the combination of ICICI's large capital base with ICICI Bank's strong deposit raising capabilities to develop and increase our market share in profitable business lines.

Focus on Profitable, Quality Growth Opportunities by:

Maintaining and Enhancing our Strong Retail Franchise

We believe that the Indian retail financial services market is likely to continue to experience sustained growth. With upward migration of household income levels, increasing affordability of retail finance and acceptance of use of credit to finance purchases, retail credit has emerged as a rapidly growing opportunity for banks that have the necessary skills and infrastructure to succeed in this business. We have capitalized on the growing retail opportunity in India and believe that we have emerged, on an incremental basis, as a market leader in retail credit. The key dimensions of our retail strategy are innovative products, parity pricing, customer convenience, wide distribution, strong processes, prudent risk management and customer focus. Cross selling of the entire range of credit and investment products and banking services to our customers is a critical aspect of our retail strategy.

Our retail credit products include home loans, automobile loans, commercial vehicle loans, two wheeler loans, consumer durable loans, dealer financing, personal loans, credit cards, loans against time deposits and loans against shares. Our retail loans increased significantly during fiscal 2003, as a result of our focus on retail products and services. Retail credit forms an integral part of our portfolio diversification strategy. We believe that we have emerged, on an incremental basis, to be among the market leaders, in retail credit, based on publicly available data and our own market estimates. We will continue to build on our leadership position in retail credit.

We have integrated our strategy with regard to small enterprises with our strategy for retail products and services. We are focusing on offering working capital loans and other banking products and services to suppliers or dealers of large corporations, and clusters of small enterprises that have a homogeneous profile.

We have over the years achieved significant growth in our retail liability base. We offer a wide range of products and services to our retail liability customers, including deposits, debit cards, fund transfer facilities and utility bill payment services. We aim to continue to attract customers through innovative products such as “Salary Account”, our direct deposit product that allows our corporate customers’ employee salaries to be directly credited to special savings accounts.

We earn fee income from our commercial banking services to retail customers, including retail loan processing fees, credit card and debit card fees, and retail transaction fees. Our ATM acquiring business also generates fee income when customers of other banks execute transactions at our ATMs. We have also entered the credit card acquiring business, in which we earn income on transactions executed at merchant point of sale terminals owned by us. We also offer our customers depository share accounts and direct sales of third party mutual funds and government of India Relief Bonds, for which we earn fee income. Our Internet banking services include Money2India, an online remittance facility for non-resident Indians, which generates fee income. ICICI Web Trade Limited, an entity consolidated in our US GAAP financial statements, offers online share trading services to our retail customers.

All of our retail products are marketed under the “ICICI Bank” brand. To enhance our brand equity, we undertake comprehensive brand building and advertising campaigns with advertisements in print and television. Studies undertaken periodically by independent market research agencies commissioned by us have shown that our brand is among the top two financial services brands in India.

Maintaining and Enhancing our Strong Corporate Franchise

Our commercial banking operations for corporate customers include a range of products and services for India's leading corporations and growth-oriented middle market companies. Our key

commercial banking products and services to corporate customers include loan products and fee and commission-based products and services.

Our corporate loan products consist principally of project and corporate finance and working capital finance. Our fee and commission-based products and services include documentary credits and standby letters of credit/ guarantees, forward contracts, interest and currency swaps, cash management services, escrow and trust and retention accounts, cross-border trade services, payment services, custodial services, investment banking advisory services, loan syndication and corporate risk management services. We have developed countrywide collection and payment mechanisms for rural and cooperative banks with limited geographic presence.

In fiscal 2003, we have increased focus on technology-driven enhancement of delivery capabilities to offer improved service levels to clients. We have set up centralized processing facilities for back office operations where technology is leveraged to benefit from economies of scale arising out of large transaction volumes.

In project finance, we focus on structuring and syndication of financing for large projects, by leveraging our expertise in project financing. In the manufacturing sector, our focus is on projects sponsored by entities that have proven ability to commit the required financial resources and implement projects successfully within planned time-frames.

Our commercial banking services to corporate customers will continue to focus on leveraging our strong corporate relationships and increased capital base to increase our market share in non-fund based working capital products and fee-based services. Our corporate lending activities will continue to focus on structured finance, corporate finance and working capital lending to highly rated corporations. We will also focus on achieving directed lending obligations to the agricultural sector through carefully structured credit products. In project finance, we will continue to focus on structuring and syndication of financing for large projects by leveraging our expertise in project financing, and on actively managing our project finance portfolio to reduce portfolio concentration and to manage portfolio risk. We view ourselves not only as a provider of project finance but also as an arranger and facilitator, creating appropriate financing structures that may serve as financing and investment vehicles for a wider range of market participants. Our goal is to provide a comprehensive and integrated service to corporate treasurers through our solution managers. We aim to increase the cross selling of our products and services and maximize the value of our corporate relationships through the effective use of technology, speedy response times, quality service and the provision of products and services designed to meet specific customer needs. We will continue to actively manage our asset portfolio through securitization of assets as well as through acquisition of credit portfolios from other institutions and banks, to diversify the portfolio, reduce long-term balance sheet exposures and maximize risk-adjusted returns.

Building an International Presence

We believe that the international markets present a major growth opportunity and have therefore expanded the range of our commercial banking products in international markets. Our initial strategy for growth in international markets is based on leveraging home country links for international expansion by capturing market share in select international markets. The initial focus areas are supporting Indian companies in raising corporate and project finance for their investments abroad, trade finance, personal financial services for non-resident Indians and international alliances to support domestic businesses. ICICI Bank had over the last few years built a large network of correspondent relationships across all major countries. Most of these countries have significant trade and other relationships with India.

We have identified North America, the United Kingdom, the Middle-East and South-East Asia as the key regions for establishing our international presence. We established a wholly-owned subsidiary, ICICI Bank UK Limited, in the United Kingdom and received approval for commencement of banking business from the Financial Services Authority in August 2003. We also

established a branch in Singapore in August 2003. We have a representative office in New York and have received regulatory approvals for setting up a subsidiary in Canada and representative offices in the United Arab Emirates and China.

Enhancing Our Strengths in the Insurance Business

Following the deregulation of the insurance sector in India, private sector companies have been allowed to enter the insurance business. We have a joint venture partnership with Prudential plc of UK for the life insurance business. We have a 74.0% interest in this joint venture. This joint venture company, ICICI Prudential Life Insurance Company Limited, obtained the license to conduct life insurance business in November 2000 and commenced business operations in December 2000. ICICI Prudential Life Insurance sold about 244,000 policies in fiscal 2003. There is a Memorandum of Understanding between ICICI Bank and ICICI Prudential Life Insurance Company for distribution of life insurance policies issued by ICICI Prudential Life Insurance Company through ICICI Bank's branch network.

In the non-life insurance sector, ICICI had entered into a joint venture partnership with Lombard Canada Limited in fiscal 2001. We have a 74.0% interest in this joint venture. The joint venture company, ICICI Lombard General Insurance Company Limited, obtained the license to conduct general insurance business in August 2001 and subsequently has commenced operations. In fiscal 2003, ICICI Lombard General Insurance Company had written 98,293 policies and achieved financial breakeven. ICICI Lombard General Insurance Company offers general insurance products to our corporate customers and seeks to capitalize on our corporate relationships.

The key dimensions of our strategy for growth in the insurance business are innovative products, wide distribution network, prudent portfolio mix and sound risk management practices. In addition, we are focussed on leveraging on our corporate and retail customer base for cross selling insurance products.

Emphasize Conservative Risk Management Practices and Enhance Asset Quality

We believe that conservative risk management policies, processes and controls are critical for long-term sustainable competitive advantages in our business. ICICI Bank's Risk, Compliance and Audit Group is an independent, centralized group responsible for establishing and implementing company-wide risk management policies, with an increasing focus on enhancing asset quality. We continue to build on our credit risk management procedures, credit evaluation and rating methodology, credit risk pricing models, proprietary analytics and monitoring and control mechanisms. We expect to enter new product markets only after conducting detailed risk analysis and pilot testing programs.

To reduce risk, we are in the process of diversifying our loan portfolio towards retail lending and shorter-term working capital, while continuing to focus on corporate lending to highly-rated corporate customers and structured finance. In addition, we seek to lower the credit risk profile of the project and corporate loan portfolio through the increased use of financing structures based on a security interest in the cash flows generated from the business of the borrower and increased collateral, including additional security in the form of liquid assets, such as investment securities and readily marketable real property. We are also trying to mitigate project risk through the allocation of risk to various project counterparties, such as construction contractors, operations and maintenance contractors and raw material and fuel suppliers, by entering into rigorous project contracts with those counterparties. We seek to control credit risk in the retail loan portfolio, the small enterprises loan portfolio and the agricultural financing portfolio through carefully designed approval criteria and credit controls and efficient collection and recovery systems. We have placed emphasis on recruiting experienced retail credit professionals to staff our retail credit approval function. We have also established standards and investigative verification procedures for selection of our marketing and processing agents. While our lending to the agricultural sector and small scale industries to comply with the priority sector lending norms of the Reserve Bank of India may result in higher credit risk,

we are seeking to develop appropriate credit approval criteria and credit delivery structures to mitigate this risk.

Management has placed great emphasis on asset quality and this focus has been institutionalized across the organization. We believe we are the market driver in India in achieving early settlements with troubled borrowers, thus maximizing our cash flows from these loans. Our Special Asset Management Group has the responsibility for managing large impaired loans and accounts under watch.

Use Technology for Competitive Advantages

We seek to be at the forefront of technology usage in the financial services sector. Information technology is a strategic tool for our business operations to gain competitive advantage and to improve overall productivity and efficiency of the organization. All of our technology initiatives are aimed at enhancing value, offering customer convenience and improved service while optimizing costs.

We expect to continue with our policy of making investments in technology to achieve a significant competitive advantage. The key objectives behind our information technology strategy continue to be:

- building a cost-efficient distribution network to accelerate the development of our retail franchise;
- enhancing cross selling and client segmenting capability by using analytical tools and efficient data storage and retrieval systems;
- improving credit risk and market risk management; and
- improving product and client profitability analysis.

Attract and Retain Talented Professionals

We believe a key to our success will be our ability to continue to maintain and grow a pool of strong and experienced professionals. We have been successful in building a team of talented professionals with relevant experience, including experts in credit evaluation, risk management, retail consumer products, treasury, technology and marketing. Recruitment is a key management activity and we continue to attract graduates from the premier Indian business schools.

Our management team is committed to enhancing shareholder value and all of our performance targets seek to meet this primary objective. We believe we have created the right balance of performance bonus, stock option and other economic incentives for our employees so that they will be challenged to develop business, achieve profitability targets and control risk. We intend to continuously re-engineer our management and organizational structure to allow us to respond effectively to changes in the business environment and enhance our overall profitability.

Overview of ICICI Bank's Products and Services

We offer products and services in the areas of commercial banking to corporate and retail customers, both domestic and international, investment banking and other products like insurance.

Commercial Banking

Commercial Banking Products and Services for Corporate Customers

General

We provide a range of commercial banking products and services to India's leading corporations and growth-oriented middle market companies. Our key commercial banking products and services to corporate customers include loan products and fee and commission-based products and services. Our loan products include project and corporate finance, working capital finance including cash credit facilities (a revolving floating rate asset-backed overdraft facility) and bill discounting (a type of receivables financing), and agricultural financing. Our fee and commission-based products and services include documentary credits, standby letters of credit, financial and performance guarantees, cash management services, trust and retention accounts, cross border trade services, payment services, securities processing services and loan syndication. Most of these fee and commission-based products and services provide recurring fees from customers. We also take rupee or foreign currency deposits with fixed or floating interest bases from our corporate customers. Our deposit taking products include certificates of deposit, checking accounts and time deposits. We deliver our commercial banking products and services to our corporate customers through a combination of physical branches, correspondent banking networks, telephone banking and the Internet.

Corporate Loan Portfolio

Our corporate loan portfolio primarily consists of term loans for project and corporate finance, and working capital credit facilities. For details on our loan portfolio, see “– Loan Portfolio”.

Project and Corporate Finance

Our Manufacturing Projects Group and Infrastructure Projects Group offer project finance to the manufacturing sector and structured finance to the infrastructure sector respectively. Our project finance business consists principally of extending medium-term and long-term rupee loans to our clients although we do provide financing in foreign currencies. We also provide guarantees to foreign lenders and export credit agencies, on behalf of our clients, typically for large projects in the infrastructure sector.

Our manufacturing sector financing includes project-based lending to companies in traditional manufacturing sectors, including iron, steel and metal products, textiles, machinery and capital goods, cement and paper. As a result of structural changes to the Indian economy, trade liberalization and the downturn in prices of several major market commodities, many of these industry segments have gone through a period of stress over the last few years. In view of the prevailing environment, there have been restricted opportunities for lending to new projects in the manufacturing sector.

Project and corporate finance is provided generally through term loans that amortize over a period of typically between one and ten years. Our term credits include rupee loans, foreign currency loans, lease financing and subscription to preferred stock. These products also include marketable instruments such as fixed rate and floating rate debentures. In the case of rupee and foreign currency loans, and debentures, we generally have a security interest and first lien on the fixed assets of the borrower. The security interest typically includes property, plant and equipment and other tangible assets of the borrower. At year-end fiscal 2003, our gross project and corporate loans outstanding were Rs. 387.9 billion (US\$ 8.2 billion), constituting 56.7% of our gross loan portfolio.

We offer a variety of products that are designed to allow clients to effectively manage their balance sheets and cash flows, mitigate risks and enhance the credit rating of certain of their debt issuances. Term loans are also provided for financing acquisitions. Our structured products group focuses specifically on the application of securitization techniques to credit enhance our traditional lending products. We have played a leading role in the growth and development of the securitization market in India. The structured products group is also focusing on selling down of our loans to better manage portfolio concentrations and mismatches in the maturities of our assets and liabilities and to provide additional liquidity.

We extend fund based loans as well as standby letters of credit facilities to corporates outside India which are joint ventures and/or wholly-owned subsidiaries of Indian corporates. At year-end fiscal 2003, our balance outstanding in respect of loans to corporates outside India was Rs. 536 million (US\$ 11 million), representing approximately 0.1% of our total gross loan portfolio.

Working Capital Finance

Under working capital finance, we offer our customers cash credit facilities and bill discounting. At year-end fiscal 2003, our gross working capital loans, including working capital term loans, outstanding were Rs. 74.4 billion (US\$ 1.6 billion), constituting 10.9% of our gross loan portfolio.

Cash Credit Facilities: Cash credit facilities are the most common form of working capital financing in India. Cash credit facilities are given to borrowers to finance the cash flow gap arising out of the time difference between the purchase of raw materials and the realization of sale proceeds of the borrower's products. A cash credit facility is a revolving overdraft line of credit for meeting the working capital needs of companies and is generally backed by current assets like inventories and receivables. Under the cash credit facility, a line of credit is provided up to a pre-established amount based on the borrower's projected level of inventories, receivables and cash deficits. Up to this pre-established amount, disbursements are made based on the actual level of inventories and receivables. A portion of the cash credit facility can also be made in the form of a demand loan. A cash credit facility is typically given to companies in the manufacturing, trading and service sectors on a floating interest rate basis. Interest is earned on this facility on a monthly basis, based on the daily outstanding amounts. The facility is generally given for a period of up to 12 months, with a review after that period. Our cash credit facility is generally fully secured with full recourse to the borrower. In most cases, we have a first lien on the borrower's current assets, which normally are inventory and receivables. Additionally, in some cases, we may take further security of a first or second lien on fixed assets including real estate, a pledge of financial assets like marketable securities, corporate guarantees and personal guarantees.

Cash credit facilities are extended to borrowers by a single bank, multiple banks or a consortium of banks with a lead bank. The nature of the arrangement is usually agreed between the bank(s) and the borrower and depends upon the amount of working capital financing required by the borrower, the risk profile of the borrower and the amount of loan exposure a single bank can take on the borrower. We are focused on highly rated large corporations and have participated in multiple bank and consortium arrangements. Regardless of the arrangement, we undertake our own due diligence and follow our credit risk policy to determine whether we should lend money to the borrower and, if so, the amount to be lent to the borrower and the rate of interest to be charged. For more details on our credit risk procedures, see “— Risk Management — Credit Risk”.

Bill Discounting: Bill discounting involves the financing of short-term trade receivables through negotiable instruments. These negotiable instruments can then be discounted with other banks if required, providing us with liquidity. In addition to traditional bill discounting, we also provide customized solutions to our corporate customers having large dealer networks. Loans are approved to dealers in the form of working capital lines of credit, based on analysis of dealer credit risk profiles.

Corporate Loan Pricing

We price our loans to corporate borrowers based on the following factors:

- our internal credit rating of the company;
- the maturity of the loan;
- the nature of the banking or financing arrangement (either a single bank, multiple bank or consortium arrangement);
- the collateral available; and
- market conditions.

For a description of our credit rating system, see “– Risk Management – Credit Risk”.

The Asset-Liability Management Committee of our board of directors fixes prime lending rates based on yield curve factors, such as interest rate and inflation rate expectations, as well as the market demand for loans of a certain term and our cost of funds. For corporate loans, we have three prime lending rates linked to the term of the loan and one prime lending rate for cash credit. Our prime lending rates effective since January 1, 2003 are as follows:

Term	Prime lending rate
Up to one year	10.5
One to three years	11.5
Over three years	12.5
Cash credit.....	12.5

Under the earlier Reserve Bank of India regulations, loan exposures through corporate debt instruments and bill discounting were not subject to the prime lending rate regulations. Banks could lend at an interest rate below their prime lending rates when delivery was through these products. From fiscal 2002, the Reserve Bank of India further liberalized the interest rate regime by allowing banks the freedom to lend below their respective prime lending rates pursuant to their internally approved guidelines. See also “Supervision and Regulation – Regulations relating to Making Loans”.

Fee and Commission-Based Activities

Our fee and commission-based products and services include documentary credits, standby letters of credit, cash management services, trust and retention accounts, payment services, securities processing services and loan syndication.

Documentary Credits

We provide documentary credit facilities to our working capital loan customers both for meeting their working capital needs as well as for capital equipment purchases. For working capital purposes, we issue documentary credits on behalf of our borrowers for the sourcing of their raw materials and stock inputs. Lines of credit for documentary credits and standby letters of credit are approved as part of a working capital loan package provided to a borrower. These facilities, like cash credit facilities, are generally given for a period up to 12 months, with review after that period. Typically, the line is drawn down on a revolving basis over the term of the facility, resulting in a fee payable to us at the time of each drawdown, based on the amount and term of the drawdown.

We issue documentary credits on behalf of borrowers both for domestic and foreign purchases. Borrowers pay a fee to us based on the amount drawn down from the facility and the term of the facility. This facility is generally secured by the same collateral available for cash credit facilities. We may also take collateral in the form of cash deposits, in the range of 5.0% to 20.0% of the drawdown amount, from our borrowers before each drawdown of the facility.

At year-end fiscal 2003, we had a portfolio of documentary credits of Rs. 43.2 billion (US\$ 909 million).

Guarantees

We provide standby letter of credit facilities, called guarantees in India, which can be drawn down any number of times up to the committed amount of the facility. We issue guarantees on behalf of our borrowers in favor of corporations and government authorities. Guarantees are generally issued for the purpose of bid bonds, guaranteeing the performance of our borrowers under a contract as security for advance payments made to our borrowers by project authorities and for deferral of and exemption from the payment of import duties granted to our borrowers by the government against fulfillment of certain export obligations by our borrowers. The term of these guarantees is generally up to 36 months though in specific cases, the term could be higher. This facility is generally secured by collateral similar to that of documentary credits. In addition, as a part of our project financing activity, we issue guarantees to foreign lenders, export credit agencies and domestic lenders on behalf of our clients.

At year-end fiscal 2003, our total guarantees outstanding were Rs. 106.5 billion (US\$ 2.2 billion).

Cash Management Services

Under cash management services, we offer our corporate clients custom-made collection, payment and remittance services allowing them to reduce the time period between collections and remittances, thereby streamlining their cash flows. Our cash management products include physical check-based clearing in locations where settlement systems are not uniform, electronic clearing services, central pooling of country-wide collections, dividend and interest remittance services and Internet-based payment products. Our customers pay a fee to us for these services based on the volume of the transaction, the location of the check collection center and speed of delivery. This also results in low-cost funds being maintained for short durations in checking accounts of customers which we invest profitably.

The total amount handled by us under cash management services was Rs. 2,079.7 billion (US\$ 43.7 billion) for fiscal 2003. At year-end fiscal 2003, we had 598 cash management service customers.

Escrow and Trust and Retention Accounts

We offer escrow account and trust and retention account facilities to lenders in limited and non-recourse project finance transactions who typically require the setting up of escrow accounts and trust and retention accounts as part of the project financing structure, and our customers include power and telecommunications companies. This service enables us to capture the receivables of the project on behalf of the lenders and channel the cash flows in a pre-determined manner. We also offer escrow account facilities for securitization and merger and acquisition transactions. Our customers pay a negotiated fee to us for this product based on the complexity of the structure and the level of monitoring involved in the transaction.

The cash flows managed by us under this product during fiscal 2003 were about Rs. 74.8 billion (US\$ 1.6 billion).

Payment Services

We offer online electronic payment facilities through our commercial Internet banking platform to our corporate customers and their suppliers and dealers as a closed user group, where the entire group is required to maintain bank accounts with us. We use the Internet as the delivery platform for this business-to-business electronic commerce product, which we call “i-payments”. Under this service, payments from our corporate customers to their suppliers and payments from the dealers to our corporate customers are made electronically. This service offers a high level of convenience since no physical instruments are required, all transactions are done online and the information may be viewed

on the Internet. This product can be customized to meet the specific requirements of individual customers. We presently do not charge a fee for this service, as it results in large low-cost funds being maintained for short durations in checking accounts of customers, that we invest profitably.

At year-end fiscal 2003, there were approximately 8,500 corporations and small enterprises (which also use our commercial Internet banking platform) on our commercial Internet banking platform for corporate customers. Some of these users are also using the platform for making payments/receiving collections from their channel partners.

Securities Processing Services

We have a significant market share as a custodian of overseas depository banks for depository receipt issues of Indian companies in the international markets. The total assets held in custody on behalf of our clients, mainly foreign institutional investors, offshore funds, overseas corporate bodies and depository banks for GDR investors, increased to Rs. 300.1 billion (US\$ 6.3 billion) at year-end fiscal 2003 from Rs. 247.7 billion (US\$ 5.2 billion) at year-end fiscal 2002. In addition, we are registered as a depository participant of National Securities Depository Limited and Central Depository Services (India) Limited, the only two securities depositories operating in India, and provide electronic depository facilities to investors including retail investors. To facilitate settlement services, we are a clearing member of clearing agencies of the leading stock exchanges.

Loan Syndication

We have developed significant syndication capabilities while structuring and arranging large project finance transactions. We seek to leverage these syndication capabilities to arrange project and corporate finance for our corporate clients and earn fee income, as well as to securitize loans originated by us. We have been granted a merchant banking license by the Securities and Exchange Board of India.

Products for Other Banks

Various cooperative banks and rural banks in India are limited to specific regions or states of India. These banks need relationships with banks present in most of the large cities in India to be able to service the needs of their customers for country-wide collection and payment. We offer customized products and solutions for cooperative banks. Although we do not charge a fee for these products, they result in amounts being maintained with us in non-interest-bearing current accounts that we can invest profitably.

Corporate Deposits

We take deposits from our corporate clients with terms ranging from 15 days (seven days in respect of deposits over Rs. 1.5 million (US\$ 31,546) with effect from April 19, 2001) to seven years but predominantly from 15 days to one year. We routinely provide interest quotes for deposits in excess of Rs. 10 million (US\$ 210,305) on a daily basis (uncommon in India), based on rates in the inter-bank term money market and other money market instruments such as treasury bills and commercial papers. The Reserve Bank of India regulates the term of deposits in India but not the interest rates with some minor exceptions. Banks are not permitted to pay interest for periods less than seven days. Also, pursuant to the current regulations, we are permitted to vary the interest rates on our corporate deposits based upon the size range of the deposit so long as the rates offered are the same for every customer of a deposit of a certain size range on a given day. Corporate deposits include funds taken by us from large public sector corporations, government organizations, other banks and private sector companies.

We offer a variety of deposit products to our corporate customers. We take rupee or foreign currency denominated deposits with fixed or floating interest rates. Our deposit products for corporations include:

- current accounts — non-interest-bearing demand deposits;
- time deposits — fixed term deposits that accrue interest at a fixed rate and may be withdrawn before maturity by paying penalties; and
- certificates of deposit — a type of time deposit.

Our corporate deposits totaled Rs. 242.8 billion (US\$ 5.1 billion) at year-end fiscal 2003, constituting 49.4% of our total deposits and 20.6% of our total liabilities and stockholders' equity at year-end fiscal 2003. Of our total corporate deposits, current account deposits totaled Rs. 22.1 billion (US\$ 465 million) constituting 9.1% of corporate deposits and term deposits totaled Rs. 220.7 billion (US\$ 4.6 billion) constituting 90.9% of corporate deposits.

The following table sets forth, at the date indicated, the maturity profile of our rupee term deposits (including deposits of banks) of Rs. 10 million (US\$ 210,305) or more:

	At March 31,				
	2003			% of total deposits	
	(in millions, except percentages)				
Less than three months.....	Rs.	65,986	US\$	1,388	13.4%
Above three months and less than six months.....		15,634		329	3.2
Above six months and less than twelve months		70,222		1,477	14.3
More than twelve months.....		13,578		286	2.8
Total deposits of Rs. 10 million and more.....	Rs.	165,420	US\$	3,479	33.7%

We market corporate deposits from branches and directly from our corporate office.

We continue to be banker to the market offerings of select companies on account of raising of equity or debt, buy back of equity and equity takeovers. These companies are required to maintain the subscription funds with the bankers to the offering until the allotment of shares/buy back of shares and the refund of excess subscription is completed. This process generally takes about 15 to 30 days, resulting in short-term deposits with us. We act as banker to corporates for their dividend payout to their shareholders and interest payout to bondholders, which results in mobilizing interest-free, float balances to us. We believe that our relationships with corporate deposit customers significantly reduce the volatility in our corporate deposit base. We also offer inter-bank call rate-linked floating rate deposits.

The growth in corporate deposits has been supplemented by the “anywhere banking service” offered by us, which allows multi-locational corporations in India to receive cash inflows and make payments in various cities by maintaining one central pooling account.

We also provide liquidity management services to our corporate customers to enable them to invest their short-term cash surpluses in a variety of short-term treasury and deposit-based instruments, including treasury bills, commercial paper and certificates of deposit. These products allow our customers to earn income on their short-term cash surpluses since deposits for periods of less than 15 days (seven days in respect of deposits over Rs. 1.5 million (US\$ 31, 548) with effect from April 19, 2001) are non-interest-bearing pursuant to the Reserve Bank of India regulations. We also facilitate the holding of foreign currency accounts. In addition to large public and private sector companies, our other target customers for these products are provident funds and high net worth individuals.

Client Coverage

In fiscal 2003, our principal corporate relationship groups were the Corporate Solutions Group, the Government and Institutional Solutions Group, the Emerging Corporates Group and the Agri-Business Group. The Corporate Solutions Group was responsible for relationships with large, highly rated corporates. The Government and Institutional Group was a dedicated group for public sector

units, government departments and authorities and quasi governmental agencies like municipal corporations. The Emerging Corporates Group and the Agri-Business Group worked closely with the Corporate Solutions Group and the Government and Institutional Solutions Group to offer products and services to suppliers and dealers of our large corporate customers. The principal corporate product groups were the Product and Technology Group which was responsible for delivery of products and services, the Structured Products and Portfolio Management Group which was responsible for supporting the product groups by designing financing structures that satisfied customer requirements while adequately mitigating risk and Treasury which was responsible for designing and providing corporate treasury and risk management products and services. We had specialized groups for infrastructure project finance and manufacturing project finance (including oil, gas and petrochemicals and shipping). These groups focused on project appraisal and monitoring and worked closely with the other relationship and product groups to provide a wider range of products and services, in addition to project financing, to our project finance customers.

In fiscal 2004, our principal corporate relationship groups have been reorganized as the Corporate Banking Group, the Government Banking Group and the Rural, Micro-banking and Agri-business Group. The Corporate Banking Group is responsible for managing relationships with large, highly rated corporates and public sector corporates. The Government Banking Group is a dedicated group created to leverage the business opportunities in central and state governments and local government bodies. The Rural, Micro-banking and Agri-business Group is responsible for all our rural and micro-banking and agri-business initiatives. The group is also responsible for relationships with regional rural banks, co-operative banks, co-operatives and all other entities with a primarily agricultural or rural focus. The Structured Products and Portfolio Management Group has been reorganized to include the corporate treasury and risk management products and services and to form the Structured Finance, Credit and Markets Group which is responsible for structuring customized financing solutions for our customers, who are increasingly seeking integrated financial solutions encompassing credit, investment advice, foreign exchange management and derivatives and risk management. The Small Enterprises Group has been integrated with our commercial banking operations for retail customers. Specialized groups for infrastructure project finance and manufacturing project finance (including oil, gas and petrochemicals and shipping) continue to exist.

The relationship managers are supported by product specialists from the product groups who focus on product improvements and customization. The main focus of the relationship managers is to market our products. In addition to the above, they cross sell the products offered by our subsidiaries and affiliates.

Commercial Banking Products and Services for Retail Customers

General

We believe that the Indian retail financial services market is likely to continue to experience sustained growth in the future. With upward migration of household income levels, increasing affordability of retail finance and acceptance of use of credit to finance purchases, retail credit has emerged as a rapidly growing opportunity for banks that have the necessary skills and infrastructure to succeed in this business. We have capitalized on the growing retail opportunity in India and believe that we have emerged as a market leader in retail credit on an incremental basis. The key dimensions of our retail strategy are innovative products, parity pricing, customer convenience, wide distribution, strong processes, prudent risk management and customer focus. Cross selling of the entire range of credit and investment products and banking services to our customers is a critical aspect of our retail strategy.

We offer a wide variety of consumer credit products such as home loans, automobile loans, commercial vehicle loans, two wheeler loans, consumer durable loans, dealer financing, personal loans, credit cards, loans against time deposits and loans against shares.. Our total retail loans were Rs. 188.3 billion (US\$ 4.0 billion) or 27.5% of our total gross loans at year-end fiscal 2003. At year-end fiscal 2002, ICICI's total retail loans were Rs. 73.0 billion (US\$ 1.5 billion) or 13.0% of ICICI's

total gross loans, and ICICI Bank's total retail loans were Rs. 7.2 billion (US\$ 150 million) or 9.4% of ICICI Bank's total gross loans.

Our commercial banking operations for retail customers also consist of raising deposits from retail customers. In addition, we offer retail liability products in the form of a variety of unsecured redeemable bonds. Issuance of these bonds to the public was undertaken by ICICI and continued by us following the amalgamation. At year-end fiscal 2003, we had a customer base of 6.2 million bondholder accounts.

ICICI Bank's affiliate Prudential ICICI Asset Management Company, a joint venture between Prudential Corporation plc of the United Kingdom and ICICI Bank, offers a variety of mutual fund products. ICICI Bank's subsidiary ICICI Home Finance Company Limited also provides housing loans.

All of our retail products are marketed under the "ICICI Bank" brand. To enhance our brand equity, we undertake comprehensive brand building and advertising campaigns with advertisements in print and television. Studies undertaken periodically by independent market research agencies commissioned by us have shown that our brand is among the top two financial services brands in India.

Retail Lending Activities

We offer a range of retail asset products, including home loans, automobile loans, commercial vehicle loans, two wheeler loans, consumer durable loans, dealer financing, personal loans, credit cards, loans against time deposits and loans against shares.. We also fund dealers who sell automobiles, two wheelers, consumer durables and commercial vehicles. We also provide loans against time deposits and loans against shares, including for subscriptions to initial public offerings of Indian companies.

Home Finance

Our home finance business involves giving long-term secured housing loans to individuals and corporations and construction finance to builders. ICICI Bank provides housing loans directly and also through its wholly-owned subsidiary called ICICI Home Finance Company, which serves as the focal point for marketing, distribution and servicing of ICICI Bank's home loan products. Currently, these loans are being given to resident and non-resident Indians for the purchase, construction and extension of residential premises and to self-employed professionals for office premises. At year-end fiscal 2003, the total home finance loans of ICICI Bank and ICICI Home Finance Company including loans to corporations and construction finance to builders were approximately Rs. 103.3 billion (US\$ 2.2 billion).

Automobile Finance

Automobile finance generally involves the provision of retail consumer credit for an average maturity of three to five years to acquire specified new and used automobiles. Automobile loans are secured by a lien on the purchased automobile. We believe we are the market leaders in the automobile finance segment. We have "preferred financier" status with 11 car manufacturers in India. We have a strong external distribution network and a strong in-house team to manage the distribution network which has been instrumental in achieving this leadership position. At year-end fiscal 2003, our total automobile finance loans were approximately Rs. 44.7 billion (US\$ 939 million). We also give loans for the purchase of two wheelers. At year-end fiscal 2003, our total two wheeler finance loans were approximately Rs. 5.7 billion (US\$ 120 million).

Commercial Business

We fund commercial vehicles, utility vehicles and construction and farm equipment sold through manufacturer-authorized dealers. The finance is generally for a maximum term of five to seven years

through loans, hire purchase agreements or a lease. At year-end fiscal 2003, our total commercial business loans were approximately Rs. 24.6 billion (US\$ 518 million).

Personal Loans

Personal loans are unsecured loans provided to customers for various purposes such as higher education, medical expenses, social events and holidays. At year-end fiscal 2003, our total personal loans were approximately Rs. 8.0 billion (US\$ 169 million).

Consumer Durable Finance

Our consumer durable finance business involves the financing of home products, such as refrigerators, televisions, washing machines, air conditioners and audio equipment. At year-end fiscal 2003, our total consumer durable finance loans were approximately Rs. 3.5 billion (US\$ 73 million).

Credit Cards

In January 2000, ICICI Bank launched its credit card operations. As the Indian economy develops, we expect that the retail market will seek short-term credit for personal uses, and our offering of credit cards will facilitate further extension of our retail credit business. We also expect that as credit usage increases, we will be able to leverage our customer relationships to cross sell additional retail and consumer-oriented products and services. At year-end fiscal 2003, we had approximately 1.1 million credit cards in force and our credit card receivables were approximately Rs. 5.5 billion (US\$ 115 million).

Dealer Funding

We fund dealers who sell automobiles, two wheelers, consumer durables and commercial vehicles. These loans are generally given for a short term. At year-end fiscal 2003, our total dealer funding loans were approximately Rs. 3.7 billion (US\$ 78 million). In May 2003, we acquired the entire paid-up capital of Transamerica Apple Distribution Finance Private Limited, which has now been renamed ICICI Distribution Finance Private Limited. ICICI Distribution Finance is primarily engaged in providing distribution financing in the two-wheeler segment. The acquisition is expected to supplement our retail franchise, especially in the two-wheeler segment.

Lending to Small Enterprises

We are seeking to extend our reach to the growing small enterprises sector without the accompanying high credit risks which are normally associated with advances to small enterprises, through our Small Enterprises Group. This group focuses on supply chain financing, including the financing of selected suppliers of our existing corporate clients. Typically, the financing is in the form of short-term revolving facilities with overdraft or bill discounting limits and is extended only to carefully pre-selected suppliers and dealers to be used only for genuine transactions with our corporate clients. The group is also involved in financing based on a cluster or community based approach, that is, financing of small enterprises that have a homogeneous profile such as apparel manufacturers and manufacturers of pharmaceuticals.

Retail Deposits

Our retail deposit products include the following:

- time deposits including:
 - recurring deposits, which are periodic deposits of a fixed amount over a fixed term that accrue interest at a fixed rate and may be withdrawn before maturity by paying penalties; and

- certificates of deposit;
- savings accounts, which are demand deposits that accrue interest at a fixed rate set by the Reserve Bank of India (currently 3.5% per annum) and upon which checks can be drawn; and
- current accounts, which are non-interest-bearing demand deposits.

In addition to deposits from Indian residents, we accept time and savings deposits from non-resident Indians, foreign nationals of Indian origin and foreign nationals working in India. These deposits are accepted on a repatriable and a non-repatriable basis and are maintained in rupees and select foreign currencies. See also “-Products and Services for International Customers”.

Our total retail deposits were Rs. 248.4 billion (US\$ 5.2 billion) or 50.6% of our total deposits at year-end fiscal 2003. Prior to its amalgamation with ICICI Bank, ICICI was not permitted to raise banking deposits as it was not a banking entity. We intend to continue to grow our retail deposits for funding purposes since retail deposits provide a stable and low cost funding base. At year-end fiscal 2003, we had a retail deposit customer base of approximately 4.7 million.

The following table sets forth the balance outstanding by type of retail deposit, as at March 31, 2003.

At March 31, 2003				
	Balance outstanding		% of total	
	(in millions, except percentages)			
Current accounts.....	Rs. 13,180	US\$ 277		5.3%
Savings accounts	37,930	798		15.3%
Time deposits	197,330	4,150		79.4%
Total retail deposits	Rs. 248,440	US\$ 5,225		100.0%

The corresponding figures for fiscal 2002 have not been provided because prior to its amalgamation with ICICI Bank, ICICI was not permitted to raise banking deposits, as it was not a banking entity.

For a description of the Reserve Bank of India’s regulations applicable to deposits in India and required deposit insurance, see “Supervision and Regulation — Regulations Relating to Deposits” and “Supervision and Regulation — Deposit Insurance”.

In addition to our conventional deposit products, we offer a variety of special value-added products and services which seek to maximize returns as well as convenience for our customers. Following a strategy focused on customer profiles and product segmentation, we offer differentiated liability products to various categories of customers depending on their age group, such as Young Star Accounts for children below the age of 18 years, Student Banking Services for students, Salary Accounts for salaried employees and Senior Citizens Account for individuals above the age of 60 years. We have also micro-segmented various categories of customers to offer targeted products, like Private Banking for high net worth individuals, Defence Banking Services for defence personnel, Special Savings Accounts for trusts and Roaming Current Account for businessmen. This segmentation strategy has contributed significantly to the rapid growth in our deposit base in fiscal 2003.

Salary Accounts

In September 1996, ICICI Bank introduced “Power Pay”, a direct deposit product for its corporate customers, to help them streamline their salary payment systems for their employees. This product allows the employees' salaries to be directly credited to a special individual savings account established for this purpose. Renamed as “Salary Account” in 2002, this product provides us with a

competitive advantage as these new payroll account holders often open other accounts with us, including time deposits. We also seek to market our retail credit products to our salary account holders. We aim to deliver value to corporates and their employees by offering end-to-end financial solutions from salary processing through strategic alliances, offering payment services through checks, debit and credit cards as well as online bill payment and in-house as well as third party investment vehicles. By year-end fiscal 2003, over 15,000 corporate clients were using Salary Accounts.

Value Added Savings Account

Our value added savings account is a savings account product that offers the customer liquidity as well as higher returns than an ordinary savings account. This product provides automatic transfer of idle balances, above a certain minimum amount, from savings accounts to time deposits, resulting in higher yields. Whenever there is a shortfall in the customer's savings account, deposits are automatically transferred back from the time deposit account, in units of Rs. 1,000 (US\$ 21) to meet the shortfall.

Private Banking

Our private banking services seek to meet the entire banking and financial advisory needs of customers with a high net worth. At present, we offer this preferred banking product to clients with a banking relationship size in excess of Rs. 500,000 (US\$ 10,515). We offer private banking services at 338 branches in over 200 centers. Private banking services offer competitive pricing on certain asset products, preferential rates for select liability products and services, special complimentary offers and value-linked benefits, along with personalized service. In addition, our private banking services offer financial planning and investment advisory services to assist our customers in their investment and savings plans. The services offered include assistance in risk profiling and regular monitoring and performance review of the client's investment and savings portfolio.

Web Brokering

ICICI Web Trade Limited, a company promoted by ICICI, provides web brokering services. This service involves the online integration of a customer's depository share accounts and bank accounts with us and securities brokerage accounts with ICICI Web Trade. This service has assisted us in our efforts to acquire new customers and low-cost savings deposits, as each e-brokering customer is required to open a bank account.

Portfolio Investment Scheme

We are one of the banks designated by the Reserve Bank of India for issuing approvals to non-resident Indians and overseas corporate bodies to trade in shares and convertible debentures on the Indian stock exchanges. Pursuant to this scheme of the Reserve Bank of India, these investors can trade on the Indian stock exchanges within a prescribed limit by obtaining an approval from a designated bank and by routing all the transactions through that bank. As a designated bank, we report all such transactions to the Reserve Bank of India. We also help these investors with regulatory compliance, such as ensuring delivery based trading and limit monitoring and providing tax calculations.

Debit Cards

We offer an international debit card, branded as ICICINCash, in association with VISA International on its popular VISA Electron signature-based platform. This provides a greater choice of payment solutions to customers. It provides customers a safer and more convenient alternative to carrying cash both locally and internationally. The ICICINCash debit card enables direct deductions of the purchase amount from the customer's account from any VISA-enabled merchant establishment and ATM around the world. Our debit card base has increased to over 3.4 million cards at year-end fiscal 2003.

Bond Issues

We offer a variety of unsecured redeemable bonds to the Indian public. These bonds, which are not insured by any Indian authority, are designed to address various investor needs, such as the need for regular income, liquidity and tax saving. During fiscal 2003, we raised Rs. 23.42 billion (US\$ 493 million) through these bond issuances. We had about 6.2 million bondholder accounts at year-end fiscal 2003. We seek to continue to offer similar bonds to the public, though deposits are and will be our primary source of funding.

Internet banking services

We offer Internet banking services to our retail customers through our website www.icicibank.com. We believe that the increasing number of Internet users, the demographic characteristics of those users and the relative flexibility and convenience of Internet banking provide an opportunity for us to capitalize on our experience in this area and gain market share in retail finance. The services we currently offer to our Internet banking customers include access to online account information, placement of time deposits, secure e-mail facility for communications with an accounts manager, bill payments using credit cards issued by us or by debit to savings account, and transfer of funds to any other account with us or to accounts in any branch of any bank, in eight cities through eCheques, the inter-bank fund transfer facility. The number of our Internet banking accounts was approximately 3.3 million at year-end fiscal 2003.

Online Bill Payment

We have tie-ups with leading telecommunication companies, utility providers, insurance companies and Internet shopping portals for online payment of bills by our Internet banking customers. Currently, we have tied up with over 45 service providers (for utility bill payments) and 85 online shopping portals. We currently offer this service free to our customers with the intention of building a base of users. This service is based on cost sharing arrangements with most of these companies, where we either charge the company a fixed fee per bill or the company maintains a balance with us before the funds are used by the company, resulting in short-term low cost deposits with us.

Other Fee-Based Products and Services

Mutual Fund Sales

We have entered into arrangements with select mutual funds to distribute their products through our distribution network, for which we earn up-front and trailing commissions. We believe that by the end of fiscal 2003, we were one of the largest market players in this segment.

Depository Share Accounts

The Securities and Exchange Board of India has made it mandatory for the 10 largest stock exchanges of the country to settle securities transactions in a dematerialized mode. We are a depository participant of the National Securities Depository Limited and Central Depository Services (India) Limited and offer depository share accounts.

Government of India Relief Bond Sales

We have been permitted by the Reserve Bank of India to sell government of India Relief Bonds. This includes the receipt of applications for Relief Bonds, the issue of Relief Bonds in the form of bond ledger accounts and the servicing of bondholders. Relief Bonds are sold across all of our branches. We seek to capitalize on this opportunity by effectively distributing Relief Bonds through our distribution network and earning fee income in the process. We believe that by the end of fiscal 2003, we were one of the largest market players in this segment.

Commercial Banking Products and Services for International Customers

Our strategy in international commercial banking is based on leveraging home country links for international expansion by capturing market share in select international markets. The initial focus areas are supporting Indian companies in raising corporate and project finance for their investments abroad, trade finance, personal financial services for non-resident Indians and international alliances to support domestic businesses. We had over the last few years built a large network of correspondent relationships with international banks across all major countries. Most of these countries have significant trade and other relationships with India.

Many international commercial banking products such as trade finance and letters of credit are variants of their respective commercial banking counterparts. Some of the key products and services that are unique to our international customers are described below.

TradeWay

"TradeWay" is an Internet-based documentary collection product which provides correspondent banks access to real-time on-line information on the status of their export bills collections routed through us. The main features of the product are the availability of online status enquiry for documentary collections, availability of tracking and tracing functions for bills routed through us and the presence of a single point contact for India bound documentary collections.

Guarantee re-issuance

We re-issue guarantees favoring corporations and government departments in India against counter guarantees issued by correspondent banks. This service is provided subject to pre-arrangement. We offer competitive pricing for our guarantee re-issuance facility. We can issue bid bond guarantees, performance guarantees and financial guarantees including payment guarantees. Our guarantees have wide acceptance across Indian corporates and government departments.

Offshore Banking Deposits

We offer deposit products through our Offshore Banking Unit in the Special Economic Zone at Mumbai. These deposits were launched in August 2003. These deposits are offered only in US dollars for a tenure of between 3 months to 6 years. The minimum deposit size is US\$ 5,000.

Foreign Currency Non-Resident Deposits

Foreign Currency Non-Resident deposits are simple foreign currency deposits offered in four main currencies – US Dollar, Pound Sterling, Euro and Japanese Yen. The interest earned on these deposits is not taxed in India and both the principal amount and interest earned can be fully repatriated out of India. These foreign currency deposits are subject to minimum deposit values of US\$ 1,000, GBP 1,000, Euro 1,000 and Yen 200,000 respectively.

Non-Resident External Fixed Deposits

These deposits are maintained in Indian rupees and the minimum investment amount is Rs. 25,000 (US\$ 526). Interest earned in India on these deposits is not taxable in India. Both the interest earned and principal amounts are fully repatriable out of India. Loans against these deposits are generally available for up to 90.0% of the deposit amount.

Non-Resident External Savings Account

Non-Resident External Savings Accounts are maintained in Indian Rupees and the minimum average balance required to be maintained is Rs. 10,000 (US\$ 210) for the quarter. An International ATM and debit card is offered together with the account and funds can be accessed from ATMs

across the world. Funds can be transferred to this account free of cost, through the online remittance channel Money2India.

Non-Resident Ordinary Savings Accounts and Non-Resident Ordinary Fixed Deposits

These products are primarily intended for non-residents who earn income in India. The interest rates offered and other product features are similar to the rates offered on domestic deposits. Principal is not repatriable except in certain cases while the interest is repatriable net of taxes payable in India.

Money2India Remittance Facility

For easy transfer of funds to India, we offer Money2India, a wire transfer remittance facility with a web interface. Non-resident Indians can send money to over 670 locations in India.

Delivery Channels

We deliver our products and services through a variety of distribution outlets, ranging from traditional bank branches to ATMs, call centers and the Internet. We believe that India's vast geography necessitates a variety of distribution channels to best serve our customers' needs. As part of our strategy to migrate customers to lower cost electronic delivery channels, we have made significant investments in channels such as ATMs, call centers and the Internet. Our channel migration effort is aimed at reducing cost while enhancing customer satisfaction levels by providing them round-the-clock transaction and servicing facilities. We believe that currently, more than 70.0% of our retail customer induced banking transactions take place through non-branch channels. The key components of our distribution network are described below.

Branches

At year-end fiscal 2003, we had a network of 394 branches and 52 extension counters in 269 centers across several Indian states, an increase of 35 branches and 8 extension counters over the previous year. Extension counters are small offices primarily within office buildings or on factory premises that provide commercial banking services. Prior to opening a branch, we conduct a detailed study in which we assess the deposit potential of the area. Our branch locations are largely leased rather than owned. Our back office operations are centralized at regional processing centers, enabling us to create a more efficient branch network.

As a part of its branch licensing conditions, the Reserve Bank of India has stipulated that at least 25.0% of our branches must be located in semi-urban and rural areas. A semi-urban area is defined as a center with a population of greater than 10,000 but less than 100,000. A rural area is defined as a center with a population of less than 10,000. The population figures relate to the 1991 census. We have adhered to this requirement as shown in the table below. Several of these branches are located in suburbs of large cities, and some of these branches are located in areas where large corporations have their manufacturing facilities.

The following table sets forth, at the date indicated, the number of branches broken down by area.

	At March 31, 2003	
	Number of branches	% of total
Metropolitan/urban	219	56%
Semi-urban/rural	175	44%
Total	394	100.0%

Prior to the amalgamation, ICICI had set up a number of "ICICI Centers", which were low-cost, technology driven, stand-alone offices with three or more employees, acting as marketing and service centers. At year-end fiscal 2002, ICICI had 95 ICICI Centers. Pursuant to the amalgamation, we submitted a proposal to the Reserve Bank of India in respect of these centers, proposing conversion of 25 of these centers into bank branches, conversion of 26 centers into distribution and servicing centers

attached to existing bank branches, and closure of the remaining 44 centers. During fiscal 2003, the Reserve Bank of India approved our proposal. By year-end fiscal 2003, 25 centers had been converted into bank branches in accordance with this plan. The programme for conversion of the 26 centers into distribution and servicing centers attached to adjacent bank branches is being implemented in phases. The remaining 44 centers are being closed in phases.

Our corporate relationship groups are principally based at Mumbai, New Delhi, Chennai, Kolkata, Bangalore, Hyderabad, Ahmedabad, Pune, Vadodara, Coimbatore, Ludhiana, Chandigarh, Jaipur and Kochi. Our commercial banking services to corporate customers are delivered through our network of branches.

Franchisee Network

We have a vast franchisee network spread over all major cities in India. The franchisees deliver our retail credit products. These agencies help us achieve deeper penetration by offering door-step service to the customer. These agencies market our products on an exclusive basis. All credit and risk management decisions pertaining to any customer are made by us and no agency can extend credit to any customer without our approval. These agencies receive a fee based on the volume of business generated by them.

Automated Teller Machines (ATMs)

At year-end fiscal 2003, we had 1,675 ATMs, of which 424 were located at our branches and extension counters. The remaining 1,251 were located at the offices of select corporate clients, large residential developments, airports, gas stations and on major roads in metropolitan cities. Apart from cards issued to our own customers, our ATMs also process Visa, Visa Electron, Master, Cirrus and Maestro card transactions.

In view of the diversity of regional languages used in various parts of India, our ATMs offer multilingual screens. Other facilities offered through ATMs include bill payment services and a facility for recharging prepaid cards for mobile phones. We have also pioneered the concept of mobile ATMs in India, to reach remotely located customers. This service deploys ATMs mounted on mobile vans to visit specific areas at a pre-designated time.

Internet

We believe that Internet access and information is key to satisfying the needs of certain customer segments. As a result, we maintain a website at www.icicibank.com, offering generalized information on our products and services. Our Internet banking service allows customers to access all account-related information and give account instructions 24 hours a day, seven days a week through our website. Customers can also electronically transfer funds from our account to any other account with us or to accounts in any branch of any bank, in eight cities through eCheques, the inter-bank fund transfer facility. The Internet banking service also allows transactions and bill payment facilities. We seek to continue to be at the forefront of providing web-based products to our retail customers.

We provide Internet banking services to our corporate clients through ICICI e-business, a finance portal which is the single point web-based interface for all our corporate clients. This platform allows clients to conduct banking business online in a secure environment. Clients can view accounts online, transfer funds between their own accounts or to other accounts, among other services. We are the only Indian private sector bank offering foreign exchange trading through the Internet through FXOnline, a secure and user-friendly platform that makes it easy for clients to get live prices for their deals and transact from virtually anywhere in the world. FxOnline provides automated quotes for spots and forwards, with transparent prices in all transactions. The Debt Online channel allows companies to transact in government of India securities in a seamless manner. This is achieved through straight through processing using a constituent subsidiary ledger account. The client can view real time quotes offered by us and ICICI Securities. The client can use the chat facility to negotiate the deal over the

Internet. We ensure credit of interest and redemption payments from the Reserve Bank of India to the client's bank account. The client can monitor transactions and the portfolio at any given time.

Call Centers

We provide telephone banking services through our call center. The call center functions 24 hours a day, seven days a week, and offers a self-service option to customers for automated phone banking. In addition, well-trained customer service officers offer personalized services for banking, dematerialized securities, online share trading customers, credit card holders, bondholders and loan product customers. The call center is also used in product specific marketing campaigns to generate leads, which are assigned to the franchisees for fulfillment. At year-end fiscal 2003, our call center had 1,750 workstations across two locations. During fiscal 2003, the number of contacts handled by our call centers was approximately 21.1 million.

Mobile Phone Banking

Our mobile phone banking services are available to our customers using any cellular telephone service operator in India. Savings account and credit card customers can view their account details on their mobile phones. Savings account customers can also request a checkbook or account statement, and obtain a list of all the major transactions in their account through Short Messaging Service (SMS).

Correspondent Banking Networks

We have correspondent banking relationships with other banks in India with large physical branch networks to offer a broader coverage for our funds transfers and remittance related products. As a result of our correspondent banking associations, we provide remittance and cash management services at over 3,600 locations in India.

Investment Banking

Our investment banking operations principally consist of our treasury operations and the operations of ICICI Securities, our subsidiary.

Treasury

Through our treasury operations, we seek to manage our balance sheet including the maintenance of required regulatory reserves and to optimize profits from our trading portfolio by taking advantage of market opportunities. Our trading and securities portfolio includes our regulatory portfolio, as there is no restriction on active management of our regulatory portfolio. Our treasury operations include a range of products and services for corporate customers, such as forward contracts and interest rate and currency swaps, and foreign exchange products and services.

General

Under the Reserve Bank of India's statutory liquidity ratio requirement, we are required to maintain 25.0% of our total demand and time liabilities by way of approved securities, such as government of India securities and state government securities. We maintain the statutory liquidity ratio through a portfolio of government of India securities that we actively manage to optimize the yield and benefit from price movements. Under the Reserve Bank of India's cash reserve ratio requirements, we are required to maintain 4.5% of our demand and time liabilities in a current account with the Reserve Bank of India. The Reserve Bank of India pays no interest on these cash reserves up to 3.0% of the net demand and time liabilities and pays interest at the bank rate (the rate at which the Reserve Bank of India provides refinance to the banking system, currently 6.0%) on the remaining eligible balance.

For further discussion of these regulatory reserves, see "Supervision and Regulation — Legal Reserve Requirements".

Our treasury undertakes liquidity management by seeking to maintain an optimum level of liquidity and complying with the cash reserve ratio. The objective is to ensure the smooth functioning of all our branches and at the same time avoid the holding of excessive cash. Our treasury maintains a balance between interest-earning liquid assets and cash to optimize earnings. The treasury undertakes reserve management by maintaining statutory reserves, including the cash reserve ratio and the statutory liquidity ratio.

Due to these regulatory reserve requirements, a substantial portion of our trading and securities portfolio consists of government of India securities. At year-end fiscal 2003, government of India securities constituted 67.3% of our trading portfolio and 84.6% of our total trading and securities portfolio, while the remainder included corporate debt securities, equity securities and derivative and foreign exchange contracts.

Our treasury engages in domestic and foreign exchange operations from a centralized trading floor in Mumbai. As part of our treasury activities, we also maintain proprietary trading portfolios in domestic debt and equity securities and in foreign currency assets. We have a limited equity portfolio because the Reserve Bank of India restricts investments by a bank in equity securities to 5.0% of its total outstanding domestic loan portfolio as at March 31 of the previous year. A significant portion of ICICI's investments in equity securities were related to projects financed by it. The Reserve Bank of India has permitted us to exclude these investments for determining compliance with the restriction on investments by banks in equity securities, for a period of five years from the amalgamation.

Our treasury manages our foreign currency exposures, offers foreign exchange and risk hedging derivative products to our customers and engages in proprietary trading of currencies. Our investment and market risk policies are approved by the Risk Committee and Asset-Liability Management Committee of our board of directors.

Our securities are classified into held to maturity securities, available for sale securities, trading securities, venture capital investments and non-readily marketable securities. The following table sets forth, at the dates indicated, certain information related to our trading portfolio.

At March 31,					
	2001		2002	2003	2003
	(in millions)				
Government of India securities.....	Rs. 8,889	Rs.	15,602	Rs. 26,658	US\$ 561

Total amortized cost	Rs. 76,523		Rs. 63,412		Rs. 56,032		Rs. 54,856	

From time to time, ICICI acquired and held equity securities. These securities, which typically consisted of ordinary shares, were acquired in multiple ways: direct subscriptions, rights issues and by conversion of ICICI's performing and impaired loans into equity. ICICI also acquired equity securities in connection with underwritings conducted by ICICI and ICICI Securities. A significant portion of these equity positions were acquired at the time of the initial project finance assistance. The decision to invest in equity securities along with project financing activities was an independent business decision to participate in the equity of the company with the intention of realizing capital gains arising out of expected increases in market prices. This decision was taken strictly on a case-by-case basis and there was no correlation between the basis for the lending decision and the reasons for making the equity investment. All of ICICI's equity investments, other than in its subsidiaries and affiliates, were made with the intent of holding them for medium-term to long-term periods strictly as portfolio investments. To ensure compliance with the Securities and Exchange Board of India's revised insider trading regulations, all dealings in our equity investments in listed companies are undertaken by the equity and corporate bonds dealing desks of our treasury, which are segregated from our other business groups as well as the other groups and desks in the treasury, and which do not have access to unpublished price sensitive information about these companies that may be available to us as lenders.

Equity securities, forming part of our investment securities portfolio, are considered as publicly traded if they have been traded on a securities exchange within six months of the balance sheet. The last quoted price of such securities is taken and recorded as their fair value. Non-readily marketable equity securities for which there is no readily determinable fair value are recorded at cost and a provision is made for other than temporary diminution. Securities acquired through conversion of loans in a troubled debt restructuring are recorded at the fair value on the date of conversion and subsequently accounted for as if acquired for cash. Venture capital investments are carried at fair value. However, they are generally carried at cost during the first year, unless a significant event occurs that effects the long-term value of the investment.

Equity securities, including venture capital investments and mutual fund units were 2.2% of our total assets at year-end fiscal 2003. Equity securities were 8.0% of our total investment securities portfolio at year-end fiscal 2003. As these investments are primarily in the nature of long-term investments in start-up projects, returns on such investments generally accrue well after

commencement of operations by the projects. In general, we pursue a strategy of active management of our long-term equity portfolio to maximize return on investment.

We deal in several major foreign currencies and take deposits from non-resident Indians in four major foreign currencies. We also manage onshore accounts in foreign currencies. The foreign exchange treasury manages its portfolio through money market and foreign exchange instruments to optimize yield and liquidity.

We control market risk and credit risk on our foreign exchange trading portfolio through an internal model which sets counterparty limits, stop-loss limits and limits on the loss of the entire foreign exchange trading operations and exception reporting. We also use a value at risk model to monitor our spot positions.

Customer Foreign Exchange

We provide customer specific products and services and risk hedging solutions in several currencies to meet the trade and service-related requirements of our corporate clients. The products and services offered include:

- spot foreign exchange for the conversion of foreign currencies without any value restrictions;
- forward foreign exchange for hedging future receivables and payables, without any value restriction, up to a maximum period of three years; and
- foreign exchange and interest rate derivatives for hedging long-term exposures.

We earn commissions on these products and services from our corporate customers.

Forward Contracts and Interest and Currency Swaps

We provide forward contracts to our customers for hedging their short-term exchange rate risk on foreign currency denominated receivables and payables. We generally provide this facility for a term of up to six months and occasionally up to 12 months. We also offer interest rate and currency swaps to our customers for hedging their medium and long-term risks due to interest rate and currency exchange rate movements. We offer these swaps for a period ranging from three to 10 years. Our customers pay a commission for this product that is included in the price of the product and is dependent upon market conditions. We also hedge our own exchange rate risk related to our foreign currency trading portfolio with products from banking counterparties. Our risk management products are currently limited to foreign currency forward transactions and currency and interest rate swaps for selected approved clients. We believe, however, that the demand for risk management products will grow, and we are building the capabilities to grow these products. We are focusing particularly on setting up the sophisticated infrastructure and internal control procedures that are critical to these products.

At year-end fiscal 2003, we had a portfolio of outstanding forward contracts of Rs. 277.3 billion (US\$ 5.8 billion) and a portfolio of interest and currency swaps of Rs. 339.5 billion (US\$ 7.1 billion).

ICICI Securities

In addition to our treasury operations, we also provide investment banking services through our subsidiary, ICICI Securities. ICICI Securities provides investment banking services through three main business lines – corporate advisory, fixed income and equities. The clients of ICICI Securities include a range of Indian and foreign corporations and institutional investors. ICICI Securities is a non-bank finance company. For a description of non-bank finance companies, see "Overview of the Indian Financial Sector – Non-Bank Finance Companies".

Corporate Advisory

ICICI Securities provides a variety of advisory services, including advice on financing and strategic transactions. ICICI Securities was one of the first Indian investment banks to form a dedicated mergers and acquisitions group to provide a range of services to large and mid-market Indian corporate clients, including business valuations, pricing and structuring of transactions, and financial and corporate restructuring. In addition, ICICI Securities provides specialized services, such as private equity syndication and privatization advisory services for public sector companies.

Fixed Income

We believe ICICI Securities is one of the market leaders in the Indian debt market, having been named the “Best Domestic Bond House in India – 2002” by Asiamoney. In fiscal 2003, ICICI Securities assisted public sector entities, financial institutions and corporates to raise over Rs. 125.7 billion (US\$ 2.6 billion) of debt. ICICI Securities is a primary dealer appointed and authorized by the Reserve Bank of India to trade in government securities. As a primary dealer, ICICI Securities is permitted to underwrite the issuance of government securities and treasury bills and to act as a market maker in these instruments. ICICI Securities was the first primary dealer to commence activity in interest rate derivative products such as interest rate swaps and forward rate agreements following their introduction by the Reserve Bank of India in July 1999. ICICI Securities is also a leading player in the non-government debt market in India. This activity primarily involves running a proprietary book in various money market instruments.

Equities

In equities, ICICI Securities offers a range of products including underwriting of equity offerings, public and private placement of corporate equity, assistance in buyback programs and equity broking and research, primarily for institutional investor clients. Indian law prohibits ICICI Securities from holding or trading ICICI Bank’s equity shares. In fiscal 2003, ICICI Securities raised Rs. 6.7 billion (US\$ 141 million) for Initial Public Offerings by corporations as compared to Rs. 1.6 billion (US\$ 34 million) in fiscal 2002.

Other Investment Banking Products and Services

Venture Capital Funding

We provide venture capital funding to start-up companies and private equity to a range of companies through funds managed by our subsidiary ICICI Venture Funds Management Company Limited. At year-end fiscal 2003, ICICI Venture managed or advised funds of Rs. 24.4 billion (US\$ 514 million). The company focuses on the information technology, media and entertainment and healthcare sectors. We believe that ICICI Venture is the leading private equity investor in India, having invested in a large number of the private equity deals completed in the country to date and having established a track record of successfully exiting from several investments.

Others

Insurance

ICICI Bank provides a wide range of insurance products and services through ICICI Prudential Life Insurance Company Limited and ICICI Lombard General Insurance Company Limited. The key dimensions of our strategy for growth in the insurance business are innovative products, wide distribution network, prudent portfolio mix and sound risk management practices. In addition, we are focused on leveraging on our corporate and retail customer base for cross selling insurance products.

Life Insurance

ICICI Bank has a joint venture partnership with Prudential plc of UK for the life insurance business. ICICI Bank has a 74.0% interest in this joint venture. This joint venture company, ICICI Prudential Life Insurance Company, obtained the license to conduct life insurance business in November 2000 and commenced business operations in December 2000. ICICI Prudential Life Insurance sold about 244,000 policies in fiscal 2003. There is a Memorandum of Understanding between ICICI Bank and ICICI Prudential Life Insurance Company for distribution of life insurance policies issued by ICICI Prudential Life Insurance Company through ICICI Bank's branch network.

Non-Life Insurance

In the non-life insurance sector, ICICI had entered into a joint venture partnership with Lombard Canada Limited in fiscal 2001. We have a 74.0% interest in this joint venture. The joint venture company, ICICI Lombard General Insurance Company, obtained the license to conduct general insurance business in August 2001 and since then has commenced operations. ICICI Lombard General Insurance Company offers a wide range of general insurance products for corporate and retail customers. In fiscal 2003, ICICI Lombard General Insurance Company had written 98,293 policies and achieved financial breakeven. ICICI Lombard General Insurance Company offers general insurance products to our corporate customers and seeks to capitalize on our corporate relationships.

Funding

Our funding operations are designed to ensure stability of funding, minimize funding costs and effectively manage liquidity. Subsequent to the amalgamation, our primary source of funding is deposits raised from both retail and corporate customers. We also raise funds through short-term rupee borrowings and public issuance of bonds. As a financial institution, ICICI was not allowed to raise banking deposits and so its primary sources of funding, prior to the amalgamation, were rupee borrowings from a wide range of institutional investors, and retail bonds. ICICI also obtained funds through foreign currency borrowings from multilateral institutions like the Asian Development Bank and the World Bank, which were guaranteed by the government of India, as well as through commercial foreign currency borrowings.

The composition of our liabilities has changed significantly pursuant to the amalgamation. Our deposits constituted 45.2% of our total liabilities at year-end fiscal 2003 compared to 1.1% of ICICI's total liabilities and 84.1% of ICICI Bank's total liabilities at year-end fiscal 2002. Our borrowings constituted 43.1% of our total liabilities at year-end fiscal 2003 compared to 88.9% of ICICI's total liabilities at year-end fiscal 2002. Our borrowings declined to Rs. 469.9 billion (US\$ 9.9 billion) at year-end fiscal 2003 compared to ICICI's borrowings of Rs. 599.5 billion (US\$ 12.6 billion) at year-end fiscal 2002, due to repayment of ICICI's long-term debt and short-term borrowings during fiscal 2003 in line with scheduled maturities, and new funding primarily through deposits. As a result, our long-term debt decreased 21.6% to Rs. 400.8 billion (US\$ 8.4 billion) at year-end fiscal 2003 compared to ICICI's long-term debt of Rs. 511.4 billion (US\$ 10.8 billion) at year-end fiscal 2002, reflecting a 20.1% decrease in long-term rupee debt and a 31.2% decrease in long-term foreign currency debt, and our short-term borrowings decreased 40.5% to Rs. 42.1 billion (US\$ 885 million) at year-end fiscal 2003 compared to ICICI's short-term borrowings of Rs. 70.8 billion (US\$ 1.5 billion) at year-end fiscal 2002. Going forward, we will continue to repay our borrowings in accordance with their scheduled maturities and raise new funds primarily in the form of lower-cost deposits.

Our deposits were Rs. 491.3 billion (US\$ 10.3 billion) at year-end fiscal 2003 compared to ICICI's deposits of Rs. 7.4 billion (US\$ 155 million) and ICICI Bank's deposits of Rs. 325.2 billion (US\$ 6.8 billion) at year-end fiscal 2002. This significant growth in deposits was achieved primarily through increased focus on retail and corporate customers by offering a wide range of products designed to meet varied individual and corporate needs and leveraging on our network of branches, extension counters and ATMs.

The following table sets forth, for the periods indicated, the average volume and average cost of deposits by type of deposit.

Year ended March 31, ⁽¹⁾⁽²⁾										
1999		2000		2001		2002		2003		
Amount	Cost ⁽³⁾	Amount	Cost ⁽³⁾	Amount	Cost ⁽³⁾	Amount	Cost ⁽³⁾	Amount	Amount	Cost ⁽³⁾
(in millions, except percentages)										
Interest-bearing deposits:										
Savings deposits	Rs. 1,633	3.25%	Rs. 3,530	3.34%	Rs. -	- %	Rs. -	- %	Rs. 30,874	US\$ 649 2.96%
Time deposits	40,636	10.60	64,309	9.31	3,682	13.31%	6,618	11.24%	327,144	6,880 7.68%
Non-interest-bearing deposits:										
Demand deposits.....	4,430	-	7,443	-	-	-	-	-	31,172	656 -
Total deposits	Rs. 46,699	9.34%	Rs. 75,282	8.11%	Rs. 3,682	13.31%	Rs. 6,618	11.24%	Rs. 389,190	US\$ 8,185 6.69%

- (1) Data for fiscal 2003 is not comparable to fiscal 2001 and 2002, as data for fiscal 2001 and 2002 is only for ICICI and does not include ICICI Bank, as ICICI Bank was accounted for by the equity method in those fiscal years. Also, the average volume of deposits for fiscal 2001 and 2002 is not comparable with fiscal 1999 and 2000 due to deconsolidation of ICICI Bank effective April 1, 2000.
- (2) Average of quarterly balances at the end of March of the previous fiscal year and June, September, December and March of that fiscal year for each of fiscal 1999, 2000, 2001, 2002 and 2003.
- (3) Represents interest expense divided by the average of quarterly balances.

Our average deposits in fiscal 2003 were Rs. 389.2 (US\$ 819 million) at an average cost of 6.7% compared to ICICI Bank's average deposits of Rs. 194.4 billion (US\$ 4.1 billion) at an average cost of 7.0% and ICICI's average deposits of Rs. 6.6 billion (US\$ 139 million) at an average cost of 11.2% in fiscal 2002. Our average time deposits in fiscal 2003 were Rs. 327.1 billion (US\$ 6.9 billion) at an average cost of 7.7% compared to ICICI Bank's average time deposits of Rs. 153.6 billion (US\$ 3.2 billion) in fiscal 2002 at an average cost of 8.4% and ICICI's average time deposits of Rs. 6.6 billion (US\$ 14 million) in fiscal 2002 at an average cost of 11.2%. The average cost of deposits decreased primarily due to the reduction in the deposit rates offered to customers in fiscal 2003 in line with the overall decline in interest rates in the economy.

The following table sets forth, at the date indicated, the maturity profile of deposits by type of deposit.

At March 31, 2003				
	Up to one year	After one year and within three years	After three years	Total
	(in millions)			
Interest-bearing deposits:				
Savings deposits	Rs. 37,932	Rs. -	Rs. -	Rs. 37,932
Time deposits.....	334,351	62,465	21,303	418,119
Non-interest-bearing deposits:				
Demand deposits	35,239	-	-	35,239
Total deposits	Rs. 407,522	Rs. 62,465	Rs. 21,303	Rs. 491,290

The following table sets forth, for the periods indicated, average outstanding rupee borrowings based on quarterly balance sheets and by category of borrowing and the percentage composition by category of borrowing. The average cost (interest expense divided by average of quarterly balances) for each category of borrowings is provided in the footnotes.

- (1) Data for fiscal 2003 is not comparable to fiscal 2001 and 2002, as data for fiscal 2001 and 2002 is only for ICICI and does not include ICICI Bank, as ICICI Bank was accounted for by the equity method in those fiscal years. Also, the average volume of borrowings for fiscal 2001 and 2002 is not comparable with fiscal 1999 and 2000 due to deconsolidation of ICICI Bank effective April 1, 2000.
- (2) Average of quarterly balances at the end of March of the previous fiscal year and June, September, December and March of that fiscal year for each of fiscal 1999, 2000, 2002 and 2003 and average of quarterly balances at the end of June, September, December and March for fiscal 2001.
- (3) With an average cost of 10.39% in fiscal 1999, 10.33% in fiscal 2000, 10.62% in fiscal 2001, 11.10% in fiscal 2002 and 11.44% in fiscal 2003.
- (4) With an average cost of 11.11% in fiscal 1999, 10.85% in fiscal 2000, 10.70% in fiscal 2001, 10.40% in fiscal 2002 and 10.40% in fiscal 2003.
- (5) With an average cost of 12.50% in 1999 and 14.38% in fiscal 2000. The convertible debentures were redeemed on July 17, 1999.
- (6) With an average cost of 14.53% in fiscal 1999, 13.67% in fiscal 2000, 13.06% in fiscal 2001, 12.36% in fiscal 2002 and 11.65% in fiscal 2003.
- (7) Includes publicly and privately placed bonds, borrowings from institutions and wholesale deposits such as inter-corporate deposits certificate of deposits and call borrowings.

During fiscal 2003, we repaid a significant amount of ICICI's high cost long-term and short-term debt. As a result, average long-term debt was reduced to Rs.455.3 billion (US\$ 9.6 billion) during fiscal 2003 compared to ICICI's average long-term debt of Rs. 504.1 billion (US\$ 10.6 billion) during fiscal 2002.

The following table sets forth, at the dates indicated, certain information related to short-term rupee borrowings, which consist of certificates of deposits, inter-corporate deposits and borrowings from government-owned companies, known commonly as public sector units.

At March 31, ⁽¹⁾					
	1999	2000	2001	2002	2003
(in millions, except percentages)					
Year-end balance.....	Rs. 50,585	Rs. 87,758	Rs. 99,997	Rs. 74,932	Rs. 50,232
Average balance during the year ⁽²⁾	51,098	68,626	100,569	85,057	75,983
Maximum quarter-end balance	68,858	90,442	104,412	91,950	82,100
Average interest rate during the year ⁽³⁾	10.42%	12.38%	10.17%	9.65%	11.31%
Average interest rate at year-end ⁽⁴⁾	12.10%	10.82%	11.01%	9.34%	6.80%

- (1) Short-term borrowings include trading liabilities, such as borrowings in the call market and repurchase agreements.
- (2) Average of quarterly balances at the end of March of the previous fiscal year, June, September, December and March of that fiscal year for each of fiscal 1999, 2000, 2002 and 2003 and average of quarterly balances at the end of June, September, December and March for fiscal 2001.
- (3) Represents the ratio of interest expense on short-term borrowings to the average of quarterly balances of short-term borrowings.
- (4) Represents the weighted average rate of the short-term borrowings outstanding at fiscal year-end.

For short-term rupee borrowings, the average interest rate at year-end fiscal 2003 at 6.80% was significantly lower compared to the average interest rate during fiscal 2003 at 11.31% because ICICI's higher cost rupee short-term borrowings were largely repaid during the year, and only a small portion of the same remained outstanding at year-end fiscal 2003.

The following table sets forth, at the dates indicated, average outstanding volume of foreign currency borrowings based on quarterly balance sheets by source and the percentage composition by source. The average cost (interest expense divided by average of quarterly balances) for each source of borrowings is provided in the footnotes.

At March 31, ^{(1) (2)}										
	1999		2000		2001		2002		2003	
	Amount	% to total	Amount	% to total	Amount	% to total	Amount	% to total	Amount	% to total
(in millions, except percentages)										
Commercial borrowings ⁽³⁾	Rs. 81,140	79.1%	Rs.74,509	77.4%	Rs. 74,745	77.6%	Rs. 73,955	77.6%	Rs.53,791	US\$1,131 67.4%
Multilateral borrowings ⁽⁴⁾	21,483	20.9	21,748	22.6	21,554	22.4	22,290	22.4	26,020	547 32.6
Total	Rs. 102,623	100.0%	Rs. 96,257	100.0%	Rs. 96,299	100.0%	Rs. 96,246	100.0%	Rs.79,811	US\$1,678 100.0%

- (1) Data for fiscal 2003 is not comparable to fiscal 2001 and 2002, as data for fiscal 2001 and 2002 is only for ICICI and does not include ICICI Bank, as ICICI Bank was accounted for by the equity method in those fiscal years. Also, the average volume of borrowings at year-end fiscal 2001 and 2002 is not comparable with fiscal 1999 and 2000 due to deconsolidation of ICICI Bank effective April 1, 2000.
- (2) Average of quarterly balances at the end of March of the previous fiscal year, June, September, December and March of that fiscal year for each of fiscal 1999, 2000, 2001, 2002 and 2003.
- (3) With an average cost of 6.15% in fiscal 1999, 5.72% in fiscal 2000, 7.6% in fiscal 2001, 6.8% in fiscal 2002 and 3.16% in fiscal 2003.
- (4) With an average cost of 5.79% in fiscal 1999, 5.53% in fiscal 2000, 4.39% in fiscal 2001, 4.93% in fiscal 2002 and 4.40% in fiscal 2003.

At year-end fiscal 2003, our outstanding subordinated debt was Rs. 97.5 billion (US\$ 2.1 billion). This debt is classified as Tier 2 capital in calculating the capital adequacy ratio. Under the Reserve Bank of India's capital adequacy requirements, we are required to maintain a minimum ratio of capital to risk adjusted assets and off-balance sheet items of 9.0% effective March 31, 2000, at least half of which must be Tier 1 capital. Total subordinated debt classified as Tier 2 capital cannot exceed 50.0% of Tier 1 capital.

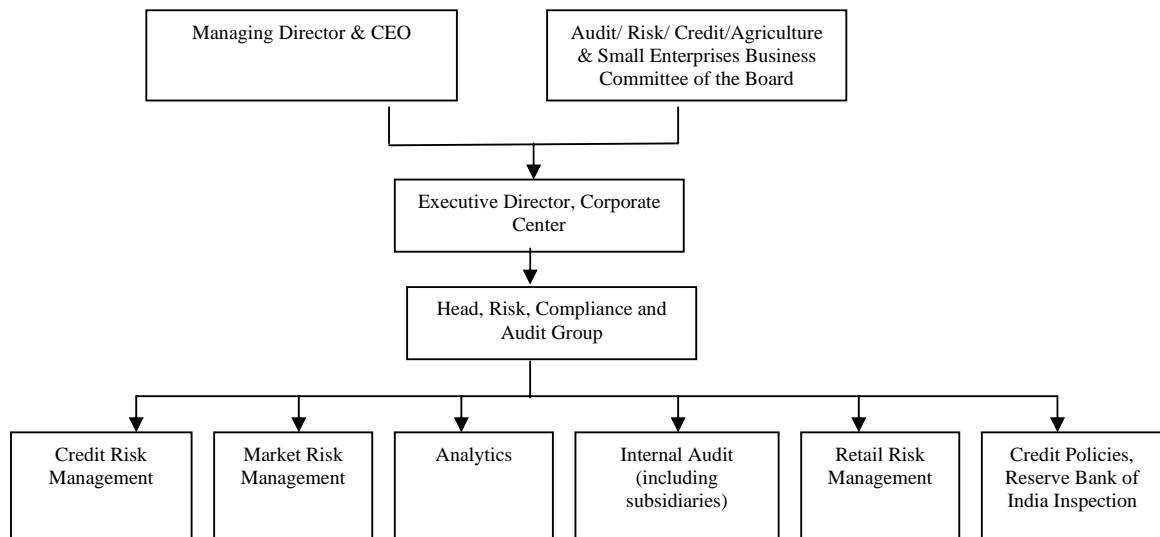

Risk Management

As a financial intermediary, ICICI Bank is exposed to risks that are particular to its lending and trading businesses and the environment within which it operates. ICICI Bank's goal in risk management is to ensure that it understands, measures and monitors the various risks that arise and that the organization adheres strictly to the policies and procedures which are established to address these risks.

As a financial intermediary, ICICI Bank is primarily exposed to credit risk, market risk, liquidity risk, operational risk and legal risk. ICICI Bank has a central Risk, Compliance and Audit Group with a mandate to identify, assess, monitor and manage all of ICICI Bank's principal risks in accordance with well-defined policies and procedures. The Head of the Risk, Compliance and Audit Group reports to the Executive Director responsible for the Corporate Center, which does not include any business groups, and is thus independent from ICICI Bank's business units. The Risk, Compliance and Audit Group coordinates with representatives of the business units to implement ICICI Bank's risk methodologies.

Committees of the board of directors have been constituted to oversee the various risk management activities. The Audit Committee of ICICI Bank's board of directors provides direction to and also monitors the quality of the internal audit function. The Risk Committee of ICICI Bank's board of directors reviews risk management policies in relation to various risks including portfolio, liquidity, interest rate, off-balance sheet and operational risks, investment policies and strategy, and regulatory and compliance issues in relation thereto. The Credit Committee of ICICI Bank's board of directors reviews developments in key industrial sectors and ICICI Bank's exposure to these sectors. The Asset Liability Management Committee of ICICI Bank's board of directors is responsible for managing the balance sheet and reviewing the asset-liability position to manage ICICI Bank's market risk exposure. The Agriculture & Small Enterprises Business Committee of ICICI Bank's board of directors, which was constituted in June 2003 but has not held any meetings to date, will, in addition to reviewing ICICI Bank's strategy for small enterprises and agri-business, also review the quality of the agricultural lending and small enterprises finance credit portfolio. For a discussion of these and other committees, see "Management".

As shown in the following chart, the Risk, Compliance and Audit Group is organized into six sub-groups: Credit Risk Management, Market Risk Management, Analytics, Internal Audit, Retail Risk Management and Credit Policies and Reserve Bank of India Inspection. The Analytics Unit develops proprietary quantitative techniques and models for risk measurement.

Borrower credit ratings	Developing and implementing market risk measurement methodologies	Development of proprietary models for risk measurement	Comprehensive coverage of operational risk inherent in all areas of business	Approval of retail policies and procedures	Formulation of credit policies and ensuring compliance
Sectoral analysis and review				Impact of macro economic changes on the retail portfolio	Co-ordinating Reserve Bank of India inspections
Credit portfolio analysis	Approval of all new products		Initiation of systems audit in information technology-intensive areas		
	Monitoring market risk exposures			Portfolio review and monitoring	

The Risk, Compliance and Audit Group is also responsible for assessing the risks pertaining to international business, including review of credit policies and setting sovereign and counterparty limits.

Credit Risk

In our lending operations, we are principally exposed to credit risk. Credit risk is the risk of loss that may occur from the failure of any party to abide by the terms and conditions of any financial contract with us, principally the failure to make required payments on loans due to us. We currently measure, monitor and manage credit risk for each borrower and also at the portfolio level. We have a structured and standardized credit approval process, which includes a well-established procedure of comprehensive credit appraisal.

Credit Risk Assessment Procedures for Corporate Loans

In order to assess the credit risk associated with any financing proposal, ICICI Bank assesses a variety of risks relating to the borrower and the relevant industry. Borrower risk is evaluated by considering:

- the financial position of the borrower by analyzing the quality of its financial statements, its past financial performance, its financial flexibility in terms of ability to raise capital and its cash flow adequacy;
- the borrower's relative market position and operating efficiency; and
- the quality of management by analyzing their track record, payment record and financial conservatism.

Industry risk is evaluated by considering:

- certain industry characteristics, such as the importance of the industry to the economy, its growth outlook, cyclicity and government policies relating to the industry;
- the competitiveness of the industry; and
- certain industry financials, including return on capital employed, operating margins and earnings stability.

After conducting an analysis of a specific borrower's risk, the Credit Risk Management Group assigns a credit rating to the borrower. ICICI Bank has a scale of 10 ratings ranging from AAA to B and an additional default rating of D. Credit rating is a critical input for the credit approval process. ICICI Bank determines the desired credit risk spread over its cost of funds by considering the borrower's credit rating and the default pattern corresponding to the credit rating. Every proposal for a financing facility is prepared by the relevant business unit and reviewed by the appropriate industry specialists in the Credit Risk Management Group before being submitted for approval to the appropriate approval authority. The approval process for non-fund facilities is similar to that for fund-based facilities. The credit rating for every borrower is reviewed at least annually and is typically reviewed on a more frequent basis for higher risk credits and large exposures. ICICI Bank also

reviews the ratings of all borrowers in a particular industry upon the occurrence of any significant event impacting that industry.

Working capital loans are generally approved for a period of 12 months. At the end of 12 months, ICICI Bank reviews the loan arrangement and the credit rating of the borrower and takes a decision on continuation of the arrangement and changes in the loan covenants as may be necessary.

Credit Approval Procedures for Corporate Loans

Project Finance Procedures

ICICI Bank has a strong framework for the appraisal and execution of project finance transactions. ICICI Bank believes that this framework creates optimal risk identification, allocation and mitigation, and helps minimize residual risk.

The project finance approval process begins with a detailed evaluation of technical, commercial, financial, marketing and management factors and the sponsor's financial strength and experience. Once this review is completed, an appraisal memorandum is prepared for credit approval purposes. As part of the appraisal process, a risk matrix is generated, which identifies each of the project risks, mitigating factors and residual risks associated with the project. The appraisal memorandum analyzes the risk matrix and establishes the viability of the project. Typical key risk mitigating factors include the commitment of stand-by funds from the sponsors to meet any cost overruns and a conservative collateral position. After credit approval, a letter of intent is issued to the borrower, which outlines the principal financial terms of the proposed facility, sponsor obligations, conditions precedent to disbursement, undertakings from and covenants on the borrower. After completion of all formalities by the borrower, a loan agreement is entered into with the borrower.

In addition to the above, in the case of structured project finance in areas such as infrastructure and oil, gas and petrochemicals, as a part of the due diligence process, ICICI Bank appoints consultants, wherever considered necessary, to advise the lenders, including technical advisors, business analysts, legal counsel and insurance consultants. These consultants are typically internationally recognized and experienced in their respective fields. Risk mitigating factors in these financings generally also include creation of debt service reserves and channeling project revenues through a trust and retention account.

ICICI Bank's project finance credits are generally fully secured and have full recourse to the borrower. In most cases, ICICI Bank has a security interest and first lien on all the fixed assets and a second lien on all the current assets of the borrower. Security interests typically include property, plant and equipment as well as other tangible assets of the borrower, both present and future. Typically, it is ICICI Bank's practice to lend between 60.0% and 80.0% of the appraised value of these types of collateral securities. ICICI Bank's borrowers are required to maintain comprehensive insurance on their assets where ICICI Bank is recognized as payee in the event of loss. In some cases, ICICI Bank also takes additional collateral in the form of corporate or personal guarantees from one or more sponsors of the project and a pledge of the sponsors' equity holding in the project company. In certain industry segments, ICICI Bank also takes security interest in relevant project contracts such as concession agreements, off-take agreements and construction contracts as part of the security package. In limited cases, loans are also guaranteed by commercial banks and, in the past, have also been guaranteed by Indian state governments or the government of India.

It is ICICI Bank's current practice to normally disburse funds after the entire project funding is committed and all necessary contractual arrangements have been entered into. Funds are disbursed in tranches to pay for approved project costs as the project progresses. When ICICI Bank appoints technical and market consultants, they are required to monitor the project's progress and certify all disbursements. ICICI Bank also requires the borrower to submit periodic reports on project implementation, including orders for machinery and equipment as well as expenses incurred. Project completion is contingent upon satisfactory operation of the project for a certain minimum period and,

in certain cases, the establishment of debt service reserves. ICICI Bank continues to monitor the credit exposure until its loans are fully repaid.

Corporate Finance Procedures

As part of the corporate loan approval procedures, ICICI Bank carries out a detailed analysis of funding requirements, including normal capital expenses, long-term working capital requirements and temporary imbalances in liquidity. ICICI Bank's funding of long-term core working capital requirements is assessed on the basis, among other things, of the borrower's present and proposed level of inventory and receivables. In case of corporate loans for other funding requirements, ICICI Bank undertakes a detailed review of those requirements and an analysis of cash flows. A substantial portion of ICICI Bank's corporate finance loans are secured by a lien over appropriate assets of the borrower.

The focus of ICICI Bank's structured corporate finance products is on cash flow based financings. ICICI Bank has a set of distinct approval procedures to evaluate and mitigate the risks associated with such products. These procedures include:

- carrying out a detailed analysis of cash flows to accurately forecast the amounts that will be paid and the timing of the payments based on an exhaustive analysis of historical data;
- conducting due diligence on the underlying business systems, including a detailed evaluation of the servicing and collection procedures and the underlying contractual arrangements; and
- paying particular attention to the legal, accounting and tax issues that may impact any structure.

ICICI Bank's analysis enables it to identify risks in these transactions. To mitigate risks, ICICI Bank uses various credit enhancement techniques, such as over-collateralization, cash collateralization, creation of escrow accounts and debt service reserves and performance guarantees. The residual risk is typically managed by complete or partial recourse to the borrowing company whose credit risk is evaluated as described above. ICICI Bank also has a monitoring framework to enable continuous review of the performance of such transactions.

Working Capital Finance Procedures

ICICI Bank carries out a detailed analysis of its borrowers' working capital requirements. Credit limits are approved in accordance with the approval authorization approved by ICICI Bank's board of directors. Once credit limits are approved, ICICI Bank calculates the amounts that can be lent on the basis of monthly statements provided by the borrower and the margins stipulated. Quarterly information statements are also obtained from borrowers to monitor the performance on a regular basis. Monthly cash flow statements are obtained where considered necessary. Any irregularity in the conduct of the account is reported to the appropriate authority on a monthly basis. Credit limits are reviewed on an annual basis.

Working capital facilities are primarily secured by inventories and receivables. Additionally, in certain cases, these credit facilities are secured by personal guarantees of directors, or subordinated security interests in the tangible assets of the borrower including plant and machinery.

Credit Approval Authority for Corporate Loans

ICICI Bank has established four levels of credit approval authorities for its corporate banking activities, the Credit Committee of the board of directors, the Committee of Directors, the Committee of Executives (Credit) and the Regional Committee (Credit). The Credit Committee has the power to approve all financial assistance. ICICI Bank's board of directors has delegated the authority to the Committee of Directors, consisting of ICICI Bank's wholetime directors, to the Committee of Executives (Credit) and the Regional Committee (Credit), both consisting of designated executives of

ICICI Bank, to approve financial assistance to any company within certain individual and group exposure limits set by the board of directors.

The following table sets forth the composition and the approval authority of these committees.

Committee	Members	Approval Authority
Credit Committee of the board of directors	Chaired by an independent director and consisting of a majority of independent directors.	<ul style="list-style-type: none"> All approvals to companies with rating below BB and all new (non agriculture) companies rated BB, pursuant to ICICI Bank's internal credit rating policy. All approvals (in practice, generally above the prescribed authority of the Committee of Directors). Approvals to companies identified by the Credit Committee where the company or the borrower group requires close monitoring.
Committee of Directors	Chaired by the Managing Director and Chief Executive Officer and consisting of all wholetime directors.	<p>All approvals above the prescribed authority of the Committee of Executives (Credit) subject to the following total exposure limits:</p> <ul style="list-style-type: none"> Up to 10.0% of ICICI Bank's capital funds ⁽¹⁾ to a single entity; and Up to 30.0% of ICICI Bank's capital funds ⁽¹⁾ to a single group of companies.
Committee of Executives (Credit)	Consisting of heads of client relationship groups, retail assets, treasury, international banking, structured products and portfolio management, project finance with the Chief Financial Officer and the Head-Risk, Compliance and Audit Group as permanent invitees.	<p>Approvals linked to the rating, tenure and security of the exposure, which are above the authority of the Regional Committee (Credit) subject to the following indicative exposure limits:</p> <ul style="list-style-type: none"> From up to Rs. 5.0 billion (US\$ 105 million) for a one year secured exposure to up to Rs. 0.38 billion (US\$ 8 million) for a secured exposure greater than ten years for each company with an internal credit rating of AA- and above; From up to Rs. 5.0 billion (US\$ 105 million) for a one year unsecured exposure to up to Rs. 0.27 billion (US\$ 6 million) for an unsecured exposure greater than ten years for each company with an internal credit rating of AA- and above; From up to Rs. 1.6 billion (US\$ 34 million) for a one year secured exposure to up to Rs. 0.13 billion (US\$ 3 million) for a ten year secured exposure for each company with an internal credit rating of A+ and below; From up to Rs. 1.1 billion (US\$ 23 million) for a one year unsecured exposure to up to Rs. 0.09 billion (US\$ 2 million) for a ten year unsecured exposure for each company with an internal credit rating of A+ and below;
Regional Committee (Credit)	Consisting of regional representatives of various client relationship groups and a representative of Structured Finance and Portfolio Management Group, with a representative of Risk, Compliance and Audit Group as a permanent invitee.	<ul style="list-style-type: none"> From up to Rs. 5.0 billion (US\$ 105 million) for a one year secured exposure to up to Rs. 0.15 billion (US\$ 3 million) for a ten year secured exposure for each company with an internal credit rating of AA- and above; From up to Rs. 5.0 billion (US\$ 105 million) for a one year unsecured exposure to up to Rs. 0.11 billion (US\$ 2 million) for a ten year unsecured exposure for each company with an internal credit rating of AA- and above; From up to Rs. 0.9 billion (US\$ 19 million) for a one year secured exposure to up to Rs. 0.06 billion (US\$ 1 million) for a ten year secured exposure for each company with an internal credit rating of A+ and below; From up to Rs. 0.64 billion (US\$ 13 million) for a one year unsecured exposure to up to Rs. 0.04 billion (US\$ 1 million) for a ten year unsecured exposure for each company with an internal credit rating of A+ and below; <p>In all cases, subject to adherence to limits on ICICI Bank's capital funds ⁽¹⁾ imposed on the Committee of Directors as mentioned above.</p>

(1) Capital funds consist of Tier 1 and Tier 2 capital, as defined in the Reserve Bank of India regulations, under Indian GAAP. See "Supervision and Regulation – Capital Adequacy Requirements".

All new loans must be approved by the above committees in accordance with their respective powers. Certain designated executives are authorized to approve:

- ad-hoc/ additional working capital facilities not exceeding the lower of 10.0% of existing approved facilities and Rs. 20 million (US\$ 420,610);
- temporary accommodation not exceeding the lower of 20.0% of existing approved facilities and Rs. 20 million (US\$ 420,610); and
- facilities fully secured by deposits, cash margin, letters of credit of approved banks or approved sovereign debt instruments.

In addition to the above loan products, ICICI Bank's Rural Micro Banking Group provides loans to self-help groups, rural agencies, as well as certain categories of agricultural loans and loans under government-sponsored schemes. These loans are typically of small amounts. The credit approval authorization approved by the board of directors of ICICI Bank requires that all such loans above Rs.1.5 million (US\$ 31,546) be approved by the Committee of Directors comprising all the wholetime directors, while the authority to approve loans up to Rs.1.5 million (US\$ 31,546) has been delegated to designated executives.

Credit Monitoring Procedures for Corporate Loans

The Credit Middle Office Group monitors compliance with the terms and conditions for credit facilities prior to disbursement. It also reviews the completeness of documentation, creation of security and insurance policies for assets financed. All borrower accounts are reviewed at least once a year. Larger exposures and lower rated-borrowers are reviewed more frequently.

Retail Loan Procedures

Our customers for retail loans are typically middle and high-income, salaried or self-employed individuals, and, in some cases, partnerships and corporations. Except for personal loans and credit cards, we require a contribution from the borrower and our loans are secured by the asset financed.

Our retail credit product operations are sub-divided into various product lines. Each product line is further sub-divided into separate sales and marketing and credit groups. The Risk, Compliance and Audit Group, which is independent of the business groups, approves all new retail products and product policies and credit approval authorizations. All products and policies require the approval of the Committee of Directors comprising all the wholetime directors. All credit approval authorizations require the approval of ICICI Bank's board of directors.

We have an established process for evaluating and selecting our dealers and franchisees and there is a clear segregation between the group responsible for originating loans and the group that approves the loans. A centralized set of risk assessment criteria has been created for retail lending operations after approval by the Risk, Compliance and Audit Group. These criteria vary across product segments but typically include factors such as the borrower's income, the loan-to-value ratio and certain stability factors. The loan approval authority is delegated to credit officers, subject to loan amount limits, which vary across different loan products. We use Direct Marketing Agents (DMAs) for the marketing and sale of retail credit products. Credit approval authority lies only with our credit officers.

Credit officers approve loans in compliance with the risk assessment criteria. External agencies are used to facilitate a comprehensive due diligence process including visits to office or home in the case of loans to individual borrowers. Before disbursements are made, the credit officer conducts a centralized check and review of the borrower's profile.

In order to limit the scope of individual discretion in the loan assessment and approval process, ICICI Bank has implemented a credit-scoring program for credit cards. ICICI Bank has also implemented a credit-scoring program for certain variants within the consumer durables loan product.

The credit-scoring program is an automated credit approval system for evaluating loan applications by assigning a credit score to each applicant based on certain demographic attributes like earnings stability, educational background and age. The credit score then forms the basis of loan evaluation. Though a formal credit bureau does not as yet operate in India, we avail the services of certain private agencies operating in India to check applications before disbursement.

ICICI Bank has a separate retail credit team, which undertakes review and audit of credit quality across each credit approval team. ICICI Bank has established centralized operations to manage operating risk in the various back office processes of its retail loan business except for a few operations which are decentralized to improve turnaround time for our customers. The Risk, Compliance and Audit Group conducts an independent audit of processes and documents at periodic intervals. As with our other retail credit products, ICICI Bank emphasizes conservative credit standards, including credit scoring and strict monitoring of repayment patterns, to optimize risks associated with credit cards.

ICICI Bank has a collections unit structured along various product lines and geographical locations, to manage delinquency levels. The collections unit operates under the guidelines of a standardized recovery process. ICICI Bank also makes use of external collection agents to aid ICICI Bank in its collection efforts, including collateral repossession in accounts that are overdue for more than 90 days. A fraud control department has been set up to manage levels of fraud, primarily through fraud prevention in the form of forensic audits and also through recovery of fraud losses. The fraud control department is aided by specialized agencies. External agencies for collections are strictly governed by standardized process guidelines. External agencies are also used to facilitate a comprehensive due diligence process including property valuation prior to the approval of home loans and visits to home or office in the case of loans to individual borrowers.

Small Enterprises Loan Procedures

The Small Enterprises Group finances dealers and vendors of companies by implementing structures to enhance the base credit quality of the vendor / dealer, that involve an analysis of the base credit quality of the vendor / dealer pool and an analysis of the linkages that exist between the vendor / dealer and the company.

The group is also involved in financing based on a cluster community based approach, that is, financing of small enterprises that have a homogeneous profile such as apparel manufacturers and manufacturers of pharmaceuticals. The risk assessment of such communities involves identification of appropriate credit norms for target market, use of scoring models for enterprises that satisfy these norms and applying pre-determined exposure limits to enterprises that are awarded a minimum required score in the scoring model. The assessment also involves setting up of portfolio control norms, individual borrower approval norms and stringent exit triggers to be followed while financing such clusters or communities.

Investment Banking Procedures

ICICI Securities provides investment banking services, including corporate advisory, fixed income and equity services, to corporate customers. All investment banking mandates, including underwriting commitments, are approved by the Managing Director and the relevant business group heads of ICICI Securities.

ICICI Securities is registered with the Securities and Exchange Board of India as a merchant bank. In that capacity, ICICI Securities has decided not to engage in any lending and leasing activities and conducts only activities related to the securities markets and corporate advisory services.

Quantitative and Qualitative Disclosures About Market Risk

Market risk is exposure to loss arising from changes in the value of a financial instrument as a result of changes in market variables such as interest rates, exchange rates and other asset prices. The prime source of market risk for us is the interest rate risk we are exposed to as a financial intermediary, which arises on account of our asset liability management activities. In addition to interest rate risk, we are exposed to other elements of market risk such as, liquidity or funding risk, price risk on trading portfolios, and exchange rate risk on foreign currency positions.

Market Risk Management Procedures

The board of directors of ICICI Bank reviews and approves the policies for the management of market risk. The board has delegated the responsibility for market risk management on the banking book to the Asset Liability Management Committee and the trading book to the Committee of Directors, under the Risk Committee of the Board. The Asset Liability Management Committee is responsible for approving policies and managing interest rate risk on the banking book and liquidity risks reflected in the balance sheet. The Committee of Directors is responsible for setting policies and approving risk controls for the trading portfolio.

The Asset Liability Management Committee is chaired by the Joint Managing Director and all four Executive Directors are members of the Committee. The Committee generally meets on a monthly basis and reviews the interest rate and liquidity gap positions on the banking book, formulates a view on interest rates, sets deposit and benchmark lending rates, reviews the business profile and its impact on asset liability management and determines the asset liability management strategy, as deemed fit, in light of the current and expected business environment. The Committee reports to the Risk Committee. A majority of the members of the Risk Committee are independent directors and the committee is chaired by an independent director. The Balance Sheet Management Group, reporting to the Chief Financial Officer, is responsible for managing interest rate risk on the banking book, and liquidity, under the supervision of the Asset Liability Management Committee.

An independent Market Risk Management Group, which is part of the Risk, Compliance and Audit Group, recommends changes in risk policies and controls, including for new trading products, and the processes and methodologies for quantifying and assessing market risks. Risk limits including position limits and stop loss limits for the trading book are monitored on a daily basis and reviewed periodically. In addition to risk limits, risk monitoring tools such as Value-at-Risk models are also used for measuring market risk in the trading portfolio. ICICI Securities, our investment banking subsidiary which is a primary dealer in government of India securities and has government of India securities as a significant proportion of its portfolio, has a corporate risk management group for managing its interest rate and liquidity risk.

Interest Rate Risk

Since our balance sheet consists predominantly of rupee assets and liabilities, movements in domestic interest rates constitute the main source of interest rate risk. Our portfolio of traded and other debt securities and our loan portfolio are negatively impacted by an increase in interest rates. Exposure to fluctuations in interest rates is measured primarily by way of gap analysis, providing a static view of the maturity and re-pricing characteristics of balance sheet positions. An interest rate gap report is prepared by classifying all assets and liabilities into various time period categories according to contracted maturities or anticipated re-pricing date. The difference in the amount of assets and liabilities maturing or being re-priced in any time period category, would then give an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets and liabilities. ICICI Bank prepared interest rate risk reports on a fortnightly basis in fiscal 2003. The same were reported to the Reserve Bank of India on a monthly basis. Interest rate risk is further monitored through interest rate risk limits approved by the Asset Liability Management Committee.

Our core business is deposit taking and lending in both rupees and foreign currencies, as permitted by the Reserve Bank of India. These activities expose us to interest rate risk. As the rupee market is significantly different from the international currency markets, gap positions in these markets differ significantly.

In the rupee market, most of our deposit taking is at fixed rates of interest for fixed periods, except that savings deposits and current deposits which do not have any specified maturity and can be withdrawn on demand. We usually borrow for a fixed period with a one-time repayment on maturity, with some borrowings having European call/put options, exercisable only on specified dates, attached to them. However, we have a mix of floating and fixed interest rate assets. Our loans generally are repaid more gradually, with principal repayments being made over the life of the loan. Our housing loans are primarily floating rate loans where the rates are reset every quarter. We follow a four-tier prime rate structure, namely, a short-term prime rate for one-year loans or loans that re-price at the end of one year, a medium-term prime rate for one to three year loans, a long-term prime rate for loans with maturities greater than three years and a prime rate for cash credit products. We seek to eliminate interest rate risk on undisbursed commitments by fixing interest rates on rupee loans at the time of loan disbursement.

In contrast to our rupee loans, a large proportion of our foreign currency loans are floating rate loans. These loans are generally funded with floating rate foreign currency funds. Our fixed rate foreign currency loans are generally funded with fixed rate foreign currency funds. We generally convert all our foreign currency borrowings and deposits into floating rate dollar liabilities through the use of interest rate and currency swaps with leading international banks. The foreign currency gaps are generally significantly lower than rupee gaps, representing a considerably lower exposure to fluctuations in foreign currency interest rates.

We use the duration of our government securities portfolio as a key variable for interest rate risk management. We increase or decrease the duration of government securities portfolio to increase or decrease our interest rate risk exposure. In addition, we also use interest rate derivatives to manage the asset and liability positions. We are an active participant in the interest rate swap market and are one of the largest counterparties in India.

The following table sets forth, at the date indicated, ICICI Bank's asset-liability gap position.

At March 31, 2003⁽¹⁾⁻⁽⁴⁾

	Less than or equal to one year	Greater than one year and up to five years	Greater than five years	Total
	(in millions)			
Loans, net	Rs. 290,554	Rs. 218,691	Rs. 121,175	Rs. 630,421
Securities	146,887	47,065	89,284	283,236

Risk management positions	(30,672)	21,989	8,682	-
Total gap after risk management positions....	Rs. (94,058)	Rs. 21,331	Rs. 72,727	Rs. -

- (1) Assets and liabilities are classified into the applicable categories, based on residual maturity or re-pricing whichever is earlier. Classification methodologies are based on Asset Liability Management Guidelines issued by the Reserve Bank of India, effective from April 1, 2000.
- (2) Items that neither mature nor re-price are included in the "greater than five years" category. This includes equity share capital and fixed assets.

- (3) Impaired loans of residual maturity less than three years are classified in the “greater than one year and up to five years” category and impaired loans of residual maturity between three to five years are classified in the “greater than five years” category.
- (4) The risk management positions comprise foreign currency and rupee swaps. The risk management position has been adjusted for a sum of Rs. 586 million (US\$ 12 million) on account of revaluation of swaps.
- (5) The categorization for these items is different from that reported in the financial statements.

The following table sets forth, at the date indicated, the amount of ICICI Bank’s loans with residual maturities greater than one year that had fixed and variable interest rates.

	At March 31, 2003		
	Fixed rate loans	Variable rate loans	Total
	(in millions)		
Loans	Rs. 339,461	Rs. 182,369	Rs. 521,830

Price Risk (Banking book)

The following table sets forth, using the balance sheet at year-end fiscal 2003 as the base, one possible prediction of the impact of adverse changes in interest rates on net interest income for fiscal 2004, assuming a parallel shift in yield curve at year-end fiscal 2003.

	At March 31, 2003			
	Change in interest rates (in basis points)			
	(100)	(50)	50	100
	(in millions, except percentages)			
Rupee portfolio.....	Rs. 194	Rs. 97	Rs. (97)	Rs. (194)
Foreign currency portfolio	(20)	(10)	10	20
Total.....	Rs. 174	Rs. 87	Rs. (87)	Rs. (174)

Based on our asset and liability position at year-end fiscal 2003, the sensitivity model shows that net interest income from the banking book for fiscal 2004 would fall by Rs. 174 million (US\$ 4 million) if interest rates increased by 100 basis points during fiscal 2004. Conversely, the sensitivity model shows that if interest rates decreased by 100 basis points during fiscal 2004, net interest income for fiscal 2004 would rise by an equivalent amount of Rs. 174 million (US\$ 4 million). Based on ICICI’s asset and liability position at year-end fiscal 2002, the sensitivity model showed that net interest income for fiscal 2003 would fall by Rs. 365 million (US\$ 8 million) if interest rates increased by 100 basis points during fiscal 2003. Interest rate risk numbers at year-end fiscal 2003 are low primarily due to the low duration of government securities portfolio maintained by us, large amount of floating rate housing loan originated during the year and a positive gap in the foreign currency portfolio.

Sensitivity analysis, which is based upon a static interest rate risk profile of assets and liabilities, is used for risk management purposes only and the model above assumes that during the course of the year no other changes are made in the respective portfolios. Actual changes in net interest income will vary from the model.

Price Risk (Trading book)

We undertake trading activities to enhance earnings through profitable trading for our own account. ICICI Securities, our investment banking subsidiary, is a primary dealer in government of India securities, and a significant proportion of its portfolio consists of government of India securities.

The following tables sets forth, using the fixed income portfolio at year-end fiscal 2003 as the base, one possible prediction of the impact of changes in interest rates on the value of our rupee fixed income trading portfolio for fiscal 2004, assuming a parallel shift in yield curve.

At March 31, 2003					
Change in interest rates (in basis points)					
Portfolio Size	(100)	(50)	50	100	
(in millions)					
Government of India securities.....	Rs. 26,658	Rs. 1,600	Rs. 791	Rs. (726)	Rs. (1,438)
Corporate debt securities.....	6,704	224	108	(119)	(190)
Total.....	Rs. 33,362	Rs. 1,824	Rs. 898	Rs. (845)	Rs. (1,628)

At year-end fiscal 2003, the total value of our rupee fixed income portfolio was Rs. 33.4 billion (US\$ 702 million). The sensitivity model shows that if interest rates increase by 100 basis points during fiscal 2004, the value of the trading portfolio, would fall by Rs. 1.6 billion (US\$ 34 million). Conversely, if interest rates fell by 100 basis points during fiscal 2003, under the model, the value of this portfolio would rise by Rs. 1.8 billion (US\$ 38 million). At year-end fiscal 2002, the sensitivity model showed that if interest rates increased by 100 basis points during fiscal 2003, the value of the trading portfolio would fall by Rs. 933 million (US\$ 20 million). The increase at year-end fiscal 2003 was primarily due to the increase in the portfolio to Rs. 33.4 billion (US\$ 702 million) from Rs. 20.2 billion (US\$ 425 million) at year-end fiscal 2002.

As noted above, sensitivity analysis is used for risk management purposes only and the model used above assumes that during the course of the year no other changes are made in the respective portfolios. Actual changes in the value of the fixed income portfolio will vary from the model above.

We revalue our trading portfolio on a daily basis and recognize aggregate re-valuation losses in our profit and loss account. The asset liability management policy stipulates an interest rate risk limit which seeks to cap the risk on account of the mark-to-market impact on the mark-to-market book (under the Indian GAAP classification which is different from the US GAAP classification - see "Supervision and Regulation – Banks' Investment Classification and Valuation Norms") and the earnings at risk on the banking book, based on a sensitivity analysis of a 100 basis points parallel and immediate shift in interest rates.

In addition, the Market Risk Management Group stipulates risk limits including position limits and stop loss limits for the trading book. These limits are monitored on a daily basis and reviewed periodically. In addition to risk limits, we also have risk monitoring tools such as Value-at-Risk models for measuring market risk in our trading portfolio.

ICICI Bank is required to invest a specified percentage, currently 25.0%, of its liabilities in government of India securities to meet the statutory ratio requirement prescribed by the Reserve Bank of India. As a result, we have a very large portfolio of government of India securities and these are primarily classified as available for sale securities. Our available for sale securities included Rs. 244.1 billion (US\$ 5.1 billion) of government of India securities. These are not included in the trading book analysis presented above.

Equity Risk

We assume equity risk both as part of our investment book and our trading book. On the investment book, investments in equity shares and preference shares are essentially long-term in nature. Nearly all the equity investment securities have been driven by our project financing activities. The decision to invest in equity shares during project financing activities has been a conscious decision to participate in the equity of the company with the intention of realizing capital gains arising from the expected increases in market prices, and is separate from the lending decision.

Trading account securities are recorded at market value. For the purpose of valuation of our available for sale equity investment securities, an assessment is made whether a decline in the fair value, below the amortized cost of the investments, is other than temporary. If the decline in fair value below the amortized cost is other than temporary, the decline is provided for in the income statement.

A temporary decline in value is excluded from the income statement and charged directly to the shareholders' equity. To assess whether a decline in fair value is temporary, the duration for which the decline had existed, industry and company specific conditions and dividend record are considered. Non-readily marketable securities for which there is no readily determinable fair value are recorded at cost. Venture capital investments are carried at fair value. However, they are generally carried at cost during the first year, unless a significant event occurs that affected the long-term value of the investment.

At year-end fiscal 2003, the fair value of trading account equity securities was Rs. 187 million (US\$ 4 million). The fair value of our available for sale equity securities investment portfolio, including non-readily marketable securities of Rs. 9.4 billion (US\$ 198 million), was Rs. 25.5 billion (US\$ 537 million). This included investments of approximately Rs. 5.4 billion (US\$ 115 million) in liquid mutual fund units at year-end fiscal 2003. At year-end fiscal 2002, the fair value of trading equity securities was Rs. 742 million (US\$ 16 million). The fair value of the available for sale equity securities investment portfolio, including non-readily marketable securities of Rs. 8.3 billion (US\$ 174 million), was Rs. 28.5 billion (US\$ 600 million).

Exchange Rate Risk

We offer foreign currency hedge instruments like swaps, forwards, and currency options to clients, which are primarily banks and highly rated corporate customers. We actively use cross currency swaps, forwards, and options to hedge against exchange risks arising out of these transactions. Trading activities in the foreign currency markets expose us to exchange rate risks. This risk is mitigated by setting counterparty limits, stipulating daily and cumulative stop-loss limits, and engaging in exception reporting.

Recently, the Reserve Bank of India has authorized the dealing of foreign currency-rupee options by banks for hedging foreign currency exposures including hedging of balance sheet exposures. We have begun offering such products to corporate clients and other inter-bank counterparties and are one of the largest participants in the currency options market accounting for a significant share of daily trading volume.

In addition, foreign currency loans are made on terms that are similar to foreign currency borrowings, thereby transferring the foreign exchange risk to the borrower. Foreign currency cash balances are generally maintained abroad in currencies matching with the underlying borrowings.

Liquidity Risk

Liquidity risk arises in the funding of lending, trading and investment activities and in the management of trading positions. It includes both the risk of unexpected increases in the cost of funding an asset portfolio at appropriate maturities and the risk of being unable to liquidate a position in a timely manner at a reasonable price. The goal of liquidity management is to be able, even under adverse conditions, to meet all liability repayments on time, to meet contingent liabilities, and fund all investment opportunities.

We maintain diverse sources of liquidity to facilitate flexibility in meeting funding requirements. We fund our operations principally by accepting deposits from retail and corporate depositors and through public issuance of bonds. We also borrow in the short-term inter-bank market. Loan maturities, securitization of assets and loans, and sale of investments also provide liquidity. See "Operating and Financial Review and Prospects – Financial Condition – Liquidity Risk" for a detailed description of liquidity risk.

Operational Risk

ICICI Bank is exposed to many types of operational risk. Operational risk can result from a variety of factors, including failure to obtain proper internal authorizations, improperly documented transactions, failure of operational and information security procedures, computer systems, software

or equipment, fraud, inadequate training and employee errors. ICICI Bank attempts to mitigate operational risk by maintaining a comprehensive system of internal controls, establishing systems and procedures to monitor transactions, maintaining key back-up procedures and undertaking regular contingency planning.

Operational Controls and Procedures in Branches

ICICI Bank has operating manuals detailing the procedures for the processing of various banking transactions and the operation of the application software. Amendments to these manuals are implemented through circulars sent to all offices.

When taking a deposit from a new customer, ICICI Bank requires the new customer to complete a relationship form, which details the terms and conditions for providing various banking services. Photographs of customers are also obtained for ICICI Bank's records, and specimen signatures are scanned and stored in the system for online verification. ICICI Bank enters into a relationship with a customer only after the customer is properly introduced to ICICI Bank. When time deposits become due for repayment, the deposit is paid to the depositor. System generated reminders are sent to depositors before the due date for repayment. Where the depositor does not apply for repayment on the due date, the amount is transferred to an overdue deposits account for follow up.

ICICI Bank has a scheme of delegation of financial powers that sets out the monetary limit for each employee with respect to the processing of transactions in a customer's account. Withdrawals from customer accounts are controlled by dual authorization. Senior officers have delegated power to authorize larger withdrawals. ICICI Bank's operating system validates the check number and balance before permitting withdrawals. Cash transactions over Rs. 1 million (US\$ 21,030) are subject to special scrutiny to avoid money laundering. ICICI Bank's banking software has multiple security features to protect the integrity of applications and data.

ICICI Bank gives importance to computer security and has a comprehensive information technology security policy. Most of the information technology assets including critical servers are hosted in centralised data centers which are subject to appropriate physical and logical access controls.

Operational Controls and Procedures for Internet Banking

In order to open an Internet banking account, the customer must provide ICICI Bank with documentation to prove the customer's identity, including a copy of the customer's passport, a photograph and specimen signature of the customer. After verification of the same, ICICI Bank opens the Internet banking account and issues the customer a user ID and password to access his account online.

Operational Controls and Procedures in Regional Processing Centers & Central Processing Centers

To improve customer service at ICICI Bank's physical locations, ICICI Bank handles transaction processing centrally by taking away such operations from branches. ICICI Bank has centralized operations at regional processing centers located at 15 cities in the country. These regional processing centers process clearing checks and inter-branch transactions, make inter-city check collections, and engage in back office activities for account opening, standing instructions and auto-renewal of deposits.

In Mumbai, ICICI Bank has centralized transaction processing on a nationwide basis for transactions like the issue of ATM cards and PIN mailers, reconciliation of ATM transactions, monitoring of ATM functioning, issue of passwords to Internet banking customers, depositing post-dated cheques received from retail loan customers and credit card transaction processing. Centralized processing has been extended to the issuance of personalized check books, back office activities of

non-resident Indian accounts, opening of new bank accounts for customers who seek web broking services and recovery of service charges for accounts for holding shares in book-entry form.

Operational Controls and Procedures in Treasury

ICICI Bank has a high level of automation in trading operations. ICICI Bank uses technology to monitor risk limits and exposures. ICICI Bank's front office, back office and accounting and reconciliation functions are fully segregated in both the domestic treasury and foreign exchange treasury. The respective middle offices use various risk monitoring tools such as counterparty limits, position limits, exposure limits and individual dealer limits. Procedures for reporting breaches in limits are also in place.

ICICI Bank's front office treasury operations for rupee transactions consists of operations in fixed income securities, equity securities and inter-bank money markets. ICICI Bank's dealers analyze the market conditions and take views on price movements. Thereafter, they strike deals in conformity with various limits relating to counterparties, securities and brokers. The deals are then forwarded to the back office for settlement.

The inter-bank foreign exchange treasury operations are conducted through Reuters dealing systems. Brokered deals are concluded through voice systems. Deals done through Reuters systems are captured on a real time basis for processing. Deals carried out through voice systems are input in the system by the dealers for processing. The entire process from deal origination to settlement and accounting takes place via straight through processing. The processing ensures adequate checks at critical stages. Trade strategies are discussed frequently and decisions are taken based on market forecasts, information and liquidity considerations. Trading operations are conducted in conformity with the code of conduct prescribed by internal and regulatory guidelines.

The Treasury Middle Office Group, which reports to the Executive Director, Corporate Centre, monitors counterparty limits, evaluates the mark-to-market impact on various positions taken by dealers and monitors market risk exposure of the investment portfolio and adherence to various market risk limits set up by the Risk, Compliance and Audit Group.

ICICI Bank's back office undertakes the settlement of funds and securities. The back office has procedures and controls for minimizing operational risks, including procedures with respect to deal confirmations with counterparties, verifying the authenticity of counterparty checks and securities, ensuring receipt of contract notes from brokers, monitoring receipt of interest and principal amounts on due dates, ensuring transfer of title in the case of purchases of securities, reconciling actual security holdings with the holdings pursuant to the records and reports any irregularity or shortcoming observed.

Audit

The Internal Audit Group undertakes a comprehensive audit of all business groups and other functions, in accordance with a risk-based audit plan. This plan allocates audit resources based on an assessment of the operational risks in the various businesses. The Internal Audit group conceptualizes and implements improved systems of internal controls, to minimize operational risk. The audit plan for every fiscal year is approved by the Audit Committee of ICICI Bank's board of directors.

The Internal Audit group also has a dedicated team responsible for information technology security audits. Various components of information technology from applications to databases, networks and operating systems are covered under the annual audit plan.

The Reserve Bank of India requires banks to have a process of concurrent audits at branches handling large volumes, to cover a minimum of 50.0% of business volumes. ICICI Bank has instituted systems to conduct concurrent audits, using reputed chartered accountancy firms. Concurrent audits have also been arranged at the Regional Processing Centers and other centralised processing operations to ensure existence of and adherence to internal controls.

Legal Risk

The uncertainty of the enforceability of the obligations of ICICI Bank's customers and counterparties, including the foreclosure on collateral, creates legal risk. Changes in law and regulation could adversely affect ICICI Bank. Legal risk is higher in new areas of business where the law is often untested by the courts. ICICI Bank seeks to minimize legal risk by using stringent legal documentation, employing procedures designed to ensure that transactions are properly authorized and consulting internal and external legal advisors.

Derivative Instruments Risk

ICICI Bank engages in limited trading of derivative instruments on its own account and generally enters into interest rate and currency derivative transactions primarily for the purpose of hedging interest rate and foreign exchange mismatches. ICICI Bank provides limited derivative services to selected major corporate customers and other domestic and international financial institutions, including foreign currency forward transactions and foreign currency and interest rate swaps. ICICI Bank's derivative transactions are subject to counter-party risk to the extent particular obligors are unable to make payment on contracts when due.

Controls and Procedures

ICICI Bank's Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of ICICI Bank's "disclosure controls and procedures" (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) as of a date within 90 days prior to the filing date of this annual report and concluded that, as of the date of their evaluation, ICICI Bank's disclosure controls and procedures were effective to ensure that information required to be disclosed by ICICI Bank in the reports that it files or submits under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms.

There has been no change in ICICI Bank's internal control over financial reporting that has occurred subsequent to the date of their most recent evaluation that has materially affected, or is reasonably likely to materially affect, ICICI Bank's internal control over financial reporting.

Loan Portfolio

Our gross loan portfolio, which includes loans structured as debentures and preferred stock, was Rs. 684.6 billion (US\$ 14.4 billion) at year-end fiscal 2003, an increase of 22.2% over ICICI's gross loan portfolio of Rs. 560.2 billion (US\$ 11.8 billion), at year-end fiscal 2002. At year-end fiscal 2002, ICICI's gross loan portfolio decreased 11.8% to Rs. 560.2 billion (US\$ 11.8 billion) from Rs. 635.1 billion (US\$ 13.3 billion) at year-end fiscal 2001, primarily due to securitization and sell-down of ICICI's loan portfolio. Approximately 86.5% of our gross loans were rupee loans at year-end fiscal 2003. At year-end fiscal 2003, our balance outstanding in respect of loans to corporates outside India was Rs. 536 million (US\$ 11 million), representing approximately 0.1% of our total gross loan portfolio.

Loan Portfolio by Categories

The following table sets forth, at the dates indicated our gross rupee and foreign currency loans by business category.

	At March 31, ⁽¹⁾					
	1999	2000	2001	2002	2003	
	(in millions)					
Wholesale banking⁽²⁾	Rs. 423,604	Rs. 459,837	Rs. 511,312	Rs. 410,556	Rs. 385,143	US\$ 8,100
Rupee.....	335,306	371,257	428,782	342,068	297,030	6,247
Foreign currency	88,298	88,581	82,530	68,488	88,113	1,853
Working capital finance	22,697	75,606	44,442	42,225	74,422	1,565

Other⁽⁴⁾	5,862	24,835	39,563	83,135	207,213	4,357
Rupee	5,862	24,835	39,563	83,135	207,213	4,357
Foreign currency	-	-	-	-	-	-
Gross loans						
Rupee	413,308	502,196	549,195	488,025	592,197	12,454
Foreign currency	90,322	93,337	85,863	72,223	92,443	1,944
Total gross loans	503,630	595,533	635,058	560,248	684,640	14,398
Allowance for loan losses	(28,524)	(34,085)	(33,035)	(36,647)	(54,219)	(1,140)
Net loans	Rs. 475,106	Rs. 561,448	Rs. 602,023	Rs. 523,601	Rs. 630,421	US\$ 13,258

- (1) Data for fiscal 2003 is not comparable to fiscal 2001 and 2002, as data for fiscal 2001 and 2002 is only for ICICI and does not include ICICI Bank, as ICICI Bank was accounted for by the equity method in those fiscal years. Also, the average of loans at year-end fiscal 2001 and 2002 is not comparable with fiscal 1999 and 2000 due to deconsolidation of ICICI Bank effective April 1, 2000.
- (2) Wholesale banking includes project finance, corporate finance and receivable financing but excludes leasing and related activities.
- (3) Leasing and related activities includes leasing and hire purchase.
- (4) Other includes retail finance asset, bills discounted and inter-corporate deposits

The proportion of foreign currency loans to total gross loans has decreased from 18.0% of ICICI's total gross loans at year-end fiscal 1999 to 13.5% of our gross loans at year-end fiscal 2003 due to a decrease in demand for these loans.

Collateral — Completion, Perfection and Enforcement

Our loan portfolio consists largely of project and corporate finance and working capital loans to corporate borrowers, and loans to retail customers for financing purchase of residential property, vehicles, consumer durable products, medical equipment and farm and construction equipment, and personal loans and credit card receivables. Corporate finance and project finance loans are typically secured by a first lien on fixed assets, which normally consists of property, plant and equipment. These security interests are perfected by the registration of these interests within 30 days with the Registrar of Companies pursuant to the provisions of the Indian Companies Act. We may also take security of a pledge of financial assets like marketable securities, corporate guarantees and personal guarantees. This registration amounts to a constructive public notice to other business entities. Working capital loans are typically secured by a first lien on current assets, which normally consist of inventory and receivables. Additionally, in some cases, we may take further security of a first or second lien on fixed assets, a pledge of financial assets like marketable securities, corporate guarantees and personal guarantees. A substantial portion of our loans to retail customers is also secured by a first lien on the assets financed (predominantly property and vehicles). In general, our loans are over-collateralized. In India, there are no regulations stipulating any loan-to-collateral limits.

In India, foreclosure on collateral generally requires a written petition to an Indian court. An application, when made, may be subject to delays and administrative requirements that may result, or be accompanied by, a decrease in the value of the collateral. These delays can last for several years leading to deterioration in the physical condition and market value of the collateral. In the event a corporate borrower makes an application for relief to a specialized quasi-judicial authority called the Board for Industrial and Financial Reconstruction, foreclosure and enforceability of collateral is stayed. In fiscal 2003, the Indian Parliament passed the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, which is expected to strengthen the ability of lenders to resolve non-performing assets by granting them greater rights as to enforcement of security and recovery of dues. Petitions challenging the constitutional validity of this legislation are currently pending before the Indian Supreme Court. There can be no assurance that the legislation in its current form will be upheld by the Indian Supreme Court or that it will have a favorable impact on our efforts to resolve non-performing assets. See “Overview of the Indian Financial Sector – Recent Structural Reforms – Legislative Framework for Recovery of Debts due to Banks”.

We recognize that our ability to realize the full value of the collateral in respect of current assets is difficult, due to, among other things, delays on our part in taking immediate action, delays in bankruptcy foreclosure proceedings, defects in the perfection of collateral and fraudulent transfers by borrowers. However, cash credit facilities are so structured that we are able to capture the cash flows of our customers for recovery of past due amounts. In addition, we have a right of set-off for amounts due to us on these facilities. Also, we monitor the cash flows of our working capital loan customers on a daily basis so that we can take any actions required before the loan becomes impaired. On a case-by-case basis, we may also stop or limit the borrower from drawing further credit from its facility.

Loan Concentration

We follow a policy of portfolio diversification and evaluate our total financing exposure in a particular industry in light of our forecasts of growth and profitability for that industry. ICICI Bank’s Risk, Compliance and Audit Group monitors all major sectors of the economy and specifically follows industries in which ICICI Bank has credit exposures. We seek to respond to any economic weakness in an industrial segment by restricting new credits to that industry segment and any growth in an industrial segment by increasing new credits to that industry segment, resulting in active portfolio management. ICICI Bank’s current policy is to limit its loan portfolio to any particular industry (other than retail loans) to 15.0%.

Pursuant to the guidelines of the Reserve Bank of India, ICICI Bank’s credit exposure to individual borrowers must not exceed 15.0% of its capital funds comprising Tier 1 and Tier 2 capital, calculated pursuant to the guidelines of the Reserve Bank of India, under Indian GAAP. Credit exposure to individual borrowers may exceed the exposure norm of 15.0% of a bank’s capital funds by an additional 5.0% (i.e. up to 20.0%) provided the additional credit exposure is on account of infrastructure financing. ICICI Bank’s exposure to a group of companies under the same management control must not exceed 40.0% of its capital funds unless the exposure is in respect of an infrastructure project. In that case, the exposure to a group of companies under the same management control may be up to 50.0% of ICICI Bank’s capital funds. Pursuant to the Reserve Bank of India guidelines, exposure for funded facilities is calculated as the total approved limit or the outstanding funded amount, whichever is higher (for term loans, as undisbursed commitments plus the outstanding amount). Exposure for non-funded facilities is calculated as 50.0% of the approved amount or the outstanding non-funded amount, whichever is higher (100.0% of the approved amount or the outstanding non-funded amount, whichever is higher, with effect from fiscal 2004). ICICI Bank is in compliance with these limits, except in the case of two borrowers to whom its exposure is in excess of the single exposure limit. The excess over the single borrower exposure limits in respect of these two borrowers is mainly due to the reduction in the level of reserves under Indian GAAP, as a result of adjustments arising out of the amalgamation. ICICI’s exposure to these borrowers was not in excess of the limit at the time of providing the assistance. The Reserve Bank of India has granted its approval

for exceeding the single exposure limit in the case of these two borrowers until the date of completion or stabilization of the projects.

The following table sets forth, at the dates indicated, our gross loans outstanding, including loans structured as debentures and preferred stock, by the borrower's industry or economic activity.

At March 31, ⁽¹⁾											
1999		2000		2001		2002		2003			
(in millions, except percentages)

- (1) Data for fiscal 2003 is not comparable to fiscal 2001 and 2002, as data for fiscal 2001 and 2002 is only for ICICI and does not include ICICI Bank, as ICICI Bank was accounted for by the equity method in those fiscal years. Also, loans outstanding at year-end fiscal 2001 and 2002 are not comparable with fiscal 1999 and 2000 due to deconsolidation of ICICI Bank effective April 1, 2000.
- (2) Other principally includes shipping, printing, mineral products, glass and glass products, watches, healthcare, gems and jewelry, leather and wood products industries.

Our gross loan portfolio at year-end fiscal 2003 increased by 22.2% compared to ICICI's gross loan portfolio at year-end fiscal 2002. The largest increase was in retail finance, which constituted 27.5% of gross loans at year-end fiscal 2003 compared to 13.0% of ICICI's gross loan portfolio at year-end fiscal 2002 and 4.3% of ICICI's gross loan portfolio at year-end fiscal 2001. Our gross loans to the iron and steel sector as a percentage of gross loans decreased to 10.6% at year-end fiscal 2003 compared to 12.7% of ICICI's gross loan portfolio at year-end fiscal 2002. Our gross loans to the power sector as a percentage of gross loans decreased to 8.2% at year-end fiscal 2003 compared to 10.9% of ICICI's gross loan portfolio at year-end fiscal 2002. Retail finance accounted for 2.1% of our gross other impaired loans at year-end fiscal 2003. The iron and steel sector accounted for 35.5% of our gross restructured loans and 10.2% of our gross other impaired loans at year-end fiscal 2003. The power sector accounted for 0.9% of our gross restructured loans and 21.3% of our gross other impaired loans at year-end fiscal 2003. See also "Impaired Loans".

At year-end fiscal 2003, our 20 largest borrowers accounted for approximately 21.2% of our gross loan portfolio, with the largest borrower accounting for approximately 2.2% of our gross loan portfolio. The largest group of companies under the same management control accounted for approximately 4.9% of our gross loan portfolio.

Geographic Diversity

Except as described below, our portfolios were geographically diversified throughout India, primarily reflecting the location of our corporate borrowers. The states of Maharashtra and Gujarat, two of the most industrialized states in India, accounted for the largest proportion of our gross loans outstanding at year-end fiscal 2003.

Directed Lending

The Reserve Bank of India requires banks to lend to certain sectors of the economy. Such directed lending is comprised of priority sector lending, export credit and housing finance.

Priority Sector Lending

The Reserve Bank of India has established guidelines requiring banks to lend 40.0% of their net bank credit (total domestic loans less marketable debt instruments and certain exemptions permitted by the Reserve Bank of India from time to time) to certain specified sectors called priority sectors. Priority sectors include small-scale industries, the agricultural sector, food and agri-based industries, small businesses and housing finance up to certain limits. Out of the 40.0%, banks are required to lend a minimum of 18.0% of their net bank credit to the agriculture sector and the balance to certain specified sectors, including small scale industries (defined as manufacturing, processing and services businesses with a limit on investment in plant and machinery of Rs. 10 million), small businesses, including retail merchants, professional and other self employed persons and road and water transport operators, housing loans up to certain limits and to specified state financial corporations and state industrial development corporations.

While granting its approval for the amalgamation, the Reserve Bank of India stipulated that since ICICI's loans transferred to us were not subject to the priority sector lending requirement, we are required to maintain priority sector lending of 50.0% of our net bank credit on the residual portion of our advances (i.e. the portion of our total advances excluding advances of ICICI at year-end fiscal, 2002, henceforth referred to as residual net bank credit). This additional 10.0% priority sector lending requirement will apply until such time as our aggregate priority sector advances reach a level of 40.0% of our total net bank credit. The Reserve Bank of India's existing instructions on sub-targets under priority sector lending and eligibility of certain types of investments/ funds for qualification as priority sector advances apply to us.

We are required to comply with the priority sector lending requirements at the end of each fiscal year. Any shortfall in the amount required to be lent to the priority sectors may be required to be deposited with government sponsored Indian development banks like the National Bank for Agriculture and Rural Development and the Small Industries Development Bank of India. These deposits have a maturity of up to five years and carry interest rates lower than market rates.

At year-end fiscal 2003, our priority sector loans were Rs. 83.7 billion (US\$ 1.8 billion), constituting 75.6% of our residual net bank credit against the requirement of 50.0%. The following table sets forth our priority sector loans, at year-end fiscal 2003, broken down by the type of borrower.

	At March 31,		% of residual net bank credit at March 31,
	2003	2003	2003
	(in millions, except percentages)		
Small scale industries.....	Rs. 2,686	US\$ 57	2.4%
Others including small businesses	59,436	1,250	53.7
Agricultural sector.....	21,601	454	19.5
Total.....	Rs. 83,723	US\$ 1,761	75.6%

Export Credit

As part of directed lending, the Reserve Bank of India also requires banks to make loans to exporters at concessional rates of interest. Export credit is provided for pre-shipment and post-shipment requirements of exporter borrowers in rupees and foreign currencies. At the end of the fiscal year, 12.0% of a bank's net bank credit is required to be in the form of export credit. This requirement is in addition to the priority sector lending requirement but credits extended to exporters that are small scale industries or small businesses may also meet part of the priority sector lending requirement. The Reserve Bank of India provides export refinancing for an eligible portion of total outstanding export loans at the bank rate prevailing in India from time to time. The interest income earned on export credits is supplemented through fees and commissions earned from these exporter customers from other fee-based products and services taken by them from us, such as foreign exchange products and bill handling. At year-end fiscal 2003, our export credit was Rs. 4.1 billion (US\$ 87 million), constituting 3.7 % of our residual net bank credit.

Housing Finance

The Reserve Bank of India requires banks to lend up to 3.0% of their incremental deposits in the previous fiscal year for housing finance. This can be in the form of home loans to individuals or investments in the debentures and bonds of the National Housing Bank and housing development institutions recognized by the government of India. Housing finance also qualifies as priority sector lending. At year-end fiscal 2003, our housing finance qualifying as priority sector advances was Rs. 49.7 billion (US\$ 1.0 billion).

Impaired Loans

The following discussion on impaired loans is based on US GAAP. For classification of impaired loans under Indian regulatory requirements, see "Supervision and Regulation – Loan Loss Provisions and Impaired Assets".

Impact of Economic Environment on the Industrial Sector

In the past few years the Indian economy has been impacted by negative trends in the global marketplace, particularly in the commodities markets, and recessionary conditions in various economies, which have impaired the operating environment for the industrial sector. The manufacturing sector has also been impacted by several other factors, including increased competition arising from economic liberalization in India and volatility in industrial growth and commodity prices. This has led to stress on the operating performance of Indian corporations and the impairment of a significant amount of loan assets in the financial system, including loan assets of ICICI and ICICI Bank. Certain Indian corporations are coming to terms with this new competitive reality through a process of restructuring and repositioning, including rationalization of capital structures and production capacities. The process of restructuring continued during fiscal 2003. This continuing process of restructuring as well as the impairment of loans to borrowers adversely impacted by the changing operating environment but for whom financial restructuring was not approved, resulted in an increase in our restructured and other impaired loans during fiscal 2003.

Recognition of Impaired Loans

We identify a loan as impaired when it is probable that we will be unable to collect the scheduled payments of principal and interest due under the contractual terms of the loan agreement. Until year-end fiscal 2003, a loan was also considered to be impaired if interest or principal was overdue for more than 180 days. The Reserve Bank of India's revised asset classification rules effective from fiscal 2004 now require Indian banks to classify an asset as impaired when principal or interest has remained overdue for more than 90 days. Delays or shortfalls in loan payments are evaluated along with other factors to determine if a loan should be placed on non-accrual status. Generally, loans with delinquencies under 180 days (90 days from fiscal 2004) are placed on non-accrual status only if specific conditions indicate that impairment is probable. The decision to place a loan on non-accrual status is also based on an evaluation of the borrower's financial condition, collateral, liquidation value, and other factors that affect the borrower's ability to repay the loan in accordance with the contractual terms. Generally, at the time a loan is placed on non-accrual status, interest accrued and uncollected on the loan in the current fiscal year is reversed from income, and interest accrued and uncollected from the prior year is charged off against the allowance for loan losses. Thereafter, interest on non-accrual loans is recognized as interest income only to the extent that cash is received and future collection of principal is not in doubt. When borrowers demonstrate over an extended period the ability to repay a loan in accordance with the contractual terms of a loan, which we classified as non-accrual, the loan is returned to accrual status.

We classify a loan as a troubled debt restructuring where we have made concessionary modifications, that we would not otherwise consider, to the contractual terms of the loan to a borrower experiencing financial difficulties. Such loans are placed on a non-accrual status. For these loans, cash receipts are typically applied to principal and interest in accordance with the terms of the restructured loan agreement. With respect to restructured loans, performance prior to the restructuring or significant events that coincide with the restructuring are evaluated in assessing whether the borrower can meet the rescheduled terms and may result in the loan being returned to accrual status after a performance period.

Consumer loans are generally identified as impaired not later than a predetermined number of days overdue on a contractual basis. The number of days is set at an appropriate level by loan product. The policy for suspending accruals of interest and impairment on consumer loans varies depending on the terms, security and loan loss experience characteristics of each product.

The value of impaired loans is measured at the present value of expected future cash flows discounted at the loan's effective interest rate, at the loan's observable market price, or the fair value of the collateral if the recovery of the loan is solely collateral dependent. If the value of the impaired loan is less than the recorded investment in the loan, we recognize this impairment by creating a valuation allowance with a corresponding charge to the provision for loan losses.

Our gross restructured loans increased 55.0% during fiscal 2003 to Rs. 147.4 billion (US\$ 3.1 billion) at year-end fiscal 2003, from ICICI's gross restructured loans of Rs. 95.1 billion (US\$ 2.0 billion) at year-end fiscal 2002 primarily due to restructuring of loans to companies in the iron and steel, cement and electronics industries and reclassification of other impaired loans of Rs. 5.5 billion (US\$ 116 million) as restructured loans at year-end fiscal 2003 after restructuring of these impaired loans in fiscal 2003. Gross other impaired loans increased 63.8% during fiscal 2003 to Rs. 83.2 billion (US\$ 1.7 billion) at year-end fiscal 2003, from ICICI's gross other impaired loans of Rs. 50.8 billion (US\$ 1.1 billion) at year-end fiscal 2002 primarily due to increase in respect of borrowers in the power, metal product and fertilizer and pesticides industries. See also "Impact of Economic Environment on the Industrial Sector". As a percentage of net loans, net restructured loans were 19.5% at year-end fiscal 2003 compared to 14.8% of ICICI's net loans at year-end fiscal 2002 and net other impaired loans were 8.8% at year-end fiscal 2003 compared to 6.3% of ICICI's net loans at year-end fiscal 2002.

The following table sets forth, at the dates indicated, our gross restructured rupee and foreign currency loan portfolio by business category.

(1) Other principally includes telecom, construction, non-bank finance companies, shipping, vegetable oil, health care, printing, computer software, road, wood, mineral product, tea, glass, agriculture, fishing, trade, leather, gems and jewelry, crude petroleum, mining and retail finance assets.

The largest proportion of our restructured and other impaired loans was to the iron and steel, textiles and power industries. There is a risk that restructured and other impaired loans in each of these sectors and in other sectors including petrochemicals and electronics industries could increase if Indian economic conditions deteriorate or there is a negative trend in global commodity prices.

Iron and Steel. Over the last few years, a persistent downward trend in international steel prices to historic lows has had a significant impact on companies in this sector. In addition, a significant reduction in import tariffs led to price competition from certain countries, significantly reducing domestic prices. Our outlook for this sector is positive owing to the recent increase in prices and an increase in exports. In fiscal 2000 and fiscal 2001, the increase in ICICI's assets in this sector was primarily due to phased disbursements to projects that were approved earlier. While most of these projects have now been completed, a part of these loans is to projects still under implementation. At year-end fiscal 2003, we had classified 72.2% of our gross loans in this sector as restructured loans and 11.7% as other impaired loans.

Textiles. Over the last few years, the textiles sector was adversely affected by the impact of erratic monsoons on cotton production, the South-east Asian economic crisis and competitive pressures from other low cost textile producing countries. A substantial portion of our loans to this sector have been

classified as impaired. At year-end fiscal 2003, we had classified 38.9% of our gross loans in this sector as restructured loans and 12.3% as other impaired loans.

Power. At year-end fiscal 2003, we had classified 2.2% of our total loans to the power sector as restructured loans and 31.6% as other impaired loans. Other impaired loans primarily include loans to two large borrowers. These include a large private sector power generation project in the state of Maharashtra, the implementation of which is currently suspended on account of a dispute between the power project and the purchaser, the state electricity board. The matter is currently pending before the Indian courts, while parallel efforts are continuing for an out of court settlement, including re-negotiation of the power tariff. The principal sponsor of the project has filed for bankruptcy in the United States. The assets of the project are in the possession of a receiver appointed by the High Court of Judicature at Bombay on a plea by the lenders to the project, including us. Efforts are continuing for sale of the project to new sponsors. Loans to a private sector player in power generation and distribution, were also classified as other impaired loans, pending the expected restructuring of the loans. This restructuring was approved in the first quarter of fiscal 2004.

Interest Foregone

The following table sets forth, for the periods indicated, the amount of interest foregone by us in respect of loans on which accrual of interest was suspended at the respective fiscal year-end.

	Interest foregone (in billions)	
	Rs.	US\$
Fiscal 1999	10.4	0.2
Fiscal 2000	12.4	0.3
Fiscal 2001	14.3	0.3
Fiscal 2002	16.1	0.3
Fiscal 2003	17.9	0.4

During fiscal 2003, interest income of Rs. 2.4 billion (US\$ 50 million) was recognized on impaired loans on a cash basis.

Impaired Loans Strategy

Our Special Asset Management Group is responsible for finding early solutions for large and complex impaired loans. This group works closely with other banks and financial institutions and uses outside experts and specialized agencies for due diligence, valuation and legal advice to expedite early resolution. The group also seeks to leverage our corporate relationships to facilitate quicker resolution of impaired loans. It consists of professionals with significant experience in credit management supported by a team of dedicated legal professionals.

We place great emphasis on recovery and settlement of our stressed asset portfolio and impaired loans, and this focus has been institutionalized across ICICI Bank. Methods for resolving impaired loans include:

- early enforcement of collateral through judicial means;
- encouraging the consolidation of troubled borrowers in fragmented industries with stronger industry participants;
- encouraging the financial restructuring of troubled borrowers; and
- encouraging modernization of existing plants through technology upgrades.

Further, we have taken concrete measures to enhance the security structures in accounts that may be under stress, including through:

- the pledge of sponsor's shareholding;

- the right to convert debt into equity at par;
- ensuring effective representation in the board of directors of these companies;
- continuous monitoring of the physical performance of the borrower's operations through independent technical consultants; and
- escrow mechanisms to capture cash flows.

We are seeking to leverage recent positive developments in the Indian financial system that facilitate financial restructuring of troubled borrowers and recovery through enforcement of collateral. These include the constitution of a Corporate Debt Restructuring Forum, consisting of financial institutions and banks, by the Reserve Bank of India, the enactment of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 and the setting up of an asset reconstruction company to acquire impaired loans from banks and financial institutions. See "Overview of the Indian Financial Sector – Recent Structural Reforms- Legislative Framework for Recovery of Debts due to Banks". However, there can be no assurance of the extent to which, if at all, these developments will have a positive impact on our recovery and settlement efforts.

Allowance for Loan Losses

The following table sets forth, at the dates indicated, movements in our allowances for loan losses.

At March 31,						
	1999	2000	2001	2002	2003	
(in millions)						
Aggregate allowance for loan losses						
at the beginning of the year.....	Rs. 22,457	Rs. 28,524	Rs. 34,085	Rs. 33,035	Rs. 36,647	US\$ 770
Less: Effect of deconsolidation of subsidiary on allowance for loan losses	-	-	(747)	-	-	-
Add: Effect of reverse acquisition on allowance for loan losses.....	-	-	-	-	1,297	27
Add: Provisions for loan losses						
Wholesale banking ⁽¹⁾	5,129	5,571	9,097	9,069	16,601	349
Working capital finance	419	518	479	513	2,237	47
Leasing and related activities ⁽²⁾	434	279	249	6	231	5
Others ⁽³⁾	85	(5)	67	155	580	12
Total provisions for loan losses	Rs. 6,067	Rs. 6,363	Rs. 9,892	Rs. 9,743	Rs. 19,649	US\$ 413
Write offs ⁽⁴⁾	-	(802)	(10,195)	(6,131)	(3,374)	(71)
Aggregate allowance for loan losses						
at the end of the year	Rs. 28,524	Rs. 34,085	Rs. 33,035	Rs. 36,647	Rs. 54,219	US\$ 1,139
Ratio of net provisions for loan losses during the period to average loans outstanding	1.4%	1.2%	1.7%	1.6%	3.2%	

- (1) Includes project finance, corporate finance and receivables financing, excluding leasing and related activities. Provisions include unallocated provisions on lending assets not specifically identified as restructured loans or other impaired loans.
- (2) Includes leasing and hire purchase.
- (3) Includes retail finance assets, bills discounted and inter-corporate deposits.
- (4) Until year-end fiscal 2000, ICICI followed a policy whereby loan balances were not charged-off against the allowance for loan losses. This policy was in response to the regulatory environment governing debt recovery proceedings in India. During fiscal 2001, changes in the tax laws necessitated that loan balances deemed unrecoverable be charged-off against the allowance for credit losses. Accordingly, ICICI charged-off significant loan balances deemed unrecoverable in fiscal 2001 and fiscal 2002.

We conduct a comprehensive analysis of our loan portfolio on a periodic basis. The analysis considers both qualitative and quantitative criteria including, among others, the account conduct, future prospects, repayment history and financial performance. This comprehensive analysis includes an account by account analysis of the entire loan portfolio, and an allowance is made for any probable loss on each account. In estimating the allowance, we consider the net realizable value on a present value basis by discounting the future cash flows over the expected period of recovery. Further, we also consider past history of loan losses and value of underlying collateral. For further discussions on allowances for loan losses, see "Operating and Financial Review and Prospects".

Under US GAAP, the analysis of the provisions for restructured and other impaired loans requires that we take into account the time delay in our ability to foreclose upon and sell collateral. The net present value of a restructured and other impaired loan includes the net present value of the underlying collateral, if any. As a result, even though our loans are generally over-collateralized, additional allowances are required under US GAAP because US GAAP takes into account the time value of money.

Each portfolio of smaller-balance, homogenous loans, including consumer mortgage, installment, revolving credit and most other consumer loans, is individually evaluated for impairment. The allowance for loan losses attributed to these loans is established via a process that includes an estimate of probable losses inherent in the portfolio, based upon various statistical analysis. These include migration analysis, in which historical delinquency and credit loss experience is applied to the current ageing of the portfolio, together with an analysis that reflects current trends and conditions. The use of different estimates or assumptions could produce different provisions for smaller balance homogeneous loan losses.

When there is an equity investment for which the corresponding loan asset is impaired, an adjustment is made to record an impairment of the related equity security.

For restructured and other impaired loans in excess of Rs. 100 million (US\$ 2 million), which were 84.3% of our gross restructured and other impaired loan portfolio at year-end fiscal 2003, we followed a detailed process for each account to determine the allowance for loan losses to be provided. For the balance of smaller loans in the restructured and other impaired loan portfolio, we follow the classification detailed below for determining the allowance for loan losses.

Settlement Cases

Settlement cases include cases in which we are in the process of entering into a "one-time settlement" because we believe that the potential to recover the entire amount due (the gross principal plus outstanding interest, including penalty interest) in these cases is limited. In our experience, we recover about 85.0% on a present value basis, as a result of negotiated settlements.

Enforcement Cases

Enforcement cases are those cases (excluding cases referred to the Board for Industrial and Financial Reconstruction or BIFR) in which we have commenced litigation. We expect that only the secured portion of these loans is recoverable, after a specified number of years from the date the loan is recalled. The realizable value of these loans on a present value basis is determined by discounting the estimated cash flow at the end of the specified number of years from the date of the recall by the average interest implicit in these loans.

Non-Enforcement BIFR Cases

Non-enforcement BIFR cases include cases which have been referred to the Board for Industrial and Financial Reconstruction, which are further categorized into accounts where the plant is under operation and accounts where the plant is closed. We expect that in accounts where the plant is operational, the secured portion of the loan is recoverable over specified annual payments. In respect

of those accounts where the plant is closed, we expect that the secured portion of the loan will be recoverable at the end of a specified number of years based upon historical experience.

Non-Enforcement Non-BIFR Cases

Non-enforcement non-BIFR cases include cases, which are neither under litigation nor referred to the Board for Industrial and Financial Reconstruction. This category is also divided into accounts where the plant is under operation and accounts where the plant is closed. We expect that in those accounts where the plant is operational, the secured portion of the loan is recoverable over specified annual payments together with a recovery in interest due at a specified rate. In respect of those loans where the plant is closed, we expect that the secured portion of the loan will be recoverable over specified annual payments.

The following table sets forth, for the period indicated, the results of our restructured and other impaired loan classification scheme.

	At March 31, 2003		
	Gross impaired loans	Percentage expected to be realized on a net present value basis	Impaired loans, net of allowance for loan losses
	(in millions, except percentages)		
Gross principal greater than Rs. 100 million	Rs. 194,374	81.3%	Rs. 158,080
Settlement cases	1,849	85.0	1,572
Enforcement cases	4,327	66.3	2,869
Non-enforcement BIFR cases.....	2,376	45.7	1,085
Non-enforcement non-BIFR cases	1,385	81.7	1,132
Other loans	26,236	50.4	13,241
Total	Rs. 230,547	77.2%	Rs. 177,979

Subsidiaries and Affiliates

Prior to the amalgamation, ICICI Bank had no subsidiaries. As ICICI Bank is the surviving legal entity in the amalgamation, the subsidiaries and affiliates of ICICI have become subsidiaries and affiliates of ICICI Bank.

The following table sets forth, for the period indicated, certain information relating to ICICI Bank's direct subsidiaries and affiliates at year-end fiscal 2003.

Name	Year of formation	Activities	Shareholding by ICICI Bank	Stockholders' equity at March 31, 2003 ⁽¹⁾					
				Total income in fiscal 2003 ⁽¹⁾			Assets at March 31, 2003 ⁽¹⁾		
(in millions, except percentages)

ICICI Strategic Investments Fund	February 2003	Medium sized growth companies for funding capacity expansion and growth	100.0	(4)	5,645	5,650
ICICI Eco-Net Internet & Technology Fund	December 2000	Investment in equity or equity-linked securities of early stage, unlisted internet and technology companies.	92.1	(132)	879	886

(1) All financial information is in accordance with US GAAP.

(2) Consolidated; formerly ICICI Infotech Services Limited.

(3) Prior to the amalgamation, ICICI's entire interest in ICICI Web Trade Limited and majority interest in ICICI Infotech Limited was transferred to ICICI Information Technology Fund and ICICI Equity Fund respectively. The majority interest in ICICI OneSource Limited is held by ICICI Information Technology Fund and the minority interest by ICICI Bank.

(4) Consolidated

At year-end fiscal 2003, all of ICICI Bank's subsidiaries and affiliated companies and entities consolidated or accounted for under the equity method under US GAAP, were incorporated or organized in India, except the following 11 companies:

- ICICI Securities Holdings Inc., incorporated in the US;
- ICICI Securities Inc., incorporated in the US;
- ICICI Bank UK Limited, incorporated in the United Kingdom;
- ICICI Infotech Inc., incorporated in the US;
- ICICI Infotech Pte. Limited, incorporated in Singapore;
- ICICI Infotech Pty. Limited, incorporated in Australia;
- ICICI Infotech SDN BDH, incorporated in Malaysia;
- Semantik Solutions GmbH, incorporated in Germany;
- ICICI International Limited, incorporated in Mauritius;
- ICICI OneSource Limited, USA, incorporated in the US; and
- ICICI OneSource Limited, UK, incorporated in the United Kingdom

ICICI Securities Holdings Inc. is a wholly-owned subsidiary of ICICI Securities and ICICI Securities Inc. is a wholly-owned subsidiary of ICICI Securities Holdings Inc. ICICI Securities Holdings Inc. and ICICI Securities Inc. are consolidated in ICICI Securities' financial statements. ICICI Infotech Inc., ICICI Infotech Pte. Limited and ICICI Infotech Pty. Limited are wholly-owned subsidiaries of ICICI Infotech Limited and are consolidated in its financial statements. ICICI Infotech SDN BDH is a subsidiary of ICICI Infotech Pte. Limited and is consolidated in the financial

statements of ICICI Infotech Limited. Semantik Solutions GmbH is a joint venture between ICICI Infotech Limited, Fraunhofer ISST and Innova Business Development and Holding GmbH. The shareholding of ICICI Infotech Limited in Semantik Solutions GmbH is 50.0%. The financials of Semantik Solutions GmbH are consolidated in the financial statements of ICICI Infotech Limited. ICICI OneSource Limited, USA and ICICI OneSource Limited, UK are both wholly-owned subsidiaries of Customer Asset India Private Limited, which is a wholly-owned subsidiary of ICICI OneSource Limited.

In July 2003, ICICI OneSource Limited acquired First Ring, a business process outsourcing company based in India. In May 2003, ICICI Bank acquired the entire paid-up equity share capital of Transamerica Apple Distribution Finance Private Limited. The company is now a wholly-owned subsidiary of ICICI Bank and has been renamed ICICI Distribution Finance Private Limited.

Technology

The rapidly evolving banking needs of Indian customers have led to various technology dependent products and solutions. We seek to be at the forefront of developing innovative technology initiatives to meet customer expectations. We believe that technology is a key source of competitive advantage in the Indian banking sector. Our focus on technology emphasizes:

- Electronic and online channels to:
 - Offer easy access to our products and services;
 - Reduce distribution and transaction costs;
 - Reach new target customers; and
 - Enhance existing customer relationships.
- Application of information systems to:
 - Effectively market to our target customers;
 - Monitor and control risks; and
 - Identify, assess and capitalize on market opportunities.

Technology Organization

ICICI Bank's technology initiatives are centralized in its Technology Management Group. In addition, there are dedicated technology groups for retail and corporate products and services.

Electronic and Online Channels

At year-end fiscal 2003, 394 branches and 52 extension counters of ICICI Bank were completely automated to ensure prompt and efficient delivery of products and services. ICICI Bank's branch banking software is flexible and scaleable and integrates well with its electronic delivery channels.

ICICI Bank's ATMs are sourced from some of the world's leading vendors. These ATMs work with the branch banking software. At year-end fiscal 2003, ICICI Bank had 1,675 ATMs across India.

ICICI Bank was one of the first banks to offer Internet banking facilities to its customers. ICICI Bank now offers a number of online banking services to its customers.

ICICI Bank's telephone banking call centers have a total seating capacity of 1,750 seats, across two locations. These telephone banking call centers use an Interactive Voice Response System (IVRS). In fiscal 2003, ICICI Bank upgraded the existing hardware and deployed a new integrated Interactive Voice Response System to enhance capacity. The call centers are based on the latest technology and provide an integrated customer database that allows the call agents to get a complete

overview of the customer's relationship with ICICI Bank. The database enables customer segmentation and assists the call agent in identifying cross-selling opportunities.

ICICI Bank launched mobile banking services in India in March 2000, in line with its strategy to offer multi-channel access to its customers. This service has now been extended across to all mobile telephone service providers across India and non-resident Indian customers in the United States of America, the United Kingdom, the Middle East and Singapore.

Application of Information Systems

Treasury and Trade Finance Operations

ICICI Bank uses technology to monitor risk limits and exposures. ICICI Bank has invested significantly to acquire advanced systems from some of the world's leading vendors and connectivity to the SWIFT network. In fiscal 2003, ICICI Bank successfully rolled out a business process management solution to automate its activities in the areas of trade services and general banking operations. Through integration of the workflow system with the imaging and document management system, ICICI Bank has achieved substantial savings and practically eliminated the use of paper for these processes.

Banking Application Software

ICICI Bank has installed an advanced banking system that is robust, flexible and scalable and allows ICICI Bank to effectively and efficiently serve its growing customer base.

In fiscal 2003, the core banking software was upgraded and enabled with multi-currency features. A central stand-in server provides services all days of the week, throughout the year, to delivery channels. The server stores the latest customer account balances, which are continuously streamed from the core banking database.

High-Speed Electronic Communications Infrastructure

ICICI Bank has installed a nationwide data communications network linking all its offices. The network design is based on a mix of dedicated leased lines and satellite links to provide for reach and redundancy, which is imperative in a vast country like India. The communications network is monitored 24 hours a day using advanced network management software. ICICI Bank also uses a data center in Mumbai for centralized data base management, data storage and retrieval.

Customer Relationship Management

In fiscal 2002, ICICI Bank implemented a customer relationship management solution for automation of customer handling in all key retail products. ICICI Bank increased the deployment of its customer relationship management software. ICICI Bank's customer relationship management solution enables various channels to service the customer needs at all touch points, and across all products and services. The solution has been deployed at the telephone banking call centers as well as a large number of branches. ICICI Bank has also undertaken a retail data warehouse initiative to achieve customer data integration at the back-office level.

ICICI Bank has implemented an Enterprise Application Integration (EAI) initiative across its retail and corporate products and services, to link various products, delivery and channel systems. This initiative underpins ICICI Bank's multi-channel customer service strategy and seeks to deliver customer related information consistently across access points.

Competition

As a result of the acquisition of Bank of Madura, we became and continue to be the largest private sector bank in India and as a result of the amalgamation, we became and continue to be the second

largest bank in India, in terms of total assets. We face strong competition in all our principal areas of business from Indian and foreign commercial banks, housing finance companies, mutual funds and investment banks. We believe that our principal competitive advantage over our competitors arises from our innovative products and services, our use of technology, our long-standing customer relationships and our highly motivated and skilled employees. Because of these factors, we believe that we have a strong competitive position in the Indian financial services market. We evaluate our competitive position separately in respect of our products and services for retail and corporate customers.

Corporate products and services

In products and services for corporate customers, we face strong competition primarily from public sector banks, foreign banks and other new private sector banks. Our principal competition in these products and services comes from public sector banks, which have built extensive branch networks that have enabled them to raise low-cost deposits and, as a result, price their loans and fee-based services very competitively. Their wide geographical reach facilitates the delivery of banking products to their corporate customers located in most parts of the country. We have been able, however, to compete effectively because of our efficient service and prompt turnaround times that are significantly faster than public sector banks. We seek to compete with the large branch networks of the public sector banks through our multi-channel distribution approach and technology-driven delivery capabilities.

Traditionally, foreign banks have been active in providing trade finance, fee-based services and other short-term financing products to top tier Indian corporations. We effectively compete with foreign banks in cross-border trade finance as a result of our wider geographical reach relative to foreign banks and our customized trade financing solutions. We have established strong fee-based cash management services and compete with foreign banks due to our technological edge and competitive pricing strategies.

Other new private sector banks also compete in the corporate banking market on the basis of efficiency, service delivery and technology. However, our strong corporate relationships, wider geographical reach and ability to use technology to provide innovative, value-added products and services provide us with a competitive edge.

In project finance, ICICI's primary competitors were established long-term lending institutions. In recent years, Indian and foreign commercial banks have sought to expand their presence in this market. We believe that we have a competitive advantage due to our strong market reputation and expertise in risk evaluation and mitigation. We believe that our in-depth sector specific knowledge has allowed us to gain credibility with project sponsors, overseas lenders and policy makers.

Retail products and services

The retail credit business in India is in a relatively early stage of development. The retail business has witnessed substantial growth over the last two years and as per-capita income levels continue to grow, we expect continued strong growth in retail lending in future. In the retail markets, competition is primarily from foreign and Indian commercial banks and housing finance companies. Foreign banks have the product and delivery capabilities but are likely to focus on limited customer segments. We have capitalized on the first mover advantage to emerge as market leader in several segments within the retail credit business. With a full product portfolio, effective distribution channels, which include direct selling agents, robust credit processes and collection mechanisms, experienced professionals and superior technology, we expect to maintain our market position in retail credit.

Indian commercial banks attract the majority of retail bank deposits, historically the preferred retail savings product in India. We have capitalized on our corporate relationships to gain individual customer accounts through payroll management products and will continue to pursue a multi-channel distribution strategy utilizing physical branches, ATMs, telephone banking call centers and the

Internet to reach customers. Further, following a strategy focused on customer profiles and product segmentation, we offer differentiated liability products to customers of various ages and income profiles. This strategy has contributed significantly to the rapid growth in our retail liability base.

Mutual funds are another source of competition to us. Mutual fund offerings have the capacity to earn competitive returns and hence, have increasingly become a viable alternative to bank deposits.

Employees

At year-end fiscal 2003, we had 15,179 employees, an increase from 5,063 employees for ICICI at year-end fiscal 2002 and 3,460 employees for ICICI at year-end fiscal 2001. ICICI Bank had 4,820 employees at year-end fiscal 2002 and 4,491 employees at year-end fiscal 2001. Of the 15,179 employees at year-end fiscal 2003, 5,558 were professionally qualified, holding degrees in management, accountancy, engineering, law, computer science, economics or banking.

Management believes that it has good relationships with its employees. ICICI Bank has a staff center, which serves as a forum for grievances, pay and benefit negotiations and other industrial relations matters. ICICI Bank had inducted 2,725 employees of Bank of Madura consequent to its acquisition in March 2001. The employees inducted from Bank of Madura in the grade of clerks and sub-staffs are unionized. We have a cordial relationship with this union. We have realigned the service conditions and compensation structure of the officers who came to us from Bank of Madura, which is now comparable with the one existing for ICICI Bank's officers.

The financial services industry in India is undergoing unprecedented change as deregulation gains momentum. Moreover, changing customer needs and rapid advances in technology are continually re-defining the lines of innovation and competition, thereby providing us with new challenges and opportunities. To meet these challenges, we have relied extensively on our human capital, which comprises some of the best talent in the industry.

We continue to attract the best graduates from the premier business schools of the country. We dedicate significant amount of senior management time to ensure that employees remain highly motivated and perceive the organization as a place where opportunities abound, innovation is fuelled, teamwork is valued and success is rewarded. Employee compensation is clearly tied to performance and we encourage the involvement of all our employees in our overall performance and profitability through profit sharing incentive schemes based on the financial results. A revised performance appraisal system has been implemented to assist management in career development and succession planning.

ICICI Bank has an employee stock option scheme to encourage and retain high performing employees. Pursuant to the employee stock option scheme as amended by the Scheme of Amalgamation, up to 5.0% of the aggregate of ICICI Bank's issued equity shares after the amalgamation, can be allocated under the employee stock option scheme. The stock option will entitle eligible employees to apply for equity shares. The grant of stock options is approved by ICICI Bank's board of directors on the recommendations of the Board Governance and Remuneration Committee. The eligibility of each employee is determined based on an evaluation of the employee including employee's work performance, technical knowledge and leadership qualities. Moreover, ICICI Bank places considerable emphasis and value on its policy of encouraging internal communication and consultation between employees and management. See also "Management – Compensation and Benefits to Directors and Officers – Employee Stock Option Scheme."

ICICI Bank has training centers at Khandala in the state of Maharashtra, which conduct various training programs designed to meet the changing skill requirements of its employees. These training programs include orientation sessions for new employees and management development programs for mid-level and senior executives. The training center regularly offers courses conducted by faculty, both national and international, drawn from industry, academia and ICICI Bank's own organization.

Training programs are also conducted for developing functional as well as managerial skills. Products and operations training is also conducted through web-based training modules.

In addition to basic compensation, employees of ICICI Bank are eligible to receive loans from ICICI Bank at subsidized rates and to participate in its provident fund and other employee benefit plans. The provident fund, to which both ICICI Bank and its employees contribute a defined amount, is a savings scheme, required by government regulation, under which ICICI Bank at present is required to pay to employees a minimum 9.0% (9.5% until fiscal 2003) annual return. If such return is not generated internally by the fund, ICICI Bank is liable for the difference. ICICI Bank's provident fund has generated sufficient funds internally to meet the minimum annual return requirement since inception of the funds. ICICI Bank has also set up a superannuation fund to which it contributes defined amounts. In addition, ICICI Bank contributes specified amounts to a gratuity fund set up pursuant to Indian statutory requirements.

The following table sets forth, at the dates indicated, the approximate number of employees in ICICI Bank and its consolidated subsidiaries and other consolidated entities:

	At March 31,			
	2002		2003	
	Number	% to total	Number	% to total
ICICI Bank.....	_(1)	- %	10,617	69.9%
ICICI.....	1,165	23.0	_(2)	-
ICICI Personal Financial Services.....	1,236	24.5	_(2)	-
ICICI Capital Services.....	505	10.0	_(2)	-
ICICI Securities	143	2.8	147	1.0
ICICI Home Finance	442	8.7	927	6.1
ICICI Infotech.....	1,443	28.5	1,302	8.6
ICICI OneSource.....	-	-	2,056	13.5
Others	129	2.5	130	0.9
Total number of employees	5,063	100.0%	15,179	100.0%

(1) At year-end fiscal 2002, ICICI Bank was accounted for in ICICI's financial statements by the equity method.

(2) Amalgamated with and into ICICI Bank with effect from April 1, 2002 for accounting purposes under US GAAP.

At year-end fiscal 2003, we had approximately 15,179 employees, an increase from 5,063 employees of ICICI at year-end fiscal 2002 and from 3,460 employees of ICICI at year-end fiscal 2001. Of these, 10,617 at year-end fiscal 2003 were employed by ICICI Bank, an increase from 4,820 at year-end fiscal 2002 and 4,491 at year-end fiscal 2001. The increase in number of employees in fiscal 2003 was primarily in ICICI Bank, ICICI OneSource and ICICI Home Finance, which have grown their business and distribution capabilities.

The following table sets forth, the approximate number of employees in ICICI Bank and its consolidated subsidiaries and other consolidated entities at August 31, 2003.

	Number	% to total
ICICI Bank.....	11,752	68.8%
ICICI Securities	146	0.8
ICICI Infotech.....	1,334	7.8
ICICI OneSource	3,723	21.8
Others	132	0.8
Total number of employees	17,087	100.0%

The results of ICICI Prudential Life Insurance Company and ICICI Lombard General Insurance Company were not consolidated under US GAAP in fiscal 2003 and have been accounted for under the equity method due to substantive participative rights retained by the minority shareholders. ICICI

Prudential Life insurance had 1,932 employees at year-end fiscal 2003 and 2,642 employees at August 31, 2003. ICICI Lombard General Insurance had 284 employees at year-end fiscal 2003 and 399 employees at August 31, 2003.

In July 2003, ICICI Bank offered an Early Retirement Option to its employees. All employees who had completed 40 years of age and seven years of service with ICICI Bank (including periods of service with Bank of Madura, ICICI, ICICI Personal Financial Services and ICICI Capital Services which were amalgamated with and into ICICI Bank) as of July 31, 2003 were eligible for the Early Retirement Option. Out of approximately 2,350 eligible employees, approximately 1,495 employees exercised the Option. The amount payable to these employees was the lesser of the amount equal to:

- 3 months' salary for every completed year of service, and
- 1 month's salary for the number of months of service left.

The above payment was subject to an overall limit of Rs. 2.0 million for employees at the level of Joint General Manager and below, and Rs. 2.5 million for employees at the level of General Manager and Senior General Manager. For the purpose of this computation, salary included basic pay and dearness allowance but excluded all other allowances. The total cost of the Early Retirement Option is estimated to be approximately Rs. 1.7 billion (US\$ 36 million). In addition, while we have made provisions for leave encashment and retirement benefits based on actuarial valuation in accordance with relevant accounting guidelines, the early retirement of employees will result in additional payouts over and above the provisions made to date in respect of those employees. The total retirement benefits in excess of provisions made are estimated to be approximately Rs. 300 million (US\$ 6 million). These costs will be accounted for in our financial statements for fiscal 2004.

Properties

ICICI Bank's registered office is located at Landmark, Race Course Circle, Vadodara 390 007, Gujarat, India. ICICI Bank's corporate headquarters are located at ICICI Bank Towers, Bandra-Kurla Complex, Mumbai 400 051, Maharashtra, India.

ICICI Bank had a principal network consisting of 394 branches, 52 extension counters and 1,675 ATMs at year-end fiscal 2003. These facilities are located throughout India. Forty-two of these facilities are located on properties owned by ICICI Bank, while the remaining facilities are located on leased properties. In addition to the branches, extension counters and ATMs, ICICI Bank has 18 controlling/administrative offices including the registered office at Vadodara and the corporate headquarters at Mumbai, 14 regional processing centers in various cities and one central processing center at Mumbai. ICICI Bank has 910 apartments and two residential facilities for its employees. ICICI Bank also provides residential and holiday home facilities to employees at subsidized rates. Our subsidiaries and other consolidated entities own seven properties and also have 131 properties on lease. The net book value of all properties and equipment at year-end fiscal 2003 was Rs. 21.2 billion (US\$ 446 million).

Legal and Regulatory Proceedings

We are involved in a number of legal proceedings in the ordinary course of our business. However, excluding the legal proceedings discussed below, we are not a party to any proceedings and no proceedings are known by us to be contemplated by governmental authorities or third parties, which, if adversely determined, may have a material adverse effect on our financial condition or results of operations.

At year-end fiscal 2003, we had been assessed an aggregate of Rs. 20.4 billion (US\$ 429 million) in excess of the provision made in our accounts, in income tax, interest tax, wealth tax and sales tax demands by the government of India's tax authorities for past years. We have appealed each of these tax demands. Management believes that the tax authorities are not likely to be able to substantiate their income tax, interest tax, wealth tax and sales tax assessments and accordingly we have not

provided for these tax demands but have disclosed the same as a contingent liability. Management believes that the tax authorities are not likely to be able to substantiate their demands for the following reasons:

- We have received favorable decisions from the appellate authorities with respect to Rs. 1.3 billion (US\$ 27 million) of the assessment. The income tax authorities have appealed these decisions to higher appellate authorities and the same are pending adjudication.
- We have received a favorable decision of the Supreme Court of India in respect of writ petitions filed by us relating to the sales tax issues that are currently being appealed by us with respect to Rs. 185 million (US\$ 4 million) of the assessment.
- We have received favorable appellate decisions in earlier years related to the income tax, interest tax and wealth tax issues currently being appealed by us with respect to Rs. 862 million (US\$ 18 million) of the assessment, and in respect of Rs. 18.0 billion (US\$ 378 million), favorable appellate decisions in the cases of other Indian companies or expert opinions are available to substantiate the issues that are currently being appealed.

Of the Rs. 20.4 billion (US\$ 429 million) aggregate tax assessments in excess of the provision made in our accounts, a major portion relates to the treatment of depreciation claim on leased assets. In respect of depreciation claimed by us for fiscal 1993 on two sale and lease back transactions, the Income Tax Appellate Tribunal, Mumbai has held in August 2003 that no depreciation is allowable to us. The additional tax impact of this decision is Rs. 189 million (US\$ 4 million). We intend to appeal against this decision before the High Court and believe that we will receive a favorable decision in the matter. As the Income Tax Appellate Tribunal's decision is based on the facts of two specific transactions, we believe that the Income Tax Appellate Tribunal's decision will not have an adverse tax impact on other sale and lease back transactions entered into by us. Moreover, the lease agreements provide for variation in the lease rental to offset any loss of depreciation benefit to us.

In March 1999, ICICI filed a suit in the Debt Recovery Tribunal, Delhi against Esslon Synthetics Limited and its Managing Director (in his capacity as guarantor) for recovery of amounts totaling Rs. 169 million (US\$ 3 million) due from Esslon Synthetics. In May 2001, the guarantor filed a counter-claim for an amount of Rs. 1.0 billion (US\$ 21 million) against ICICI and other lenders who had extended financial assistance to Esslon Synthetics on the grounds that he had been coerced by officers of the lenders into signing an agreement between LML Limited, Esslon Synthetics and the lenders on account of which he suffered, among other things, loss of business. The matter is currently pending before the Debt Recovery Tribunal, Delhi.

In April 1999, ICICI filed a suit before the High Court of Judicature at Bombay against Mardia Chemicals Limited for recovery of amounts totaling Rs. 1.4 billion (US\$ 29 million) due from Mardia Chemicals. The suit was subsequently transferred to the Debt Recovery Tribunal, Mumbai. In July 2002, ICICI Bank issued a notice to Mardia Chemicals under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Ordinance, 2002 (subsequently passed as an Act by the Indian Parliament) demanding payment of its outstanding dues. In August 2002, Mardia Chemicals filed a suit in the city civil court at Ahmedabad against ICICI Bank, Mr. K. V. Kamath, Managing Director and Chief Executive Officer and Ms. Lalita D. Gupte, Joint Managing Director, for an amount of Rs. 56.3 billion (US\$ 1.2 billion) on the grounds that Mardia Chemicals has allegedly suffered financial losses on account of ICICI's failure to provide adequate financial facilities, ICICI's recall of the advanced amount and ICICI's filing of a recovery action against it. The city civil court held that the suit should have been filed in the pending proceedings before the Debt Recovery Tribunal, Mumbai. Mardia Chemicals filed an appeal before the High Court of Gujarat, which dismissed the appeal and ordered that the claim against ICICI Bank be filed before the Debt Recovery Tribunal, Mumbai and the claim against Mr. K.V. Kamath and Ms. Lalita D. Gupte be continued before the city civil court at Ahmedabad. In June 2003, the promoters of Mardia Chemicals in their capacity as guarantors of loans given by ICICI to Mardia Chemicals filed a civil suit in the

city civil court at Ahmedabad against ICICI Bank for an amount of Rs. 20.8 billion (US\$ 437 million) on the grounds of loss of investment and loss of profit on investments. The pleadings in the matter are yet to be completed. Mardia Chemicals had also filed a petition in the High Court, Delhi, challenging the constitutional validity of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Ordinance, 2002. The matter has since been transferred to the Supreme Court of India, where it is currently pending.

Management believes, based on consultation with counsel, that the legal proceedings instituted by each of Esslon Synthetics and Mardia Chemicals against us are frivolous and untenable and their ultimate resolution will not have a material adverse effect on our results of operations, financial condition or liquidity.

SELECTED CONSOLIDATED FINANCIAL AND OPERATING DATA

Our selected financial and other data for and at year-end fiscal 2003 have been derived from our consolidated financial statements, prepared in accordance with US GAAP. The selected financial and other data for ICICI for and at year-end fiscal 1999, 2000, 2001 and 2002 have been derived from ICICI's consolidated financial statements, prepared in accordance with US GAAP. These financial statements have been audited by KPMG, India, independent auditors.

Following the approval of shareholders, the High Court of Gujarat at Ahmedabad and the High Court of Judicature at Bombay, the Reserve Bank of India approved the amalgamation of ICICI, ICICI Personal Financial Services and ICICI Capital Services with and into ICICI Bank on April 26, 2002.

The Statement on Financial Accounting Standard No. 141 on "Business Combinations", issued by the Financial Accounting Standards Board, requires that business combinations be accounted for in the period in which the combination is consummated. Accordingly, under US GAAP, the amalgamation has been reflected in the financial statements contained in this annual report for fiscal 2003, as it was consummated in April 2002. The effective date of the amalgamation for accounting purposes under US GAAP was April 1, 2002. Under US GAAP, the amalgamation was accounted for as a reverse acquisition. This means that ICICI was recognized as the accounting acquirer in the amalgamation, although ICICI Bank was the legal acquirer and the surviving entity. Accordingly, the financial data contained in this annual report for fiscal 2002 and prior years, except where specifically stated otherwise, present the assets, liabilities and results of operations of ICICI. The financial information for ICICI for fiscal 2002 and 2001 reflect results of ICICI Bank as an equity investment in accordance with ICICI's ownership interest in ICICI Bank prior to the amalgamation. The financial information for ICICI for fiscal 2000 and 1999 reflect results of ICICI Bank as a consolidated entity. Following the amalgamation, the other subsidiaries and affiliates of ICICI have become subsidiaries and affiliates of ICICI Bank.

On the date of amalgamation, ICICI held a 46% ownership interest in ICICI Bank. Accordingly, the acquisition of the balance 54% ownership interest has been accounted for as a step acquisition. Following the acquisition, the 46% ownership interest held by ICICI in ICICI Bank was recorded as treasury stock at its historical carrying value. In September 2002, the treasury stock was sold to institutional investors for Rs. 13,154 million (US\$ 277 million). The difference between the sale proceeds and the carrying value, net of related tax effects of Rs. 599 million (US\$ 13 million), was recognized in the statement of stockholders' equity as a capital transaction.

ICICI's consolidated subsidiaries for and at year-end fiscal 2002 and year-end fiscal 2001 did not include ICICI Bank. Effective March 10, 2001, ICICI Bank acquired Bank of Madura, an old private sector bank in India, in an all stock merger and, as a result, the ownership interest of ICICI was reduced from 62.2% to 55.6%. In addition, during March 2001, ICICI reduced its interest in ICICI Bank to 46% through sales of equity shares in the Indian secondary markets to institutional investors. As a result of the foregoing, ICICI Bank ceased to be one of ICICI's subsidiaries as of March 22, 2001 and was accounted for under the equity method of accounting from April 1, 2000, the beginning of the fiscal year in which ICICI's majority ownership interest in ICICI Bank was deemed to be temporary. ICICI Bank continues to be reported on a consolidated basis for the years ended March 31, 1999 and 2000. As a result, the financial statements for fiscal 2002 and 2001 are not strictly comparable with those for fiscal 2000 and 1999.

The consolidation of ICICI's majority ownership interest in two insurance companies, ICICI Prudential Life Insurance Company Limited and ICICI Lombard General Insurance Company Limited, in each of fiscal 2001 and 2002 has now been deemed inappropriate because of substantive participative rights retained by the minority shareholders. Accordingly, such investees are no longer consolidated but are accounted for by the equity method. Prior period financial statements have been restated and as a result, the financial statements for fiscal 2001 and 2002 contained in this annual

report are not the same as those contained in our annual report for fiscal 2002. There is no resultant impact on net income or stockholders' equity for fiscal 2001 and 2002.

You should read the following data with the more detailed information contained in "Operating and Financial Review and Prospects" and our consolidated financial statements. Historical results do not necessarily predict the results in the future.

- (1) Rupee amounts for fiscal 2003 have been translated into US dollars using the noon buying rate in effect on March 28, 2003 of Rs. 47.55 = US\$ 1.00.
- (2) Represents gains from extinguishment of debt, net of tax. In fiscal 1999, ICICI realized a post-tax gain of Rs. 292 million (US\$ 6 million) through repurchase of certain of ICICI's outstanding foreign currency bonds, which resulted in extinguishment of debt.
- (3) Effective April 1, 1999, ICICI changed the method of providing depreciation on property and equipment from the written down value method to the straight line method. The cumulative effect of the change aggregating Rs. 405 million (US\$ 8 million), net of the related income tax effect of Rs. 156 million (US\$ 3 million) has been included in the statement of income for fiscal 2000. In June 2001, the

FASB issued SFAS No. 141, which requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001. SFAS No. 141 also specifies the criteria that intangible assets acquired in a purchase method business combination must be recognized and reported apart from goodwill, noting that any purchase price allocated to an assembled workforce may not be accounted separately. As of April 1, 2001, ICICI had an unamortized deferred credit of Rs. 1,265 million (US\$ 26 million) related to an excess of the fair value of assets acquired over the cost of acquisition of SCICI. As required by SFAS No. 141, in conjunction with the early adoption of SFAS No. 142, the unamortized deferred credit as of April 1, 2001, was written-off and recognized as the effect of a change in accounting principle.

- (4) For fiscal 1999, 2000, 2001 and 2002, based on the exchange ratio of 1:2 in which shareholders of ICICI were issued shares of ICICI Bank, number of shares have been adjusted by dividing by two. Hence, these numbers are different from the numbers reported in last year's annual report on Form 20-F for fiscal 2002.
- (5) Represents net income / (loss) before dilutive impact.
- (6) Represents net income / (loss) adjusted for full dilution. All convertible instruments are assumed to be converted to common shares at the beginning of the year, at prices that are most advantageous to the holders of these instruments. For the purpose of calculating diluted earnings per share, the net income was adjusted for interest (after tax) on convertible instruments only for the year ended March 31, 2000, as all convertible bonds were converted/redeemed in fiscal 2001. Shares assumed to be issued have been weighted for the period the convertible instruments are outstanding. Options to purchase 2,546,675, 7,015,800 and 12,610,275 equity shares granted to employees at a weighted average exercise price of Rs. 226.0, Rs. 81.3 and Rs. 154.7 were outstanding in fiscal 2001, 2002 and 2003, respectively, but were not included in the computation of diluted earnings per share because the exercise price of the options was greater than the average market price of the equity shares during the period. In fiscal 2003 we have reported a net loss and accordingly all outstanding options at year-end fiscal 2003 are anti-dilutive. See Note 24 to our consolidated financial statements.
- (7) In India, dividends for a fiscal year are normally declared and paid in the following year. The same was true for ICICI until fiscal 2001. However, in fiscal 2002, dividend was paid by ICICI as an interim dividend during fiscal 2002. We have declared a dividend of Rs. 7.50 per equity share for fiscal 2003, which was paid out in August 2003 i.e. fiscal 2004. The dividend per equity share shown above is based on the total amount of dividends paid out on the equity shares during the year, exclusive of dividend tax. This was different from the dividend declared for the year. In US dollars, dividends were US\$ 0.23 per equity share in each of fiscal 1999, 2000 and 2001 and US\$ 0.46 per equity share in fiscal 2002.
- (8) Certain reclassifications have been made in the financial statements of prior years to conform to classifications used in the current year. These changes have no impact on previously reported results of operations or stockholders' equity.

The following table sets forth, for the periods indicated, selected income statement data expressed as a percentage of average total assets for the respective period.

	Year ended March 31,				
	1999	2000	2001	2002	2003

- (1) Rupee amounts for fiscal 2003 have been translated into US dollars using the noon buying rate in effect on March 28, 2003 of Rs. 47.55 = US\$ 1.00.
- (2) Net of allowance for loan losses in respect of restructured and other impaired loans and allowances for loans not specifically identified as restructured or other impaired loan.
- (3) ICICI had issued preferred stock redeemable at face value after 20 years. Banks in India are not currently allowed to issue preferred stock. However, we are currently exempt from the restriction.
- (4) For fiscal 1999, 2000, 2002 and 2003 the average balances are the average of quarterly balances outstanding at the end of March of the previous fiscal year, June, September, December and March of that fiscal year and for fiscal 2001, the average balances are the average of quarterly balances outstanding at the end of June, September, December and March of that fiscal year.
- (5) Represents the average of the quarterly balance of total liabilities and minority interest.
- (6) Represents the ratio of net income plus dividend on redeemable preferred stock to the sum of average stockholders' equity and average redeemable preferred stock. Under Indian tax laws, dividend on preferred stock is not tax deductible.
- (7) Represents the ratio of total dividends paid on common stock, exclusive of dividend distribution tax, as a percentage of net income.
- (8) Represents the difference between yield on average interest-earning assets and cost of average interest-bearing liabilities. Yield on average interest-earning assets was the ratio of interest income to average interest-earning assets. Cost of average interest-bearing liabilities is the ratio of interest expense to average interest-bearing liabilities.
- (9) Represents the ratio of net interest income to average interest-earning assets. The difference in net interest margin and spread arises due to the difference in the amount of average interest-earning assets and average interest-bearing liabilities. If average interest-earning assets exceed average interest-bearing liabilities, net interest margin is greater than spread, and if average interest-bearing liabilities exceed average interest-earning assets, net interest margin is less than spread.
- (10) Represents the ratio of non-interest expense, to the sum of net interest income, dividends and non-interest income.
- (11) Represents the ratio of non-interest expense to average total assets.
- (12) ICICI Bank's capital adequacy is computed in accordance with the Reserve Bank of India guidelines and is based on unconsolidated financial statements prepared in accordance with Indian GAAP. At year-end fiscal 2003, on this basis ICICI Bank's total capital adequacy ratio was 11.10% with Tier 1 capital adequacy ratio of 7.05% and Tier 2 capital adequacy ratio of 4.05%. Capital adequacy reporting for ICICI as of year-end fiscal 2002 was not required as it ceased to exist for Indian GAAP reporting purposes, as ICICI Bank was the accounting acquirer in Indian GAAP.

OPERATING AND FINANCIAL REVIEW AND PROSPECTS

You should read the following discussion and analysis of our financial condition and results of operations together with our consolidated audited financial statements. The following discussion is based on our audited financial statements and accompanying notes, which have been prepared in accordance with US GAAP.

Introduction

Our loan portfolio, financial condition and results of operations have been, and in the future, are expected to be influenced by economic conditions, particularly industrial growth, in India and certain global developments, particularly in commodity prices relating to the business activities of our corporate customers. For ease of understanding the discussion of our results of operations that follows, you should consider the introductory discussion of these macroeconomic factors. In addition, for a meaningful comparison of our results of operations for these years, you should also consider the amalgamation and effect of other acquisitions.

Indian Economy

Overall GDP growth in the Indian economy has been in the range of 4.0-6.0% in the last three years. In fiscal 2001, GDP grew at the rate of 4.4%, while the preliminary estimate of 5.4% GDP growth in fiscal 2002 was later revised upwards to 5.6%. The latest available revised estimates have pegged the growth rate for fiscal 2003 at 4.3%. In fiscal 2003, the slowdown in growth was primarily caused by a decline in the growth of agriculture because of insufficient rainfall and resulting drought conditions prevailing in the country. Agricultural growth, which had risen by 5.7% in fiscal 2002 declined by 3.2% in fiscal 2003. The agricultural sector declined by 0.4% in fiscal 2001. The industrial sector grew by 5.7% in fiscal 2003 after low growth of 3.2% in fiscal 2002. The industrial sector grew by 6.5% in fiscal 2001. Industrial growth in fiscal 2003 was supported primarily by growth in construction and manufacturing activities. Growth between fiscal 1998 and 1999 was affected by a slowdown in the global economy stemming from the economic crisis in Asia, Russia and elsewhere.

The average annual rate of inflation measured by the Wholesale Price Index declined to 3.4% in fiscal 2003 from 3.6% in fiscal 2002. Fuel price inflation declined to 5.5% in fiscal 2003 from 8.9% in fiscal 2002. The high level of foreign exchange reserves and the volume of food stocks cushioned the inflationary impact of insufficient rainfall and drought conditions. The US-led coalition's war in Iraq also did not significantly impact the inflationary process because of the relatively short duration of the war. Conditions, however, still remain unsettled in the Middle East where most of the world's oil production facilities are located and continuing tensions or hostilities could lead to increases in oil prices or higher volatility in oil prices.

The Indian rupee remained relatively stable vis-à-vis the US dollar during fiscal 2003, strengthening marginally from Rs. 48.83 per US\$ 1.00 at year-end fiscal 2002 to Rs. 47.53 per US\$ 1.00 at year-end fiscal 2003. The rupee, however, depreciated against the pound sterling, euro and yen primarily because of the weakening of the US dollar against these currencies. Foreign exchange reserves were US\$ 87.4 billion at September 5, 2003.

The overall growth in industry, agriculture and services during fiscal 2004 will affect the performance of the banking sector as it will affect the level of credit disbursed by banks, and the overall growth prospects of our business, including our ability to grow, the quality of our assets and our ability to implement our strategy.

Regional Hostilities and Terrorist Attacks

India has from time to time experienced social and civil unrest and hostilities both internally and with neighboring countries. In recent years, there have been military confrontations between India and Pakistan in the Kashmir region and present relations between India and Pakistan continue to be tense on the issues of terrorism, armament and Kashmir. India has also experienced terrorist attacks in some parts of the country. These hostilities and tensions could lead to political or economic instability in India and a possible adverse effect on our business, its future financial performance and the price of its equity shares and its ADSs. For example, the terrorist attacks in the United States on September 11, 2001 and subsequent military action in Afghanistan and Iraq affected the markets all over the world. The United States' continuing battle against terrorism could lengthen these regional hostilities and tensions. Further, India has also experienced social unrest in some parts of the country. If such tensions occur in other parts of the country, leading to overall political and economic instability it could have an adverse effect on our business, our future financial performance and the price of our equity shares and our ADSs.

Banking Sector

According to the Reserve Bank of India's data, total deposits of all commercial banks increased by 18.4% in fiscal 2001, 15.5% in fiscal 2002 and 17.4% in fiscal 2003. In fiscal 2001, growth in bank deposits was high mainly as a result of the India Millennium Deposits (approximately Rs. 256.6 billion) raised by the State Bank of India to augment overall foreign exchange reserves of the country. These bonds increased the level of deposits in fiscal 2001 because they were included in deposits. Excluding the India Millennium Deposits, bank deposits would have risen by 15.2% in fiscal 2001. In fiscal 2002, excluding the India Millennium Deposits outstanding at year-end fiscal 2001, the growth in deposits was 15.0%. Growth in deposits in fiscal 2003 includes the impact of the amalgamation, as some of ICICI's liabilities which were not included in banking deposits at year-end fiscal 2002, were included at year-end fiscal 2003. Bank credit grew by 17.3% in fiscal 2001, 15.8% in fiscal 2002 and 23.3% in fiscal 2003. Bank credit growth in fiscal 2003 was high mainly due to the impact of the amalgamation, as ICICI's credit was included in total banking system credit at year-end fiscal 2003 but not included at year-end fiscal 2002.

In the last five fiscal years, there has been a downward movement in interest rates, barring intra-year periods when interest rates were higher temporarily due to extraneous circumstances. This movement was principally due to the Reserve Bank of India's policy of assuring adequate liquidity in the banking system and generally lowering the rate at which it would lend to Indian banks to ensure that corporate borrowers have access to funding at competitive rates. The Reserve Bank of India's primary motive has been to realign interest rates with the market to facilitate a smooth transition from a government-controlled regime in the early 1990s, when interest rates were heavily regulated, to a more market-oriented interest rate regime. Banks have generally followed the direction of interest rates set by the Reserve Bank of India and adjusted both their deposit rates and lending rates downwards. On July 21, 2000, the Reserve Bank of India reversed the downward movement of the last four fiscal years and announced an increase in the bank rate of 100 basis points. However, on February 16, 2001, the bank rate was reduced to 7.5% and then reduced to 7.0% on March 7, 2001, thus reversing the upward movements initiated earlier. In October 2002, it was further reduced to 6.5%. It was further reduced to 6.0% in April 2003, the lowest since 1973. The Union Budget also reduced the rate of interest on government small savings and provident fund schemes by 100 basis points and the Reserve Bank of India subsequently reduced the savings deposit rate and the repo rate. The following table sets forth the decline in average deposit rates and average lending rates of five major public sector banks for the last five years.

Fiscal year	Average deposit rate for over one year term (range)	Average prime lending rate (range)
	(in percentages)	
1999.....	9.0-11.0	12.0-13.0
2000.....	8.0-10.5	12.0-12.5
2001.....	8.5-10.0	11.0-12.0
2002.....	8.0-8.5	11.0-12.0
2003.....	5.25-8.50	10.75-12.00
2004 (through August 15, 2003).....	5.00-6.25	10.50-11.50

Amalgamation

Following the approval of shareholders, the High Court of Gujarat at Ahmedabad and the High Court of Judicature at Bombay, the Reserve Bank of India approved the amalgamation of ICICI, ICICI Personal Financial Services and ICICI Capital Services with and into ICICI Bank on April 26, 2002.

The Statement on Financial Accounting Standards No. 141 “Business Combinations”, issued by the Financial Accounting Standards Board, requires that business combinations be accounted for in the period in which the combination is consummated. Accordingly, under US GAAP, the amalgamation has been reflected in the financial statements contained in this annual report for fiscal 2003, as it was consummated in April 2002. The effective date of the amalgamation for accounting purposes under US GAAP was April 1, 2002. Under US GAAP, the amalgamation was accounted for as a reverse acquisition. This means that ICICI was recognized as the accounting acquirer in the amalgamation, although ICICI Bank was the legal acquirer and the surviving entity. Accordingly, the financial data contained in this annual report for fiscal 2002 and prior years, except where specifically stated otherwise, present the assets, liabilities and results of operations of ICICI. The financial information for ICICI for fiscal 2002 and 2001 reflect results of ICICI Bank as an equity investment in accordance with ICICI’s ownership interest in ICICI Bank prior to the amalgamation. The financial information for ICICI for fiscal 2000 and 1999 reflect results of ICICI Bank as a consolidated entity. Following the amalgamation, the other subsidiaries and affiliates of ICICI have become subsidiaries and affiliates of ICICI Bank.

On the date of amalgamation, ICICI held 46% ownership interest in ICICI Bank. Accordingly, the acquisition of the balance 54% ownership interest has been accounted for as a step acquisition. Following the acquisition, the 46% ownership interest held by ICICI in ICICI Bank was recorded as treasury stock at its historical carrying value. In September 2002, the treasury stock was sold to institutional investors for Rs. 13,154 million (US\$ 277 million). The difference between the sale proceeds and the carrying value, net of related tax effects of Rs. 599 million (US\$ 13 million), was recognized in the statement of stockholders’ equity as a capital transaction.

The total purchase price for the acquisition was Rs. 14.1 billion (US\$ 296 million) including fair value of common stock issued on reverse acquisition of Rs. 12.0 billion (US\$ 252 million). Intangible assets of Rs. 5.5 billion (US\$ 116 million), relating to customer and deposit relationships, will be amortized over a period of 10 years. Goodwill recognized in this transaction was Rs. 819 million (US\$ 17 million).

Effect of Other Acquisitions

In fiscal 2003, ICICI Infotech, an entity consolidated in our US GAAP financial statements, acquired the remaining 50.0% ownership interest in Tricolor Infotech International Inc., Mauritius for a cash consideration of Rs. 110 million (US\$ 2 million). The assets of Tricolor Infotech International Inc. amounted to Rs. 35 million (US\$ 726,603). The business combination was accounted for by the

purchase method and accordingly the consolidated financial statements since fiscal 2003 include the results of operations of Tricolor Infotech International Inc. The business combination resulted in goodwill of Rs. 18 million (US\$ 378,549) as the purchase price was more than the fair value of net assets acquired.

In fiscal 2003, ICICI One Source, an entity consolidated in our US GAAP financial statements, acquired a 100.0% ownership interest in Customer Asset India Private Limited, a company engaged in the business of providing contact center services through its offshore contact center at Bangalore, for cash consideration aggregating Rs. 959 million (US\$ 20 million). The business combination was accounted for by the purchase method and accordingly our consolidated financial statements for fiscal 2003 include the results of operations of Customer Asset India Private Limited. The business combination resulted in goodwill of Rs. 617 million (US\$ 13 million) as the purchase price was more than the fair value of net assets acquired.

During fiscal 2001, ICICI Infotech, acquired the following software development and services companies based in the United States: Ivory International Inc., Objects Xperts Inc. and Command Systems Inc. ICICI also acquired Ajax Software Solutions, a software development company based in India. The business combinations were accounted for under the purchase method and the revenues and total assets of the acquired companies were immaterial to ICICI's consolidated results of operations and financial position for fiscal 2001.

Effective April 1, 1998, ICICI acquired Anagram Finance Limited, a non-bank finance company, principally to support its entry into the retail loan market. The assets of Anagram Finance amounted to Rs. 9.6 billion (US\$ 202 million), approximately 2.0% of ICICI's total assets at year-end fiscal 1998. The business combination was accounted for by the purchase method and accordingly the consolidated financial statements since fiscal 1999 include the results of operations of Anagram Finance. The business combination resulted in a goodwill of Rs. 934 million (US\$ 20 million), which was being amortized over a period of five years. This resulted in an expense of Rs. 187 million (US\$ 4 million) due to amortization of goodwill in fiscal 1999, 2000 and 2001.

Effective April 1, 1997, ICICI acquired ITC Classic Finance Limited, a non-bank finance company, principally to support its efforts in diversifying its retail funding base. The assets of ITC Classic Finance amounted to Rs. 14.0 billion (US\$ 287 million), approximately 3.7% of ICICI's total assets at year-end fiscal 1997. The business combination was accounted for by the purchase method and accordingly the consolidated financial statements since fiscal 1998 include the results of operations of ITC Classic Finance. The business combination resulted in negative goodwill of Rs. 10 million (US\$ 210,305) as the purchase price was less than the fair value of the net assets acquired. The negative goodwill was set-off against certain non-current, non-monetary assets.

Effective April 1, 1996, ICICI acquired SCICI Limited, a diversified financial institution in which ICICI had an existing 19.9% equity interest. ICICI acquired SCICI principally to benefit from the scale efficiencies of being a larger entity. The assets of SCICI amounted to Rs. 50.4 billion (US\$ 1.0 billion), approximately 16.8% of ICICI's total assets at year-end fiscal 1996. The business combination was accounted for by the purchase method and accordingly the consolidated financial statements since fiscal 1997 include the results of operations of SCICI. The business combination resulted in negative goodwill of Rs. 3.1 billion (US\$ 65 million) as the purchase price was less than the fair value of the net assets acquired. Of this amount, Rs. 600 million (US\$ 13 million) was set-off against certain property and equipment and an amount of Rs. 253 million (US\$ 5 million) was accrued to income in each of the years for fiscal 1997 to fiscal 2001. In addition, in fiscal 1998, income of Rs. 242 million (US\$ 5 million) was accrued from the sale of SCICI's headquarters building in Mumbai.

In October 2002, the FASB issued SFAS No. 147, Acquisitions of Certain Financial Institutions, which requires that business combinations involving financial institutions within its scope, be accounted for under SFAS No. 141. Previously, generally accepted accounting principles for acquisitions of financial institutions provided for recognition of the excess of the fair value of liabilities assumed over the fair value of tangible and identifiable intangible assets acquired as an

unidentifiable intangible asset. Under SFAS No. 147, such excess is accounted for as goodwill. Adoption of SFAS No. 147 resulted in a reclassification of a previously recorded unidentifiable intangible asset of Rs. 373 million (US\$ 8 million) to goodwill with effect from April 1, 2001. Further, as required by SFAS No. 147, ICICI reversed the amortization expense of Rs. 290 million (US\$ 6 million) and the related income tax benefit of Rs. 103 million (US\$ 2 million), by restating the results for fiscal 2002.

ICICI adopted SFAS No. 142 on April 1, 2001, which resulted in reclassification of existing goodwill and intangible assets. In fiscal 2002, ICICI recorded goodwill of Rs. 354 million (US\$ 7 million) relating to acquisitions of certain software services companies of which goodwill of Rs. 70 million (US\$ 1 million) had been recorded pending final allocation as of March 31, 2002. The revenues and total assets of the acquired companies were immaterial to the consolidated results of operations and financial position of ICICI. Substantially all goodwill at year-end fiscal 2002, related to the software development and services reporting unit of ICICI. No goodwill impairment loss had been recorded during fiscal 2002 and 2003. In June 2001, the FASB issued SFAS No. 141, which requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001. SFAS No. 141 also specifies the criteria that intangible assets acquired in a purchase method business combination must meet to be recognized and reported apart from goodwill, noting that any purchase price allocated to an assembled workforce may not be accounted separately. As of April 1, 2001, ICICI had an unamortized deferred credit of Rs. 1.3 billion (US\$ 27 million) related to an excess of the fair value of assets acquired over the cost of acquisition of SCICI. As required by SFAS No. 141, in conjunction with the early adoption of SFAS No. 142, the unamortized deferred credit as of April 1, 2001, has been written-off and recognized as the effect of a change in accounting principle.

Deconsolidation of ICICI Bank for fiscal 2001 and 2002

ICICI's consolidated subsidiaries for and at year-end fiscal 2002 and year-end fiscal 2001 did not include ICICI Bank. Effective March 10, 2001, ICICI Bank acquired Bank of Madura, an old private sector bank in India, in an all stock merger and, as a result, the ownership interest of ICICI was reduced from 62.2% to 55.6%. In addition, during March 2001, ICICI reduced its interest in ICICI Bank to 46% through sales of equity shares in the Indian secondary markets to institutional investors. This was in line with the Reserve Bank of India's directive that ICICI reduce its interest in ICICI Bank to not more than 40% over a period of time. As a result of the foregoing, ICICI Bank ceased to be one of ICICI's subsidiaries as of March 22, 2001 and was accounted for under the equity method of accounting from April 1, 2000, the beginning of the fiscal year in which ICICI's majority ownership interest in ICICI Bank was deemed to be temporary. ICICI Bank continued to be reported on a consolidated basis for the years ended March 31, 1999 and 2000. As a result, ICICI's financial statements for fiscal 2002 and 2001 are not strictly comparable with those for fiscal 2000 and 1999.

Change in accounting basis for insurance subsidiaries

The consolidation of ICICI's majority ownership interest in the two insurance companies, ICICI Prudential Life Insurance Company and ICICI Lombard General Insurance Company, incorporated in each of fiscal 2001 and 2002 has now been deemed inappropriate because of substantive participative rights retained by the minority shareholders. Accordingly, such investees are no longer consolidated but are accounted for by the equity method. Prior period financial statements have been restated and as a result, the financial statements for fiscal 2001 and 2002 contained in this annual report are not the same as those contained in our annual report for fiscal 2002. There is no resultant impact on net income or stockholders' equity for fiscal 2001 and 2002.

Results of Operations

Consequent to the amalgamation, the businesses formerly conducted by ICICI became subject for the first time to various regulations applicable to banks. These include the prudential reserve and liquidity requirements, namely the statutory liquidity ratio under Section 24 of the Indian Banking Regulation Act, 1949, and the cash reserve ratio under Section 42 of the Reserve Bank of India Act,

1934. The statutory liquidity ratio is required to be maintained in the form of government of India securities and other approved securities, while the cash reserve ratio is required to be maintained in the form of cash balances with the Reserve Bank of India. At present, the stipulated statutory liquidity ratio is 25.0% of a bank's net demand and time liabilities in India and the stipulated cash reserve ratio is 4.5% of a bank's net demand and time liabilities in India. In addition to the above, the directed lending norms of Reserve Bank of India require that every bank should extend 40.0% of net bank credit to certain eligible sectors, which are categorized as "priority sectors". Considering that the advances of ICICI were not subject to the requirement applicable to banks in respect of priority sector lending, the Reserve Bank of India directed us, following the amalgamation to maintain an additional 10.0% over and above the requirement of 40.0%, i.e., a total of 50.0% of our net bank credit on the residual portion of our advances (our total advances less outstanding advances of ICICI at year-end fiscal 2002). Priority sectors are specific sectors such as agriculture and small-scale industries. This additional 10.0% priority sector lending requirement will apply until such time as our aggregate priority sector advances reach a level of 40.0% of our total net bank credit. The Reserve Bank of India's existing instructions on sub-targets under priority sector lending and eligibility of certain types of investments and funds for reckoning as priority sector advances also apply to us. See "Supervision and Regulation – Directed Lending – Priority Sector Lending" and "Business - Loan Portfolio – Directed Lending – Priority Sector Lending".

Following the announcement of the amalgamation in October 2001, ICICI directed all its resources towards meeting the reserve requirements on its outstanding liabilities following the amalgamation. A large cash balance was maintained by ICICI towards the end of fiscal 2002 in order to meet the cash reserve requirement on its outstanding liabilities following the amalgamation. ICICI restricted its loan disbursements and also securitized and sold down its loans in the second half of fiscal 2002 to raise additional resources. As a result, ICICI's net loans decreased 13.0% to Rs. 523.6 billion (US\$ 11.0 billion) at year-end fiscal 2002 from Rs. 602.0 billion (US\$ 12.7 billion) at year-end fiscal 2001.

Consequent to the amalgamation, while we have benefited from our lower cost of funding as a bank compared to ICICI as a non-bank financial institution, the requirement to maintain statutory liquidity ratio and cash reserve ratio on historic liabilities of ICICI has adversely impacted our spread. Maintenance of the statutory liquidity ratio and cash reserve ratio has resulted in large investment in government securities and cash balances with the Reserve Bank of India, both of which earn low yields compared to loan assets.

Summary Fiscal 2003 to Fiscal 2002

Loss (before cumulative effect of accounting changes, net of tax) amounted to Rs. 8.0 billion (US\$ 168 million) in fiscal 2003 compared to income (before cumulative effect of accounting changes, net of tax) of Rs. 282 million (US\$ 6 million) in fiscal 2002 primarily due to the large increase in provisions for loan losses, which increased by 102.1% or by Rs. 9.9 billion (US\$ 208 million) to Rs. 19.6 billion (US\$ 413 million) in fiscal 2003 from Rs. 9.7 billion (US\$ 205 million) in fiscal 2002. Increases in net interest income and non-interest income were offset by the increase in non-interest expenses. After considering the cumulative effect of accounting changes, net loss amounted to Rs. 8.0 billion (US\$ 168 million) in fiscal 2003 compared to net income of Rs. 1.5 billion (US\$ 33 million) in fiscal 2002. We made a loss on average assets of 0.70% for fiscal 2003 compared to net income on average assets of 0.21% for fiscal 2002 and loss on average stockholders' equity of 8.47% for fiscal 2003 compared to net income on average stockholders' equity of 2.05% for fiscal 2002.

- Net interest income (excluding dividends) before provisions for loan losses increased 59.7% to Rs. 14.5 billion (US\$ 305 million) in fiscal 2003 from Rs. 9.1 billion (US\$ 191 million) in fiscal 2002 reflecting mainly the following factors:
 - an increase of Rs. 282.7 billion (US\$ 5.9 billion) or 50.4% in the average volume of interest-earning rupee assets;

- an increase of Rs. 688 million (US\$ 14 million) or 0.86% in the average volume of interest-earning foreign currency assets;
 - an increase in rupee spread to 1.24% in fiscal 2003 from 0.72% in fiscal 2002; and
 - an increase in foreign currency spread to 1.84% in fiscal 2003 from 0.84% in fiscal 2002.
- The average volume of interest-earning rupee assets increased by Rs. 282.7 billion (US\$ 5.9 billion) during fiscal 2003 primarily due to the increase in investment in government securities by Rs. 228.1 billion (US\$ 4.8 billion) as we were required to maintain the statutory liquidity ratio on ICICI's liabilities, which were not subject to this requirement prior to the amalgamation.
 - The spread increased by 45 basis points to 1.38% in fiscal 2003 from 0.93% in fiscal 2002 and net interest margin also increased to 1.57% in fiscal 2003 from 1.42% in fiscal 2002.
 - Non-interest income increased by 62.7% in fiscal 2003 to Rs. 13.3 billion (US\$ 278 million), from Rs. 8.1 billion (US\$ 171 million) in fiscal 2002, primarily due to a decrease in loss from security transactions by Rs 3.3 billion (US\$ 68 million), increase in fee income, commission and brokerage by Rs. 1.0 billion (US\$ 21 million) and gains from sale of loans and credit substitutes by Rs. 816 million (US\$ 17 million).
 - Non-interest expense increased 145.0% in fiscal 2003 to Rs. 18.6 billion (US\$ 390 million) from Rs. 7.6 billion (US\$ 160 million) in fiscal 2002 primarily due to the amalgamation and an increase in employee expenses and other administrative costs, mainly due to the growth in retail products and services.
 - Provisions for loan losses increased to Rs. 19.6 billion (US\$ 413 million) during fiscal 2003 from Rs. 9.7 billion (US\$ 205 million) in fiscal 2002 reflecting an increase in gross restructured and other impaired loans by Rs. 84.7 billion (US\$ 1.8 billion) in fiscal 2003 compared to Rs. 60.4 billion (US\$ 1.3 billion) in fiscal 2002. Provisions for loan losses as a percentage of net loans increased to 3.12% in fiscal 2003 from 1.86% in fiscal 2002.
 - Gross restructured loans increased 55.0% to Rs. 147.4 billion (US\$ 3.1 billion) at year-end fiscal 2003 from Rs. 95.1 billion (US\$ 2.0 billion) at year-end fiscal 2002, primarily due to an increase in restructuring of loans to companies in the iron and steel, cement and electronics industries. Gross other impaired loans increased 63.8% to Rs.83.2 billion (US\$ 1.7 billion) at year-end fiscal 2003 from Rs. 50.7 billion (US\$ 1.1 billion) at year-end fiscal 2002, primarily due to an increase in respect of borrowers in the power, metal products and fertilizer and pesticides industries. As a percentage of net loans, net restructured loans were 19.5% at year-end fiscal 2003 compared to 14.8% at year-end fiscal 2002 and net other impaired loans were 8.8% at year-end fiscal 2003 compared to 6.3% in year-end fiscal 2002.
 - Total assets increased by 58.8% to Rs. 1,180.3 billion (US\$ 24.8 billion) at year-end fiscal 2003 from Rs. 743.4 billion (US\$ 15.6 billion) at year-end fiscal 2002. Net loans increased 20.4% to Rs. 630.4 billion (US\$ 13.3 billion) at year-end fiscal 2003 from Rs. 523.6 billion (US\$ 11.0 billion) at year-end fiscal 2002.

Summary Fiscal 2002 to Fiscal 2001

Income (before cumulative effect of accounting changes, net of tax) declined to Rs. 282 million (US\$ 6 million) in fiscal 2002 compared to Rs. 6.6 billion (US\$ 139 million) in fiscal 2001 primarily due to lower net interest income, lower fees, commissions and brokerage and higher non-interest expense. Net income after cumulative effect of accounting changes declined to Rs. 1.5 billion (US\$ 33 million) in fiscal 2002 compared to Rs. 6.6 billion (US\$ 139 million) in fiscal 2001. As a result, the return on average assets for fiscal 2002 declined to 0.21% compared to 0.94% in fiscal 2001 and

the return on average stockholders' equity declined to 2.05% in fiscal 2002 compared to 8.84% in fiscal 2001.

- Net interest income (excluding dividends) before provisions for loan losses decreased 23.5% to Rs. 9.1 billion (US\$ 191 million) in fiscal 2002 from Rs. 11.9 billion (US\$ 260 million) in fiscal 2001, with an increase of Rs. 38.7 billion (US\$ 813 million) or 7.4% in the average volume of interest-earning rupee assets being offset mainly by the following factors:
 - a decrease of Rs. 12.7 billion (US\$ 267 million) or 13.7% in the average volume of interest-earning foreign currency assets;
 - a decrease in rupee spread to 0.72% in fiscal 2002 from 0.89% in fiscal 2001; and
 - a decrease in foreign currency spread to 0.84% in fiscal 2002 from 2.19% in fiscal 2001.
- The spread declined by 26 basis points to 0.93% in fiscal 2002 from 1.19% in fiscal 2001 and net interest margin also decreased to 1.42% in fiscal 2002 from 1.93% in fiscal 2001.
- Gross restructured loans increased by 117.7% to Rs. 95.1 billion (US\$ 2.0 billion) at year-end fiscal 2002 from Rs. 43.7 billion (US\$ 919 million) at year-end fiscal 2001, primarily due to an increase in restructuring of loans to companies in the textiles, transport equipment and iron and steel industries. Also, loans previously categorized as other impaired loans amounting to Rs. 12.5 billion (US\$ 263 million) were restructured during fiscal 2002 and were re-classified as restructured loans at year-end fiscal 2002. Gross other impaired loans increased 21.6% to Rs. 50.8 billion (US\$ 1.0 billion) at year-end fiscal 2002 from Rs. 42.0 billion (US\$ 878 million) at year-end fiscal 2001. As a percentage of net loans, net restructured loans were 14.8% at year-end fiscal 2002 compared to 5.4% at year-end fiscal 2001 and net other impaired loans were 6.3% at year-end fiscal 2002 compared to 3.3% in year-end fiscal 2001.
- Non-interest income declined by 11.9% in fiscal 2002 to Rs. 8.1 billion (US\$ 171 million), from Rs. 9.2 billion (US\$ 194 million) in fiscal 2001. Though there was a significant increase in trading account revenue, gain on sale of loans and income from software development and services in fiscal 2002, this was offset by a decline in gain on sale of stock of subsidiaries and affiliates, an other than temporary diminution on securities portfolio and a decline in fees, commission and brokerage. In fiscal 2001, non-interest income included a gain on the sale of ICICI's equity interest in ICICI Bank of Rs. 2.0 billion (US\$ 42 million) and in ICICI Infotech of Rs. 511 million (US\$ 11 million).
- Non-interest expense increased 38.6% in fiscal 2002 to Rs. 7.6 billion (US\$ 160 million) from Rs. 5.5 billion (US\$ 115 million) in fiscal 2001 primarily due to an increase in employee expenses and other administrative costs for ICICI Infotech, and other administrative costs.
- Provisions for loan losses decreased 2.0% to Rs. 9.7 billion (US\$ 205 million) during fiscal 2002 from Rs. 9.9 billion (US\$ 208 million) in fiscal 2001 and reflected a result of management's estimation of the recoverability of restructured and other impaired loans. ICICI believed that several loans, which became restructured loans in fiscal 2002, were essentially to inherently viable projects, which resulted in lower impairment losses during fiscal 2002. Provisions for loan losses in fiscal 2002 included Rs. 1.4 billion (US\$ 29 million) of unallocated provisions on loans not specifically identified as restructured or other impaired loans, which were based on ICICI's estimate of the probable losses inherent in that portfolio. Provisions for loan losses as a percentage of net loans increased to 1.86% in fiscal 2002 from 1.64% in fiscal 2001.
- Total assets increased marginally by 0.5% to Rs. 743.4 billion (US\$ 15.6 billion) at year-end fiscal 2002 from Rs. 739.9 billion (US\$ 15.6 billion) at year-end fiscal 2001. Net loans decreased 13.0% to Rs. 523.6 billion (US\$ 11.0 billion) at year-end fiscal 2002 from Rs. 602.0 billion (US\$ 12.7 billion) at year-end fiscal 2001.

Average Balance Sheet

For fiscal 2002 and 2003, the average balances are the average of quarterly balances outstanding at the end of March of the previous fiscal year, June, September, December and March of that fiscal year. For fiscal 2001, the average balances are the average of quarterly balances outstanding at the end of June, September, December and March. The amortized portion of loan origination fees (net of loan origination costs) was included in interest income on loans, representing an adjustment to the yield. The average yield on average interest-earning assets is the ratio of interest income to average interest-earning assets. The average cost on average interest-bearing liabilities is the ratio of interest expense to average interest-bearing liabilities. The average balances of loans include impaired loans and are net of allowance for loan losses that have been allocated on a pro-rata basis to rupee loans and foreign currency loans, based on the proportion of impaired rupee loans and impaired foreign currency loans. We did not recalculate tax-exempt income on a tax-equivalent basis because we believed that the effect of doing so would not be significant. Total interest income also includes other interest income which is primarily interest on refund of income tax.

The following table sets forth, for the periods indicated, the average balances of the assets and liabilities outstanding, which are major components of interest income, interest expense and net interest income. The average balances of loans include impaired loans and are net of allowance for loan losses.

Analysis of Changes in Interest Income and Interest Expense Volume and Rate Analysis

The following table sets forth, for the periods indicated, the changes in the components of net interest income. The changes in net interest income between periods have been reflected as attributed either to volume or rate changes. For the purpose of this table, changes, which are due to both volume and rate, have been allocated solely to volume.

	Fiscal 2002 vs. Fiscal 2001			Fiscal 2003 vs. Fiscal 2002		
	Increase (decrease) due to			Increase (decrease) due to

(1) Banks in India are not allowed to issue preferred stock. However, we have been currently exempted from the restriction.

Yields, Spreads and Margins

The following table sets forth, for the periods indicated, the yields, spreads and net interest margins on interest-earning assets.

	Year ended March 31,				
	1999	2000	2001	2002	2003
	(in millions, except percentages)				
Interest income	Rs. 70,293	Rs. 79,296	Rs. 79,759	Rs. 78,600	Rs. 97,714
Average interest-earning assets	500,966	612,452	615,164	641,141	924,573
Interest expense	58,043	67,492	67,893	69,520	83,209
Average interest-bearing liabilities	483,636	583,609	576,474	613,401	905,226
Average total assets	574,198	706,066	706,343	746,330	1,132,638
Average interest-earning assets as a percentage of average total assets	87.25%	86.74%	87.09%	85.91%	81.63%
Average interest-bearing liabilities as a percentage of average total assets	84.23	82.66	81.61	82.19	79.92
Average interest-earning assets as a percentage of average interest-bearing liabilities	103.58	104.94	106.71	104.52	102.14
Yield	14.03	12.95	12.97	12.26	10.57
Rupee	15.67	14.20	13.66	12.98	11.06
Foreign currency	8.63	7.57	9.04	7.17	5.42
Cost of funds	12.00	11.56	11.78	11.33	9.19
Rupee	13.64	12.77	12.77	12.26	9.82
Foreign currency	6.07	5.66	6.84	6.34	3.59
Spread ⁽¹⁾	2.03	1.38	1.19	0.93	1.38
Rupee	2.03	1.42	0.89	0.72	1.24
Foreign currency	2.55	1.91	2.19	0.84	1.84
Net Interest margin ⁽²⁾	2.44	1.93	1.93	1.42	1.57
Rupee	2.23	1.75	1.93	1.69	1.59
Foreign currency	3.16	2.70	1.90	-0.48	1.35

(1) Spread is the difference between yield on average interest-earning assets and cost of average interest-bearing liabilities. Yield on average interest-earning assets is the ratio of interest income to average interest-earning assets. Cost of average interest-bearing liabilities is the ratio of interest expense to average interest-bearing liabilities.

(2) Net interest margin is the ratio of net interest income to average interest-earning assets. The difference in net interest margin and spread arises due to the difference in amount of average interest-earning assets and average interest-bearing liabilities. If average interest-earning assets exceed average interest-bearing liabilities, net interest margin is greater than the spread and if average interest-bearing liabilities exceed average interest-earning assets, net interest margin is less than the spread.

Net Interest Income

The following table sets forth, for the periods indicated, the principal components of net interest income, excluding income from dividends.

	Year ended March 31,					
	2001	2002	2002/2001 % Change	2003	2003	2003/2002 % Change
	(in millions, except percentages)					
Interest income	Rs. 79,759	Rs. 78,600	(1.5)%	Rs. 97,714	US\$ 2,055	24.3%
Interest expense	(67,893)	(69,520)	2.4%	(83,208)	(1,750)	19.7%
Net interest income, excluding income from dividends	Rs. 11,866	Rs. 9,080	(23.5)%	Rs. 14,506	US\$ 305	59.7%

Fiscal 2003 compared to Fiscal 2002

Net interest income increased 59.7% in fiscal 2003 compared to fiscal 2002 reflecting mainly the following:

- an increase of Rs. 282.7 billion (US\$ 5.9 billion) or 50.3% in the average volume of interest-earning rupee assets;
- an increase of Rs. 688 million (US\$ 14 million) or 0.9% in the average volume of interest-earning foreign currency assets;
- an increase in rupee spread to 1.24% in fiscal 2003 from 0.72% in fiscal 2002; and
- an increase in foreign currency spread to 1.84% in fiscal 2003 from 0.84% in fiscal 2002.

The average volume of interest-earning rupee assets increased by Rs. 282.7 billion (US\$ 5.9 billion) during fiscal 2003 primarily due to the increase in investment in government securities by Rs. 228.1 billion (US\$ 4.8 billion) as we were required to maintain statutory liquidity ratio on ICICI's liabilities, which were not subject to this requirement prior to the amalgamation.

ICICI Bank's average volume of loans was Rs. 85.4 billion (US\$ 1.8 billion) in fiscal 2002. Subsequent to the amalgamation, our average volume of loans increased in fiscal 2003 to Rs. 606.5 billion (US\$ 12.8 billion). The average volume of rupee loans increased by Rs. 20.7 billion (US\$ 435 million) or 4.0% to Rs. 541.9 billion (US\$ 11.4 billion) in fiscal 2003 from Rs. 521.2 billion (US\$ 11.0 billion) in fiscal 2002. This increase in average loans was principally due to the addition of ICICI Bank's loans, subsequent to amalgamation, and increased disbursements of retail finance loans, offset by securitization of loans and repayments of existing loans. The average volume of foreign currency loans decreased 8.0% to Rs. 64.6 billion (US\$ 1.4 billion) in fiscal 2003 from Rs. 70.2 billion (US\$ 1.5 billion) in fiscal 2002.

ICICI Bank's gross loans outstanding were Rs. 75.7 billion (US\$ 1.6 billion) at year-end fiscal 2002. Subsequent to the amalgamation, our gross loans increased 22.2% in fiscal 2003 to Rs. 684.6 billion (US\$ 14.4 billion) from ICICI's gross loans of Rs. 560.2 billion (US\$ 11.8 billion) at year-end fiscal 2002. Gross rupee loans at year-end fiscal 2003 increased 22.0% to Rs. 595.0 billion (US\$ 12.5 billion) compared to Rs. 487.6 billion (US\$ 10.3 billion) at year-end fiscal 2002 and gross foreign currency loans declined 23.4% to Rs. 89.7 billion (US\$ 1.9 billion) compared to Rs. 72.7 billion (US\$ 1.5 billion) at year-end fiscal 2002. Gross retail finance loans at year-end fiscal 2003 increased 158.0% to Rs. 188.3 billion (US\$ 4.0 billion) from Rs. 73.0 billion (US\$ 1.5 billion) at year-end fiscal 2002. Our project finance and working capital finance loans decreased 0.8% to Rs. 462.3 billion (US\$ 9.7 billion) at year-end fiscal 2003 compared to Rs. 458.6 billion (US\$ 9.6 billion) at year-end fiscal 2002.

ICICI Bank's average volume of cash, cash equivalents and trading assets was Rs. 48.9 billion (US\$ 1.0 billion) in fiscal 2002. The average volume of cash, cash equivalents and trading assets increased by 94.4% in fiscal 2003 to Rs. 73.9 billion (US\$ 1.6 billion) compared to fiscal 2002 primarily due to the impact of amalgamation, and requirement of cash reserve ratio on ICICI's liabilities effective April 2002. At year-end fiscal 2002, cash, cash equivalents and trading assets of ICICI were Rs. 83.9 billion (US\$ 1.8 billion) and of ICICI Bank were Rs. 115.4 billion (US\$ 2.4

billion). ICICI and ICICI Bank were maintaining a large amount of cash and liquid balances at year-end fiscal 2002 to meet the reserve requirements on ICICI's liabilities. Cash, cash equivalents and trading assets increased by 33.7% to Rs. 112.1 billion (US\$ 2.4 billion) at year-end fiscal 2003 from Rs. 83.9 billion (US\$ 1.8 billion) at year-end fiscal 2002, reflecting the addition of ICICI Bank's cash, cash equivalents and trading assets offset, in part, by utilization of the cash and liquid balances existing at the beginning of fiscal 2003 for investment in government securities to meet statutory liquidity ratio requirement.

The spread increased by 45 basis points to 1.38% in fiscal 2003 from 0.93% in fiscal 2002 as rupee spread increased by 52 basis points and foreign currency spread increased by 100 basis points. Net interest margin increased by 15 basis points to 1.57% in fiscal 2003 from 1.42% in fiscal 2002. This was primarily due to the increase in spread as offset by a decrease in average interest-earning assets as a percentage of average interest-bearing liabilities to 102.1% in fiscal 2003 from 104.5% in fiscal 2002.

The yield on interest-earning rupee assets decreased 192 basis points to 11.06% in fiscal 2003 from 12.98% in fiscal 2002 principally due to the significant increase in proportion of securities acquired primarily to meet the statutory liquidity ratio requirement on ICICI's liabilities. Securities, which earned a yield of 6.81% in fiscal 2003 increased to 26.4% as a proportion of average interest-earning assets from 1.8% in fiscal 2002. The yield on loans declined due to non-accrual of income on loans recognized as impaired during the year and reduction in rates of interest on restructured loans, as well as a general decline in interest rates in the economy. The non-accrual of income on impaired loans was partly offset by interest income of Rs. 2.4 billion (US\$ 50 million) which was recognized on impaired loans on a cash basis in fiscal 2003 compared to Rs. 3.3 billion (US\$ 69 million) in fiscal 2002. ICICI Bank's average volume of deposits was Rs. 194.8 billion (US\$ 4.1 billion) in fiscal 2002 with an average cost of 7.0%, and ICICI Bank's deposits at year-end fiscal 2002 were Rs. 325.2 billion (US\$ 6.8 billion). These existing deposits along with new deposits raised during the year, being at a cost lower than ICICI's borrowings, reduced our cost of liabilities. The average cost of rupee liabilities decreased 244 basis points to 9.82% in fiscal 2003 from 12.26% in fiscal 2002 primarily due to acquisition of low interest-bearing deposits of ICICI Bank subsequent to amalgamation, increase in deposits and repayment of higher cost rupee liabilities of ICICI in fiscal 2003 and a general decline in interest rates in fiscal 2003. Average deposits, with a cost of 6.7% in fiscal 2003, constituted 43.0% of total interest-bearing liabilities compared to a cost of 11.2% in fiscal 2002. While the average cost of long-term rupee debt decreased to 11.7% from 12.8%, the average cost of short-term rupee borrowings increased to 9.9% in fiscal 2003 from 8.8% in fiscal 2002. As the decline in average cost was higher than the decline in yield, it resulted in an increase in rupee spread by 52 basis points to 1.24% in fiscal 2003 from 0.72% in fiscal 2002.

Our foreign currency loans are primarily floating rate US dollar LIBOR-linked loans. The yield on the company's interest-earning foreign currency assets decreased 175 basis points to 5.42% in fiscal 2003 from 7.17% in fiscal 2002, principally due to a decrease in LIBOR during fiscal 2003. The average cost of foreign currency liabilities decreased 275 basis points to 3.59% in fiscal 2003 from 6.34% in fiscal 2002. The foreign currency spread increased 100 basis points to 1.84% in fiscal 2003 from 0.84% in fiscal 2002.

Fiscal 2002 compared to Fiscal 2001

Net interest income decreased 23.5% in fiscal 2002 compared to fiscal 2001 reflecting mainly the following:

- an increase of Rs. 38.7 billion (US\$ 813 million) or 7.4% in the average volume of interest-earning rupee assets, more than offset by
- a decrease of Rs. 12.7 billion (US\$ 267 million) or 13.7% in the average volume of interest-earning foreign currency assets;
- a decrease in rupee spread to 0.72% in fiscal 2002 from 0.89% in fiscal 2001; and

- a decrease in foreign currency spread to 0.84% in fiscal 2002 from 2.19% in fiscal 2001.

The average volume of rupee loans increased by Rs. 29.4 billion (US\$ 618 million) or 6.0% to Rs. 521.2 billion (US\$ 11.0 billion) at year-end fiscal 2002 from Rs. 491.8 billion (US\$ 10.3 billion) at year-end fiscal 2001. This increase in average loans was principally due to increased disbursements of retail finance loans in fiscal 2002. Gross retail finance loans at year-end fiscal 2002 increased 168.5% to Rs. 73.0 billion (US\$ 1.5 billion) from Rs. 27.1 billion (US\$ 570 million) at year-end fiscal 2001. This increase in retail loans was offset by securitization and sale of corporate loans in the second half of fiscal 2002 to raise resources to meet reserve requirements on ICICI's outstanding liabilities. As a result, project finance and working capital finance loans decreased 18.2% to Rs. 458.6 billion (US\$ 9.6 billion) at year-end fiscal 2002 compared to Rs. 555.8 billion (US\$ 11.7 billion) at year-end fiscal 2001. Gross rupee loans at year-end fiscal 2002 declined 11.2% to Rs. 487.6 billion (US\$ 10 billion) compared to Rs. 548.8 billion (US\$ 11.5 billion) at year-end fiscal 2001 and gross foreign currency loans declined 15.7% to Rs. 72.7 billion (US\$ 1.5 billion) compared to Rs. 86.2 billion (US\$ 1.8 billion) at year-end fiscal 2001. The average volume of foreign currency loans decreased to Rs. 70.2 billion (US\$ 1.5 billion) in fiscal 2002 from Rs. 79.2 billion (US\$ 1.7 billion) in fiscal 2001.

Cash, cash equivalents and trading assets increased by 68.3% to Rs. 83.9 billion (US\$ 1.8 billion) at year-end fiscal 2002 from Rs. 49.8 billion (US\$ 1.0 billion) at year-end fiscal 2001 as ICICI maintained larger cash balances at year-end fiscal 2002 to have resources to comply with the reserve requirements on ICICI's liabilities following the amalgamation. The average volume of cash, cash equivalents and trading assets declined 11.4% in fiscal 2002 to Rs. 38.0 billion (US\$ 800 million) compared to fiscal 2001 as the average balance considered was only the average of quarterly balances outstanding at the end of March of the previous fiscal year and June, September, December and March of fiscal 2002 and not an average of daily balances.

The spread declined by 26 basis points to 0.93% in fiscal 2002 from 1.19% in fiscal 2001 as rupee spread decreased by 17 basis points and foreign currency spread decreased by 135 basis points. Net interest margin decreased by 51 basis points to 1.42% in fiscal 2002 from 1.93% in fiscal 2001. This was primarily due to the decrease in spread and the average interest-earning assets as a percentage of average interest-bearing liabilities to 104.5% in fiscal 2002 from 106.7% in fiscal 2001.

ICICI's foreign currency loans were primarily floating rate US dollar LIBOR-linked loans. The yield on interest-earning foreign currency assets decreased 187 basis points to 7.17% in fiscal 2002 from 9.04% in fiscal 2001, principally due to a decrease in LIBOR during fiscal 2002. The average cost of the ICICI's foreign currency liabilities decreased 50 basis points to 6.34% in fiscal 2002 from 6.84% in fiscal 2001. The decrease in average cost of foreign currency liabilities was significantly lower than the decrease in LIBOR during fiscal 2002, since ICICI had swapped some of its foreign currency liabilities to generate rupee funds for lending in rupees during fiscal 2001 and fiscal 2002. The foreign currency interest expense included forward premium expenses paid on forward contracts booked on ICICI's foreign currency borrowings. The amount of foreign currency liabilities swapped into rupee funds was significantly higher in fiscal 2002 compared to fiscal 2001, resulting in a higher expense of Rs. 1.7 billion (US\$ 36 million) compared to Rs. 549 million (US\$ 12 million) in fiscal 2001. This additional cost impacted the foreign currency spread by 120 basis points. As a result of the foregoing, the foreign currency spread decreased 135 basis points to 0.84% in fiscal 2002 from 2.19% in fiscal 2001. The adverse impact on the foreign currency net interest margin, which was negative for fiscal 2002, was offset by the rupee yield (which was higher than the foreign currency yield) earned on the rupee assets created out of the swapped foreign currency liabilities.

In fiscal 2002, ICICI earned other interest income of Rs. 100 million (US\$ 2.1 million) compared to Rs. 504 million (US\$ 11 million) in fiscal 2001. Other interest income in fiscal 2001 included an amount of Rs. 470 million (US\$ 10 million) of interest on income-tax refund, which was not there in fiscal 2002.

Provisions for Loan Losses

The following table set forth, at the dates indicated, certain information regarding restructured and other impaired loans.

	At March 31,					
	2001	2002	2002/2001 % change	2003	2003	2003/2002 % change
	(in millions, except percentages)					
Gross restructured loans.....	Rs. 43,681	Rs. 95,088	117.7%	Rs. 147,391	US\$ 3,100	55.0%
Allowance for loan losses on restructured loans	(11,372)	(17,722)	55.8	(24,732)	(520)	39.6

Allowance on loan losses as a percentage of gross loans.....	5.20	6.54		7.92		

(1) Does not include provisions on loans not specifically identified as restructured or other impaired loans.

The following table sets forth, for the periods indicated, certain information regarding provisions for loan losses.

	Year ended March 31,					
	2001	2002	2002/2001 % change	2003	2003	2003/2002 % change
	(in millions, except percentages)					
Total provisions for the year	Rs. 9,892.0	Rs. 9,743.0	(1.5)%	Rs. 19,649.0	US\$ 413	101.7%
Provision for loans losses as a percentage of net loans.....	1.64%	1.86%		3.12%		

Changes in provisions and allowance for loan losses as a whole reflected economic trends in the key manufacturing and infrastructure segments in which many of our customers operate. The manufacturing sector has been adversely impacted between fiscal 1998 and fiscal 2003 primarily due to a slowdown in the Indian economy, a downturn in global commodity prices, particularly in the steel and textiles sectors, and a rapid reduction in import duties, which adversely impacted the performance of borrowers in these sectors. The changing economic and regulatory environment led to reduced profitability for certain borrowers. As a result of these adverse economic factors some of the loans to these borrowers became impaired. A process of restructuring, including rationalization of capital

structures and production capacities, is taking place in several industries as companies reposition their businesses in the new environment.

Gross restructured loans increased 55.0% during fiscal 2003 to Rs. 147.4 billion (US\$ 3.1 billion) at year-end fiscal 2003, primarily due to an increase in restructuring of loans to companies in the iron and steel, cement and electronics industries. Gross other impaired loans increased 63.9% to Rs. 83.1 billion (US\$ 1.7 billion) at year-end fiscal 2003 from Rs. 50.7 billion (US\$ 1.1 billion) at year-end fiscal 2002 primarily due to companies in the power, metal products and fertilizers and pesticides industries. As a percentage of net loans, net restructured loans were 19.5% at year-end fiscal 2003 compared to 14.8% at year-end fiscal 2002 and net other impaired loans were 8.8% at year-end fiscal 2003 compared to 6.3% in year-end fiscal 2002.

Provisions for loan losses increased 101.7% to Rs. 19.6 billion (US\$ 413 million) during fiscal 2003 from Rs. 9.7 billion (US\$ 205 million) in fiscal 2002 and reflected a result of management's estimation of the recoverability of restructured and other impaired loans. Gross restructured and other impaired loans increased by Rs. 84.7 billion (US\$ 1.3 billion) in fiscal 2003 compared to Rs. 60.4 billion (US\$ 1.3 billion) in fiscal 2002. We believe that several loans, which became restructured loans in fiscal 2002 and 2003, were essentially to inherently viable projects and consequently resulted in lower impairment losses. As a result, the coverage ratio on gross restructured loans decreased to 16.8% at year-end fiscal 2003 from 18.6% at year-end fiscal 2002 and 26.0% at year-end fiscal 2001. The coverage ratio on other impaired loans decreased to 33.5% at year-end fiscal 2003 from 34.6% at year-end fiscal 2002 and 51.9% at year-end fiscal 2001.

During fiscal 2001, changes in the tax laws necessitated that loan balances deemed unrecoverable be charged-off against the allowance for loan losses. Accordingly, ICICI charged-off significant loan balances deemed unrecoverable in fiscal 2001. The loans charged-off in fiscal 2003 were Rs. 3.4 billion (US\$ 71 million) compared to Rs. 6.1 billion (US\$ 129 million) in fiscal 2002.

We identify a commercial loan as impaired and place it on non-accrual status when it is probable that we would be unable to collect the scheduled payments of principal and interest due under the contractual terms of the loan agreement. A commercial loan is also considered to be impaired and placed on a non-accrual basis if interest or principal is greater than 180 days overdue. The Reserve Bank of India's revised asset classification rules effective from fiscal 2004 require Indian banks to classify an asset as impaired when principal or interest has remained overdue for more than 90 days. This may impact the classification of, and reserving against, impaired loans. Delays or shortfalls in loan payments are evaluated along with other factors to determine if a loan should be classified as impaired. The decision to classify a loan as impaired is also based on an evaluation of the borrower's financial condition, collateral, liquidation value and other factors that affect the borrower's ability to pay. We classify a loan as a troubled debt restructuring where we have made concessionary modifications, that we would not otherwise consider, to the contractual terms of the loan to a borrower experiencing financial difficulties. Such loans are typically placed on a non-accrual status. When borrowers demonstrate over an extended period the ability to repay a loan in accordance with the contractual terms of a loan, which we classified as non-accrual, the loan is returned to accrual status. With respect to restructured loans, performance prior to the restructuring or significant events that coincide with the restructuring are evaluated in assessing whether the borrower can meet the rescheduled terms and may result in the loan being returned to accrual status after a performance period.

Generally, at the time a loan is placed on non-accrual status, interest accrued and uncollected on the loan in the current fiscal year is reversed from income, and interest accrued and uncollected from the prior year is charged off against the allowance for loan losses. Thereafter, interest on non-accrual loans is recognized as interest income only to the extent that cash is received. When borrowers demonstrate over an extended period the ability to repay a loan in accordance with the contractual terms of a loan, which we classified as non-accrual, the loan is returned to accrual status. With respect to restructured loans, performance prior to the restructuring or significant events that coincide with the restructuring are evaluated in assessing whether the borrower could have met the rescheduled terms

and may result in the loan being returned to accrual status after a performance period. Consumer loans are generally identified as impaired not later than a predetermined number of days overdue on a contractual basis. The number of days is set at an appropriate level by loan product. The policy for suspending accruals of interest and impairment on consumer loans vary depending on the terms, security and loan loss experience characteristics of each product.

Allowance for loan losses on impaired loans is calculated by comparing the net present value of the expected cash flows, including cashflows from enforcement of collaterals, discounted at the effective interest rate of the loan and the carrying value of the loan. See "Business—Impaired Loans" for a description of our allowance for loan losses.

We conduct an analysis of our loan portfolio on a periodic basis. The analysis considers both qualitative and quantitative criteria including the account conduct, future prospects, repayment history, and financial performance amongst others. For impaired loans in excess of Rs. 100 million (US\$ 2 million), which were 84.3% of the gross impaired loan portfolio at year-end fiscal 2003, we follow a detailed process for each loan to determine the allowance for loan losses to be provided. For the balance of smaller loans in the impaired loan portfolio, we follow the classification detailed under "Business—Impaired Loans—Allowance for Loan Losses" for determining the allowance for loan losses. Our impaired loan portfolio is composed largely of project finance and other term loans where we have a security interest and first lien on all the fixed assets and a second lien on all the current assets of the borrower. ICICI typically lent between 60.0% and 80.0% of the appraised value of collateral. Hence, all of ICICI's loans have historically been sufficiently over-collateralized so that once collateral was realized, ICICI typically recovered the full principal along with a small portion of interest claims. However, recoveries are subject to delays, that can be several years, due to the long legal collection process in India. As a result, we make an allowance for loans based on the time value of money or the present value of expected realizations of collateral, which takes into account the delay we would experience before recovering its principal. The time to recovery, expected future cash flows and realizable value for collateral are periodically reviewed in estimating the allowance.

We believe that the process for ascertaining allowance for loan losses described above adequately captures the expected losses on our entire loan portfolio.

Non-Interest Income

The following table sets forth, for the periods indicated, the principal components of non-interest income.

	Year ended March 31,					
	2001	2002	2002/2001 % change	2003	2003	2003/2002 % change
	(in millions, except percentages)					
Fees, commission and brokerage	Rs. 5,317	Rs. 4,703	(11.5)%	Rs. 5,722	US\$ 120	21.7%
Trading account revenue ⁽¹⁾	847	2,442	188.3	3,075	65	25.9
Securities transactions ⁽²⁾	(1,714)	(3,572)	108.4	(322)	(7)	(91.0)
Foreign exchange transactions ⁽³⁾	(108)	78	(172.2)	92	2	17.9
Gain on sale of loans	705	1,979	180.7	2,795	59	41.2
Software development and services	701	1,493	113.0	1,062	22	(28.9)
Gain on sale of stock in other subsidiaries and affiliates	2,507	165	(93.4)	-	-	(100.0)
Profit on sale of certain premises and equipment	(31)	29	(193.5)	16	-	(44.8)
Effect of business combinations	253	-	(100.0)	-	-	0
Other income	766	831	8.5	813	18	(2.2)
Total non-interest income	Rs. 9,243	Rs. 8,148	(11.8)%	Rs. 13,253	US\$ 278	62.7%

(1) Primarily reflects income from trading in government of India securities and corporate debt securities.

- (2) Primarily reflects capital gains / (losses) realized on the sale of securities, including fixed income and equity, venture capital investments and revenues from investment banking subsidiary less other than temporary diminution.
- (3) Arises primarily from purchases and sales of foreign exchange on behalf of corporate clients and revaluation of foreign currency assets and liabilities and outstanding forward contracts.

Fiscal 2003 compared to Fiscal 2002

Non-interest income increased by 62.7% in fiscal 2003 to Rs. 13.3 billion (US\$ 278 million), from Rs. 8.1 billion (US\$ 171 million) in fiscal 2002 primarily due to a decrease in loss from securities transactions, increase in fees income, commission and brokerage and gains from sale of loans and credit substitutes.

Fees, commission and brokerage increased 21.7% to Rs. 5.7 billion (US\$ 120 million) in fiscal 2003 from Rs. 4.7 billion (US\$ 99 million) in fiscal 2002 primarily due to the amalgamation and increase in retail and corporate transaction banking fees which offset the decrease in fees from project appraisal and related activities. ICICI Bank's fees, commission and brokerage was Rs. 1.7 billion (US\$ 36 million) in fiscal 2002.

Trading account revenue primarily consisted of income from trading in government of India securities and corporate debt securities. Trading account revenue increased 25.9% to Rs. 3.1 billion (US\$ 65 million) during fiscal 2003 compared to fiscal 2002 as we capitalized on the market opportunities in a declining interest rate environment. Gains on trading account have resulted from short-term market opportunities created by a fall in interest rates during fiscal 2002 and 2003. We cannot assure you that interest rates will not fall any further as they change depending on the overall economic environment.

The loss from securities transactions reduced to Rs. 322 million (US\$ 7 million) during fiscal 2003 as compared to Rs. 3.6 billion (US\$ 75 million) primarily due to increase in net gains realized to Rs. 1.8 billion (US\$ 38 million) in fiscal 2003 from Rs. 1.2 billion (US\$ 26 million) in fiscal 2002, as we capitalized on a declining interest rate environment and a decrease in the amount of other than temporary diminution in securities. In fiscal 2003, as part of our ongoing evaluation of the securities portfolio, we recorded an impairment charge of Rs. 2.1 billion (US\$ 44 million) compared to Rs. 3.5 billion (US\$ 73 million) in fiscal 2002, for an other than temporary decline in the value of the available for sale and non-readily marketable equity securities.

Income from foreign exchange transactions arose primarily from purchases and sales of foreign exchange on behalf of corporate clients and revaluation of foreign currency assets and liabilities and outstanding forward contracts. Income from foreign exchange transactions was Rs. 92 million (US\$ 2 million) in fiscal 2003 compared to Rs. 78 million (US\$ 2 million) in fiscal 2002.

During fiscal 2002, ICICI securitized and sold down a part of its corporate loan portfolio, primarily with the objective of complying with regulatory reserve requirements on its liabilities following amalgamation with ICICI Bank. This helped in the development of a market for securitized debt in India. We now view securitization and sell-down of corporate and retail loans as a key element of our business strategy, seeking to leverage our strong origination capabilities to meet the investment requirements of other financial intermediaries that have access to funding but relatively limited origination capabilities. We earned a profit of Rs. 2.8 billion (US\$ 59 million) on securitization/sale of loans and credit substitutes in fiscal 2003 compared to Rs. 2.0 billion (US\$ 42 million) in fiscal 2002.

Income from software development and services decreased 28.9% to Rs. 1.1 billion (US\$ 22 million) in fiscal 2003 from Rs. 1.5 billion (US\$ 31 million) in fiscal 2002 primarily due to decline in software revenues from ICICI Infotech and ICICI Infotech Inc., US, on account of a decline in billing rates in both the offshore and onsite businesses combined with a decline in business volumes from the US market.

Non-interest income also included a gain of Rs. 16 million (US\$ 336,488) on the sale of certain premises and equipment in fiscal 2003 compared to Rs. 29 million (US\$ 609,884) in fiscal 2002. Other income primarily included rental income for fiscal 2003.

Fiscal 2002 compared to Fiscal 2001

Non-interest income decreased by 11.8% in fiscal 2002 to Rs. 8.1 billion (US\$ 171million), from Rs. 9.2 billion (US\$ 194 million) in fiscal 2001 primarily due to a decline in gain on sale of stock of subsidiaries and affiliates, a loss on account of securities transactions, a decline in fees, commission and brokerage and an increase in trading account revenue, offset in part by a gain on sale of loans. In fiscal 2001, non-interest income included a gain on sale of equity interest in ICICI Bank of Rs. 2.0 billion (US\$ 42 million).

The decrease of 11.5% in fees, commission and brokerage in fiscal 2002 was primarily due to the decrease in fees from project appraisal and related activities. As ICICI had limited its credit growth in the second half of fiscal 2002, the fee income linked to new business generation also decreased.

Trading account revenue increased 188.3% to Rs. 2.4 billion (US\$ 51 million) during fiscal 2002 compared to fiscal 2001 as ICICI's investment banking subsidiary capitalized on the market opportunities in a declining interest rate environment. Gains on trading account resulted from short-term market opportunities created by a fall in interest rates during fiscal 2002.

Income from securities transactions primarily reflected capital gains realized on the sale of ICICI's long-term equity securities less other than temporary diminution. The income from securities transaction declined during fiscal 2002 primarily due to an increase in the amount of other than temporary diminution in securities in fiscal 2002. In fiscal 2002, as part of its ongoing evaluation of its securities portfolio, ICICI recorded an impairment charge of Rs. 3.5 billion (US\$ 75 million) compared to Rs. 1.8 billion (US\$ 37 million) in fiscal 2001, for an other than temporary decline in the value of ICICI's available for sale and non-readily marketable equity securities.

Income from foreign exchange transactions arose primarily from purchases and sales of foreign exchange on behalf of ICICI's corporate clients and revaluation of the ICICI's foreign currency assets and liabilities and outstanding forward contracts. Income from foreign exchange transactions in fiscal 2002 was Rs. 78 million (US\$ 2 million) compared to a loss of Rs. 108 million (US\$ 2 million) in fiscal 2001.

During fiscal 2002, ICICI securitized and sold down some of its corporate loans, primarily to provide resources towards meeting the reserve requirements on ICICI's liabilities. This resulted in a gain on sale of loans of Rs. 2.0 billion (US\$ 42 million) in fiscal 2002 compared to Rs. 705 million (US\$ 15 million) in fiscal 2001.

Income from software development and services increased 113.0% to Rs. 1.5 billion (US\$ 31 million) in fiscal 2002 from Rs. 701 million (US\$ 15 million) in fiscal 2001 as ICICI Infotech and ICICI Infotech Inc., US diversified into a range of software solutions covering banking, insurance, enterprise resource planning, customer relationship management and information technology security and continued their sustained marketing efforts in fiscal 2002.

In fiscal 2002, ICICI realized a gain of Rs. 57 million (US\$ 1 million) on the sale of 0.40% of its equity interest in ICICI Bank and a gain on sale of stock in other subsidiaries and affiliates of Rs 108 million (US\$ 2 million). During fiscal 2001, ICICI reduced its equity interest in ICICI Bank to 46% through sales of equity shares in the Indian secondary markets to institutional investors. The sale of shares was made for a consideration of Rs. 3.5 billion (US\$ 74 million) and the gain on sale was Rs. 2.0 billion (US\$ 42 million) which is included in income for fiscal 2001. Non-interest income also included a gain on sale of ICICI's stake in ICICI Infotech of Rs. 511 million (US\$ 11 million).

Non-interest income also included a gain of Rs. 29 million (US\$ 609,884) on the sale of certain premises and equipment in fiscal 2002 compared to a loss of Rs. 31 million (US\$ 651,945) in fiscal 2001. Other income primarily included rental income for fiscal 2002.

Non-Interest Expense

The following table sets forth, for the periods indicated, the principal components of non-interest expense.

	Year ended March 31,					
	2001	2002	2002/2001 % change	2003	2003	2003/2002 % change
	(in millions, except percentages)					
Employee expense:						
Salaries	Rs. 1,564	Rs. 2,526	61.5%	Rs. 4,686	US\$ 98	85.5%
Employee benefits	313	454	45.0	697	15	53.5
Total employee expense	1,877	2,980	58.8	5,383	113	80.6
Premises and equipment expense	1,507	2,102	39.5	4,784	101	127.6
Administration and other expense	1,835	2,514	37.0	7,797	164	210.1
Amortization of goodwill and intangible assets	260	-	(100.0)	645	13	-
Total non-interest expense	Rs. 5,479	Rs. 7,596	38.6%	Rs. 18,609	US\$ 391	145.0%

Fiscal 2003 compared to Fiscal 2002

Non-interest expense increased 145.0% in fiscal 2003 to Rs. 18.6 billion (US\$ 391 million) from Rs. 7.6 billion (US\$ 160 million) in fiscal 2002 primarily due to an increase in employee expenses and administration expense as a result of the amalgamation, and growth in retail products and services.

Employee expenses increased 80.6% to Rs. 5.4 billion (US\$ 113 million) in fiscal 2003 from Rs. 3.0 billion (US\$ 63 million) in fiscal 2002 primarily due to expenses of 4,820 employees of ICICI Bank who joined subsequent to amalgamation, new employees hired during the year and an increase in salary levels. ICICI Bank's employee expenses were Rs. 1.5 billion (US\$ 32 million) in fiscal 2002. At year-end fiscal 2003, our employees had increased by 199.8% to 15,179 employees compared to ICICI's 5,063 employees at year-end fiscal 2002, primarily due to the addition of employees of ICICI Bank and an increase in employees of ICICI OneSource and ICICI Home Finance, which have grown their business and distribution capabilities.

Premises and equipment expense increased 127.6% to Rs. 4.8 billion (US\$ 101 million) in fiscal 2003 from Rs. 2.1 billion (US\$ 44 million) in fiscal 2002, primarily due to the impact of amalgamation, increased technology expenses, maintenance and depreciation expenses for ICICI centers, computers and computer software. ICICI Bank's premises and equipment expense was Rs. 2.2 billion (US\$ 46 million) in fiscal 2002. The number of ATM's increased from 1,000 at year-end fiscal 2002 to 1,675 at year-end fiscal 2003 and the number of branches and extension counters increased from 403 at year-end fiscal 2002 to 446 at year-end fiscal 2003. Administrative and other expenses increased 210.1% to Rs. 7.8 billion (US\$ 164 million) in fiscal 2003 from Rs. 2.5 billion (US\$ 53 million) in fiscal 2002 primarily due to the impact of amalgamation, an increase in the retail business expenses and increase in general business volumes. ICICI Bank's administrative and other expenses were Rs. 2.2 billion (US\$ 46 million) in fiscal 2002.

Fiscal 2002 compared to Fiscal 2001

Non-interest expense increased 38.6% in fiscal 2002 to Rs. 7.6 billion (US\$ 160 million) from Rs. 5.5 billion (US\$ 115 million) in fiscal 2001 primarily due to an increase in employee expenses and other administrative costs of ICICI Infotech, and other administrative costs.

Employee expenses increased 58.8% to Rs. 2.9 billion (US\$ 63 million) in fiscal 2002 from Rs. 1.9 billion (US\$ 40 million) in fiscal 2001. The number of employees increased to 5,063 employees at year-end fiscal 2002 from 3,460 employees, excluding ICICI Bank, at year-end fiscal 2001 primarily due to an increase in the number of employees in ICICI's subsidiaries, ICICI Infotech, and ICICI Home Finance, which had been rapidly growing their business and distribution infrastructure in fiscal 2002.

Premises and equipment expense increased 39.5% in fiscal 2002 compared to fiscal 2001, primarily due to increased technology expenses, maintenance and depreciation expenses for ICICI's centers, computers and computer software. Administrative and other expenses increased 37.0% in fiscal 2002 compared to fiscal 2001 primarily due to an increase in the administration expense of ICICI Infotech and its subsidiaries. In fiscal 2002, ICICI Infotech diversified its range of products and increased its presence to all major cities of India through sustained business development and marketing efforts.

Income Tax Expense

Income tax benefit amounted to Rs. 3.1 billion (US\$ 64 million) in fiscal 2003 compared to income tax expense of Rs. 251 million (US\$ 5 million) in fiscal 2002. The effective rate of tax benefit was 27.7% in fiscal 2003 compared to effective rate of tax expense of 47.1% in fiscal 2002. The effective tax rate of 27.7% in fiscal 2003 was lower compared to statutory tax rate of 36.75% primarily due to exempt interest and dividend income and the charging of certain income at rates other than statutory tax rate, partly offset by the disallowance of certain expenses for tax purposes. Income tax expense increased by 32.8% to Rs. 251 million (US\$ 5 million) in fiscal 2002 compared to Rs. 189 million (US\$ 4 million) in fiscal 2001. The effective tax rate in fiscal 2002 was 47.1% compared to 2.8% in fiscal 2001. The effective rate of tax expense at 47.1% in fiscal 2002 was higher compared to the statutory tax rate of 35.70% primarily due to the impact on deferred tax asset of change in the statutory tax rate from 39.55% in fiscal 2001 to 35.70% in fiscal 2002. The effective rate of tax expense at 2.8% in fiscal 2001 was significantly lower compared to statutory tax rate of 39.55% primarily due to an increase in recognition of deferred tax assets on other than temporary diminution in securities available for sale of earlier years.

A retrospective change was effected in the local tax laws in India's budget for fiscal 2002, whereby provisions for loan losses are not allowed as a deduction from taxable income unless the corresponding loan is written off in the accounts. As a result, a higher current tax liability was recognized against provisions for loan losses claimed in earlier years, which was offset by recognition of a deferred tax asset in respect of the same. See Note 28 of our consolidated financial statements for a further discussion on income tax.

Financial Condition

Assets

The following table sets forth, at the dates indicated, the principal components of assets.

At March 31,						
	2001	2002	2002/2001 % change	2003	2003	2003/2002 % change
	(in millions, except percentages)

(1) Primarily includes government of India securities and corporate debt securities.

(2) Primarily includes government of India securities and to a much smaller extent, corporate debt securities and equity securities.

Fiscal 2003 compared to Fiscal 2002

Our total assets increased 58.8% to Rs. 1,180.3 billion (US\$ 24.8 billion) at year-end fiscal 2003 compared to Rs.743.4 billion (US\$ 15.6 billion) at year-end fiscal 2002, primarily due to an increase in securities and loans on account of the amalgamation. ICICI Bank's total assets at year-end fiscal 2002 were Rs. 404.8 billion (US\$ 8.5 billion).

Our net loans increased 20.4% to Rs. 630.4 billion (US\$ 13.3 billion) at year-end fiscal 2003 compared to Rs. 523.6 billion (US\$ 11.0 billion) at year-end fiscal 2002, reflecting a 22.0% increase in gross rupee loans, a 23.4% increase in gross foreign currency loans and a 47.9% increase in allowance for loan losses. Gross retail finance loans increased 157.9% to Rs. 188.3 billion (US\$ 4.0 billion) at year-end fiscal 2003 from Rs. 73.0 billion (US\$ 1.5 billion) at year-end fiscal 2002.

Securities, excluding venture capital investment increased 393.4% to Rs. 276.9 billion (US\$ 5.8 billion) at year-end fiscal 2003 from Rs. 56.1 billion (US\$ 1.2 billion) at year-end fiscal 2002 primarily due to investment in government securities required to comply with the statutory liquidity ratio on ICICI's liabilities. At year-end fiscal 2002, cash, cash equivalents and trading assets of ICICI and ICICI Bank were Rs. 83.9 billion (US\$ 1.8 billion) and Rs. 115.4 billion (US\$ 2.4 billion), respectively. ICICI and ICICI Bank were maintaining a large amount of cash and liquid balances at year-end fiscal 2002 to meet the reserve requirements on ICICI's liabilities following the amalgamation. Cash, cash equivalents and trading assets increased by 33.7% to Rs. 112.1 billion (US\$ 2.4 billion) at year-end fiscal 2003 from Rs. 83.9 billion (US\$ 1.8 billion) at year-end fiscal 2002, reflecting the addition of ICICI Bank's cash, cash equivalents and trading assets offset, in part, by utilization of the cash and liquid balances existing at the beginning of fiscal 2003 for investment in government securities to meet statutory liquidity ratio requirement.

Trading assets at year-end fiscal 2003 included Rs. 5.4 billion (US\$ 114 million) of reverse repurchase transactions as compared to Rs. 21.4 billion (US\$ 450 million) at year-end fiscal 2002. Under these transactions securities were purchased under agreements to resell after a specified time. Such securities qualified as approved securities for statutory liquidity ratio requirements, and were of short maturity, carrying lower risk while yielding higher returns as compared to other short-term money market instruments. These transactions were typically used for better liquidity management.

Investment in affiliates declined to Rs. 2.6 billion (US\$ 55 million) at year-end fiscal 2003 from Rs. 10.1 billion (US\$ 212 million) at year-end fiscal 2002 due to the step acquisition of and amalgamation with ICICI Bank. Acceptances primarily include letters of credit issued on behalf of customers. ICICI, being a financial institution, was restricted in its ability to issue acceptances, unlike ICICI Bank. Following the amalgamation, we have been able to significantly increase the issuance of acceptances by leveraging on ICICI's strong corporate relationships. Acceptances increased to Rs. 43.3 billion (US\$ 910 million) at year-end fiscal 2003 from Rs. 4.8 billion (US\$ 101 million) at year-end fiscal 2002. ICICI Bank's acceptances at year-end fiscal 2002 were Rs. 12.6 billion (US\$ 265 million).

Other assets at year-end fiscal 2003, included advance taxes of Rs. 28.3 billion (US\$ 595 million), deferred tax assets of Rs. 6.4 billion (US\$ 135 million), intangible assets of Rs. 5.1 billion (US\$ 108

million) and Rs. 2.3 billion (US\$ 49 million) of assets held for sale, which were primarily acquired through foreclosure of loans.

Fiscal 2002 compared to Fiscal 2001

ICICI's total assets increased 0.5% to Rs. 743.4 billion (US\$ 15.6 billion) at year-end fiscal 2002 from Rs. 739.9 billion (US\$ 15.6 billion) at year-end fiscal 2001, primarily due to an increase in cash and cash equivalents, trading account assets and securities, excluding venture capital investments, offset in part by a decrease in net loans.

Subsequent to the announcement of the amalgamation in October 2001, ICICI directed all its resources towards meeting the reserve requirements on its outstanding liabilities following the amalgamation. ICICI limited its loan disbursements and also securitized and sold down its loans in the second half of fiscal 2002 to raise additional resources. As a result, ICICI's net loans decreased by 13.0% to Rs. 523.60 billion (US\$ 11.0 billion) at year-end fiscal 2002 from Rs. 602.0 billion (US\$ 12.7 billion) at year-end fiscal 2001, reflecting a 11.2% decrease in gross rupee loans and a 15.7% decrease in gross foreign currency loans, offset by an increase in allowances for loan losses. The decrease in ICICI's corporate loan portfolio was offset by an increase in retail finance disbursements in fiscal 2002. Gross retail finance loans at year-end fiscal 2002 increased 168.5% to Rs. 72.8 billion (US\$ 1.5 billion) from Rs. 27.1 billion (US\$ 570 million) at year-end fiscal 2001.

Cash and cash equivalents which included interest-bearing deposits with banks, increased to Rs. 41.5 billion (US\$ 872 million) at year-end fiscal 2002 from Rs. 31.0 billion (US\$ 651 million) at year-end fiscal 2001, as a large cash balance was maintained by ICICI towards the end of fiscal 2002 in order to meet the cash reserve requirement on its outstanding liabilities following the amalgamation. Trading assets increased significantly to Rs. 42.4 billion (US\$ 891 million) at year-end fiscal 2002 compared to Rs. 18.9 billion (US\$ 397 million) at year-end fiscal 2001. Trading assets at year-end fiscal 2002 included Rs. 21.4 billion (US\$ 450 million) of reverse repurchase transactions. Under these transactions securities were purchased under agreements to resell after a specified time. Such securities qualified as approved securities for statutory liquidity ratio requirements, and were of short maturity, carrying lower risk while yielding higher returns as compared to other short-term money market instruments. These transactions were typically used for better liquidity management.

Securities, excluding venture capital investments at year-end fiscal 2002 increased to Rs. 56.1 billion (US\$ 1.2 billion) compared to Rs. 15.1 billion (US\$ 317 million) at year-end fiscal 2001 primarily due to the increase in government of India securities. Venture capital investments at year-end fiscal 2002 remained almost the same at Rs. 3.9 billion (US\$ 82 million) compared to Rs. 3.8 (US\$ 79 million) at year-end fiscal 2001. ICICI's investment in affiliates increased to Rs. 10.1 billion (US\$ 212 million) from Rs. 8.9 billion (US\$ 187 million) primarily due to the addition of ICICI Bank's retained earnings. Acceptances increased to Rs. 4.8 billion (US\$ 101 million) at year-end fiscal 2002 from Rs. 2.7 billion (US\$ 57 million) at year-end fiscal 2001. Acceptances, primarily included letters of credit issued on behalf of customers.

Other assets at year-end fiscal 2002, included advance taxes of Rs. 16.6 billion (US\$ 349 million), deferred tax assets of Rs. 7.3 billion (US\$ 153 million) and Rs. 2.0 billion (US\$ 42 million) of assets held for sale, which were primarily acquired through foreclosure of loans.

Liabilities and Stockholders' Equity

The following table sets forth, at the dates indicated, the principal components of liabilities and stockholders' equity.

At March 31,						
	2001	2002	2002/2001 % change	2003	2003	2003/2002 % change
(in millions, except percentages)						
Deposits	Rs. 6,072	Rs. 7,380	21.5%	Rs. 491,290	US\$ 10,332	6557%
Trading account liabilities.....	12,483	17,105	37.03	26,086	549	52.5
Short-term borrowings	99,655	70,804	(28.95)	42,095	885	(40.5)
Acceptances	2,715	4,783	76.17	43,252	910	804.3
Long-term debt:						
Rupee	404,017	438,704	8.59	350,633	7,374	(20.1)
Foreign currency	88,865	72,894	(17.97)	50,179	1,055	(31.2)
Total long-term debt	492,882	511,598	3.80	400,812	8,429	(21.7)
Other liabilities	38,832	48,402	24.64	66,658	1,402	37.7
Taxes and dividends payable	10,494	11,050	5.30	16,880	355	52.8
Redeemable preferred stock ⁽¹⁾	698	772	10.60	853	18	10.5
Total liabilities	663,831	671,894	1.21	1,087,926	22,880	61.9
Minority interest	135	260	92.59	124	3	(52.3)
Stockholders' equity	75,927	71,348	(6.03)	92,213	1,939	29.2
Total liabilities and stockholders' equity.....	Rs.739,893	Rs. 743,502	0.5%	Rs. 1,180,263	US\$ 24,822	(96.7)%

(1) In line with the existing regulatory requirements in India, preferred stock issued by ICICI needed to be compulsorily redeemed within a specified time period. Accordingly, all series of preferred stock issued by ICICI were redeemable in accordance with the terms of the issue.

Fiscal 2003 compared to Fiscal 2002

Deposits increased to Rs. 491.3 billion (US\$ 10.4 billion) at year-end fiscal 2003 from Rs. 7.4 billion (US\$ 155 million) at year-end fiscal 2002. ICICI Bank's deposits at year-end fiscal 2002 were Rs. 325.2 billion (US\$ 6.8 billion). ICICI Bank's deposits along with new deposits raised during the year increased our volume of deposits. Unlike ICICI, we fund ourselves primarily through deposits and not borrowings and debt. As ICICI's long-term debt and short-term borrowings were repaid during the year in line with scheduled maturities both long-term debt and short-term borrowings declined significantly. Our long-term debt decreased 21.7% to Rs. 400.8 billion (US\$ 8.4 billion) at year-end fiscal 2003 from Rs. 511.6 billion (US\$ 10.8 billion) at year-end fiscal 2002, reflecting a 20.1% decrease in long-term rupee debt and a decrease of 31.2% in long-term foreign currency debt. Our short-term borrowings decreased 40.5% at year-end fiscal 2003 compared to year-end fiscal 2002. Going forward, we will continue to repay ICICI's liabilities as and when they mature and raise new resources primarily through deposits. Trading account liabilities increased 52.5% at year-end fiscal 2003 compared to year-end fiscal 2002 due to the impact of amalgamation. Taxes and dividends payable increased 52.8% to Rs. 16.9 billion (US\$ 355 million) at year-end fiscal 2003 from Rs. 11.1 billion (US\$ 232 million) at year-end fiscal 2002 primarily due to increase in dividends payable. Dividend for fiscal 2002 was paid by ICICI before year-end fiscal 2002 unlike dividend for fiscal 2003 which we paid subsequent to the year-end. The carrying amount of the redeemable preferred stock increased to Rs. 853 million (US\$ 18 million) at year-end fiscal 2003 from Rs 772 million (US\$ 16 million) at year-end fiscal 2002. Minority interest decreased 52.3% at year-end fiscal 2003. Stockholders' equity increased 29.2% at year-end fiscal 2003 to Rs. 92.2 billion (US\$ 1.9 billion).

Fiscal 2002 compared to Fiscal 2001

ICICI's long-term debt increased 3.8% to Rs. 511.5 billion (US\$ 10.8 billion) at year-end fiscal 2002 from Rs. 492.9 billion (US\$ 10.4 billion) at year-end fiscal 2001, reflecting a 8.6% increase in long-term rupee debt offset by a decrease of 18.0% in long-term foreign currency debt. Deposits increased to Rs. 7.4 billion (US\$ 155 million) at year-end fiscal 2002 from Rs. 6.1 billion (US\$ 128 million) at year-end fiscal 2001, primarily due to the deposits raised by ICICI Home Finance in fiscal 2002. In fiscal 2002, ICICI Home Finance launched a fixed deposit program to mobilize resources to

meet the growing business needs and diversify its resource base. Trading account liabilities increased 37.0% at year-end fiscal 2002 compared to year-end fiscal 2001 due to increased market opportunities in a declining interest rate environment and an increase in trading account assets. ICICI short-term borrowings decreased 29.0% at year-end fiscal 2002 compared to year-end fiscal 2001. Short-term borrowings included foreign currency non-repayable borrowings, which increased at year-end fiscal 2002. This was offset by a decrease in rupee short-term borrowings. The carrying amount of the redeemable preferred stock increased to Rs. 772 million (US\$ 16 million) at year-end fiscal 2002 from Rs.698 million (US\$ 15 million) at year-end fiscal 2001. Minority interest increased 92.6% at year-end fiscal 2002 on account of new subsidiaries and acquisitions by ICICI Infotech. Stockholders' equity declined 6.0% at year-end fiscal 2002 to Rs. 71.3 billion (US\$ 1.5 billion). At year-end fiscal 2002, stockholders' equity was net of the dividend paid by ICICI as an interim dividend during fiscal 2002.

Off Balance Sheet Items, Commitments and Contingencies

Foreign Exchange and Derivative Contracts

We enter into foreign exchange forwards, options, swaps and other derivative products, which enables customers to transfer, modify or reduce their foreign exchange and interest rate risks. These instruments are used to manage foreign exchange and interest rate risk relating to specific groups of on-balance sheet assets and liabilities. Since adoption on April 1, 2001, of SFAS No. 133 and SFAS No. 138, all derivatives have been recorded as assets or liabilities on the balance sheet at their respective fair values with unrealized gains and losses recorded either in accumulated other comprehensive income or in the statement of income, depending on the purpose for which the derivative is held. Derivatives that do not meet the criteria for designation as a hedge under SFAS No. 133 at inception, or fail to meet the criteria thereafter, are accounted for in other assets with changes in fair value recorded in the statement of income. See Note 1 – “Significant accounting policies – Derivative instruments and hedging activities” to our consolidated financial statements.

The following table sets forth, at the dates indicated, the notional amount of the derivative contracts.

	At March 31,							
	Notional principal amounts				Balance sheet credit exposure ⁽¹⁾			
	2001	2002	2003	2003	2001	2002	2003	2003
	(in millions)							
Interest rate products:								
Swap agreements.....	Rs. 50,430	Rs. 87,824	Rs. 324,893	US\$ 6,833	Rs. (5)	Rs. 620	Rs. 137	US\$ 3
Others	-	-	-	-	-	-	-	-
Total interest rate products	Rs. 50,430	Rs. 87,824	Rs. 324,893	US\$ 6,833	Rs. (5)	Rs. 620	Rs. 137	US\$ 3
Foreign exchange products:								
Forward contracts	Rs. 21,091	Rs. 41,873	Rs. 277,280	US\$ 5,831	Rs.(159)	(Rs. 41)	Rs.(116)	US\$ (2)
Swap agreements	23,429	20,395	14,611	307	-	328	539	11
Total foreign exchange products	Rs. 44,520	Rs. 62,268	Rs. 291,891	US\$ 6,138	Rs.(159)	Rs. 287	Rs. 423	US\$ 9

(1) Denotes the mark-to-market impact of the derivative and foreign exchange products on the reporting date.

The notional principal amount of interest rate products increased to Rs. 324.9 billion (US\$ 6.8 billion) at year-end fiscal 2003 compared to Rs. 87.8 billion (US\$ 1.8 billion) at year-end fiscal 2002. The notional principal amount of foreign exchange products increased Rs. 291.9 billion (US\$ 6.1 billion) at year-end fiscal 2003 compared to Rs. 62.3 billion (US\$ 1.3 billion) at year-end fiscal 2002. This significant increase in the volumes of interest rates swaps and foreign exchange forward contracts in fiscal 2003 was primarily due to the impact of the amalgamation, increased transactions carried out by us on behalf of our customers and increase in the market for such products. Prior to

amalgamation, ICICI, being a financial institution, was restricted in interest rate derivative products and foreign exchange products that it could offer to customers.

Securitization

We primarily securitize commercial loans through “pass-through” securitizations. In fiscal 2003, we securitized loans with a carrying value of Rs. 51.8 billion (US\$ 1.1 billion) compared to Rs. 40.9 billion (US\$ 859 million) in fiscal 2002, which resulted in gains of Rs. 2.1 billion (US\$ 44 million) in fiscal 2003 compared to Rs. 1.1 billion (US\$ 23 million) in fiscal 2002. The gains are reported as a component of gain on sale of loans. After the securitization, we generally continue to maintain customer account relationships and serviced loans transferred to the securitization trust. Generally, the securitizations are without recourse and we do not provide any credit enhancement. In a few cases, we may enter into derivative transactions such as written put options and interest rate swaps with the transferees. Generally, we do not retain any beneficial interests in the assets sold.

In fiscal 2003, we wrote put options, which require us to purchase, upon request of the holders, securities issued in certain securitization transactions. The put options seek to provide liquidity to holders of such instruments. If exercised, we are obligated to purchase the securities at the predetermined exercise price. All put options were out-of-the-money for the holders.

In fiscal 2003, we sold loans and credit substitutes with an aggregate put option exercise price of Rs. 24.4 billion (US\$ 513 million) compared to Rs. 13.1 billion (US\$ 276 million) in fiscal 2002. Subsequent to their initial issuance, such options have been recorded at fair values with changes reported in the statement of operations.

Loan Commitments

We have outstanding undrawn commitments to provide loans and financing to customers. These loan commitments aggregated Rs. 48.8 billion (US\$ 1.0 billion) at year-end fiscal 2003 compared to Rs. 68.2 billion (US\$ 1.4 billion) at year-end fiscal 2002. The interest rate on these commitments is dependent on the lending rates on the date of the loan disbursement. Further, the commitments have fixed expiration dates and are contingent upon the borrower’s ability to maintain specific credit standards.

Capital Commitments

We are obligated under a number of capital contracts. Capital contracts are job orders of a capital nature, which have been committed. Estimated amounts of contracts remaining to be executed on capital account aggregated Rs. 264 million (US\$ 6 million) at year-end fiscal 2003 compared to Rs. 756 million (US\$ 16 million) at year-end fiscal 2002 signifying the unpaid amount for acquisition of fixed assets as per contracts entered into with suppliers.

Operating Lease Commitments

We have commitments under long-term operating leases principally for premises. The following table sets forth, a summary of future minimum lease rental commitments at year-end fiscal 2003, for non-cancellable leases.

Lease rental commitments for fiscal.**in millions**

2003	Rs. 237
2004	231
2005	223
2006	208
2007	174
Thereafter	320
Total minimum lease commitments	<u>Rs. 1,393</u>

Guarantees

As a part of our financing activities, we issue guarantees to enhance the credit standing of our customers. The guarantees are generally for a period not exceeding 10 years. The credit risk associated with these products, as well as the operating risks, are similar to those in other loan products. We have the same appraisal process, pricing methodology and collateral requirement for guarantees as that for any other loan product. Guarantees increased by 43.3% at year-end fiscal 2003 compared to year-end fiscal 2002, which in turn increased by 25.4% compared to year-end fiscal 2001.

The following table sets forth, at the dates indicated, guarantees outstanding.

	At March 31,					
	2001	2002	2002/2001 % change	2003	2003	2003/2002 % change
	(in millions, except percentages)					
Financial guarantees ⁽¹⁾	Rs. 53,167	Rs. 53,037	(0.2)%	Rs. 69,076	US\$ 1,453	30.2%
Performance guarantees ⁽²⁾	6,083	21,266	249.6%	37,402	787	75.9%
Total guarantees	<u>Rs. 59,250</u>	<u>Rs. 74,303</u>	<u>25.4%</u>	<u>Rs. 106,478</u>	<u>US\$ 2,239</u>	<u>43.3%</u>

(1) Consists of instruments guaranteeing the timely contractual payment of loan obligations, primarily to foreign lenders on behalf of project companies.

(2) Consists of instruments guaranteeing the performance by a company of an obligation, such as exports.

The following table sets forth contractual obligations on long-term debt, operating lease and guarantees at year-end fiscal 2003.

Contractual Obligations	Payments due by period				
	Total	Less than 1 year	1-3 years	3-5 years	More than 5 years
	(in millions)				
Long term debt obligations	Rs. 402,644	Rs. 86,263	Rs. 161,859	Rs. 53,376	Rs. 101,146
Operating Lease Obligations	1,393	237	454	382	320
Guarantee					
- Financial guarantees	69,076	9,413	19,223	4,361	36,079
- Performance guarantees	37,402	8,309	8,835	3,965	16,293
	<u>106,478</u>	<u>17,722</u>	<u>28,058</u>	<u>8,326</u>	<u>52,372</u>
Total	<u>Rs. 510,515</u>	<u>Rs. 1,04,222</u>	<u>Rs. 28,512</u>	<u>Rs. 8,708</u>	<u>Rs. 52,692</u>

Capital Resources

ICICI Bank is subject to the capital adequacy requirements of the Reserve Bank of India, which are primarily based on the capital adequacy accord reached by the Basle Committee of Banking Supervision, Bank of International Settlements in 1988. ICICI Bank is required to maintain a

minimum ratio of total capital to risk adjusted assets of 9.0%, at least half of which must be Tier 1 capital.

At year-end fiscal 2003, ICICI Bank's capital adequacy ratio calculated in accordance with the Reserve Bank of India guidelines and based on its unconsolidated financial statements prepared in accordance with Indian GAAP was 11.10%. Using the same basis of calculation, at year-end fiscal 2003 ICICI Bank's Tier 1 capital adequacy ratio was 7.05% and its Tier 2 capital adequacy ratio was 4.05%.

The following table sets forth, at the dates indicated, risk-based capital, risk-weighted assets and risk-based capital adequacy ratios computed in accordance with the applicable Reserve Bank of India guidelines and based on ICICI Bank's unconsolidated financial statements prepared in accordance with Indian GAAP.

Indian GAAP

	At March 31, 2003	
Tier 1 capital	Rs. 58,072	US\$ 1,221
Tier 2 capital	33,388	702
Total capital	Rs. 91,460	1,923
On- balance sheet risk weighted assets	Rs. 678,703	14,273
Off-balance sheet risk weighted assets	145,102	3,052
Total risk weighted assets	Rs. 823,805	US\$ 17,325
Tier 1 capital adequacy ratio	7.05%	
Tier 2 capital adequacy ratio	4.05%	
Total capital adequacy ratio	11.10%	

The principal off-balance sheet items for ICICI Bank were loan commitments, guarantees, put options and lease and capital commitments. As described in "Financial Condition — Off Balance Sheet Items, Commitments and Contingencies", ICICI Bank entered into these arrangements for normal business purposes. Capital was provided for these items based on the existing capital adequacy guidelines of the Reserve Bank of India. See "Supervision and Regulation - Capital Adequacy Requirements". Lease commitments were not expected to materially affect capital requirements. ICICI Bank provides capital on the put options outstanding and forward contracts and derivatives contracts outstanding at year-end fiscal 2003 as per existing capital adequacy guidelines of the Reserve Bank of India. Under the guidelines issued by the Reserve Bank of India in fiscal 2003, the deferred tax asset is treated as an intangible asset and deducted from Tier 1 capital.

Liquidity Risk

Liquidity risk arises in the funding of lending, trading and investment activities and in the management of trading positions. It includes both the risk of unexpected increases in the cost of funding an asset portfolio at appropriate maturities and the risk of being unable to liquidate a position in a timely manner at a reasonable price. The goal of liquidity management is to be able, even under adverse conditions, to meet all liability repayments on time and fund all investment opportunities.

We maintain diverse sources of liquidity to facilitate flexibility in meeting funding requirements. Incremental operations are principally funded by accepting deposits from retail and corporate depositors. The deposits are augmented by borrowings in the short-term inter-bank market and through the issuance of bonds. Loan maturities and sale of investments also provide liquidity. Most of the funds raised are used to extend loans or purchase securities. Generally, deposits are of a shorter average maturity than loans or investments.

Most of our incremental funding requirements, including replacement of maturing liabilities of ICICI which generally had longer maturities, are met through short-term funding sources, primarily in

the form of deposits including inter-bank deposits. However, a large portion of its assets, primarily the assets of ICICI, have medium or long-term maturities, creating a potential for funding mismatches. We actively monitor our liquidity position and attempt to maintain adequate liquidity at all times to meet all requirements of all depositors and bondholders, while also meeting the requirement of lending groups. We seek to establish a continuous information flow and an active dialogue between the funding and borrowing divisions of the organization to enable optimal liquidity management. A separate group is responsible for liquidity management.

Another source of liquidity risk is the put options written by us on the loans which we have securitized. These options are binding on us and require us to purchase, upon request of the holders, securities issued in such securitized transactions. The options seek to provide liquidity to the security holders. If exercised, we will be obligated to purchase the securities at the pre-determined exercise price. All put options were out-of-the-money for the holders. At year-end fiscal 2003, the aggregate put option exercise price of such option-embedded loan and credit substitute sell-downs was Rs. 24.4 billion (US\$ 513 million).

We are required to maintain a certain percentage of our demand and time liabilities, excluding specified liabilities, in cash reserves with the Reserve Bank of India, which currently stands at 4.5%. In addition, we are also required to maintain a statutory liquidity reserve by way of investments in government of India securities, which is 25.0% at present.

We also have recourse to the liquidity adjustment facility and the refinance window, which are short-term funding arrangements provided by the Reserve Bank of India. We maintain a substantial portfolio of liquid high quality securities that may be sold on an immediate basis to meet our liquidity needs.

We also have the option of managing liquidity by borrowing in the inter-bank market on a short-term basis. The overnight market which is a significant part of the inter-bank market, is susceptible to volatile interest rates. These interest rates on certain occasions, have touched historical highs of 100.0% and above. To curtail reliance on such volatile funding, our liquidity management policy has stipulated daily limits for borrowing and lending in this market. The limit on daily borrowing is more stringent than the limit set by the Reserve Bank of India. ICICI Securities, like us, relies for a certain proportion of its funding on the inter-bank market for overnight money and is therefore also exposed to similar risk of volatile interest rates.

We are required to submit gap analysis on a monthly basis to the Reserve Bank of India. Pursuant to the Reserve Bank of India guidelines, the liquidity gap (if negative) must not exceed 20.0% of outflows in the 1-14 day and the 15-28 day time category. We prepare fortnightly maturity gap analysis to review its liquidity position. Static gap analysis is also supplemented by a dynamic analysis for the short-term, to enable the liability raising units to have a fair estimate of the short-term funding requirements. In addition, we also monitors certain liquidity ratios on a fortnightly basis.

Our bonds are rated AAA by two Indian credit rating agencies, ICRA Limited and Credit Analysis & Research Limited. Our term deposits are rated AAA by ICRA Limited. Our long-term foreign currency borrowings are rated Baa3 by Moody's Investors Service, which is one notch higher than the sovereign rating for India, and BB by Standard and Poor's. Our short-term foreign currency ratings are Ba2/ Not Prime by Moody's Investors Service and B by Standard and Poor's. Any downgrade in these credit ratings, or any adverse change in these ratings relative to other banks and financial intermediaries, could adversely impact our ability to raise resources to meet our funding requirements, which in turn could adversely impact our liquidity position.

In April 2003, unsubstantiated rumours, believed to have originated in Gujarat, alleged that we were facing liquidity problems, although our liquidity position was sound. We witnessed higher than normal deposit withdrawals during the period April 11 to 13, 2003, on account of these unsubstantiated rumours. We successfully controlled the situation, but if such situations were to arise

in future, any failure to control such situations could result in large deposit withdrawals, which would adversely impact our liquidity position.

Capital Expenditure

The following tables set forth, for the periods indicated, certain information related to capital expenditure by category of fixed assets.

	Fiscal 2002					
	Cost at March 31, 2001	Additions/ transfers	Deletions/ transfers	Depreciation	Net assets at March 31, 2002	
	(in millions)					
Land	Rs. 1,342	Rs. -	Rs. (6)	Rs. 103	Rs. 1,233	US\$ 26

(1) Includes equipment and furniture, and others category as specified in Note 14 to our consolidated financial statements.

Our capital expenditure on property and equipment was Rs. 13.2 billion (US\$ 278 million) for fiscal 2003 compared to Rs. 2.1 billion (US\$ 44 million) for fiscal 2002 and Rs. 4.4 billion (US\$ 92 million) for fiscal 2001. Capital expenditure for fiscal 2003 includes capital assets acquired on amalgamation. ICICI Bank's total fixed assets (gross) were Rs. 6.8 billion (US\$ 144 million) at year-end fiscal 2002, with Rs. 286 million (US\$ 6 million) in land, Rs. 2.2 billion (US\$ 46 million) in buildings and Rs. 4.0 billion (US\$ 85 million) in equipment, furniture and others.

Capital expenditure on buildings of Rs. 4.2 billion (US\$ 89 million) in fiscal 2003 primarily includes Rs. 2.2 billion (US\$ 46 million) impact of amalgamation and expense on call centers and improvement in leasehold property. Capital expenditure on equipment, furniture and others of Rs. 7.8 billion (US\$ 164 million) in fiscal 2003 primarily includes Rs. 4.0 billion (US\$ 85 million) impact of amalgamation, Rs. 2.1 billion (US\$ 45 million) expense on computers and software, and Rs. 676 million (US\$ 14 million) on ATMs.

Significant Changes

Except as stated in this annual report, no significant changes have occurred to us since the date of the fiscal 2003 consolidated financial statements contained in this annual report.

Segment Revenues and Assets

Subsequent to the amalgamation of ICICI with and into ICICI Bank, the composition of our operating segments has changed. Our operations are now classified into the following segments: commercial banking segment, investment banking segment and others, consisting of various operating segments that do not meet the requirements to be reported as an individual reportable segment as defined in SFAS No. 131 on Disclosure About Segments of an Enterprise and Related Information. Segment data for previous periods has been reclassified on a comparable basis.

The commercial banking segment provides medium-term and long-term project and infrastructure financing, securitization, factoring, lease financing, working capital finance and foreign exchange services to clients. Further, it provides deposit and loan products to retail customers. The investment banking segment deals in the debt, equity and money markets and provides corporate advisory products such as mergers and acquisition advice, loan syndication advice and issue management services.

Operating segments are defined as components of an enterprise for which separate financial information is available that is regularly evaluated by the chief operating decision maker in deciding how to allocate resources and in assessing performance. The chief operating decision maker evaluates performance and allocates resources based on an analysis of various performance indicators for each of the above reportable segments. Components of profit and loss are evaluated for commercial banking and investment banking segments. Further, the chief operating decision maker specifically reviews assets of the retail asset division, which is part of commercial banking segment.

The results of ICICI Bank, were reported under the equity method of accounting since April 1, 2000 i.e., for fiscal 2001 and 2002. However, for management reporting, the entire results of ICICI Bank continue to be reported as if the business were a consolidated entity. The segment-wise information presented below is consistent with the management reporting.

Commercial Banking Segment

Fiscal 2003 compared to Fiscal 2002

Commercial banking segment made a net loss of Rs. 7.9 billion (US\$ 165 million) in fiscal 2003 compared to a net income of Rs. 1.7 billion (US\$ 36 million) in fiscal 2002, primarily due to an increase in provisions for loan losses and a decrease in non-interest income.

Net interest income, including dividends, increased 16.4% to Rs. 15.6 billion (US\$ 327 million) in fiscal 2003 from Rs. 13.4 billion (US\$ 281 million) in fiscal 2002 primarily due to the benefit of lower funding costs subsequent to the amalgamation. Provisions for loan losses increased 71.4% to Rs. 19.6 billion (US\$ 413 million) in fiscal 2003 from Rs. 11.5 billion (US\$ 241 million) in fiscal 2002 primarily due to the Rs. 84.7 billion (US\$ 1.8 billion) increase in gross restructured and other impaired loans during the year.

Non-interest income decreased 52.2% to Rs. 5.2 billion (US\$ 108 million) in fiscal 2003 from Rs. 10.8 billion (US\$ 227 million) in fiscal 2002 primarily due to lower fee income on project finance and related activities and high other than temporary diminution on equity securities and securities where application money had been paid but securities were yet to be allotted. Non-interest expense increased 6.8% to Rs. 12.4 billion (US\$ 260 million) in fiscal 2003 from Rs. 11.6 billion (US\$ 243 million) in fiscal 2002.

Fiscal 2002 compared to Fiscal 2001

Net income for the commercial banking segment decreased by 62.8% to Rs. 1.7 billion (US\$ 36 million) in fiscal 2002 compared to Rs. 4.5 billion (US\$ 95 million) in fiscal 2001, primarily due to an increase in non-interest expense and a decrease in net interest income.

Net interest income, including dividends, decreased 7.6% to Rs. 13.4 billion (US\$ 281 million) in fiscal 2002 from Rs. 14.5 billion (US\$ 304 million) in fiscal 2001 primarily due to non-accrual of interest on loans recognized as impaired during fiscal 2002 and a reduction in the loan portfolio. Provisions for loan losses increased 4.5% to Rs. 11.5 billion (US\$ 241 million) in fiscal 2002 from Rs. 11.0 billion (US\$ 231 million) in fiscal 2001.

Non-interest income increased 19.1% to Rs. 10.8 billion (US\$ 227 million) in fiscal 2002 from Rs. 9.1 billion (US\$ 190 million) in fiscal 2001. Non-interest expense increased 50.6% to Rs. 11.6 billion (US\$ 243 million) in fiscal 2002 from Rs. 7.7 billion (US\$ 162 million) in fiscal 2001, primarily due to the expenditure on the integration of the operations of Bank of Madura and the expansion of the retail banking business.

Investment Banking Segment

Fiscal 2003 compared to Fiscal 2002

Net income for the investment banking segment decreased 5.7% to Rs. 1.2 billion (US\$ 26 million) in fiscal 2003 compared to Rs. 1.3 billion (US\$ 27 million) in fiscal 2002, primarily due to a decrease in net interest income and increase in non-interest expense, offset by an increase in non-interest income.

Net interest income, including dividends, decreased to a loss of Rs. 2.1 billion (US\$ 45 million) in fiscal 2003 from Rs. 1.8 billion (US\$ 38 million) in fiscal 2002 primarily due to the low-yielding government securities acquired for meeting statutory liquidity ratio requirement on ICICI's liabilities. Our government securities portfolio was fair valued at the time of amalgamation, and hence was marked-up due to the decline in interest rates since the time these securities were acquired. As a result, the amortization expense on these securities increased significantly. Provisions for loan losses was Rs. 4 million (US\$ 84,122) in fiscal 2003 compared to Rs. 8 million (US\$ 168,244) in fiscal 2002.

Non-interest income increased 244.4% to Rs. 7.0 billion (US\$ 148 million) in fiscal 2003 from Rs. 2.0 billion (US\$ 43 million) in fiscal 2002 primarily due to higher income on fixed income portfolio in a favorable interest rate environment where interest rates steadily declined. Non-interest expense increased 68.6% to Rs. 3.2 billion (US\$ 66 million) in fiscal 2003 from Rs. 1.9 billion (US\$ 39 million) in fiscal 2002.

Fiscal 2002 compared to Fiscal 2001

Net income for the investment banking segment decreased 49.8% to Rs. 1.3 billion (US\$ 27 million) in fiscal 2002 from Rs. 2.6 billion (US\$ 54 million) in fiscal 2001, primarily due to an increase in non-interest expense and higher income tax expense.

Net interest income, including dividends remained nearly the same at Rs. 1.8 billion (US\$ 38 million) in fiscal 2002 as in fiscal 2001. Provisions for loan losses was Rs. 8 million (US\$ 168,224) in fiscal 2002 compared to Rs. 13 million (US\$ 273,996) in fiscal 2001.

Non-interest income decreased marginally to Rs. 2.0 billion (US\$ 43 million) in fiscal 2002 from Rs. 2.1 billion (US\$ 43 million) in fiscal 2001. Non-interest expense increased by 43.1% to Rs. 1.9 billion (US\$ 39 million) in fiscal 2002 from Rs. 1.3 billion (US\$ 27 million) in fiscal 2001.

Related Party Transactions

We have transactions with our affiliates, directors and employees. The following represent the significant transactions between ICICI Bank and such related parties:

Insurance services

In fiscal 2003, we paid insurance premiums to ICICI Lombard General Insurance Company amounting to Rs. 224 million (US\$ 5 million) compared to Rs. 26 million (US\$ 546,793) in fiscal 2002. These premiums were primarily on account of health insurance for employees and insurance for directors' and officers' liability.

Lease of premises and facilities

ICICI Bank has entered into lease arrangements with related parties in respect of certain premises and facilities. In fiscal 2003, ICICI Bank received for the lease of premises, facilities and other administrative costs from ICICI Prudential Life Insurance Company, Rs. 84 million (US\$ 2 million) as compared to Rs. 54 million (US\$ 1 million) in fiscal 2002, from Prudential ICICI Asset Management Company, Rs. 6 million (US\$ 126,183) as compared to Rs. 5 million (US\$ 105,152) in fiscal 2002, and from ICICI Lombard General Insurance Company, Rs. 82 million (US\$ 2 million) as compared to Rs. 50 million (US\$ 1 million) in fiscal 2002.

In fiscal 2002, ICICI received rentals for lease of premises, facilities and other equipment from ICICI Bank, Rs. 256 million (US\$ 5 million) as compared to Rs. 193 million (US\$ 4 million) in fiscal 2001. Similarly, in fiscal 2002, ICICI paid rentals to ICICI Bank for lease of premises, Rs. 11 million (US\$ 231,335) as compared to Rs. Nil in fiscal 2001.

Secondment of employees

In fiscal 2003, we received from Prudential ICICI Asset Management Company Limited for seconded employees, Rs. 3 million (US\$ 63,091) as compared to Rs. nil in fiscal 2001 and from ICICI Lombard General Insurance Company, Rs. 10 million (US\$ 210,305) as compared to Rs. 5 million (US\$ 105,152) in fiscal 2002.

In fiscal 2002, ICICI received from ICICI Bank for seconded employees, Rs. 55 million (US\$ 1 million) as compared to Rs. 4 million (US\$ 84,122) in fiscal 2001. Similarly, ICICI paid to ICICI Bank for employees seconded to ICICI, Rs. 8 million (US\$ 168,244) as compared to Rs. 5 million (US\$ 105,152) in fiscal 2001.

Asset management services

In fiscal 2003, we provided asset management services to TCW and earned fees of Rs. 24 million (US\$ 504,732) as compared to Rs. 21 million (US\$ 441,640) earned by ICICI in fiscal 2002.

Deposits and borrowings

In fiscal 2003, ICICI Bank paid interest on bonds/deposits/call borrowings to affiliated companies totaling Rs. 12 million (US\$ 252,366). In fiscal 2002, ICICI received payments from ICICI Bank of Rs. 268 million (US\$ 6 million).

Banking services

ICICI utilized banking services of ICICI Bank. In fiscal 2002, non-interest expense of ICICI relating to such services amounted to Rs. 32 million (US\$ 672,976) as compared to Rs. 72 million (US\$ 2 million) in fiscal 2001.

Derivative transactions

In fiscal 2002, ICICI entered into interest rate swap contracts and cross currency swap contracts with ICICI Bank aggregating Rs. 10.3 billion (US\$ 217 million) and Rs. Nil respectively as compared to Rs. 3.4 billion (US\$ 70 million) and Rs. 1.3 billion (US\$ 28 million) in fiscal 2001 respectively. Contracts aggregating Rs. 8.8 billion (US\$ 184 million) and Rs. 2.3 billion (US\$ 48 million) at year-end fiscal 2002 as compared to Rs. 2.9 billion (US\$ 61 million) and Rs. 4.4 billion (US\$ 92 million) at year-end fiscal 2001, were outstanding for interest rate swaps and currency swaps respectively. Net interest income in respect of these swaps amounted to Rs. 275 million (US\$ 6 million) in fiscal 2002 as compared to Rs. 189 million (US\$ 4 million) in fiscal 2001.

Similarly, ICICI entered into forward foreign exchange contracts with ICICI Bank aggregating Rs. 22.5 billion (US\$ 472 million) in fiscal 2002 compared to Rs. 47.9 billion (US\$ 1.0 billion) in fiscal 2001. Contracts aggregating Rs. 251 million (US\$ 5 million) at year-end fiscal 2002 compared to Rs. 2.3 billion (US\$ 48 million) at year-end fiscal 2001 were outstanding.

Reverse repurchase transactions

In fiscal 2002, ICICI entered into reverse repurchase transactions with ICICI Bank amounting to Rs. 52.8 billion (US\$ 1.1 billion) as compared to Rs. nil in fiscal 2001. At year-end fiscal 2002, ICICI had reverse repurchase transactions outstanding with ICICI Bank of Rs. 21.4 billion (US\$ 450 million) compared to Rs. nil in fiscal 2001.

Software development services

In fiscal 2002, ICICI provided software development services to Tricolor Infotech Services and Prudential ICICI Asset Management Company and earned fees of Rs. 19 million (US\$ 399,579) as compared to Rs. 8 million (US\$ 168,244) in fiscal 2001.

In fiscal 2002, ICICI developed software and provided software and hardware support services to ICICI Bank, and earned fees of Rs. 124 million (US\$ 3 million) compared to Rs. 73 million (US\$ 2 million) in fiscal 2001.

Back-office support services

In fiscal 2002, ICICI set up a common technology infrastructure platform and ICICI Bank was charged as its share of the communication expenses, backbone infrastructure expenses and data center costs, Rs. 182 million (US\$ 4 million) compared to Rs. 94 million (US\$ 2 million) in fiscal 2001.

In fiscal 2002, ICICI provided telephone banking call-center services and transaction processing services for the credit card operations of ICICI Bank, and earned fees of Rs. 149 million (US\$ 3 million) as compared to Rs. 99 million (US\$ 2 million) in fiscal 2001.

Transfer of financial assets

In fiscal 2002, ICICI transferred loans in pass-through securitization transactions, where the beneficial interests were purchased by ICICI Bank, of Rs. 11.2 billion (US\$ 235 million) as compared to Rs. 438 million (US\$ 9 million) in fiscal 2001. Gain of Rs. 98 million (US\$ 2 million) in fiscal 2002 as compared to Rs. 50 million (US\$ 1 million) in fiscal 2001 was recorded on the sale.

Subsequently, due to a change in the status of the qualifying special purpose entity used in the transactions, ICICI regained control of the assets sold. At year-end fiscal 2002, obligations of Rs. 3.5 billion (US\$ 74 million) as compared to Rs. Nil at year-end fiscal 2001 relating to such repurchases had been reflected as a component of the other borrowings.

Share transfer activities

In fiscal 2002, ICICI provided share transfer services and dematerialization services to ICICI Bank and earned fees of Rs. 3 million (US\$ 63,091) as compared to Rs. 8 million (US\$ 168,244) in fiscal 2001.

Other transactions

In fiscal 2002, ICICI undertook a corporate brand advertising campaign, out of which an amount of Rs. 29 million (US\$ 1 million) as compared to Rs. 15 million (US\$ 315,457 million) in fiscal 2001 has been recovered from ICICI Bank.

Employee loans

ICICI Bank has advanced housing, vehicle and general purpose loans to employees, bearing rates of interest ranging from 2.5% to 3.5%. The tenure of these loans range from five years to 25 years. The loans are generally secured by the assets acquired by the employees. Employee loan balances outstanding at year-end fiscal 2003, of Rs. 2.3 billion (US\$ 48 million) as compared to fiscal 2002 Rs. 949 million (US\$ 20 million) are included in other assets. At year-end fiscal 2003, loans of Rs. 25 million (US\$ 525,762) were outstanding to certain of ICICI Bank's directors and executive officers. These loans were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans to other employees, and did not involve more than the normal risk of collectibility.

Transactions with principal government-controlled shareholders

During fiscal 2003, we entered into several transactions with our principal government-controlled shareholders, Life Insurance Corporation of India, Unit Trust of India and General Insurance Corporation of India and other government-controlled general insurance companies. These transactions were in the normal course of our business and the businesses of these government-controlled entities. These transactions included deposit taking by us from these entities and securitization and sale of assets by us to these entities. These entities also acted as our counterparties in money market operations. Life Insurance Corporation of India also administers certain of our employee gratuity funds and our employee superannuation fund. All of these transactions and arrangements were, and are, conducted on a third party arms-length basis.

Related party balances

The following balances payable to and receivable from related parties are included in the balance sheet:

	As of March 31,	
	2002	2,003
	(in millions)	
Cash and cash equivalents	Rs. 4,360	Rs. -
Loans	209	22
Other assets	1,269	2,549
Deposits	-	440
Other liabilities	24	3

Critical Accounting Policies

The notes to our consolidated financial statements contain a summary of our significant accounting policies. Certain of these policies are considered to be important to the portrayal of our financial condition, since they require management to make difficult, complex or subjective judgements, some of which may relate to matters that are inherently uncertain. The policies include valuation of derivatives and securities where no ready market exists, identification and measurement of other than temporary diminution in the value of securities, valuation of securitization transactions, accounting for income tax, deferred tax assets and deferred tax liabilities and determining the level of allowance for credit losses.

Additional information about these policies can be found in Note 1 to our consolidated financial statements. The statements below contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act. See “Forward-Looking Statements”.

Our consolidated financial statements are prepared in accordance with US GAAP, which require us to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported income and expenses during the reported period. We believe that of its significant accounting policies, the following may involve a higher degree of judgement and complexity.

Valuation of Securities, Derivatives Transactions and Hedging activities

We classify investments in debt and readily marketable equity securities, other than investments held by certain venture capital subsidiaries, into two categories based upon management’s intention at the time of purchase: trading securities and securities available for sale. Realized gains and losses on the sale of securities are recorded at the time of sale. For computing realized gains and losses on securities, the cost is ascertained using the first-in-first-out method.

Trading assets, primarily debt securities and foreign exchange products, are recorded at fair value with realized and unrealized gains and losses included in non-interest income. Interest on trading securities is recorded in interest income. The fair value of trading assets is based upon quoted market prices or, if quoted market prices are not available, the value is estimated as follows:

- The fair value of the unquoted government of India securities is estimated based on the yields to maturity rates of these securities as published by certain agencies approved by the Reserve Bank of India.
- The fair value of the unquoted securities (excluding government of India securities) and preference shares is computed based on the mark-up over the yield to maturity rates for government of India securities, as published by certain agencies approved by the Reserve Bank of India. The mark-up is graded according to the ratings assigned to the issuer of the securities by the rating agencies.
- The fair values of investments in unquoted mutual fund units are estimated based on the latest repurchase price declared by the mutual fund in respect of each particular scheme. If the repurchase price is not available, the fair value is estimated based on the net asset value of the respective scheme.
- The fair values of certain derivative contracts are derived from pricing models that consider market and contractual prices for the underlying financial instruments, as well as the time value of money, the yield curve and any other volatility factors underlying the positions.

We no longer classify investments in debt securities as held to maturity, due to sale of certain held to maturity securities in fiscal 2002 by ICICI. In fiscal 2002, ICICI sold debt securities classified as held to maturity. As the securities were sold for reasons other than those specified in SFAS No. 115, all remaining held to maturity securities were reclassified as available for sale.

Securities not classified as trading securities are classified as available for sale. These include securities used as part of our asset liability management strategy, which may have been sold in response to changes in interest rates, prepayment risk, liquidity needs and similar factors. Securities available for sale are recorded at fair value with unrealized gains and losses recorded, net of tax, as a component of accumulated other comprehensive income.

Equity securities, which are traded on a securities exchange within six months of the balance sheet date are considered as publicly traded. The last quoted price of such securities is taken as their fair value. Non-readily marketable equity securities for which there is no readily determinable fair value are recorded at cost.

Securities on which there is an unrealized loss that is deemed to be other than temporary are written down to fair value with the loss recorded in non-interest income as a loss on other securities. Other than temporary decline is identified by management based on an evaluation of all significant factors including the length of time and the extent to which the fair value is less than the cost, the financial condition and prospects of the issuer and our extent and ability to retain the investment for a period of time sufficient to allow for any probable recovery in fair value.

Securities acquired through conversion of loans in a troubled debt restructuring are recorded at fair value on the date of conversion and subsequently accounted for as if acquired for cash.

Our venture capital subsidiaries carry their investments at fair value, with changes in fair value recognized in gain or loss on venture capital investments. The fair values of publicly traded venture capital investments are generally based upon quoted market prices. In certain situations, including thinly traded securities, large-block holdings, restricted shares or other special situations, the quoted market price is adjusted to produce an estimate of the attainable fair value for the securities. For securities that are not publicly traded, fair value is determined in good faith pursuant to procedures established by the board of directors of the venture capital subsidiaries. In determining the fair value of these securities, consideration is given to the financial conditions, operating results and prospects of the underlying companies, and any other factors deemed relevant. Generally, these investments are carried at cost during the first year, unless a significant event occurred that affects the long-term value of the investment. Because of the inherent uncertainty of the valuations, those estimated values may have differed significantly from the values that would have been used had a ready market for the investments existed.

SFAS No. 133 and SFAS No. 138 require that all derivative instruments be recorded on the balance sheet at their respective fair values with unrealized gains and losses recorded either in accumulated other comprehensive income or in the statement of income, depending on the purpose for which the derivative was held. At the inception of a hedge transaction, we formally document the hedge relationship and the risk management objective and strategy for undertaking the hedge. This process includes identification of the hedging instrument, hedged item, risk being hedged and the methodology for measuring effectiveness. In addition, we assess, both at the inception of the hedge and on an ongoing quarterly basis, whether the derivative used in the hedging transaction has been highly effective in offsetting changes in fair value or cash flows of the hedged item, and whether the derivative is expected to continue to be highly effective. Derivatives that do not meet the criteria for designation as a hedge under SFAS No. 133 at inception, or fail to meet the criteria thereafter, are accounted for in other assets with changes in fair value recorded in the statement of income.

We discontinue hedge accounting prospectively when either it is determined that the derivative is no longer highly effective in offsetting changes in the fair value or cash flows of a hedged item; the derivative expires or is sold, terminated or exercised; the derivative is de-designated because it is

unlikely that a forecasted transaction would occur; or management determines that designation of the derivative as a hedging instrument is no longer appropriate.

Changes in the fixed income, equity, foreign exchange markets would have impacted our estimate of fair value in the future, potentially affecting principal trading revenues. Similarly, pricing models and their underlying assumptions impacted the amount and timing of unrealized gains and losses recognized, and the use of different pricing models or assumptions could have produced different financial results.

Allowance for loan losses

The allowance for loan losses represents management's estimate of probable losses inherent in the portfolio. Larger balance, non-homogenous exposures representing significant individual credit exposures are evaluated based upon the borrower's overall financial condition, resources and payment record and the realizable value of any collateral. Within the allowance of loan losses, a valuation allowance is maintained for larger-balance, non-homogenous loans that have been individually determined to be impaired. This estimate considers all available evidence including the present value of the expected future cash flows discounted at the loan's contractual effective rate and the fair value of collateral. This evaluation process is subject to numerous estimates and judgements.

Each portfolio of smaller-balance, homogenous loans, including consumer mortgage, installment, revolving credit and most other consumer loans, are individually evaluated for impairment. The allowance for loan losses attributed to these loans are established via a process that included an estimate of probable losses inherent in the portfolio, based upon various statistical analysis. These included migration analysis, in which historical delinquency and credit loss experience are applied to the current aging of the portfolio, together with an analysis that reflects current trends and conditions. The use of different estimates or assumptions could have produced different provisions for smaller-balance homogeneous loan losses.

While determining the adequacy of the allowance for loan losses, management also considers overall portfolio indicators including historical credit losses, delinquent and non-performing loans, and trends in volumes and terms of loans; an evaluation of overall credit quality and the credit process, including lending policies and procedures; consideration of economic, geographical, product, and other environmental factors; and model imprecision. This evaluation process is subject to numerous estimates and judgements, including assumptions as to future cashflows, time to recovery, collateral valuation and other variables. Changes in these assumptions could have impacted, and could in the future impact, our estimate of allowance for loan losses and produce different financial results.

Securitization

We primarily securitize commercial loans through "pass-through" securitizations. After the securitization, we generally continue to maintain customer account relationships and service loans transferred to the securitization trust. Transfers that do not meet the criteria for a sale under SFAS No. 140 are recorded as secured borrowings with a pledge of collateral. Such secured borrowings are reported as a component of other borrowings. Recourse and servicing obligations and put options written are recorded as proceeds of the sale. Retained beneficial interests in the loans and servicing rights are measured by allocating the carrying value of the loans between the assets sold and the retained interest, based on the relative fair value at the date of the securitization. The fair values are determined using either financial models, quoted market prices or sales of similar assets.

Financial models and their underlying assumptions relating to delinquency, prepayments, servicing costs and conversions from floating rate loans to fixed rate loans, impacted the amount and timing of gains and losses recognized, and the use of different financial models or assumptions could have produced different financial results.

Goodwill and intangible assets

On April 1, 2001, we early-adopted SFAS No. 142, Goodwill and Other Intangible Assets. As required by SFAS No. 142, we reclassified existing goodwill and intangible assets to conform to the new criteria in SFAS No. 141, Business Combinations, for recognition apart from goodwill. This resulted in reclassification of previously recorded intangible assets of Rs. 115 million (US\$ 2 million) as goodwill and a reclassification of previously recorded goodwill of Rs. 373 million (US\$ 8 million) as a separate unidentifiable intangible asset.

As required by SFAS No. 142, we identified our reporting units and assigned assets and liabilities, including goodwill to the reporting units on the date of adoption. Subsequently, we compared the fair value of each reporting unit to its carrying value, to determine whether goodwill was impaired at the date of adoption. This transitional impairment evaluation did not indicate an impairment loss.

Subsequent to the adoption of SFAS No. 142, we did not amortize goodwill but instead tested goodwill for impairment at least annually. The annual impairment test under SFAS No. 142 did not indicate an impairment loss.

In October 2002, the FASB issued SFAS No. 147, Acquisitions of Certain Financial Institutions. SFAS No. 147 requires that business combinations involving financial institutions within its scope, be accounted for under SFAS No. 141. Previously, generally accepted accounting principles for acquisitions of financial institutions provided for recognition of the excess of the fair value of liabilities assumed over the fair value of tangible and identifiable intangible assets acquired as an unidentifiable intangible asset. Under SFAS No. 147, such excess is accounted for as goodwill. Adoption of SFAS No. 147 resulted in a reclassification of previously recorded unidentifiable intangible asset of Rs. 373 million (US\$ 8 million) to goodwill with effect from April 1, 2001. Further, as required by SFAS No. 147, the Company reversed the amortization expense of Rs. 290 million (US\$ 6 million) and the related income tax benefit of Rs. 103 million (US\$ 2 million), by restating the results for the year ended March 31, 2002.

As described above, this impairment evaluation process was subject to numerous estimates and judgements, including assumptions on business growth, risk-free interest rate, market premium and future cashflows. Changes in these estimates could have had a direct impact on the impairment charge.

Income taxes

We account for income taxes under the provisions of SFAS No. 109, Accounting for Income Taxes. SFAS No. 109 requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the amount for financial reporting and tax basis of assets and liabilities, using enacted tax rates expected to apply to taxable income in the years the temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statement of income in the period of enactment. Deferred tax assets are recognized subject to a valuation allowance based upon management's judgment as to whether realization is considered more likely than not.

The process of evaluating the realizability of deferred tax assets was subject to numerous estimates and judgements. Changes in these estimates could have had a direct impact on the valuation allowance for deferred tax assets and could result in a change in the valuation allowance.

Recently Issued Accounting Standards

In December 2002, the FASB issued SFAS No. 148, Accounting for Stock-Based Compensation-Transition and Disclosure, an amendment of FASB Statement No. 123. SFAS No. 148 amends SFAS No. 123, Accounting for Stock-Based Compensation, to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS No. 148 amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The disclosure provisions of SFAS No. 148 are applicable for fiscal periods beginning after December 15, 2002. We continue to use the intrinsic value based method of APB Opinion No. 25 to account for our employee stock based compensation plans. We have adopted the disclosure provisions of SFAS No. 148 for fiscal 2003.

In January 2003, the FASB issued FIN No. 46, Consolidation of Variable Interest Entities - an interpretation of Accounting Research Bulletin No. 51. FIN No. 46 is applicable to all variable interest entities created after January 31, 2003. In respect of variable interest entities created before February 1, 2003, FIN No. 46 will be applicable from fiscal periods beginning after June 15, 2003. There are no variable interest entities that require disclosure under FIN 46. Further, there were no variable interest entities at year-end fiscal 2003, created after January 31, 2003 that were required to be consolidated under FIN 46.

In April 2003, the FASB issued SFAS No. 149, Amendment of Statement No. 133 on Derivative Instruments and Hedging Activities. SFAS No. 149 amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts and for hedging activities under SFAS No. 133. SFAS No. 149 is effective for contracts entered into or modified after June 30, 2003 and for hedging relationships designated after June 30, 2003. Adoption of SFAS No. 149 will not have a material impact on our consolidated financial statements.

In May 2003, the FASB issued SFAS No. 150, accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equities. SFAS No. 150 requires entities to classify a financial instrument that is within its scope as a liability (or an equity in some circumstances). We are currently evaluating the requirements and impact of this statement on our consolidated results of operations and financial position.

MANAGEMENT

Directors and Executive Officers

The board of directors of ICICI Bank, consisting of 18 members at August 31, 2003, is responsible for the management of ICICI Bank's business. The organizational documents of ICICI Bank provide for a minimum of three directors and a maximum of 21 directors, excluding the government director and the debenture director (defined below), if any. ICICI Bank may, subject to the provisions of its organizational documents and the Indian Companies Act, change the minimum or maximum number of directors by a resolution which is passed at a general meeting by at least 75% of the present and voting shareholders. In addition, under the Indian Banking Regulation Act, the Reserve Bank of India may require ICICI Bank to convene a meeting of its shareholders for the purposes of appointing new directors to its board of directors.

The Banking Regulation Act requires that at least 51% of the directors should have special knowledge or practical experience in areas relevant to banking including accounting, finance, agriculture, banking and small scale industry. Accordingly, all of ICICI Bank's directors are professionals with special knowledge of one or more of the above areas. Of the 18 directors, six are directors who are in the wholtime employment of ICICI Bank, or wholtime directors. The appointment of wholtime directors requires the approval of the Reserve Bank of India. Under the terms of the loan and guarantee facilities provided by the government of India to us, the government of India is entitled to appoint and has appointed one representative to the board, currently Mr. Vinod Rai. Of the remaining 11 independent directors, the Chairman of the board, Mr. N. Vaghul, is the former chairman of ICICI, Mr. P. C. Ghosh is the Chairman of General Insurance Corporation of India, one of ICICI Bank's large domestic institutional shareholders, two directors are experts in the areas of agriculture and small-scale industries respectively as required by the Banking Regulation Act, one is a consultant, one is a practicing chartered accountant, one is a professor of finance, one is a retired executive and three are from industrial companies.

ICICI Bank's organizational documents also provide that ICICI Bank may execute trust deeds securing its debentures under which the trustee or trustees may appoint a director, known as the debenture director. The debenture director is not subject to retirement by rotation and may only be removed as provided in the relevant trust deed. Currently, there is no debenture director on the board of directors.

Pursuant to the provisions of the Indian Companies Act, at least two-thirds of the total number of directors, excluding the government director and the debenture director, are subject to retirement by rotation. One-third of these directors must retire from office at each annual meeting of shareholders. A retiring director is eligible for re-election. Pursuant to the provisions of the Indian Banking Regulation Act, none of the directors other than wholtime directors may hold office continuously for a period exceeding eight years.

The board of directors appointed Ms. Chanda Kochhar and Dr. Nachiket Mor as Executive Directors effective April 1, 2001, Mr. K.V. Kamath and Ms. Lalita D. Gupte, previously non-wholtime directors on the board, as Managing Director and CEO and Joint Managing Director respectively, effective May 3, 2002 and Ms. Kalpana Morparia and Mr. S. Mukherji as Executive Directors, effective May 3, 2002. Mr. H. N. Sinor, who was appointed Managing Director and CEO effective June 1, 1998 and re-designated as Joint Managing Director effective May 3, 2002, retired effective June 1, 2003.

The tenures of appointment of Mr. K. V. Kamath, Ms. Kalpana Morparia and Mr. S. Mukherji are until April 30, 2006. The tenure of appointment of Ms. Lalita D. Gupte is until June 23, 2004 and the tenures of each of Ms. Chanda D. Kochhar and Dr. Nachiket Mor is until March 31, 2006. However, in order to comply with the Companies Act and ICICI Bank's organizational documents, Ms. Lalita

D. Gupte, Ms. Kalpana Morparia and Mr. S. Mukherji will be subject to retirement by rotation if at any time the number of non-rotational directors exceeds one-third of the total number of directors. If they are re-appointed as directors immediately upon retirement by rotation, they will continue to hold their offices as wholetime directors, and the retirement by rotation and re-appointment shall not be deemed to constitute a break in their appointment. ICICI Bank's other executive officers may hold office until they retire, unless they are discharged earlier by ICICI Bank.

The board of directors of ICICI Bank at August 31, 2003 had the following members:

- (1) Including ICICI Bank's contribution to the gratuity, superannuation fund and provident fund as described under "–Compensation and Benefits to Directors and Officers- Gratuity, Superannuation Fund and Provident Fund" and excluding bonus payable for fiscal 2003 which was paid in fiscal 2004.
- (2) Bonus for fiscal 2003 was paid in fiscal 2004.
- (3) Executive officers and directors (wholetime and non-wholetime) as a group held less than 0.1% of ICICI Bank's equity shares as of this date.
- (4) Each stock option, once exercised, is equivalent to one equity share of ICICI Bank. ICICI Bank granted these stock options to its executive officers at no cost. See "–Compensation and Benefits to Directors and Officers– Employee Stock Option Scheme" for a description of the other terms of these stock options.
- (5) In accordance with the Scheme of Amalgamation, directors and employees of ICICI have received stock options in ICICI Bank equal to half the number of the outstanding unexercised stock options they held in ICICI with the exercise price of these options being equal to twice the exercise price for the ICICI stock options exchanged. The stock options mentioned above include ICICI stock options converted into ICICI Bank stock options on this basis.

Mr. K.V. Kamath is a mechanical engineer and a post-graduate in business management from the Indian Institute of Management, Ahmedabad. He joined ICICI in 1971 and gained experience in project finance, leasing, resources and corporate planning. In 1988, he left ICICI to join the Asian Development Bank, where he worked for six years. In January 1995, he joined a major private sector group in Indonesia as advisor to the Chairman. Mr. Kamath joined the board of ICICI in October 1995. He was appointed Managing Director and Chief Executive Officer of ICICI in May 1996 and was re-appointed in May 2001. Mr. Kamath was a non-wholetime director on the board of ICICI Bank from April 1996. Effective May 3, 2002 the board appointed Mr. Kamath as Managing Director & CEO.

Ms. Lalita D. Gupte has a Bachelor of Arts degree and also holds a Masters degree in management science from the Jamnalal Bajaj Institute of Management Studies, University of Mumbai. She joined ICICI in 1971, where she worked in the areas of project finance, leasing, resources and treasury, and credit operations. She joined the board of directors of ICICI in June 1994 as an Executive Director and was designated as the Deputy Managing Director in 1996. In April 1999, she was designated as the Joint Managing Director and Chief Operating Officer of ICICI. From July 2001, she was designated as Joint Managing Director and Chief Operating Officer – International Business. Ms. Lalita D. Gupte was a non-wholetime director on the board of ICICI Bank from September 1994. Effective May 3, 2002, the board appointed Ms. Gupte as Joint Managing Director. She is currently in charge of international business.

Ms. Kalpana Morparia holds Bachelor's degrees in science and law. She worked in the legal department of ICICI from 1975 to 1994. From 1996, when she was designated as General Manager, she was in charge of the legal, planning, treasury and corporate communications departments. In 1998, she was designated a Senior General Manager of ICICI. She joined the board of directors of ICICI in May 2001. Effective May 3, 2002 the board of ICICI Bank appointed Ms. Morparia as an Executive Director. She is currently in charge of ICICI Bank's Corporate Centre which includes the strategy, risk management, legal, finance, accounts, taxation, planning, performance management,

management information systems, investor relations, secretarial, human resources management, corporate communications and facilities management and administration departments.

Mr. S. Mukherji holds a management degree from the Jamnalal Bajaj Institute of Management Studies, University of Mumbai and a Master's degree from the London School of Economics. Mr. Mukherji worked in the projects and operations department of ICICI at Mumbai between 1978 and 1992. He was Zonal Manager of ICICI's Kolkata zonal office between 1992 and 1997. During 1997, he headed the western regional office of ICICI. He was designated as Senior General Manager of ICICI in 1998. He joined the board of directors of ICICI in May 2001. Effective May 3, 2002 the board appointed Mr. Mukherji as an Executive Director. He is currently in charge of the project finance and special assets management groups.

Ms. Chanda D. Kochhar holds a management degree from the Jamnalal Bajaj Institute of Management Studies, Mumbai and a degree in cost accountancy from the Institute of Cost and Works Accountants of India and has wide experience in the fields of corporate credit, infrastructure financing, e-commerce strategy and retail business. She started her career in 1984 at ICICI in its projects department. Ms. Kochhar was designated a Senior General Manager of ICICI in 2000 and was in charge of its retail business. She was appointed to the board of directors of ICICI Bank as an Executive Director in April 2001. She is currently responsible for the retail banking business.

Dr. Nachiket Mor holds a post-graduate diploma in finance management from the Indian Institute of Management, Ahmedabad and a Doctorate of Philosophy in Financial Economics from the University of Pennsylvania, Philadelphia, USA. He started his career as an officer in the Corporate Planning and Policy Cell of ICICI in 1987. He has specialized knowledge in project finance, corporate planning and treasury. Dr. Mor was designated a Senior General Manager of ICICI in 2000 and was in charge of treasury and the social initiatives group. He was appointed to the board of directors of ICICI Bank as an Executive Director in April 2001. He is currently responsible for wholesale banking.

Mr. Sanjiv Kerkar is a chemical engineer and holds a management degree from the Jamnalal Bajaj Institute of Management Studies, University of Mumbai. He worked with ICICI from 1979 until 1993, when he joined Asian Finance and Investment Company Limited, an affiliate of the Asian Development Bank. Mr. Kerkar worked with Asian Finance and Investment Company from 1993 to 1996. In 1996, he re-joined ICICI as a General Manager and was in charge of the risk management department in ICICI. In 1998 he was designated a Senior General Manager of ICICI. Currently, Mr. Kerkar heads the Organizational Excellence Group which is responsible for ICICI Bank's quality initiatives.

Ms. Ramni Nirula is a post-graduate in management studies from Delhi University. She joined ICICI in 1975 and held various positions in the northern regional office of ICICI. Ms. Nirula became General Manager in 1998 and was the Zonal Manager of the Delhi zonal office for the period 1998 to 2000. She was designated as Senior General Manager of ICICI in fiscal 2000. She was designated a Senior General Manager of ICICI Bank in fiscal 2002. She is currently the Managing Director and Chief Executive Officer of ICICI Securities.

Mr. P.H. Ravikumar is a graduate from Osmania University. Mr. Ravikumar started his career with Bank of India in 1972. He joined ICICI Bank in 1994. He became Senior Executive Vice-President in 1998 and was in charge of treasury, foreign exchange and credit. Mr. Ravikumar joined ICICI in April 2001 as Senior General Manager. He was designated a Senior General Manager of ICICI Bank in fiscal 2002. He is currently on secondment to the National Commodity & Derivatives Exchange Limited as its Managing Director.

Mr. Balaji Swaminathan is a graduate in commerce from Calcutta University, a chartered accountant and a cost and works accountant. Mr. Balaji Swaminathan started his career with KPMG International in 1989. He worked in KPMG India as Partner/Director from 1994 to 2001. He joined ICICI in August 2001 as its Chief Financial Officer and was the Chief Financial Officer of ICICI up to March 31, 2002. He was the Chief Financial Officer of ICICI Bank from April 1, 2002 to March

31, 2003. Currently, he is in charge of the Corporate Banking Group in the Wholesale Banking Group.

Mr. Achintya Karati holds Bachelor's degrees in commerce and law. He joined ICICI in 1978 in the legal department. In 2003 he was designated a Senior General Manager of ICICI Bank. Currently, he is in charge of the Government Banking Group and the Rural, Micro-banking & Agri-business Group in the Wholesale Banking Group.

Mr. Bhargav Dasgupta is an engineer and has a post graduate degree in management from Indian Institute of Management, Bangalore. He joined ICICI in 1992 in the project finance department. In 2003 he was designated a Senior General Manager of ICICI Bank. Currently, he is in charge of the International Banking Group.

Mr. M. N. Gopinath is a graduate in commerce and has a post-graduate degree in business administration from Madras University. Mr. Gopinath started his career with Bank of India in 1970. He worked in various positions at Bank of India including as Vice-President in its New York Branch. He joined ICICI Bank in 1995 as Senior Vice-President. In 2003 he was designated a Senior General Manager of ICICI Bank. Currently, he is in charge of the Retail Operations and Services Group in the Retail Banking Group.

Mr. N. S. Kannan is an engineer and a Chartered Financial Analyst from the Institute of Chartered Financial Institutes of India and has a post-graduate degree in management from the Indian Institute of Management, Bangalore. Mr. Kannan joined ICICI in 1991 in the project finance department. In 2003 he was designated a Senior General Manager of ICICI Bank. Currently, he is the Chief Financial Officer and Treasurer of ICICI Bank.

Ms. Madhabi Puri-Buch is a graduate in mathematical economics and has a post-graduate degree in management from the Indian Institute of Management, Ahmedabad. She joined ICICI in 1989 in the project finance department. She left ICICI in 1992 and worked in ANZ Grindlays Bank and ORG MARG & Research before re-joining ICICI again in January 1997 in the planning and treasury department. In 2003 she was designated a Senior General Manager of ICICI Bank. Currently, she is in charge of Retail Asset Operations and the Product and Technology Group in the Wholesale Banking Group.

Mr. V. Vaidyanathan has Bachelor's and Master's degrees in business administration from Birla Institute of Technology & Science, Ranchi. He worked in Citibank N.A. before joining ICICI in 2000 in the personal financial services division. In 2003 he was designated a Senior General Manager of ICICI Bank. Currently, he is in charge of the Retail Products & Distribution Group in the Retail Banking Group.

Corporate Governance

ICICI Bank's corporate governance policies recognize the accountability of the board and the importance of making the board transparent to all its constituents, including employees, customers, investors and the regulatory authorities, and to demonstrate that the shareholders are the ultimate beneficiaries of ICICI Bank's economic activities.

ICICI Bank's corporate governance framework is based on an effective independent board, the separation of the board's supervisory role from the executive management and the constitution of board committees, comprising a majority of independent directors and chaired by an independent director, to oversee critical areas and functions of executive management.

ICICI Bank's corporate governance philosophy encompasses not only regulatory and legal requirements, such as the terms of listing agreements with stock exchanges, but also several voluntary practices aimed at a high level of business ethics, effective supervision and enhancement of value for all shareholders.

The board's role, functions, responsibility and accountability are clearly defined. In addition to its primary role of monitoring corporate performance, the functions of the board include:

- approving corporate philosophy and mission;
- participating in the formulation of strategic and business plans;
- reviewing and approving financial plans and budgets;
- monitoring corporate performance against strategic and business plans, including overseeing operations;
- ensuring ethical behavior and compliance with laws and regulations;
- reviewing and approving borrowing limits;
- formulating exposure limits; and
- keeping shareholders informed regarding plans, strategies and performance.

To enable the board of directors to discharge these responsibilities effectively, executive management gives detailed reports on the performance of ICICI Bank on a quarterly basis.

The board functions either as a full board or through various committees constituted to oversee specific operational areas. These board committees meet regularly. The constitution and main functions of the various committees are given below.

Audit Committee

The Audit Committee comprises four independent directors – Mr. R. Seshasayee and Mr. Uday M. Chitale, who are chartered accountants, Mr. M.K. Sharma and Mr. Somesh R. Sathe. This committee is chaired by Mr. R. Seshasayee.

The Audit Committee provides direction to the audit and risk management function and monitors the quality of the internal and statutory audit. The responsibilities of the Audit Committee include overseeing the financial reporting process to ensure that the financial statements are fair, sufficient and credible, recommending appointment and removal of central and branch statutory auditors and fixing their remuneration, reviewing the annual financial statements before submission to the board, reviewing adequacy of internal control systems and the internal audit function, reviewing compliance with the inspection and audit reports of the Reserve Bank of India and reports of statutory auditors, reviewing findings of internal investigations, discussing the scope of audit with external auditors and examining reasons for substantial defaults, if any, of non-payment to stakeholders.

Board Governance & Remuneration Committee

The Board Governance & Remuneration Committee comprises four independent directors – Mr. N. Vaghul, Mr. Anupam Puri, Mr. R. Seshasayee and Mr. P. M. Sinha, and is chaired by Mr. N. Vaghul.

The functions of the Board Governance & Remuneration Committee include recommending appointments to the board, evaluating the performance of the Managing Director and Chief Executive Officer, the board and individual members, on pre-determined parameters, recommending to the board the remuneration (including performance bonus and perquisites) to wholetime directors, approving the policy for and amount of bonus payable to employees, framing guidelines for the employees stock option scheme and recommending the grant of stock options to the employees and wholetime directors of ICICI Bank and its subsidiary companies and formulating a code of ethics and governance.

Business Strategy Committee

The Business Strategy Committee comprises six directors – Mr. N. Vaghul, Mr. Anupam Puri, Mr. R. Seshasayee, Mr. M.K. Sharma, Mr. P. M. Sinha and Mr. K. V. Kamath. The majority of the members of this committee are independent directors and it is chaired by Mr. N. Vaghul.

The functions of this committee are to approve the annual income and expenditure and capital expenditure budgets for presentation to the board for final approval and to review and recommend to the board the business strategy of ICICI Bank.

Credit Committee

The Credit Committee comprises four directors – Mr. N. Vaghul, Dr. Satish C. Jha, Mr. Somesh R. Sathe and Mr. K. V. Kamath. The majority of the members of the committee are independent directors and it is chaired by Mr. N. Vaghul.

The functions of this Committee include reviewing developments in key industrial sectors and approving credit proposals in accordance with the authorization approved by the board.

Risk Committee

The Risk Committee comprises four directors – Mr. N. Vaghul, Mr. Uday M. Chitale, Prof. Marti G. Subrahmanyam and Mr. K. V. Kamath. The majority of the members of this committee are independent directors and it is chaired by Mr. N. Vaghul.

This committee reviews ICICI Bank's risk management policies in relation to various risks including portfolio, liquidity, interest rate, off-balance sheet and operational risks, investment policies and strategy, and regulatory and compliance issues in relation thereto.

Share Transfer & Shareholders'/Investors' Grievance Committee

The Share Transfer & Shareholders'/Investors' Grievance Committee comprises four directors – Mr. Uday M. Chitale, Mr. Somesh R. Sathe, Ms. Kalpana Morparia and Ms. Chanda D. Kochhar, and is chaired by an independent director, Mr. Uday M. Chitale.

The functions and powers of this committee include approving and rejecting transfers or transmissions of equity and preference shares, bonds, debentures and securities, issuance of duplicate certificates, allotment of shares and securities issued from time to time, including under stock options, review and redressal of shareholders' and investors' complaints, opening and operating of bank accounts for payment of interest and dividend and the listing of securities on stock exchanges.

Committee of Directors

The Committee of Directors comprises all the wholetime directors and it is chaired by Mr. K.V. Kamath, Managing Director and Chief Executive Officer.

The functions and powers of this committee include reviewing performance against targets for various business segments and credit approvals in accordance with authorization approved by the board, borrowing and treasury operations and premises and property related matters.

Asset-Liability Management Committee

The Asset Liability Management Committee comprises five wholetime directors and is chaired by Ms. Lalita D. Gupte, Joint Managing Director.

The functions of this committee include managing the balance sheet, reviewing the asset-liability profile with a view to managing the market risk exposure and determining the deposit and lending rates.

Agriculture & Small Enterprises Business Committee

Effective July 1, 2003, the Board has constituted an Agriculture & Small Enterprises Business Committee comprising five independent Directors - Mr. N. Vaghul, Dr. Satish C. Jha, Mr. Somesh R. Sathe, Mr. P.M. Sinha and Mr. M.K. Sharma, and chaired by Mr. N. Vaghul.

The functions of the Agriculture & Small Enterprises Business Committee include reviewing the business strategy of ICICI Bank in the agri-business and small enterprises segments and also reviewing the quality of the agricultural lending and small enterprises finance credit portfolio.

Compensation and Benefits to Directors and Officers

Remuneration

Under ICICI Bank's organizational documents, each non-wholetime director, except the government director, is entitled to receive remuneration for attending each meeting of the board or of a board committee. The amount of remuneration payable to non-wholetime directors is set by the board from time to time in accordance with limitations prescribed by the Indian Companies Act or the government of India. The remuneration for each board or committee meeting is currently fixed at Rs. 20,000 (US\$ 421). In addition, ICICI Bank reimburses directors for travel and related expenses in connection with board and committee meetings and related matters. If a director is required to perform services for ICICI Bank beyond attending meetings, ICICI Bank may remunerate the director as determined by the board of directors and this remuneration may be either in addition to or as substitution for the remuneration discussed above. Non-wholetime directors are not entitled to the payment of any benefits at the end of their term of office.

At its meeting held on April 26, 2002, the board of directors appointed Mr. K. V. Kamath as Managing Director and Chief Executive Officer, Ms. Lalita D. Gupte as Joint Managing Director and Ms. Kalpana Morparia and Mr. S. Mukherji as Executive Directors effective May 3, 2002, and approved their remuneration effective that date. The board also revised the remuneration payable to Ms. Chanda D. Kochhar and Dr. Nachiket Mor effective May 3, 2002. This was approved at the annual general meeting of the shareholders on September 16, 2002. At its meeting held on July 25, 2003, the board revised the salary range of Ms. Lalita D. Gupte. This was approved at the annual general meeting of the shareholders on August 25, 2003. The remuneration of wholtime directors requires the approval of the Reserve Bank of India. Approval of the Reserve Bank of India for the appointment and remuneration of the wholtime directors has been received.

The board or any committee thereof may fix within the range stated below the salary payable to the wholtime directors, subject to the approval of the Reserve Bank of India:

Mr. K. V. Kamath, Managing Director and Chief Executive Officer.....	Rs. 400,000 to Rs. 650,000 (US\$ 8,412 to US\$ 13,670) per month
Ms. Lalita D. Gupte, Joint Managing Director.....	Rs. 200,000 to Rs. 650,000 (US\$ 4,206 to US\$ 13,670) per month
Ms. Kalpana Morparia, Executive Director.....	Rs. 200,000 to Rs. 400,000 (US\$ 4,206 to US\$ 8,412) per month
Mr. S. Mukherji, Executive Director.....	Rs. 200,000 to Rs. 400,000 (US\$ 4,206 to US\$ 8,412) per month
Ms. Chanda D. Kochhar, Executive Director.....	Rs. 150,000 to Rs. 400,000 (US\$ 3,155 to US\$ 8,412) per month
Dr. Nachiket Mor, Executive Director.....	Rs. 150,000 to Rs. 400,000 (US\$ 3,155 to US\$ 8,412) per month

The wholtime directors are entitled to perquisites (evaluated pursuant to Indian Income-Tax Rules, wherever applicable, and otherwise at actual cost to ICICI Bank), such as furnished accommodation, gas, electricity, water and furnishings, club fees, personal insurance, use of car and telephone at residence or reimbursement of expenses in lieu thereof, payment of income-tax on perquisites by ICICI Bank to the extent permissible under the Indian Income-tax Act, 1961, medical reimbursement, leave and leave travel concession, education benefits, provident fund, superannuation

fund, gratuity and other retirement benefits, in accordance with the scheme(s) and rule(s) applicable to employees of ICICI Bank from time to time.

Where accommodation is not provided, each of the wholetime directors is eligible for a house rent allowance of Rs. 50,000 (US\$ 1,052) per month and maintenance of accommodation including furniture, fixtures and furnishings, as may be provided by ICICI Bank.

The total compensation paid by ICICI Bank to its wholetime directors and executive officers, Mr. K.V. Kamath, Mr. H. N. Sinor, Ms. Lalita D. Gupte, Ms. Kalpana Morparia, Mr. S. Mukherji, Ms. Chanda D. Kochhar, Dr. Nachiket Mor, Mr. Sanjiv Kerkar, Ms. Ramni Nirula, Mr. P.H. Ravikumar, Mr. Balaji Swaminathan, Mr. Achintya Karati, Mr. Bhargav Dasgupta, Mr. M.N. Gopinath, Mr. N.S. Kannan, Ms. Madhabi Puri Buch and Mr. V. Vaidyanathan in fiscal 2003 was Rs. 107 million (US\$ 2 million) including bonus for fiscal 2003 to wholetime directors and other executive officers paid in fiscal 2004.

Bonus

Each year, the board of directors awards discretionary bonuses to employees and wholetime directors on the basis of performance and seniority. The performance of each employee is judged by a performance management appraisal system. The aggregate amount paid by ICICI Bank for bonuses to all eligible employees and wholetime directors for fiscal 2003 was Rs. 646 million (US\$ 14 million). This amount was paid in fiscal 2004.

Employee Stock Option Scheme

On January 24, 2000, ICICI Bank's board approved an employee stock option scheme to attract, encourage and retain high performing employees. ICICI Bank's shareholders approved this scheme at the extraordinary general meeting on February 21, 2000. This scheme was drafted in accordance with guidelines issued by the Securities and Exchange Board of India. Under this scheme, up to 5.0% of ICICI Bank's issued equity shares at March 31, 2000 could be allocated to employee stock options.

The employee stock option scheme as amended by the Scheme of Amalgamation limits the maximum number of options granted to any eligible employee (as defined below) to 0.05% of ICICI Bank's issued equity shares at the time of the grant, and the aggregate of all such options is limited to 5.0% of ICICI Bank's issued equity shares following the amalgamation. The stock options entitle ICICI Bank's eligible employees, and eligible employees of ICICI Bank's subsidiary companies, to apply for equity shares. The options vest annually in a graded manner over a three-year period, with 20.0%, 30.0% and 50.0% of the grants vesting each year, commencing not earlier than 12 months from the date of grant. The options can be exercised within 10 years from the date of grant or five years from the date of vesting, whichever is later. The exercise price of the options is the closing market price on the stock exchange, which records the highest trading volume on the date of grant. An eligible employee is a permanent employee or a director of ICICI Bank or of its subsidiaries or its holding company. ICICI Bank has no holding company.

In February 2000, the Securities and Exchange Board of India directed the National Securities Depository Limited to instruct companies to issue shares which are pari passu in all respects. The National Securities Depository Limited issued the instruction in March 3, 2000. ICICI Bank's board of directors, at its meeting held on July 25, 2003, amended ICICI Bank's Employees Stock Option Scheme to give effect to the requirements of the National Securities Depository Limited.

On June 30, 2003, the Securities and Exchange Board of India revised its guidelines on employee stock options. While the revised guidelines provide that companies are free to determine the exercise price of stock options granted by them, they prescribe accounting rules and other disclosures, including expensing of stock options in the income statement, which are applicable to our Indian GAAP financial statements, in the event the exercise price is not equal to the average of the high and

low market price of the equity shares in the two week period preceding the date of grant of the options, on the stock exchange which records the highest trading volume during the two week period.

The following table sets forth certain information regarding the stock option grants ICICI Bank has made under its employee stock option scheme. ICICI Bank granted all of these stock options at no cost to its employees. ICICI Bank has not granted any stock options to its non-wholetime directors.

Date of grant	Number of options granted	Exercise price ⁽¹⁾	
February 21, 2000.....	1,713,000	Rs. 171.90	US\$ 3.62
April 26, 2001.....	1,580,200	170.00	3.58
March 27, 2002.....	3,155,000	120.35	2.53
April 25, 2003.....	7,338,300	132.05	2.78
July 25, 2003.....	147,500	157.03	3.30

(1) The exercise price for options granted prior to June 30, 2003 is equal to the market price of ICICI Bank's equity shares on the date of grant on the stock exchange that recorded the highest trading volume on the date of grant. The exercise price for options granted on July 25, 2003 is equal to the average of the high and low market price of the equity shares in the two week period preceding the date of grant of the options, on the stock exchange which recorded the highest trading volume during the two week period.

ICICI also had an employee stock option scheme for its directors and employees and the directors and employees of its subsidiary companies, the terms of which were substantially similar to the employee stock option scheme of ICICI Bank. The following table sets forth certain information regarding the stock option grants made by ICICI under its employee stock option scheme prior to the amalgamation. ICICI granted all of these stock options at no cost to its employees. ICICI had not granted any stock options to its non-wholetime directors.

Date of grant	Number of options granted	Exercise price ⁽¹⁾	
August 3, 1999.....	2,323,750	Rs. 85.55	US\$ 1.80
April 28, 2000.....	2,902,500	133.40	2.81
November 14, 2000.....	20,000	82.90	1.74
May 3, 2001.....	3,145,000	82.00	1.72
August 13, 2001.....	60,000	52.50	1.10
March 27, 2002.....	6,473,700	60.25	1.27

(1) The exercise price is equal to the market price of ICICI's equity shares on the date of grant. However, the share options granted on August 3, 1999 were accounted as a variable plan resulting in a compensation cost of Rs. 97 million (US\$ 2 million) which is being amortized over the vesting period.

In accordance with the Scheme of Amalgamation, directors and employees of ICICI and its subsidiary companies received stock options in ICICI Bank equal to half the number of their outstanding unexercised stock options in ICICI. The exercise price for these options is equal to twice the exercise price for the ICICI stock options. All other terms and conditions of these options are similar to those applicable to ICICI Bank's stock options pursuant to its employee stock option scheme.

The following table sets forth certain information regarding the options granted by ICICI Bank (including options granted by ICICI adjusted in accordance with the Scheme of Amalgamation) as at August 31, 2003.

Particulars	ICICI Bank
Options granted.....	21,396,475
Options vested	6,585,758
Options exercised	193,545
Options forfeited/lapsed	1,506,775
Extinguishment or modification of options.....	-
Amount realized by sale of options.....	Rs. 24,089,206
Total number of options in force.....	19,696,155

In April 2000, ICICI Infotech approved an employee stock option plan. Under the plan, ICICI Infotech is authorized to issue up to 5.0% of its issued equity shares at the time of grant of the options to an eligible employee and 25.0% of its issued equity shares at the time of grant of the options, in aggregate, to all the eligible employees. Eligible employees are granted an option to purchase shares subject to vesting conditions. The options vest in a graded manner over a three-year period with 20.0%, 30.0% and 50.0% of the options vesting at the end of each year from the date of grant of the options. The options can be exercised within 10 years from the date of grant or five years from the date of vesting, whichever is later. ICICI Infotech granted 713,500 options during fiscal 2003 at the fair value of the underlying shares on the grant date of Rs. 100 (US\$ 2.10) per equity share. ICICI Infotech had also granted 2,044,800 stock options during fiscal 2002 at the fair value of the underlying shares on the grant date of Rs. 68 (US\$ 1.43) per equity share. ICICI Infotech had also granted 2,347,800 stock options during fiscal 2001 at the fair value of the underlying shares on the grant date of Rs. 37.50 (US\$ 0.79) per equity share. The fair values for fiscal 2001, 2002 and 2003 have been determined by an external valuer. As the shares of ICICI Infotech are not quoted on stock exchanges, the fair value, as determined by the valuer, represents management's best estimates considering all known factors. Of the stock options granted since fiscal 2001, 884,720 were forfeited by year-end fiscal 2003. Of the stock options granted since fiscal 2001, 1,867,200 were granted to ICICI Bank's directors and executive officers.

In July 2000, ICICI Venture Funds Management Company approved an employee stock option plan under which ICICI Venture Funds Management Company was authorized to issue up to 125,000 equity shares to its employees and employees of ICICI and ICICI group companies. Eligible employees were granted an option to purchase shares subject to vesting conditions. The options vested over a period of three years with 20.0%, 30.0% and 50.0% of the options vesting at the end of each year. The options could have been exercised within 10 years from the date of the grant. ICICI Venture Funds Management Company granted 81,400 stock options during fiscal 2001 at the fair value of the underlying shares on the grant date of Rs. 835 (US\$ 17.56) per equity share. As shares of ICICI Venture Funds Management Company are not quoted on exchanges, the fair value represented management's best estimates considering all known factors. Of the above, 2,500 stock options were forfeited by year-end fiscal 2001. Of the stock options granted, 20,425 were granted to ICICI Bank's directors and executive officers. ICICI Venture Funds Management Company did not grant any stock options in fiscal 2002. ICICI Venture Funds Management Company's employee stock option plan was withdrawn in February 2002 and all outstanding stock options under the plan were cancelled. The board of directors of ICICI Venture Funds Management Company, at its meeting held on October 30, 2002, approved a Carry Plan for its employees. The Carry Plan provides for ICICI Venture Funds Management Company to directly pay carry from the performance fee earned by it from the funds managed or advised on by it, to its employees through a special trust created for the purpose. Pursuant to the approval of the board of directors of ICICI Venture Funds Management Company, the Carry Plan is in the process of being documented and implemented. A copy of the "Description of the Carry Plan of ICICI Venture Funds Management Company" has been filed as an exhibit to this annual report.

Loans

ICICI Bank has internal rules and regulations to grant loans to employees to acquire certain assets such as property, vehicles and other consumer durables. ICICI Bank's loans to employees have been made at interest rates ranging from 2.5% to 3.5% per annum and are repayable over fixed periods of time. The loans are generally secured by the assets acquired by the employees. ICICI Bank had given loans to its employees for purchasing its shares in the offering made by ICICI in June 1997 at the public offering price. Bank of Madura had also given loans to employees for purchasing preferential shares in the offering made by Bank of Madura in August 1995. Pursuant to the Banking Regulation Act, ICICI Bank's non-wholetime directors were not eligible for any loans. At year-end fiscal 2003, there were loans of Rs. 2.4 billion (US\$ 50 million) compared to loans of Rs. 745 million (US\$ 16 million) at year-end fiscal 2002. outstanding to ICICI Bank employees. This amount included loans of Rs. 25 million (US\$ 525,762), compared to Rs. 11 million (US\$ 231,335) at year-end fiscal 2002, to certain of its directors and executive officers, made prior to the enactment of the Sarbanes-Oxley Act of 2002 on July 30, 2002 and in relation to which there has been no material modification to any term or any renewal on or after July 30, 2002.

Gratuity

Under Indian law, ICICI Bank is required to pay a gratuity to employees who retire or resign after at least five years of continuous service. ICICI Bank makes contributions to three separate gratuity funds, for employees inducted from ICICI, employees inducted from Bank of Madura and employees of ICICI Bank other than employees inducted from ICICI and Bank of Madura.

The gratuity funds for employees inducted from ICICI and Bank of Madura are separate gratuity funds managed by in-house trustees. Actuarial valuation of the gratuity liability is determined by an independent actuary. The investments of the funds are made according to rules prescribed by the government of India. The accounts of the funds are audited by independent auditors. The total corpus of these funds based on the latest unaudited figures, at year-end fiscal 2003 was Rs. 756 million (US\$ 16 million).

The gratuity fund for employees of ICICI Bank other than employees inducted from ICICI and Bank of Madura, is administered by the Life Insurance Corporation of India. In accordance with the gratuity fund's rules, actuarial valuation of gratuity liability is calculated based on certain assumptions regarding rate of interest, salary growth, mortality and staff turnover. The total corpus of the funds at year-end fiscal 2003 was Rs. 53 million (US\$ 1 million).

Superannuation Fund

ICICI Bank contributes 15.0% of the total annual salary of each employee to two separate superannuation funds, for ICICI Bank employees and employees inducted from ICICI respectively. The funds are administered by the Life Insurance Corporation of India. ICICI Bank's employees get an option on retirement or resignation to receive one-third of the total balance and a monthly pension based on the remaining two-third balance. In the event of death of an employee, his or her beneficiary receives the remaining accumulated balance of 66.7%. ICICI Bank also gives a cash option to its employees, allowing them to receive the amount contributed by ICICI Bank in their monthly salary during their employment. The total corpus of the two superannuation funds was Rs. 640 million (US\$ 13 million) at year-end fiscal 2003, compared to Rs. 510 million (US\$ 11 million) at year-end fiscal 2002.

Provident Fund

ICICI Bank is statutorily required to maintain a provident fund as a part of its retirement benefits to its employees. There are separate provident funds for employees inducted from ICICI, Bank of Madura (other than those employees who have opted for pensions), ICICI Personal Financial Services, ICICI Capital Services and for other employees of ICICI Bank. These funds are managed by

in-house trustees. Each employee contributes 12.0% of his or her basic salary (10% for clerks and sub-staff of Bank of Madura) and ICICI Bank contributes an equal amount to the funds. The investments of the funds are made according to rules prescribed by the government of India. The accounts of the funds are audited by independent auditors. The total corpuses of the funds for employees inducted from ICICI, Bank of Madura, ICICI Personal Financial Services, ICICI Capital Services and other employees of ICICI Bank, based on the latest unaudited figures, at year-end fiscal 2003 were Rs. 448 million (US\$ 9 million), Rs. 747 million (US\$ 16 million), Rs. 41 million (US\$ 1 million), Rs. 13 million (US\$ 273,396) and Rs. 395 million (US\$ 8 million) respectively. ICICI Bank made aggregate contributions of Rs. 162 million (US\$ 3 million) to these funds during fiscal 2003. The provident funds for employees inducted from ICICI, ICICI Personal Financial Services, ICICI Capital Services and for other employees of ICICI Bank have now been merged.

Pension Fund

Out of the employees inducted from Bank of Madura, 1,162 employees opted for pensions and 1,499 employees opted for a provident fund. For employees who opted for a provident fund, ICICI Bank's contribution of 12.0% of his or her basic salary (10% for clerks and sub-staff of Bank of Madura) is credited to the provident fund every month. For employees who opted for pensions, ICICI Bank's contribution of 12.0% of his or her basic salary (10% for clerks and sub-staff of Bank of Madura) is credited to the pension fund every month. These funds are managed by in-house trustees. The investments of the funds are made according to rules prescribed by the government of India. The accounts of the fund are audited by independent auditors. The employees who opted for pensions are entitled to a monthly pension from the day after their retirement. ICICI Bank also gives a cash option to employees, allowing them to receive the present value of one-third of their monthly pension in total satisfaction. Upon death of an employee, family members are entitled to payment of a family pension pursuant to the rules in this regard. The corpus of the fund at year-end fiscal 2003 was Rs. 963 million (US\$ 20 million).

Interest of Management in Certain Transactions

Except as otherwise stated in this annual report, no amount or benefit has been paid or given to any of ICICI Bank's directors or executive officers.

OVERVIEW OF THE INDIAN FINANCIAL SECTOR

The information in this section has been extracted from publicly available documents from various sources, including officially prepared materials from the government of India and its various ministries and the Reserve Bank of India, and has not been prepared or independently verified by us. This is the latest available information to our knowledge at year-end fiscal 2003.

Introduction

The Reserve Bank of India, the central banking and monetary authority of India, is the central regulatory and supervisory authority for the Indian financial system. A variety of financial intermediaries in the public and private sectors participate in India's financial sector, including the following:

- commercial banks;
- long-term lending institutions;
- non-bank finance companies, including housing finance companies;
- other specialized financial institutions, and state-level financial institutions;
- insurance companies; and
- mutual funds.

Until the early 1990s, the Indian financial system was strictly controlled. Interest rates were administered, formal and informal parameters governed asset allocation, and strict controls limited entry into and expansion within the financial sector. The government of India's economic reform program, which began in 1991, encompassed the financial sector. The first phase of the reform process began with the implementation of the recommendations of the Committee on the Financial System, the Narasimham Committee I. The second phase of the reform process began in 1999. See “—Banking Sector Reform—Committee on Banking Sector Reform (Narasimham Committee II)”.

This discussion presents an overview of the role and activities of the Reserve Bank of India and of each of the major participants in the Indian financial system, with a focus on the commercial banks and the long-term lending institutions. This is followed by a brief summary of the banking reform process along with the recommendations of various committees that have played a key role in the reform process. A brief discussion on the impact of the liberalization process on long-term lending institutions and commercial banks is then presented. Finally, reforms in the non-banking financial sector are briefly reviewed.

Reserve Bank of India

The Reserve Bank of India, established in 1935, is the central banking and monetary authority in India. The Reserve Bank of India manages the country's money supply and foreign exchange and also serves as a bank for the government of India and for the country's commercial banks. In addition to these traditional central banking roles, the Reserve Bank of India undertakes certain developmental and promotional roles.

The Reserve Bank of India issues guidelines on exposure standards, income recognition, asset classification, provisioning for impaired assets, investment valuation and capital adequacy standards for commercial banks, long-term lending institutions and non-bank finance companies. The Reserve Bank of India requires these institutions to furnish information relating to their businesses to the Reserve Bank of India on a regular basis. For further discussion regarding the Reserve Bank of India's role as the regulatory and supervisory authority of India's financial system and its impact on ICICI Bank, see “Supervision and Regulation”.

Commercial Banks

Commercial banks in India have traditionally focused only on meeting the short-term financial needs of industry, trade and agriculture. At year-end fiscal 2003, there were 290 scheduled commercial banks in the country, with a network of 66,436 branches serving approximately Rs. 12.79 trillion (US\$ 269 billion) in deposit accounts. Scheduled commercial banks are banks that are listed in the schedule to the Reserve Bank of India Act, 1934, and may further be classified as public sector banks, private sector banks and foreign banks. Scheduled commercial banks have a presence throughout India, with nearly 70.8% of bank branches located in rural or semi-urban areas of the country. A large number of these branches belong to the public sector banks.

Public Sector Banks

Public sector banks make up the largest category in the Indian banking system. They include the State Bank of India and its associate banks, 19 nationalized banks and 196 regional rural banks. Excluding the regional rural banks, the remaining public sector banks have 46,233 branches, and account for 70.9% of the outstanding gross bank credit and 74.6% of the aggregate deposits of the scheduled commercial banks. The public sector banks' large network of branches enables them to fund themselves out of low cost deposits.

The State Bank of India is the largest public sector bank in India. At year-end fiscal 2003, the State Bank of India and its seven associate banks had 13,578 branches. They accounted for 23.9% of aggregate deposits and 24.1% of outstanding gross bank credit of all scheduled commercial banks.

Regional rural banks were established from 1976 to 1987 by the central government, state governments and sponsoring commercial banks jointly with a view to develop the rural economy. Regional rural banks provide credit to small farmers, artisans, small entrepreneurs and agricultural laborers. There were 196 regional rural banks at year-end fiscal 2003 with 14,462 branches, accounting for 3.9% of aggregate deposits and 2.9% of gross bank credit outstanding of scheduled commercial banks.

Private Sector Banks

After the first phase of bank nationalization was completed in 1969, public sector banks made up the largest portion of Indian banking. The focus on public sector banks was maintained throughout the 1970s and 1980s. Furthermore, existing private sector banks which showed signs of an eventual default were merged with state-owned banks. In July 1993, as part of the banking reform process and as a measure to induce competition in the banking sector, the Reserve Bank of India permitted entry by the private sector into the banking system. This resulted in the introduction of nine private sector banks, including ICICI Bank. These banks are collectively known as the "new" private sector banks. There are nine "new" private sector banks at present, following the merger in February 2000 of Times Bank Limited, a new private sector bank, into another new private sector bank, HDFC Bank Limited and the conversion of Kotak Mahindra Finance Limited, a large non-bank finance company into a bank in February 2003. In addition, 24 private sector banks existing prior to July 1993 are currently operating. Bank of Madura was an "old" private sector bank before it was acquired by ICICI Bank effective March 10, 2001.

At year-end fiscal 2003, private sector banks accounted for approximately 17.0% of aggregate deposits and 19.2% of gross bank credit outstanding of the scheduled commercial banks. Their network of 5,553 branches accounted for 8.4% of the total branch network of scheduled commercial banks in the country. At year-end fiscal 2003, ICICI Bank accounted for approximately 5.5% of aggregate deposits and 7.0% of gross bank credit outstanding of the scheduled commercial banks.

Foreign Banks

At year-end fiscal 2003, there were 37 foreign banks with 188 branches operating in India. Foreign banks accounted for 4.5% of aggregate deposits and 7.0% of outstanding gross bank credit of

scheduled commercial banks at year-end fiscal 2003. As part of the liberalization process, the Reserve Bank of India has permitted foreign banks to operate more freely, subject to requirements largely similar to those imposed on domestic banks. Foreign banks operate in India through branches of the parent bank. While presenting its budget for fiscal 2003, the government of India announced that foreign banks would be permitted to incorporate subsidiaries in India. Subsidiaries of foreign banks will have to adhere to all banking regulations, including priority sector lending norms, applicable to domestic banks. The primary activity of most foreign banks in India has been in the corporate segment. However, in recent years, some of the larger foreign banks have started to make consumer financing a larger part of their portfolios based on the growth opportunities in this area in India. These banks offer products such as automobile finance, home loans, credit cards and household consumer finance.

Cooperative Banks

Cooperative banks cater to the financing needs of agriculture, small industry and self-employed businessmen in urban and semi-urban areas of India. The state land development banks and the primary land development banks provide long-term credit for agriculture. In the light of liquidity and insolvency problems experienced by some cooperative banks in fiscal 2001, the Reserve Bank of India undertook several interim measures, pending formal legislative changes, including measures related to lending against shares, borrowings in the call market and term deposits placed with other urban cooperative banks. Presently the Reserve Bank of India is responsible for supervision and regulation of urban co-operative societies, and the National Bank for Agriculture and Rural Development (NABARD) for State Co-operative Banks and District Central Co-operative Banks. The Banking Regulation (Amendment) and Miscellaneous Provisions Bill, 2003, which has recently been introduced in the Indian Parliament, provides for the regulation of all co-operative banks by the Reserve Bank of India.

Long-Term Lending Institutions

The long-term lending institutions were established to provide medium-term and long-term financial assistance to various industries for setting up new projects and for the expansion and modernization of existing facilities. These institutions provide fund-based and non-fund-based assistance to industry in the form of loans, underwriting, direct subscription to shares, debentures and guarantees. The primary long-term lending institutions include Industrial Development Bank of India, IFCI Limited and Industrial Investment Bank of India and included ICICI prior to the amalgamation

The long-term lending institutions were expected to play a critical role in Indian industrial growth and, accordingly, had access to concessional government funding. However, in recent years, the operating environment of the long-term lending institutions has changed substantially. Although the initial role of these institutions was largely limited to providing a channel for government funding to industry, the reform process required them to expand the scope of their business activities. Their new activities included:

- fee-based activities like investment banking and advisory services; and
- short-term lending activity including issuing corporate finance and working capital loans.

Pursuant to the recommendations of the Narasimham Committee II and the Khan Working Group, a working group created in 1999 to harmonize the role and operations of long-term lending institutions and banks, the Reserve Bank of India, in its mid-term review of monetary and credit policy for fiscal 2000, announced that long-term lending institutions would have the option of transforming themselves into banks subject to compliance with the prudential norms as applicable to banks. In April 2001, the Reserve Bank of India issued guidelines on several operational and regulatory issues which were required to be addressed in evolving the path for transition of a long-term lending institution into a universal bank. See “-Recent Structural Reforms – Universal Banking Guidelines”. In April 2002, ICICI merged with ICICI Bank. The Industrial Development Bank (Transfer of Undertaking and Repeal) Bill, 2002 has been introduced in the Indian Parliament and if

passed as presently drafted, will convert the Industrial Development Bank of India into a banking company, and will exempt it from certain statutory and regulatory norms applicable to banks, including exemption for a period of five years from the statutory liquidity ratio.

Non-Bank Finance Companies

There are over 10,000 non-bank finance companies in India, mostly in the private sector. All non-bank finance companies are required to register with the Reserve Bank of India. The non-bank finance companies may be categorized into entities which take public deposits and those which do not. The companies which accept public deposits are subject to strict supervision and capital adequacy requirements of the Reserve Bank of India. ICICI Securities Limited and ICICI Distribution Finance Private Limited, which are subsidiaries of ICICI Bank, are non-bank finance companies, which do not accept public deposits. The scope and activities of non-bank finance companies have grown significantly over the years. The primary activities of the non-bank finance companies are consumer credit, including automobile finance, home finance and consumer durable products finance, wholesale finance products such as bill discounting for small and medium-sized companies, and fee-based services such as investment banking and underwriting. In 2003, Kotak Mahindra Finance Limited, a large non-bank finance company was granted a banking license by the Reserve Bank of India and converted itself into Kotak Mahindra Bank.

Over the past few years, certain non-bank finance companies have defaulted to investors and depositors, and consequently actions (including bankruptcy proceedings) have been initiated against them, many of which are currently pending.

Housing Finance Companies

Housing finance companies form a distinct sub-group of the non-bank finance companies. As a result of the various incentives given by the government for investing in the housing sector in recent years, the scope of this business has grown substantially. Until recently, Housing Development Finance Corporation Limited was the premier institution providing housing finance in India. In recent years, several other players including banks have entered the housing finance industry. ICICI Bank is a major housing finance provider and also has a housing finance subsidiary, ICICI Home Finance Company Limited. The National Housing Bank and the Housing and Urban Development Corporation Limited are the two government-controlled financial institutions created to improve the availability of housing finance in India. The National Housing Bank Act provides for securitization of housing loans, foreclosure of mortgages and setting up of the Mortgage Credit Guarantee Scheme. The Reserve Bank of India has directed commercial banks to lend at least 3.0% of their incremental deposits in the form of housing loans. Further, the Reserve Bank of India has reduced the risk weight for loans for residential properties to 50.0% for the purpose of determining capital adequacy. Housing loans up to certain limits prescribed by the Reserve Bank of India as well as mortgage-backed securities qualify as priority sector lending under the Reserve Bank of India's directed lending rules. See also "Supervision and Regulation – Capital Adequacy Requirements" and "Supervision and Regulation – Directed Lending – Priority Sector Lending."

Other Financial Institutions

Specialized Financial Institutions

In addition to the long-term lending institutions, there are various specialized financial institutions which cater to the specific needs of different sectors. They include the National Bank for Agricultural and Rural Development, Export Import Bank of India, Small Industries Development Bank of India, ICICI Venture Funds Management Company Limited, Risk Capital and Technology Finance Corporation Limited, Tourism Finance Corporation of India Limited, National Housing Bank, Power Finance Corporation Limited and the Infrastructure Development Finance Corporation Limited.

State Level Financial Institutions

State financial corporations operate at the state level and form an integral part of the institutional financing system. State financial corporations were set up to finance and promote small and medium-sized enterprises. The state financial institutions are expected to achieve balanced regional socio-economic growth by generating employment opportunities and widening the ownership base of industry. At the state level, there are also state industrial development corporations, which provide finance primarily to medium-sized and large-sized enterprises.

Insurance Companies

Currently, there are 27 insurance companies in India, of which 13 are life insurance companies, 13 are general insurance companies and 1 is a reinsurance company. Of the 13 life insurance companies, 12 are in the private sector and one is in the public sector. Among the general insurance companies, eight are in the private sector and 5 are in the public sector. The reinsurance company, General Insurance Corporation of India, is in the public sector. Life Insurance Corporation of India, General Insurance Corporation of India and public sector general insurance companies also provide long-term financial assistance to the industrial sector. We have joint ventures in each of the life insurance and the general insurance sectors. Our life insurance joint venture, ICICI Prudential Life Insurance Company Limited and our general insurance joint venture, ICICI Lombard General Insurance Company Limited, are both major players in their respective segments. During fiscal 2003, the total gross premiums underwritten of all general insurance companies were Rs. 142.8 billion (US\$ 3.0 billion) and the total new premiums of all life insurance companies were Rs. 123.3 billion (US\$ 2.6 billion).

The R. N. Malhotra Committee was set up in April 1993 to recommend reforms in the insurance sector. This committee submitted its report on January 7, 1994 and its major recommendations included permitting entry of the private sector in the insurance industry, expediting the settlement of claims and strengthening the regulatory apparatus. As a first step towards implementation of the recommendations, the government of India's budget for fiscal 1996 indicated that an independent regulatory authority would be set up for the insurance industry, and the Insurance Regulatory Authority was set up in 1996. In December 1999, the parliament passed the Insurance Regulatory and Development Authority Act, 1999. This Act opened up the Indian insurance sector for foreign and private investors. The Act allows foreign equity participation in new insurance companies of up to 26.0%. The new company should have a minimum paid up equity capital of Rs. 1.0 billion (US\$ 21 million) to carry out the business of life insurance or general insurance or Rs. 2.0 billion (US\$ 42 million) to carry out exclusively the business of reinsurance. The Insurance Regulatory and Development Authority was established to protect the interests of holders of insurance policies, to regulate, promote and ensure orderly growth of the insurance industry and for related matters. Currently, the insurance sector in India is regulated by the Insurance Regulatory and Development Authority.

In the monetary and credit policy for fiscal 2001, the Reserve Bank of India issued guidelines governing the entry of banks and financial institutions into the insurance business. The guidelines permit banks and financial institutions to enter the business of insurance underwriting through joint ventures provided they meet stipulated criteria relating to their net worth, capital adequacy ratio, profitability track record, level of impaired loans and the performance of their existing subsidiary companies.

Mutual Funds

At the end of January 2003, there were 33 mutual funds in India with total assets of Rs. 1,218.1 billion (US\$ 25.6 billion). From 1963 to 1987, Unit Trust of India was the only mutual fund operating in the country. It was set up in 1963 at the initiative of the government and the Reserve Bank of India. From 1987 onwards, several other public sector mutual funds entered this sector. These mutual funds were established by public sector banks, the Life Insurance Corporation of India and General

Insurance Corporation of India. The mutual funds industry was opened up to the private sector in 1993. In this year, the SEBI (Mutual Fund) Regulation 1993 was issued by the Securities and Exchange Board of India, under which all mutual funds except for the Unit Trust of India, were to be registered and governed. The industry is now regulated by a more comprehensive SEBI (Mutual Fund) Regulation, 1996 which replaced the SEBI (Mutual Fund) Regulation 1993.

Unit Trust of India, with a high level of investment in equity securities, started to face difficulties in meeting redemption and assured return obligations due to a significant decline in the market value of its securities portfolio. In response, the government of India implemented a package of reform measures for Unit Trust of India, including guaranteeing redemption and assured return obligations to the unit holders, subject to restrictions on the maximum permissible redemption amount. As part of the reforms, Unit Trust of India was divided into two mutual funds structured in accordance with the regulations of the Securities and Exchange Board of India, one comprising assured return schemes and the other comprising net asset value based schemes.

Impact of Liberalization on the Indian Financial Sector

Until 1991, the financial sector in India was heavily controlled and commercial banks and long-term lending institutions, the two dominant financial intermediaries, had mutually exclusive roles and objectives and operated in a largely stable environment, with little or no competition. Long-term lending institutions were focused on the achievement of the Indian government's various socio-economic objectives, including balanced industrial growth and employment creation, especially in areas requiring development. Long-term lending institutions were extended access to long-term funds at subsidized rates through loans and equity from the government of India and from funds guaranteed by the government of India originating from commercial banks in India and foreign currency resources originating from multilateral and bilateral agencies.

The focus of the commercial banks was primarily to mobilize household savings through demand and time deposits and to use these deposits to meet the short-term financial needs of borrowers in industry, trade and agriculture. In addition, the commercial banks provided a range of banking services to individuals and business entities.

However, since 1991, there have been comprehensive changes in the Indian financial system. Various financial sector reforms, implemented since 1991, have transformed the operating environment of the banks and long-term lending institutions. In particular, the deregulation of interest rates, emergence of a liberalized domestic capital market, and entry of new private sector banks, along with the broadening of long-term lending institutions' product portfolios, have progressively intensified the competition between banks and long-term lending institutions. The Reserve Bank of India has permitted the transformation of long-term lending institutions into banks subject to compliance with the prudential norms applicable to banks.

Banking Sector Reform

Most large banks in India were nationalized in 1969 and thereafter were subject to a high degree of control until reform began in 1991. In addition to controlling interest rates and entry into the banking sector, these regulations also channeled lending into priority sectors. Banks were required to fund the public sector through the mandatory acquisition of low interest-bearing government securities or statutory liquidity ratio bonds to fulfill statutory liquidity requirements. As a result, bank profitability was low, impaired assets were comparatively high, capital adequacy was diminished, and operational flexibility was hindered.

Committee on the Financial System (Narasimham Committee I)

The Committee on the Financial System (The Narasimham Committee I) was set up in August 1991 to recommend measures for reforming the financial sector. Many of the recommendations made by the committee, which addressed organizational issues, accounting practices and operating

procedures, were implemented by the government of India. The major recommendations that were implemented included the following:

- with fiscal stabilization and the government increasingly resorting to market borrowing to raise resources, the statutory liquidity ratio or the proportion of the banks' net demand and time liabilities that were required to be invested in government securities was reduced from 38.5% in the pre-reform period to 25.0% in October 1997. This meant that the significance of the statutory liquidity ratio shifted from being a major instrument for financing the public sector in the pre-reform era to becoming a prudential requirement;
- similarly, the cash reserve ratio or the proportion of the bank's net demand and time liabilities that were required to be deposited with the Reserve Bank of India was reduced from 15.0% in the pre-reform period to 4.5% currently;
- special tribunals were created to resolve bad debt problems;
- most of the restrictions on interest rates for deposits were removed. Commercial banks were allowed to set their own level of interest rates for all deposits except savings bank deposits;
- substantial capital infusion to several state-owned banks was approved in order to bring their capital adequacy closer to internationally accepted standards. By the end of fiscal 2002, aggregate recapitalization amounted to Rs. 217.5 billion (US\$ 4.6 billion). The stronger public sector banks were given permission to issue equity to further increase capital; and
- banks were granted the freedom to open or close branches.

Committee on Banking Sector Reform (Narasimham Committee II)

The second Committee on Banking Sector Reform (Narasimham Committee II) submitted its report in April 1998. The major recommendations of the committee were in respect of capital adequacy requirements, asset classification and provisioning, risk management and merger policies. The Reserve Bank of India accepted and began implementing many of these recommendations in October 1998.

Recent Structural Reforms

Proposed Amendments to the Banking Regulation Act

Legislation seeking to amend the Banking Regulation Act has recently been introduced in the Indian Parliament. As presently drafted, the main amendments propose to:

- permit banking companies to issue non-redeemable and redeemable preference shares;
- make prior approval of the Reserve Bank of India mandatory for the acquisition of more than 5.0% of a banking company's paid up capital by any individual or firm or group;
- prohibit lending to relatives of directors and to non-subsidiary companies that are under the same management as the banking company, joint ventures, associates or the holding company of the banking company. Lending to directors and to companies with directors common to the banking company is already prohibited;
- remove the minimum statutory liquidity ratio requirement of 25.0%, giving the Reserve Bank of India discretion to reduce the statutory liquidity ratio to less than 25.0%. See also "Supervision and Regulation – Legal Reserve Requirements – Statutory Liquidity Ratio";
- bring mergers of non-bank finance companies with banking companies into the governance of the Indian Banking Regulation Act. Mergers of non-bank finance companies with banking companies are currently governed by the Indian Companies Act, 1956. The Banking Regulations (Amendment) and Miscellaneous Provisions Bill, 2003 will, if passed, require mergers of non-bank finance companies with banking companies to be approved by the majority of the shareholders of both companies and by the Reserve Bank of India. It also

provides, if the merger is approved, for dissenting shareholders at their option to be paid in exchange for their shares the value of their shares as determined by the Reserve Bank of India;

- bring all co-operative banks under the supervision of the Reserve Bank of India; and
- remove the limit of 10.0% on the maximum voting power exercisable by a shareholder in a banking company.

Legislative Framework for Recovery of Debts due to Banks

In fiscal 2003, the Indian Parliament passed the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002. This Act provides that a secured creditor may, in respect of loans classified as non-performing in accordance with the Reserve Bank of India guidelines, give notice in writing to the borrower requiring it to discharge its liabilities within 60 days, failing which the secured creditor may take possession of the assets constituting the security for the loan, and exercise management rights in relation thereto, including the right to sell or otherwise dispose of the assets. This Act also provides for the setting up of asset reconstruction companies regulated by the Reserve Bank of India to acquire assets from banks and financial institutions. The Reserve Bank of India has issued guidelines for asset reconstruction companies in respect of their establishment, registration and licensing by the Reserve Bank of India, and operations. Asset Reconstruction Company (India) Limited, promoted by us, Industrial Development Bank of India, State Bank of India and certain other private sector banks and institutions, has recently received registration from the Reserve Bank of India.

Currently, however, several petitions challenging the constitutional validity of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 are pending before the Indian Supreme Court.

Earlier, following the recommendations of the Narasimham Committee, the Recovery of Debts due to Banks and Financial Institutions Act, 1993 was enacted. This legislation provides for the establishment of a tribunal for speedy resolution of litigation and recovery of debts owed to banks or financial institutions. The Act creates tribunals before which the banks or the financial institutions can file a suit for recovery of the amounts due to them. However, if a scheme of reconstruction is pending before the Board for Industrial and Financial Reconstruction, under the Sick Industrial Companies (Special Provision) Act, 1985, no proceeding for recovery can be initiated or continued before the tribunals. While presenting its budget for fiscal 2002, the government of India announced measures for the setting up of more debt recovery tribunals and the eventual repeal of the Sick Industrial Companies (Special Provision) Act, 1985. To date, however, this Act has not been repealed.

Corporate Debt Restructuring Forum

To put in place an institutional mechanism for the restructuring of corporate debt, the Reserve Bank of India has devised a corporate debt restructuring system. The objective of this framework is to ensure a timely and transparent mechanism for the restructuring of corporate debts of viable entities facing problems, outside the purview of the Board of Industrial and Financial Rehabilitation, debt recovery tribunals and other legal proceedings. In particular, this framework aims to preserve viable corporates that are affected by certain internal and external factors and minimize the losses to the creditors and other stakeholders through an orderly and coordinated restructuring program. The corporate debt restructuring system is a non-statutory mechanism and a voluntary system based on debtor-creditor and inter-creditor agreements.

Universal Banking Guidelines

Universal banking in the Indian context means the transformation of long-term lending institutions into banks. Pursuant to the recommendations of the Narasimham Committee II and the Khan Working Group, the Reserve Bank of India, in its mid-term review of monetary and credit policy for fiscal 2000, announced that long-term lending institutions would have the option of

transforming themselves into banks subject to compliance with the prudential norms as applicable to banks. If a long-term lending institution chose to exercise the option available to it and formally decided to convert itself into a universal bank, it could formulate a plan for the transition path and a strategy for smooth conversion into a universal bank over a specified time frame. In April 2001, the Reserve Bank of India issued guidelines on several operational and regulatory issues which were required to be addressed in evolving the path for transition of a long-term lending institution into a universal bank. The salient features of the guidelines included the following.

Reserve requirements. Following conversion into a universal bank, a long-term lending institution would have to comply with the cash reserve ratio and statutory liquidity ratio requirements under the provisions of the Reserve Bank of India Act and the Indian Banking Regulation Act;

Priority sector lending. Following conversion of a long-term lending institution into a universal bank, the obligation to lend to the priority sector up to a prescribed percentage of net bank credit would apply;

Permissible activities. Any activity currently undertaken by a long-term lending institution but not permissible for a bank under the provisions of the Banking Regulation Act would have to cease or be divested after the conversion of a long-term lending institution into a universal bank;

Nature of subsidiaries. If any of the existing subsidiaries of a long-term lending institution were engaged in an activity not permitted under the provisions of the Indian Banking Regulation Act, then on conversion of the long-term lending institution into a universal bank, such subsidiary or activity would have to be separated from the operations of the universal bank since the provisions of the Indian Banking Regulation Act permit a bank to have subsidiaries only for specified activities;

Restriction on investments. A long-term lending institution with an equity investment in a company in excess of 30.0% of the paid up share capital of that company or 30.0% of its own paid-up share capital and reserves, whichever is less, following its conversion into a universal bank, would be required to divest such excess holding to comply with the provisions of the Indian Banking Regulation Act.

Credit Policy Measures

As part of its effort to continue bank reform, the Reserve Bank of India has announced a series of measures in its monetary and credit policy statements aimed at deregulating and strengthening the financial system.

Credit Policy for Fiscal 2003

In the monetary and credit policy for fiscal 2003 announced in April 2002 and in the mid-term review announced in October 2002, the Reserve Bank of India effected the following key measures:

- With effect from October 29, 2002, the bank rate, the rate at which the Reserve Bank of India provides refinance to the banking system, was reduced from 6.5% to 6.25%, its lowest level since 1973;
- The cash reserve ratio, the minimum cash reserve balance required to be maintained by banks with the Reserve Bank of India, was reduced from 5.0% to 4.75% of their demand and time liabilities in India, excluding inter-bank liabilities;
- Banks were given the discretion to decide the interest payment period of interest on variable rate deposits; and
- Banks were required to announce the maximum spread over the prime lending rate for all advances other than retail loans, as well as provide information on maximum and minimum rates charged to their borrowers and deposit rates for various maturities.

Credit Policy for Fiscal 2004

In the monetary and credit policy for fiscal 2004 announced in April 2003, the Reserve Bank of India introduced the following key measures:

- The bank rate was reduced further by 0.25% from 6.25% to 6.0% and the cash reserve ratio was also reduced by 0.25% to 4.5%. Earlier, the Indian government's budget for fiscal 2004 had reduced the interest rates on small savings schemes and public provident fund by 100 basis points to 8.0% and at the same time the Reserve Bank of India reduced the interest rate on savings bank accounts by 50 basis points to 3.5%; and
- The maturity period for non-resident external deposits was increased from six months to one year.

Reforms of the Non-Bank Finance Companies

The standards relating to income recognition, provisioning and capital adequacy were prescribed for non-bank finance companies in June 1994. The registered non-bank finance companies were required to achieve a minimum capital adequacy of 6.0% by year-end fiscal 1995 and 8.0% by year-end fiscal 1996 and to obtain a minimum credit rating. To encourage the companies complying with the regulatory framework, the Reserve Bank of India announced in July 1996 certain liberalization measures under which the non-bank finance companies registered with it and complying with the prudential norms and credit rating requirements were granted freedom from the ceiling on interest rates on deposits and amount of deposits. Other measures introduced include requiring non-bank finance companies to maintain a certain percentage of liquid assets and to create a reserve fund. The percentage of liquid assets to be maintained by non-bank finance companies has been revised uniformly upwards and since April 1999, 15.0% of public deposits must be maintained.

Efforts have also been made to integrate non-bank finance companies into the mainstream financial sector. The first phase of this integration covered measures relating to registrations and standards. The focus of supervision has now shifted to non-bank finance companies accepting public deposits. This is because companies accepting public deposits are required to comply with all the directions relating to public deposits, prudential norms and liquid assets. A task force on non-bank finance companies set up by the government of India submitted its report in October 1998, and recommended several steps to rationalize the regulation of non-bank finance companies. Accepting these recommendations, the Reserve Bank of India issued new guidelines for non-bank finance companies, which were as follows:

- a minimum net owned fund of Rs. 2.5 million (US\$ 52,576) is mandatory before existing non-bank finance companies may accept public deposits;
- a minimum investment grade rating is compulsory for loan and investment companies accepting public deposits, even if they have the minimum net owned funds;
- permission to accept public deposits was also linked to the level of capital to risk assets ratio. Different capital to risk assets ratio levels for non-bank finance companies with different ratings were specified; and
- non-bank finance companies were advised to restrict their investments in real estate to 10.0% of their net owned funds.

In the monetary and credit policy for fiscal 2000, the Reserve Bank of India stipulated a minimum capital base of Rs. 20 million (US\$ 420,610) for all new non-bank finance companies. In the government of India's budget for fiscal 2002, the procedures for foreign direct investment in non-bank finance companies were substantially liberalized.

SUPERVISION AND REGULATION

The main legislation governing commercial banks in India is the Banking Regulation Act. Other important laws include the Reserve Bank of India Act, the Negotiable Instruments Act and the Banker's Books Evidence Act. Additionally, the Reserve Bank of India, from time to time, issues guidelines to be followed by the bank. Compliance with all regulatory requirements is evaluated with respect to financial statements under Indian GAAP.

Reserve Bank of India Regulations

Commercial banks in India are required under the Banking Regulation Act to obtain a license from the Reserve Bank of India to carry on banking business in India. Before granting the license, the Reserve Bank of India must be satisfied that certain conditions are complied with, including (i) that the bank has the ability to pay its present and future depositors in full as their claims accrue; (ii) that the affairs of the bank will not be or are not likely to be conducted in a manner detrimental to the interests of present or future depositors; (iii) that the bank has adequate capital and earnings prospects; and (iv) that the public interest will be served if such license is granted to the bank. The Reserve Bank of India can cancel the license if the bank fails to meet the above conditions or if the bank ceases to carry on banking operations in India.

ICICI Bank, being licensed as a banking company, is regulated and supervised by the Reserve Bank of India. The Reserve Bank of India requires ICICI Bank to furnish statements, information and certain details relating to its business. It has issued guidelines for commercial banks on recognition of income, classification of assets, valuation of investments, maintenance of capital adequacy and provisioning for impaired assets. The Reserve Bank of India has set up a Board for Financial Supervision, under the chairmanship of the Governor of the Reserve Bank of India. The appointment of the auditors of banks is subject to the approval of the Reserve Bank of India. The Reserve Bank of India can direct a special audit in the interest of the depositors or in the public interest.

Regulations relating to the Opening of Branches

Banks are required to obtain licenses from the Reserve Bank of India to open new branches. Permission is granted based on factors such as the financial condition and history of the company, its management, adequacy of capital structure and earning prospects and the public interest. The Reserve Bank of India may cancel the license for violations of the conditions under which it was granted. Under the banking license granted to ICICI Bank by the Reserve Bank of India, ICICI Bank is required to have at least 25.0% of its branches located in rural and semi-urban areas. A rural area is defined as a center with a population of less than 10,000. A semi-urban area is defined as a center with a population of greater than 10,000 but less than 100,000. These population figures relate to the 1991 census conducted by the government of India.

Capital Adequacy Requirements

ICICI Bank is subject to the capital adequacy requirements of the Reserve Bank of India, which, based on the guidelines of the Basle Committee on Banking Regulations and Supervisory Practices, 1998, require ICICI Bank to maintain a minimum ratio of capital to risk adjusted assets and off-balance sheet items of 9.0%, at least half of which must be Tier 1 capital.

The total capital of a banking company is classified into Tier 1 and Tier 2 capital. Tier 1 capital, the core capital, provides the most permanent and readily available support against unexpected losses. It comprises paid-up capital and reserves consisting of any statutory reserves, free reserves and capital reserve pursuant to the Indian Income-tax Act as reduced by equity investments in subsidiaries, intangible assets, gap in provisioning and losses in the current period and those brought forward from the previous period. In fiscal 2003, the Reserve Bank of India issued a guideline requiring a bank's deferred tax asset to be treated as an intangible asset and deducted from its Tier 1 capital.

Tier 2 capital consists of undisclosed reserves, revaluation reserves (at a discount of 55.0%), general provisions and loss reserves (allowed up to a maximum of 1.25% of risk weighted assets), hybrid debt capital instruments (which combine certain features of both equity and debt securities) and subordinated debt. Any subordinated debt is subject to progressive discounts each year for inclusion in Tier 2 capital and total subordinated debt considered as Tier 2 capital cannot exceed 50.0% of Tier 1 capital. Tier 2 capital cannot exceed Tier 1 capital.

With a view to the building up of adequate reserves to guard against any possible reversal of the interest rate environment in the future due to unexpected developments, the Reserve Bank of India has advised banks to build up an investment fluctuation reserve of a minimum of 5.0% of the bank's investment portfolio within a period of five years. This reserve has to be computed with respect to investments in held for trading and available for sale categories. Investment fluctuation reserve is included in Tier 2 capital.

Risk adjusted assets and off-balance sheet items considered for determining the capital adequacy ratio are the risk weighted total of specified funded and non-funded exposures. Degrees of credit risk expressed as percentage weighting have been assigned to various balance sheet asset items and conversion factors to off-balance sheet items. The value of each item is multiplied by the relevant weight or conversion factor to produce risk-adjusted values of assets and off-balance-sheet items. Standby letters of credit/ guarantees and documentary credits are treated as similar to funded exposure and are subject to similar risk weight. All foreign exchange open position limits of the bank carry a 100.0% risk weight. Capital requirements have also been prescribed for open foreign currency exposures and open positions in gold. In respect of banks and financial institutions, a risk weight of 2.5% to cover market risk has to be assigned in respect of the entire investment portfolio effective March 31, 2001 over and above the existing risk weights for credit risk in non-government and non-approved securities. Banks and financial institutions are required to assign a 100.0% risk weight for all state government guaranteed securities issued by defaulting entities. The aggregate risk weighted assets are taken into account for determining the capital adequacy ratio.

Loan Loss Provisions and Impaired Assets

In April 1992, the Reserve Bank of India issued formal guidelines on income recognition, asset classification, provisioning standards and valuation of investments applicable to banks, which are revised from time to time. These guidelines are applied for the calculation of impaired assets under Indian GAAP. The discussion of asset quality in this annual report is under US GAAP and the US GAAP standards applied are set forth in "Business—Impaired Loans."

The principal features of these Reserve Bank of India guidelines, which have been implemented with respect to ICICI Bank's loans, debentures, lease assets, hire purchases and bills are set forth below.

Impaired Assets

Until year-end fiscal 2003, an impaired asset (also called non-performing assets pursuant to the Reserve Bank of India guidelines) was an asset in respect of which any amount of interest or principal was overdue for more than two quarters. In particular, an advance was an impaired asset where:

- interest and/or installment of principal remained overdue for a period of more than 180 days in respect of a term loan;
- the account remained "out-of-order" for a period of more than 180 days in respect of an overdraft or cash credit;
- the bill remained overdue for a period of more than 180 days in case of bills purchased and discounted;
- interest and/or principal remained overdue for two harvest seasons but for a period not exceeding two half years in the case of an advance granted for agricultural purposes; and

- any amount to be received remained overdue for a period of more than 180 days in respect of other accounts.

Effective fiscal 2004, banks are now required to classify an asset as impaired when principal or interest has remained overdue for more than 90 days. Interest in respect of impaired assets is not recognized or credited to the income account unless collected.

Asset Classification

In line with the Reserve Bank of India master circular on income recognition, asset classification and provisioning pertaining to advances portfolio of banks, issued in August 2003 for banks, non-performing assets are classified as described below:

Sub-Standard Assets. Assets that are non-performing assets for a period not exceeding 18 months (12 months effective year-end fiscal 2004). In such cases, the current net worth of the borrower / guarantor or the current market value of the security charged is not enough to ensure recovery of dues to the banks in full. Such an asset has well-defined credit weaknesses that jeopardize the liquidation of the debt and are characterized by the distinct possibility that the bank will sustain some loss, if deficiencies are not corrected.

Doubtful Assets. Assets that are non-performing assets for more than 18 months. A loan classified as doubtful has all the weaknesses inherent in assets that are classified as sub-standard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently known facts, conditions and values, highly questionable and improbable. With effect from year-end fiscal 2004, an asset will be classified as doubtful if it remains in the sub-standard category for 12 months.

Loss Assets. Assets on which losses have been identified by the bank or internal or external auditors or the Reserve Bank India inspection but the amount has not been written off fully.

There are separate guidelines for projects under implementation which are based on the achievement of financial closure and the date of approval of the project financing.

The Reserve Bank of India also has separate guidelines for restructured loans. A rescheduling of the installments of principal alone does not cause a standard asset to be classified in the sub-standard category provided the loan or credit facility is fully secured. A rescheduling of interest element does not cause an asset to be downgraded to the sub-standard category subject to the condition that the amount of sacrifice, if any, in the element of interest, measured in present value terms, is either written off or provision is made to the extent of the sacrifice involved. In respect of restructured sub-standard accounts, a rescheduling of the installments of principal alone renders a sub-standard asset eligible to be continued in the sub-standard category for the specified period, provided the loan/credit facility is fully secured. A rescheduling of interest element renders a sub-standard asset eligible to be continued to be classified in the sub-standard category for the specified period subject to the condition that the amount of sacrifice, if any, in the element of interest, measured in present value terms, is either written off or provision is made to the extent of the sacrifice involved. The sub-standard accounts which have been subjected to restructuring, whether in respect of principal installment or interest amount, by whatever modality, are eligible to be upgraded to the standard category only after the specified period, i.e., a period of one year after the date when first payment of interest or of principal, whichever is earlier, falls due, subject to satisfactory performance during the period.

To put in place an institutional mechanism for the restructuring of corporate debt, the Reserve Bank of India has devised a corporate debt restructuring system. See “Overview of the Indian Financial Sector – Recent Structural Reforms”.

Provisioning and Write-Offs

Provisions are based on guidelines specific to the classification of the assets. The following guidelines apply to the various asset classifications:

- *Standard Assets.* A general provision of 0.25% is required.
- *Sub-Standard Assets.* A general provision of 10.0% is required.
- *Doubtful Assets.* A 100.0% write-off is required to be taken against the unsecured portion of the doubtful asset and charged against income. The value assigned to the collateral securing a loan is the amount reflected on the borrower's books or the realizable value determined by third party appraisers. In cases where there is a secured portion of the asset, depending upon the period for which the asset remains doubtful, a 20.0% to 50.0% provision is required to be taken against the secured asset as follows:
 - Up to one year: 20.0% provision
 - One to three years: 30.0% provision
 - More than three years: 50.0% provision
- *Loss Assets.* The entire asset is required to be written off or provided for.
- *Restructured Assets.* A provision is made equal to the net present value of the reduction in the rate of interest on the loan over its maturity.

While the provisions indicated above are mandatory, a higher provision in a loan amount would be required if considered necessary.

Regulations relating to Making Loans

The provisions of the Banking Regulation Act govern the making of loans by banks in India. The Reserve Bank of India issues directions covering the loan activities of banks. Some of the major guidelines of Reserve Bank of India, which are now in effect, are as follows:

- The Reserve Bank of India has prescribed norms for bank lending to non-bank financial companies.
- Banks are free to determine their own lending rates but each bank must declare its prime lending rate as approved by its board of directors. Each bank should also indicate the maximum spread over the prime lending rate for all credit exposures other than retail loans. The interest charged by banks on advances up to Rs. 200,000 (US\$ 4,206) to any one entity (other than most retail loans) must not exceed the prime lending rate. Banks are also given freedom to lend at a rate below the prime lending rate in respect of creditworthy borrowers and exposures. Interest rates for certain categories of advances are regulated by the Reserve Bank of India. Currently, separate prime lending rates can be fixed for short-term and long-term credit. However, the Reserve Bank of India has recently proposed the introduction of benchmark prime lending rates based on various parameters including cost of funds, operating expenses, capital charge and profit margin, and discontinuation of the system of prime lending rates linked to the maturity of the credit facility.

With respect to cash credit facilities (revolving asset-backed overdraft facilities for meeting working capital needs), up to 80.0% of the facility can be in the form of a demand loan.

Penalty interest represents additional interest charged over and above the base rate of interest on certain events, including default in the repayment of loans. Penalty interest is not chargeable for loans up to Rs. 25,000 (US\$ 526). For loans over Rs. 25,000 (US\$ 526), penalty interest cannot exceed 2.0%.

There are guidelines on loans against equity shares in respect of amount, margin requirement and purpose.

Directed Lending

Priority Sector Lending

The Reserve Bank of India requires commercial banks to lend a certain percentage of their net bank credit to specific sectors (the priority sectors), such as agriculture, small-scale industry, small businesses and housing finance. Total priority sector advances should be 40.0% of net bank credit with agricultural advances required to be 18.0% of net bank credit and advances to weaker sections required to be 10.0% of net bank credit, and 1.0% of the previous year's net bank credit required to be lent under the Differential Rate of Interest scheme. Any shortfall in the amount required to be lent to the priority sectors may be required to be deposited with government sponsored developmental banks like the National Bank for Agriculture and the Rural Development and Small Industries Development Bank of India. These deposits can be for a period of one year or five years.

The Reserve Bank of India requires banks to lend up to 3.0% of their incremental deposits in the previous fiscal year towards housing finance. This can be in the form of home loans to individuals or subscription to the debentures and bonds of the National Housing Bank and housing development institutions recognized by the government of India.

Prior to the amalgamation, the advances of ICICI were not subject to the requirement applicable to banks in respect of priority sector lending. Pursuant to the terms of the Reserve Bank of India's approval of the amalgamation, ICICI Bank is required to maintain a total of 50.0% of its net bank credit on the residual portion of its advances (i.e., the portion of its total advances excluding advances of ICICI at year-end fiscal 2002) in the form of priority sector advances. This additional requirement of 10.0% by way of priority sector advances will apply until such time as the aggregate priority sector advances reach a level of 40.0% of the total net bank credit of ICICI Bank.

Export Credit

The Reserve Bank of India also requires commercial banks to make loans to exporters at concessional rates of interest. This enables exporters to have access to an internationally competitive financing option. Pursuant to existing guidelines, 12.0% of a bank's net bank credit is required to be in the form of export credit. ICICI Bank provides export credit for pre-shipment and post-shipment requirements of exporter borrowers in rupees and foreign currencies.

Credit Exposure Limits

As a prudent measure aimed at better risk management and avoidance of concentration of credit risk, the Reserve Bank of India has prescribed credit exposure limits for banks and long-term lending institutions in respect of their lending to individual borrowers and to all companies in a single group (or sponsor group).

The limits set by the Reserve Bank of India are as follows:

1. Exposure ceiling for a single borrower is 15.0% of capital funds effective from March 31, 2002. Group exposure limit is 40.0% of capital funds effective from March 31, 2002. In case of financing for infrastructure projects, the exposure limit is extendable by another 10.0%, i.e., up to 50.0% of capital funds.
2. Capital funds is the total capital as defined under capital adequacy standards (Tier 1 and Tier 2 capital).
3. Non-fund based exposures are calculated at 100.0% and in addition, banks include forward contracts in foreign exchange and other derivative products, like currency swaps and options,

at their replacement cost value in determining individual or group borrower exposure ceilings, effective from April 1, 2003.

Credit exposure is the aggregate of:

1. all types of funded and non-funded credit limits,
2. facilities extended by way of equipment leasing, hire purchase finance and factoring services,
3. advances against shares, debentures, bonds and units of mutual funds to stock brokers and market makers,
4. bank loan for financing promoters' contributions, and
5. bridge loans against equity flows/issues.

At year-end fiscal 2003, ICICI Bank was in compliance with these limits, except in the case of two borrowers to whom its exposures are in excess of the single borrower exposure limit. This is mainly due to the write-down of ICICI's reserves pursuant to the fair valuation of ICICI's assets for the purpose of accounting for the amalgamation under Indian GAAP. ICICI had not exceeded the limit at the time of providing the assistance. The Reserve Bank of India has granted approval for exceeding the norms in the case of these two borrowers until the date of completion or stabilization of the projects.

To ensure that exposures are evenly spread, the Reserve Bank of India requires banks to fix internal limits of exposure to specific sectors. These limits are subject to periodical review by the banks. ICICI Bank has fixed a ceiling of 15.0% on its exposure to any one industry (other than retail loans) and monitors its exposures accordingly.

Regulations relating to Investments and Capital Market Exposure Limits

There are no limits on the amount of investments by banks in non-convertible debt instruments. However, credit exposure limits specified by the Reserve Bank of India in respect of lending to individual borrowers and borrower groups also apply in respect of these investments.

Pursuant to the Reserve Bank of India guidelines, the exposure of banks to capital markets by way of investments in shares, convertible debentures, units of equity oriented mutual funds and loans to brokers, should not exceed 5.0% of outstanding domestic credit (excluding inter-bank lending and advances outside India) at March 31 of the previous fiscal year and investments in shares, convertible debentures and units of equity oriented mutual funds should not exceed 20.0% of the bank's net worth. These guidelines were revised on May 11, 2001 specifying the types of capital market exposure that could be undertaken by banks. Further, the 5.0% ceiling is now required to be computed in relation to the total advances (including commercial paper) at March 31 of the previous fiscal year. Pursuant to the terms of the Reserve Bank of India's approval for the amalgamation, ICICI's project finance related investments are excluded from the computation of these limits for a period of five years.

In April 1999, the Reserve Bank of India, in its monetary and credit policy, stated that the investment by a bank in subordinated debt instruments, representing Tier 2 capital, issued by other banks and financial institutions should not exceed 10.0% of the investing bank's capital including Tier 2 capital and free reserves.

Consolidated Supervision Guidelines

In fiscal 2003, the Reserve Bank of India issued guidelines for consolidated accounting and consolidated supervision for banks. These guidelines became effective April 1, 2003. The principal features of these guidelines are:

Consolidated Financial Statements. Banks are required to prepare consolidated financial statements intended for public disclosure.

Consolidated Prudential Returns. Banks are required to submit to the Reserve Bank of India, consolidated prudential returns reporting their compliance with various prudential norms on a consolidated basis, excluding insurance subsidiaries. Compliance on a consolidated basis is required in respect of the following main prudential norms:

- Single borrower exposure limit of 15.0% of capital funds (20.0% of capital funds provided the additional exposure of up to 5.0% is for the purpose of financing infrastructure projects);
- Borrower group exposure limit of 40.0% of capital funds (50.0% of capital funds provided the additional exposure of up to 10.0% is for the purpose of financing infrastructure projects);
- Deduction from Tier 1 capital of the bank, of any shortfall in capital adequacy of a subsidiary for which capital adequacy norms are specified; and
- Consolidated capital market exposure limit of 2.0% of consolidated advances and 10.0% of consolidated net worth.

ICICI Bank is in compliance with these guidelines, except for the consolidated capital market exposure limits. ICICI Bank has submitted to the Reserve Bank of India that the limit of 2.0% of consolidated advances and 10.0% of consolidated net worth effectively reduces the standalone capital market exposure limit of 5.0% of advances and 20.0% of net worth. On a consolidated basis, ICICI Bank has exceeded the exposure limits in respect of two borrowers. The Reserve Bank of India has granted approval for exceeding the norms in these two cases. See also “-Credit Exposure Limits”.

Banks’ Investment Classification and Valuation Norms

Based on the comments to the Report of the Informal Group on Banks’ Investment Portfolio, the Reserve Bank of India finalized its guidelines on categorization and valuation of banks’ investment portfolio. These guidelines were effective from September 30, 2000. The salient features of the guidelines are given below:

- The entire investment portfolio is required to be classified under three categories: (a) held to maturity, (b) held for trading and (c) available for sale. Held to maturity includes securities acquired with the intention of being held up to maturity; held for trading includes securities acquired with the intention of being traded to take advantage of the short-term price/interest rate movements; and available for sale includes securities not included in held to maturity and held for trading. Banks should decide the category of investment at the time of acquisition.
- Held to maturity investments compulsorily include (a) recapitalization bonds, (b) investments in subsidiaries and joint ventures and (c) investments in debentures deemed as advance. Held to maturity investments also include any other investment identified for inclusion in this category subject to the condition that such investments cannot exceed 25.0% of the total investment excluding recapitalization bonds and debentures.
- Profit on the sale of investments in the held to maturity category is appropriated to the capital reserve account after being taken in the income statement. Loss on any sale is recognized in the income statement.
- The market price of the security available from the stock exchange, the price of securities in subsidiary general ledger transactions, the Reserve Bank of India price list or prices declared by Primary Dealers Association of India (PDAI) jointly with the Fixed Income Money Market and Derivatives Association of India (FIMMDA) serves as the “market value” for investments in available for sale and held for trading securities.

- Investments under the held for trading category should be sold within 90 days; in the event of inability to sell due to adverse factors including tight liquidity, extreme volatility or a unidirectional movement in the market, the unsold securities should be shifted to the available for sale category.
- Profit or loss on the sale of investments in both held for trading and available for sale categories is taken in the income statement.
- Shifting of investments from or to held to maturity may be done with the approval of the board of directors once a year, normally at the beginning of the accounting year; shifting of investments from available for sale to held for trading may be done with the approval of the board of directors, the Asset Liability Management Committee or the Investment Committee; shifting from held for trading to available for sale is generally not permitted.
- The Reserve Bank of India no longer announces the yield to maturity rates on unquoted government of India securities for the purpose of valuation of investments by banks.

Held to maturity securities are not marked to market and are carried at acquisition cost or at an amortized cost if acquired at a premium over the face value.

Available for sale and held for trading securities are valued at market or fair value as at the balance sheet date. Depreciation or appreciation for each basket within the available for sale and held for trading categories is aggregated. Net appreciation in each basket, if any, that is not realized is ignored, while net depreciation is provided for.

With a view to the building up of adequate reserves to guard against any possible reversal of interest rate environment in the future due to unexpected developments, the Reserve Bank of India has advised banks to build up an investment fluctuation reserve of a minimum of 5.0% of the bank's investment portfolio within a period of five years starting fiscal 2002. This reserve has to be computed with respect to investments in held for trading and available for sale categories. It is not necessary to include investments under the held to maturity category for the purpose of building up this reserve.

Restrictions on Investments in a Single Company

No bank may hold shares in any company exceeding 30.0% of the paid up share capital of that company or 30.0% of its own paid up share capital and reserves, whichever is less.

Limit on Transactions through Individual Brokers

Guidelines issued by the Reserve Bank of India require banks to empanel brokers for transactions in securities. These guidelines also require that a disproportionate part of the bank's business should not be transacted only through one broker or a few brokers. The Reserve Bank of India specifies that not more than 5.0% of the total transactions through empanelled brokers can be transacted through one broker. If for any reason this limit is breached, the Reserve Bank of India has stipulated that the board of directors of the bank concerned should ratify such action.

Prohibition on Short-Selling

The Reserve Bank of India does not permit short selling of securities by banks.

Regulations relating to Deposits

The Reserve Bank of India has permitted banks to independently determine rates of interest offered on term deposits. However, banks are not permitted to pay interest on current account deposits. Further, banks may only pay interest of up to 3.5% per annum on savings deposits. In respect of savings and time deposits accepted from employees, ICICI Bank is permitted by the Reserve Bank of India to pay an additional interest of 1.0% over the interest payable on deposits from the public.

Domestic time deposits have a minimum maturity of 15 days (seven days in respect of deposits over Rs. 1.5 million (US\$ 31,546) with effect from April 19, 2001) and a maximum maturity of 10 years. Time deposits from non-resident Indians denominated in foreign currency have a minimum maturity of one year and a maximum maturity of three years. The minimum balance for opening a Foreign Currency Non Resident (FCNR) deposit is US \$ 1,000, GBP 1,000, Euro 1,000 or JPY 200,000 as appropriate.

Starting April 1998, the Reserve Bank of India has permitted banks the flexibility to offer varying rates of interests on domestic deposits of the same maturity subject to the following conditions:

- Time deposits are of Rs. 1.5 million (US\$ 31,546) and above; and
- Interest on deposits is paid in accordance with the schedule of interest rates disclosed in advance by the bank and not pursuant to negotiation between the depositor and the bank.

ICICI Bank stipulates a minimum balance of Rs. 10,000 (US\$ 210) for a non-resident rupee savings deposit (NRE deposit). Interest of 3.5% is paid on deposits up to Rs. 25,000 (US\$ 526). The principal amount in excess of that earns the interest applicable to fixed deposits. The Reserve Bank of India has, effective September 15, 2003, stipulated that the interest rate on NRE deposits should not exceed 100 basis points over the US dollar LIBOR/ swap rates for the corresponding maturity.

Deposit Insurance

Demand and time deposits of up to Rs. 100,000 (US\$ 2,103) accepted by Indian banks have to be mandatorily insured with the Deposit Insurance and Credit Guarantee Corporation, a wholly-owned subsidiary of the Reserve Bank of India. Banks are required to pay the insurance premium for the eligible amount to the Deposit Insurance and Credit Guarantee Corporation on a semi-annual basis. The cost of the insurance premium cannot be passed on to the customer.

Regulations relating to Knowing the Customer and Anti-Money Laundering

The Reserve Bank of India has issued several guidelines relating to identification of depositors and has advised banks to put in place systems and procedures to control financial frauds, identify money laundering and suspicious activities, and monitor high value cash transactions. The Reserve Bank of India has also issued guidelines from time to time advising banks to be vigilant while opening accounts for new customers to prevent misuse of the banking system for perpetration of frauds.

The Reserve Bank of India requires banks to open accounts only after verifying the identity of customers as to their name, residence and other details to ensure that the account is being opened by the customer in his own name. To open an account, a prospective customer is required to be introduced by an existing customer who has had his own account with the bank for at least six months duration and has satisfactorily conducted that account, or a well-known person in the local area where the prospective customer is residing.

If the prospective customer does not have an introducer, the prospective customer is required to submit documents such as his identity card, passport or details of bank accounts with other banks.

The Prevention of Money Laundering Act, 2002 has been passed by Indian Parliament and has received the assent of the President of India on January 17, 2003. However the provisions of the Act shall come into force and effect only on dates notified by the Indian government, which has not so far notified these dates. The Act seeks to prevent money laundering and to provide for confiscation of property derived from, or involved in, money laundering and for incidental and connected matters.

Legal Reserve Requirements

Cash Reserve Ratio

A banking company such as ICICI Bank is required to maintain a specified percentage of its demand and time liabilities, excluding inter-bank deposits, by way of cash reserve with itself and by way of balance in current account with the Reserve Bank of India. The cash reserve ratio can be a minimum of 3.0% and a maximum of 20.0% pursuant to section 42 of the Reserve Bank of India Act. At present, the cash reserve ratio is 4.5%.

The following liabilities are excluded from the calculation of the cash reserve ratio:

- inter-bank liabilities;
- liabilities to primary dealers; and
- refinancing from the Reserve Bank of India and other institutions permitted to offer refinancing to banks.

The Reserve Bank of India pays no interest on the cash reserves up to 3.0% of the demand and time liabilities and pays interest at the bank rate, currently 6.0%, on the balance.

The cash reserve ratio has to be maintained on an average basis for a fortnightly period and should not be below 50.0% of the required cash reserve ratio for the first seven days of the fortnight and 70.0% for any day of the rest of the fortnight, except the last business day of the fortnight. On the last business day of the fortnight, no restrictions apply.

Statutory Liquidity Ratio

In addition to the cash reserve ratio, a banking company such as ICICI Bank is required to maintain a specified percentage of its net demand and time liabilities by way of liquid assets like cash, gold or approved securities. The percentage of this liquidity ratio is fixed by the Reserve Bank of India from time to time, and it can be a minimum of 25.0% and a maximum of 40.0% pursuant to section 24 of the Banking Regulation Act. At present, the Reserve Bank of India requires banking companies to maintain a liquidity ratio of 25.0%. The Banking Regulation (Amendment) and Miscellaneous Provisions Bill, 2003 recently introduced in the Indian Parliament proposes to amend section 24 of the Banking Regulation Act to remove the minimum Statutory Liquidity Ratio stipulation, thereby giving the Reserve Bank of India the freedom to fix the Statutory Liquidity Ratio below this level. See also “Overview of the Indian Financial Sector – Recent Structural Reforms – Proposed Amendments to the Banking Regulation Act”.

Regulations on Asset Liability Management

At present, the Reserve Bank of India’s regulations for asset liability management require banks to draw up asset-liability gap statements separately for rupee and for four major foreign currencies. These gap statements are prepared by scheduling all assets and liabilities according to the stated and anticipated re-pricing date, or maturity date. These statements have to be submitted to the Reserve Bank of India on a quarterly basis. The Reserve Bank of India has advised banks to actively monitor the difference in the amount of assets and liabilities maturing or being re-priced in a particular period and place internal prudential limits on the gaps in each time period, as a risk control mechanism. Additionally, the Reserve Bank of India has asked banks to manage their asset-liability structure such that the negative liquidity gap in the 1-14 day and 15–28 day time periods does not exceed 20.0% of cash outflows in these time periods. This 20.0% limit on negative gaps was made mandatory with effect from April 1, 2000.

Foreign Currency Dealership

The Reserve Bank of India has granted ICICI Bank a full-fledged authorized dealers' license to deal in foreign exchange through its designated branches. Under this license, ICICI Bank has been granted permission to:

- engage in foreign exchange transactions in all currencies;
- open and maintain foreign currency accounts abroad;
- raise foreign currency and rupee denominated deposits from non resident Indians;
- grant foreign currency loans to on-shore and off-shore corporations;
- open documentary credits;
- grant import and export loans;
- handle collection of bills, funds transfer services;
- issue guarantees; and
- enter into derivative transactions and risk management activities that are incidental to its normal functions authorized under its organizational documents.

ICICI Bank's foreign exchange operations are subject to the guidelines specified by the Reserve Bank of India in the exchange control manual. As an authorized dealer, ICICI Bank is required to enroll as a member of the Foreign Exchange Dealers Association of India, which prescribes the rules relating to foreign exchange business in India.

Authorized dealers, like ICICI Bank, are required to determine their limits on open positions and maturity gaps in accordance with the Reserve Bank of India's guidelines and these limits are approved by the Reserve Bank of India. Further, ICICI Bank is permitted to hedge foreign currency loan exposures of Indian corporations in the form of interest rate swaps, currency swaps and forward rate agreements, subject to certain conditions.

Statutes Governing Foreign Exchange and Cross-Border Business Transactions

The foreign exchange and cross border transactions undertaken by banks are subject to the provisions of the Foreign Exchange Management Act. All branches should monitor all non-resident accounts to prevent money laundering.

Requirements of the Banking Regulation Act

Prohibited Business

The Banking Regulation Act specifies the business activities in which a bank may engage. Banks are prohibited from engaging in business activities other than the specified activities.

Reserve Fund

Any bank incorporated in India is required to create a reserve fund to which it must transfer not less than 25.0% of the profits of each year before dividends. If there is an appropriation from this account, the bank is required to report the same to the Reserve Bank of India within 21 days, explaining the circumstances leading to such appropriation. The government of India may, on the recommendation of the Reserve Bank of India, exempt a bank from requirements relating to its reserve fund.

Restrictions on Payment of Dividends

Pursuant to the provisions of the Banking Regulation Act, a bank can pay dividends on its shares only after all its capitalized expenses (including preliminary expenses, organization expenses, share

selling commission, brokerage, amounts of losses and any other item of expenditure not represented by tangible assets) have been completely written off. The government of India may exempt banks from this provision by issuing a notification on the recommendation of the Reserve Bank of India. ICICI Bank obtained approval to write off, over a period of three years including fiscal 2002, its issue expenses incurred in respect of its ADS program for preparing its accounts as provided under the Banking Regulation Act.

Prior approval of the Reserve Bank of India is required for a dividend payment above 25.0% of face value of a company's shares or for an interim dividend payment.

The government of India may, on the recommendation of the Reserve Bank of India, exempt a bank from the restrictions on dividend payment.

Restriction on Share Capital and Voting Rights

Banks can issue only ordinary shares. The Banking Regulation Act specifies that no shareholder in a banking company can exercise voting rights on poll in excess of 10.0% of total voting rights of all the shareholders of the banking company.

Only banks incorporated before January 15, 1937 can issue preferential shares. Prior to the amalgamation, ICICI had preference share capital of Rs. 3.5 billion (US\$ 74 million). The government of India, on the recommendation of the Reserve Bank of India, has granted an exemption to ICICI Bank which allows the inclusion of preference capital in the capital structure of ICICI Bank for a period of five years, though ICICI Bank is a bank incorporated after January 15, 1937.

Legislation recently introduced in the Indian Parliament proposes to amend the Banking Regulation Act to remove the limit of 10.0% on the maximum voting power exercisable by an shareholder in a banking company and allow banks to issue redeemable and non-redeemable preference shares. See also "Overview of the Indian Financial Sector – Recent Structural Reforms – Proposed Amendments to the Banking Regulation Act".

Regulatory Reporting and Examination Procedures

The Reserve Bank of India is empowered under the Banking Regulation Act to inspect a bank. The Reserve Bank of India monitors prudential parameters at quarterly intervals. To this end and to enable off-site monitoring and surveillance by the Reserve Bank of India, banks are required to report to the Reserve Bank of India on aspects such as:

- assets, liabilities and off-balance sheet exposures;
- the risk weighting of these exposures, the capital base and the capital adequacy ratio;
- the unaudited operating results for each quarter;
- asset quality;
- concentration of exposures;
- connected and related lending and the profile of ownership, control and management; and
- other prudential parameters.

The Reserve Bank of India also conducts periodical on-site inspections on matters relating to the bank's portfolio, risk management systems, internal controls, credit allocation and regulatory compliance, at intervals ranging from one to three years. ICICI Bank has been and at present also, is, subject to the on-site inspection by the Reserve Bank of India at yearly intervals. The inspection report, along with the report on actions taken by ICICI Bank, has to be placed before the board of directors. On approval by the board of directors, ICICI Bank is required to submit the report on actions taken by it to the Reserve Bank of India. The Reserve Bank of India also discusses the report with the management team including the Managing Director and Chief Executive Officer.

The Reserve Bank of India also conducts on-site supervision of selected branches of ICICI Bank with respect to their general operations and foreign exchange related transactions.

Appointment and Remuneration of the Chairman, Managing Director and Other Directors

ICICI Bank is required to obtain prior approval of the Reserve Bank of India before it appoints its chairman and managing director and any other wholtime directors and fixes their remuneration. The Reserve Bank of India is empowered to remove an appointee to the posts of chairman, managing director and wholtime directors on the grounds of public interest, interest of depositors or to ensure the proper management of ICICI Bank. Further, the Reserve Bank of India may order meetings of ICICI Bank's board of directors to discuss any matter in relation to ICICI Bank, appoint observers to such meetings and in general may make such changes to the management as it may deem necessary and may also order the convening of a general meeting of the shareholders of ICICI Bank to elect new directors.

Penalties

The Reserve Bank of India may impose penalties on banks and its employees in case of infringement of regulations under the Banking Regulation Act. The penalty may be a fixed amount or may be related to the amount involved in any contravention of the regulations. The penalty may also include imprisonment.

Restriction on Transfer of Shares

The Reserve Bank of India's approval is required for the transfer of shares of ICICI Bank to an individual or a group which acquires 5.0% or more of ICICI Bank's total paid up capital.

Assets to be Maintained in India

Every bank is required to ensure that its assets in India (including import-export bills drawn in India and Reserve Bank of India approved securities, even if the bills and the securities are held outside India) are not less than 75.0% of its demand and time liabilities in India.

Secrecy Obligations

ICICI Bank's obligations relating to maintaining secrecy arise out of common law principles governing its relationship with its customers. ICICI Bank cannot disclose any information to third parties except under clearly defined circumstances. The following are the exceptions to this general rule:

- where disclosure is required to be made under any law;
- where there is an obligation to disclose to the public;
- where ICICI Bank needs to disclose information in its interest; and
- where disclosure is made with the express or implied consent of the customer.

ICICI Bank is required to comply with the above in furnishing any information to any parties. ICICI Bank is also required to disclose information if ordered to do so by a court. The Reserve Bank of India may, in the public interest, publish the information obtained from the bank. Under the provisions of the Banker's Books Evidence Act, a copy of any entry in a bankers' book, such as ledgers, day books, cash books and account books certified by an officer of the bank may be treated as prima facie evidence of the transaction in any legal proceedings.

Regulations and Guidelines of the Securities and Exchange Board of India

The Securities and Exchange Board of India was established to protect the interests of public investors in securities and to promote the development of, and to regulate, the Indian securities

market. ICICI Bank is subject to Securities and Exchange Board of India regulations for its capital issuances, as well as its underwriting, custodial, depository participant, investment banking, registrar and transfer agents, brokering and debenture trusteeship activities. These regulations provide for its registration with the Securities and Exchange Board of India for each of these activities, functions and responsibilities. ICICI Bank is required to adhere to a code of conduct applicable for these activities.

Public Financial Institution Status

ICICI was a public financial institution under the Indian Companies Act, 1956. The special status of public financial institutions is also recognized under other statutes including the Indian Income-tax Act, 1961, Sick Industrial Companies (Special Provisions) Act, 1985 and Recovery of Debts Due to Banks and Financial Institutions Act, 1993. ICICI Bank is not a public financial institution. As a public financial institution, ICICI was entitled to certain benefits under various statutes. These benefits included the following:

- For income tax purposes, ICICI's deposits and bonds were prescribed modes for investing and depositing surplus money by charitable and religious trusts. Since ICICI Bank is a scheduled bank, its deposits and bonds are also prescribed modes for investment by religious and charitable trusts.
- The government of India had permitted non-government provident, superannuation and gratuity funds to invest up to 40.0% of their annual accretion of funds in bonds and securities issued by public financial institutions. Further, the trustees of these funds could at their discretion invest an additional 20.0% of such accretions in these bonds and securities. These funds can invest up to only 10.0% of their annual accretion in bonds and securities issued by private sector banks, such as ICICI Bank.
- Indian law provides that a public financial institution cannot, except as provided by law or practice, divulge any information relating to, or to the affairs of, its customers. ICICI Bank has similar obligations relating to maintaining secrecy arising out of common law principles governing its relationship with its customers.
- The Recovery of Debts Due to Banks and Financial Institutions Act, 1993 provides for establishment of debt recovery tribunals for recovery of debts due to any bank or public financial institution or to a consortium of banks and public financial institutions. Under this Act, the procedures for recoveries of debt were simplified and time frames were fixed for speedy disposal of cases. Upon establishment of the debt recovery tribunal, no court or other authority can exercise jurisdiction in relation to matters covered by this Act, except the higher courts in India in certain circumstances. This Act applies to banks as well as public financial institutions and therefore applies to ICICI Bank.

ICICI's cessation as a public financial institution would have constituted an event of default under certain of ICICI's loan agreements related to its foreign currency borrowings. Prior to the amalgamation becoming effective, such event of default was waived by the respective lenders pursuant to the terms of such foreign currency borrowing agreements.

Income Tax Benefits

As a banking company, ICICI Bank is entitled to certain tax benefits under the Indian Income-tax Act including the following:

- ICICI Bank is allowed a deduction of up to 40.0% of its taxable business income derived from the business of long-term financing (defined as loans and advances extended for a period of not less than five years) which is transferred to a special reserve, provided that the total amount of this reserve does not exceed two times the paid-up share capital and general reserves. ICICI Bank is entitled to this benefit because it is a financial corporation. Effective fiscal 1998, if a special reserve is created, it must be maintained and if it is utilized, it is treated as taxable income in the year in which it is utilized.

- ICICI Bank is entitled to a tax deduction on the provisioning towards bad and doubtful debts equal to 7.5% of ICICI Bank's total business income, computed before making any deductions permitted pursuant to the Indian Income-tax Act, to the extent of 10.0% of the aggregate average advances made by its rural branches computed in the manner prescribed. ICICI Bank has the option of claiming a deduction in respect of the provision made by it for any assets classified pursuant to the Reserve Bank of India's guidelines as doubtful or loss assets to the extent of 10.0% of the amount of such assets as on the last day of the year.
- ICICI Bank is eligible to issue tax saving bonds approved in accordance with the provisions of the Indian Income-tax Act. The subscription to such bonds by certain categories of investors is a prescribed mode of investing for the purposes of availing of a tax rebate.
- For income tax purposes, ICICI Bank's deposits and bonds are prescribed modes of investing and depositing surplus money by charitable and religious trusts.
- The income of non-resident persons and persons not ordinarily resident in India, by way of interest on ICICI Bank's deposits in a foreign currency qualifying under section 10(15)(iv)(fa) is exempt from tax.

Regulations governing Insurance Companies

ICICI Prudential Life Insurance Company and ICICI Lombard General Insurance Company, the subsidiaries of ICICI Bank offering life insurance and non-life insurance respectively, are subject to the provisions of the Insurance Act, 1938 and the various regulations prescribed by the Insurance Regulatory and Development Authority. These regulations regulate and govern, among other things, registration as an insurance company, investment, licensing of insurance agents, advertising, sale and distribution of insurance products and services and protection of policyholders' interests. In May 2002, the Indian parliament approved the Insurance (Amendment) Act 2002, which facilitates the appointment of corporate agents by insurance companies and prohibits intermediaries and brokers from operating as surrogate insurance agents.

EXCHANGE CONTROLS

Restrictions on Conversion of Rupees

There are restrictions on the conversion of rupees into dollars. Before February 29, 1992, the Reserve Bank of India determined the official value of the rupee in relation to a weighted basket of currencies of India's major trading partners. In the February 1992 budget, a new dual exchange rate mechanism was introduced by allowing conversion of 60.0% of the foreign exchange received on trade or current account at a market-determined rate and the remaining 40.0% at the official rate. All importers were, however, required to buy foreign exchange at the market rate except for certain specified priority imports. In March 1993, the exchange rate was unified and allowed to float. In February 1994 and again in August 1994, the Reserve Bank of India announced relaxations in payment restrictions in case of a number of transactions. Since August 1994, the government of India has substantially complied with its obligations owed to the International Monetary Fund, under which India is committed to refrain from using exchange restrictions on current international transactions as an instrument in managing the balance of payments. Effective July 1995, the process of current account convertibility was advanced by relaxing restrictions on foreign exchange for various purposes, such as foreign travel and medical treatment.

In December 1999, the Indian parliament passed the Foreign Exchange Management Act, 1999, which became effective on June 1, 2000, replacing the earlier Foreign Exchange Regulation Act, 1973. This legislation indicates a major shift in the policy of the government with regard to foreign exchange management in India. While the Foreign Exchange Regulation Act, 1973 was aimed at the conservation of foreign exchange and its utilization for the economic development of the country, the objective of the Foreign Exchange Management Act, 1999 is to facilitate external trade and promote the orderly development and maintenance of the foreign exchange market in India.

The Foreign Exchange Management Act, 1999 regulates transactions involving foreign exchange and provides that certain transactions cannot be carried out without the general or special permission of the Reserve Bank of India. The Foreign Exchange Management Act, 1999 has eased restrictions on current account transactions. However, the Reserve Bank of India continues to exercise control over capital account transactions (*i.e.*, those which alter the assets or liabilities, including contingent liabilities, of persons). The Reserve Bank of India has issued regulations under the Foreign Exchange Management Act, 1999 to regulate the various kinds of capital account transactions, including certain aspects of the purchase and issuance of shares of Indian companies.

Restrictions on Sale of the Equity Shares underlying the ADSs and Repatriation of Sale Proceeds

ADSs issued by Indian companies to non-residents have free transferability outside India. However, under Indian regulations and practice, the approval of the Reserve Bank of India is required for the sale of equity shares underlying the ADSs by a non-resident of India to a resident of India as well as for renunciation of rights to a resident of India. However sale of such shares under the portfolio investment scheme prescribed by the Reserve Bank of India, does not require the approval of the Reserve Bank of India provided the same is made on a recognized stock exchange and through a registered stock broker.

If the prior approval of the Reserve Bank of India has been obtained for the sale of the equity shares underlying the ADSs, then the sale proceeds may be remitted in terms of such an approval. However, if the equity shares underlying the ADSs are sold under the portfolio investment scheme then the sale proceeds may be remitted through an authorized dealer, without the approval of the Reserve Bank of India provided that the equity shares are sold on a recognized stock exchange through a registered stock broker and a no objection/ tax clearance certificate from the income-tax authority has been produced.

After the announcement of India's budget for fiscal 2002, the Reserve Bank of India issued certain notifications for the liberalization of the capital account. Pursuant to the notifications, in contrast to prior regulations, two-way fungibility in ADS/GDR issues of Indian companies has been introduced, subject to sectoral caps, wherever applicable.

An Indian company may sponsor an issue of ADSs with an overseas depository against shares held by its shareholders at a price to be determined by the lead manager. The proceeds of the issue shall be repatriated to India within a period of one month. The sponsoring company must comply with the provisions of the Scheme for Issue of Foreign Currency Convertible Bonds and Ordinary Shares (Through Depository Receipt Mechanism) Scheme, 1993 and the guidelines issued thereunder by the government of India from time to time. The sponsoring company must also furnish full details of the issue in the prescribed forms to the Reserve Bank of India within 30 days from the date of closure of the issue.

The Reserve Bank of India has issued a notification under the provisions of the Foreign Exchange Management Act, 1999 permitting a registered broker in India to purchase shares of any Indian company on behalf of a person resident outside India, for the purpose of converting the shares so purchased into ADSs provided that:

- the shares are purchased on a recognized stock exchange;
- the Indian company has issued ADSs;
- the shares are purchased with the permission of the custodian of the ADSs of the concerned Indian company and are deposited with the custodian;
- the number of shares so purchased shall not exceed the number of ADSs converted into underlying shares and shall be subject to sectoral caps as applicable; and
- the non-resident investor, broker, custodian and the overseas depository comply with the provisions of the Scheme for Issue of Foreign Currency Convertible Bonds and Ordinary Shares (through Depository Receipt Mechanism) Scheme, 1993 and the guidelines issued thereunder by the government of India from time to time.

On November 23, 2002, the government of India's Ministry of Finance issued Operative Guidelines for Disinvestment of Shares by the Indian Companies in the Overseas Market through the Issue of ADSs. Under these guidelines, the shareholders may divest their holdings in the overseas market through the mechanism of a sponsored ADS issue by the Indian company. The holdings which may be divested are holdings in Indian companies which are listed either in India or on an overseas exchange.

The divestment process is initiated when the Indian company whose shares are being offered for divestment in the overseas market sponsors an ADS issue against the block of existing shares offered by the shareholders under these guidelines. Such ADS issues against existing shares offered for divestment must also comply with the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 1997, if the ADSs are cancelled and the underlying shares are to be registered with the company. Such divestment would result in foreign equity investment and would also need to conform to the foreign direct investment sectoral policy. All mandatory approvals including those under the Companies Act, 1956 and the approval of the Foreign Investment Promotion Board for foreign equity induction through the offer of existing shares would have to be obtained.

The Reserve Bank of India has permitted Indian companies to retain abroad for any period, the funds raised through an issue of ADSs, in order to meet their future foreign exchange requirement. Further, pending repatriation or utilization, the Indian company may invest the foreign currency funds raised in:

- deposits or certificates of deposit or other products offered by banks who have been rated not less than AA(-) by Standard and Poor's Ratings Service/Fitch IBCA or Aa3 by Moody's Investors Service;
- deposits with an overseas branch of an authorized dealer in India; and
- treasury bills and other monetary instruments of one-year maturity having a minimum rating as indicated above.

The Reserve Bank of India has permitted resident shareholders of Indian companies, who offer their shares for conversion to ADSs, to receive the sale proceeds in foreign currency. However, the conversion to such ADSs should have the approval of the Foreign Investment Promotion Board. Further, the sale proceeds received by residents are also permitted to be credited to their Exchange Earners' Foreign Currency/Resident Foreign Currency (Domestic) accounts or to their rupee accounts in India at their option.

MARKET PRICE INFORMATION

Equity Shares

Our outstanding equity shares are currently listed and traded on the Chennai, Delhi, Kolkata and Vadodara Stock Exchanges, the Bombay Stock Exchange or the BSE and on the National Stock Exchange of India Limited or the NSE. We have received shareholder approval in our Annual General Meeting held on August 25, 2003 for the delisting of our equity shares from the Chennai, Delhi, Kolkata and Vadodara stock exchanges. At September 5, 2003, 613.2 million equity shares were outstanding. The prices for equity shares as quoted in the official list of each of the Indian stock exchanges are in Indian rupees.

The following table shows:

- the reported high and low closing prices quoted in rupees for our equity shares on the NSE; and
- the reported high and low closing prices for our equity shares, translated into US dollars, based on the noon buying rate on the last business day of each period presented.

	Price per equity share ⁽¹⁾			
	High	Low	High	Low
Annual prices:				
Fiscal 1999	Rs. 65.00	Rs. 20.75	US\$ 1.53	US\$ 0.49
Fiscal 2000	275.00	22.70	6.30	0.52
Fiscal 2001	279.65	189.70	5.97	4.05
Fiscal 2002	193.50	66.75	3.96	1.37
Fiscal 2003	161.75	110.55	3.40	2.32
Quarterly prices:				
Fiscal 2002:				
First Quarter	193.50	124.60	4.11	2.65
Second Quarter	140.00	66.75	2.92	1.39
Third Quarter	114.55	71.50	2.37	1.48
Fourth Quarter	144.90	85.95	2.97	1.76
Fiscal 2003:				
First Quarter	161.75	111.70	3.31	2.27
Second Quarter	154.50	132.30	3.19	2.73
Third Quarter	149.50	110.55	3.11	2.30
Fourth Quarter	149.95	132.65	3.15	2.79
Fiscal 2004:				
First Quarter	150.15	120.80	3.24	2.60
Second Quarter (through September 5, 2003)	187.60	145.10	4.09	3.16
Monthly prices:				
March 2003	149.85	132.90	3.15	2.80
April 2003	138.90	121.15	2.93	2.56
May 2003	138.80	120.80	2.95	2.57
June 2003	150.15	136.75	3.24	2.95
July 2003	163.20	145.10	3.54	3.14
August 2003	183.70	147.15	4.00	3.21

(1) Data from the NSE. The prices quoted on the BSE and other stock exchanges may be different.

On September 5, 2003, the closing price of equity shares on the NSE was Rs. 182.9 equivalent to US\$ 3.99 per equity share (US\$ 7.98 per ADS on an imputed basis) translated at the noon buying rate of Rs. 45.88 per US\$ 1.00 on September 5, 2003.

At September 5, 2003, there were approximately 535,875 holders of record of equity shares, of which 123 had registered addresses in the United States and held an aggregate of approximately 104,692 equity shares.

ADSs

Our ADSs, each representing two equity shares, were originally issued in March 2000 in a public offering and are listed and trade on the New York Stock Exchange under the symbol IBN. The equity shares underlying the ADSs have been listed on the Calcutta, Chennai, Delhi and Vadodara Stock Exchanges, the BSE and the NSE. We have received shareholder approval in our Annual General Meeting held on August 25, 2003 for the delisting of our equity shares from the Chennai, Delhi, Kolkata and Vadodara stock exchanges.

At September 5, 2003, ICICI Bank had approximately 79.9 million ADSs, equivalent to 159.9 million equity shares, outstanding. At this date, there were 25 record holders of ICICI Bank's ADSs, all of which have registered addresses in the United States.

The following table sets forth, for the periods indicated, the reported high and low closing prices on the New York Stock Exchange for the outstanding ICICI Bank ADSs traded under the symbol IBN.

	Price per ADS	
	High	Low
Fourth Quarter (from March 28, 2000)	US\$ 15.38	US\$ 14.38
Annual prices:		
Fiscal 2001	18.75	4.62
Fiscal 2002	7.50	2.50
Fiscal 2003	7.94	4.52

July 2003	8.33	6.91
August 2003	9.90	7.70

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

India strictly regulates ownership of Indian companies by foreigners. Foreign investment in Indian securities, including the equity shares represented by the ADSs, is generally regulated by the Foreign Exchange Management Act, 1999, which permits transactions involving the inflow or outflow of foreign exchange and empowers the Reserve Bank of India to prohibit or regulate such transactions.

The Foreign Exchange Management Act, 1999 regulates transactions involving foreign exchange and provides that certain transactions cannot be carried out without the general or special permission of the Reserve Bank of India. The Foreign Exchange Management Act, 1999 has eased restrictions on current account transactions. However, the Reserve Bank of India continues to exercise control over capital account transactions (*i.e.*, those which alter the assets or liabilities, including contingent liabilities, of persons). The Reserve Bank of India has issued regulations under the Foreign Exchange Management Act, 1999 to regulate the various kinds of capital account transactions, including certain aspects of the purchase and issuance of shares of Indian companies.

An Indian company may sponsor an issue of ADSs with an overseas depository against shares held by its shareholders at a price to be determined by the lead manager. The proceeds of the issue must be repatriated to India within a period of one month. The sponsoring company must comply with the provisions of the Scheme for Issue of Foreign Currency Convertible Bonds and Ordinary Shares (Through Depository Receipt Mechanism) Scheme, 1993 and the guidelines issued thereunder by the government of India from time to time. The sponsoring company must also furnish full details of the issue in the prescribed forms to the Reserve Bank of India within 30 days from the date of closure of the issue.

On November 23, 2002, the government of India's Ministry of Finance issued Operative Guidelines for Disinvestment of Shares by the Indian Companies in the Overseas Market through the Issue of ADSs. Under these guidelines, the shareholders may divest their holdings in the overseas market through the mechanism of a sponsored ADS issue by the Indian company. The holdings which may be divested are holdings in Indian companies which are listed either in India or on an overseas exchange.

The divestment process is initiated when the Indian company whose shares are being offered for divestment in the overseas market sponsors an ADS issue against the block of existing shares offered by the shareholders under these guidelines. Such ADS issues against existing shares offered for divestment must also comply with the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 1997, if the ADSs are cancelled and the underlying shares are to be registered with the company. Such divestment would result in foreign equity investment and would also need to conform to the foreign direct investment sectoral policy. All mandatory approvals including those under the Companies Act, 1956 and the approval of the Foreign Investment Promotion Board for foreign equity induction through the offer of existing shares, would have to be obtained.

The Reserve Bank of India has issued a notification under the provisions of the Foreign Exchange Management Act, 1999 permitting a registered broker in India to purchase shares of any Indian company on behalf of a person resident outside India, for the purpose of converting the shares so purchased into ADSs, provided that:

- the shares are purchased on a recognized stock exchange;
- the Indian company has issued ADSs;
- the shares are purchased with the permission of the custodian of the ADSs of the concerned Indian company and are deposited with the custodian;

- the number of shares so purchased shall not exceed the number of ADSs converted into underlying shares and shall be subject to sectoral caps as applicable; and
- the non-resident investor, broker, custodian and the overseas depository comply with the provisions of the Scheme for Issue of Foreign Currency Convertible Bonds and Ordinary Shares (through Depository Receipt Mechanism) Scheme, 1993 and the guidelines issued thereunder by the government of India from time to time.

Under the foreign investment rules, the following are the applicable restrictions on foreign ownership:

- Under the foreign direct investment scheme, foreign investors may own up to 49.0% of our equity shares subject to conformity with guidelines issued by the Reserve Bank of India from time to time.
- Under the Issue of Foreign Currency Convertible Bonds and Equity Shares (Through Depository Receipt Mechanism) Scheme, 1993, foreign investors may purchase ADSs or GDRs, subject to the receipt of all necessary government approvals at the time the depository receipt program is set up.
- Under the portfolio investment scheme, foreign institutional investors, subject to registration with the Securities and Exchange Board of India and the Reserve Bank of India, and non-resident Indians and overseas corporate bodies may hold in aggregate up to 49.0% of our paid-up equity capital, provided that (i) no single foreign institutional investor may own more than 10.0% of our total paid-up equity capital; and (ii) no single non-resident Indian or overseas corporate body may own more than 5.0% of our total paid-up equity capital.

Pursuant to a circular dated November 29, 2001, the Reserve Bank of India notified that, as of that date, overseas corporate bodies are not permitted to invest under the portfolio investment scheme, though they may continue to hold investments that have already been made under the portfolio investment scheme until such time as these investments are sold on the stock exchange.

ICICI Bank obtained the approval of the Foreign Investment Promotion Board for its ADS offering in March 2000 which was a foreign direct investment. The investments through the portfolio investment scheme in the secondary market in India by foreign institutional investors, non-resident Indians and overseas corporate bodies and investments through the foreign direct investment scheme are distinct schemes that are available concurrently. As of August 29, 2003, foreign investors owned approximately 66.7% of our equity in total, of which 26.1% was through the ADS program.

As an investor in ADSs, you do not need to seek the specific approval from the government of India to purchase, hold or dispose of your ADSs. In the ADS offering, ICICI Bank obtained the approval of the government of India's Department of Company Affairs and the relevant stock exchanges.

Equity shares which have been withdrawn from the depository facility and transferred on ICICI Bank's register of shareholders to a person other than the depository or its nominee may be voted by that person provided the necessary procedural requirements have been met. However, you may not receive sufficient advance notice of shareholder meetings to enable you to withdraw the underlying equity shares and vote at such meetings.

Notwithstanding the foregoing, if a foreign institutional investor, non-resident Indian or overseas corporate body were to withdraw its equity shares from the ADS program, its investment in the equity shares would be subject to the general restrictions on foreign ownership noted above and may be subject to the portfolio investment restrictions. Secondary purchases of securities of a banking company in India by foreign direct investors or investments by non-resident Indians, overseas corporate bodies and foreign institutional investors above the ownership levels set forth above require government of India approval on a case-by-case basis. It is unclear whether similar case-by-case

approvals of ownership of equity shares withdrawn from the depositary facility by foreign institutional investors, non-resident Indians and overseas corporate bodies would be required.

You will be required to make a public offer to the remaining shareholders if you withdraw your equity shares from the ADS program and your direct or indirect holding in ICICI Bank exceeds 15.0% of our total equity under the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 1997.

ADSs issued by Indian companies to non-residents have free transferability outside India. However, under Indian regulations and practice, the approval of the Reserve Bank of India is required for the sale of equity shares underlying the ADSs by a non-resident of India to a resident of India as well as for renunciation of rights to a resident of India. However sale of such shares under the portfolio investment scheme prescribed by the Reserve Bank of India, does not require the approval of the Reserve Bank of India provided the same is made on a recognized stock exchange and through a registered stock broker.

Any new issue of equity shares of a banking company, either through the automatic route or with the specific approval of the Foreign Investment Promotion Board, does not require further approval of the Reserve Bank of India, but must comply with certain reporting requirements.

DIVIDENDS

Under Indian law, a company pays dividends upon a recommendation by its board of directors and approval by a majority of the shareholders at the annual general meeting of shareholders held within six months of the end of each fiscal year. The shareholders have the right to decrease but not increase the dividend amount recommended by the board of directors. Dividends may be paid out of the company's profits for the fiscal year in which the dividend is declared or out of undistributed profits of prior fiscal years. ICICI Bank paid dividends consistently every year from fiscal 1996, the second year of its operations, to fiscal 2002. ICICI Bank paid the dividend for fiscal 2002 as an interim dividend during fiscal 2002 itself and accordingly there was no dividend outflow during fiscal 2003 in respect of dividends declared in fiscal 2002. For fiscal 2003, ICICI Bank declared a dividend, excluding dividend tax, of Rs. 7.50 (US\$ 0.16) per equity share aggregating to Rs. 4.6 billion (US\$ 967 million). We paid the dividend in August 2003.

The following table sets forth, for the periods indicated, the dividend per equity share and the total amount of dividends paid out on the equity shares during the fiscal year by ICICI Bank, each exclusive of dividend tax. This may be different from the dividend declared for the year.

	<u>Dividend per equity share</u>	<u>Total amount of dividends paid</u> (in millions)
Dividend paid during the fiscal year		
1999.....	Rs. 1.20	Rs. 162
2000.....	1.20	198
2001.....	1.50	247
2002 ⁽¹⁾	4.00 ⁽¹⁾	881
2003.....	-	-

(1) Includes dividend of Rs. 2.00 per share declared for each of the fiscal years 2001 and 2002.

Until May 1997, investors were required to pay tax on dividend income. From June 1997, dividend income was made tax-exempt. However, ICICI Bank was required to pay a 10.0% tax on distributed profits. From fiscal 1999, this tax rate rose to 11.0% because of a 10.0% surcharge imposed on all taxes by the government. For all distributions subsequent to May 2000, ICICI Bank was required to pay a 22.6% tax on distributed profits which included a 20.0% tax and a 13.0% surcharge on such tax. The tax rate was then reduced and ICICI Bank was required to pay a 10.2% tax on distributed profits for all distributions subsequent to May 2001, which included a 10.0% tax and a 2.0% surcharge on such tax. The government of India's budget for fiscal 2003 abolished this tax on distributed profits, but investors were required to pay tax on dividend income. The government of India's budget for fiscal 2004 has now exempted dividend income from being taxable in the hands of the investors. We are required to pay a 12.8% tax (including surcharge) on distributed profits.

Future dividends will depend upon our revenues, cash flow, financial condition and other factors. Owners of ADSs will be entitled to receive dividends payable in respect of the equity shares represented by such ADSs. The equity shares represented by ADSs rank *pari passu* with existing equity shares. At present, ICICI Bank has equity shares issued in India and equity shares represented by ADSs.

Pursuant to guidelines issued by the Securities and Exchange Board of India in February 2000, with respect to equity shares issued by us during a particular fiscal year, dividends declared and paid for such fiscal year are paid in full and are no longer prorated from the date of issuance to the end of such fiscal year.

Before paying any dividend on its shares, ICICI Bank is required under the Indian Banking Regulation Act to write off all capitalized expenses (including preliminary expenses, organization expenses, share-selling commission, brokerage, amounts of losses incurred or any other item of expenditure not represented by tangible assets). Before declaring dividends, ICICI Bank is required to transfer at least 20.0% of the balance of profits of each year before payment of dividend to a reserve fund. The government of India may, however, on the recommendation of the Reserve Bank of India, exempt ICICI Bank from such a requirement. ICICI Bank requires prior approval from the Reserve Bank of India to pay a dividend of more than 25.0% of the par value of its shares. ICICI Bank also requires prior approval from the Reserve Bank of India to pay an interim dividend.

For a description of the tax consequences of dividends paid to shareholders, see “Taxation — Indian Tax — Taxation of Distributions”.

The following table sets forth, for the periods indicated, the dividend per equity share and the total amount of dividends paid out on the equity shares during the year, each exclusive of dividend tax, for ICICI, prior to the amalgamation. This may be different from the dividend declared for the year.

	Dividend per equity share⁽¹⁾	Total amount of dividends paid (in millions)
Dividend paid during the fiscal year		
1999.....	Rs. 11.00	Rs. 2,618
2000.....	11.00	2,641
2001.....	11.00	3,505
2002 ⁽²⁾	22.00 ⁽²⁾	8,639

(1) For fiscal 1999, 2000, 2001 and 2002, based on the exchange ratio of 1:2 in which shareholders of ICICI were issued shares of ICICI Bank, number of shares have been adjusted by dividing by two. Hence, these numbers are different from the numbers reported in last year’s annual report on Form 20-F for fiscal 2002.

(2) Includes dividend of Rs. 11.00 per share declared for each of the fiscal years 2001 and 2002, both of which were paid during fiscal 2002.

TAXATION

Indian Tax

The following discussion of Indian tax consequences for investors in ADSs and equity shares received upon redemption of ADSs who are not resident in India whether of Indian origin or not is based on the provisions of the Indian Income-tax Act, 1961 (the "Income-tax Act"), including the special tax regime for ADSs contained in Section 115AC, which has been extended to cover additional ADSs that an investor may acquire in an amalgamation or restructuring of the company, and certain regulations implementing the Section 115AC regime. The Income-tax Act is amended every year by the Finance Act of the relevant year. Some or all of the tax consequences of the Section 115AC regime may be amended or modified by future amendments to the Income-tax Act.

The summary is not intended to constitute a complete analysis of the tax consequences under Indian law of the acquisition, ownership and sale of ADSs and equity shares by non-resident investors. Potential investors should, therefore, consult their own tax advisers on the tax consequences of such acquisition, ownership and sale, including specifically the tax consequences under Indian law, the law of the jurisdiction of their residence, any tax treaty between India and their country of residence, and in particular the application of the regulations implementing the Section 115AC regime.

Residence

For the purpose of the Income-tax Act, an individual is a resident of India during any fiscal year, if he (i) is in India in that year for 182 days or more or (ii) having been in India for a period or periods amounting in all to 365 days or more within the four years preceding that year, is in India for a period or periods amounting in all to 60 days or more in that year. The period of 60 days is substituted by 182 days in the case of an Indian citizen or person of Indian origin who being resident outside India comes on a visit to India during the financial year or an Indian citizen who leaves India for the purposes of his employment during the financial year. A company is resident in India in any fiscal year if it is registered in India or the control and management of its affairs is situated wholly in India in that year. A firm or other association of persons is resident in India except where the control and the management of its affairs are situated wholly outside India.

Taxation of Distribution

The dividend distributed by ICICI Bank is now subject to dividend distribution tax at 12.8125% under section 115 O in the hands of ICICI Bank consequent to dividends distributed by an Indian company being subject to dividend distribution tax after March 31, 2003. ICICI Bank, while making such distribution, will not be required to withhold any tax upon the distribution of the dividend. The dividend so paid is not taxable under section 115AC in the hands of the ADS holders.

Taxation on Redemption of ADSs

The acquisition of equity shares upon a redemption of ADSs by a non-resident investor will not give rise to a taxable event for Indian tax purposes.

Taxation on Sale of Equity Shares or ADSs

Any transfer of ADSs outside India by a non-resident investor to another non-resident investor does not give rise to Indian capital gains tax in the hands of the transferor.

Subject to any relief under any relevant double taxation treaty, a gain arising on the sale of an equity share will generally give rise to a liability for Indian capital gains tax in the hands of the transferor. Such tax is required to be withheld at source. Where the equity share has been held for

more than 12 months (measured from the date of advice of redemption of the ADS by the Depositary as specified below), the rate of tax is 10.00% (plus applicable surcharge). Where the equity share has been held for 12 months or less, the rate of tax varies and the gain will be subject to tax at normal rates of income-tax applicable to non-residents under the provisions of the Income-Tax Act, subject to a maximum of 40% (plus applicable surcharge) in the case of foreign companies. The actual rate depends on a number of factors, including without limitation the nature of the non-resident investor. During the period the underlying equity shares are held by non-resident investors on a transfer from the depository upon redemption, the provisions of the double taxation treaty entered into by the government of India with the country of residence of the non-resident investors will be applicable in the matter of taxation of any capital gain arising on a transfer of the equity shares. The double taxation treaty between the United States and India does not provide US residents with any relief from Indian tax on capital gains. However, set off of Indian taxes will be allowed in USA subject to the provisions of the treaty and applicable US Laws.

For purposes of determining the amount of capital gains arising on a sale of an equity share for Indian tax purposes, the cost of acquisition of an equity share received upon redemption of an ADR will be the price of the share prevailing on the BSE or the NSE on the date on which the Depositary advises the custodian of such redemption, not the acquisition cost of the ADR being redeemed. The holding period of an equity share received upon redemption of an ADR will commence from the date of advice of redemption by the depository.

Rights

Distribution to non-resident holders of additional ADSs or equity shares or rights to subscribe for equity shares made with respect to ADSs or equity shares are not subject to tax in the hands of the non-resident holder.

It is unclear as to whether capital gain derived from the sale of rights by a non-resident holder not entitled to exemption under a tax treaty to another non-resident holder outside India will be subject to Indian capital gains tax. If the rights are deemed by the Indian tax authorities to be situated within India, as the merged entity's situs is in India, the gains realized on the sale of rights will be subject to customary Indian taxation as discussed above.

Stamp Duty

Upon the issuance of the equity shares underlying the ADSs, we are required to pay a stamp duty of 0.1% per share of the issue price. A transfer of ADSs is not subject to Indian stamp duty. Normally, upon the acquisition of equity shares from the depository in exchange for ADSs representing such equity shares in physical form, an investor would be liable for Indian stamp duty at the rate of 0.5% of the market value of the equity shares at the date of registration and the stamp duty applicable on re-materialization, which is same as stamp duty payable on the original subject to a maximum of Rs. 20/- per share. Similarly, a sale of equity shares in physical form by an investor would also be subject to Indian stamp duty at the rate of 0.5% of the market value of the equity shares on the trade date, although customarily such tax is borne by the transferee, that is, the purchaser. However, our equity shares are compulsorily deliverable in dematerialized form except for trades up to 500 shares only, which may be for delivery in physical form. Under Indian stamp law, no stamp duty is payable on the acquisition or transfer of equity shares in dematerialized form.

Other Taxes

At present, there are no taxes on wealth, gifts and inheritance which apply to the ADRs and underlying equity shares.

Service Tax

Brokerage paid to stockbrokers in connection with the sale or purchase of shares is through a recognised stock exchange in India subject to a service tax of 8% with effect from May 14, 2003. The stockbroker is responsible for collecting the service tax and paying it to the relevant authority.

United States Tax

The following discussion describes certain US federal income tax consequences of the acquisition, ownership and sale of equity shares or ADSs that are generally applicable to US investors. For these purposes, you are an US investor if you are:

1. a citizen or resident of the United States under US federal income tax laws;
2. a corporation, or other entity taxable as a corporation, organized under the laws of the United States or of any political subdivision of the United States; or
3. an estate or trust the income of which is includable in gross income for US federal income tax purposes regardless of its source.

This discussion only applies to ADSs or equity shares that you own as capital assets.

Please note that this discussion does not discuss all of the tax consequences that may be relevant in light of your particular circumstances. In particular, it does not address investors subject to special rules, including:

- (1) insurance companies;
- (2) tax-exempt entities;
- (3) dealers in securities;
- (4) financial institutions;
- (5) persons who own the equity shares or ADSs as part of an integrated investment (including a straddle, hedging or conversion transaction) comprised of the ADS, and one or more other positions for tax purposes;
- (6) persons whose functional currency is not the US dollar; or
- (7) persons who own, actually or constructively, 10.0% or more of ICICI Bank's voting stock.

This discussion is based on the tax laws of the United States currently in effect (including the Internal Revenue Code of 1986, as amended, referred to as "the Code"), Treasury Regulations, Revenue Rulings and judicial decisions. These laws may change, possibly with retroactive effect.

For US federal income tax purposes, if you own an ADS, you will generally be treated as the owner of the equity shares underlying the ADS.

Please consult your tax advisor with regard to the application of the US federal income tax laws to the ADSs or equity shares in your particular circumstances, including the passive foreign investment company rules described below, as well as any tax consequences arising under the laws of any state, local or other taxing jurisdiction.

Taxation of Dividends

Subject to the discussion under "Passive Foreign Investment Company Rules" below, dividends you receive on the ADSs or equity shares, other than certain pro rata distributions of equity shares or ADSs or rights to acquire equity shares or ADSs, will generally constitute foreign source dividend

income for US federal income tax purposes. The amount of the dividend you will be required to include in income will equal the US dollar value of the rupees, calculated by reference to the exchange rate in effect on the date the payment is received by the depositary (in the case of ADSs) or by you (in the case of equity shares) regardless of whether the payment is converted into US dollars. If you realize gain or loss on a sale or other disposition of rupees, it will be US source ordinary income or loss. You will not be entitled to claim a dividends-received deduction for dividends paid by ICICI Bank.

Under recently enacted legislation, dividends received by non-corporate US holders on ADSs or ordinary shares may be subject to US federal income tax at lower rates than other types of ordinary income if certain conditions are met. You should consult your own tax advisor regarding the application of this new legislation to your particular circumstances.

Taxation of Capital Gains

Subject to the discussion under “Passive Foreign Investment Company Rules” below, you will recognize capital gain or loss for US federal income tax purposes on the sale or exchange of ADSs or equity shares in the same manner as you would on the sale or exchange of any other shares held as capital assets. The gain or loss will generally be US source income or loss. You should consult your own tax advisors about the treatment of capital gains, which may be taxed at lower rates than ordinary income for non-corporate taxpayers, and capital losses, the deductibility of which may be limited.

Under certain circumstances as described under “Taxation – Indian Taxation – Taxation on Sale of Equity Shares or ADSs”, you may be subject to Indian tax upon the disposition of equity shares. In such circumstances and subject to applicable limitations under the Code, you may elect to treat the gain as foreign source income and to credit the Indian tax against your US Federal income tax liability with respect to the gain.

Passive Foreign Investment Company Rules

Based upon proposed Treasury regulations, which are proposed to be effective for taxable years after December 31, 1994, and upon certain management estimates, ICICI Bank does not expect to be considered a passive foreign investment company for its most recent taxable year or in the foreseeable future. In general, a foreign corporation is a passive foreign investment company for any taxable year in which (i) 75.0% or more of its gross income consists of passive income (such as dividends, interest, rents and royalties) or (ii) 50.0% or more of the average quarterly value of its assets consists of assets that produce, or are held for the production of, passive income. ICICI Bank has based the expectation that it is not a passive foreign investment company on, among other things, provisions in the proposed regulations that provide that certain restricted reserves (including cash and securities) of banks are assets used in connection with banking activities and are not passive assets, as well as the composition of ICICI Bank’s income and assets. Since there can be no assurance that the proposed regulations will be finalized in their current form and the manner of the application of the proposed regulations is not entirely clear, and the composition of ICICI Bank’s income and assets will vary over time, there can be no assurance that ICICI Bank will not be considered a passive foreign investment company for any fiscal year.

If ICICI Bank is treated as a passive foreign investment company for any year during your holding period and you have not made the mark-to-market election, as described below, you will be subject to special rules generally intended to eliminate any benefits from the deferral of U.S. federal income tax that a holder could derive from investing in a foreign corporation that does not distribute all of its earnings on a current basis. Upon a disposition of equity shares or ADSs, including, under certain circumstances, a disposition pursuant to an otherwise tax-free reorganization, gain recognized by you would be allocated ratably over your holding period for the ADS or equity share. The amounts allocated to the taxable year of the sale or other exchange and to any year before ICICI Bank became a passive foreign investment company would be taxed as ordinary income. The amount allocated to each other taxable year would be subject to tax at the highest rate in effect for individuals or

corporations, as appropriate, and an interest charge would be imposed on the amount allocated to such taxable year. Further, any distribution in respect of ADSs or equity shares in excess of 125 per cent of the average of the annual distributions on ADSs or equity shares received by you during the preceding three years or your holding period, whichever is shorter, would be subject to taxation as described above.

If the equity shares or ADSs are regularly traded on a “qualified exchange”, you may make a mark-to-market election. A “qualified exchange” includes a foreign exchange that is regulated by a governmental authority in which the exchange is located and with respect to which certain other requirements are met. The Internal Revenue Service has not yet identified specific foreign exchanges that are “qualified” for this purpose. The New York Stock Exchange on which the ADSs are traded is a qualified exchange for US federal income tax purposes.

If you make the election, you generally will include each year as ordinary income the excess, if any, of the fair market value of the ADSs at the end of the taxable year over their adjusted basis, and will be permitted an ordinary loss in respect of the excess, if any, of the adjusted basis of the ADSs over their fair market value at the end of the taxable year (but only to the extent of the net amount of previously included income as a result of the mark-to-market election). If you make the election, your basis in the ADSs will be adjusted to reflect any such income or loss amounts. Any gain recognized on the sale or other disposition of ADSs will be treated as ordinary income.

If you own shares or ADSs during any year in which ICICI Bank is a passive foreign investment company, you must file Internal Revenue Service Form 8621.

PRESENTATION OF FINANCIAL INFORMATION

ICICI Bank and ICICI prepared their historical financial statements in accordance with Indian generally accepted accounting principles. Starting in fiscal 2000, ICICI Bank published in its annual shareholders' report its financial statements in US GAAP as well as in Indian GAAP. Starting in fiscal 1999, ICICI published in its annual shareholders' report its financial statements in US GAAP as well as in Indian GAAP.

The financial information in this annual report has been prepared in accordance with US GAAP, unless indicated otherwise. Our fiscal year, like ICICI Bank's and ICICI's fiscal year prior to the amalgamation, ends on March 31 of each year so all references to a particular fiscal year are to the year ended March 31 of that year. Our financial statements, including the notes to these financial statements, audited by KPMG, independent accountants, are set forth at the end of this annual report.

The Statement on Financial Accounting Standard No. 141 on "Business Combinations", issued by the Financial Accounting Standards Board, requires that business combinations be accounted for in the period in which the combination is consummated. Accordingly, under US GAAP, the amalgamation has been reflected in the financial statements contained in this annual report for fiscal 2003, as it was consummated in April 2002. The effective date of the amalgamation for accounting purposes under US GAAP was April 1, 2002. Under US GAAP, the amalgamation was accounted for as a reverse acquisition. This means that ICICI was recognized as the accounting acquirer in the amalgamation, although ICICI Bank was the legal acquirer. Accordingly, the financial statements and other financial information contained in this annual report for fiscal 2002 and prior years, except where specifically stated otherwise, present the assets, liabilities and results of operations of ICICI.

Under Indian GAAP, the amalgamation was accounted for on March 30, 2002, the Appointed Date specified in the Scheme of Amalgamation, with ICICI Bank being recognized as the accounting acquirer.

As ICICI Bank is the surviving legal entity in the amalgamation, the other subsidiaries and affiliates of ICICI have become subsidiaries and affiliates of ICICI Bank.

ICICI's consolidated subsidiaries for and at year-end fiscal 2002 and year-end fiscal 2001 did not include ICICI Bank. Effective March 10, 2001, ICICI Bank acquired Bank of Madura, an old private sector bank in India, in an all stock merger and, as a result, the ownership interest of ICICI was reduced from 62.2% to 55.6%. In addition, during March 2001, ICICI reduced its interest in ICICI Bank to 46% through sales of equity shares in the Indian secondary markets to institutional investors. As a result of the foregoing, ICICI Bank ceased to be one of ICICI's subsidiaries as of March 22, 2001 and was accounted for under the equity method of accounting from April 1, 2000, the beginning of the fiscal year in which ICICI's majority ownership interest in ICICI Bank was deemed to be temporary. ICICI Bank continues to be reported on a consolidated basis for the years ended March 31, 1999 and 2000. As a result, the financial statements for fiscal 2002 and 2001 are not strictly comparable with those for fiscal 2000 and 1999.

The consolidation of ICICI's majority ownership interest in two insurance companies, ICICI Prudential Life Insurance Company Limited and ICICI Lombard General Insurance Company Limited, in each of fiscal 2001 and 2002 has now been deemed inappropriate because of substantive participative rights retained by the minority shareholders. Accordingly, such investees are no longer consolidated but are accounted for by the equity method. Prior period financial statements have been restated and as a result, the financial statements for fiscal 2001 and 2002 contained in this annual report are not the same as those contained in our annual report for fiscal 2002. There is no resultant impact on net income or stockholders' equity for fiscal 2001 and 2002.

Although we have translated in this annual report certain rupee amounts into dollars for convenience, this does not mean that the rupee amounts referred to could have been, or could be,

converted into dollars at any particular rate, the rates stated earlier in this annual report, or at all. Except in the section on “Market Price Information”, all translations from rupees to dollars are based on the noon buying rate in the City of New York for cable transfers in rupees at March 28, 2003. The Federal Reserve Bank of New York certifies this rate for customs purposes on each date the rate is given. The noon buying rate on March 28, 2003 was Rs. 47.55 per US\$1.00.

ADDITIONAL INFORMATION

Memorandum and Articles of Association

Objects and Purposes

Pursuant to Clause III. A. 1 of ICICI Bank's Memorandum of Association, ICICI Bank's main objective is to carry on the business of banking in any part of India or outside India.

Directors' Powers

ICICI Bank's directors' powers include the following:

- Article 140 of the Articles of Association provides that no director of ICICI Bank shall, as a director, take any part in the discussion of or vote on any contract or arrangement if such director is directly or indirectly concerned or interested.
- Directors have no powers to vote in absence of a quorum.
- Article 83 of the Articles of Association provides that the directors may raise and secure the payment of amounts in a manner and upon such terms and conditions in all respects as they think fit and in particular by the issue of bonds, debenture stock, or any mortgage or charge or other security on the undertaking or the whole or any part of the property of ICICI Bank (both present and future) including its uncalled capital.

Amendment to Rights of Holders of Equity Shares

Any change to the existing rights of the equity holders can be made only by amending the Articles of Association which would require a special resolution of the shareholders, which must be passed by not less than three times the number of votes cast against the resolution.

Change in Control Provisions

Article 59 of the Articles of Association provides that the board of directors may at their discretion decline to register or acknowledge any transfer of shares in respect of shares upon which we have a lien. Moreover, the board of directors may refuse to register the transfer of any shares if the total nominal value of the shares or other securities intended to be transferred by any person would, together with the total nominal value of any shares held in ICICI Bank, exceed 1% of the paid up equity share capital of the merged entity or if the board of directors is satisfied that as a result of such transfer, it would result in the change in the board of directors or change in the controlling interest of ICICI Bank and that such change would be prejudicial to the interests of ICICI Bank. However, under the Indian Companies Act, the enforceability of such transfer restrictions is unclear.

Material Contracts

Scheme of Amalgamation of ICICI, ICICI Personal Financial Services and ICICI Capital Services with ICICI Bank

Pursuant to the Scheme of Amalgamation among ICICI, ICICI Personal Financial Services, ICICI Capital Services and ICICI Bank, sanctioned by the High Court of Gujarat at Ahmedabad on March 7, 2002 and by the High Court of Judicature at Bombay on April 11, 2002 and approved by the Reserve Bank of India on April 26, 2002, ICICI, ICICI Personal Financial Services and ICICI Capital Services were merged with ICICI Bank in an all-stock merger. ICICI Bank is the surviving legal entity in the amalgamation. ICICI Bank issued equity shares to the equity shareholders of ICICI in the ratio of one equity share of ICICI Bank, par value Rs. 10 each, fully paid up, for two equity shares of ICICI, par value Rs. 10 each, fully paid up. As there were five equity shares of ICICI underlying each ADR of ICICI and two equity shares of ICICI Bank underlying each ADR of ICICI Bank, ICICI Bank issued

ADRs of ICICI Bank to ADR holders of ICICI in the ratio of five ADRs of ICICI Bank for two ADRs of ICICI. For more information about the amalgamation, see “Business-History”. This Scheme of Amalgamation is attached as an exhibit to this annual report.

Documents on Display

The documents concerning us which are referred to herein may be inspected at the Securities and Exchange Commission (“SEC”). You may read and copy any document filed or furnished by us at the SEC’s public reference rooms in Washington D.C., New York and Chicago, Illinois or obtain them by mail upon payment of prescribed rates. Please call the SEC at 1-800-SEC-0330 for further information. The SEC also maintains a website at www.sec.gov, which contains, in electronic form, each of the reports and other information that we have filed electronically with the SEC. Information about ICICI Bank is also available on the web at www.icicibank.com.

Incorporation by Reference

We incorporate by reference the information disclosed under “Description of Equity Shares” and “Description of the American Depositary Shares” in ICICI Bank’s Registration Statement on Form F-1 (File No. 333-30132).

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Stockholders ICICI Bank Limited

We have audited the accompanying consolidated balance sheets of ICICI Bank Limited and subsidiaries as of March 31, 2002 and 2003, and the related consolidated statements of operations, stockholders' equity and other comprehensive income, and cash flows for each of the years in the three-year period ended March 31, 2003. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of ICICI Bank Limited and subsidiaries as of March 31, 2002 and 2003, and the results of their operations and their cash flows for each of the years in the three-year period ended March 31, 2003, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the consolidated financial statements, effective April 1, 2001, the Company adopted the provisions of SFAS No. 142, Goodwill and Other Intangible Assets and SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, as amended by SFAS No. 138, Accounting for Certain Derivative Instruments and Certain Hedging Activities. As discussed in Note 1 to the consolidated financial statements, effective October 1, 2002, the Company adopted the provisions of SFAS No. 147, Acquisitions of Certain Financial Institutions, retroactive to April 1, 2001, the adoption date of SFAS No. 142.

The United States dollar amounts are presented in the accompanying consolidated financial statements solely for the convenience of the readers and have been translated into United States dollar on the basis described in Note 1 to the consolidated financial statements.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

1. Significant accounting policies

Overview

ICICI Bank Limited (ICICI Bank) together with its subsidiaries and affiliates (collectively, the Company) is a diversified financial services group providing a variety of banking and financial services including project and corporate finance, working capital finance, venture capital finance, investment banking, treasury products and services, retail banking, broking and insurance. Further, the Company has an interest in the software development and services business. The Company is headquartered in Mumbai, India.

Effective April 1, 2002, ICICI Bank (which for periods prior to April 1, 2002 is referred to as the 'acquiree') and ICICI Limited (ICICI) consummated a transaction whereby shareholders of ICICI were issued shares of the acquiree in the ratio of 1:2. The transaction has been treated as a reverse acquisition for financial reporting purposes with ICICI (the 'acquirer') as the accounting acquirer and is further discussed in Note 3.

The consolidated balance sheet as of March 31, 2002, and the consolidated statements of operations, cash flows and stockholders' equity and other comprehensive income for the year ended March 31, 2001 and 2002, presented herein, are those of the acquirer, even though the acquiree is the surviving legal entity subsequent to the reverse acquisition. As such, as further described in Note 2, they include the acquirer's less than majority ownership interest in the acquiree accounted for by the equity method.

Principles of consolidation

The consolidated financial statements include the accounts of ICICI Bank and all of its subsidiaries, which are more than 50% owned and controlled. All significant inter company accounts and transactions are eliminated on consolidation. The Company accounts for investments in common stock of affiliates by the equity method where its investment in the voting stock gives it the ability to exercise significant influence over the investee.

The consolidation of the Company's majority ownership interest in two insurance companies acquired in each of fiscal 2001 and 2002 has now been deemed inappropriate because of substantive participative rights retained by the minority shareholders. Accordingly, such investees are no longer consolidated but are accounted for by the equity method. Prior period financial statements have been restated with no resultant impact on net income or stockholders' equity.

Basis of preparation

The accounting and reporting policies of the Company used in the preparation of these consolidated financial statements reflect general industry practices and conform to generally accepted accounting principles in the United States (US GAAP).

The preparation of consolidated financial statements in conformity with US GAAP requires that management makes estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the consolidated financial statements and the reported income and expense for the reporting period. The Company makes estimates for valuation of derivatives and securities, where no ready market exists, determining the level of allowance for loan losses and assessing recoverability of goodwill, intangible assets and deferred tax assets. Management believes that the estimates used in the preparation of the consolidated financial statements are prudent and reasonable. The actual results could differ from these estimates.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Foreign currencies

The consolidated financial statements are reported in Indian rupees (Rs.), the national currency of India. The functional currency of each entity within the Company is its respective local currency.

The assets and liabilities of the Company's foreign operations are translated into Indian rupees at current exchange rates, and revenues and expenses are translated at average exchange rates for the year. Resulting translation adjustments are reflected as a component of accumulated other comprehensive income.

Transaction gains and losses that arise from exchange rate fluctuations on transactions denominated in a currency other than the functional currency are included in the results of operations as incurred.

Solely for the convenience of the readers, the financial statements as of and for the year ended March 31, 2003, have been translated into United States dollar at the noon buying rate in New York City on March 28, 2003, for cable transfers in Indian rupees, as certified for customs purposes by the Federal Reserve of New York of US\$ 1 = Rs. 47.55. No representation is made that the Indian rupee amounts have been, could have been or could be converted into United States dollars at such a rate or any other certain rate on March 31, 2003, or at any other certain date.

Revenue recognition

Interest income is accounted on an accrual basis except in respect of impaired loans, where it is recognized on a cash basis. Income from leasing and hire purchase operations is accrued in a manner to provide a fixed rate of return on outstanding investments.

Fees from activities such as investment banking, loan syndication and financial advisory services are accrued based on milestones specified in the customer contracts. Fees for guarantees and letters of credit are amortized over the contracted period of the commitment.

Revenues from software development and services comprise income from time-and-material and fixed-price contracts. Revenue with respect to time-and-material contracts is recognized as related services are performed. Revenue with respect to fixed-price contracts is recognized in accordance with the percentage of completion method of accounting. Provisions for estimated losses on contracts-in-progress are recorded in the period in which such losses become probable based on the current contract estimates.

Cash equivalents

The Company considers all highly liquid investments, which are readily convertible into cash and have contractual maturities of three months or less from the date of purchase, to be cash equivalents. The carrying value of cash equivalents approximates fair value.

Securities and trading activities

The Company classifies investments in debt and readily marketable equity securities, other than investments held by certain venture capital subsidiaries, into two categories based upon management's intention at the time of purchase: trading securities and securities available for sale. Realized gains and losses on the sale of securities are recorded at the time of sale. For computing realized gains and losses on securities, the cost is ascertained using the First-In-First-Out Method.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

As more fully explained in Note 6, the Company no longer classifies investments in debt securities as held to maturity, due to sale of certain held to maturity securities during the year ended March 31, 2002.

Trading assets, primarily debt securities and foreign exchange products, are recorded at fair value with realized and unrealized gains and losses included in non-interest income. Interest on trading securities is recorded in interest income. The fair value of trading assets is based upon quoted market prices or, if quoted market prices are not available, estimates using similar securities or pricing models.

Securities not classified as trading securities are classified as available for sale. These include securities used as part of the Company's asset liability management strategy, which may be sold in response to changes in interest rates, prepayment risk, liquidity needs and similar factors. Securities available for sale are recorded at fair value with unrealized gains and losses recorded, net of tax, as a component of accumulated other comprehensive income.

Equity securities, which are traded on a securities exchange within six months of the balance sheet date are considered as publicly traded. The last quoted price of such securities is taken as their fair value. Non-readily marketable equity securities for which there is no readily determinable fair value are recorded at cost.

Securities on which there is an unrealized loss that is deemed to be other than temporary are written down to fair value with the loss recorded in non-interest income as a loss on other securities. Other than temporary decline is identified by management based on an evaluation of all significant factors including the length of time and the extent to which the fair value has been less than the cost, the financial condition and prospects of the issuer and the extent and ability of the Company to retain the investment for a period of time sufficient to allow for any probable recovery in fair value.

Securities acquired through conversion of loans in a troubled debt restructuring are recorded at the fair value on the date of conversion and subsequently accounted for as if acquired for cash.

The Company's venture capital subsidiaries carry their investments at fair value, with changes in fair value recognized in gain/loss on venture capital investments. The fair values of publicly traded venture capital investments are generally based upon quoted market prices. In certain situations, including thinly traded securities, large-block holdings, restricted shares or other special situations, the quoted market price is adjusted to produce an estimate of the attainable fair value for the securities. For securities that are not publicly traded, fair value is determined in good faith pursuant to procedures established by the Board of Directors of the venture capital subsidiaries. In determining the fair value of these securities, consideration is given to the financial conditions, operating results and prospects of the underlying companies, and any other factors deemed relevant. Generally, these investments are carried at cost during the first year, unless a significant event occurs that affects the long-term value of the investment. Because of the inherent uncertainty of the valuations, those estimated values may differ significantly from the values that would have been used had a ready market for the investments existed.

Trading liabilities represent borrowings from banks in the inter-bank call money market, borrowings from banks and corporates in the course of trading operations and balances arising from repurchase transactions.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Loans

Loans are reported at the principal amount outstanding, inclusive of interest accrued and due per the contractual terms, except for certain non-readily marketable privately placed debt instruments, which are considered credit substitutes and are, therefore classified as loans but accounted for as debt securities. Loan origination fees (net of loan origination costs) are deferred and recognized as an adjustment to yield over the life of the loan. Interest is accrued on the unpaid principal balance and is included in interest income.

Loans include aggregate rentals on lease financing transactions and residual values, net of security deposits and unearned income. Lease financing transactions substantially represent direct financing leases. Loans also include the aggregate value of purchased securitized receivables, net of unearned income.

The Company identifies a commercial loan as impaired and places it on non-accrual status when it is probable that it will be unable to collect the scheduled payments of principal and interest due under the contractual terms of the loan agreement. A commercial loan is also considered to be impaired and placed on a non-accrual basis if interest or principal is greater than 180 days overdue. Delays or shortfalls in loan payments are evaluated along with other factors to determine if a loan should be classified as impaired. The decision to classify a loan as impaired is also based on an evaluation of the borrower's financial condition, collateral, liquidation value and other factors that affect the borrower's ability to pay.

The Company classifies a loan as a restructured loan where it has made concessionary modifications, that it would not otherwise consider, to the contractual terms of a loan to a borrower experiencing financial difficulties. Such loans are placed on non-accrual status.

Generally, at the time a loan is placed on non-accrual status, interest accrued and uncollected on the loan in the current fiscal year is reversed from income, and interest accrued and uncollected from the prior year is charged off against the allowance for loan losses. Thereafter, interest on non-accrual loans is recognized as interest income only to the extent that cash is received. When borrowers demonstrate over an extended period the ability to repay a loan in accordance with the contractual terms of a loan, which the Company classified as non-accrual, the loan is returned to accrual status. With respect to restructured loans, performance prior to the restructuring or significant events that coincide with the restructuring are evaluated in assessing whether the borrower can meet the rescheduled terms and may result in the loan being returned to accrual status after a performance period.

Consumer loans are generally identified as impaired not later than a predetermined number of days overdue on a contractual basis. The number of days is set at an appropriate level by loan product. The policy for suspending accruals of interest and impairment on consumer loans varies depending on the terms, security and loan loss experience characteristics of each product.

Allowance for loan losses

The allowance for loan losses represents management's estimate of probable losses inherent in the portfolio. Larger balance, non-homogenous exposures representing significant individual credit exposures are evaluated based upon the borrower's overall financial condition, resources and payment record and the realizable value of any collateral. Within the allowance of loan losses, a valuation allowance is maintained for larger-balance, non-homogenous loans that have been individually determined to be impaired. This estimate considers all available evidence including the present value of the expected future cash flows discounted at the loan's contractual effective rate and the fair value of collateral.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Each portfolio of smaller-balance, homogenous loans, including consumer mortgage, installment, revolving credit and most other consumer loans, is individually evaluated for impairment. The allowance for loan losses attributed to these loans is established via a process that includes an estimate of probable losses inherent in the portfolio, based upon various statistical analysis. These include migration analysis, in which historical delinquency and credit loss experience is applied to the current aging of the portfolio, together with an analysis that reflects current trends and conditions.

While determining the adequacy of the allowance for loan losses, management also considers overall portfolio indicators including historical credit losses, delinquent and non-performing loans, and trends in volumes and terms of loans; an evaluation of overall credit quality and the credit process, including lending policies and procedures; consideration of economic, geographical, product, and other environmental factors.

The Company also includes in the allowances provision for credit losses on its performing portfolio based on the estimated probable losses inherent in the portfolio. The allowances on the performing portfolio are established after considering historical and projected default rates and loss severities, internal risk rating and geographic, industry and other environmental factors; and model imprecision.

The company evaluates its impaired loan portfolio at the end of every period and loan balances which are deemed irrecoverable are charged off against related allowances for credit losses.

Transfers and servicing of financial assets

In September 2000, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities, a replacement of SFAS No. 125. The provisions of SFAS No. 140 relating to transfers and servicing of financial assets are effective for transactions after March 31, 2001. The Company transfers commercial and consumer loans through securitization transactions. The transferred loans are de-recognized and gains/losses are recorded only if the transfer qualifies as a sale under SFAS No. 140. Recourse and servicing obligations and put options written are recorded as proceeds of the sale. Retained beneficial interests in the loans and servicing rights are measured by allocating the carrying value of the loans between the assets sold and the retained interest, based on the relative fair value at the date of the securitization. The fair values are determined using either financial models, quoted market prices or sales of similar assets.

Loans held-for-sale

Loans originated for sale are classified as loans held-for-sale and are accounted for at the lower of cost or fair value. Such loans are reported as other assets. Market value of such loans are determined at rates applicable to similar loans.

Derivatives instruments and hedging activities

In June 1998, the FASB issued SFAS No. 133, Accounting for Derivative Instruments and Certain Hedging Activities. In June 2000, the FASB issued SFAS No. 138, Accounting for Certain Derivative Instruments and Certain Hedging Activity, an Amendment of SFAS No. 133. SFAS No. 133 and SFAS No. 138 require that all derivative instruments be recorded on the balance sheet at their respective fair values. SFAS No. 133 and SFAS No. 138 are effective for all fiscal quarters of all fiscal years beginning after June 30, 2000. On April 1, 2001, the Company adopted SFAS No. 133 and SFAS No. 138 on a prospective basis.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Under SFAS No. 133, the Company may designate a derivative as either a hedge of the fair value of a recognized fixed rate asset or liability or an unrecognized firm commitment (fair value hedge), a hedge of a forecasted transaction or the variability of future cash flows of a floating rate asset or liability (cash flow hedge) or a foreign-currency fair value or cash flow hedge (foreign currency hedge). All derivatives are recorded as assets or liabilities on the balance sheet at their respective fair values with unrealized gains and losses recorded either in accumulated other comprehensive income or in the statement of income, depending on the purpose for which the derivative is held. Derivatives that do not meet the criteria for designation as a hedge under SFAS No. 133 at inception, or fail to meet the criteria thereafter, are accounted for in other assets with changes in fair value recorded in the statement of income.

Changes in the fair value of a derivative that is designated and qualifies as a fair value hedge along with the gain or loss on the hedged asset or liability that is attributable to the hedged risk, are recorded in the statement of income as other non-interest income. To the extent of the effectiveness of a hedge, changes in the fair value of a derivative that is designated and qualifies as a cash flow hedge, are recorded in accumulated other comprehensive income, net of tax. For all hedge relationships, ineffectiveness resulting from differences between the changes in fair value or cash flows of the hedged item and changes in the fair value of the derivative are recognized in the statement of income as other non-interest income.

At the inception of a hedge transaction, the Company formally documents the hedge relationship and the risk management objective and strategy for undertaking the hedge. This process includes identification of the hedging instrument, hedged item, risk being hedged and the methodology for measuring effectiveness. In addition, the Company assesses, both at the inception of the hedge and on an ongoing quarterly basis, whether the derivative used in the hedging transaction has been highly effective in offsetting changes in fair value or cash flows of the hedged item, and whether the derivative is expected to continue to be highly effective.

The Company discontinues hedge accounting prospectively when either it is determined that the derivative is no longer highly effective in offsetting changes in the fair value or cash flows of a hedged item; the derivative expires or is sold, terminated or exercised; the derivative is de-designated because it is unlikely that a forecasted transaction will occur; or management determines that designation of the derivative as a hedging instrument is no longer appropriate.

When a fair value hedge is discontinued, the hedged asset or liability is no longer adjusted for changes in fair value and the existing basis adjustment is amortized or accreted over the remaining life of the asset or liability. When a cash flow hedge is discontinued but the hedged cash flow or forecasted transaction is still expected to occur, gains and losses that were accumulated in other comprehensive income are amortized or accreted into the statement of income. Gains and losses are recognized in the statement of income immediately if the cash flow hedge was discontinued because a forecasted transaction did not occur.

The Company may occasionally enter into a contract (host contract) that contains a derivative that is embedded in the financial instrument. If applicable, an embedded derivative is separated from the host contract and can be designated as a hedge; otherwise, the derivative is recorded as a freestanding derivative.

Prior to the adoption of SFAS No. 133, derivatives used for interest rate risk management were not recorded at fair value. Rather, the net interest settlement on designated derivatives that either effectively altered the interest rate characteristics of assets and liabilities or hedged exposures to risk was treated as an adjustment to the interest income or interest expense of the related assets or liabilities. The effect of adopting SFAS No. 133 at April 1, 2001 did not result in any impact on the statement of operations.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Variable interest entities

In January 2003, the FASB issued FASB Interpretation No. (FIN) 46, Consolidation of Variable Interest Entities. FIN 46 changes the method of determining whether certain entities, including securitization entities, should be included in the Company's consolidated financial statements. An entity is subject to FIN 46 and is called a variable interest entity (VIE) if it has (1) equity that is insufficient to permit the entity to finance its activities without additional subordinated financial support from other parties, (2) equity investors that cannot make significant decisions about the entity's operations, or (3) equity that does not absorb the expected losses or receive the expected returns of the entity. A VIE is consolidated by its primary beneficiary, which is the party involved with the VIE that has a majority of the expected losses or a majority of the expected residual returns or both. The provisions of FIN 46 are to be applied immediately to VIEs created after January 31, 2003, and to VIEs in which an enterprise obtains an interest after that date. For VIEs in which an enterprise holds a variable interest that it acquired before February 1, 2003, FIN 46 applies in the first fiscal period beginning after June 15, 2003. For any VIEs that must be consolidated under FIN 46 that were created before February 1, 2003, the assets, liabilities and non-controlling interest of the VIE would be initially measured at their carrying amounts with any difference between the net amount added to the balance sheet and any previously unrecognized interest being recognized as the cumulative effect of an accounting change. If determining the carrying amounts is not practicable, fair value at the date FIN 46 first applies may be used to measure the assets, liabilities and non-controlling interest of the VIE. FIN 46 also mandates new disclosures about VIEs, some of which are required to be presented in financial statements issued after January 31, 2003.

There are no VIEs that require disclosure under FIN 46. Further, there are no VIEs created after January 31, 2003 that are required to be consolidated under FIN 46.

Guarantees and indemnifications

In November 2002, the FASB issued FIN 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, which requires that, for guarantees within the scope of FIN 45 issued or amended after December 31, 2002, a liability for the fair value of the obligation undertaken in issuing the guarantee be recognized. FIN 45 also requires additional disclosures in financial statements for periods ending after December 15, 2002. Accordingly, the required disclosures are included in Note 29 to the consolidated financial statements of the Company. The recognition and measurement provisions of FIN 45 were adopted effective January 1, 2003 and did not have a material impact on the consolidated financial statements of the Company.

Property and equipment

Property and equipment are stated at cost, less accumulated depreciation. The cost of additions, capital improvements and interest during the construction period are capitalized, while maintenance and repairs are charged to expense when incurred. Property and equipment held to be disposed off are reported as assets held for sale at the lower of carrying amount or fair value, less cost to sell.

Depreciation is provided over the estimated useful lives of the assets or lease term whichever is shorter.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Property under construction and advances paid towards acquisition of property and equipment are disclosed as capital work in progress. The interest costs incurred for funding an asset during its construction period are capitalized based on the average outstanding investment in the asset and the average cost of funds. The capitalized interest cost is included in the cost of the relevant asset and is depreciated over the estimated useful life of the asset.

Capitalized costs of computer software obtained for internal use represent costs incurred to purchase computer software from third parties and direct costs of materials and services incurred on internally developed software. The capitalized costs are amortized on a straight-line basis over the estimated useful life of the software.

Impairment of long-lived assets

Long-lived assets and certain intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets.

Business combinations

In June 2001, the FASB issued SFAS No. 141, Business Combinations, which requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001. SFAS No. 141 also specifies the criteria that intangible assets acquired in a purchase method business combination must meet to be recognized and reported apart from goodwill, noting that any purchase price allocated to an assembled workforce may not be accounted separately.

As of April 1, 2001, the Company had an unamortized deferred credit of Rs. 1,265 million related to an excess of the fair value of assets acquired over the cost of an acquisition. As required by SFAS No. 141, in conjunction with the early adoption of SFAS No. 142, the unamortized deferred credit as of April 1, 2001, has been written-off and recognized as the effect of a change in accounting principle.

Goodwill and intangible assets

On April 1, 2001, the Company early-adopted SFAS No. 142, Goodwill and Other Intangible Assets. As required by SFAS No. 142, the Company reclassified existing goodwill and intangible assets to conform with the new criteria in SFAS No. 141 for recognition apart from goodwill. This resulted in reclassification of previously recorded intangible assets of Rs. 115 million as goodwill and a reclassification of previously recorded goodwill of Rs. 373 million as a separate unidentifiable intangible asset.

As required by SFAS No. 142, the Company identified its reporting units and assigned assets and liabilities, including goodwill to the reporting units on the date of adoption. Subsequently, the Company compared the fair value of each reporting unit to its carrying value, to determine whether goodwill is impaired at the date of adoption. This transitional impairment evaluation did not indicate an impairment loss.

Subsequent to the adoption of SFAS No. 142, the Company does not amortize goodwill but instead tests goodwill for impairment at least annually. The annual impairment test under SFAS No. 142 did not indicate an impairment loss.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Net income and basic and diluted earnings per share excluding the impact of amortization of goodwill, for all periods presented would have been as follows:

	Year ended March 31,		
	2001 ⁽¹⁾	2002 ⁽²⁾	2003
Net income/(loss) (in millions)			
As reported.....	Rs. 6,630	Rs. 1,547	Rs. (7,983)
Add: Amortization of goodwill	145	-	-
Pro forma net income/ (loss).....	6,775	1,547	(7,983)
Earnings/ (Loss) per share: Basic (in Rs.)			
As reported.....	16.88	3.94	(14.18)
Add: Amortization of goodwill	0.37	-	-
Pro forma.....	17.25	3.94	(14.18)
Earnings/ (Loss) per share: Diluted (in Rs.)			
As reported.....	16.81	3.94	(14.18)
Add: Amortization of goodwill	0.37	-	-
Pro forma.....	17.18	3.94	(14.18)

¹⁾ Restated for reverse acquisition.

²⁾ Restated for reverse acquisition and adoption of SFAS No. 147

Intangible assets are amortized over their estimated useful lives in proportion to the economic benefits consumed in each period.

The useful life of other intangible assets is as follow:

	No. of years
Marketing-related intangibles.....	5
Customer-related intangibles.....	3-10

In October 2002, the FASB issued SFAS No. 147, Acquisitions of Certain Financial Institutions. SFAS No. 147 requires that business combinations involving financial institutions within its scope, be accounted for under SFAS No. 141. Previously, generally accepted accounting principles for acquisitions of financial institutions provided for recognition of the excess of the fair value of liabilities assumed over the fair value of tangible and identifiable intangible assets acquired as an unidentifiable intangible asset. Under SFAS No. 147, such excess is accounted for as goodwill. Adoption of SFAS No. 147 resulted in a reclassification of previously recorded unidentifiable intangible asset of Rs. 373 million to goodwill with effect from April 1, 2001. Further, as required by SFAS No. 147, the Company reversed the amortization expense of Rs. 290 million and the related income tax benefit of Rs. 103 million, by restating the results for the year ended March 31, 2002.

Income taxes

The Company accounts for income taxes under the provisions of SFAS No. 109, Accounting for Income Taxes. SFAS No. 109 requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the amount for financial reporting and tax basis of assets and liabilities, using enacted tax rates expected to apply to taxable income in the years the temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statement of income in the period of

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

enactment. Deferred tax assets are recognized subject to a valuation allowance based upon management's judgment as to whether realization is considered more likely than not.

Issue of shares by subsidiary/affiliate

An issuance of shares by a subsidiary/affiliate to third parties reduces the proportionate ownership interest of the Company in the investee. A change in the carrying value of the investment in a subsidiary/affiliate due to such direct sale of unissued shares by the investee is accounted for as a capital transaction, and is recognized in stockholders' equity when the transaction occurs.

Trading assets and liabilities

Trading assets and liabilities include securities and derivatives and are recorded either at market value or where, market prices are not readily available, fair value, which is determined under an alternative approach. The determination of market or fair value considers various factors including stock exchange quotations, time value and volatility factors underlying derivatives, counterparty credit quality and derivative transaction cash maintenance during that period.

Derivatives in a net receivable position are reported as trading assets. Similarly derivatives in a net payable position are reported as trading liabilities.

Employee benefit plans

The Company provides a variety of benefit plans to eligible employees. Contributions to defined contribution plans are charged to income in the period in which they accrue. Current service costs for defined benefit plans are accrued in the period to which they relate. Prior service costs, if any, resulting from amendments to the plans are recognized and amortized over the remaining period of service of the employees.

Stock-based compensation

The Company uses the intrinsic value based method of Accounting Principle Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees, to account for its employee stock-based compensation plans. Compensation cost for fixed and variable stock based awards is measured by the excess, if any, of the fair market price of the underlying stock over the exercise price. Compensation cost for fixed awards is measured at the grant date, while compensation cost for variable awards is estimated until the number of shares an individual is entitled to receive and the exercise price are known (measurement date).

In December 2002, FASB issued SFAS No. 148 Accounting for Stock Based Compensation-transition and disclosures, an amendment of FASB No. 123. SFAS No. 148 amends SFAS No. 123, Accounting for Stock Based Compensation, to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS No. 148 amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock based employee compensation and the effect of the method used on reported results. The disclosure provisions of SFAS No. 148 are applicable for fiscal periods beginning after December 15, 2002

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Had compensation cost been determined in a manner consistent with the fair value approach described in SFAS No. 123, the Company's net income and earnings per share as reported would have changed to the amounts indicated below:

	Year ended March 31,		
	2001 ⁽¹⁾	2002 ⁽²⁾	2003
Net income/(loss) (in millions)			
As reported.....	Rs. 6,630	Rs. 1,547	Rs. (7,983)
Add: Stock based employee compensation expense included in reported net income, net of tax effects.....	37	26	7
Less : Stock based employee compensation expense determined under fair value based method, net of tax effects.....	(128)	(58)	(358)
Pro forma net income/ (loss).....	6,539	1,515	(8,334)
Earnings/ (loss) per share: Basic (in Rs.)			
As reported.....	16.88	3.94	(14.18)
Pro forma.....	16.65	3.86	(14.80)
Earnings/ (loss) per share: Diluted (in Rs.)			
As reported.....	16.81	3.94	(14.18)
Pro forma.....	16.59	3.86	(14.80)

¹⁾ Restated for reverse acquisition.

²⁾ Restated for reverse acquisition and adoption of SFAS No. 147.

The fair value of the options is estimated on the date of the grant using the Black-Scholes options pricing model, with the following assumptions:

	2001	2002	2003
Dividend yield.....	5.9%	5.5%	1.7%
Expected life.....	10 years	10 years	10 years
Risk free interest rate.....	10.4%	7.4%	8.9%
Volatility.....	30%	55%	54%

Dividends

Dividends on common stock and the related dividend tax are recognized on approval by the Board of Directors.

Earnings/ (Loss) per share

Basic earnings/ (loss) per share is computed by dividing net income/ (loss) by the weighted average number of common stock outstanding during the period. Diluted earnings/ (loss) per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted.

Reclassifications

Certain other reclassifications have been made in the financial statements of prior years to conform to classifications used in the current year. These changes had no impact on previously reported results of operations or stockholders' equity.

2. Dilution of ownership interest in the acquiree

Until March 2000, the Company held a 74.2% controlling interest in the acquiree. In March 2000, the acquiree issued 15.9 million American Depository Shares (ADS) to third parties. As a result of the issuance, the proportionate ownership interest of the Company in the acquiree reduced from 74.2% to 62.2%.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

The offering price per share exceeded the Company's carrying amount per share in the acquiree, resulting in an increase in the carrying value of the Company's investment in the acquiree by Rs. 4,114 million. This change in the carrying value was recognized in the statement of stockholders' equity as a capital transaction.

In March 2001, the acquiree acquired Bank of Madura Limited, a banking company, through issuance of stock. The acquisition was recorded by the purchase method. As a result of the issuance, the ownership interest of the Company in the acquiree was reduced from 62.2% to 55.6%. The issuance price exceeded the Company's carrying amount per share in the acquiree resulting in an increase in the carrying value of the Company's investment in the acquiree by Rs. 1,242 million. This change in the carrying value, net of the related tax effect of Rs. 140 million, has been recognized in the statement of stockholders' equity as a capital transaction.

Subsequently, during March 2001, the Company sold a 9.2% interest in the acquiree to institutional investors for a consideration of Rs. 3,499 million. The gain on sale of Rs. 1,996 million is included in the statement of income. This reduced the Company's interest in the acquiree to 46.4%.

In view of the Company's ownership interest in the acquiree having been reduced to below majority level, the Company determined that consolidation of the acquiree was not appropriate and accounted for its ownership interest under the equity method beginning April 1, 2000, the beginning of the fiscal year in which the ownership interest was less than majority.

During the year ended March 31, 2002, the Company further reduced its ownership interest to 46%. This resulted in a gain of Rs. 57 million, which is included in the statement of income.

3. Acquisitions

Reverse acquisition

Effective April 1, 2002, the acquiree and the Company consummated a transaction whereby shareholders of the Company were issued shares of the acquiree in the ratio of 1:2. The transaction has been treated as a reverse acquisition, with the acquiree as the surviving legal entity but the Company as the accounting acquirer.

On the acquisition date, the Company held a 46% ownership interest in the acquiree. Accordingly, the acquisition of the balance 54% ownership interest has been accounted for as a step-acquisition. The operations of the acquiree have been consolidated in the Company's financial statements effective April 1, 2002.

As a result of the acquisition, the Company became a universal banking company offering the entire spectrum of financial services. The acquisition is expected to reduce the cost of funds for the Company through access to the extensive branch network and deposit base of the acquiree. Further, the acquisition is expected to benefit the Company through greater opportunities to generate fee-based income, participation in the payment networks and ability to provide transaction banking services. Subsequent to the acquisition, the operations of the Company will be governed by the Banking Regulation Act, 1949.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

The components of the purchase price and allocation are as follows:

	(in millions)
Fair value of common stock issued on reverse acquisition.....	Rs. 12,028
Direct acquisition costs.....	1,627
Fair value of stock options assumed on reverse acquisition.....	409
Total.....	Rs. 14,064

The fair value of common stock issued on reverse acquisition was based on the average prices of the equity shares for the two trading days before and after October 25, 2002, the date, the terms of the acquisition were agreed to and announced.

The total purchase price has been allocated to the acquired assets and assumed liabilities as of the date of acquisition based on management's estimates and independent appraisals as follows:

	(in millions)
<i>Assets</i>	
Cash and cash equivalents.....	Rs. 53,183
Investments.....	113,725
Loans.....	39,102
Property and equipment.....	2,609
Intangible assets.....	5,470
Other assets.....	11,093
Total assets acquired.....	Rs. 225,182
<i>Liabilities</i>	
Deposits.....	Rs. 176,018
Borrowings.....	16,174
Other liabilities.....	19,745
Total liabilities assumed.....	Rs. 211,937
Net tangible and intangible assets.....	Rs. 13,245
Goodwill.....	819
Total	Rs. 14,064

The goodwill recognized above is not deductible for tax purposes.

The intangible assets relate to customer and deposit relationships and would be amortized over a period of 10 years.

Consequent to the acquisition, the 46% ownership interest held by the Company in the acquiree was recorded as treasury stock at its historical carrying value. In September 2002, the treasury stock was sold to institutional investors for Rs. 13,154 million. The difference between the sale proceeds and the carrying value, net of related tax effects of Rs. 599 million, was recognized in the statement of stockholders equity as a capital transaction.

Step-acquisition of Tricolour Infotech Services Limited

In September 2002, the Company acquired the remaining 50% ownership interest in Tricolor Infotech International Inc., Mauritius for a cash consideration of Rs. 110 million. The total purchase price has been allocated to the acquired assets and assumed liabilities based on management estimates as follows:

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

	(in millions)
Net tangible assets.....	Rs. 16
Marketing-related intangibles.....	76
Goodwill.....	18
Total.....	Rs. 110

The goodwill recognized above is not deductible for tax purposes.

Acquisition of Customer Asset India Private Limited

In April 2002, the Company acquired a 100% ownership interest in Customer Asset India Private Limited, a company engaged in the business of providing contact center services through its offshore contact center at Bangalore, for a cash consideration aggregating Rs. 959 million. The acquisition would enable the Company to enter the IT enabled services market. The total purchase price has been allocated to the acquired assets and assumed liabilities based on management estimates as follows:

	(in millions)
Net tangible assets.....	Rs. 177
Customer-related intangibles.....	165
Goodwill.....	617
Total.....	Rs. 959

The goodwill recognized above is not deductible for tax purposes.

Pro forma information (unaudited)

Unaudited pro forma results of the operations for the years ended March 31, 2002 and 2003 as if the acquisitions had been made at the beginning of the periods is given below. The pro forma results include estimates and assumptions which management believes are reasonable. However, these do not reflect any benefits from economies or synergies, which might be achieved from combining the operations. The pro forma consolidated results of operations include adjustments to give effect to amortization of acquired intangible assets other than goodwill. The pro forma information is not necessarily indicative of the operating results that would have occurred had the purchase been made at the beginning of the periods presented.

	Year ended March 31,	
	2002	2003
Revenues (in millions)	87,274	111,421
Net income/(loss) (in millions).....	1,231	(8,017)
EPS (Basic and Diluted) (in Rs.)	3.13	(14.24)

4. Sale of stock of ICICI Infotech Services Limited

During the year ended March 31, 2001, the Company diluted its interest in ICICI Infotech Services Limited to 92% through sale of an 8% interest to a strategic investor for a consideration of Rs. 576 million. The gain on sale of Rs. 511 million is included in the statement of operations.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

5. Cash and cash equivalents

Cash and cash equivalents as of March 31, 2003, includes deposits with Reserve Bank of India of Rs. 45,506 million (2002: Nil) (including Rs. 39,805 million (2002: Nil) in accordance with the guidelines governing minimum cash reserve requirements) and interest-bearing deposits with other banks of Rs. 6,919 million (2002: Rs. 35,508 million). The balance maintained with the Reserve Bank of India towards cash reserve requirements are subject to withdrawal and usage restrictions.

6. Trading assets

A listing of the trading assets is set out below:

	As of March 31	
	2002	2003
	(in millions)	
Government of India securities	Rs. 15,602	Rs. 26,658
Securities purchased under agreements to resell.....	21,399	5,399
Corporate debt securities.....	4,627	6,704
Equity securities.....	742	187
Fair value of derivative and foreign exchange contracts.....	6	686
Total.....	Rs. 42,376	Rs. 39,634

As of March 31, 2003, trading assets include Government of India (GOI) securities amounting to Rs. 8,050 million (2002: Rs. 11,866 million), which are pledged for the purpose of collateralizing short-term borrowings.

7. Securities

The portfolio of securities is set out below:

	As of March 31, 2002				As of March 31, 2003			
	Amortized cost	Gross unrealized gain	Gross unrealized loss	Fair value	Amortized cost	Gross unrealized gain	Gross unrealized loss	Fair value

Loans, net of unearned income and security deposits	560,248	684,640
Allowances for loan losses	(36,647)	(54,219)
Loans, net	Rs. 523,601	Rs. 630,421

¹⁾ Non-readily marketable privately placed debt instruments are classified as loans to reflect the substance of such transactions as substitutes for direct lending (credit substitutes).

²⁾ Includes Rs. 62,716 million (2002: Rs. 60,282 million) of credit substitutes classified as loans.

Project and corporate finance loans are generally secured by property, plant and equipment and other tangible assets. Generally, the working capital loans are secured by a first lien on current assets, principally comprising inventory and receivables. Additionally, in certain cases the Company may obtain additional security for working capital loans through a first or second lien on property and equipment, pledge of financial assets like marketable securities and corporate/personal guarantees.

Lease financing

Contractual maturities of the Company's investment in lease financing and its components, which are included in loans are set out below:

	As of March 31,
	2003
	(in millions)
Gross finance receivables for the year ending March 31,	
2004	Rs. 5,900
2005	4,159

Other impaired loans:		
With a valuation allowance.....	50,754	83,087
Without a valuation allowance	-	69
Other impaired loans.....	Rs. 50,754	Rs. 83,156

During the year ended March 31, 2003, interest income of Rs. 2,358 million (2002: Rs. 3,257 million, 2001: Rs. 1,989 million) was recognized on impaired loans on a cash basis. Gross impaired loans (including restructured loans) averaged Rs. 188,195 million during the year ended March 31, 2003 (2002: Rs. 115,543 million).

Concentration of credit risk

Concentration of credit risk exists when changes in economic, industry or geographic factors similarly affect groups of counterparties whose aggregate credit exposure is material in relation to Company's total credit exposure. The Company's portfolio of financial instruments is broadly diversified along industry, product and geographic lines within India.

11. Allowance for loan losses

Changes in the allowance for loan losses

Movements in the allowance for loan losses are set out below:

	Year ended March 31,		
	2001	2002	2003
	(in millions)		
Allowance for loan losses at the beginning of the year.....	Rs. 34,085	Rs. 33,035	Rs. 36,647

Provisions for loan losses, net of releases of provisions as a result of cash collections	9,892	9,743	Rs. 19,649
	43,230	42,778	57,593
Loans charged-off.....	(10,195)	(6,131)	(3,374)
Allowance for loan losses at the end of the year.....	Rs. 33,035	Rs. 36,647	Rs. 54,219

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

12. Securitization activity

The Company primarily securitizes commercial loans through 'pass-through' securitizations. After the securitization, the Company generally continues to maintain customer account relationships and services loans transferred to the securitization trust. Generally, the securitizations are with or without recourse and the Company does not provide any credit enhancement. In a few cases, the Company may enter into derivative transactions such as written put options and interest rate swaps with the transferees. Generally, the Company does not retain any beneficial interests in the assets sold.

During the year ended March 31, 2003, the Company securitized loans and credit substitutes with a carrying value of Rs. 51,780 million (2002: Rs. 40,851 million), which resulted in gains of Rs. 2,070 million (2002: Rs. 1,079 million, 2001: Rs. 434 million). The gains are reported as a component of gain on sale of loans and credit substitutes.

Transfers that do not meet the criteria for a sale under SFAS No. 140, are recorded as secured borrowings with a pledge of collateral. As of March 31, 2003, the Company recorded secured borrowings of Nil (2002: Rs. 5,787 million) that arise on securitization transaction involving trusts that are not considered as qualifying special purpose entities under the guidance provided by SFAS No. 140. Such secured borrowings are reported as a component of other borrowings.

As discussed above, the Company has written put options, which require the Company to purchase, upon request of the holders, securities issued in certain securitization transactions. The put options seek to provide liquidity to holders of such instruments. If exercised, the Company will be obligated to purchase the securities at the predetermined exercise price.

As of March 31, 2003, the Company sold loans and credit substitutes with an aggregate put option exercise price of Rs. 24,404 million (2002 : Rs. 13,108 million). Subsequent to their initial issuance, such options are recorded at fair values with changes reported in the statement of operations.

13. Derivative instruments and hedging activities

The Company manages its exposures to market rate movements by modifying its mix of assets and liabilities, either directly or through the use of derivative financial products including interest rate swaps, cross currency swaps, equity index futures, equity index options and forward exchange contracts.

All such freestanding derivatives, whether held for trading or non-trading purposes, are carried at their fair value as either assets or liabilities and related gains and losses are included in other non-interest income. The Company has not identified any significant derivative features embedded in other contracts that are not clearly and closely related to the host contract and meet the definition of a derivative.

Fair values for derivatives are based on quoted market prices, which take into account current market and contractual prices of the underlying instrument as well as time value underlying the positions.

All the designated hedges entered into by the Company qualify as fair value hedges under SFAS No. 133. There are no cash flow hedges or hedges of net investments in foreign operations. For fair value hedges, changes in the fair value of the hedged asset or liability due to the risk being hedged are recognized in the statement of operations along with changes in the fair value of the derivative. The Company assesses the effectiveness of the hedge instrument at inception and continually on a quarterly basis. The ineffectiveness, to the extent to which offsetting gains or loss are not achieved, is recorded through the statement of operations.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

The table below summarizes certain information relating to the Company's hedging activities:

	<u>As of March 31, 2002</u>	<u>As of March 31, 2003</u>
	(in millions)	
Fair value hedges.....	Rs. 1,161	Rs. 1,836

2008.....	6,798
Thereafter	7,808
Total deposits.....	Rs. 418,119

As of March 31, 2003, the aggregate of deposits with individual balances greater than Rs. 5 million was Rs. 267,297 million (2002: Rs. 1,922 million).

19. Short term borrowings

Short term borrowings represent non-trading borrowings with an original maturity of one year or less.

20. Long-term debt and redeemable preferred stock

Long-term debt

Long-term debt represents debt with an original maturity of greater than one year. Maturity distribution is based on contractual maturities or earlier dates at which the debt is callable at the option of the holder. A significant portion of the long-term debt bears a fixed rate of interest. Interest rates on floating-rate debt are generally linked to the London Inter-Bank Offer Rate or similar money market rates. The segregation between fixed-rate and floating-rate obligations is based on the contractual terms.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

A listing of long-term debt as of March 31, 2003, by maturity and interest rate profile is set out below:

	<u>Fixed-rate obligations</u>	<u>Floating-rate obligations</u>	<u>Total</u>
	(in millions)		
Long-term debt maturing during the year ending March 31,			
2004.....	Rs. 77,994	Rs. 8,269	Rs. 86,263
2005.....	67,022	2,977	69,999
2006.....	85,660	6,200	91,860
2007.....	20,190	5,143	25,333
2008.....	26,136	1,907	28,043
Thereafter.....	88,020	13,126	101,146
Total.....	Rs. 365,022	Rs. 37,622	Rs. 402,644
Less: Unamortized debt issue cost.....			1,832
Total.....			Rs. 400,812

All long-term debt is unsecured. Debt aggregating Rs. 35,151 million 2002: Rs. 40,439 million) is guaranteed by the Government of India (GOI).

Long-term debt is denominated in various currencies. As of March 31, 2003, long-term debt comprises Indian rupee debt of Rs. 350,633 million (2002: Rs. 438,529 million) and foreign currency debt of Rs. 50,179 million (2002: Rs. 72,894 million).

Indian rupee debt

A listing of major category of Indian rupee debt is set out below:

Category	As of March 31,							
	2002				2003			
	<u>Amount</u>	<u>Weighted average interest rate</u>	<u>Range</u>	<u>Average Residual maturity</u> (In millions)	<u>Amount</u>	<u>Weighted average interest rate</u>	<u>Range</u>	<u>Average residual maturity</u>
Bonds issued to institutional /individual investors ⁽¹⁾	Rs. 413,388	11.9%	8.4-16.5%	3.4 years	Rs. 309,488	11.71%	7-16.40%	3.26 years
Bonds eligible for statutory reserve requirements ⁽²⁾	18,240	11.3%	7.8-12%	6.8 years	14,815	11.87%	11.50-12%	7.22 years
Borrowings from GOI ⁽³⁾	6,936	10.3%	11-16%	4.9 years	6,137	10.13%	11-13%	4.44 years
Refinance from financial institutions.....					20,193	7.35%	6.5-17%	3.64 years
Total.....	Rs. 438,564	11.9%		3.5 years	Rs. 350,633	11.28%		3.46 years

¹⁾ Includes application money received on bonds outstanding at the end of the year.

²⁾ Banks in India are required to mandatorily maintain a specified percentage of certain liabilities as cash or in approved securities. These bonds issued by the Company are approved securities under the rules.

³⁾ Includes interest-free borrowing from the GOI aggregating Rs. 296 million (2002: Rs. 255 million). The borrowing was initially recorded at its fair value of Rs. 100 million based on the prevailing interest rate of 16% for borrowings of a similar term and risk. Interest is being imputed for each reporting period using this rate.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Foreign currency debt

A listing of major category of foreign currency debt is set out below:

Category	As of March 31,							
	2002				2003			
	Amount	Weighted average interest rate	Range	Average residual maturity (In millions)	Amount	Weighted average interest rate	Range	Average Residual Maturity
Borrowings from international development agencies ^{(1) (2)(3)}	Rs. 25,224	3.0%	0-6.8%	13.6 years	Rs. 25,417	4.14%	0-8.5%	9.50 years
Other borrowings from international markets.....	47,670	3.8%	2- 9.1%	2.1 years	24,762	3.37%	0- 9.15%	2.52 years
Total.....	Rs. 72,894	3.5%		6.08 years	Rs. 50,179	3.69%		6.05 years

¹⁾ These borrowings have been raised under specific lines of credit from international development agencies. The borrowings have lender-imposed restrictions that limit the use of the funds for specified purposes, which include lending to specified sectors.

²⁾ As of March 31, 2003, under these lines of credit, the Company has an unutilized option to borrow Rs. 6,265 million (2002: Rs. 5,349 million) as per an agreed schedule over a period of 5 years at various interest rates.

³⁾ Exchange rate fluctuations on certain borrowings are guaranteed by the GOI.

Redeemable preferred stock

The Company issued preferred stock with a face value of Rs. 3,500 million during the year ended March 31, 1998 under the scheme of business combination with ITC Classic Finance Limited. This preferred stock bears a dividend yield of 0.001% and is redeemable at face value after 20 years. The preferred stock was initially recorded at its fair value of Rs. 466 million. Subsequently, interest is being imputed for each reporting period. The imputed interest rate of 10.6% was determined based on the then prevailing interest rate for securities of similar maturity. The carrying amount of this redeemable preferred stock as of March 31, 2003 is Rs. 853 million (2002: Rs. 772 million).

Banks in India are not allowed to issue preferred stock. However, the Company has been currently exempted from the restriction, which prohibits issue of preference shares by banks.

21. Other liabilities

Interest accrued

Other liabilities as of March 31, 2003, include Rs. 16,276 million (2002: Rs. 21,435 million) of interest accrued but not due on interest bearing liabilities.

Borrowings from Kreditanstalt fur Wiederaufbau

The Company has borrowings from Kreditanstalt fur Wiederaufbau (KfW), an international development agency, under specific lines of credit. The terms of the borrowings provide for limitations on usage, whereby funds can be used only for specified purposes. The borrowings are guaranteed by the GOI.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

With respect to certain borrowings, the terms of the borrowing agreement provide that a portion of the interest payable on the borrowing shall be paid to the GOI instead of the lender. KfW and the GOI have entered into an agreement whereby the interest paid to the GOI is repaid to the Company either in the form of a grant or a loan. While the loan is repayable as per a specified schedule, the grants do not have a repayment schedule. The interest amounts received from the GOI bear limitations on usage and are required to be advanced as loans/contributions for specified purposes. Similarly, with respect to certain other borrowings from KfW, the terms of the borrowing agreement provide that a portion of the interest payable on the borrowings shall be retained by the Company and used to be advanced as loans/contributions for specified purposes.

The Company periodically advances loans/contributions for specified purposes out of these funds and reports such utilizations to the GOI/KfW. However, no time schedule has been specified for the usage of the funds. In the event that the funds are not utilized for specified purposes, the GOI/KfW have the right to require repayment of the grant/retained interest. Additionally, KfW can modify the scope of the specified purposes. The Company retains the income derived from the loans made out of the funds. Similarly, it bears the risks of default on the loans.

The interest repaid by the GOI in the form of grants and the interest retained under the agreement with KfW do not represent contributions as they specify donor-imposed conditions, the breach of which, would enable the donor to demand repayment of the grants/retained interest. Accordingly, the grants/retained interest have been reported as liabilities.

Other liabilities as of March 31, 2003, include grants of Rs. 2,052 million (2002: Rs. 2,689 million) and retained interest of Rs. 496 million (2002: Rs. 439 million).

22. Common stock

The Company presently has only one class of common stock. In the event of liquidation of the affairs of the Company, all preferential amounts, if any, shall be discharged by the Company. The remaining assets of the Company, after such discharge, shall be distributed to the holders of common stock in proportion to the common stock held by shareholders.

The Company has issued American Depositary Shares (ADS) representing underlying common stock. The common stock represented by the ADS is similar to other common stock, except for voting rights. While every holder of common stock, as reflected in the records of the Company, has one vote in respect of each share held, the ADS holders have no voting rights due to a condition contained in the approval of the offering from the Ministry of Finance of India. Under the depository agreement, the depository of the ADS will vote as directed by the Board of Directors of the Company.

As discussed in Note 3, the Company consummated the reverse acquisition with the acquiree effective April 1, 2002, whereby shareholders of the Company were issued common shares of the acquiree in the ratio of 1:2. The effect of the reverse acquisition on the capital structure (including outstanding stock options) of the Company has been retroactively adjusted in the financial statements. On consummation of the reverse acquisition, adjustments were made to the value of the common stock and the additional paid in capital.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

23. Retained earnings and dividends

Retained earnings at March 31, 2003 computed as per generally accepted accounting principles of India include profits aggregating to Rs. 5,514 million which are not distributable as dividends under the Banking Regulation Act, 1949. These relate to requirements regarding earmarking a part of the profits under banking laws in India. Utilization of these balances is subject to approval of the Board of Directors and needs to be reported to Reserve Bank of India. Statutes governing the operations of the Company mandate that dividends be declared out of distributable profits only after the transfer of at least 25% of net income each year, computed in accordance with current banking regulations, to a statutory reserve. Additionally, the remittance of dividends outside India is governed by Indian statutes on foreign exchange transactions.

Retained earnings as of March 31, 2002, include profits aggregating to Rs. 12,153 million (2001: Rs. 11,875 million), which are not distributable as dividends under Indian company law. These relate to profits on redemption of preferred stock and requirements regarding earmarking a part of profits under banking laws.

Retained earnings as of March 31, 2003, include reserves of Rs. 10,940 million (2002: Rs. 10,866 million) earmarked under Indian tax laws to avail tax benefits and which are not distributable as dividends. Any transfer of balances from such earmarked reserves would result in withdrawal of the tax exemption on the transferred amounts.

24. Earnings per share

A computation of the earnings per share is set out below:

	Year ended March 31,					
	2001		2002		2003	
	(in millions, except earnings per share data)					
	Basic	Fully Diluted	Basic	Fully diluted	Basic	Fully diluted
<i>Earnings</i>

Total.....	393	393	393	393	563	563
<i>Earnings per share</i>						
Net income before extraordinary items and cumulative effect of accounting change	16.88	16.81	0.72	0.72	(14.18)	(14.18)
Cumulative effect of accounting change			3.22	3.22	-	-
Net income.....	Rs. 16.88	Rs. 16.81	Rs. 3.94	Rs. 3.94	Rs. (14.18)	Rs. (14.18)

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Options to purchase 7,015,800 equity shares and 12,610,275 equity shares granted to employees at a weighted average exercise price of Rs. 81.30 and Rs. 154.70 were outstanding during the year ended March 31, 2002 and 2003, respectively, but were not included in the computation of diluted earnings per share because the exercise price of the options was greater than the average market price of the equity shares during the period. During the year ended March 31, 2003, the Company has reported a net loss and accordingly all outstanding options are anti-dilutive.

25. Segmental disclosures and related information

Segmental disclosures

SFAS No. 131, Disclosure about Segments of an Enterprise and Related Information, establishes standards for the reporting of information about operating segments. Operating segments are defined as components of an enterprise for which separate financial information is available that is regularly evaluated by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance. As discussed in Note 3, the Company consummated the reverse acquisition with the acquiree effective April 1, 2002. Subsequent to the reverse acquisition, the Company changed the structure of its internal organisation, which changed the composition of its operating segments. The Company's operations have been classified into the following segments: Commercial Banking segment, Investment Banking segment and Others. Segment data for previous periods have been reclassified on a comparable basis.

The Commercial Banking segment provides medium-term and long-term project and infrastructure financing, securitization, factoring, lease financing, working capital finance and foreign exchange services to clients. Further, it provides deposit and loan products to retail customers. The Investment Banking segment deals in the debt, equity and money markets and provides corporate advisory products such as mergers and acquisition advice, loan syndication advice and issue management services.

Others consist of various operating segments that do not meet the requirements to be reported as on individual reportable segment as defined in SFAS No. 131.

The CODM evaluates the Company's performance and allocates resources based on performance indicators (components of profit and loss) of each of the segments. Further, the CODM specifically reviews assets of the personal financial services division, which is a part of commercial banking segment.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

The profit and loss of reportable segments is set out below:

	Commercial Banking			Investment Banking		
	Year ended March 31,			Year ended March 31,		
	2001	2002	2003	2001	2002	2003
	(in millions)			(in millions)

Net income/ (loss).....	Rs. 4,542	Rs. 1,691	Rs. (7,852)	Rs. 2,588	Rs. 1,300	Rs. 1,226

A listing of certain assets of reportable segments is set out below:

	Commercial Banking		Investment Banking		Others		Eliminations of the		Total	
							acquiree			
	2002	2003	2002	2003	2002	2003	2002	2003	2002	2003
As of March 31,	(in millions)									
Property and equipment.....	Rs.13,157	Rs. 16,048	Rs.2,152	Rs. 2,754	Rs. 2,099	Rs. 2,413	Rs.(4,831)	-	Rs. 12,577	Rs. 21,215
Investment in equity affiliates..	15	-	-	252	1,867	2,363	-	-	1,882	2,615

Inter segment transactions are generally based on transfer pricing measures as determined by management. Income, expenses, assets and liabilities are either specifically identifiable with individual segments or have been allocated to segments on a systematic basis. Corporate overheads and assets have also been allocated to segments on a systematic basis.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

A reconciliation between the segment income and consolidated totals of the Company is set out below:

Consolidated total assets.....	743,362	1,180,263

¹⁾ Commercial banking includes retail assets of Personal financial services division of Rs. 172,208 million (March 2002: Rs. 75,072 million), which are reviewed separately by the CODM.

Geographic distribution

The business operations of the Company are largely concentrated in India. Activities outside India are restricted to resource mobilization in the international markets and operations of certain software development and services subsidiaries in the United States.

Major customers

The Company provides banking and financial services to a wide base of customers. There is no major customer, which contributes more than 10% of total income.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

26. Employee benefits

Gratuity

In accordance with Indian regulations, the Company provides for gratuity, a defined benefit retirement plan covering all employees. The plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee's salary and the years of employment with the Company. The gratuity benefit provided by the Company to its employees is equal to or greater than the statutory minimum.

In respect of the parent company, the gratuity benefit is provided to the employee either through a fund administered by a Board of Trustees and managed by Life Insurance Corporation of India (LIC) or through a fund administered and managed by a Board of Trustees. The Company is responsible for settling the gratuity obligation through contributions to the fund. The plan is fully funded.

In respect of the remaining entities within the group, the gratuity benefit is provided through annual contributions to a fund administered and managed by the LIC. Under this scheme, the settlement obligation remains with the Company, although the LIC administers the scheme and determines the contribution premium required to be paid by the Company.

The following table sets forth the funded status of the plans and the amounts recognized in the financial statements:

	As of March 31,	
	2002	2003
	(in millions)	
<i>Change in benefit obligations</i>		
Projected benefit obligations at beginning of the year.....	Rs. 207	Rs. 263
Divestitures.....	-	-
Obligations assumed on acquisition.....	-	393

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

The components of the net gratuity cost are set out below:

	Year ended March 31,		
	2001	2002	2003
	(in millions)		
Service cost.....	Rs. 12	Rs. 29	Rs. 69
Interest cost.....	16	25	64
Expected return on assets.....	(16)	(29)	(70)
Amortization of transition asset/liability.....	(1)	(1)	1
Amortization of prior service cost.....	1	1	1
Actuarial (gain)/loss.....	-	2	2
Net gratuity cost.....	Rs. 12	Rs. 27	Rs. 67

The actuarial assumptions used in accounting for the gratuity plan are given below:

	As of March 31,	
	2002	2003
Discount rate.....	10%	8%
Rate of increase in the compensation levels.....	9%	7%
Rate of return on plan assets.....	9.5%	7.5%

As of March 31, 2003, of the total plan assets, Rs. 46 million (2002: Rs. 3 million) has been invested in debt securities of the Company.

Pension

The Company provides for pension, a deferred retirement plan covering certain employees. The plan provides for a pension payment on a monthly basis to these employees on their retirement based on the respective employee's salary and years of employment with the Company. Employees covered by the pension plan are not eligible for benefits under the provident fund plan, a defined contribution plan. The pension plan is the continuation of the acquiree's plan and hence there are no comparatives for the current year.

The pension plan is funded through periodic contributions to a fund set-up by the Company and administrated by a Board of Trustees. Such contributions are actuarially determined.

The following table sets forth the funded status of the plan and the amounts recognized in the financial statements.

	As of March 31, 2003
	(in millions)
<i>Change in benefit obligations</i>	
Projected benefit obligations at beginning of the year.....	Rs. 913
Service cost.....	22
Interest cost.....	89

Fair value of plan assets at beginning of the year.....	914
Expected return on plan assets.....	86
Employer contributions.....	16
(Gain)/loss on plan assets.....	166
Benefits paid.....	(26)
Plan assets at the end of the year.....	1,156
Net prepaid benefit.....	Rs. 303

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

The components of the net pension cost are set out below:

	Year ended March 31, 2003
	(in millions)
Service cost.....	Rs. 22
Interest cost.....	89
Expected return on assets.....	(86)
Actuarial (gain)/loss	-
Net pension cost	Rs. 25

The assumptions used in accounting for the pension plan are given below:

	As of March 31, 2003
Discount rate	8%
Rate of increase in the compensation levels	7%
Rate of return on plan assets	7.5%

Superannuation

The permanent employees of the Company are entitled to receive retirement benefits under the superannuation scheme operated by the Company. Superannuation is a defined contribution plan under which the Company contributes annually a sum equivalent to 15% of the employee's eligible annual salary to LIC, the manager of the fund, which undertakes to pay the lump sum and annuity payments pursuant to the scheme. The Company contributed Rs. 51 million, Rs. 50 million and Rs. 97 million to the employees superannuation plan for the year ended March 31, 2001, 2002 and 2003 respectively.

Provident fund

In accordance with Indian regulations, employees of the Company (excluding those covered under the pension scheme) are entitled to receive benefits under the provident fund, a defined contribution plan, in which, both the employee and the Company contribute monthly at a determined rate. These contributions are made to a fund set up by the Company and administered by a Board of Trustees. Further, in the event the return on the fund is lower than 9.5% (current guaranteed rate of return to the employees), such difference is contributed by the Company and charged to income. The contribution to the employees provident fund amounted to Rs 55 million, Rs. 89 million and Rs. 106 million in year ended March 31, 2001, 2002 and 2003 respectively.

27. Employee Stock Option Plan

In August 1999, the Company approved an Employee Stock Option Plan (ICICI Plan). Under the ICICI Plan, the Company is authorized to issue up to 39.27 million equity shares to eligible employees. Eligible employees are granted an option to purchase shares subject to vesting. The options vest in a graded manner over 3 years with 20%, 30% and 50% of the options vesting at the end of each year. The options can be exercised within 10 years from the date of the grant. Compensation expense under the ICICI Plan for the year ended March 31, 2003 is Rs. 7 million (2002: Rs.26 million, 2001: Rs. 37 million).

As a result of the reverse acquisition, all outstanding options of the Company were exchanged for options of the acquiree in the ratio of 1:2 with an adjustment to the exercise price in the same ratio. This transaction is similar to an equity restructuring. In accordance with FIN 44, Accounting for Certain Transactions Involving Stock Compensation, the above transaction had no accounting consequence.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Under the terms of the reverse acquisition, the Company assumed the employee options outstanding under the acquiree's option plan. As the intrinsic value of all the assumed options was negative on the date of consummation, no amount has been allocated to deferred compensation under FIN 44.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

ICICI Infotech

In April 2000, ICICI Infotech approved an Employee Stock Option Plan (Infotech Plan). Under the Infotech Plan, ICICI Infotech is authorized to issue up to 12 million equity shares to its employees and employees of the parent company. Eligible employees are granted an option to purchase shares subject to vesting conditions. The options vest in a graded manner over 3 years with 20%, 30% and 50% of the options vesting at the end of each year. The options can be exercised within 10 years from the date of the grant.

During the year ended March 31, 2001, 2002 and 2003, the Company has not recorded any compensation cost as the exercise price was equal to the fair value of the underlying equity shares on the grant date. As shares of ICICI Infotech are not quoted on exchanges, the fair value represents management's best estimates considering all available factors.

Stock option activity under the above stock option plan is set out below:

Year ended March 31, 2001				
Option shares outstanding	ICICI Infotech		Weighted average exercise price and grant date fair values	Weighted average remaining contractual life (months)

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

ICICI Venture

In July 2000, ICICI Venture, a consolidated subsidiary, approved an Employee Stock Option Plan (Venture Plan). As of March 31, 2001, 78,900 options with an exercise price of Rs. 835 per share were outstanding. The Company did not record compensation cost, as the exercise price was equal to the fair value of the underlying equity shares on the grant date. During the year ended March 31, 2002, the Venture Plan was discontinued and all the options outstanding were voluntarily forfeited by the employees. The Company does not intend to replace such cancelled options.

ICICI OneSource Limited

In September 2002, ICICI OneSource, a consolidated subsidiary, approved an Employee Stock Options Plan (OneSource plan). Under the OneSource Plan, ICICI OneSource is authorized to issue equity shares up to 10% of the share capital to the employees. Eligible employees are granted an option to purchase shares subject to vesting conditions. The options vest in a graded manner over 4 years with 25% at the end of the first year and 12.5% of the options vesting at the end of each subsequent six month period. The options can be exercised within 10 years from the date of the grant.

Stock option activity under the above stock option plan is set out below:

	Year ended March 31, 2003			
	ICICI One Source Limited			
	Option shares outstanding	Range of exercise prices and grant date fair values	Weighted average exercise price and grant date fair values	Weighted average remaining contractual life (months)
Outstanding at the beginning of the year...	-	-	-	-
Granted during the year.....	4,250,000	Rs. 11.3	Rs. 11.3	113
Forfeited during the year.....	(395,000)	11.3	11.3	-
Exercised during the year.....	-	-	-	-
Outstanding at the end of the year.....	3,855,000	Rs. 11.3	Rs. 11.3	113
Exercisable at the end of the year.....	-	-	-	-

The Company has not recorded any compensation cost, as the exercise price was equal to the fair value of the underlying equity shares on the grant date. As shares of ICICI OneSource Limited are not quoted on exchanges, the fair value represents management's best estimates considering all available factors.

28. Income taxes

Components of deferred tax balances

The tax effects of temporary differences are reflected through a deferred tax asset/liability, which is included in the balance sheet of the Company.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

The components of the deferred tax balances are set out below:

	As of March 31,	
	2002	2003
	(in millions)	
Deferred tax assets		
Allowance for loan losses.....	Rs. 12,263	Rs. 16,228
Available for sale securities.....	2,141	1,044
Investments in trading securities.....	176	62
Unearned income.....	1,264	693
Capital loss carry forward.....	31	23
Business loss carry forward.....	175	219
Deposits.....	-	94
Other.....	676	574
	16,726	18,937
Valuation allowance.....	(226)	(524)
Total deferred tax asset.....	Rs. 16,500	Rs. 18,413
Deferred tax liabilities		
Property and equipment.....	(9,416)	(9,216)
Undistributed earnings of subsidiary and affiliates.....	(875)	(294)
Intangibles.....	-	(1,857)
Investment in trading securities.....	-	(39)
Long term debt.....	-	(666)
Available for sale securities.....	-	(20)
Others.....	(58)	(358)
Total deferred tax liability.....	(10,349)	(12,450)
Net deferred tax asset.....	Rs. 6,151	Rs. 5,963

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of the deferred tax asset is dependent on the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the scheduled reversal of the projected future taxable income, and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable incomes over the periods in which the deferred tax assets are deductible, management believes that it is more likely than not that the Company will realize the benefits of those deductible differences. The amount of deferred tax assets considered realizable, however could be reduced in the near term if estimates of future taxable income are reduced.

The Company would require taxable income of Rs. 21,266 million in the future periods to be able to fully realize the benefit of net deferred asset recognized in these consolidated financial statements.

The company had a valuation allowance of Rs. 97 million as at April 1, 2001. The net change in the total valuation allowance for the year ended March 31, 2002 and March 31, 2003 was an increase of Rs. 129 and Rs. 298 million respectively. The majority of the valuation allowance as of March 31, 2002 related to business loss carried forward and capital loss carried forward. As at March 31, 2003, included in the above, the Company has recorded a valuation allowance of Rs. 280 million pertaining to an excess of the amount for financial reporting over the tax basis carried forward pertaining to investment in equity affiliates.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

As at March 31, 2003, the Company has business loss carry forward of Rs. 505 million, with expiration dates as follows: March 31, 2009 – Rs. 108 million, March 31, 2010 – Rs. 43 million. Further, business loss carry forward pertaining to the Company's US subsidiary was Rs. 321 million which expires in 2022 and Australian subsidiary was Rs. 33 million which has no expiration date. The Company's capital loss carried forward of Rs. 110 million expires in March 31, 2006.

Reconciliation of tax rates

The Indian statutory tax rate is 35% plus a surcharge. During each of the years presented, legislation was enacted in the first few months of the fiscal year that changed the amount of the surcharge for that fiscal year and future years. The surcharge was changed to 13%, 2% and 5% during the years ended March 31, 2001, 2002 and 2003, respectively, and resulted in a total statutory tax rate of 39.55%, 35.70% and 36.75% for the years ended March 31, 2001 2002 and 2003, respectively.

The following is the reconciliation of expected income taxes at statutory income tax rate to income tax expense /benefit as reported:

	Year ended March 31,		
	2001	2002	2003
	(in millions)		
Income/(loss) before income taxes	Rs. 6,819	Rs. 533	Rs.(11,044)
Statutory tax rate	39.55%	35.70%	36.75%
Income tax expense/(benefit) at the statutory tax rate	2,697	190	(4,059)
<i>Increases/(reductions) in taxes on account of:</i>			
Special tax deductions available to financial institutions.....	(542)	(333)	(38)
Exempt interest and dividend income.....	(525)	(800)	(558)
Income charged at rates other than statutory tax rate.....	(927)	280	916
Changes in the statutory tax rate.....	(192)	360	(109)
Expenses disallowed for tax purposes.....	179	109	486
Tax on undistributed earnings of subsidiary	227	234	62
Change in valuation allowance.....	97	129	298
Tax adjustments in respect of prior year tax assessments.....	-	175	(31)
Tax adjustment on account of change in tax status of subsidiary.....	-	-	(97)
Other.....	(825)	(93)	69
Income tax expense/(benefit) reported	Rs. 189	Rs. 251	Rs. (3,061)

Components of income tax expense from continuing operations

The components of income tax expense/(benefit) from continuing operations are set out below:

	Year ended March 31,		
	2001	2002	2003
	(in millions)		
Current.....	Rs. 4,458	Rs. 3,474	Rs. 1,287
Deferred.....	(4,269)	(3,223)	(4,348)
Income tax expense/(benefit) reported	Rs. 189	Rs. 251	Rs. (3,061)

Only an insignificant amount of the Company's income/(loss) before income taxes and income tax expense/(benefit) was from outside India.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Allocation of income taxes

The total income tax expense/(benefit) was recorded as follows:

	Year ended March 31,		
	2001	2002	2003
	(in millions)		
Income/(loss) from continuing operations.....	Rs. 189	Rs. 251	Rs. (3,061)
Unrealized gain/(loss) on securities available for sale.....	(481)	890	1,461
Additional paid in capital.....	605	-	599
Income tax expense/(benefit) reported	Rs. 313	Rs. 1,141	Rs. (1,001)

29. Commitments and contingencies

Loan commitments

The Company has outstanding undrawn commitments to provide loans and financing to customers. These loan commitments aggregated Rs. 48,759 million as of March 31, 2003 (2002: Rs. 68,217 million). The interest rate on these commitments is dependent on the lending rates on the date of the loan disbursement. Further, the commitments have fixed expiration dates and are contingent upon the borrower's ability to maintain specific credit standards.

Guarantees

As a part of its project financing and commercial banking activities, the Company has issued guarantees to enhance the credit standing of its customers. These generally represent irrevocable assurances that the Company will make payments in the event that the customer fails to fulfill its financial or performance obligations. Financial guarantees are obligations to pay a third party beneficiary where a customer fails to make payment towards a specified financial obligation. Performance guarantees are obligations to pay a third party beneficiary where a customer fails to perform a non-financial contractual obligation. The guarantees are generally for a period not exceeding 10 years.

The credit risk associated with these products, as well as the operating risks, are similar to those relating to other types of financial instruments.

The current carrying amount of the liability for the Company's obligations under the guarantee amounted to Rs. 346 million (2002: Nil)

Details of guarantees outstanding are set out below:

Nature of guarantee	Maximum potential amount of future payments under guarantee				Total
	Less than 1 year	1-3 year	3-5 year	Over 5 year	
	(in millions)				
Financial guarantees.....	Rs. 9,413	Rs. 19,223	Rs. 4,361	Rs. 36,079	Rs. 69,076
Performance guarantees.....	8,309	8,835	3,965	16,293	37,402
Total.....	Rs. 17,722	Rs. 28,058	Rs. 8,326	Rs. 52,372	Rs. 106,478

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Capital commitments

The Company is obligated under a number of capital contracts. Capital contracts are job orders of a capital nature which have been committed. As of the balance sheet date, work had not been completed to this extent. Estimated amounts of contracts remaining to be executed on capital account aggregated Rs. 264 million as of March 31, 2003 (2002: Rs. 756 million).

Tax contingencies

Various tax-related legal proceedings are pending against the Company. Potential liabilities, if any, have been adequately provided for, and the Company does not estimate any incremental liability in respect of these proceedings.

Litigation

Various litigation and claims against the Company and its subsidiaries are in process and pending. Based upon a review of open matters with legal counsel, management believes that the outcome of such matters will not have a material effect upon the Company's consolidated financial position, results of operations or cashflows.

Operating lease commitments

The Company has commitments under long-term operating leases principally for premises and automated teller machines. The following is a summary of future minimum lease rental commitments as of March 31, 2003, for non-cancelable leases:

		(in millions)
Lease rental commitments for the year ending March 31,		
2004.....	Rs.	237
2005.....		231
2006.....		223
2007.....		208
2008.....		174
Thereafter.....		320
Total minimum lease commitments.....	Rs.	1,393

30. Related party transactions

The Company has transactions with its affiliates and directors/employees. The following represent the significant transactions between the Company and such related parties:

Insurance services

During the year ended March 31, 2003 the Company paid insurance premium to Lombard amounting to Rs. 224 million (2002: Rs 26 million, 2001:Nil).

Lease of premises and facilities

During the year ended March 31, 2003, the Company received for lease of premises, facilities and other administrative costs from Prulife, Rs. 84 million (2002: Rs. 54 million. 2001:Rs. 22 million), from Pru-ICICI, Rs. 6 million (2002: Rs. 5 million, 2001: Rs. 3 million) and from Lombard, Rs. 82 million (2002: Rs. 50 million, 2001: Nil).

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

During the year ended March 31, 2002, the Company received rentals for lease of premises, facilities and other equipment from the acquiree, Rs. 256 million (2001: Rs. 193 million). Similarly, during the year ended March 31, 2002, the Company paid rentals to the acquiree for lease of premises, Rs. 11 million (2001: Nil).

Secondment of employees

During the year ended March 31, 2003, the Company received from Prulife for seconded employees, Rs. 3 million (2002: Nil, 2001: Nil) and from Lombard, Rs. 10 million (2002: Rs. 5 million, 2001: Nil).

During the year ended March 31, 2002, the Company received from the acquiree for seconded employees, Rs. 55 million (2001: Rs. 4 million) during the year ended March 31, 2002, Similarly, the Company paid to the acquiree for employees seconded to the Company, Rs. 8 million (2001: Rs. 5 million).

Asset management services

During the year ended March 31, 2003, the Company provided asset management services to TCW and earned fees of Rs. 24 million (2002: Rs. 21 million, 2001: Rs. 31 million).

Deposits and borrowings

During the year ended March 31, 2003, the Company paid interest on bonds/deposits/call borrowings to its affiliated companies, Rs. 12 million (2002: Rs. 268 million, 2001: Rs. 202 million).

Banking services

The Company utilized banking services of the acquiree. During the year ended March 31, 2002, non-interest expense of the Company relating to such services, amounted to Rs. 32 million (2001: Rs. 72 million).

Derivative transactions

During the year ended March 31, 2002, the Company entered into interest rate swap contracts and cross currency swap contracts with the acquiree aggregating Rs. 10,310 million and Rs. Nil (2001: Rs. 3,350 million and Rs. 1,331 million) respectively. Contracts aggregating Rs. 8,760 million and Rs. 2,272 million (2001: Rs. 2,900 million and Rs. 4,352 million) were outstanding as of March 31, 2002, for interest rate swaps and currency swaps respectively. Net interest income in respect of these swaps amounted to Rs. 275 million (2001: Rs. 189 million) during the year ended March 31, 2002.

Similarly, the Company entered into forward foreign exchange contracts with the acquiree aggregating Rs 22,466 million (2001: Rs. 47,863 million) during the year ended March 31, 2002. Contracts aggregating Rs. 251 million (2001: Rs. 2,262 million) were outstanding as of March 31, 2002.

Reverse repurchase transactions

During the year ended March 31, 2002, the Company has entered into reverse repurchase transactions with the acquiree amounting to Rs. 52,792 million (2001: Rs. Nil). As of March 31, 2002, the Company had reverse repurchase transactions outstanding with the acquiree of Rs. 21,399 million (2001:Rs. Nil).

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Software development services

During the year ended March 31, 2002, the Company provided software development services to Tricolor and Pru-ICICI and earned fees of Rs. 19 million (2001: Rs. 8 million).

During the year ended March 31, 2002, the Company developed software and provided software and hardware support services to the acquiree, and earned fees of Rs. 124 million (2001: Rs. 73 million).

Back-office support services

During the year ended March 31, 2002, the Company set up a common technology infrastructure platform and the acquiree was charged towards communication expenses, backbone infrastructure expenses and data centre costs, Rs. 182 million (2001: Rs. 94 million).

During the year ended March 31, 2002, the Company provided telephone banking call-centre services and transaction processing services for the credit card operations of the acquiree, and earned fees of Rs. 149 million (2001: Rs. 99 million).

Transfer of financial assets

During the year ended March 31, 2002, the Company transferred loans in pass-through securitization transactions, where the beneficial interests were purchased by the acquiree, of Rs. 11,152 million (2001: Rs. 438 million). Gains of Rs. 98 million (2001: Rs. 50 million) was recorded on the sale. Subsequently, due to a change in the status of the qualifying special purpose entity used in the transactions, the Company regained control of the assets sold. As at March 31, 2002, obligations of Rs. 3,526 million (2001: Rs. Nil) relating to such repurchases are reflected as a component of the other borrowings.

Share transfer activities

During the year ended March 31, 2002, the Company provided share transfer services and dematerialization services to the acquiree and earned fees of Rs. 3 million (2001: Rs. 8 million).

Other transactions

During the year ended March 31, 2002, the Company undertook a corporate brand advertising campaign, out of which an amount of Rs. 29 million (2001: Rs. 15 million) has been recovered from the acquiree.

Employee loans

The Company has advanced housing, vehicle and general purpose loans to employees, bearing interest ranging from 2.5% to 6%. The tenure of these loans range from 5 years to 25 years. The loans are generally secured by the assets acquired by the employees. Employee loan balances outstanding as of March 31, 2003, of Rs. 2,273 million (2002: Rs. 949 million) are included in other assets.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Related party balances

The following balances payable to/receivable from related parties are included in the balance sheet:

	As of March 31,	
	2002	2003
	(in millions)	
Cash and cash equivalents.....	Rs. 4,360	Rs. -
Loans.....	209	22
Other assets.....	1,269	2,549
Deposits.....	-	440
Other liabilities.....	24	3

31. Estimated fair value of financial instruments

The Company's financial instruments include financial assets and liabilities recorded on the balance sheet, as well as off-balance sheet instruments such as foreign exchange and derivative contracts.

Fair value estimates are generally subjective in nature, and are made as of a specific point in time based on the characteristics of the financial instruments and relevant market information. Where available, quoted market prices are used. In other cases, fair values are based on estimates using present value or other valuation techniques. These techniques involve uncertainties and are significantly affected by the assumptions used and judgments made regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows, future expected loss experience and other factors. Changes in assumptions could significantly affect these estimates and the resulting fair values. Derived fair value estimates cannot necessarily be substantiated by comparison to independent markets and, in many cases, could not be realized in an immediate sale of the instruments.

Fair value estimates are based on existing financial instruments without attempting to estimate the value of anticipated future business and the value of assets and liabilities that are not considered financial instruments. Disclosure of fair values is not required for certain items such as investment accounted for under the equity method of accounting, obligations for pension and other post-retirement benefits, income tax assets and liabilities, property and equipment, prepaid expenses, core deposit intangibles and the value of customer relationships associated with certain types of consumer loans, particularly the credit card portfolio, and other intangible assets. Accordingly, the aggregate fair value amount presented do not purport to represent, and should not be considered representative of, the underlying market or franchise value of the Company. In addition, because of differences in methodologies and assumptions used to estimate fair values, the Company's fair values should not be compared to those of other financial institutions.

The following describes the methods and assumptions used by the Company in estimating the fair values of financial instruments.

Cash and cash equivalents

The carrying amounts reported in the balance sheet approximate fair values because maturities are less than three months.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Trading assets and liabilities

Trading account assets and liabilities are carried at fair value in the balance sheet. Values for trading securities are generally based on quoted, or other independent, market prices. Values for interest rate and foreign exchange products are based on quoted, or other independent, market prices, or are estimated using pricing models or discounted cash flows.

Securities

Fair values are based primarily on quoted, or other independent, market prices. For certain debt and equity investments that do not trade on established exchanges, and for which markets do not exist, estimates of fair value are based upon management's review of the investee's financial results, condition and prospects.

Loans

The fair values of certain commercial and consumer loans are estimated by discounting the contractual cash flows using interest rates currently being offered for loans with similar terms to borrowers of similar credit quality. The carrying value of certain other loans approximates fair value due to the short-term and/or repricing characteristics of these loans. For impaired loans, the impairment is considered while arriving at the fair value.

Deposits

The carrying amount of deposits with no stated maturity is considered to be equal to their fair value. Fair value of fixed-rate time deposits is estimated by discounting contractual cash flows using interest rates currently offered on the deposit products. Fair value for variable-rate time deposits approximates their carrying value. Fair value estimates for deposits do not include the benefit that results from the low-cost funding provided by the deposit liabilities compared to the cost of alternative forms of funding (core deposit intangibles).

Long-term debt, short-term borrowings and redeemable preferred stock

The fair value of the Company's debt, including short-term borrowings, is estimated based on quoted market prices for the issues for which there is a market, or by discounting cash flows based on current rate available to the Company for similar types of borrowing arrangements.

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

A listing of the fair values by category of financial assets and financial liabilities is set out below:

	<u>As of March 31, 2002</u>		<u>As of March 31, 2003</u>	
	<u>Carrying Value</u>	<u>Estimated fair value</u>	<u>Carrying Value</u>	<u>Estimated fair value</u>
	(in millions)			
Financial assets				
Trading account assets	Rs. 42,376	Rs. 42,376	Rs. 39,634	Rs. 39,634
Securities (Note 1)	60,046	60,046	280,621	280,621
Loans (Note 2)	523,601	527,167	630,421	641,048
Other financial assets (Note 3)	46,259	46,259	115,705	115,705
Total.....	Rs. 672,282	Rs. 675,848	Rs. 1,066,381	Rs. 1,077,008
Financial liabilities				
Interest-bearing deposits	Rs. 7,380	Rs. 7,609	Rs. 456,051	Rs. 454,251
Non-interest-bearing deposits	-	-	35,239	35,239
Trading account liabilities	17,105	17,105	26,086	26,086
Short-term borrowings	70,804	70,954	42,095	42,017
Long-term debt	511,458	540,649	400,812	426,928
Redeemable preferred stock	772	980	853	1,035
Other financial liabilities (Note 4)	4,783	4,783	43,252	43,252
Total	Rs. 612,302	Rs. 642,080	Rs. 1,004,388	Rs. 1,028,808

Note 1: Includes non-readily marketable equity securities of Rs. 9,418 million (2002: Rs. 8,268 million) for which there are no readily determinable fair values.

Note 2: The carrying value of loans is net of the allowance for loan losses, security deposits and unearned income.

Note 3: Includes cash and cash equivalents and customers acceptance liability for which the carrying value is a reasonable estimate of fair value.

Note 4: Represents acceptances outstanding, for which the carrying value is a reasonable estimate of fair value.

32. Regulatory matters

Subsequent to the reverse acquisition of the acquiree, the Company is a banking company within the meaning of the Indian Banking Regulation Act, 1949, registered with and subject to examination by the Reserve Bank of India.

Statutory liquidity requirements

In accordance with the Banking Regulation Act, 1949, the Company is required to maintain a specified percentage of its net demand and time liabilities by way of liquid unencumbered assets like cash, gold and approved securities. The amount of securities required to be maintained at March 31, 2003 was Rs. 230,644 million (2002: Rs. Nil)

ICICI Bank Limited and subsidiaries

Notes to the consolidated financial statements

Capital adequacy requirements

The Company is subject to the capital adequacy requirements set by the Reserve Bank of India, which stipulate a minimum ratio of capital to risk adjusted assets and off-balance sheet items of 9% to be maintained. The capital adequacy ratio of the Company calculated in accordance with the Reserve Bank of India guidelines at March 31, 2003, was 11.10%.

- 8. To act as foreign exchange dealer and to buy, sell or otherwise deal in all kinds of foreign currencies including foreign bank notes, foreign currency options, forward covers, swaps of all kinds and to transact for itself or on behalf of any person, Body Corporate, company, society, firm or association of persons whether incorporated or not, all transactions in foreign currencies.
- 9. To carry on the activities of bill discounting, rediscounting bills, marketing, factoring, dealing in commercial paper, treasury bills, certificate of deposits and other financial instruments.
- 10. To act as agents for any government or local authority or any other person or persons, carry on agency business of any description including clearing and forwarding of goods, give receipts and discharges and otherwise act as an attorney on behalf of customers, but excluding the business of a managing agent or secretary and treasurer of a company.
- 11. To contract for public and private loans and advances and negotiate and issue the same.
- 12. To form, constitute, promote, act as managing and issuing agents, brokers, sub-brokers, prepare projects and feasibility reports for and on behalf of any company, association, society, firm, individual and Body Corporate.
- 13. To carry on and transact every kind of guarantee and indemnity business.
- 14. To undertake and execute trusts and the administration of estates as executor or trustee.
- 15. To act as Registrar and Transfer Agents and Registrar to the Issue, Issue Agents and Paying Agents.

16. To provide custodial and depository services and to do all such things as may be advised, permitted or required for this purpose.
17. To effect, insure, guarantee, underwrite, participate in managing and carrying out of any issue, public or private, of state, municipal or other loans or of shares, stock, debentures or debenture stock of any company, corporation or association and the lending of money for the purpose of any such issue.
18. To issue debit or credit cards to customers or any other person.
19. To provide or assist in obtaining, directly or indirectly, advice or services in various fields such as management, finance, investment, technology, administration, commerce, law, economics, labour, human resources development, industry, public relations, statistics, science, computers, accountancy, taxation, fund management, foreign exchange dealings, quality control, processing, strategic planning and valuation.
20. To do any other form of business which the Government of India may specify as a form of business in which it is lawful for a banking company to engage.

B. OBJECTS INCIDENTAL OR ANCILLARY TO THE ATTAINMENT OF THE MAIN OBJECTS:

21. To establish, maintain and operate electronic teller machines for carrying on any of the banking businesses.
22. To acquire and undertake the whole or any part of the business, property and liabilities of any person carrying on any business which the Company is authorized to carry on or possession of property suitable for the purposes of the objects of the Company.
23. To manage, sell and realize any property which may come into the possession of the Company in satisfaction or part satisfaction of any of its claims.
24. To acquire and hold and generally deal with any property or any right, title or interest in any such property which may form the security or part of the security for any loan or advance or which may be connected with any such security.
25. To establish and support or aid in the establishment and support of associations, institutions, funds, trusts, schools, hospitals, guest-houses, clubs and conveniences which may be considered to benefit employees or ex-employees of the Company or the dependents or connections of such persons or any other persons, natural or judicial, granting pensions and allowances and making payments towards insurance, subscribing to or guaranteeing moneys for charitable or benevolent objects or for any exhibition or for any public, general or useful object.
26. To aid and support any person, association, body or movement whose object is solution, settlement or surmounting of industrial or labour problems or the promotion of industry, trade or business of the Company or for the promotion of science and technology, cultural activities, sports, environment, rural development and other social and welfare activities.
27. To acquire, construct, maintain and alter any building or work necessary or convenient for the purpose of the Company.
28. To sell, improve, manage, develop, exchange, lease, mortgage, dispose of or turn into account or otherwise deal with all or any part of the property and rights of the Company.
29. To acquire by purchase, lease or otherwise any premises for the construction and/or establishment of a safe-deposit vault or vaults and to maintain therein fire-proof and burglar-proof strong rooms, safes and other receptacles for deeds, securities, documents, money, jewellery and valuables of all kinds.
30. To procure the registration, incorporation or recognition of the Company under the laws or regulations of any other place outside India and to pay all costs, charges and expenses incurred or sustained in or about the promotion, incorporation and establishment of the Company or which the Company shall consider to be preliminary, out of the funds of the Company.
31. To promote or procure incorporation, formation or setting up of concerns and undertakings whether as company, Body Corporate, partnership or any other association of persons for engaging in any business and to pay out of the funds of the Company all or any expenses which the Company may lawfully pay for services rendered for formation and registration of any other Company by it, subject to the provisions of the Act.
32. To develop and promote new financing instruments of all kinds whether for the capital or money markets.

33. To acquire and undertake the whole or any part of the business of any person or company, when such business is of a nature enumerated or described hereunder.
34. To commence and carry on activities with a view to encourage savings and investments and participations in income, profits and gains accruing to the Company from the acquisition, holding, management and disposal of securities.
35. To place deposits, keep money with security or otherwise either for or without interest with any person, company, bank, financial and other institution, trust, corporation, local authority, government, cooperative society, HUF or other body (whether incorporated or not).
36. To acquire, hold, manage, buy, sell, exchange, mortgage, charge, lease, license or grant any right or interest in, over or upon any movable or immovable property of any kind, including contingent and reversionary interest in any property.
37. To carry on activities of holding any charter or sponsoring any Act of Legislation and/or to acquire any privilege, monopoly, licence, patent or other right, power from any government or parliament or from any local or any other authority in India or elsewhere and to exercise any powers, rights, or privileges so obtained and in the matters and for the purposes aforesaid to act solely or jointly with any other person, corporation or body and to apply for registration and act as accredited investment advisers to any mutual fund, unit trust with any regulatory authority in India or elsewhere.
38. To apply for and become member of any trade association, commodity exchange, clearing-house, society, company, management association or any other association, professional body, stock exchange, depository trust company whether it be in India or elsewhere and to communicate with various chambers of commerce and other mercantile and public bodies in India or elsewhere, concert and promote measures for the protection and/or promotion of the Company's trade, industry and persons engaged therein.
39. To apply for, purchase or otherwise acquire, protect and renew in India or elsewhere, patents, licences, concessions, patent rights, trade marks, designs, conferring any exclusive or non-exclusive or limited rights to their use of any secret or other information regarding any invention, research which may seem capable of being used for any purpose of the Company and to use, develop or grant licence in respect thereof or otherwise turn to account the rights or information so acquired and expend money in improving any such patents, rights or inventions.
40. To enter into agreements, contracts for, undertake or otherwise arrange for receiving, mailing or forwarding any circular, notice, report, brochure, material, article and thing belonging to any company, corporation, firm, institution or person or persons by means of delivery by hand or otherwise.
41. To purchase, take on lease or licence or in exchange, hire or otherwise acquire any immovable or movable property, rights or privileges which the Company may think necessary or convenient for any business of the Company and to develop and turn to account and deal with the same and, in particular, any land, tenements, buildings and easements in such manner as may be thought expedient and to construct, reconstruct, maintain and alter any immovable or movable property or works necessary or convenient for the purpose of the Company and to pay for the same either in cash or in shares or securities or otherwise and to sell, let, lease or under lease or otherwise dispose of or grant right over any movable or immovable property belonging to the Company.
42. To manage land, buildings and other property both movable and immovable and to collect rents and income and to supply to tenants, users and occupiers, attendants, servants, waiting-rooms, reading rooms and other conveniences and services as may be necessary.
43. To apply for, promote and obtain any order, directive, instruction, regulation, ordinance and other authorization or enactment of the Central or any state government or any other authority for enabling the Company to put any of its objects to effect or for effecting any modification or change in any of the Company's business or constitutions and to oppose any bill, statute, rule, regulation, guideline, proceeding or application which may seem to prejudice the Company's business or interests.
44. To open, maintain, operate and close account or accounts with any firm or company or with any bank or banks or financial institutions or other financiers and to pay or earn interest and to withdraw money from such account or accounts.
45. To train or pay for the training in India or abroad of any of the Company's employee or any person in the interest of or in furtherance of the Company's objects.

46. To enter into any arrangement with any government or government departments or authorities or any authority that may seem conducive to the attainment of the Company's objects and to obtain from any such government or government departments or authorities any right, privilege, licence and concession necessary or desirable to obtain and to carry out, exercise, use or comply with any such arrangement, right or privilege or concession.
47. Subject to the provisions of the Companies Act, 1956, to distribute any of the Company's property amongst the Members of the Company.
48. To provide for and furnish or secure to any Member or customer of the Company or to any subscriber to or purchasee or possessor of any publication of the Company or of any coupon or ticket, issued with any publication of the Company, any convenience, advantage, benefit or special privilege, which may seem expedient or necessary, either gratuitously or otherwise.
49. To sell, improve, manage, develop, exchange, lease, give on licence, mortgage, dispose of, or transfer business, property and undertakings of the Company or any part thereof with or without any consideration which the Company may deem fit to accept for attaining the main objects of the Company.
50. To provide for the welfare of employees or ex-employees of the Company or its predecessors in business and the spouse, widow or widower, father (including stepfather), mother (including stepmother), brother (including stepbrother), sister (including stepsister), son (including stepson), daughter (including stepdaughter), son's widow, daughter's widower, deceased son's children, deceased daughter's children or the dependents of such employees or ex-employees by building or contributing to the building of houses or dwellings or by grant of money, pensions, allowances, bonus or other payments or by building or contributing to the building of houses or dwelling or by creating and from time to time subscribing or contributing to provident funds and other associations, institutions, funds or trusts and by providing or subscribing or contributing towards places of instruction and recreation, hospitals and dispensaries, medical and other attendances and to subscribe to, contribute to or otherwise assist charitable, benevolent, national and/or other institutions or objects.
51. To establish, hold or conduct competitions in respect of contribution or information suitable for insertion in any publications of the Company or otherwise for any of the purposes of the Company and to offer and grant prizes, rewards and premiums of such character and on such terms as may be expedient.
52. To refer to or agree to refer any claim, demand, dispute or any other question by or against the Company or in which the Company is interested or concerned and whether between the Company and third parties, to arbitration and to observe and perform and do all acts, matters and things necessary to carry out or enforce the awards.
53. To enter into partnership or into any arrangement for joint ventures in business for sharing profits, union of interest, lease, licence or otherwise, reciprocal concession or cooperate with any person, firm or company or to amalgamate with any person, firm or company carrying on or proposing to carry on any business.
54. To form, promote, subsidize, organize, assist, maintain and conduct or aid in forming, promoting, subsidizing, organizing, assisting, maintaining research laboratories, experimental workshops or conducting studies, research, aiding tests and experiments on scientific, technical, economic, commercial or any other subject and undertake all types of technical, economic and financial investigations and aid or assist or enter into partnership with any institution, university, company, partnership firm or person or persons undertaking or conducting such research, study and provide, subsidize, endow, assist in laboratories, workshops, libraries, meetings, lectures and conferences and by providing for the remuneration of professors or teachers on any subject and by providing for the awards, exhibitions, scholarships, prizes and grants to students or otherwise and generally to encourage, promote and reward studies, researches, investigations, experiments, tests and inventions of any kind.
55. To establish and maintain branches and agencies at any place or places in India or other parts of the world for the conduct of the business of the Company or for the purposes of enabling the Company to carry on its business more efficiently and to exercise all or any of its corporate powers, rights and privileges and to conduct its business in all or any of its branch in the Union of India and in any or all states, territories, possessions, colonies and dependencies and to discontinue and reconstitute any such offices, branches or agencies.
56. To enter into any contract or arrangement for more efficient conduct of the business of the Company or any part thereof and to subcontract any such contract or arrangement.
57. To adopt such means of making known and advertising the business and products of the Company as may be expedient.

58. To issue or allot fully or partly-paid shares in the capital of the Company in payment or part payment of any movable or immovable property purchased or otherwise acquired by the Company or any services rendered to the Company.

59. To insure any of the property, undertaking, contract, risk or obligation of the Company in any manner whatsoever.

60. To make donations either in cash or in kind for such objects or causes as may be directly or indirectly conducive to any of the Company's objects or otherwise expedient.

61. To do all or any of the object set out herein as are incidental or as may be thought conducive to the promotion or advancement of the business of the Company or attainment of the objects of the Company or any of them in India or elsewhere either as principal, agent, trustee, contractor, and either along or in conjunction with others and either by or through agents, contractors, trustees or otherwise and to carry on business which may seem to the Company capable of being conveniently carried on or which is calculated directly or indirectly to enhance the value of or render profitable any of the Company's property or right.

62. To open, establish, maintain and operate currency chests and small coin depots on such terms and conditions as may be required by the Reserve Bank of India established under the Reserve Bank of India Act, 1934 and enter into all administrative or other arrangements for undertaking such functions with the Reserve Bank of India.

63. To do all such other things as are incidental or conducive to the promotion or advancements of the business of the Company.

And it is hereby declared that :

(i) the word "company", save when used in reference to this Company in these presents, shall be deemed to include any partnership or other body of persons, whether or not incorporated and whether domiciled in India or elsewhere;

(ii) the several sub-clauses of this clause and all the powers thereof are to be cumulative and in no case is the generality of any one sub-clause to be narrowed or restricted by any particularity of any other sub-clause nor is any general expression in any sub-clause to be narrowed or restricted by any particularity of expression in the same sub-clause or by the application of any rule of construction *ejusdem generis* or otherwise;

(iii) the term "India", when used in this clause unless repugnant to the context, shall include all territories, from time to time, comprised in the Union of India;

(iv) the Company shall have full power to exercise all or any of the powers conferred by these presents in India and/or any part of the world.

IV. The liability of the Members is limited.

V. The authorised capital of the Company shall be Rs.1900,00,00,000 divided into 155,00,00,000 shares of Rs.10 each and 350 shares of Rs.1 crore each with rights, privileges and conditions attached thereto as are provided by the Articles of Association of the Company for the time being with power to increase or reduce the capital of the Company and to divide the shares in the capital for the time being into several classes and to attach thereto respectively such preferential, cumulative, convertible, guarantee, qualified or other special rights, privileges, conditions or restrictions, as may be determined by or in accordance with the Articles of Association of the Company for the time being and to vary, modify or abrogate any such right, privilege or condition or restriction in such manner as may for the time being be permitted by the Articles of Association of the Company or the legislative provisions for the time being in force.

TABLE A EXCLUDED

1. The regulations contained in Table A in the Schedule I of the Companies Act, 1956, shall not apply to the Company except so far as the same are repeated, contained or expressly made applicable in these presents or by the Act.

2. (a) The regulations for the management of the Company and for the observance by the Members thereof and their representatives shall, subject as aforesaid and to any exercise of the statutory powers of the Company in reference to the repeal or alteration of or addition to its regulations by Special Resolution, as prescribed or permitted by the Act, be such as are contained in these presents.

(b) The provisions of the Banking Regulation Act, 1949, shall have effect notwithstanding anything to the contrary contained in the Memorandum and Articles of Association of the Company.

INTERPRETATION

3. In these presents, unless there be something in the subject or context inconsistent therewith:

“The Act” or “the said Act” means “The Companies Act, 1956” and includes any statutory modification or re-enactment thereof for the time being in force.

“Board” or “Board of Directors” means the Board of Directors of the Company.

“Banking Act” means the Banking Regulation Act, 1949, and includes any statutory modification or re-enactment thereof for the time being in force.

“The Company” means ICICI Bank Limited.

“Director” or “Directors” means the Director or Directors of the Company.

“Financial Year” means the period of twelve months of a calendar year for which accounts, Balance Sheet and Profit and Loss Account have to be prepared by the Company.

¹[....]

“Members” means the duly registered holder, from time to time, of the shares of the Company and includes the subscribers to the Memorandum of Association but does not include a bearer of a share warrant.

“Month” means calendar month.

“The Office” means the Registered Office for the time being of the Company.

¹ The following definition of the term “ICICI” has been deleted pursuant to Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited.

“ICICI” means The Industrial Credit and Investment Corporation of India Limited, a public company incorporated under the Indian Companies Act, 1913.

“These presents” means these Articles of Association as originally framed or as altered and amended from time to time.

“The Register” means the Register of Members kept by the Company pursuant to Section 150 (1) of the Act.

“Registrar” means the Registrar of Companies of the State in which the Office of the Company is for the time being situated.

“Regulatory Agencies” means any authority appointed under the Act or the Banking Act and includes the Central Government, Company Law Board, the Registrar or any other authority appointed under the Act and the Reserve Bank of India acting through any of its duly authorized officer under the Banking Act or any other authority authorized to exercise any power under any other law for the time being in force.

“Reserve Bank” means the Reserve Bank of India established under the Reserve Bank of India Act, 1934 (2 of 1934).

“The said Acts” means the Act and the Banking Act referred to collectively.

“The Seal” means the Common Seal for the time being of the Company.

“Writing” or “Written” shall include printing and lithography and any other mode or modes of representing or reproducing words in a visible form.

Words importing the singular number include where the context admits or requires the plural number and vice versa.

Words importing the masculine gender only shall include the feminine gender.

Words importing persons shall include the Central or State governments, corporations, firms, individuals, trusts, societies, associations and other bodies, whether incorporated or not.

Subject as aforesaid any words or expression defined in the Act except where it is repugnant to the subject or context hereof shall bear the same meaning in these presents.

The marginal notes hereto shall not affect the construction or meaning hereof.

PRELIMINARY

4. Copies of the Memorandum and Articles of Association of the Company and every Agreement and every resolution (referred to in Section 192 of the Act) shall be furnished to every Member at his request within the period and on payment of such sum as may be prescribed by the Act.

CAPITAL

5. ²(a) **The Authorised Capital of the Company is Rs.1900,00,00,000 divided into 155,00,00,000 equity shares of Rs.10 each and 350 preference shares of Rs.1 crore each.**

2. At the time of incorporation, the Authorised Share Capital of the Company was Rs.300,00,00,000 divided into 30,00,00,000 equity shares of Rs.10/- each. Pursuant to Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited, the Authorised Share Capital was increased to Rs.2,250,00,00,000, being 190,00,00,000 equity shares of Rs.10 each and 350 preference shares of Rs.1 crore each. Thereafter, pursuant to the Special Resolution passed at the 8th Annual General Meeting of the Company held on September 16, 2002 at Vadodara and the approval of Reserve Bank of India vide letter dated January 16, 2003, the Authorised Share Capital was reduced to Rs.1900,00,00,000 divided into 155,00,00,000 equity shares of Rs.10 each and 350 preference shares of Rs.1 crore each.

- (b) The Company has power from time to time to increase or reduce its capital and to divide the shares in the capital for the time being into several classes and to attach thereto, respectively, such preferential, cumulative, convertible, guarantee, qualified or other special rights, privileges, conditions or restrictions, as may be determined by or in accordance with these presents and to vary, modify or abrogate any such right, privileges or conditions or restrictions in such manner as may for the time being be permitted by these presents or the legislative provisions for the time being in force in that behalf.
- (c) Subject to the provisions of Section 80(1) of the Act, the Company shall have the power to issue preference shares which are, or at the option of the Company are to be, liable to be redeemed.

Provided that :

- (i) no such shares shall be redeemed except out of profits of the Company which would otherwise be available for dividend or out of the proceeds of a fresh issue of shares made for the purposes of the redemption;
- (ii) no such shares shall be redeemed unless they are fully paid;
- (iii) the premium, if any, payable on redemption must have been provided for out of the profits of the Company or the Company's Share Premium Account before the shares are redeemed; and
- (iv) where any such shares are redeemed otherwise than out of the proceeds of a fresh issue, there shall, out of profits which would otherwise have been available for dividend, be transferred to a reserve fund, to be called the "Capital Redemption Reserve Account", a sum equal to the nominal amount of the shares redeemed and the provisions of the Act relating to the reduction of the share capital of the Company shall, apply as if the Capital Redemption Reserve Account were paid-up share capital of the Company.

Subject to the rights of the holders of any other shares entitled by the terms of issue to preferential repayment over the equity shares in the event of winding up of the Company, the holders of the equity shares shall be entitled to be repaid the amounts of capital paid up or credited as paid up on such equity shares and all surplus assets thereafter shall belong to the holders of the equity shares in proportion to the amount paid up or credited as paid up on such equity shares respectively at the commencement of the winding up.

- 6. The Company shall cause to be kept a Register of Members, an Index of Members, a Register and Index of Debenture-holders in accordance with Sections 150, 151 and 152 of the Act.
- 7. The Directors shall, subject to the provisions of Section 154 of the Act, have power to close the Register of Members or Debenture-holders of the Company.
- 8. The Company may exercise the powers conferred on it by Section 157 of the Act with regard to the keeping of a foreign register and the Board may, subject to the provisions of Section 158 of the Act, make and vary such regulations as it may think fit in respect of the keeping of any such Register.
- 9. (a) The Register of Members, the Index of Members, the Register and Index of Debenture-holders and copies of all Annual Returns prepared under Section 159 of the Act together with the copies of certificates and documents required to be annexed thereto under Section 161 of the Act shall, except when the Register of Members or Debenture-holders is closed under the provisions of the Act or these presents, be kept open to inspection at the Office on any working day between 11.00 a.m. and 1.00 p.m. or such other time as the Board may determine, from time to time, of any Member or Debenture-holder gratis and to inspection of any other person on payment of such sum as may be prescribed by the Act.

- (b) Any such Member, Debenture-holder or other person may make extracts therefrom without fee or additional fee as the case may be or require a copy of any Register, Index or copy or of any part thereof on payment of such sum as may be prescribed by the Act. The Directors may at their discretion reduce or waive the sum payable for each inspection or extract.
 - (c) The Company shall send to any Member, Debenture-holder or other persons, on request, a copy of the Register of Members, the Index of Members, the Register and Index of Debenture-holders or any part thereof required under the Act, on payment of such sum as may be prescribed by the Act. The copy shall be sent within the period prescribed by the Act.
10. In accordance with the provisions of the Act :
- (a) The shares, ³debentures or other interest of any Member in the Company shall be movable property, transferable in the manner provided hereunder.
 - (b) Each share in the Company shall be distinguished by its appropriate number.
 - (c) A certificate under the Common Seal of the Company specifying any shares held by any Member shall be prima facie evidence of the title of the Member to such shares.
- The shares in the capital of the Company shall be numbered progressively according to their several denominations and except in the manner mentioned in these presents, no share shall be subdivided.
11. The Directors shall observe the restrictions as to allotment contained in Sections 69 and 70 of the Act.
12. Subject to the provisions of the Act and these presents, the shares in the capital of the Company for the time being (including any shares forming part of any increased capital of the Company) shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons in such proportion and on such terms and conditions and either at a premium or at par or at a discount (subject to compliance with the provisions of Section 79 of the Act and subject to the provisions of the Banking Act) and at such times as they may from time to time think fit and proper.
13. Subject to the provisions of the Act and these presents, the Directors may allot and issue shares in the capital of the Company as payment or part payment for any property sold or goods transferred or machinery supplied or for services rendered to the Company and any shares which may be so allotted may be issued as fully paid-up or partly paid-up shares and if so issued shall be deemed to be fully paid-up shares or partly paid-up shares.
14. Any unclassified shares (whether forming part of the original capital or of any increased capital of the Company) may, subject to the provisions of the Act and these presents, be issued and in particular such shares may be issued with a preferential or qualified right as to dividends and in the distribution of the assets of the Company.

3. The word “debentures” has been inserted after the word “Shares” and before the words “or other interest ...” in Article 10(a) pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

15. In addition to and without derogating from the powers for this purpose conferred on the Directors under Article 12, the Company in General Meeting may, subject to the provisions of Section 81 of the Act, determine that any shares (whether forming part of the original capital or of any increased capital of the Company) shall be offered to such persons (whether Members or holders of debentures of the Company or not) in such proportion and on such terms and conditions and either at a premium or at par or at a discount (subject to compliance with the provisions of Section 79 of the Act and subject to the provisions of the Banking Act), as such General Meeting may determine and with full power to give to any person (whether a Member or holder of debentures of the Company or not) the option to call for or be allotted shares of any class of the Company either at par or at a premium or subject as aforesaid at discount, such option being exercisable at such time and for such consideration as may be directed by such General Meeting or the Company in General Meeting may, subject to the provisions of Section 81 of the Act, make any other provisions whatsoever for the issue, allotment or disposal of any shares.
16. Any application signed by or on behalf of an applicant for shares in the Company, followed by an allotment of any share therein, shall be an acceptance of shares within the meaning of these presents and every person who thus or otherwise accepts any share(s) and whose name is entered in the Register of Members shall, for the purpose of these presents, be a Member.
17. The money (if any) which the Directors shall, on the allotment of any share(s) being made by them, require or direct to be paid by way of deposit, call or otherwise, in respect of any share(s) allotted by them, shall immediately on the insertion of the name of the allottee in the Register of Members as the name of the holder of such shares, become a debt due to and recoverable by the Company from the allottee thereof and shall be paid by him accordingly.
18. The Company may issue at a discount shares in the Company of a class already issued if the following conditions are fulfilled, viz :
 - (a) the issue of the shares at a discount is authorized by a resolution passed by the Company in General Meeting and sanctioned by the Company Law Board;
 - (b) the resolution specifies the maximum rate of discount at which the shares are to be issued;
 - (c) not less than one year has at the date of the issue elapsed since the date on which the Company was entitled to commence business; and
 - (d) the shares to be issued at a discount are issued within two months after the date on which issue is sanctioned by the Company Law Board or within such extended time as the Company Law Board may allow.
19. If, by the conditions of allotment of any shares, the whole or part of the amount or issue price thereof shall be payable by instalments, every such instalment shall, when due, be paid up to the Company by the person who for the time being and from time to time shall be the registered holder of the share or his legal representative.
20. Where any calls for further share capital are made on shares, such calls shall be made on a uniform basis on all shares falling under the same class. For the purposes of this Article, shares of the same nominal value on which different amounts have been paid up shall not be deemed to fall under the same class.
21. Save as herein otherwise provided, the Company shall be entitled to treat the person whose name appears on the Register of Members as the holder of any share as the absolute owner thereof and, accordingly, shall not (except as ordered by a court of competent jurisdiction or as by law required) be bound to recognize any benami trust or equity or equitable, contingent or other claim to or interest in such share on the part of any other person whether or not it shall have express or implied notice thereof.

22. Except to the extent allowed by Section 77 of the Act, no part of the funds of the Company shall be employed/lent for acquiring the shares of the Company.

UNDERWRITING COMMISSION

23. The Company may at any time pay a commission to any person for subscribing or agreeing to subscribe (whether absolutely or conditionally) for any shares, debentures or other securities of the Company or procuring or agreeing to procure subscriptions (whether absolute or conditional) for any shares, debentures or other securities of the Company but so that if the commission in respect of the shares, debentures or other securities shall be paid or payable out of the capital, the statutory conditions and requirements shall be observed and complied with and the amount or rate of commission shall not exceed the rates prescribed by the Act and the Banking Act. The commission may be paid or satisfied in cash or in shares, debentures or other securities of the Company or partly in one and partly in the other. The Company may also, on any issue of shares, debentures or other securities pay such brokerage as may be lawful.

CERTIFICATES

24. (a) The certificates of shares shall be issued in accordance with the provisions of the Companies (Issue of Share Certificates) Rules, 1960.
- (b) Unless prohibited by any provision of law or of any order of any court, tribunal or other authority, the Company shall, within three months or such extended period as may be permitted pursuant to the provisions of the Act after the allotment of any of its shares, debentures, debenture stock and within two months after the application for the registration of the transfer of any such shares, debentures, debentures stock, deliver the certificates of all shares, debentures, debenture stock allotted or transferred.
25. (a) A certificate may be renewed or a duplicate of a certificate may be issued if such certificate :
- (i) is proved to have been lost or destroyed; or
 - (ii) having been defaced or mutilated or torn, is surrendered to the Company; or
 - (iii) has no further space on the back thereof for endorsement of transfer.
- (b) The manner of issue or renewal of a certificate or issue of a duplicate thereof, the form of a certificate (original or renewed) or of a duplicate thereof, the particulars to be entered in the Register of Members or in the Register of renewed or duplicate certificates, the form of such Registers, the fee on payment of which, the terms and conditions, if any, including terms and conditions as to evidence and indemnity and the payment of out-of-pocket expenses incurred by the Company in investigating evidence, on which a certificate may be renewed or a duplicate thereof may be issued, shall be such as prescribed by the Companies (Issue of Share Certificates) Rules, 1960, or any other Rules in substitution or modification thereof.
26. (a) If and whenever, as a result of issue of new shares, the consolidation or subdivision of shares, any Member becomes entitled to any fractional part of a share, the Directors may subject to the provisions of the Act and these presents and to the directions, if any, of the Company in General Meeting :
- (i) issue to such Member fractional certificate or certificates representing such fractional part. Such fractional certificate or certificates shall not be registered, nor shall they bear any dividend until exchanged with other fractional certificates for an entire share. The Directors may, however, fix the time within which such fractional certificates are to be exchanged for an entire share and may extend such time and if at the expiry of such time, any fractional certificates shall be deemed to be cancelled and the Directors shall sell the shares represented by such cancelled fractional certificates for the best price reasonably obtainable; or

- (ii) to sell the shares represented by all such fractional parts for the best price reasonably obtainable.
- (b) In the event of any shares being sold, in pursuance of sub-article (a) (ii) above, the Directors shall pay and distribute to and amongst the persons entitled, in due proportion the net sale proceeds thereof.
- (c) For the purpose of giving effect to any such sale, the Directors may authorize any person to transfer the shares sold to the purchaser thereof, comprised in any such transfer and he shall not be bound to see to the application of purchase money nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the same.

CALLS

- 27. The Directors may from time to time make such calls as they think fit upon the Members in respect of all moneys unpaid on the shares held by them, respectively, and not by the conditions of allotment thereof made payable at fixed times and each Member shall pay the amount of every call so made on him to the person and at the times and places appointed by the Directors. A call may be made payable by instalments.
- 28. A call shall be deemed to have been made at the time when the resolution of the Directors authorizing such call was passed and may be made payable by Members on such date or at the discretion of the Directors on such subsequent date as shall be fixed by the Directors.
- 29. Not less than 14 days' notice of every call shall be given, specifying the time and place of payment, provided that before the time for payment of such call, the Directors may by notice in writing to the Members revoke or postpone the same.
- 30. The Directors may from time to time, at their discretion, extend the time fixed for the payment of any call by such Member(s) for such cause as the Directors may deem fit, but no Member(s) shall be entitled to such extension save as a matter of grace and favour.
- 31. If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by instalments at fixed times, whether on account of the amount of the share or by way of premium, every such amount or instalment shall be payable as if it were a call duly made by the Directors and of which due notice has been given and all the provisions herein contained in respect of calls shall relate to such amount or instalment accordingly.
- 32. If the sum payable in respect of any call or instalment be not paid on or before the day appointed for payment thereof, the holder for the time being or the allottee of the share in respect of which a call shall have been made or the instalment shall be due, shall pay interest on the same at such rate as the Directors shall fix from time to time from the day appointed for the payment thereof to the date of actual payment, but the Directors may, in their absolute discretion, waive payment of such interest wholly or in part.
- 33. Neither a judgement nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereunder nor the receipt by the Company of a portion of any money which shall from time to time be due from any Member in respect of any shares either by way of principal or interest nor any indulgence granted by the Company in respect of payment of any money shall preclude the forfeiture of such shares as herein provided.
- 34. The Directors may, if they think fit, receive from any Member willing to advance the same, all or any part of the moneys due upon the shares held by him beyond the sums actually called up, and upon the moneys so paid in advance or so much thereof as from time to time exceeds the amount of the calls then made upon the shares in respect of which such advance has been made the Company may pay interest at such rate as the Member paying such sum in advance and the Directors agree upon and the Directors may at any time repay the amount so advanced upon giving to such Member one month's notice in writing.

35. No Member shall be entitled to receive any dividend or to exercise any privilege as a Member until he shall have paid all calls for the time being due and payable on every share held by him whether alone or jointly with any person, together with interest and expenses, if any.
36. On the trial or hearing of any action or suit brought by the Company against any Member or his legal representatives for the recovery of any moneys claimed to be due to the Company in respect of his shares, it shall be sufficient to prove that the name of the Member, in respect of whose shares the moneys are sought to be recovered, is entered in the Register of Members as a Member/one of the Members at or any subsequent date on which the moneys sought to be recovered are alleged to have become due on the shares and that the resolution making the call is duly recorded in the Minute book and the notice of such call was duly given to the Member, holder or joint-holder or his legal representatives sued in pursuance of these presents. It shall not be necessary to prove the appointment of Directors who made such call, nor that the quorum of Directors was present at the Board at which any such call was made nor that the Meeting at which any such call was made had been duly convened or constituted nor any other matter whatsoever but the proof of the matters aforesaid shall be conclusive evidence of the debt.

FORFEITURE, SURRENDER AND LIEN

37. If any Member fails to pay the whole or any part of any call or instalment or any money due in respect of any share(s) either by way of principal or interest on or before the day appointed for the payment of the same, the Directors may at any time thereafter during such time as the call or instalment or any part thereof or other moneys remain unpaid or a judgement or decree in respect thereof remains unsatisfied in whole or in part serve a notice on such Member or on the person (if any) entitled to the share(s) by transmission requiring him to pay such call or instalment or such part thereof or other moneys as remain unpaid together with any interest that may have accrued and all expenses (legal or otherwise) that may have been incurred by the Company by reason of such non-payment.
38. The notice shall name a day not being less than 14 days from the date of the notice and the place or places on and at which such call or instalment or such part or other moneys as aforesaid and such interest and expenses as aforesaid are to be paid. The notice shall also state that in the event of non-payment at or before the time and at the place appointed the share(s) in respect of which the call was made or instalments is payable will be liable to be forfeited.
39. If the requisition of any such notice as aforesaid is not complied with any of the share(s) in respect of which such notice has been given may, at any time thereafter before payment of all calls or instalments, interest and expenses or the money due in respect thereof, be forfeited by a resolution of the Directors to that effect. Such forfeiture shall include all dividends declared in respect of the forfeited share(s) and not actually paid before the forfeiture.
40. When any share(s) shall have been so forfeited an entry of the forfeiture with the date thereof shall be made in the Register of Members.
41. Any share(s) so forfeited shall be deemed to be the property of the Company and may be sold, re-allotted or otherwise disposed of either to the original holder thereof or to any other person upon such terms and in such manner as the Directors shall think fit.
42. The Directors may at any time before any share(s) so forfeited shall have been sold, re-allotted or otherwise disposed of, annul the forfeiture thereof upon such conditions as they think fit.
43. The forfeiture of share(s) shall involve the extinction at the time of the forfeiture, of all interest in and all claims and demand against the Company in respect of the share(s) and all other rights incidental to the share(s), except only such of those rights as by these presents are expressly saved.

44. Any Member whose share(s) has/have been forfeited shall, notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company all calls, instalments, interest, expenses and other moneys owing upon or in respect of such shares at the time of the forfeiture together with further interest thereon from the time of the forfeiture until payment at such rate as the Directors may determine and the Directors may enforce the payment of the whole or a portion thereof if they think fit but shall not be under any obligation to do so.
45. A certificate in writing under the hand of any Director or the Secretary or such other person as may be authorized from time to time that the call in respect of share(s) was made and that the forfeiture of share(s) was made, by a resolution of the Directors to that effect, shall be conclusive evidence of the fact stated therein as against all persons entitled to such share.
46. The Company may receive consideration, if any, given for the share(s) on any sale, re-allotment or other disposition thereof and the person to whom such share(s) is sold, re-allotted or disposed of may be registered as the holder of the share(s) and shall not be bound to see to the application of the consideration, if any, nor shall his title to the share(s) be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or other disposal of the share(s).
47. Upon sale, re-allotment or other disposal under the provisions of these presents, the certificate or certificates originally issued in respect of the relative share(s) shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting Member) stand cancelled automatically and become null and void and of no effect and the Directors shall be entitled to issue a new certificate or certificates in respect of such share(s) to the person(s) entitled thereto.
48. The provisions of these Articles as to the forfeiture shall apply in the case of non-payment of any sum which by terms of issue of share(s) become payable at a fixed time, as if the same had been payable by virtue of a call duly made or notified.
49. The Company shall have no lien on its fully-paid shares. In the case of partly paid-up shares, the Company shall have a first and paramount lien on every share for all moneys that remain unpaid together with any interest that may have accrued and all expenses (legal or otherwise) that may have been incurred by the Company by reason of non-payment of calls. Any such lien shall extend to all dividends from time to time declared in respect of such shares. Unless otherwise agreed, the registration of a transfer of shares shall operate as a waiver of the Company's lien, if any, on such shares.
50. For the purpose of enforcing such lien, the Directors may sell the shares subject thereto in such manner as they think fit, but no sale shall be made unless some sum in respect of which the lien exists is presently payable nor until notice in writing of the intention to sell shall have been served on such Member or the person (if any) entitled by transmission to the shares and default shall have been made by him in payment of the sum presently payable for 14 days after such notice.
51. The net proceeds of any such sale after payment of the costs of such sale shall be applied in or towards the satisfaction of the debt or liability in respect whereof the lien exists so far as the same is presently payable and the residue (if any) paid to the Member or the person (if any) entitled by transmission to the shares so sold. Provided that the amount so paid to such Member or person shall not exceed the amount received by the Company from such Member or person towards such shares.
52. The Directors may, subject to the provisions of the Act, accept a surrender of any share(s) from or any Member desirous of surrendering on such terms as they think fit.

TRANSFER AND TRANSMISSION OF SHARES

53. The Company shall keep a book to be called the "Register of Transfers" and therein shall fairly and distinctly enter the particulars of every transfer or transmission of any share.
54. The Company shall not register a transfer of shares in, or debentures of, the Company, unless in accordance with the provisions of Section 108 of the Act, a proper instrument of transfer duly stamped and executed by or on behalf of the transferor and by or on

behalf of the transferee and specifying the name, address and occupation, if any, of the transferee has been delivered to the Company along with the certificate relating to the shares or debentures, or if no such certificate is in existence, along with the letter of allotment of the shares or debentures.

Provided that where on an application in writing made to the Company by the transferee and bearing the stamp required for an instrument of transfer, it is proved to the satisfaction of the Directors that the instrument of transfer signed by or on behalf of the transferor and by or on behalf of the transferee has been lost, the Company may register the transfer on such terms as to indemnity as the Board may think fit.

Provided further that nothing in this Article shall prejudice any power of the Company to register as shareholder or debenture-holder any person to whom the right to any shares in, or debentures of, the Company has been transmitted by operation of law.

55. A transfer of the shares or other interest in the Company of a deceased Member thereof made by his legal representative shall, although the legal representative is not himself a Member, be as valid as if he had been a Member at the time of the execution of the instrument of transfer.
56. (a) An application for the registration of a transfer of any share(s), debenture(s) or any other securities or other interest of a Member in the Company may be made either by the transferor or by the transferee.
- (b) Where the application is made by the transferor and relates to partly paid shares, the transfer shall not be registered, unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the receipt of the notice.
- (c) For the purpose of sub-article (b) above, notice to the transferee shall be deemed to have been duly given if it is despatched by prepaid registered post to the transferee at the address given in the instrument of transfer and shall be deemed to have been duly delivered at the time at which it would have been delivered in the ordinary course of post.
- ⁴ (d) Acquisition of shares by a person/group which would take in the aggregate his/her/its holding to a level of 5 per cent or more of the total issued capital of the Bank (or such other percentage as may be prescribed by the Reserve Bank of India from time to time) should be effected by such buyer(s) after obtaining prior approval of the Reserve Bank of India. The term 'group' will have the same meaning as contained in Section 2(e) of the Monopolies and Restrictive Trade Practices Act, 1969.
57. Nothing in these presents shall prejudice the powers of the Company to refuse to register the transfer of any shares.
58. The transferor shall be deemed to remain the holder of such shares until the name of the transferee is entered in the Register of Members in respect thereof.
59. (a) Notwithstanding anything contained in Articles 54, 55 and 56 but subject to the provisions of Section 111 of the Act and subject to the provisions of the Securities Contracts (Regulation) Act, 1956 and the Rules and Regulations made thereunder and other applicable laws and the Banking Act, the Directors may, at their absolute and uncontrolled discretion, decline to register or acknowledge any transfer of shares and by giving reasons for such refusal and in particular may so decline in respect of the shares upon which the Company has a lien or whilst any moneys in respect of the shares desired to be transferred or any of them remain unpaid and such refusal shall not be affected by the fact that the proposed transferee is already a Member. Provided that registration of any transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever.

4. Sub-Article No. 56(d) inserted under Article No. 56 vide Resolution adopted by the Members of the Company at their Seventh Annual General Meeting held on Monday, June 11, 2001.

- (b) Without prejudice to the foregoing provisions and without limiting in any manner the generality of the above provisions, the Directors of the Company may, at their absolute and uncontrolled discretion, refuse to register the transfer of any shares or other securities of the Company being shares or securities issued by the Company in favour of any transferee whether individual, firm, group, constituent of a group, Body Corporate or Bodies Corporate under the same management or otherwise and whether in his or its own name or in the name of any other person if the total nominal value of the shares or other securities intended to be so transferred exceeds, or together with the total nominal value of any shares or others securities already held in the Company by such individual, firm, group, constituent of a group, Body Corporate or Bodies Corporate under the same management or otherwise will exceed one per cent of the paid-up equity share capital of the Company or, if the Directors are satisfied that as a result of the proposed transfer of any shares or securities or block of shares or securities of the Company, a change in the composition of the Board of Directors or change in the controlling interest of the Company is likely to take place and that such change would be prejudicial to the interest of the Company or to the public interest. For the purpose of this Article, the Directors of the Company shall be entitled, inter alia, to rely upon this Article to form its own opinion as to whether such registration of transfer of any of its shares or other securities exceeding one per cent of the paid-up equity share capital of the Company should be refused or not.
- (c) Notwithstanding anything to the contrary, the restrictive provisions contained in the preceding sub-article (b) shall not apply to the transfer of any shares or other securities made to and representing the own investment of any of the following :
- (i) public financial institutions within the meaning of Section 4A of the Act;
 - (ii) public sector banks;
 - (iii) multilateral agencies, foreign banks and institutions; and
 - (iv) public sector mutual funds being mutual funds sponsored, promoted or managed by a public financial institution or a public sector bank.
60. If the Company refuses to register the transfer of any shares, it shall, within two months from the date on which the instrument of transfer is delivered to the Company, send to the transferee and the transferor notice of the refusal.
61. Subject to the provisions of the Act, no transfer shall be made to a person who is of unsound mind. The Directors may at their absolute discretion approve a minor, becoming a Member of the Company on such terms as the Directors may stipulate.
62. The instrument of transfer shall, after registration, be retained by the Company and shall remain in its custody. All the instruments of transfer which the Directors may decline to register shall on demand be returned to the persons depositing the same. The Directors may cause to be destroyed all transfer deeds lying with the Company after such period as may be prescribed.
63. The executors or administrators of a deceased Member or a holder of a Succession Certificate or other legal representative in respect of shares of a deceased Member where he was a sole or only surviving holder shall be the only person whom the Company will be bound to recognize as having any title to the shares registered in the name of such Member and the Company shall not be bound to recognize such executors, administrators or holder unless such executors or administrators shall have first obtained probate or Letters of Administration or such holder is the holder of a Succession Certificate or other legal representation as the case may be, from a court of competent jurisdiction.

Provided that in any case where the Directors, at their absolute discretion, think fit, the Directors may dispense with production of probate or Letters of Administration or Succession Certificate or other legal representation and under

Article 64 register the name of any person who claims to be absolutely entitled to the share standing in the name of a deceased Member as a Member.

64. Any person becoming entitled to any share in consequence of the death, lunacy, bankruptcy or insolvency of any Member or by any lawful means other than by a transfer in accordance with these presents, may, with the consent of the Directors (which they shall not be under any obligation to give) upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article or of his title as the Directors shall require, either be registered as a Member in respect of such shares or may subject to the regulations as to transfer contained in these presents transfer such shares to some other person. This Article is in these presents referred to as the "Transmission Clause".
65. The Directors shall have the same right to refuse to register a person entitled by transmission to any shares or his nominee as if he were the transferee named in an ordinary transfer presented for registration.
66. Every transmission of a share shall be verified in such manner as the Directors may require and the Company may refuse to register any transmission until the same be so verified or until or unless an indemnity be given to the Company with regard to such registration which the Directors, at their discretion, shall consider sufficient, provided nevertheless that there shall not be any obligation on the Company or the Directors to accept any indemnity.
67. A fee not exceeding the prescribed amount may be charged in respect of the transfer or transmission to the same party of any number of shares of any class or denomination subject to such maximum on any one transfer or transmission as may from time to time be fixed by the Directors. Such maximum may be a single fee payable on any one transfer or on transmission of any number of shares of one class or denomination or may be on a graduated scale varying with the number of shares of any one class comprised in one transfer or transmission or may be fixed in any other manner as the Directors may, at their discretion, determine. The Directors in their absolute discretion may reduce or waive any fee payable.
68. The Company shall incur no liability or responsibility whatever in consequence of their registering or giving effect to any transfer of shares made or purporting to be made by the apparent legal owner thereof (as shown or appearing in the Register of Members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the same shares notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer, and may have entered such notice or referred thereto in any book of the Company and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to them of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting to do so though it may have been entered or referred to in some book of the Company but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto, if the Directors shall so think fit.

CONVERSION OF SHARES INTO STOCK

69. The Company may, by Ordinary Resolution :
 - (a) convert any paid-up shares into stock; and
 - (b) reconvert any stock into paid-up shares of any denomination.
70. The holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might, before the conversion, have been transferred, or as near thereto as circumstances admit.

Provided that the Board may from time to time fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

71. The holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
72. Such of the regulations of the Company (other than those relating to share warrants) as are applicable to paid-up shares shall apply to stock and the words, "share" and "shareholder" in those regulations shall include "stock" and "stockholder" respectively.

INCREASE, REDUCTION AND ALTERATION OF CAPITAL

73. The Company may from time to time increase its share capital by issuing new shares, subject to the provisions of the Banking Regulation Act, 1949.
74. The new shares (except such of them as shall be unclassified shares subject to the provisions of Article 14) shall, subject to the provision of the Act and these presents, be issued upon such terms and conditions and with such rights and privileges annexed and in particular such shares may be issued with a preferential or qualified right to dividends and in distribution of the assets of the Company. Any preference share so issued shall be redeemable within such period as may be prescribed.
75. The new shares (resulting from an increase of capital as aforesaid) may, subject to the provision of the Act and these presents, be issued or disposed of by the Company in General Meeting or by the Directors under their powers in accordance with the provisions of Articles 12, 13, 14, 15 and the following provisions:
- (a) (i) such new shares shall be offered to the persons who, at the date of the offer, are holders of the equity shares of the Company in proportion, as nearly as circumstances admit, to the capital paid up on those shares at that date;
 - (ii) the offer aforesaid shall be made by notice specifying the number of shares offered and limiting a time not being less than 15 days from the date of the offer within which the offer, if not accepted, will be deemed to have been declined;
 - (iii) the offer aforesaid shall be deemed to include a right exercisable by the persons concerned to renounce the shares offered to him or any of them in favour of any other person and the notice referred to in clause (ii) above shall contain a statement of this right; and
 - (iv) after the expiry of the time specified in the notice aforesaid, or on receipt of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board of Directors may dispose them of in such manner as they think most beneficial to the Company.
- (b) Nothing in clause (iii) of sub-article (a) above shall be deemed;
- (i) to extend the time within which the offer should be accepted; or
 - (ii) to authorize any person to exercise the right of renunciation for a second time on the ground that the person in whose favour the renunciation was first made has declined to take the shares comprised in the renunciation.
- (c) Nothing in Article 75 of these presents shall apply to the increase of the subscribed capital of the Company caused by the exercise of an option attached to the debentures issued or loans raised by the Company:
- (i) to convert such debentures or loans into shares in the Company; or
 - (ii) to subscribe to shares in the Company.
76. In addition to and without derogating from the powers for the purpose conferred on the Directors under Article 15 the Company in General Meeting may, in accordance with the provisions of Section 81 of the Act, determine that any shares (whether forming part of the original capital or of any increased capital of the Company) shall be offered to such persons (whether Members or holders of debentures of the Company or not) in

such proportion and on such terms and conditions and either at a premium or at par or at a discount, (subject to compliance with the provisions of Section 79 of the Act) as such General Meeting shall determine.

77. Except so far as otherwise provided by the conditions of issue or by these presents any capital raised by the creation of new shares shall be considered part of the original capital and shall be subject to the provisions herein contained with reference to the payment of calls and instalments, transfer and transmission, forfeiture, lien, surrender, voting and otherwise.
78. The Company may from time to time by Special Resolution reduce its share capital (including the Capital Redemption Reserve Account, if any) in any way authorized by law and, in particular, may pay off any paid-up share capital upon the footing that it may be called up again or otherwise and may if and so far as necessary alter its Memorandum and Articles of Association reducing the amount of its share capital and of its shares accordingly.
79. The Company may in General Meeting by Ordinary Resolution alter the condition of shares of its Memorandum and Articles of Association as follows :
- (a) Consolidate and divide all or any of its share capital into shares of larger amount than its existing shares.
 - (b) Subdivide shares or any of them into shares of smaller amount than originally fixed by the Memorandum, subject nevertheless to the provisions of the Act in that behalf.
 - (c) Cancel shares which, at the date of such General Meeting, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.
80. The Directors may, at their absolute discretion, refuse applications for the subdivision of share certificates, debenture or bond certificates into denominations of less than the marketable lot except when such subdivision is required to be made to comply with a statutory provision or an order of a competent court of law.

⁵ 80A The Company may purchase its own shares in the manner provided for in Section 77A of the Act.

MODIFICATION OF CLASS RIGHTS

81. (a) If, at any time, the share capital of the Company is divided into different classes of shares, the rights and privileges attached to the shares of any class may, subject to the provisions of the Act, and whether or not the Company is being wound up, be varied, modified, commuted, affected or abrogated with the consent in writing of the holders of not less than three-fourths of the issued shares of that class or with the sanction of a Special Resolution passed at a separate meeting of the holders of the issued shares of that class.
-

5. Article 80A has been inserted pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited.

(b) This Article is not to derogate from any power the Company would have had if this Article were omitted and the right of the dissentient shareholders being holders of not less in the aggregate than 10 per cent of the issued shares of that class, being persons who did not consent to or vote in favour of the Resolution for the variation, to apply to the Court to have the variations or modifications cancelled as provided in Section 107 of the Act.

JOINT-HOLDERS

82. Where two or more persons are registered as the holders of any share, they shall be deemed to hold the same as joint tenants with benefits of survivorship, subject to the following and other provisions contained in these presents

- (a) The Company shall be entitled to decline to register more than three persons as the joint-holders of any share.
- (b) The joint-holders of any share shall be liable severally as well as jointly for and in respect of all calls and other payments which ought to be made in respect of such share.
- (c) On the death of any such joint-holder, the survivor or survivors shall be the only person or persons recognized by the Company as having any title to the share but the Directors may require such evidence of death as they may deem fit and nothing herein contained shall be taken to release the estate of a deceased joint-holder from any liability on shares held by him jointly with any other person.
- (d) Any one of such joint-holders may give effectual receipts for any dividends or other moneys payable in respect of such share.
- (e) Only the person whose name stands first in the Register of Members as one of the joint-holders of any share shall be entitled to delivery of the certificate relating to such share or to receive notice (which expression shall be deemed to include all documents mentioned in Article 191 from the Company and any notice given to such person shall be deemed notice to all the joint-holders.
- (f) Any one of two or more joint-holders may vote at any meeting, either personally or by attorney or by proxy, in respect of such share as if he were solely entitled thereto and if more than one of such joint holders be present at any meeting personally or by proxy or by attorney then, that one of such persons so present whose name stands first or higher (as the case may be) in the Register in respect of such share shall alone be entitled to vote in respect thereof but the other or others of the joint-holders shall be entitled to be present at the meeting, provided always that a joint-holder present at any meeting personally shall be entitled to vote in preference to a joint-holder present by attorney or by proxy although the name of such joint-holder present by attorney or proxy stands first or higher (as the case may be) in the Register in respect of such shares. Several executors or

administrators of a deceased Member in whose (deceased Member's) sole name any share stands shall, for the purpose of this clause, be deemed joint-holders.

BORROWING POWERS

83. Subject to the relevant provisions of the Act, the Board of Directors may from time to time, by a resolution passed at a meeting of the Board, borrow moneys and may generally

raise and secure the payment of such sum or sums in such manner and upon such terms

and conditions in all respects as they think fit and in particular by the issue of bonds, perpetual or redeemable debentures or debenture stock or any mortgage or charge or other security on the undertaking or the whole or any part of the property of the Company

(both present and future) including its uncalled capital for the time being.

Provided that the Directors shall not borrow moneys, where moneys to be borrowed

together with the moneys borrowed by the Company, apart from temporary loans obtained in its ordinary course of business and except as otherwise provided hereafter, shall exceed the aggregate of the paid-up capital of the Company and its free reserves, that is to say, reserves not set apart for any specific purpose.

Provided, however, that :

- (a) nothing contained hereinabove shall apply to any sums of moneys borrowed by the Company from any other banking companies or from the Reserve Bank of India, State Bank of India or any other bank established by or under any law for the time being in force;
- (b) acceptance by the Company in the ordinary course of business of deposits of moneys shall not be deemed to be borrowing of moneys by the Company for the purpose aforesaid.

Provided, further, that the Company shall not create

- (a) charge upon any unpaid capital of the Company; and
- (b) a floating charge on the undertaking or any property of the Company or any part thereof unless the creation of such floating charge is certified in writing by the Reserve Bank of India as provided in the Banking Act.

84. Any bonds, debentures, debenture stock or other securities issued or to be issued by the

Company shall be under the control of the Directors who may issue them upon such terms and conditions and in such manner and for such consideration as they shall consider to be for the benefit of the Company.

85. Debentures, debenture stock, bonds or other securities may be made assignable free from any equities between the Company and the person to whom the same may be issued.

86. Subject to the provision of the said Acts, any bonds, debentures, debenture stock or other securities may be issued at a discount, premium or at par and with any special privileges as to redemption, surrender, drawing, allotment of shares, appointment of Directors or otherwise.

87. If any uncalled capital of the Company is included in or charged by any mortgage or other security, the Directors may authorize the person in whose favour such mortgage or security is executed or any other person in trust for him to make calls on the Members in respect of such uncalled capital and the provisions hereinbefore contained in regard to calls shall *mutatis mutandis* apply to calls made under such authority and such authority may be made exercisable either conditionally or unconditionally and either presently or contingently and either to the exclusion of the Directors' power or otherwise and shall be assignable if expressed so to be.
88. The Directors shall cause a proper register to be kept in accordance with the provisions of Section 143 of the Act of all mortgages and charges specifically affecting the property of the Company and shall duly comply with the requirements of the Act in regard to registration of mortgages and charges and in regard to inspection to be given to creditors or Members of the Register of Charges and of copies of instruments creating charges. Such sum as may be prescribed by the Act shall be payable by any person other than a creditor or Member of the Company for each inspection of the Register of Charges.

MEETINGS

89. The Company shall, in each year, hold, in addition to any other meetings, a general meeting which shall be styled as its "Annual General Meeting" in accordance with the provisions of Section 166 of the Act.
90. All general meetings other than Statutory General Meeting and the Annual General Meetings shall be called Extraordinary General Meetings.
91. The Board of Directors may, whenever they think fit, and shall, on the requisition of such number of Members of the Company as is specified in sub-article (c) of this Article forthwith proceed and call an Extraordinary General Meeting of the Company and in case of such requisition the following provisions shall apply:
- (a) The requisition shall set out the matters for the consideration of which the meeting is to be called, shall be signed by the requisitionists and shall be deposited at the Registered Office of the Company.
 - (b) The requisition may consist of several documents in like form, each signed by one or more requisitionists.
 - (c) The number of Members entitled to requisition a meeting with regard to any matter shall be such number of them as hold at the date of the deposit of the requisition, not less than one-tenth of such of the paid-up capital of the Company as at that date carries the right of voting in regard to that matter.
 - (d) Where two or more distinct matters are specified in the requisition, the provisions of sub-article (c) above shall apply separately in regard to each such matter and the requisition shall accordingly be valid only in respect of those matters in

regard

to which the condition specified in that sub-article is fulfilled.

- (e) If the Board does not, within 21 days from the date of the deposit of a valid requisition in regard to any matters, proceeds duly to call a meeting for the consideration of those matters on a day not later than 45 days from the date of

the

deposit of the requisition, the meeting may be called by the requisitionists themselves or by such of the requisitionists as represent either a majority in value of the paid-up share capital held by all of them or not less than one-tenth of such of the paid-up share capital of the Company as is referred to in sub-article (c) above, whichever is less. However, for the purpose of this sub-article, the

Directors

shall, in the case of a meeting at which a resolution is to be proposed as a

Special

Resolution, give such notice thereof as is required by the Act.

- (f) A meeting called under sub-article (e) above by the requisitionists or any of them:
 - (i) shall be called in the same manner, as nearly as possible, as that in which meetings are to be called by the Board, but
 - (ii) shall not be held after the expiration of three months from the date of the deposit of the requisition.

Provided that nothing contained in clause (ii) of sub-article (f) shall be deemed to prevent a meeting duly commenced before the expiry of the period of three months aforesaid, from adjourning to some day after the expiry of that period.

- (g) Where two or more persons hold any share or interest in the Company jointly, a requisition or a notice calling a meeting, signed by one or some only of them shall, for the purposes of this Article have the same force and effect as if it had been signed by all of them.
- (h) Any reasonable expense incurred by the requisitionists by reason of the failure of the Board to call a meeting shall be repaid to the requisitionists by the Company and any sum so repaid shall be retained by the Company out of any sums due or to become due from the Company by way of fees or other remuneration for their services to such of the Directors as were in default.

- 92. (a) A General Meeting of the Company may be called by giving not less than 21 day's notice in writing.

- (b) A General Meeting may be called after giving shorter notice than that specified in sub-article (a) above if consent is accorded thereto

- (i) in the case of an Annual General Meeting by all the Members entitled to vote thereat; and
- (ii) in the case of any other meeting by Members of the Company holding not less than 95 per cent of such part of the paid-up share capital of the

Company

gives a right to vote at the meeting.

Provided that where any Members of the Company are entitled to vote only on some resolution or resolutions to be moved at a Meeting and not on the others, those Members

shall be taken into account for the purposes of this sub-article in respect of the former resolution or resolutions and not in respect of the latter.

93. (a) Every notice of a meeting of the Company shall specify the place and the day and

hour of the meeting and shall contain a statement of the business to be transacted

thereat.

(b) Notice of every meeting of the Company shall be given:

(i) to every Member of the Company, in any manner authorized by sub-sections (1) to (4) of Section 53 of the Act;

(ii) to the persons entitled to a share in consequence of the death or insolvency of a Member by sending it through the post in a prepaid letter addressed to them by name or by the title of representatives of the deceased or assignees of the insolvent or by any like description, at the address, if any, in India supplied for the purpose by the persons claiming to be so entitled or until such an address has been so supplied, by giving the notice in any manner in which it might have been given if the death or insolvency had not occurred; and

(iii) to the Auditor or Auditors for the time being of the Company in the manner authorized by Section 53 of the Act in the case of any Member or Members of the Company.

(c) The accidental omission to give notice to or the non-receipt of notice by any Member or other person to whom it should be given shall not invalidate the proceedings at the meeting.

94. (a) In the case of an Annual General Meeting, all business to be transacted at the meeting shall be deemed special, with the exception of business relating to:

(i) the consideration of accounts, Balance Sheet and reports of the Board of Directors and Auditors;

(ii) the declaration of a dividend;

(iii) the appointment of Directors in the place of those retiring; and

(iv) the appointment of and the fixing of remuneration of the Auditors.

(b) In the case of any other meeting, all business shall be deemed special.

(c) Where any items of business to be transacted at the meeting are deemed to be special as aforesaid, there shall be annexed to the notice of the meeting a statement

setting out all material facts concerning each such item of business, including in particular the nature of the concern or interest, if any, therein, of every Director and the Manager, if any.

Provided that where any item of special business as aforesaid to be transacted

at a meeting of the Company relates to, or affects any other company, the extent of shareholding interest in that other company of every Director and the Manager, if any, of the Company shall also be set out in the statement if the extent of such shareholding interest is not less than 20 per cent of the paid-up share capital of that other company.

(d) Where any item of business consists of the according of approval to any document by the meeting, the time and place where the document can be inspected shall be specified in the statement aforesaid.

95. (a) A resolution shall be an Ordinary Resolution when at a General Meeting of which the notice required under the Act has been duly given, the votes cast (whether on a show of hands, or on a poll, as the case may be), in favour of the resolution (including the casting vote, if any, of the Chairman) by Members who, being entitled so to do, vote in person or where proxies are allowed, by proxy, exceed the votes, if any, cast against the resolution by Members so entitled and voting.

(b) A resolution shall be a Special Resolution when

- (i) the intention to propose the resolution as a Special Resolution has been duly specified in the notice calling the General Meeting or other intimation given to the Members of the resolution;
- (ii) the notice required under the Act has been duly given of the General Meeting;
and
- (iii) the votes cast in favour of the resolution (whether on a show of hands, or on a poll, as the case may be), by Members who, being entitled so to do, vote in person, or where proxies are allowed, by proxy, are not less than three times the number of the votes, if any, cast against the resolution by Members so entitled and voting.

96. (a) Where, by any provisions contained in the Act or in these presents, Special Notice is required of any resolution, notice of the intention to move the resolution shall be given to the Company not less than 14 days before the meeting at which it is to be moved, exclusive of the day on which the notice is served or deemed to be served and the day of the meeting.

(b) The Company shall, immediately after the notice of the intention to move any such resolution has been received by it, give its Members notice of the resolution in the same manner as it gives notice of the meeting, or if that is not practicable, shall give them notice thereof, either by advertisement in a newspaper having an appropriate circulation or in any other mode allowed by these presents, not less than seven days before the meeting.

PROCEEDINGS AT GENERAL MEETING

97. Five members personally present shall be a quorum for a General Meeting and no business shall be transacted at any General Meeting unless the requisite quorum be present when the meeting proceeds to business.

98. No business shall be discussed at any General Meeting except the election of a Chairman whilst the Chair is vacant.

99. (a) The Chairman, if any, of the Board shall preside as Chairman at every General Meeting of the Company.

⁶(b) If there be no Chairman or if at any meeting he shall not be present within 15 minutes after the time appointed for holding such meeting, or is unwilling to act, the Managing Director shall be entitled to act as the Chairman of such meeting failing which the Non-Rotational Directors present may choose one of their number to act as Chairman of the meeting and in default of their doing so, the Members present shall choose one of the Directors to take the Chair and if no Directors present be willing to take the Chair, the Members present shall choose one of their number to be the Chairman of the meeting.

100.If within half an hour from the time appointed for the General Meeting, a quorum be not present, the meeting, if convened on the requisition of shareholders, shall be dissolved

and in any other case, shall stand adjourned to the same day in the next week, at the same time and place or to such other day and at such other time and place as the Directors may determine. If at such adjourned meeting also, a quorum, be not present within half an hour from the time appointed for holding the meeting, the Members present shall be a quorum and may transact the business for which the meeting was called.

6. The following Article 99(b) has been replaced by the above new Article 99(b) pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited.

(b) If there is no such Chairman, or if he is not present within 15 minutes after the time appointed for holding the meeting or is unwilling to act as Chairman of the meeting, then the Directors present at the meeting shall elect one of the ICICI Directors referred to in Article 128 to be Chairman of the meeting and failing which, the Members present and voting shall choose one of their Members to be Chairman of the meeting.

101.(a) The Chairman may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time, and from place to place.

(b) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

(c) When a meeting is adjourned for more than 30 days, notice of the adjourned meeting shall be given as in the case of an original meeting.

(d) Save as aforesaid, it shall not be necessary to give any notice of the adjournment or of the business to be transacted at an adjourned Meeting.

102. At any General Meeting a resolution put to the vote of the meeting shall be decided on

a show of hands unless a poll is (before or on the declaration of the result of the show of hands) demanded in the manner hereinafter mentioned and unless a poll is so demanded, a declaration by the Chairman that a resolution has, on a show of hands, been carried unanimously or by a particular majority or lost and an entry to that effect in the book of the proceedings of the Company shall be conclusive evidence of the fact, without proof of the number or proportion of the votes recorded in favour of or against such resolution.

103.(a) Before or on the declaration of the result of the voting on any resolution on a show of hands, a poll may be ordered to be taken by the Chairman of the meeting

of his own motion and shall be ordered to be taken by him on a demand made in that behalf by any Member or Members present in person or by proxy and holding shares in the Company:

- (i) which confer a power to vote on the resolution not being less than one-tenth of the total voting power in respect of the resolution; or
 - (ii) on which an aggregate sum of not less than Rs. 50,000/- has been paid up.
- (b) The demand for a poll may be withdrawn at any time by the person who made the demand.

104.(a) If a poll is demanded on the election of a Chairman or on a question of adjournment, it shall be taken forthwith and without adjournment.

- (b) A poll demanded on any other question shall be taken at such time not being later than 48 hours from the time when the demand was made, as the Chairman may direct.

105. On a poll taken at a meeting of the Company, a Member entitled to more than one vote

or his proxy or other person entitled to vote for him as the case may be, need not, if he

votes, use all his votes or cast in the same way all the votes he uses.

106.(a) Where a poll is to be taken, the Chairman of the meeting shall appoint two scrutineers to scrutinize the votes given on the poll and to report thereon to him.

(b) The Chairman shall have power, at any time before the result of the poll is declared, to remove a scrutineer from office and to fill vacancies in the office of the scrutineer

arising from such removal or from any other cause.

(c) Of the two scrutineers appointed under this Article, one shall always be a Member

(not being an officer or employee of the Company) present at the meeting, provided that such a Member is available and willing to be appointed.

107.(a) Subject to the provisions of the Act, the Chairman of the meeting shall have power to regulate the manner in which a poll shall be taken.

- (b) The result of the poll shall be deemed to be the decision of the meeting on the resolution on which the poll was taken.

108. In the case of an equality of votes, whether on a show of hands or on a poll, the Chairman

of the meeting at which the show of hands takes place or at which the poll is demanded, shall be entitled to a casting vote in addition to his own vote or votes to which he may be entitled as a Member.

109. The demand for a poll shall not prevent the continuance of a meeting for the transaction

of any business other than the question on which the poll has been demanded.

110. The Company shall cause Minutes of all proceedings of General Meetings to be entered in books kept for that purpose. The Minutes of each meeting shall contain a fair and

correct summary of the proceedings thereat. All appointments of officers made at any of

the meetings shall be included in the Minutes of the meeting. Any such Minutes, if purporting to be signed by the Chairman of the meeting at which the proceedings took place or in the event of death or inability of that Chairman, by a Director duly authorized

by the Board for the purpose, shall be evidence of the proceedings.

111. The books containing Minutes of proceedings of General Meetings of the Company

shall be kept at the Registered Office of the Company and shall be open to the inspection

of any Member without charge, between 11 a.m. and 1 p.m. on all working days.

112. Any Member shall be entitled to be furnished within the prescribed period after he has made a request in that behalf to the Company with a copy of any Minutes referred to above on payment of such sum as may be prescribed by the Act.

VOTES OF MEMBERS

113 (a) on a show of hands, every Member present in person shall have one vote; and

7. The following Article 113 has been replaced by the above new Article 113 pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

113. Subject to any rights or restrictions for the time being attached to any class or classes of shares:

(a) on a show of hands, every Member present in person shall have one vote, and shall be governed by the ceiling of one per cent of the total voting rights as stipulated by Section 12 (2) of the Banking Regulation Act; and

(b) on a poll, the voting rights of Members shall be as provided by Section 87 of the Act, but will be subject to the restrictions and limitations as prescribed by or under the Banking Regulation Act.

(b) on a poll, the voting rights of Members shall be as provided in Section 87 of the Act, but will be subject to the ceiling of ten per cent of the total voting rights or such other percentage as may be stipulated by Section 12(2) of the Banking Regulation Act.

114. A Member of unsound mind or in respect of whom an order has been made by any court

having jurisdiction in lunacy may vote, whether on a show of hands or on a poll, by his

committee or other legal guardian and any such committee or guardian may, on a poll, vote by proxy.

115. A Body Corporate (whether a company within the meaning of the Act or not) may, Corporates if it is a Member, by resolution of its Board of Directors or other governing body authorize such person as it thinks fit to act as its representative at any meeting of the Company in accordance with the provisions of Section 187 of the Act. The production at the meeting of a copy of such resolution duly signed by one Director of such Body Corporate or by a member of its governing body and certified by him as being a true copy of the resolution shall on production at the meeting be accepted by the Company as sufficient evidence of the validity of his appointment.
116. Any person entitled under the Transmission Clause to transfer any shares may vote at the General Meetings in respect thereof as if he was the registered holder of such shares provided that atleast 48 hours before the time of holding the meeting or adjourned meeting as the case may be at which he proposes to vote he shall satisfy the Directors of his right to transfer such shares unless the Directors shall have previously admitted his right to vote at such meeting in respect thereof.
- 117.(a) Any Member of the Company entitled to attend and vote at a meeting of the Company shall be entitled to appoint another person (whether a Member or not) as his proxy to attend and vote instead of himself but a proxy so appointed shall not have any right to speak at the meeting.
- (b) In every notice calling a meeting of the Company, there shall appear with reasonable prominence a statement that a Member entitled to attend and vote is entitled to appoint a proxy to attend and vote instead of himself and that a proxy need not be a Member.
118. Votes may be given either personally or by attorney or by proxy or, in the case of a Body Corporate, by a representative duly authorized as aforesaid.
119. Every instrument of proxy whether for a specified meeting or otherwise shall be in writing under the hand of the appointee or his attorney authorized in writing or if such appointee is a Body Corporate, under its Common Seal or the hand of an officer or an attorney duly authorized by it and shall, as nearly as circumstances will admit, be in the form specified in Schedule IX of the Act.
120. No person shall act as proxy unless the instrument of his appointment and the power of attorney or other authority, if any, under which it is signed or a notarially certified copy of that power or authority shall have been deposited at the Office at least 48 hours before the time for holding the meeting at which the person named in the instrument of proxy proposes to vote and in default the instrument appointing the proxy shall not be treated as valid. No attorney shall be entitled to vote unless the power of attorney or

other instrument appointing him as attorney or a notarially certified copy thereof has either been registered in the records of the Company at any time not less than 48 hours

before the time of the meeting at which the attorney proposes to vote or is deposited at

the Office not less than 48 hours before the time of such meeting as aforesaid. Notwithstanding that a power of attorney or other authority has been registered in the records of the Company, the Company may by notice in writing addressed to the Member

or the attorney at least seven days before the date of a meeting require him to produce

the original Power of Attorney or authority and unless the same is thereupon deposited

with the Company not less than 48 hours before the time fixed for the meeting the attorney shall not be entitled to vote at such meeting unless the Directors, at their absolute discretion, excuse such non-production and deposit. Every Member entitled to

vote at a meeting of the Company or on any resolution to be moved thereat shall be entitled during the period beginning 24 hours before the time fixed for the commencement

of the meeting and ending with the conclusion of the meeting to inspect the proxies lodged at any time during the business hours of the Company provided that not less than three days notice in writing of the intention so to inspect is given to the Company.

121. If any such instrument of appointment be confined to the object of appointing a proxy or substitute for voting at meetings of the Company, it shall remain permanently or for such time As the Directors may determine, in the custody of the Company and if embracing other objects a copy thereof, examined with the original, shall be delivered to the Company to remain in the custody of the Company.

122. A vote given in accordance with the terms of an instrument of proxy shall be valid

notwithstanding the previous death of the principal or revocation of the proxy or of any Power of Attorney under which such proxy was signed or the transfer of the share

in respect of which the vote is given, provided that no intimation in writing of the death, revocation or transfer shall have been received at the Office of the Company before the meeting.

123. No objection shall be made to the validity of any vote except at the meeting or poll

at which such vote shall be tendered and every vote whether given personally or by proxy

not disallowed at such meeting or poll, shall be deemed valid for all purposes of such meeting or poll whatsoever.

124. The Chairman of any meeting shall be the sole judge of the validity of every vote tendered at such meeting. The Chairman present at the taking of a poll shall be the sole

judge of the validity of every vote tendered at such poll.

125. Any Member whose name is entered in the Register of Members of the Company shall enjoy the same rights and be subject to the same liabilities as all other Members of the same class.

DIRECTORS

⁸126 Until otherwise determined by a General Meeting, the number of Directors shall not be less than three or more than 21 excluding the Government Director (referred to in Article 128A) and the Debenture Director (referred to in Article 129) (if any).

127. The persons hereinafter named are the First Directors of the Company

- (a) Shri Parampally Vasudeva Maiya
- (b) Shri Girish Sumanlal Mehta
- (c) Shri Sethumadhava Rao Ragothaman

The First Directors shall retire at the first Annual General Meeting.

⁸128 Not more than one-third of the total number of Directors shall be non-rotational Directors and, except for the Debenture Director and the Government Director, such non-rotational Directors (hereinafter referred to as the "Non-Rotational Directors") shall be appointed by the Board of Directors of the Company. The remaining Directors shall be persons whose period of office is liable to determination by rotation and subject to the provisions of the Act shall be appointed by the Company in General Meeting.

8. The following Articles 126 and 128 have been replaced by the above new Articles 126 and 128 respectively and a new Article 128A has been inserted pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

126. Until otherwise determined by a General Meeting, the number of Directors shall not Number of Directors be less than three or more than 12.

128. (a) One-third of the total number of Directors shall be non-retiring Directors and, except for the Debenture Director, such non-rotational Directors (including Executive Chairman or Chairman and Managing Director or Non-executive Chairman, Managing Director) hereinafter referred to as the "ICICI Directors/ Nominee Directors" shall be appointed by ICICI. The balance Directors shall be persons whose period of office is liable to determination by rotation and subject to the provisions of the Act, and shall be appointed by the Company in General Meeting.
- (b) (i) ICICI shall have the power to remove the Nominee Directors from office, with or without cause, and in the event of vacancy being caused in such office, by death, disability, resignation, removal or otherwise, to appoint another or others in the place(s) falling vacant; and
- (ii) any appointment or removal of a Nominee Director shall be by a notice in writing addressed to the Company and the appointment or removal shall take effect forthwith upon such notice being delivered to the Company.

- (c) The Board of Directors of the Company shall have no power to remove from office any Nominee Director.
 - (d) Subject to the provisions of the Act and rules framed thereunder, the Company shall pay the Nominee Directors, sitting fees and reimbursement of expenses and other fees and commission or reimbursement to which other Directors of the Company are entitled and pay or reimburse to ICICI any expenses that may be incurred by ICICI or such Nominee Directors in connection with their appointment or directorship.
-

128A(a) During such time as the Guarantee Agreement dated March 14, 1955 or the Guarantee Agreement dated July 15, 1959 or the Guarantee Agreement dated October 28, 1960 or the Guarantee Agreement dated February 28, 1962, between the President of India and The International Bank for Reconstruction and Development shall remain in force the President of India shall have the right from time to time to appoint one person as a Director of the Company and to remove such person from office and on a vacancy being caused in such office from any cause whether by resignation, death, removal or otherwise to appoint a Director in the vacant place. The Company shall be entitled to agree with the President of India for the appointment of a Director of the Company by the President of India as contemplated by this Article in respect of any future advance or advances by the Government of India or in respect of any guarantee or guarantees that may be given by the Government of India in connection with the Company's future borrowings from The International Bank for Reconstruction and Development or any other financial institution. The Director appointed under this Article is herein referred to as "the Government Director" and the term "Government Director" means the Director for the time being in office under this Article. The Government Director shall not be liable to retire by rotation or be removed from office except by the President of India as aforesaid. Subject as aforesaid the Government Director shall be entitled to the same rights and privileges and be subject to the same obligations as any other Director of the Company.

129. Any trust documents covering the issue of debentures or bonds of the Company may

provide for the appointment of a Director (in these presents referred to as the "Debenture Director") for and on behalf of the holders of the debentures or bonds for such period as is therein provided not exceeding the period for which the debentures/bonds or any of them shall remain outstanding and for the removal from office of such Debenture Director and on a vacancy being caused whether by resignation, death, removal or otherwise for appointment of a Debenture Director in the vacant place. The Debenture Director shall not be liable to retire by rotation or be removed from office except provided as aforesaid.

130.(a) The Board of Directors may appoint an Alternate Director to act for a Director (hereinafter in this Article called the "Original Director"), at his suggestion or otherwise, during his absence for a period of not less than three months from the state in which meetings of the Board are ordinarily held.

(b) An Alternate Director appointed under sub-article (a) above, shall not hold office as such for period longer than permissible to the Original Director in whose place he has been appointed and shall vacate office if and when the Original Director returns to the state in which meetings of the Board are ordinarily held.

(c) If the term of office of the Original Director is determined before he so returns to the state aforesaid, any provision for the automatic re-appointment of retiring

Directors in default of another appointment shall apply to the Original and not to the Alternate Director.

131.(a) No Director shall be required to hold any qualification shares of the Company.

(b) No person shall be qualified to be a Director if his appointment is in contravention of any law or guideline in force or if by amendment of any law or guideline, his continuance in office is in contravention of such law or guideline, he shall immediately vacate his office; on such vacation he shall not be entitled to any compensation.

132. The fees payable to a Director for attending a meeting of the Board or Committee thereof shall be decided by the Board of Directors from time to time within the limits as may be prescribed by the Act or the Central Government. ⁹"No Director who is a Government servant shall be entitled to receive any remuneration under this Article or other provisions of these presents except as authorised by the Government."

⁹ 132A Subject to the provisions of Article 132 in the case of a Government servant, the Directors may allow and pay to any Director who is not a bona fide resident of the place where a meeting is held and who shall come to such place for the purpose of attending a meeting such sum as the Directors may consider fair compensation for travelling, hotel and other expenses in addition to his remuneration as above specified and the Directors may from time to time fix the remuneration to be paid to any member or members of their body constituting a committee appointed by the Directors in terms of these presents and may pay the same.

¹⁰ 132B Subject to the provisions of Article 132 in the case of a Government servant if any Director, being willing, shall be called upon to perform extra services or to make any special exertions in going out or residing at a particular place or otherwise for any of the purposes of the Company, the Company may remunerate such Director either by fixed sum or otherwise as may be determined by the Directors and such remuneration may be either in addition to or in substitution for his remuneration above provided.

133. The Directors may allow and pay to any Director who is not a bona fide resident of the place where a meeting is held and who shall come to such place for the purpose, of

attending a meeting such sum as the Directors may consider fair compensation for travelling, hotel and other expenses in addition to his remuneration as above specified and the Directors may fix the remuneration to be paid to any member or members of their body constituting a Committee appointed by the Directors in terms of these presents and may pay the same.

134. Subject to the provision of the said Acts, if any Director, being willing, shall be called upon to perform extra services or to make any special exertions in going out or residing at a particular place or otherwise for any of the purposes of the Company, the Company may remunerate such Directors either by a fixed sum or otherwise as may be determined by the Directors and such remuneration may be either in addition to or in substitution for his remuneration above provided.

135. The Directors shall have the power at any time and from time to time to appoint, subject to the provisions of these presents, any person as an Additional Director to the Board but so that the total number shall not at any time exceed the maximum number fixed for the Board but any Director so appointed shall hold office only up to the date of the next Annual General Meeting of the Company and shall then be entitled for re-election.

9. The above sentence starting with the words “No Directors” and ending with the words “authorised by the Government” has been inserted in Article 132 as also a new Article 132A has been inserted pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited.

10. Article 132B has been inserted pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited.

136. If the office of any Director appointed by the Company in General Meeting is vacated

before his term of office expires in the normal course, the resulting casual vacancy may

be filled by the Board of Directors at a meeting of the Board and the Director so appointed

shall hold office only up to the date up to which the Director in whose place he is appointed would have held office if it had not been vacated.

137. Subject to the provisions of the Act, the continuing Directors may act notwithstanding any vacancy in their body, but so that if the number falls below the minimum number

fixed the Directors shall not, except in emergencies or for the purpose of filling up vacancies or for summoning a General Meeting of the Company, act so long as the number is below the minimum and they may so act notwithstanding the absence of a necessary quorum.

138.(a) The office of a Director shall become vacant if:

(i) he is found to be of unsound mind by a court of competent jurisdiction; or

(ii) he applies to be adjudicated an insolvent; or

(iii) he is adjudged an insolvent; or

(iv) he is convicted by a court of any offence involving moral turpitude and sentenced in respect thereof to imprisonment for not less than six months; or

(v) he fails to pay any call in respect of shares held by him alone or jointly with others within six months from the last date fixed for the payment of the call unless the Central Government has, by notification in the Official Gazette, removed the disqualification incurred by such failure; or

(vi) he absents himself from three consecutive Meetings of the Directors or from all Meetings of the Directors for a continuous period of three months, whichever is the longer, without leave of absence from the Board of

Directors; or

(vii) he (whether by himself or by any person for his benefit or on his account) or any firm in which he is a partner or any private company of which he is a Director, accepts a loan or guarantee or security for a loan from the

Company

in contravention of Section 295 of the Act; or

(viii) he acts in contravention of Section 299 of the Act; or

(ix) he becomes disqualified by an order of the court under Section 203 of the Act; or

(x) he is removed in pursuance of Section 284 of the Act; or

(xi) he resigns office by notice in writing addressed to the Company or to the Directors; or

(xii) having been appointed a Director by virtue of his holding any office or other employment in the Company, he ceases to hold such office or other employment in the Company; or

(xiii) he becomes disqualified under Article 131 (b); or

(xiv) he is disqualified for being appointed as a Director under any of the provisions

of either of the said Acts.

(b) Notwithstanding anything in clauses (iii), (iv) and (ix) of sub-article (a) above, the disqualification referred to in those clauses shall not take effect:

(i) for 30 days from the date of adjudication or sentence or order; or

(ii) where any appeal or petition is preferred within 30 days aforesaid against the adjudication, sentence or conviction resulting in the sentence or order until the expiry of seven days from the date on which such appeal or petition is disposed of; or

(iii) where, within the seven days aforesaid, any further appeal or petition is preferred in respect of the adjudication, sentence, conviction or order and the appeal or petition, if allowed, would result in the removal of the disqualification, until such further appeal or petition is disposed of.

139.(a) Every Director of the Company who is in any way, whether directly or indirectly, concerned or interested in a contract or arrangement or proposed contract or arrangement entered into or to be entered into, by or on behalf of the Company, shall disclose the nature of his concern or interest at a Meeting of the Board of Directors.

(b) (i) In the case of a proposed contract or arrangement, the disclosure required to be made by a Director under sub-article (a) above shall be made at the meeting

of the Board at which the question of entering into contract or arrangement is first taken into consideration or if the Director was not, at the date of that meeting, concerned or interested in the proposed contract or arrangement at the first meeting of the Board held after he becomes so concerned or interested;

(ii) in the case of any other contract or arrangement, the required disclosure shall be made at the first meeting of the Board held after the Director

becomes

concerned or interested in the contract or arrangement.

(c) (i) For the purpose of sub-articles (a) and (b) above, a general notice given to the Board by a Director, to the effect that he is a Director or a Member of a

specified Body Corporate or is a partner of a specified firm and is to be regarded as concerned or interested in any contract or arrangement which may, after the date of the notice, be entered into with that Body Corporate

or

firm shall be deemed to be a sufficient disclosure of concern or interest in relation to any contract or arrangement so made;

- (ii) any such general notice shall expire at the end of the financial year in which it is given, but may be renewed for further periods of one financial year at a time, by a fresh notice given in the last month of the financial year in which it would otherwise expire;
- (iii) no such general notice and no renewal thereof shall be of effect unless it is either given at a meeting of the Board or the Director concerned takes reasonable steps to secure that it is brought up and read at the first meeting of the Board after it is given.

(d) Nothing in this Article shall be taken to prejudice the operation of any rule of law restricting a Director of the Company from having any concern or interest in any contracts or arrangements with the Company.

(e) Nothing in this Article shall apply to any contract or arrangement entered into or to be entered into between the Company and any other company where any of

the

Directors of the Company or two or more of them together holds or hold not

more

than two per cent of the paid-up share capital in the other company.

140.

of,

Board's

(a) No Director of the Company shall, as a Director, take part in the discussion or vote on, any contract or arrangement entered into or to be entered into, by proceedings or on behalf of the Company, if he is in any way, whether directly or indirectly, concerned or interested in the contract or arrangement; nor shall his presence count for the purpose of forming a quorum at the time of any such discussion or vote; and if he does vote, his vote shall be void.

(b) Sub-article (a) above shall not apply to:

- (i) any contract of indemnity against any loss which the Directors or any one or more of them may suffer by reason of becoming or being sureties or a surety for the Company;
- (ii) any contract or arrangement entered into or to be entered into with a public company or a private company which is a subsidiary of a public company, in which the interest of the Director aforesaid consists solely :
 - in his being a Director of such company and the holder of not more than shares of such number or value therein as is requisite to qualify him for appointment as a Director thereof, he having been nominated as such Director by the Company, or
 - in his being a member holding not more than two per cent of the paid-up share capital of such other company.

¹¹[(iii)]

- 141.(a) Subject to the provisions of the said Acts, these presents and any other law for the time being in force, a Director of the Company may be or become a Director of any company promoted by the Company or in which he may be interested as vendor, member or otherwise and no such Director shall be accountable for any benefits received as Director or member of such other company.
- (b) A Director shall, within 20 days of his appointment to or relinquishment of his office as Director, Managing Director, Manager or Secretary in any other Body Corporate, disclose to the Company the particulars relating to his office in the other Body Corporate which are required to be specified under Section 303(l) of the Act.
- (c) The Company shall enter the aforesaid particulars in a Register kept for the purpose in conformity with Section 303 of the Act.

11. The following Article 140(b) (iii) has been deleted pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited.

(iii) any contract or agreement entered into or to be entered into with ICICI in which the interest of a Nominee Director consists solely of his being a Director or officer of ICICI.

- (d) A Director shall give notice in writing to the Company of his holding of shares and debentures of the Company or its subsidiary, together with such particulars as may be necessary to enable the Company to comply with the provision of Section 307 of the Act. If such notice be not given at a meeting of the Board, the
- Director shall take all reasonable steps to secure that it is brought up and read at the next meeting of the Board after it is given. The Company shall enter particulars of a Director's holding of shares and debentures as aforesaid in a Register kept for the purpose in conformity with Section 307 of the Act.
- (e) If any Director has any interest in any other company, institution, financial intermediary or any Body Corporate by virtue of his position as director or partner or with which he may be associated in any other capacity, then he shall disclose his interest to the Board of Directors.

ROTATION OF DIRECTORS

¹²142 At every Annual General Meeting of the Company, one third of such Directors for the time being as are liable to retire by rotation or if their number is not three or a multiple of three, then the number nearest to one-third, shall retire from office. The Debenture Directors, the Government Directors and the Non-Rotational Directors, subject to Article 151, shall not be subject to retirement under this Article.”

143. The Directors to retire by rotation at every Annual General Meeting shall be those who have been longest in office since their last appointment, but as between persons who became Directors on the same day, those who are to retire shall (unless they otherwise agree among themselves) be determined by lot.

144. A retiring Director shall be eligible for re-election.

145. The Company at the Annual General Meeting at which a Director retires in the manner aforesaid may fill up the vacated office by appointing the retiring Director or some other person thereto.

146. If the place of the retiring Director is not so filled up and the meeting has not expressly

resolved not to fill the vacancy, the meeting shall stand adjourned till the same day in the next week, at the same time and place, or if that day is a public holiday, till the next

succeeding day which is not a public holiday, at the same time and place, and if at the adjourned meeting also, the place of the retiring Director is not filled up and that meeting

also has not expressly resolved not to fill the vacancy, the retiring Director shall be deemed to have been re-appointed at the adjourned meeting, unless :

(i) at that meeting or at the previous meeting, a resolution for the re-appointment

of such Director has been put to the meeting and lost;

(ii) the retiring Director has, by a notice in writing addressed to the Company or the Board of Directors, expressed his unwillingness to be so re-appointed;

12. The following Article 142 has been replaced by the above new Article 142 pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

142. At every Annual General Meeting of the Company other than the first Annual General Meeting, one-third of such of the Directors for the time being as are liable to retire by rotation or if their number is not three or a multiple of three, then the number nearest to one-third, shall retire from office. The Debenture Directors and the Nominee Directors, subject to Article 151, shall not be subject to the retirement under this Article.

(iii) he is not qualified or is disqualified for appointment;

(iv) a Resolution, whether Special or Ordinary, is required for his appointment by virtue of any provisions of the Act;

(v) the provision to sub-article (b) or sub-article (c) of Article 147 is applicable to the case.

147.(a) At every Annual General Meeting of the Company, a motion shall not be made for the appointment of two or more persons as Directors of the Company by a single resolution, unless a resolution that it shall be so made has first been agreed

to by the meeting without any vote being given against it.

(b) A resolution moved in contravention of sub-article (a) above shall be void whether

or not objection was taken at the time to its being so moved.

Provided that where a resolution so moved is passed, no provision for the automatic re-appointment of retiring Director, in default of another appointment shall apply.

- (c) For the purposes of this Article, a motion for approving a person's appointment or for nominating a person for appointment shall be treated as a motion for his appointment.

148. Subject to the provisions of Sections 252, 255 and 259 of the Act, the Company may,

by Ordinary Resolution from time to time increase or reduce the number of Directors.

Provided that any increase in the number of Directors except an increase which is within the permissible maximum shall not have any effect unless approved by the Regulatory Agencies whose approval is required under any law for the time being in force.

149.(a) Subject to the provisions of the said Acts and these presents, no person, not being

a retiring Director, shall be eligible for election to the office of Directors at any General Meeting, unless he or some other Member intending to propose him has, at least 14 days before the meeting, left at the office of the Company a notice in writing under his hand signifying his candidature for the office of Director or the intention of such Member to propose him along with a deposit of such sum as may be prescribed which shall be refunded to such person or, as the case may

be,

to such Member, if the person succeeds in getting elected as a Director.

- (b) The Company shall inform its Members of the candidature of a person for the office of Director or the intention of a Member to propose such person as a candidate for that office by serving individual notices on the Members not less than seven days before the meeting.

Provided that it shall not be necessary for the Company to serve individual notices upon the Members as aforesaid if the Company advertises such candidature or intention not less than seven days before the meeting in at least two newspapers circulating in the place where the Registered Office of the Company is located, of which one is published in the English language and the other in the regional language of that place.

- (c) Every person (other than a Director retiring by rotation or otherwise or a person who has left at the office of the Company a notice under Section 257 of the Act signifying his candidature for the office of a Director) proposed as a candidate for the office of a Director shall sign and file with the Company his consent in

writing

to act as a Director, if appointed.

- (d) The Company shall ensure that the appointment of Directors of the Company in General Meeting and ¹³appointment of the Non-rotational Directors and their retirement

shall be in accordance with the provisions of the said Acts.

- (e) A person, other than:

- (i) a Director re-appointed after retirement by rotation or immediately on the expiry of his term of office; or
- (ii) an Additional or Alternate Director or a person filling a casual vacancy in the office of a Director under Section 262 of the Act, appointed as a Director

or re-appointed as an Additional or Alternate Director immediately on the expiry of his term of office; or

- (iii) a person named as Director of the Company under this Article as first registered

Shall not act as a Director of the Company unless he has, within 30 days of his appointment, signed and filed with the Registrar his consent in writing to act as such Director.

150.(a) The Company may subject to the provisions of Section 284 of the Act, by Ordinary

Resolution remove a Director (not being a Debenture Director or a ¹⁴Non-Rotational

Director) before the expiry of his period of office.

- (b) Special Notice shall be required of any resolution to remove a Director under this Article or to appoint somebody instead of a Director so removed at the meeting at which he is removed.
- (c) On receipt of notice of a resolution to remove a Director under this Article, the Company shall forthwith send a copy thereof to the Director concerned and the Director (whether or not he is a Member of the Company) shall be entitled to be heard on the resolution at the meeting.
- (d) Where notice is given of a resolution to remove a Director under this Article and the Director ¹³concerned makes with respect thereto representations in writing to the Company (not exceeding a reasonable length) and requests their notification to Members of the Company, the Company- shall, unless the representations are received by it too late for it to do so :

13. The words "nomination of ICICI Directors by ICICI" have been replaced with the following words "appointment of the Non-Rotational Directors" pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

14. The words " Nominee Director" have been replaced with the following words "Non-Rotational Director" pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

(i) in any notice of the resolution given to Members of the Company, state
'the

fact of the representations having been made, and

- (ii) send a copy of the representations to every Member of the Company to whom notice of the meeting is sent (whether before or after receipt of the representations by the Company) and if a copy of the representation is not sent as aforesaid because they were received too late or because of the Company's default, the Director may (without prejudice to his right to be heard orally) require that the representations shall be read out at the meeting.

Provided that copies of the representations need not be sent out and the representations need not be read out at the meeting, if on the application either of the Company or of any other person who claims to be aggrieved, the Company Law Board is satisfied that the rights conferred by this sub-article are being abused to secure needless publicity for defamatory matter.

(e) A vacancy created by the removal of a Director under this Article may, if he had been appointed by the Company in General Meeting or by the Board, be filled by the appointment of another Director in his stead, by the meeting at which he is removed, provided Special Notice of the intended appointment has been given under sub-article (b) above. A Director so appointed shall hold office until the date up to which his predecessor would have held office if he had not been removed as aforesaid.

(f) If the vacancy is not filled under sub-article (e) of this Article, it may be filled as a casual vacancy in accordance with the provisions so far as they may be applicable of Article 136 and all the provisions of that Article shall apply accordingly.

Provided that the Director who was removed from office shall not be reappointed as a Director by the Board of Directors.

**CHAIRMAN - EXECUTIVE CHAIRMAN - CHAIRMAN AND MANAGING DIRECTOR -
MANAGING DIRECTOR - WHOLE-TIME DIRECTOR**

¹⁵151(a) Subject to the provisions of the said Acts and these presents, the Board of Directors of the Company shall be entitled to appoint from time to time, one or more of the Non-Rotational Directors to act as the Whole-time or Executive Chairman and Managing Director or Part-time Chairman or Whole-time Chairman (hereinafter referred to as the "Executive Chairman") or a Managing Director or Managing Director(s) and/or Whole-time Director or Whole-time Director(s) of the Company (hereinafter referred to as the "Managing Director") for such term not exceeding five years at a time as the Board of Directors may think fit to manage the affairs and business of the Company and may from time to time (subject to provisions of any contract between him and the Company) may remove or dismiss him or them from office and appoint another in his place.

¹⁶[(b) and (c) ...]

15. The following Article 151(a) has been replaced by the above new Article 151(a) pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

151. (a) Subject to the provisions of the said Acts and these presents, ICICI shall be entitled to appoint from time to time, one or more of the ICICI Directors to be Chairman and Managing Director of the Company to act as the Whole-time or Executive Chairman and Managing Director of the Company (hereinafter referred to as the "Executive Chairman") or a Managing Director or Managing Directors and/or Whole-time Director or Whole-time Directors of the Company (hereinafter referred to as the "Managing Director") for such term not exceeding five years at a time as ICICI may think fit to manage the affairs and business of the Company and may from time to time (subject to provisions of any contract between him or them and the Company) remove or dismiss him or them from office and appoint another or others in his or their place or places.

16. The following Articles 151(b) and 151(c) have been deleted pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited.

- (b) If ICICI has not nominated Executive Chairman or Managing Director as provided in sub-article (a) above, then subject to the provisions of the said Acts and these presents, the Board of Directors of the Company shall have the power to appoint from time to time one or more of their body to be the Executive Chairman or Managing Director as the case may be.
- (c) Unless ICICI has exercised its rights to appoint the Executive Chairman as provided in sub-article (a) above, ICICI shall have the right to appoint a Non-executive Chairman.
-

(d) Subject to the provisions of the said Acts and these presents, the Executive Chairman or the Managing Director shall not, while he continues to hold that office, be subject to retirement by rotation under Article 142, but he shall be subject to the provisions of any contract between him and the Company and be subject to the same provisions as to the resignation and removal as the other Directors of the Company and he shall *ipso facto* and immediately cease to be an Executive Chairman or Managing Director if he ceases to hold the office of Director from any cause, provided that if at any time the number of Directors (including Executive Chairman or Managing Director) as are not subject to retirement by rotation shall exceed one-third of the total number of the Directors for the time being, then the Executive Chairman or Managing Director or any of them as the Directors may from time to time determine shall be liable to retirement by rotation in accordance with Article 142 to the intent that the number of Directors not liable to retirement by rotation shall not exceed one-third of the total number of Directors for the time being.

(e) The remuneration of the Managing Director or Whole-time Director shall (subject to Section 309 of the Act and other applicable provisions of the said Acts and these Articles and of any contract between him and the Company) be fixed by the Directors, from time to time and may be by way of fixed salary and/or perquisites or commission on profits of the Company or by participation in such profits or by any or all these modes or any other mode not expressly prohibited by the Act.

(f) Subject to sub-article (d) above, the Managing Director(s) and/or Whole-time Director(s) so appointed shall not be liable to retire at any General Meeting of the Company.

(g) Subject to the provisions of Sections 198, 269, 309, 310 and 311 of the Act and also subject to the limitations, conditions and provisions of Schedule XIII of the Act, the appointment and payment of remuneration to the Executive Chairman or Managing Director(s) shall be subject to approval of the Members in General Meeting.

(h) Subject to the superintendence, control and direction of the Board, the day-to-day management of the Company shall be in the hands of the Executive Chairman or Managing Director, with power to the Board to distribute such day-to-day management functions in any manner as deemed fit by the Board, subject to the provisions of the Act and these presents and shall also be subject to the provisions of the Banking Regulation Act, 1949.

(i) The Executive Chairman or Managing Director shall not exercise the powers to:

- (i) make calls on shareholders in respect of any money unpaid on the shares in the Company;
- (ii) issue debentures;

and except to the extent mentioned in the Resolution passed at the Board Meeting under Section 292 of the Act, shall also not exercise the powers to :

- (iii) borrow moneys, otherwise than on debenture;
- (iv) invest the funds of the Company; and
- (v) make loans, give credits or sign credit notes exceeding an amount fixed by the Board from time to time.

PROCEEDINGS OF DIRECTORS' MEETINGS

152. The Directors may meet together for the despatch of business, adjourn and otherwise

regulate their meetings and proceedings as they think fit.

Provided, however, that the meeting of the Board of Directors shall be held at least once in every three calendar months and at least four such meetings shall be

held every year.

153. The Chairman may at any time and the Manager, Secretary or such other officer of the

Company as may be authorized by the Directors shall upon the requisition of a Director

convene a meeting of the Board.

154. Notice of every meeting of the Board of Directors of the Company shall be given in writing to every Director for the time being in India and at his usual address in India to every other Director.

155. Subject to Section 287 of the Act, the quorum for a meeting of the Board shall be one-

third of its total strength excluding Directors, if any, whose places may be vacant at the

time and any fraction contained in that one-third being rounded off as one or two Directors, whichever is higher.

Provided that where at any time the number of interested Directors exceeds or is equal to two-thirds of the total strength of the number of remaining Directors, that is to say, the number of Directors who are not interested, present at the Meeting being not less than two, shall be the quorum during such time.

¹⁷[.....]

For the purposes of this Article:

- (i) "total strength" means the total strength of the Directors of the Company as determined in pursuance of the Act, after deducting therefrom the number of the Directors, if any, whose places may be vacant at the time;

¹⁷ The following para of Article 155 has been deleted pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

“Provide further, that no quorum for a Meeting of the Board shall be constituted and no such meeting shall proceed to transact any business unless at least one ICICI Director or his Alternate are present at such meeting, except where for a particular meeting the said requirement for a quorum is waived in writing by the ICICI Directors or their Alternates.”

(ii) “interested Director” means any Director whose presence cannot by reason of Article 140 count for the purpose of forming a quorum at a meeting of the Board, at the time of the discussion or vote on any matter.

156.(a) If a meeting of the Board could not be held for want of quorum, then, unless the Directors present at such meeting otherwise decide, the meeting shall automatically

stand adjourned till the same day in the next week, at the same time and place, or if that day is a public holiday, till the next succeeding day which is not a public holiday at the same time and place.

(b) The provisions of Article 152 shall not be deemed to have been contravened merely by reason of the fact that a meeting of the Board which had been called in compliance with the terms of that Article could not be held for want of a quorum.

¹⁸157 The Directors may subject to the provisions of the Act delegate any of their powers to Committees consisting of Directors and/or such other person or persons as they think fit, and they may from time to time revoke and substitute such delegation. Any Committee so formed shall in the exercise of the powers so delegated, conform to any regulations that may from time to time be imposed on it by the Directors. All acts done by any such Committee in conformity with such regulations and in fulfilment of the purposes of its appointment but not otherwise, shall have the force and the effect as if done by the Board.

158. The meetings and proceedings of any such Committee shall be governed by the provisions of these presents for regulating the meetings and proceedings of the Directors, so far as the same are applicable thereto and are not superseded by any regulations made by the Directors under Article 157.

18. he following Article 157 has been replaced by the above new Article 157 pursuant to the Order dated March 7, 2002 received from the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

157. Subject to the restrictions contained in Section 292 of the Act, the Board may delegate

any of their powers to the Committees of the Board consisting of at least the Chairman

or the Managing Director of the Company and one ICICI Director (other than Chairman or Managing Director); and the Board may from time to time revoke and discharge such Committee of the Board either wholly or in part and either as to persons or purposes, but every Committee of the Board so formed shall in the exercise of the powers so delegated conform to any regulations that may from time to time be imposed on it by the Board. All acts done by any such Committee of the Board in conformity with such regulations and in fulfilment of the purposes of its appointment but not otherwise, shall

have the force and effect as if done by the Board. The quorum for a meeting of such a

Committee shall be two.

¹⁹159(a) All meetings of the Directors shall be presided over by the Chairman if present, but if at any meeting of Directors, the Chairman be not present, at the time appointed for holding the same, then and in that case the Managing Director shall be entitled to be the Chairman of such meeting, failing which the Board shall choose one of the Non-Rotational Directors then present to preside at the meeting.

(b) Subject to the provisions of Sections 316, 372(5) and 386 of the Act, any question

arising at any meeting of the Board shall be decided by a majority of votes and in case of equality of votes, the Chairman shall have second or casting vote.

160. The meeting of the Board of Directors for the time being at which quorum is present, shall be able to exercise all or any of the authorities, powers and discretion which by or under the Act or these presents are vested in or exercisable by the Board of Directors generally.

161. (a) The Board shall exercise the following powers on behalf of the Company, and it shall do so only by means of resolutions passed at its meetings

(i) the power to make calls on shareholders in respect of money unpaid on their shares;

(ii) the power to issue debentures;

(iii) the power to borrow moneys otherwise than by debentures;

(iv) the power to invest the funds of the Company; and

(v) the power to make loans.

(b) Provided that the Board may, by a resolution passed at a meeting, delegate to any

Committee of Directors, the Managing Director, the Manager or any other principal officer of the Company or in the case of a branch office of the Company,

to a principal officer of the branch office, the powers specified in clauses (iii), (iv) and (v) of sub-article (a) above to the extent and subject to the conditions

specified
in Section 292 of the Act.

19. The following Article 159(a) has been replaced by the above new Article 159(a) pursuant to the Order dated March 7, 2002 received from the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

159.(a) All meetings of the Directors and the Committee shall be presided over by the Chairman. If at any meeting the Chairman is not present within fifteen minutes of the time appointed for holding the same, the Directors present shall choose one of the other ICICI Directors to be Chairman of such meeting.

²⁰ [(c)]

162. The Board shall not, except with the consent of the Company, in General Meeting:

- (a) Sell, lease or otherwise dispose of the whole or substantially the whole, of the undertaking of the Company or where the Company owns more than one undertaking of the whole or substantially the whole, of any such undertaking.
- (b) Remit or give time for the repayment of, any debt due by a Director.
- (c) Invest, otherwise than in trust securities, the amounts of compensation received by the Company in respect of the compulsory acquisition of any such undertaking
as is referred to in sub-article (a) or of any premises or properties used for any such undertaking and without which it cannot be carried on or can be carried on only with difficulty or only after a considerable time.

20. The following Article 161(c) has been deleted pursuant to the Order dated March 7, 2002 of the High Court of Gujarat at Ahmedabad in connection with the amalgamation of ICICI Limited, ICICI Capital Services Limited and ICICI Personal Financial Services Limited with ICICI Bank Limited

(c) Notwithstanding anything contained in sub-article (a) above, the following matters can be considered only at a meeting of the Board of Directors or Committee of Directors of the Company at which at least one ICICI Director is present, hereinafter referred to as the "Fundamental Matters". Resolutions on Fundamental Matters shall not be effective unless there is a favourable vote of the majority of ICICI Directors present at the meeting:

- (i) any decision to alter or amend or authorize additional business activities in which the Company may participate;

- might
- (ii) any amendment to the Memorandum or Articles of Association of the Company or any change in the authorized or issued share capital of the Company;
 - (iii) any merger involving the Company, any acquisition of property or asset by the Company or any significant sale of or other disposition by the Company of any property or asset, in either case, where the consequence thereof have a material effect on the income or financial position of the Company or any liquidation, dissolution or bankruptcy of the Company;
 - (iv) the establishment of any subsidiary, any significant sale or contribution or other disposition of property or asset to a subsidiary of the Company and the exercise by the Company of any shareholder's voting rights for shares of any subsidiary;
 - (v) any determination of maximum exposure limit with respect to categories of the Company's activities;
 - (vi) the selection and replacement of the Auditors of the Company, and
 - (vii) any determination of broad policies regarding staffing, employment and codes of conduct.
-

- already
- reserves
- within
- bills
- include
- which
- (d) Borrow moneys where the moneys to be borrowed together with the moneys borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) will exceed the aggregate of the paid-up capital of the Company and its free reserves, that is to say, not set apart for any specific purpose or;
 - (i) the expression "temporary loans" means loans repayable on demand or six months from the date of the loan or such higher term, discounting of and issues of other short-term loans of a seasonal nature, but does not loans raised for the purpose of financing expenditure of capital nature; and
 - (ii) accepting deposits by the Company shall not be considered as the Company having borrowed moneys for the purpose of this Article.
 - (e) Contribute to charitable and other funds not directly relating to the business of the Company or the welfare of its employees, any amounts the aggregate of will, in any financial year, exceed the prescribed limits.

163. All acts done by any meeting of the Board or of a Committee thereof or by any person acting as a Director, shall be valid notwithstanding that it may be afterwards discovered that the appointment of any one or more of such Directors or of any person acting as aforesaid, was invalid by reason of defect or disqualification or had terminated by

virtue

of any provision contained in the Act or these presents. Provided that nothing in this Article shall be deemed to give validity to acts done by a Director after his appointment

has been shown to the Company to be invalid or to have terminated.

164. No Resolution shall be deemed to have been duly passed by the Board or by a Committee

thereof by circulation, unless the Resolution has been circulated in draft, together with the necessary papers, if any, to all the Directors, or to all the Members of the Committee,

then in India (not being less in number than the quorum fixed for a meeting of the Board or Committee, as the case may be) and to all other Directors or Members, at their

usual address in India and has been approved by such of the Directors as are then in India or by a majority of such of them, as are entitled to vote on the Resolution.

165.(a) If the requirements as to the constitution of the Board as laid down in any of the said Acts are not fulfilled at any time, the Board shall reconstitute such Board so as to ensure that such requirements are fulfilled.

(b) If, for the purpose of reconstituting the Board under sub-article (a) above, it is necessary to retire any Director or Directors, the Board shall, by lots drawn at a Board Meeting, decide which Director or Directors shall cease to hold office and such decision shall be binding on every Director.

(c) Every Director, if he is appointed under any casual or other vacancy, shall hold office

until the date up to which his predecessor would have held office, if the election

had

not been held or, as the case may be, the appointment had not been made.

(d) No act or proceeding of the Board of Directors of the Company shall be invalid by reason only of any defect in the composition thereof or on the ground that it is

subsequently discovered that any of its Members did not fulfill the requirements of this Article.

POWERS OF DIRECTORS

166.(a) Subject to the provisions of the said Acts, the Board of Directors shall be entitled to exercise all such powers and to do all such acts and things, as the Company is authorised to exercise and do.

Provided that the Board shall not exercise any power to do any act or thing which is directed or required, by any act or by the Memorandum or Articles of the Company or otherwise, to be exercised or done by the Company in General Meeting.

any Act or in the Memorandum or Articles of the Company or in any regulations not inconsistent therewith and duly made thereunder including regulations made by the Company in General Meeting.

- (b) No regulation made by the Company in General Meeting shall invalidate any prior act of the Board which would have been valid if that regulation had not been made.

167. Without prejudice to the general powers conferred by the last preceding Article and the other powers conferred by these presents but subject, however, to the provisions of the Act, the Memorandum and these presents it is hereby expressly declared that the Directors shall have the following powers.

- (a) To pay the costs, charges and expenses preliminary and incidental to the promotion, formation, establishment and registration of the Company.

- (b) To have an Official Seal for use abroad.

- (c) To purchase or otherwise acquire for the Company any property rights or privileges

which the Company is authorized to acquire at such price and generally on such terms and conditions as they think fit.

- (d) At their discretion to pay for any property or rights or privileges acquired by or services rendered to the Company, either wholly or partially in cash or in shares, bonds, debentures, debenture stock or other securities of the Company and any such shares may be issued either as fully paid-up or with such amount credited as paid up thereon as may be agreed upon and any such bonds, debentures, debenture

stock or other securities may be either specifically charged upon all or any part of the property of the Company and its uncalled capital or not so charged.

- (e) To insure and keep insured against loss or damage by fire or otherwise for such period and to such extent as they may think proper all or any part of the buildings, machinery, goods, stores, produce and other movable property of the Company either separately or jointly; also to insure all or any portion of the goods, produce, machinery and other articles imported or exported by the Company and to sell, assign, surrender or discontinue any policies of assurance effected in pursuance of this power.

- (f) To open accounts with any bank or bankers or with any company, firm or individual and to pay money into and draw money from any such account from time to time as the Directors may think fit.

- (g) To the extent permissible under the said Acts, to secure the fulfilment of any contracts or engagements entered into by the Company by mortgage or charge of all or any of the property of the Company and its uncalled capital for the time being or in such other manner as they think fit.

- (h) To attach to any shares issued as the consideration or part of the consideration for any contract with or property acquired by the Company or in payment for

services

rendered to the Company, such conditions as to the transfer thereof as they think fit.

(i) To accept from any Member, on such terms and conditions as shall be agreed, a surrender of his shares or stock or any part thereof.

(j) To appoint any person or persons (whether incorporated or not) to accept and

hold in trust for the Company any property belonging to the Company or in which it is interested or for any other purposes and to execute and do all such

acts

and things as may be requisite in relation to any such trust and to provide for the remuneration of such trustee or trustees.

(k) To institute, conduct, defend, compound or abandon any legal proceedings by or against the Company or its officers or otherwise concerning the affairs of the Company and also to compound and allow time for payment or satisfaction of any debt due or of any claims or demands by or against the Company.

(l) To refer any claim or demand by or against the Company to arbitration and observe and perform the awards.

(m) To act on behalf of the Company in all matters relating to bankruptcy and insolvency.

(n) To make and give receipts, releases and other discharges for moneys payable to the Company and for the claims and demands of the Company.

(o) To determine from time to time who shall be entitled to sign on the Company's behalf bills, notes, receipts, acceptances, endorsements, cheques, dividend warrants, releases, contracts and documents.

(p) To invest and deal with any of the moneys of the Company whether or not immediately required for the purposes thereof, upon such securities and in such manner as they may think fit and from time to time to vary or realize such investments.

(q) To execute in the name and on behalf of the Company in favour of any Director or other person who may incur or be about to incur any personal liability for the benefit of the Company such mortgages of the Company's property (present and future) as they think fit and any such mortgage may contain a power of sale and such other powers, covenants and provisions as shall be agreed on.

(r) To give to any Director, officer or other person employed by the Company an interest in any particular business or transaction or otherwise or a share in the general profits of the Company and such interest, commission or share of profits shall be treated as a part of the working expenses of the Company.

Provided that the share of general profits of the Company payable to the Directors or to the officers of the Company or such other person shall not exceed in the aggregate a sum equivalent to three per cent of the net profits of the Company as determined in accordance with the provisions of Sections 349 and 350 of the Act.

Provided, further, that this limitation or restriction on the percentage of net profits shall not be applicable to any distribution of a general bonus to employees of the Company.

- (s) To provide for the welfare of employees or ex-employees of the Company or its predecessors in business and the spouse, widow or widower, father (including stepfather), mother (including stepmother), brother (including stepbrother), sister (including stepsister), son (including stepson), daughter (including stepdaughter), son's widow, daughter's widower, deceased son's children, deceased daughter's children or the dependents of such employees or ex-employees by building or contributing to the building of houses or dwellings or by grant of money, pensions, allowances, bonus or other payments or by building or contributing to the building of houses or dwelling or by creating and from time to time subscribing or contributing to provident funds and other associations, institutions, funds or trusts and by providing or subscribing or contributing towards other places of instruction and recreation, hospitals and dispensaries, medical and attendances and to subscribe or contribute to or otherwise assist charitable, benevolent, national and/or other institutions or objects.
- (t) Subject to the provisions of the Act and these presents to subscribe or guarantee money for any national, charitable, benevolent, public, general or useful object or for any exhibition or to any institution, club, society or fund.
- (u) The Directors may, before recommending any dividend, set aside out of the profits of the Company such sums as they may think proper for depreciation or to a Depreciation Fund or as reserve or to a Reserve Fund or Sinking Fund or any Special Fund to meet contingencies or to repay preference shares or debentures or for payment of dividends or for equalizing dividends or for repairing, improving, extending and maintaining any part of the property of the Company or for such other purposes as the Directors may, in their absolute discretion, think conducive to the interests of the Company; and the Directors may invest the several sums so set aside or so much thereof as required to be invested upon such investments (subject to the restrictions imposed by the Act) as the Directors may think fit and from time to time deal with and vary such investments and dispose of and apply and expend all or any part thereof for the benefit of the Company, in such manner and for such purposes as the Directors (subject to such restrictions as aforesaid), in their absolute discretion, think conducive to the interests of the Company notwithstanding that the matters to which the Directors apply or upon which they expend the same, or any part thereof may be matters to or upon which the capital moneys of the Company might rightly be applied or expended; and the Directors may divide the reserve or any fund into such special funds and transfer any sum from one fund to another as the Directors may think fit and may employ the assets constituting all or any of the above funds, including the Depreciation Fund, in the business of the Company or in the purchase or repayment of preference shares or debentures and that without being bound to keep the same separate from the other assets and without being bound to pay interest on the

to same, with power, however, to the Directors, at their discretion, to pay or allow
not the credit of such fund interest at such rate as the Directors may think proper,
exceeding five per cent per annum.

(v) To appoint and, at their discretion, remove or suspend such committee or
committees of experts, technicians or advisers or such manager(s), officer(s),
as clerk(s), employee(s) and agent(s) for permanent, temporary or special services
and they may from time to time think fit and to determine their powers and duties
fix their salaries and emoluments and require security in such instances and to
such amounts as they may think fit and also without prejudice as aforesaid from
time to time to provide for the management and transaction of the affairs of the
Company in any specified locality in India and the provisions contained in sub-
articles (y) and (z) of this Article following shall be without prejudice to the
general powers conferred by this sub-article.

(w) To comply with the requirements of any local law which, in their opinion, it
shall, in the interest of the Company, be necessary or expedient to comply with.

(x) From time to time and at any time to establish any Local Board for managing any
of the affairs of the Company in any specified locality in India or elsewhere and
to appoint any persons to be members of any Local Boards and to fix their
remuneration. And from time to time and at any time, but subject to the
provisions of Section 292 of the Act and these presents to delegate to any person so
appointed

any of the powers, authorities and discretions for the time being vested in the
Directors and to authorize the members for the time being of any such Local
Board or any of them to fill up any vacancies therein and to act notwithstanding
vacancies and any such appointment or delegation may be made on such terms
and subject to such conditions as the Directors may think fit and the Directors
may at any time remove any person so appointed and may annul or vary any

such delegation. Any such delegate may be authorized by the directors to subdelegate
all or any of the powers, authorities and discretions, for the time being, vested in
them.

(y) At any time and from time to time but subject to the provisions of Section 292
of the Act and these presents by Power of Attorney to appoint any person or
persons

to be the attorney or attorneys of the Company for such purposes and with such
powers, authorities and discretions (not exceeding those vested in or exercisable
by the Directors under these presents) and for such period and subject to such
conditions as the Directors may from time to time think fit and any such
appointment (if the Directors think fit) may be made in favour of the members or
any of the members of any Local Board established as aforesaid or in favour of
any company or the Members, Directors, nominees or managers of any company
or firm or otherwise in favour of any fluctuating body or any persons whatsoever

whether nominated directly or indirectly by the Directors and any such Power of Attorney may contain such powers for the protection or convenience of persons dealing with such attorneys as the Directors may think fit.

(z) Subject to the provisions of the Act and these presents, to delegate the powers, authorities and discretions vested in the Directors to any person, firm, company or fluctuating body of persons as aforesaid.

(aa) Any such delegate or attorney as aforesaid may be authorized by the Directors to subdelegate all or any of the powers, authorities and discretions for the time being vested in him.

(ab) Subject to the provisions of the Act, to enter into all such negotiations and contracts

and rescind and vary all such contracts and execute and do all such acts, deeds and things in the name and on behalf of the Company as they may consider expedient for or in relation to any of the matters aforesaid or otherwise for the purposes of the Company.

(ac) Subject to the provisions of the Act, to give in the name and on behalf of the Company such indemnities and guarantees as may be necessary.

(ad) From time to time to make, vary and repeal any by-law, regulations and other rules, guidelines or instructions for regulating the business of the Company, its officials, the employees and other persons having dealings with the Company.

168. The Directors shall comply with the provisions of Sections 159, 295, 297, 299, 303, 305, 307 and 308 of the Act.

MINUTES

169. The Company shall cause Minutes of all proceedings of every meeting of the Board of Directors and all Committees of the Board to be duly entered in a book or books for that

purpose maintained in such form and manner as may be permitted in law from time to time, including but not limited to loose leaf volumes. The Minutes shall contain:

(i) a fair and correct summary of the proceedings at the Meeting;

(ii) the names of the Directors present at the meeting of the Board of Directors or of any Committee of the Board;

(iii) all decisions taken by the Board and Committee of the Board and all appointments

of officers and Committee of Directors;

(iv) all resolutions and proceedings of meetings of the Board and the Committees of the Board; and

(v) in the case of each resolution passed at a meeting of the Board or Committee of the Board, the names of the Directors, if any, dissenting from or not concurring in the Resolution.

170. Any Minutes of any meeting of the Board or of any Committee of the Board, shall be signed by the Chairman of such meeting or by the Chairman of the next succeeding meeting and such Minutes shall for all purposes whatsoever be prima facie evidence

of

the actual passing of the resolutions recorded and the actual and regular transaction

or

occurrence of the proceedings so recorded and of the regularity of the meeting at which the same shall appear to have taken place.

THE SEAL

171.(a) The Directors shall provide a Common Seal for the purpose of the Company and shall have power from time to time to destroy the same and substitute a new Seal

in lieu thereof and the Directors shall provide for the safe custody of the Seal.

(b) The Seal of the Company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a Committee of the Board authorized by it in that behalf and except in the presence of at least one Director and the Secretary or such other person as the Board may appoint for the purpose and the said Director and the Secretary or such other person as aforesaid shall sign every instrument to which the Seal of the Company is so affixed in their presence.

ESTABLISHMENT OF RESERVE FUND

172.The Company shall create a Reserve Fund and shall, out of the balance of profit of each

year as disclosed in the Profit and Loss Account and before any dividend is declared, transfer to the Reserve Fund equivalent to not less than 20 per cent of such profit or such other percentage as may be notified by any Regulatory Agency.

DIVIDENDS

173.The profits of the Company, subject to the provisions of the Act, the Memorandum and

these presents, shall be divisible among the Members in proportion to the amount of capital paid-up on the shares held by them, respectively.

174. Where capital is paid up in advance of calls upon the footing that the same shall carry

interest such capital shall not, whilst carrying interest, confer a right to dividend or to participate in profits.

175. The Company may pay dividends in proportion to the amount paid up or credited as

paid up on each share where a larger amount is paid up or credited as paid up on some

shares than on others.

176.(a) The Company, before declaring any dividend on its shares for each year, shall transfer to Reserve Fund an amount specified in these presents and required by

or

under any directions issued under the said Acts and shall also completely write off all its capitalized expenses (including preliminary expenses, share selling commission, brokerage, amount of losses incurred and any other item of expenditure not represented by tangible assets).

(b) Provided, however, that the Company may pay dividends on its shares without writing off:

(i) the depreciation, if any, in the values of its investments in approved securities

in any case where such depreciation has not actually been capitalized or otherwise accounted for as a *loss*;

- (ii) the depreciation, if any, in the value of its investments in shares, debentures or bonds (other than approved securities) in any case where adequate provision for such depreciation has been made to the satisfaction of the Company; and
- (iii) the bad debts, if any, in any case where adequate provision for such debts has been made to the satisfaction of the Auditors of the Company.

177. The Company in General Meeting may, subject to the provisions of the said Acts, declare

a dividend to be paid to the Members according to their respective rights and interests in the profits and may fix the time for payment.

178. No larger dividend shall be declared than is recommended by the Directors but the

Company in General Meeting may declare a smaller dividend. Subject to the provisions

of Section 205 of the Act, no dividend shall be payable except out of the profits of the

year or any other undistributed profits. The declaration of the Directors as to the amount

of the net profits of the Company shall be conclusive.

179. Subject to the provisions of the said Acts and these presents, the Directors may from

time to time pay to the Members such interim dividends as in their judgement the position of the Company justifies. Such interim dividend may be declared at any time and shall be set off against the final dividend for the relevant period.

180. Subject to the provisions of the said Acts, the Directors may retain the dividends payable

in respect of which any person is, under the Transmission Clause, entitled to become a

Member or which any person under that Clause is entitled to transfer until such person

shall become a Member in respect of such shares or shall duly transfer the same.

181. Subject to the provisions of the said Acts, no Member shall be entitled to receive payment

of any interest or dividend in respect of his share or shares whilst any money may be due or owing from him to the Company in respect of such share or shares or otherwise

howsoever either alone or jointly with any other person or persons and the Directors may deduct from the interest or dividend payable to any Member all sums of money so

due from him to the Company.

182. Where any instrument of transfer of shares has been delivered to the Company for

registration and the transfer of such shares has not been registered by the Company, it

shall, notwithstanding anything contained in any other provision of the Act.

- (a) Transfer the dividend in relation to such shares to the special account referred to in Section 205A of the Act unless the Company is authorized by the registered holder of such shares in writing to pay such dividend to the transferee specified in such instrument of transfer; and
 - (b) Keep in abeyance in relation to such shares any offer of rights shares under clause
 - (a) of sub-section (1) of Section 81 and any issue of fully paid-up bonus shares in pursuance of sub-section (3) of Section 205 of the Act.
183. Unless otherwise directed, any dividend may be paid by cheque or warrant sent through the post to the registered address of the Member or person entitled thereto or, in case of joint-holders, to that one of them first named in the Register in respect of the joint-holding. Every such cheque shall be made payable to the order of the person to whom it is sent. The Company shall not be liable or responsible for any cheque or warrant lost in transmission or for any dividend lost by the Member or person entitled thereto by the forged endorsement of any cheque or warrant or the fraudulent or improper recovery thereof by any other means.
- 184.(a) Subject to the provisions of Section 205A of the Act, if the Company has declared a dividend but which has not been paid or claimed within 42 days from the date of declaration to any shareholder entitled to the payment of the dividend, the Company shall, within seven days from the date of expiry of the said period of 42 days, transfer the total amount of dividend which remains unpaid or unclaimed within the said period of 42 days to a special account in that behalf in any scheduled bank called the "Unpaid Dividend Account of ICICI Banking Corporation Limited."
- (b) Any money transferred to the Unpaid Dividend Account of the Company which remains unpaid or unclaimed for a period of three years from the date of such transfer, shall be transferred by the Company to the general revenue account of the Central Government. A claim to any money so transferred to the general revenue account may be preferred to the Central Government by the shareholders to whom the money is due. No unclaimed dividend shall be forfeited till the claim thereto becomes barred by law.
185. Any General Meeting declaring a dividend may make a call on the Members in respect of moneys unpaid on shares for such amount as the meeting fixes but so that the call on each Member shall not exceed the dividend payable to him and so that the call be made payable at the same time as the dividend and the dividend may, if so arranged between the Company and the Members, be set off against the call.
186. No dividend shall be payable except in cash.

Provided that nothing in this Article shall be deemed to prohibit the capitalization of profits or reserves of the Company for the purpose of issuing fully paid-up bonus shares or paying up any amount for the time being unpaid on any shares held by the Members of the Company.

CAPITALIZATION

187. Any General Meeting may resolve that any moneys, investments or other assets forming

part of the undivided profits standing to the credit of the reserve or Reserve Fund or any

other fund of the Company or in the hands of the Company and available for dividend or representing premiums received on the issue of shares and standing to the credit of the share premium account be capitalized.

(i) by the issue and distribution as fully paid-up shares, debentures, debenture stock,

bonds or other obligations of the Company; or

(ii) by crediting shares of the Company which may have been issued to and are not fully paid up, with the whole or any part of the sum remaining unpaid thereon.

Such issue and distribution under (i) above and such payment to the credit of unpaid share capital under (ii) above shall be made to, among and in favour of the Members or

any class of them or any of them entitled thereto and in accordance with their respective

rights and interest and in proportion to the amount of capital paid up on the shares held

by them, respectively, in respect of which such distribution under (i) or payment under (ii) above shall be made on the footing that such Members become entitled thereto as capital. The Directors shall give effect to any such resolution and apply such portion of

the profits or reserve or Reserve Fund or any other fund on account as aforesaid as may

be required for the purpose of making payment in full for the shares, debentures or debenture stock, bonds or other obligations of the Company so distributed under (i) above or (as the case may be) for the purpose of paying, in whole or in part, the amount

remaining unpaid on the shares which may have been issued and are not fully paid up under (ii) above.

Provided that no such distribution or payment shall be made unless recommended

by the Directors and, if so recommended, such distribution and payment shall be accepted by such Members as aforesaid in full satisfaction of their interest in the said capitalized sum.

For the purpose of giving effect to any such resolution, the Directors may settle any difficulty which may arise in regard to the distribution or payment as aforesaid as they think expedient and, in particular, they may issue fractional certificates and may fix the

value for distribution of any specific assets and may determine that cash payments be made to any Members on the footing of the value so fixed and may vest any such

cash,
shares, debentures, debenture stock, bonds or other obligations in trustees upon such trusts for the persons entitled thereto as may seem expedient to the Directors and generally
may make such arrangements for the acceptance, allotment and sale of such shares, debentures, debenture stock, bonds or other obligations and fractional certificates or otherwise as they may think fit. Subject to the provisions of the Act and these presents,
in cases where some of the shares of the Company are fully paid and others are partly paid, only such capitalization may be effected by the distribution of further shares in respect of the fully paid shares and by crediting the partly paid shares with the whole or
part of the unpaid liability thereon but so that as between the holders of the fully paid shares and the partly paid shares the sums so applied in the payment of such further shares and in the extinguishment or diminution of the liability on the partly paid shares shall be so applied *pro rata* in proportion to the amount then already paid or credited as
paid on the existing fully paid and partly paid shares, respectively. When deemed requisite a proper contract shall be filed in accordance with the Act and the Board may
appoint any person to sign such contract on behalf of the holders of the shares of the Company which shall have been issued prior to such capitalization and such appointment
shall be effective.

ACCOUNTS

- 188.(a) The Directors shall cause true accounts to be kept of:
- (i) all sums of money received and expended by the Company and the matters in respect of which such receipt and expenditure take place;
 - (ii) all sales and purchases of goods by the Company; and
 - (iii) the assets, credits and liabilities of the Company and generally of all its commercial, financial and other affairs, transactions and engagements and of all other matters, necessary for showing the true financial state and condition of the Company and the accounts shall be kept in English in such manner as the Directors may deem fit; and the books of accounts shall be kept at the Office and/or at such other place or places in India as the Directors think fit and shall be open to inspection by any of the Directors and such other persons authorized under the Act during business hours.
- (b) If the Company shall have a branch office, whether in or outside India, proper books of account relating to the transactions effected at the office shall be kept at
that office and proper summarized returns, made up-to-date at intervals of not more than three months, shall be sent by the branch office to the Company at its Registered Office or other place in India as the Board thinks fit, where the main books of the Company are kept.

189. Once at least in every calendar year the Directors shall lay before the Company in Annual General Meeting a Profit and Loss Account for financial year of the Company

immediately preceding the financial year in which such meeting is held and a Balance Sheet containing a summary of the assets and liabilities of the Company made up as at the end of the last working day of that financial year or in case where an extension of time has been granted for holding the meeting up to such extended time and every such Balance Sheet, shall as required by Section 217 of the Act, be accompanied by a report (to be attached thereto) of the Directors as to the state and condition of the Company and as to the amount (if any) which they recommend to be paid out of the profits by way of dividend and the amount (if any) set aside by them for the Reserve Fund, general reserve or Reserve Account shown specifically in the Balance Sheet or to be shown specifically in a subsequent Balance Sheet.

190. Every Balance Sheet and Profit and Loss Account of the Company shall give a true and fair view of the state of affairs of the Company or its branch office and shall, subject to the provisions of Section 211 of the Act and to the extent they are not inconsistent with the Act, be in the forms set out in the Third Schedule of the Banking Act or as near thereto as circumstances admit.

191. The Balance Sheet and the Profit and Loss Account shall be signed by at least three Directors, one of whom shall be a Managing Director or when only one Director is for the time being in India, by such Director and by the Manager or Secretary. The Balance Sheet and the Profit and Loss Account shall be approved by the Board of Directors before they are signed on behalf of the Board in accordance with provisions of this Article and before they are submitted to the Auditors for their Report thereon. The Auditors' Report shall be attached to the Balance Sheet and the Profit and Loss Account

or there shall be inserted at the foot of the Balance Sheet and the Profit and Loss Account a reference to the Report. A copy of such Balance Sheet and the Profit and Loss Account so audited together with a copy of the Auditors' Report and every other document required by law to be annexed or attached to the Balance Sheet shall not less than 21 days before the meeting at which the same are to be laid before the Members of the Company, be subject to the provisions of Section 219 of the Act, sent to every trustee for the holders of any debenture and to all persons other than such Members or Trustees, being so entitled.

192. After the Balance Sheet and Profit and Loss Account have been laid before the Company at a General Meeting, three copies thereof signed by the Managing Director, the Manager or Secretary or if there be none of these by a Director of the Company shall be filed

with

the Registrar together with the requisite returns in accordance with the requirements of Sections 159 and 161 of the Act.

AUDIT

193. At least once in every year, the accounts of the Company shall be balanced and audited

and the correctness of the Profit and Loss Account and Balance Sheet ascertained by one or more Auditor or Auditors to be appointed as required by the said Acts.

194. The Company, at each Annual General Meeting, shall appoint an Auditor or Auditors to

hold office from the conclusion of that meeting until the conclusion of the next Annual General Meeting. The appointment and the removal of Auditors and the person who may be appointed as Auditors shall be as provided in Sections 224, 224A, 225 and 226

of the Act and the relevant provisions of the Banking Regulation Act, 1949.

195. The audit of the branch office, if any, of the Company shall be by and in the manner provided by Section 228 of the Act.

196. The remuneration of the Auditors of the Company shall be fixed by the Company in General Meeting or by the Board of Directors, if so authorized by the Company in General Meeting except that the remuneration of any Auditors appointed to fill any casual vacancy, may be fixed by the Directors and where his appointment has been made by the Central Government, pursuant to Article 194, may be fixed by the

Central

Government.

197. Every Auditor of the Company shall have a right of access at all times to the books and

accounts and vouchers of the Company and shall be entitled to require from the Directors

and officers of the Company such information and explanations as may be necessary for

the performance of the duties of the Auditors and the Auditors shall make a Report to the shareholders on the accounts examined by them and on every Balance Sheet and Profit and Loss Account and every other document declared by the Act to be part of or

annexed to the Balance Sheet or Profit and Loss Account which are laid before the Company in General Meeting during their tenure of office and the Report shall state whether in their opinion and to the best of their information and according to the explanations given to them the said accounts give the information required by the said Acts in the manner so required and give a true and fair view:

(a) in the case of the Balance Sheet, of the state of the Company's affairs as at the end of its financial year, and

(b) in the case of the Profit and Loss Account, of the profit or loss for financial year. The Auditors' Report shall also state:

(i) Whether they had obtained all the information and explanations which to the best of their knowledge and belief were necessary for the purpose of their audit;

(ii) Whether, in their opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from the examination of those

books and proper returns adequate for the purpose of their audit have been received from the branches not visited by them; and

(iii) Whether the Company's Balance Sheet and Profit and Loss Account dealt with by the Report are in agreement with the books of accounts and returns.

Where any of the matters referred to in items (i) and (ii) aforesaid are answered in the negative or with a qualification, the Auditors' Report shall state the reason for the same. The Auditors' Report shall be attached to the Balance Sheet and Profit and Loss Account or set out at the foot thereof and such Report shall be read before the Company in General Meeting and shall be open to inspection by any member of the Company.

198. All notices of and other communications relating to any General Meeting of a Company

which any Member of the Company is entitled to have sent to him shall also be forwarded

to the Auditors of the Company; and the Auditors shall be entitled to attend any General

Meeting and to be heard at any General Meeting which they attend on any part of the business which concerns them as Auditors.

199. In additions to the matter which under the preceding Article the Auditor is required to state in his Report, he shall also state in his Report:

(i) whether or not the information and explanations required by him have been found

to be satisfactory;

(ii) whether or not the transactions of the Company which have come to his notice have been within the powers of the Company;

(iii) whether or not the returns received from branch offices of the Company have been found adequate for the purposes of his audit;

(iv) whether the Profit and Loss Account shows a true balance (profit or loss) for the period covered by such accounts;

(v) any other matter which he considers should be brought to the notice of the shareholders of the Company.

200. Where any of the matters referred to in the Act hereof is answered in the negative or with a qualification, the Auditors' Report shall state the reason for the answer.

201. The accounts of the Company shall not be deemed as not having been and the Auditors'

Report shall not state that those accounts have not been properly drawn up on the ground merely that the Company has not disclosed certain matters if:

(i) those matters are such as the Company is not required to disclose by virtue of any

provisions contained in the said Acts; and

(ii) those provisions are specified in the Balance Sheet and Profit and Loss Account of the Company.

202. Every account, when audited and approved by a General Meeting, shall be conclusive except as regards any error discovered therein within three months after the approval thereof. Whenever any such error is discovered within that period, the account shall forthwith be corrected and henceforth shall be conclusive.

NOTICES

203 (a) A notice (which expression for the purposes of these presents shall be deemed to include and shall include any summon, notice, process, order, judgement or any other document in relation to or in the winding up of the Company) may be given by the Company to any Member either personally or by sending it by post to him to his registered address or if he has no registered address in India to the address, if any, within India supplied by him to the Company for the giving of notices to him.

(b) Where a notice is sent by post, the service of such notice shall be deemed to be effected by properly addressing, pre-paying and posting a letter containing the notice.

Provided that where a Member has intimated to the Company in advance that documents should be sent to him under a certificate of posting or by registered post with or without acknowledgement due and has deposited with the Company a sum sufficient to defray the expenses of doing so,

service

of the document or notice shall not be deemed to be effected unless it is

sent

in the manner intimated by the Member.

204. If a Member has no registered address in India and has not supplied to the Company an

address within India for the giving of notices to him a notice advertised in a newspaper

circulating in the neighbourhood of the Registered Office shall be deemed to be duly given to him on the day on which the advertisement appears.

205. A notice may be given by the Company to the persons entitled to a share in consequence

of the death or insolvency of a Member by sending it through the post in a pre-paid letter addressed to them by name or by the title of representatives of the deceased or assignee of the insolvent or by any like description at the address (if any) in India supplied for the purpose by the persons claiming to be so entitled or (until such an address has been so supplied) by giving the notice in any manner in which the same might have been given if the death or insolvency had not occurred.

206. Subject to the provisions of the Act and these presents, notice of every General Meeting

shall be given in any manner hereinbefore authorized to:

- (i) every Member of the Company;
- (ii) every person entitled to a share in consequence of the death or insolvency of a Member who, but for his death or insolvency, would be entitled to receive notice of the Meeting; and
- (iii) the Auditor or Auditors of the Company.

207. Any notice to be given by the Company shall be signed by the Secretary or by such Director or officer as the Directors may appoint. Such signature may be written, printed or lithographed.

208. Every person who, by operation of law, transfer or other means whatsoever, shall become

entitled to any share, shall be bound by every notice in respect of such share, which previously to his name and address and title to the share being notified to the Company,

shall have been duly given to the person from whom he derives his title to such share.

209. Subject to the provisions of the Act and these presents, any notice given in pursuance of

these presents or document delivered or sent by post to or left at the registered address

of any Member or at the address given by him in pursuance of these presents shall notwithstanding such Member be then deceased and whether or not the Company have

notice of his decease, be deemed to have been duly served in respect of any registered

share, whether held solely or jointly with other persons by such Member until some other person be registered in his stead as the holder or the joint-holder thereof and such

service shall, for all purposes of these presents, be deemed sufficient service of such notice or document on his or her heirs, executors or administrators and all persons, if any, jointly interested with him or her in any such share.

WINDING UP

210. For winding up of the Company, the provisions contained in the Banking Act will apply and the provisions of the Act will also apply to the extent to which they are not varied or inconsistent with the Banking Act.

211. If the Company shall be wound up and the assets available for distribution among the Members as such shall be insufficient to repay the whole of the paid-up capital, such assets shall be distributed so that, as nearly as may be, the losses shall be borne by the

Members in proportion to the capital paid up, or which ought to have been paid up, at the commencement of the winding up, on the shares held by them, respectively. And if

in a winding up, the assets available for distribution among the Members shall be more

than sufficient to repay the whole of the capital paid up at the commencement of the winding up, the excess shall be distributed amongst the Members in proportion to the capital, at the commencement of the winding up, paid up or which ought to have been

paid up on the shares held by them, respectively. But this Article is to be without prejudice to the rights of the holders of shares issued upon special terms and conditions.

212. (a) If the Company shall be wound up whether voluntarily or otherwise, the liquidators

may, with the sanction of a Special Resolution and any other sanction required

by the Act, divide amongst the contributories in specie or kind, the whole or any part of the assets of the Company and may, with like sanction, vest the whole or any part of the assets of the 'Company in trustees upon such trusts for the benefit

of the contributories or any of them, as the liquidators with the like sanction shall think fit.

- (b) If thought expedient any such distribution may subject to the provisions of the Act, the Memorandum and these presents, be otherwise than in accordance with the legal rights of the contributories and in particular any class may be given preference or special rights or may be excluded altogether or in part but in case any distribution otherwise than in accordance with the legal rights of the contributories shall be determined on, any contributory who would be prejudiced thereby shall have a right to dissent and ancillary rights as if such determination were a Special Resolution passed pursuant to Section 494 of the Act.

(c) In case any share to be divided as aforesaid involve a liability to calls or otherwise

any person entitled under such division to any of the said share may within 10 days

after the passing of the Special Resolution by notice in writing direct the liquidators

to sell his portion and pay him the net proceeds and the liquidators shall, if practicable, act accordingly.

213.A Special Resolution sanctioning a sale to any other company duly passed pursuant to Section 494 of the Act may, in like manner, as aforesaid determine that any shares or other consideration receivable by the liquidators be distributed amongst the Members otherwise than in accordance with their existing rights and any such determination shall be binding upon all the Members subject to the rights of dissent and consequential

rights conferred by the said Section.

SECRECY CLAUSE

214.No Member shall be entitled to require discovery of or any information respecting any detail of the Company's trading or any matter which may be in the nature of a trade secret, mystery of trade or secret process which may relate to the conduct of the business

of the Company and which, in the opinion of the Directors, will be inexpedient in the interest of the Company to communicate the same.

INDEMNITY AND RESPONSIBILITY

215.(a) Subject to the provisions of Section 201 of the Act, every Director of the Company,

officer (whether Managing Director, Manager, Secretary or other officer) or employee or any person employed by the Company as Auditor shall be indemnified

by the Company against and it shall be the duty of the Directors out of the funds of the

Company to pay all costs, losses and expenses (including travelling expenses) which

any such Director, officer, other employee, or Auditor may incur or become liable

to _____ by
reason of any contract entered into or act or deed done by him as such Director,
officer,
other employee or Auditor or in any way in the discharge of his duties.

(b) Subject as aforesaid every Director, officer, other employee or Auditor of the
Company shall be indemnified against any liability incurred by him in defending
any proceedings whether civil or criminal, in which judgement is given in his
favour or in which he is acquitted or discharged in connection with any
application
under Section 633 of the Act in which relief is granted to him by the court.

***EMPLOYEES STOCK OPTION
SCHEME - 2000***

ICICI BANK EMPLOYEES STOCK OPTION SCHEME - 2000

Section I: Short title, extent and commencement

1. This Scheme may be called ICICI Bank Employees Stock Option Scheme - 2000.
2. It applies only to Eligible Employees.

Section II: Objectives

The objectives of the Scheme are:

- a) to enhance employee motivation;
- b) to enable employees to participate in the long term growth and financial success of the Bank; and
- c) to act as a retention mechanism, by enabling employee participation in the business as an active stakeholder to usher in an 'owner-manager' culture.

Section III: Definitions

1. As used in this Scheme, the following terms shall have the meanings set forth below :
 - a. **"Award Confirmation"** means a written communication by the Bank to a Participant, evidencing grant of Options.
 - b. **"Cause"** means (i) act of willful or gross misconduct or neglect (ii) the commission of felony, fraud, misappropriation, embezzlement, breach of trust or an offence involving moral turpitude, (iii) gross or willful insubordination or (iv) any other act detrimental to the interest of the Bank.
 - c. **"Committee"** means a committee of the Board of Directors of the Bank consisting of a majority of Independent Directors as the Board of Directors of the Bank may constitute from time to time to administer the Scheme.
 - d. **"Bank"** means ICICI Bank Limited (ICICI Bank) and its successors or its Subsidiary or Holding Company, as the context may require or admit.

- e. **"Eligible Employee"** means permanent employee or a director of the Bank or of a Subsidiary or a Holding Company.
- f. **"Exercise Period"** means the period commencing from the date of vesting of Options and ending on the later of (i) the tenth anniversary of the date of grant of Options or (ii) the fifth anniversary of the date of vesting of Options.
- g. **"Exercise Price"** means the price payable by the Participant for exercising the Options granted to him.
- h. **"Holding Company"** means a holding company of ICICI Bank, hereafter existing, within the meaning of Section 4 of the Companies Act, 1956.
- i. **"Independent Director"** means a director of the Bank, not being a whole time director of the Bank.
- j. **"Option"** means a right but not an obligation granted to a Participant to apply for a specified number of Shares at a pre - determined price during the Exercise Period subject to the conditions of the Scheme.
- k. **"Participant"** means an Eligible Employee selected by the Committee and to whom an Option is granted, or the Successors of the Participant, as the context so requires.
- l. **"Person"** means an individual, company, partnership, association, trust, unincorporated organisation, government or political subdivision thereof or any other entity.
- m. **"Scheme"** means this Scheme.
- n. **"Shares"** mean the equity shares of the Bank or such other securities, as may be designated by the Committee from time to time.
- o. **"Subsidiary"** means a subsidiary company of ICICI Bank, whether now or hereafter existing, within the meaning of Section 4 of the Companies Act, 1956.
- p. **"Successors"** of a Participant means the legal heirs and/or legal representatives of a deceased Participant.
- q. **"Vesting Confirmation"** means a written communication by the Bank to a Participant, evidencing vesting of Options.
- r. **"Vesting Criteria"** means criteria as may be stipulated by the Committee for vesting of Options.
- s. **"Vesting Period"** means the period during which the vesting of the Options granted to a Participant can take place.

2. In the Scheme, unless the contrary intention appears:
 - (a) a reference to "law" includes the constitution, any statute, law rule, regulation, ordinance, judgement, order, decree, authorisation, or any published directive, guideline, requirement or governmental restriction having the force of law, or any determination by, or interpretation of any of the foregoing by, any judicial authority or administrative authority, whether in effect as of the date of the Scheme or thereafter and each as amended from time to time;
 - (b) reference to a gender shall include references to the female, male and neuter genders; and
 - (c) the singular includes the plural (and vice versa).
3. Words and expressions unless defined herein shall have the same meaning as have been assigned to them under the Companies Act, 1956 or the Securities and Exchange Board of India Act, 1992.

Section IV: Shares subject to the Scheme

1. The maximum number of Options granted to any Eligible Employee in a financial year shall not exceed 0.05% of the issued equity shares of the Bank at the time of grant of the Options and the aggregate of all such Options granted to all the Eligible Employees shall not exceed five percent of the aggregate number of issued equity shares of the Bank as on March 31, 2000.
2. The Options granted but not vested and the Options vested but not exercised in accordance with the Scheme or the Award Confirmation or the Vesting Confirmation shall terminate and the Shares covered by such terminated Options shall become available for future grant under the Scheme.

Section V: Administration of the Scheme

1. The Scheme shall be administered by the Committee. A member of the Committee to whom the matter under the Scheme specifically relates shall not vote on such matter.
2. Unless otherwise expressly provided in the Scheme or applicable law, all decisions, determinations and interpretations with respect to, connected with, arising out of or in relation to the Scheme or Award Confirmation or Vesting Confirmation shall be within the sole discretion of the Committee, may be made at any time and shall be final, conclusive and binding upon all Persons including the Bank, any Participants, shareholders and any employees.

3. Unless otherwise expressly provided in the Scheme or applicable law, the Scheme shall also be applicable to employees and Directors of the Subsidiaries and Holding Company.

Section VI: Powers of the Committee

1. Subject to the provisions of the Scheme and applicable law and in addition to the other express powers and authorisations conferred by the Scheme, the Committee shall have full power and authority to :
 - a. determine, from time to time, eligibility of employees to participate in the Scheme;
 - b. determine the number of Shares subject to each Option;
 - c. determine the minimum and maximum number of Options to be granted under the Scheme per Participant and in aggregate;
 - d. prescribe the Vesting Period and Vesting Criteria;
 - e. prescribe the conditions under which the Options vested in the Participant may lapse (including in case of termination);
 - f. prescribe the Exercise Period within which the Participant should exercise the vested Options in the event of termination or resignation of the Participant;
 - g. prescribe whether the Options vested in a Participant are exercisable at one time or at various points of time within the Exercise Period;
 - h. prescribe the conditions and procedure for the grant, vest and exercise of Options by Participants including Participants who are on long leave, training or otherwise indisposed;
 - i. prescribe, if deemed appropriate and necessary, the procedure for cashless exercise of Options;
 - j. establish, amend, suspend or waive such rules and regulations as it shall deem appropriate for the proper administration of the Scheme;
 - k. Interpret any matter with respect to, connected with, arising out of or in relation to the Scheme, the Award Confirmation and the Vesting Confirmation;
 - l. Appoint such agents as it shall deem necessary for the proper administration of the Scheme;

- m. determines or impose other conditions to the grant or exercise of Options under the Scheme as it may deem appropriate;
- n. make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Scheme;
- o. frame suitable policies and systems to ensure that there is no violation of:
 - i. Securities and Exchange Board of India (Insider Trading) Regulations, 1992; and
 - ii. Securities and Exchange Board of India (Prohibition of Fraudulent and Unfair Trade Practices relating to the Securities Market) Regulations, 1995;

by any employee.

Section VII: Eligibility for grant of Options

1. The Committee shall have the sole authority to designate any Eligible Employee as Participant.
2. In determining the Eligible Employee to receive an Option as well as in determining the number of Options to be granted to a Participant, the Committee may consider the position and responsibilities of the Eligible Employee, the nature and value to the Bank of the Eligible Employee's services and accomplishments whether direct or indirect, length of service, grade, performance, merit, present and potential contribution and conduct of the Eligible Employee and such other factors as the Committee may deem relevant.

Section VIII : Vesting of Option

1. The Options granted to the Participant may vest at one time or at various points of time as stipulated in the Award Confirmation. Provided, however, there shall be a minimum period of one year between the grant of Options and vesting of Options. Unless earlier vested, expired, forfeited or otherwise terminated, each Option shall expire in its entirety upon the third anniversary of the date of grant of Option.
2. No Option or any part thereof shall vest :
 - a) if the Participant does not fulfill Vesting Criteria as stipulated in the Award Confirmation; or
 - b) if the Participant's employment is terminated by the Bank for Cause; or

- c) if the Participant voluntarily terminates employment with the Bank other than on account of death, retirement, or permanent disability,

and the Options to the extent not already vested shall lapse and stand terminated and expired forthwith.

- 3. If the Participant's employment terminates due to death or permanent disability, whole of the Options shall immediately vest in the Participant's Successors, or the Participant, as the case maybe.
- 4. If the Participant's employment terminates due to retirement (including pursuant to any early / voluntary retirement scheme), the whole of the Options shall vest, on the expiry of one year from the date of grant of Options, in the Participant. Provided however that in the event of death or permanent disability of the Participant after retirement but before vesting of Options, the whole of the Options shall immediately vest in the Participant's Successors or the Participant as the case may be.

Section IX : Exercise Price

The Exercise Price shall be determined by the Committee on the date the Option is granted and shall be reflected in the Award Confirmation. The method of payment of Exercise Price shall be, determined by the Committee (including by any one or more of the following methods of payment).

- a. Cash
- b. Cheque
- c. Promissory Note
- d. Cash-less exercise programme

Section X: Exercise of Options

- 1. Subject to vesting and other restrictions provided for hereunder or otherwise imposed in accordance herewith, the Participant or Participant's Successors, as the case may be, may exercise the Options by the payment of Exercise Price in full at such time as may be notified during the Exercise Period.
- 2. Unless earlier exercised, expired, forfeited or otherwise terminated, each vested Option, if not exercised during the Exercise Period shall lapse and stand terminated and expired forthwith.
- 3. If the Participant's employment is terminated by the Bank for the Cause the Participant's vested Options, to the extent then

unexercised, shall thereupon cease to be exercisable and shall lapse and stand terminated and expired forthwith.

4. If the Participant voluntarily terminates employment with the Company other than on account of death, retirement, or permanent disability, the vested Options, to the extent then unexercised, shall be exercised by the payment of Exercise Price in full within a period of three months from the date of termination , which period shall be deemed to be the Exercise Period.
5. If the Participant's employment is terminated due to death, retirement (including pursuant to any early /voluntary retirement scheme) or permanent disability, the vested Option, shall be exercised by the payment of Exercise Price in full at such time as may be notified during the Exercise Period.
6. Upon receipt of the notice for exercise of the Options (in the form prescribed) and the payment of Exercise Price in a form and manner as may be stipulated by the Committee, the Bank shall issue and allot Shares to the Participant.

Section XI : General Terms And Conditions

1. The Committee may at any time amend, discontinue or terminate the Scheme or any part or portion thereof at any time. Provided that any such amendment, discontinuation or termination that would impair the rights of or is detrimental to the interests of the Participant shall not, to that extent, be effective without the consent of the affected Participant.
2. Participation in the Scheme shall not constitute or be construed as a guarantee by the Bank of return on the Shares of the Bank. Any loss/potential loss due to fluctuations in the market price of the Shares or on any other account whatsoever, and the risks associated with such investments will be that of the Participant alone and not of the Bank.
3. This Scheme shall be subject to all applicable laws and such other terms and conditions, as may be stipulated by the Committee in its absolute discretion.
4. In the event of issuance of bonus/rights shares, recapitalisation, stock split, reorganisation, merger, consolidation of the Bank or other similar events the number of Shares covered by each outstanding Option and the number of Shares, which have been authorised for issuance under the Scheme but as to which no Options have yet been granted or which have been returned to the Scheme upon the termination of Options as well as the Exercise Price shall be increased or decreased such that the rights of the Participant is substantially proportionate to the rights

existing prior to such event and to ensure that there is no dilution or enlargement of the benefits available under the Scheme.

5. The Committee may at any time waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Option theretofore granted, prospectively or retrospectively. Provided that any such waiver, amendment, alteration, suspension, discontinuation, cancellation or termination that would impair the rights of or is detrimental to the interests of the Participant shall not, to that extent be effective without the consent of the affected Participant.
6. The employees shall maintain the utmost confidentiality regarding the contents of the Scheme and the benefits thereunder at all times and shall not make any announcement to the public or to any third Person regarding the arrangements contemplated by the Scheme and the benefits thereunder except to the extent as may be required by law.
7. The Bank is entitled to and may, anytime at its discretion, finance the Participant in any manner to the extent permitted by law for the purpose of purchase of Shares or payment of any amount under the Scheme.
8. The grant of an Option shall not be construed as giving a Participant the right to be retained in the employment of the Bank. Neither the Scheme nor Award Confirmation nor Vesting Confirmation shall form part of any contract of employment between the Bank and the Participant. The rights and obligations of the Participant under the terms of his office or employment with the Bank shall not be affected by his participation in the Scheme. Nothing in the Scheme or any Award Confirmation or any Vesting Confirmation shall confer or be construed as affording a Participant any additional rights as to compensation or damages in consequences of the termination of such office or employment for any reason.
9. No Participant or holder or beneficiary of any Option shall have any rights as a shareholder with respect to any Shares to be issued pursuant to the Scheme until he has become the holder of such Shares.
10. The Shares issued pursuant to any Option shall rank pari passu with all the other equity shares of the Bank for the time being issued and outstanding, **including payment of full dividend.**
11. Neither the Scheme nor the Option shall create or be construed to create a trust or a separate fund of any kind or a fiduciary relationship between the Bank and a Participant. To the extent that any Person acquires a right to receive payments from the Bank pursuant to any Option, such right shall be no greater than the right of any unsecured general creditor of the Bank.

12. No fractional shares shall be issued or delivered pursuant to the Option, and the Committee shall determine whether cash, other securities or other property shall be paid or transferred in lieu of any fractional shares or whether such fractional shares or any rights thereto shall be cancelled, terminated, or otherwise eliminated.
13. No employee shall have any claim to be granted any Option, and there is no obligation on the part of the Bank for uniformity of treatment of employees or holders or beneficiaries of Options. The terms and conditions of Options need not be the same with respect to each Participant.
14. No option shall be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by the Participant, except to the extent provided under the Scheme or by will or the laws of inheritance.
15. Nothing contained in the Scheme shall prevent the Bank from adopting or continuing the current or other compensation arrangements and such arrangements may be either generally applicable or applicable only in specific cases.
16. In the event of any tax liability arising on account of grant of the Options to a Participant, the liability shall be that of the Participant alone and the Bank shall have the right to cause the Shares held by the Participant sold or otherwise alienated to meet the liability on behalf of the Participant. The Bank may, in its discretion, require the Participant to pay to the Bank at the time of exercise of any Option the amount that the Bank deems necessary to satisfy the Bank's obligation to withhold income or other taxes incurred by reason of such exercise.
17. The Participant shall do all acts necessary and execute all such deeds and documents as may be deemed necessary by the Committee to give effect to the terms of the Scheme.

Section XII : Award Confirmation

The grant of Options hereunder shall be evidenced by an Award Confirmation which shall be delivered to the Participant and shall specify the number of Options granted and the terms and conditions of the grant of Options and rules applicable thereto.

Section XIII : Vesting Confirmation

The vesting of Options hereunder, shall be evidenced by a Vesting Confirmation which shall be delivered to the Participant and shall specify the number of Options vested and the terms and conditions of the vesting of Options and rules applicable thereto.

Section XIV : Effective and Expiry Dates

This Scheme shall be effective as of the date of its approval by the shareholders of the Bank and expire on such date as may be notified by the Board of Directors of the Bank.

Section XV : Headings

Headings are given to the Sections of the Scheme solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Scheme or any provision thereof.

EXHIBIT 4.3**Description of the Carry Plan of ICICI Venture Funds Management Company**

The board of directors of ICICI Venture Funds Management Company at its meeting held on the October 30, 2002, approved a carry plan for its employees. The carry plan envisages that ICICI Venture Funds Management Company will arrange to directly pay carry from the performance fee earned by it from its funds, to its employees through a special trust created for the purpose, in the following manner:

1) In the case of India Advantage Fund I & II :

IRR realized	Carried Interest as a % of IRR to be allocated between employees and other nominees ("Team") and ICICI Venture Funds Management Company
For IRR between 13% to 15%	25% to Team and 75% to ICICI Venture Funds Management Company
For IRR between 15% to 18%	30% to Team and 70% to ICICI Venture Funds Management Company
For IRR in excess of 18%	(a) 30% to Team and 70% to ICICI Venture Funds Management Company on the contribution by Core Contributors (i.e. contributors who are entitled to a share in the carried interest) and (b) 50% to Team and 50% to ICICI Venture Funds Management Company on the contribution by other contributors, including Core Contributors who are not entitled to any share in carried interest

Consequently, the amount returned to ICICI Bank will be the net of (a) carry paid out as above, and (b) other distributions made to Core Contributors entitled to a share of carried interest on their commitment, calculated as 2/3rds of the carried interest accruing to ICICI Bank, after sharing of carry to the Team. In computation of IRR realised, the returns of India Advantage Fund I and II will be consolidated.

2) In case of ICICI Emerging Sector Fund :

Amount Returned	% of Surplus over Rs. 2,700 million (US\$ 57 million)
Up to Rs. 3,500 million (US\$ 74 million)	Nil
Between Rs. 3,501 (US\$ 74 million) to Rs. 4,700 million (US\$ 99 million)	10%
Over Rs. 4,700 million (US\$ 99 million)	20%

3) In the case of ICICI Equity Fund (Scheme of ICICI Venture Capital Fund) :

Carry would be equal to 50% of the Performance Fee payable to AMC

4) In case of VECAUS 1R, in respect of all amounts pertaining to ICICI Bank's share in VECAUS-IR:

Gross amount before carry realized by ICICI Bank	Proposed Carried Interest as a % of surplus in excess of Rs. 200 million (US\$ 4 million)
Less than Rs. 250 million (US\$ 5 million)	0%
Between Rs. 250 million (US\$ 5 million) and Rs. 390 million (US\$ 8 million)	10%
More than Rs. 390 million (US\$ 8 million)	20%

Pursuant to the approval of the Board of Directors of ICICI Venture as aforesaid, carry as stated in 1, 2, 3 and 4 above are in the process of being documented and implemented.

ICICI Bank Limited

June 17, 2003

Early Retirement Option 2003

1 Short title

This scheme shall be called "The ICICI Bank Early Retirement Option, 2003" (hereinafter referred to as "the Scheme").

2 Need for introduction of the Scheme

The competitive landscape has been changing very rapidly particularly in the last couple of years. There has been a paradigm shift in the competitive environment necessitating a fresh look at the business strategies we adopt and implement. This leaves a significant impact on the way we do business, and on all other components of the organization – including its employees. A combative multi-pronged strategy to out-execute competition is the need of the hour. Additionally, capability and skill enhancement of employees requires a priority attention. Appropriate response from employees is crucial for achieving the organizational goals.

Some of our employees find the current environment too pressurizing. Many of them, who have been with the organization for a long period of time have regularly expressed a desire to have an early exit option. The Scheme is being introduced in response to the competitive environment on the one hand and the desire of employees on the other.

3 Definitions

In this Scheme, unless the context otherwise requires:

- a) "Bank" means ICICI Bank Limited.
- b) "Employee" means a permanent employee on the rolls of the Bank as on July 1, 2003.
- c) "Eligible Employee" means an Employee satisfying the eligibility criteria set forth in Clause 4 hereof.

- d) "Years of Age", for the purpose of Clause 4 hereof dealing with Eligibility, means number of years completed by the Eligible Employee as on July 31, 2003, from the date of birth of the Eligible Employee as per the records of the Bank.
- e) "Years of Service" means number of years of service completed by the Eligible Employee as on July 31, 2003, from the date of his joining the services of the Bank as per the records of the Bank.
- f) "Remaining Months of Service" means number of months of service remaining of the Eligible Employee as on July 31, 2003 till the time of his normal retirement date.
- g) "Retirement Date" means July 31, 2003.
- h) "Salary" means the Basic Salary and Dearness Allowance, if any, drawn by the Eligible Employee for the month of July 2003, but shall not include any other amount or allowances or benefit whatsoever. Notional increment due upto September 30, 2003 to the eligible employees will be considered while arriving at their ERO benefit.

1 Eligibility

All permanent employees of the Bank who have completed at least 7 Years of Service and are 40 years of age as on July 31, 2003 will be considered eligible to opt for the benefits under the Scheme. For the purpose of this clause, the services rendered by the permanent employees in the organisations merged with the Bank will be considered as eligible service in terms of respective schemes of amalgamation.

2 Duration

The Scheme will remain open from the commencement of office hours on July 01, 2003 till the close of office hours on July 31, 2003.

3 Acceptance of application under the Scheme and Retirement Date

Applications received till the date of the closure of the Scheme shall be deemed to have been accepted on the date of the closure unless rejected on or before the closure date of the Scheme. The Eligible Employees whose applications have been accepted by the Bank shall stand retired from the services of the Bank with the close of office hours on July 31, 2003.

7 Early Retirement Benefit

Eligible Employees would, subject to the terms and conditions of the Scheme, be eligible to receive the benefits as set out in clauses 8A/8B, 8C and 8D hereof as may be applicable.

8A One time Cash Benefit

An Eligible Employee shall be entitled to the following benefit, subject to applicable tax deduction at source:

- (i) 3 months' salary for every completed year of service, or
- (ii) Salary for the Remaining Months of Service,
whichever is less.

(For the purpose of this clause, any fraction of the year of service of 6 months and above will be rounded off to the next higher unit, e.g. completed service of 10 years and 7 months as on July 31, 2003 will be considered as 11 years of completed service for computing benefits under the Scheme.)

The above payment is subject to an overall limit of Rs. 20 lac (Rupees Twenty Lac) for employees in the grades of Joint General Manager and below, and Rs. 25 lac (Rupees Twenty Five Lac) for employees in the grades of General Manager and Senior General Manager.

8B Pension Benefit

Subject to applicable tax deduction at source, if the Eligible Employees so desire, provided there are adequate number of such Eligible Employees, the Bank may consider providing a pension benefit less applicable tax, if any, to Eligible Employees as an alternative to one time cash benefit mentioned in Clause 8A. The pension benefit will be payable monthly for life with a guarantee period of 20 years. The quantum of monthly pension will be determined as per the following formula:

Cash Benefit as calculated in Clause 8A above x Factor R (based on age of the employee). Factor R is set-out in Annexure to this document.

Eligible employees opting to receive benefit under the above clause (clause 8B) will also be entitled to opt to commute a part of pension not exceeding $33\frac{1}{3}\%$. In the event of the eligible employee opting to commute a part of the pension, he will be paid the commuted value as computed by the Company's Actuary as a lumpsum and shall be entitled to a pension reduced by the percentage of pension so commuted. The commuted value payable

will be free of income-tax.

8C Other Benefits

An Eligible Employee shall also be entitled to the following benefits, subject to applicable tax deduction at source:

- (i) Group Medical insurance cover of Rs.4,00,000 (Rupees Four Lac) per annum, will be extended to each Eligible Employee upto his normal date of retirement.

The insurance cover will be available for the Eligible Employee, his spouse and dependant children upto the age of 24 years but shall not exceed a number of four including the eligible employee; total insurance cover being not over Rs.4,00,000 (Rupees Four Lac) per annum. After reaching his normal date of retirement, the insurance cover will be available for the eligible employees and his spouse only, total insurance cover being not over Rs.2,00,000/- (Rupees Two Lac) per annum.

- (ii) Encashment of balance privilege leave (as per leave rules) and unclaimed Leave Travel Allowance, if any, standing to the credit of the Eligible Employee on the Retirement Date. Encashment of balance sick leave (as per leave rules), if any, standing to the credit of the eligible employee, upto a maximum limit of 180 days.

- (iii) Amounts payable on Retirement Date under the Bank's Provident, Gratuity, Superannuation Funds, and Pension / Family Pension Scheme, if any, as per the Rules of the respective Funds/Schemes of the Bank or Statutory Provident Fund Authority as the case may be.

8D Pension Benefit

The Eligible Employees who have opted for pension benefit as per the erstwhile Bank of Madura Employees' Pension Regulations, 1995, will be eligible for the same as per the terms and conditions of the said Regulations. However, the eligible employees who have opted for Pension under the sad Pension Regulations and have completed / will be completing 20 years of service on the Retirement Date will be entitled for pension from the Retirement Date, subject to sanction/approval of the necessary amendment

to

the said Pension Regulations from the Competent Authority under the Income-Tax Act.

9 Other terms and conditions

Payment of Early Retirement Benefits under the scheme shall be made subject to:

- a) deduction of tax at source as may be applicable;
- b) deduction of other statutory dues as may be applicable;
- c) deduction of outstanding dues of the Eligible Employee to the Bank;
- d) return/surrender to the Bank on or before July 31, 2003, of all Bank's assets and properties including the Bank quarters, if any, in the possession/occupation of the Eligible Employee; and
- e) refund of security deposit paid by the Bank for the leased accommodation provided to the Eligible Employee, as the case may be.

Similarly, Retirement benefits such as Provident Fund, Gratuity and commuted pension under the Superannuation Scheme where applicable, Leave Encashment and unclaimed Leave Travel Allowance, if any, would be paid to the Eligible Employee upon his handing over vacant possession of the Bank quarters or refund of security deposit for the leased accommodation as may be applicable.

- (f) repayment in full of all the loans availed by the Eligible Employee.

The Bank may, in its sole and absolute discretion, permit any or all the loans outstanding or any part thereof to continue subject to applicable tax deductions and inter alia, on the conditions that :-

- i) any or all the loans outstanding or any part thereof so allowed to be continued shall carry the presently applicable interest rate or the applicable weighted average interest rate, as the case may be; and
- ii) the repayment of any or all the loans outstanding or any part thereof together with interest at the rate mentioned in the clause (i) above, on such other suitable terms and conditions stipulated by the Bank, may be continued until the normal date of retirement of the Eligible Employee or the date on which he was

scheduled to have repaid the entire loan or on any other earlier date specified

6

by the Bank, subject to the Eligible Employee furnishing additional security, as may be stipulated by the Bank.

- 10 The Bank reserves the right to accept or reject any application received under the Scheme without assigning any reason whatsoever. The Bank's decision in this matter shall be final and binding on all concerned.
- 11 The acceptance or rejection of the application under the Scheme shall not be liable to be questioned or challenged by any employee or his heirs/executors/administrators/nominees, as the case may be, in any proceedings under any Industrial, Civil or any other law.
- 12 In case of any ambiguity, doubt, dispute or difficulty regarding the interpretation, calculation of benefits or the implementation of the Scheme, the decision of the Bank shall be final and binding on all concerned.
- 13 It is expressly made clear that the Eligible Employee will not be entitled to any other benefits whatsoever except those that are specifically mentioned herein.
- 14 All references in the Scheme to the masculine gender include feminine gender and vice versa.
- 15 This Scheme is a one time special offer and shall not be construed or treated as having become a condition of service of employees nor shall this Scheme be treated or relied on as a precedent or a custom or a usage or a practice at any time in future.
- 16 Procedure
An Eligible Employee, who is desirous of opting for the Scheme, is required to make an application in the prescribed form (Annexure I) attached herewith. The forms are also available with the concerned Zonal Office, Regional Office, Branch Office and Head of Department or HR Department.

The application should be completed in all respects and signed and submitted to the respective Branch Manager, Regional Head, Zonal Head, Department Head or General Manager, HR Department on or before closure of office hours of July 31, 2003.

7

Full and final payment under the Scheme will be made on or before August 8, 2003. However, if an Eligible Employee requests for a part payment, 10% of the one time cash benefit under the scheme will be paid on the next working day after the closure of the Scheme.

- 17 The Bank will have the right to administer various benefits under the Scheme through any outside agencies that may be appointed by the Bank for this purpose.

Annexure I

Name : _____
Emp.No : _____
Grade : _____
Department/ : _____
Branch : _____
Date : _____

The Branch Manager/Regional Head/Zonal Head/Dept. Head/General Manager
ICICI Bank Limited

Dear Sir:

ICICI Bank Early Retirement Option 2003

1. I refer to the ICICI Bank Early Retirement Option 2003 and being desirous of opting for the same hereby apply to voluntarily retire from the services of the Bank on the terms and conditions specified under "The ICICI Bank Early Retirement Option 2003" ("the Scheme") announced by the Bank.
2. I note and agree that acceptance or rejection of my application for early retirement under the scheme is at the absolute discretion of the Bank.
3. In the event of the Bank accepting my application under the Scheme, I would like to avail of benefit as indicated below:
 - a) Receive One time cash benefit in terms of Clause 8A of the Scheme.

OR

- b) Receive monthly benefit in terms of Clause 8B of the Scheme for the specified period as may be permitted through the annuity scheme of the Insurance Company, the Bank may select. I understand that if there are no adequate number of employees opting for monthly benefit under the annuity, no such benefit will be made available. In that case, I shall be deemed to have opted to receive one time cash benefit under (a) above.

(Please put a tick against your option; and strike off the other options under your signature).

: 2 :

1. I agree and confirm that upon acceptance of this application under the Scheme, I will have no further claims and /or rights on the Bank except for the benefits under and subject to terms and condition of the Scheme.
2. I understand that full and final payment of benefit under the Scheme will be made on August 08, 2003. In the meanwhile, I request you to pay me 10% of one time cash payment as mentioned in Clause 8A of the Scheme, on the next working day after the closure of the Scheme as applicable to me subject to tax deduction as mentioned in the Scheme by crediting the same to my salary S/B A/C No._____. I also understand that on payment of this amount to me, my monthly benefit amount, if applicable, will be appropriately adjusted.

Yours faithfully,

(Signature)
