Report of Independent Registered Public Accounting Firm

To the Member and the Board of Directors
Farmers Financial Solutions, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Farmers Financial Solutions, LLC (the Company) as of December 31, 2018 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes (the *financial statement*). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2018, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures to respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

Notes to Financial Statement

1. Organization

Background

Farmers Financial Solutions, LLC (the "Company"), a Nevada limited liability company formed on December 21, 1999, is a wholly owned subsidiary of FFS Holding, LLC (the "Parent"). The Parent, in turn, is a wholly owned subsidiary of Mid-Century Insurance Company ("Mid-Century"), which is wholly owned by the Farmers Property and Casualty Companies (the "Farmers P&C Companies").

The Farmers P&C Companies are comprised of Farmers Insurance Exchange ("FIE"), Fire Insurance Exchange ("Fire"), Truck Insurance Exchange ("Truck"), and their respective insurance subsidiaries. The Farmers P&C Companies' policies are marketed through its contracted agency force utilizing its trade name and logo, Farmers Insurance Group of Companies®.

Farmers Group, Inc. ("FGI") is an insurance holding company that provides management services, either directly or indirectly through wholly owned subsidiaries, as attorney-in-fact for certain members of the Farmers P&C Companies. The members of the Farmers P&C Companies are not owned in whole or in part by FGI. FGI is owned by Zurich Insurance Group ("Zurich"), a Swiss company headquartered in Zurich.

Nature of Operations

The Company functions as the broker-dealer for the contracted agency force shared by Farmers New World Life ("Farmers Life"), a wholly owned subsidiary of FGI, and the Farmers P&C Companies. The Company acts as a distributor of the Farmers Life variable annuity and life insurance contracts and offers fixed and index annuities, and variable life insurance contracts issued primarily by AXA, Athene, AIG, and Farmers Life as a broker-dealer and insurance agency. The Company also offers mutual funds and 529 savings plans sponsored by various non-affiliates.

The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") under the Securities Exchange Act of 1934 and a member of the Financial Industry Regulatory Authority ("FINRA"). FINRA is the Company's designated self-regulatory organization. In the normal course of business, the Company's customer activities involve the introduction or transmittal of customers' applications and funds to product sponsors for execution and settlement. The Company does not hold or maintain funds or securities, nor provide clearing services for customers or other broker-dealer(s). As a result, the Company claims exemption from SEC Rule 15c3-3 under the provisions of paragraph k(2)(i) for the fiscal year ended December 31, 2018 and k(2)(ii) for the period beginning January 1, 2018 through September 30, 2018.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statement of the Company have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the accompanying financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statement and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash equivalents consist of funds invested in money market accounts and in other investments with original maturities not exceeding three months. The Company maintains its cash and cash equivalents primarily with one high credit quality financial institution. At times, cash balances may exceed the FDIC insurance limits.

At December 31, 2018, an amount of \$7,995,100 was invested in the Blackrock Liquidity TempFund Institutional Money Market Fund. These funds are available to the Company on demand. This investment is carried at its net asset value, and is classified as a "Level 1" investment, and defined below.

Fair Value of Financial Assets and Financial Liabilities

The carrying value of cash and cash equivalents, receivables and payables approximate their fair value as a result of the short term nature of these balances.

In accordance with the authoritative guidance on fair value measurements and disclosures, the Company discloses the fair value of its investment in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (Level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

- Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active.
- Level 3 Inputs that are derived from valuation techniques in which one or more inputs is unobservable.

As of December 31, 2018, there were no fair value measurements using Level 2 or Level 3 inputs.

	Level 1	Level 2	Level 3	Total 12/31/2018
Money Market Funds	\$ 7,995,100	\$ -	\$ -	\$ 7,995,100

2. Summary of Significant Accounting Policies (Continued)

Contract Balances

The timing of the Company's revenue recognition may differ from the timing of payment by the Company's customers. The Company records a receivable when revenue is recognized prior to payment and have an unconditional right to payment. The Company had receivables related to revenues from contracts with customers of \$2,542,266 and \$2,417,962 at December 31, 2018 and January 1, 2018, respectively.

Income Taxes

The Company is a single member limited liability company, which is treated as a disregarded entity for federal income tax purposes. As a result, the Company is effectively treated as a division of the Parent for federal income tax purposes. For the year ended December 31, 2018, the Company has provided for income taxes as if it were a stand-alone taxpayer. However, because the Company is not required to settle any tax liability, benefit or credit resulting from its separate tax position with the Parent, all tax liabilities or recoverables accrued by the Company are deemed settled by way of a capital contribution or capital distribution by or to the Parent. For the year ended December 31, 2018, the Company recorded a capital contribution in the amount of \$426,920 related to the settlement of the current year tax provision. There were no deferred tax assets or liabilities as of December 31, 2018. There was no state income tax as the Company is owned by an insurance company which generally does not pay state income taxes. The Company believes that, as of December 31, 2018, it had no material uncertain tax position.

Recently Adopted Accounting Pronouncements

In May 2014, Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers: Topic 606*, to supersede nearly all existing revenue recognition guidance under GAAP. ASU 2014-09 also requires new qualitative and quantitative disclosures, including disaggregation of revenues and descriptions of performance obligations. The Company adopted the provisions of this guidance on January 1, 2018 using the modified retrospective approach. The Company has performed an assessment of its revenue and has not identified any material changes to the timing or amount of its revenue recognition under ASU 2014-09. The Company's accounting policies did not change materially as a result of applying the principles of revenue recognition from ASU 2014-09 and are largely consistent with existing guidance and current practices applied by the Company. The adoption of ASU 2014-09 did not have an impact on the Company's opening retained earnings as of January 1, 2018.

3. Transactions with Affiliates and FGI

The Company has entered into an Administrative Service and Expense Sharing Agreement (the "Agreement") with the Parent dated November 27, 2003. The Company reimburses the Parent for costs incurred by the Parent to provide management and administrative services. Total expenses charged to the Company were \$11,067,494 for the year ended December 31, 2018. At December 31, 2018, the Company had accounts payable with the Parent in the amount of \$1,434,962.

3. Transactions with Affiliates and FGI (Continued)

The employees of the Parent assigned to the Company are covered under benefit plans sponsored by FGI. All the compensation and benefit related expenses are allocated to the Company by the Parent.

The Company has entered into a sales agreement with Farmers Life to act as distributors for the sale of variable annuity and variable life insurance contracts issued by Farmers Life. Commission revenue from Farmers Life variable annuity and life insurance contracts totaled \$14,392,221 for the year ended December 31, 2018. Receivables from Farmers Life as of December 31, 2018 were \$807,911.

4. Net Capital Requirements

Under Rule 15c3-1 of the Securities Exchange Act of 1934 (the "Rule"), the Company is required to maintain a minimum net capital amount. The Company has elected to use the alternative method, permitted by the Rule, which requires that the Company maintain minimum net capital, as defined equal to the greater of \$250,000 or 2% of aggregate debit balances arising from customers' transactions, as defined. As the Company does not have aggregate debit balances arising from customers' transactions, the Company's minimum net capital requirement is \$250,000. At December 31, 2018, the Company had net capital of \$9,633,682 which was \$9,383,682 in excess of the amount required.

The Company claims exemption from the provisions of Rule 15c3-3 pursuant to paragraph k(2)(i) for the fiscal year ended December 31, 2018 and k(2)(ii) for the period beginning January 1, 2018 through September 30, 2018, under the Securities Exchange Act of 1934 as a broker or dealer who carries no customer accounts, promptly transmits all customer funds and delivers all securities received in connection with its activities as a broker or dealer, and does not otherwise hold funds or securities for, or owe money or securities to, customers. Operating under such exemption, the Company has not prepared a Determination of Reserve Requirements for Brokers or Dealers.
