**Re: Subjex Corporation
Item 4.01 Form 8-K
Filed 7/5/07
File No. 0-29711**

Dear Mr. Hyder:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with more information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

1. Amend the Form 8-K to include all of the information required by Item 304 of Regulation S-B. Include a letter from your former accountants addressing the revised disclosures. File the amendment under cover of Form 8-K/A and include the Item 4 designation, including the letter from your former accountant filed as an Exhibit 16. Specifically, Item 304(a)(1)(ii) of Regulation S-B requires a statement whether the accountant's report on the financial statements for either of the past two years contained an adverse opinion or a disclaimer of opinion or was qualified or modified as to uncertainty, audit scope or accounting principles; and a description of the nature of each such adverse opinion, disclaimer of opinion,

modification or qualification. This would include disclosure of uncertainty regarding the ability to continue as a going concern in the accountant's report.

2. The disclosure should also state whether during the registrant's two most recent fiscal years and any subsequent interim period through the date of resignation, declination or dismissal there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of the former accountant, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its reports. In the event of disagreement(s) and/or reportable event(s), provide the specific disclosures required by Item 304(a)(1)(iv) of Regulation S-B.
3. We assume that your newly engaged accountant is planning to register with the Public Company Accounting Oversight Board (PCAOB). If your new accountant submits an application for registration with the PCAOB, the PCAOB will take action on their application for registration not later than 45 days after the date of receipt of the application by the PCAOB. However, if the PCAOB requests additional information, a new 45-day review period will begin when the requested information is received. Given this time frame, if you have not already done so, you should promptly discuss this with your new accountant as they may not be able to perform a interim review in accordance with SAS 100 for your next interim period if they are not registered in time.
4. Please also revise your disclosure to comply with the requirements of Regulation S-B Item 304(a)(2) as they relate to the engagement of your new accountant. In making any disclosures about consultations with your new accountants, please ensure you disclose any consultations up through the date of engagement.

As appropriate, please amend your filing and respond to these comments within five business days or tell us when you will respond. You may wish to provide us with marked copies of the amendment to expedite our review. Please furnish a cover letter with your amendment that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your amendment and responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.
