ITEM 5. OTHER EVENTS

In its report on Form 10QSB for the period ended June 30, 2002, the Company disclosed that it had signed an agreement with White Energy Corp, of Billings, Montana (hereinafter the "Agreement"), to acquire oil and gas lease holdings in the Northern Powder River Basin of Montana. A copy of the Agreement which is between the Company, White Energy Corp and John Fredlund, is attached as Exhibit 2.1.

Under the terms of the Agreement the Company advanced an initial payment of \$40,000 on July 25, 2002. The Agreement also required the Company to make a further payment of \$88,616 on or before August 16, 2002. On August 16, 2002, the Company issued a press release to announce that the due date for this payment had been extended to September 3, 2002. A copy of that press release is attached as Exhibit 99.1. The letter agreement signed by White Energy Corp and John Fredlund which extends the due date for the \$88,616,00 "Exercise Payment" until September 3, 2002 is also attached as Exhibit 99.2.

Funding must be obtained before the Company can move forward with this project. Under the terms of the Agreement, the total purchase price for acquisition of an 82% Net Revenue Interest in the "Prospect" (which covers approximately 91,771 acres [and approximately 80,291 net acres] in Powder River County, Montana, and Campbell County, Wyoming) is \$1,286,161 plus 100,000 shares of the Company's common stock. In the event the Company makes the "Exercise Payment" of \$88,616 which is now due on or before September 3, 2002, it will then contractually own the interest now held by White Energy Corp and John Fredlund in the Prospect, subject to the obligation to pay the balance of the purchase price in non-refundable installments over a period of time between September 15, 2002 and March 1, 2003.

In addition to the need to raise the capital needed to make the required property payments under the Agreement, the Company will also need to raise capital for a drilling program on the property. Management is continuing with its efforts to raise the necessary capital for this project. However, there is no assurance that the Company will be able to raise the necessary capital either to complete the purchase of the Prospect or to proceed with a drilling program on the Prospect.

Dear Mr. Forigo:

This letter sets forth terms of an agreement for sale and purchase (“Agreement”), which when accepted by you, shall form a binding Agreement between White Energy Corp. (“White”) and Safe ID Corporation (“Safe ID”), subject to the terms and conditions hereinafter set forth.

1. This Agreement is entered into on the basis of the following representations and warranties made to Safe ID by White and its President, Lonney H. White, Jr., and John Fredlund (“Fredlund”)

- c) White and Fredlund represent that the Leases are in good standing and that they comply with all regulatory requirements and laws.
- d) White and Fredlund are not in breach of any laws, ordinances, statutes, regulations, bylaws or decrees to which they are subject or which apply to them which may adversely affect the Leases;

- f) No person, company or entity has any right, agreement or option to purchase any interest in, or portion of, the Leases;
- g) White and Fredlund respectively have the full and absolute right, power and authority to enter into this Agreement on the terms and conditions herein set forth, to carry out the transactions contemplated in this Agreement and to sell one hundred percent (100%) of their respective legal and beneficial title and ownership of the Leases to Safe ID;

This civil action concerns the proper discharge of water from coalbed methane wells, and names White Energy Corp. and eight (8) federal oil and gas leases in which White owns an interest. These leases are described in Exhibit "C" attached, and comprise a total of approximately three thousand eighty-one (3,081) acres [and approximately one thousand five hundred sixty (1,560) net acres]. In the event this civil case is not settled in a timely fashion, or in the event any of these eight federal leases are not released from the civil action, Safe ID may elect not to purchase these leases under the context of this Agreement, and the "Purchase Price" described in this Agreement will be reduced accordingly.

- j) White and Fredlund hold all permits, licenses, consents and authorities issued by any Government or governmental authority having jurisdiction or any subdivision thereof including without limitation any governmental department, commission, bureau, board or administrative agency which are necessary in relation to their respective ownership of the Leases and their respective ability to sell and transfer those Leases to Safe ID;

 - i) violate any provisions of the constating documents of White, or
 - ii) result in or require the creation or imposition of any mortgage, deed of trust, pledge, lien, security interest, claim, charge, right of others or any encumbrances of any nature upon or with respect to the Leases, except as provided for in this Agreement.
- m) White is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Montana.

Safe ID shall have twenty-five (25) business days after execution of this Agreement in which to obtain this advice. If the legal and other opinions obtained by Safe ID support the project and indicate that the project is feasible, then, on or before the twenty-fifth business day, Safe ID shall so advise White in writing of Safe ID’s election to proceed with the project, and immediately wire transfer to White to the account named herein, a non-refundable payment of Eighty-eight thousand six hundred sixteen dollars (\$88,616.00) in United States funds. This payment will be known as the “Exercise Payment.”

5. The aforesaid twenty thousand dollars (\$20,000.00) U.S. Initial Deposit, twenty thousand dollars (\$20,000.00) U.S. Second Deposit and the eighty-eight thousand six hundred sixteen dollars (\$88,616.00) U.S. Exercise Payment will be credited towards Safe ID's purchase of the Leases. (the "Purchase Price"). All payments made herein to White towards the Purchase Price are understood to be for the benefit of both White and Fredlund.

6. Upon payment of the aforesaid Exercise Payment, Safe ID shall contractually own 100% of the interest of White and Fredlund in the Prospect and the Leases, subject only to the subsequent payment obligations as set forth below. Until the Purchase price has been paid in full, White and Fredlund shall retain legal title to the Leases. Upon the Purchase Price being paid in full, White and Fredlund will immediately transfer and assign their entire legal and beneficial interest in the Leases to Safe ID. White and Fredlund shall deliver to Safe ID 100% of their right, title and interest in and to the Leases, and at the same time reserve an Overriding Royalty Interest on the Leases, resulting in the delivery of an 82% Net Revenue Interest to Safe ID (100% - landowners' royalty – override = 82%), proportionately reduced in cases where the leased mineral interest is less than 100%. Furthermore, White and Fredlund shall retain the rights of REASSIGNMENT AND RENEWAL, as follows:

“The overriding royalty reserved herein, and all other terms and conditions of this assignment or transfer shall apply to any and all extensions, renewals and substitute leases obtained by Assignee, its successors or assigns on the lands described herein. In the event Assignee desires to surrender said lease as to all or any part of the acreage covered thereby, said Assignee agrees to notify Assignor by registered mail, at least 30 days in advance of the anniversary date specified in said lease, and Assignor hereunder shall then have 15 days after receipt of such notice within which to elect to take a reassignment of said lease as to the portion thereof to be relinquished. Should Assignor hereunder elect to receive such a reassignment, same will be delivered by Assignee prior to the anniversary date of the lease. It is understood, however, that there shall be no penalty for oversight or clerical error, except liability not to exceed the amount that was paid for the assignment. Any reassignment under the terms of this paragraph shall be free and clear of all burdens, encumbrances, or outstanding interests other than those existing on the date hereof.”

7. In addition to the foregoing, Safe ID shall pay the following non-refundable amounts to White:
 - a) Three hundred thousand dollars (\$300,000.00) U.S. towards the Purchase Price payable to White on or before September 15, 2002;

- b) One hundred thousand (100,000) shares of free trading stock (made payable to White Energy Corp. or to the nominees of White Energy Corp.) on or before September 15, 2002;
 - c) Four hundred fifty thousand dollars (\$450,000.00) U.S. towards the Purchase Price payable to White on or before December 15, 2002;
 - d) The balance of the Purchase Price, that being four hundred seven thousand five hundred forty-five dollars (\$407,545.00) U.S., payable to White on or before March 1, 2003; and,
 - e) The annual delay rentals required in order to keep the Leases in good standing. Up until the time Safe ID assumes full title to the Leases, White shall maintain the lease rentals in the following manner: White shall invoice Safe ID a sufficient time in advance for the rentals as they are due, and Safe ID shall advance the rental monies to White in sufficient time for timely payment by White. Default of timely advance rental payments by Safe ID shall have the same importance and effect as any other defaults of payments as described in this Agreement.
8. Safe ID will use its reasonable best efforts, force majeure excepted, to expend the following sums toward the drilling program and related costs:
- a) Five hundred thousand dollars (\$500,000.00) U.S., within sixty (60) days of the tendering of the Exercise Payment;
 - b) A further two million five hundred thousand dollars (\$2,500,000.00) U.S., within the twelve (12) month period after the drilling program has been established by Safe ID and the operator.
9. White and Safe ID will enter into an Area of Mutual Agreement wherein White will reserve unto itself or be assigned by Safe ID, a two percent (2%) Overriding Royalty Interest on subsequently acquired leases within the AMI. This AMI Agreement and the geographical area that it covers are both described on Exhibit "B" attached hereto.
10. Safe ID will determine who shall be the operator of the drilling project. At Safe ID's request, White may assist by providing to Safe ID a list of operators who are capable of undertaking the drilling project. During the period in which White and Fredlund hold legal title to the Leases, either White or Fredlund, as applicable, shall, upon the request of Safe ID, execute a "Designation of Operator" for the operator selected by Safe ID, so long as said operator meets all necessary bonding and insurance requirements under the applicable statutes and regulations. Safe ID hereby agrees to indemnify and hold White and Fredlund harmless from any and all liabilities, claims,

demands or suits arising as a result of any exploration operations conducted pursuant to this paragraph.

11. In the event that Safe ID defaults on any of its payments with respect to the Purchase Price to White, White will provide written notice to Safe ID of such default. Upon receipt of such written notice, Safe ID will have fourteen (14) days to cure the defect and rectify the situation by making the outstanding payment of the Purchase Price that is owing to White. Should Safe ID fail to cure the default within that time, Safe ID shall immediately forfeit its entire interest in the Prospect and the Leases described herein, unless both Safe ID and White agree otherwise. No cured default shall be relied upon by White in respect of any future defaults by Safe ID in making payments toward the Purchase Price.

All lands in powder river County, Montana (USA)

(A map showing the outline of the above described lands is attached hereto.)

Area Of Mutual Interest Terms:

1. Length of Term. The term of this AMI shall extend for five years from July 8, 2002, and shall govern the subsequent acquisition of oil and gas leases and other oil and gas properties within the defined geographical area, but not described on Exhibit "A."

2. Subsequent Leases acquired by Safe ID. Within 90 days or a mutually agreeable time, Safe ID shall assign White a 2% of 8/8ths overriding royalty interest on all subsequent oil and gas leases Safe ID acquires within the AMI.

3. Subsequent Leases acquired by White. If White acquires any subsequent oil and gas leases within the AMI, White shall, within 90 days, offer Safe ID a 100% interest in any of these leases. Safe ID shall have 45 days to elect to acquire said leases "at cost" (cost of lease bonus plus "reasonable and normal" acquisitions costs). If Safe ID elects to acquire said leases, White shall, in a timely fashion, assign Safe ID 100% of its interest in said leases, and reserve a 2% of 8/8ths overriding royalty on the leases. IF Safe ID elects not to acquire said leases, White shall own said leases with no obligation to Safe ID.

4. In the event of Option default. In the event that Safe ID acquires any leases within the AMI before the Purchase Price for the Prospect has been paid in full and Safe ID owns 100% of the record title interest in the Prospect and the Leases, as defined under the terms of the Agreement to which this Exhibit is attached, and Safe ID elects not to participate in the Prospect or defaults on the Purchase Price payments and forfeits its interest in the Prospect, Safe ID shall offer all of these subsequently acquired leases back to White, "at cost." Within 90 days of forfeiture, Safe ID shall offer these leases to White, and White shall have 45 days to elect to acquire any or all of those leases, and tender payment to Safe ID. Safe ID shall then make an assignment of 100% of its interest in said leases to White, and the leases shall not be burdened with any overrides. If White elects not to acquire said leases, Safe ID shall own said leases with no further obligations to White.

5. Less than full mineral interest. If any subsequently acquired oil and gas leases are less than a full 100% mineral interest lease, the overrides reserved or conveyed shall be proportionately reduced with respect to the actual interest leased.
