NASPERS CAPITAL RAISING PRICED AT R163

Naspers is pleased to announce the pricing of the capital raising announced on 27 February 2007 (the "Capital Raising").

In the Capital Raising, 39.9 million new Naspers "N" shares ("New "N" Shares") have been placed with institutional investors by way of a private placement at an offer price of ZAR163.00 (the "Offer Price") per New "N" Share. The Offer Price of ZAR163.00 represents a discount of 1.2% to the closing price of Naspers "N" shares on the JSE Limited (the "JSE") on 7 March 2007 and a discount of 9.0% to the weighted average traded price of Naspers "N" shares on the JSE over the 30 prior trading days. Based on the Offer Price, the gross proceeds to be received by Naspers will be approximately ZAR6.5 billion, or approximately US\$875 million (at an indicative ZAR/US\$ exchange rate of 7.43). The New "N" Shares represent approximately 12.4 per cent of Naspers' issued "N" ordinary share capital prior to the Capital Raising.

Proceeds from the Capital Raising will be used in the execution of Naspers' investment strategy and to replenish internal resources utilised for the purposes of acquiring interests in the Russian internet portal Mail.ru and the Brazilian magazine publisher Abril.

As is customary in both local and international primary capital raisings, Naspers has granted an over-allotment option pursuant to which Naspers may be required to issue an additional 5.7 million New "N" Shares at the Offer Price, in order to cover over-allotments, if any.

The New "N" Shares will, when issued, be credited as fully paid and will rank pari passu in all respects with the existing issued "N" ordinary shares of Naspers, including the right to receive future dividends and other distributions declared, made or paid after the date of their issue. Application will be made for the New "N" Shares to be admitted to trading on the JSE ("Admission"). Admission, settlement and commencement of dealings are expected to take place on or around 15 March 2007.
