OUR BUSINESS

CareScience provides Internet-based tools designed to improve the quality and efficiency of health care. Our products apply our proprietary mathematical and rules-based procedures, which we refer to collectively as clinical algorithms, to clinical data. We use these clinical algorithms, along with our data collection and storage technologies, to perform complex clinical analyses. Our customers use our products to identify clinical inefficiencies and medical errors and monitor the results of implemented solutions. Additionally, we facilitate the sharing of clinical information over the Internet among local health care constituents. We believe our solutions improve our customers' business performance by:

- improving clinical processes;
- lowering the cost of management oversight; and
- improving the way health care constituents interact.

We currently sell our products to hospitals, health care systems, health plans and pharmaceutical manufacturers.

According to the Health Care Financing Administration, annual health care spending in the United States exceeds \$1.2 trillion and is expected to grow to \$2.2 trillion by 2008. Current on-line efforts are primarily seeking to change administrative and financial processes, but do not address the significant majority of health care spending that arises from the process of medical decision-making, treatment choice and therapeutic efficacy. Moreover, in addition to being the eighth-leading cause of mortality in the United States, medical errors add substantial costs to and drive consumer dissatisfaction with the delivery of care. We estimate that hospitals, health plans and pharmaceutical companies spend more than \$35 billion annually to manage treatment decisions and attempt to control clinical costs. As inefficiencies within the health care system consume enormous resources, as well as pose medical risks to consumers, constituents are seeking to gain control of and measure clinical processes in order to increase quality and enhance efficiency.

OUR SOLUTION AND PRODUCTS

We provide an integrated suite of Internet-based products to gather, store, analyze and disseminate clinical information. We believe our products provide health care constituents with the most comprehensive, robust and clinically credible tools for clinical-process management. Our proprietary clinical algorithms, which we license pursuant to a 30-year exclusive agreement, were developed at the University of Pennsylvania School of Medicine and The Wharton School with over \$30 million in grants. Our products are described below:

- CADUCIS.COM enables hospitals, health systems and health plans to understand how to improve clinical efficiency and reduce medical errors. As an application service provider, we offer our customers cost-effective access to remotely hosted data supported by our sophisticated processing technology and analysis methods.
- CARESTANDARD.COM is designed to allow local health care constituents to securely share clinical data over the Internet using more than 60 applications from third-party vendors. We

- are creating our pilot Care Exchange to enable health care constituents in Santa Barbara County, California to securely share clinical information.
- CARESCRIPT.COM uses our proprietary databases and analytic tools to enable pharmaceutical and biotechnology companies to optimize the drug development process.
 - CARELEADER.COM, which we expect to introduce in 2001, will support physicians at the point of care by allowing them to access their patients' clinical data, see the types of treatment that are typically provided to comparable patients, identify physicians or hospitals with particular experience or outcomes and review their performance relative to peers.
 - CARESENSE.COM, which we also expect to introduce in 2001, will allow consumers to access information to guide their self-care decisions and to support their relationship with their physicians.

OUR STRATEGY

Our objective is to become the leading provider of Internet-based products to facilitate improvements in health care quality and efficiency. The primary components of our strategy include:

- offer community-based solutions;
- develop new products based on our proprietary knowledge and data assets;
- cross-sell products;
- leverage our technology platform; and
- pursue targeted strategic relationships and acquisitions.

Our headquarters are located at 3600 Market Street, 6th Floor, Philadelphia, PA 19104 and our telephone number is 215/387-9401. Our Web site can be found at CareScience.com. The information contained on our Web site does not constitute part of this prospectus.

RISK FACTORS

INVESTING IN OUR COMMON STOCK INVOLVES A HIGH DEGREE OF RISK. YOU SHOULD CAREFULLY CONSIDER THE FOLLOWING RISK FACTORS AND ALL OTHER INFORMATION CONTAINED IN THIS PROSPECTUS BEFORE PURCHASING OUR COMMON STOCK. THE RISKS AND UNCERTAINTIES DESCRIBED BELOW ARE NOT THE ONLY ONES FACING US. ADDITIONAL RISKS AND UNCERTAINTIES THAT WE ARE UNAWARE OF, OR THAT WE CURRENTLY DEEM IMMATERIAL, ALSO MAY BECOME IMPORTANT FACTORS THAT AFFECT US.

IF ANY OF THE FOLLOWING RISKS OCCUR, OUR BUSINESS, FINANCIAL CONDITION OR RESULTS OF OPERATIONS COULD BE MATERIALLY AND ADVERSELY AFFECTED. IN THAT CASE, THE TRADING PRICE OF OUR COMMON STOCK COULD DECLINE, AND YOU MAY LOSE ALL OR PART OF YOUR INVESTMENT.

RISKS RELATED TO OUR BUSINESS

OUR BUSINESS IS DIFFICULT TO EVALUATE BECAUSE WE OPERATE IN A NEW INDUSTRY AND OUR OPERATING HISTORY IS LIMITED.

Because of our limited operating history it is difficult to evaluate our business and prospects. We launched our first Internet-based product in 1996. Our business presents the difficulties and expenses frequently encountered by companies in the early stage of development, coupled with the risks and uncertainties faced by companies in new and evolving markets such as the market for Internet-based software applications. We may not be able to successfully address these challenges. If we fail to do so, we may continue to incur losses and the market price of our common stock would likely decline.

WE HAVE A HISTORY OF LOSSES AND EXPECT OUR LOSSES TO CONTINUE.

<R>

We have incurred net operating losses and negative cash flows from operating activities from our inception. As of March 31, 2000, we had an accumulated deficit of \$17.0 million. We expect to incur increasing net operating losses and negative cash flows for the foreseeable future. We will incur direct expenses associated with the further development and marketing of our existing products and with new product development. We expect our expenses to increase significantly in the future as we continue to hire additional personnel in all areas of our business. Our success depends on our ability to increase revenues to offset expenses. We may not be able to generate sufficient revenues to offset these expenses or to achieve profitability. If we do achieve profitability, we may not sustain or increase profitability on a quarterly or annual basis in the future.

</R>

THE PROPRIETARY TECHNOLOGY WE OWN OR LICENSE MAY BE SUBJECTED TO INFRINGEMENT CLAIMS OR DISAGREEMENTS WITH THE LICENSOR WHICH COULD BE COSTLY TO RESOLVE.

The intellectual property we own or license is important to our business. We could be subject to intellectual property infringement claims as the number of our competitors grows and the functionality of our applications overlaps with competitive offerings. These claims, even if not meritorious, could be expensive to defend and divert our attention from operating our business. If we become liable to third parties for infringing their intellectual property rights, we could be required to pay a substantial damage award and to develop noninfringing technology, obtain a license or cease selling the applications that contain the infringing intellectual property. We may be unable to develop non-infringing technology or obtain a license on commercially reasonable terms. In addition, we may not be able to protect against misappropriation of our intellectual property. We have no patents, but instead license important technology from the University of Pennsylvania. Consequently, infringement claims against the University of Pennsylvania or disagreements between the University and us pertaining to our licensed technology could have a material adverse effect on our operations. Third parties may infringe upon our intellectual property rights or the rights we have

<Page>
licensed from the University. We may not detect this unauthorized use, and we
may be unable to enforce our rights.

WE DEPEND ON AN EXCLUSIVE LICENSE WITH THE UNIVERSITY OF PENNSYLVANIA FOR OUR
TECHNOLOGY, AND THE LOSS OF THIS LICENSE WOULD IMPAIR OUR ABILITY TO DEVELOP OUR
BUSINESS.

<R>
Our ability to use our technology and compete effectively in our industry
would be impaired if our exclusive license agreement with the University of
Pennsylvania were terminated. Under the license agreement, we are required to
make royalty payments to the University based on a percentage of the fees we
earn through the sublicensing and servicing of the technology and information
received from the University under the license agreement. In order to maintain
the exclusivity of our license with the University, we are required to pay a
minimum of \$75,000 per year in royalties. If we do not make these minimum
royalty payments, the University may terminate the exclusive status of our
license under the agreement, and, in effect, license the technology to our
competitors. In addition, under the license agreement the University retains the
right to publish a description of the technology without our consent, whether or
not any intellectual property protection has been filed for on the technology.
If the University were to license the technology to our competitors or were to
publish the technology, our revenues may decrease significantly and we may not
be able to develop or maintain customer and strategic relationships. In
addition, if we fail to make any required payment when due, the University may
terminate our license entirely. In the event that the University chose not to
license the technology to us at all, we may not be able to develop similar
alternative technology or negotiate a new license agreement with another
licensor. If we were not able to develop alternative technology or acquire a new
license, we may not be able to maintain our business operations.
</R>

WE COULD BE LIABLE FOR INFORMATION RETRIEVED FROM OUR WEB SITES AND INCUR
SIGNIFICANT COSTS FROM RESULTING CLAIMS.

We may be subject to third-party claims for defamation, negligence,
copyright or trademark infringement or other theories based on the nature and
content of the information we supply to our customers through our Internet-based
applications. These types of claims have been brought, sometimes successfully,
against on-line services in the past. We could be subject to liability with
respect to content that may be accessible through our Web site or third-party
Web sites linked from our Web site. For example, claims could be made against us
if a subscriber or consumer relies on health care information accessed through
our Web site to their detriment. Even if claims do not result in liability to
us, we could incur significant costs in investigating and defending against them
and in implementing measures to reduce our exposure to any possible liability.
Our insurance may not cover potential claims of this type or may not be adequate
to cover all costs incurred in defense of potential claims or to indemnify us
for all liability that may be imposed.

WE MAY EXPERIENCE SYSTEM FAILURES WHICH COULD INTERRUPT OUR SERVICE AND DAMAGE
OUR CUSTOMER RELATIONSHIPS.

We have experienced periodic system interruptions in the past, and may in
the future. Our experience has been that interruptions in any month are seldom
more than a few hours. However, any significant interruption in our services or
degradation in response time could result in a loss of potential or existing
customers or strategic partners and, if sustained or repeated, could reduce the
attractiveness of our products to customers and partners. Although we maintain
insurance for our business, it may not be adequate to compensate us for all
losses that may occur or to reimburse costs associated with business
interruptions. We currently operate our application service provider system and
components in a single service location.

THE HEALTH CARE INDUSTRY MAY NOT ACCEPT OUR SOLUTIONS OR BUY OUR PRODUCTS WHICH WOULD ADVERSELY AFFECT OUR FINANCIAL RESULTS.

We must attract a significant number of customers throughout the health care industry or our financial results will be adversely affected. To date, the health care industry has been resistant to adopting new information technology solutions. We believe that complexities in the nature of health care data that we process and analyze have hindered the development and acceptance of information technology solutions by the industry. Conversion from traditional methods to electronic information exchange may not occur as rapidly as we anticipate. Even if the conversion does occur as rapidly as we expect, health care industry participants may use applications and services offered by others.

We believe that we must gain significant market share with our applications and services before our competitors introduce alternative products, applications or services with features similar to our current or proposed offerings. Our business plan is based on our belief that the value and market appeal of our solution will grow as the number of participants and the scope of services available on our platform increases. In addition, we expect to generate a significant portion of our revenue from subscription and transaction-based fees based on patient admissions and encounters. Consequently, any significant shortfall in the number of subscribers or transactions occurring over our platform would adversely affect our financial results.

OUR QUARTERLY FINANCIAL RESULTS MAY FLUCTUATE SIGNIFICANTLY, WHICH COULD ADVERSELY AFFECT THE PRICE OF OUR STOCK.

We expect quarterly revenues, expenses and operating results to fluctuate significantly in the future. These fluctuations may cause our stock price to decline. These fluctuations may result from a variety of factors, some of which are outside of our control. These factors include:

- expansion or contraction of our customer base;
- the amount and timing of costs related to product development and marketing efforts or other initiatives;
- the timing of our introduction of new products and the market acceptance of those products;
- the timing of contracts with strategic partners and other parties;
- the level of acceptance of the Internet by the health care industry; and
- technical difficulties, system downtime, undetected software errors and other problems affecting our products or the Internet generally.

We expect to increase activities and spending in substantially all of our operational areas. We base our expense levels in part upon our expectations concerning future revenue and these expense levels are relatively fixed in the short-term. If we have lower revenue, we may not be able to reduce our spending in the short-term in response. These factors may prevent us from meeting the earnings estimates of securities analysts or investors and our stock price could suffer.

BECAUSE OUR REVENUES ARE DEPENDENT ON A LIMITED NUMBER OF PRODUCT LINES, THE FAILURE OF ANY ONE OF THESE PRODUCT LINES WOULD SIGNIFICANTLY DECREASE OUR REVENUES.

We currently derive our revenue from our CaduCIS.com, CareStandard.com and CareScript.com Internet-based applications. Because our revenues are dependent on only a few product lines, the failure of any one of them to achieve market acceptance would significantly decrease our revenue. As our customers' needs change, our existing suite of applications may become inefficient or obsolete and will likely require modifications or improvements. The addition of

new products or services will also require us to continually improve the technology underlying our applications. These requirements could be significant, and we may be unable to meet them or may incur unanticipated product development expenses or delays. If we fail to respond quickly and efficiently to our customers’ needs, or if our new applications and product offerings do not achieve market acceptance, the market for our products would likely decline.

Our business will suffer if we do not expand the breadth of our applications quickly. We currently offer a limited number of applications on our platform and our future success depends on quickly introducing new applications to expand the utility of our products to our existing customer base and generate new customers. We are developing enhancements to our systems to permit access to some of our applications by physicians and consumers. We have recently introduced applications for use by the pharmaceutical industry, which constitutes a new customer base for us. Each of our applications must integrate with our computer systems and platform. Developing these applications will be expensive and time consuming. Even if we are successful, these applications may never achieve market acceptance.

TERMINATION OF ONE OR MORE OF OUR SIGNIFICANT CONTRACTS WOULD CAUSE A SIGNIFICANT DECLINE IN OUR REVENUE.

We currently generate much of our revenue from a limited number of contractual relationships. During the year ended December 31, 1999 and for the three months ended March 31, 1999, we generated 11% and 16%, respectively, of our revenue from our largest customer, Providence Health System. During the year ended December 31, 1999 and for the three months ended March 31, 2000, we generated 21% and 24%, respectively, of our revenue from our development partner, California Healthcare Foundation. Termination of either of these contractual relationships would significantly decrease our revenue and have a material adverse effect on our operations. These entities may terminate their contracts for cause or upon expiration of their agreements in 2002 and 2003, respectively. In addition, one of our customers, Foundation Health Systems, accounted for 53% and 37% of our revenue in 1997 and 1998, respectively.

FAILURE TO MANAGE OUR GROWTH WOULD ADVERSELY AFFECT OUR OPERATIONS.

Our growth has placed significant demands on all aspects of our business, including our administrative, technical and financial personnel and systems. We expect future growth which may further strain our management, financial and other resources. Our systems, procedures, controls and existing space may not adequately support expansion of our operations. Our future operating results will substantially depend on the ability of our officers and key employees to manage changing business conditions and to implement and improve our technical, administrative, financial control and reporting systems. Failure to respond to and manage changing business conditions and continued growth could materially and adversely affect the quality of our services, our ability to retain key personnel and our results of operations.

WE FACE INTENSE COMPETITION AND MAY BE UNABLE TO COMPETE SUCCESSFULLY WHICH WOULD ADVERSELY EFFECT OUR FINANCIAL RESULTS.

The market for Internet services and products is relatively new, intensely competitive and rapidly changing. Since the Internet’s commercialization in the early 1990’s, the number of Web sites on the Internet competing for users’ attention has proliferated with no substantial barriers to entry, and we expect that competition will continue to intensify. Any pricing pressures, reduced margins or loss of market share resulting from our failure to compete effectively would materially and adversely affect our financial results.

We expect competition in our markets to increase significantly as new companies enter the market and current competitors expand their product lines and services. Many of these potential competitors are likely to enjoy substantial competitive advantages, including:

- greater resources that can be devoted to the development, promotion and sale of their services;
- longer operating histories;
- greater financial, technical and marketing resources;
- greater name recognition; and
- larger customer bases.

THE LOSS OF ANY OF OUR KEY PERSONNEL COULD ADVERSELY AFFECT OUR OPERATIONS.

Our future success depends, in significant part, upon the continued service of our senior management and other key personnel. The loss of the services of David J. Brailer, our Chief Executive Officer, Ronald A. Paulus, our President, or one or more of our other executive officers or key employees could have a material adverse effect on our operations. Our future success also depends on our ability to attract and retain highly qualified technical, sales, customer service and managerial personnel. Competition for qualified personnel is intense, and we may not be able to attract or retain a sufficient number of highly qualified employees in the future. Failure to hire and retain personnel in key positions could materially and adversely affect our operations and, consequently, our financial results.

OUR FAILURE TO DEVELOP STRATEGIC RELATIONSHIPS COULD ADVERSELY AFFECT OUR ABILITY TO DEVELOP NEW PRODUCTS.

If we fail to form new strategic alliances with industry partners, fail to maintain existing alliances or if we form alliances with partners which do not perform well, we will have difficulty gaining acceptance of our products.

Our development of new and expanded applications for our products will be enhanced by forming strategic alliances with industry partners. While we believe that we will form these alliances, we have not yet negotiated many of these strategic alliances and there is no guarantee that we can consummate these alliances on commercially reasonable terms.

To be successful, we must establish and maintain strategic relationships with leaders in a number of health care industry segments. Strategic relationships are critical to our success because we believe that these relationships will enable us to:

- extend the reach of our applications and services to the various participants in the health care industry;
- obtain specialized health care expertise;
- develop and deploy new applications;
- further enhance CareScience brands; and
- generate revenue.

<R>

Entering into strategic relationships is complicated because some of our future partners may decide to compete with us. In addition, we may not be able to establish relationships with key participants in the health care industry if we have established relationships with competitors of these key participants. Consequently, it is important that our customers and partners perceive us as

<R>

independent of any particular customer or partner. Any substantial relationship which we have, or develop, with a partner or customer could adversely impact that perception of independence and make it difficult to enter into strategic relationships or sell our products to other customers. Most of our revenue is generated by a small number of significant contracts, which could affect the perception of our independence; however, we have not experienced any difficulties in forming strategic relationships in the past. Moreover, many potential partners may resist working with us until we have successfully introduced our applications and services and our applications and services have achieved market acceptance.

</R>

Once we have established strategic relationships, we will depend on our partners' abilities to generate increased acceptance and use of our platform, applications and services. We have limited experience in establishing and maintaining strategic relationships with health care industry participants. If, in the future, we lose any strategic relationships or fail to establish additional relationships, or if our strategic partners fail to actively pursue additional business relationships and partnerships, we would not be able to execute our business plans and our business would suffer significantly. We may not experience increased use of our platform, applications and services even if we establish and maintain these strategic relationships.

OUR FAILURE TO USE NEW TECHNOLOGIES EFFECTIVELY OR TO ADAPT EMERGING INDUSTRY STANDARDS WOULD ADVERSELY AFFECT OUR ABILITY TO COMPETE.

To be competitive, we must license leading technologies, enhance our existing services and content, develop new technologies that address the increasingly sophisticated and varied needs of health care professionals and consumers and respond to technological advances and emerging industry standards and practices on a timely and cost-effective basis. We may not be successful in using new technologies effectively or adapting our Internet-based applications and proprietary or licensed technology to user requirements or emerging industry standards, because those new technologies may not easily integrate with our existing platform. In addition, we may be unable to implement or adapt new technologies in a cost-effective manner.

<R>

OUR FAILURE TO ADAPT OUR TECHNOLOGY TO OUR CUSTOMERS' NEEDS OR TO HANDLE HIGH LEVELS OF CUSTOMER ACTIVITY WOULD ADVERSELY AFFECT OUR ABILITY TO INCREASE REVENUE.

</R>

<R>

Our ability to increase revenue in the future will be adversely affected if our technology is not able to handle high levels of customer activity on our Web site or if our technology fails to meet our customers' performance standards.

</R>

So far, we have processed a limited number and variety of transactions using our technology. Similarly, a limited number of health care participants use our products. We anticipate substantial increased demands on our system as our business and applications expand. Our systems may not accommodate increased use while maintaining acceptable performance. We must continue to expand and adapt our network infrastructure to accommodate additional users, increased transaction volumes and changing customer requirements. This expansion and adaptation will be expensive and may divert our attention from other activities.

Our user agreements with our customers generally contain only limited performance standards. However, our customers do have performance expectations and if we fail to meet these expectations, our customers could become dissatisfied and terminate their agreements with us. The loss of some of our user agreements could significantly impact our financial results. We may be unable to expand or adapt our network infrastructure to meet additional demand or our customers' changing needs on a timely basis and at a commercially reasonable cost, or at all.

Our service providers enable us to connect to the Internet. Any problems with these or other services that result in interruptions of our services or a failure of our services to function as desired could cause customer complaints and attrition and could materially and adversely affect our operations. We may have no means of replacing these services or, in the case of services which we are obligated to use exclusively, we may be prohibited from replacing these services, on a timely basis or at all, if those services are inadequate or in the event of a service interruption or failure. To operate without interruption, our service and content providers must guard against:

- damage from fire, power loss and other natural disasters;
- communications failures;
- software and hardware errors, failures or crashes;
- security breaches, computer viruses and similar disruptive problems; and
- other potential interruptions.

Interruptions may occur and any material interruptions could adversely impact our operations and our relationship with our customers.

WE MAY NEED TO OBTAIN ADDITIONAL CAPITAL AND FAILURE TO DO SO MAY LIMIT OUR GROWTH.

We expect that the money generated from this offering, combined with our current cash resources, will be sufficient to meet our requirements through the end of 2001. However, we may need to raise additional financing to support expansion, develop new or enhanced applications and services, respond to competitive pressures, acquire complementary businesses or technologies or take advantage of unanticipated opportunities. Failure to raise additional capital, if needed, will adversely effect our operations and stock price. At the time we need additional financing, the state of our operations or market conditions generally may not be favorable, and we may be unable to raise any additional amounts on reasonable terms, if at all, when they are needed. We may need to raise additional funds by selling debt or equity securities, by entering into strategic relationships or through other arrangements.

In addition, if we sell additional equity securities, your percentage ownership in us will decrease. If we sell debt securities, the interest payments we would have to make to the holders of those securities would reduce our earnings.

OUR OFFICERS, DIRECTORS AND AFFILIATED ENTITIES WILL HAVE SIGNIFICANT CONTROL OVER US AND THEIR INTERESTS MAY DIFFER FROM YOURS.

<R>

After this offering, our directors and management will beneficially own or control approximately 47.4% of our common stock. If these people act together, they will be able to significantly influence our management, affairs and all matters requiring shareholder approval. This concentration of ownership may have the effect of delaying, deferring or preventing an acquisition of us and may adversely affect the market price of our common stock.

</R>

RISKS RELATED TO OUR INDUSTRY

HEALTH INFORMATION IS SUBJECT TO POTENTIAL GOVERNMENT REGULATION AND LEGAL UNCERTAINTIES AND CHANGES MAY REQUIRE US TO ALTER OUR BUSINESS.

Our business is subject to potential government regulation. Existing as well as new laws and regulations could affect how we do business and materially and adversely affect our financial results. There are currently few laws or regulations that specifically regulate communications or commerce on the Internet. However, laws and regulations may be adopted with respect to the Internet or other on-line services covering issues such as:

- user privacy;
- pricing;
- content;
- copyrights;
- distribution; and
- characteristics and quality of products and services.

Internet user privacy has become an issue both in the United States and abroad. Current United States privacy law consists of a few disparate statutes directed at specific industries that collect personal data, none of which specifically covers the collection of personal information on-line. The United States or foreign nations may adopt legislation purporting to protect the privacy of personal information. Any privacy legislation could affect the way in which we are allowed to conduct our business, especially those aspects that involve the collection or use of personal information, and could have a material adverse effect on our business. Moreover, it may take years to determine the extent to which existing laws governing issues such as property ownership, libel, negligence and personal privacy are applicable to the Internet.

Currently, our operations are not regulated by any health care agency. However, with regard to health care issues on the Internet, the Health Insurance Portability and Accountability Act of 1996 mandated the use of standard transactions, standard identifiers, security and other provisions by the year 2000. Pursuant to that Act, the U.S. Department of Health and Human Services has promulgated proposed regulations which set standards for privacy of individually identifiable health information. It will be necessary for our technology platform and for the applications that we provide to be in compliance with the proposed regulations when adopted in final form. These regulations would define specified information about an individual as protected health information and would set forth the steps that persons storing or transmitting the information must take to ensure its confidentiality. Our internal procedures and policies for handling of confidential information, as well as our contractual relationships with others with whom we share information, will have to comply with these regulations. We do not expect to significantly modify our products or business operations or materially increase our expenses in response to currently proposed regulations. However, final rules have not been adopted, and the Health Insurance Portability and Accountability Act of 1996 does not prevent states from implementing more stringent rules or regulations.

Furthermore, several telecommunications carriers are seeking to have telecommunications over the Internet regulated by the Federal Communications Commission in the same manner as other telecommunications services. Because the growing popularity and use of the Internet has burdened the existing telecommunications infrastructure in many areas, local exchange carriers have petitioned the Federal Communications Commission to regulate Internet service providers and on-line service providers in a manner similar to long distance telephone carriers and to impose access fees on the Internet service providers and on-line service providers.

CHANGES IN THE HEALTH CARE INDUSTRY COULD ADVERSELY AFFECT OUR OPERATIONS.

The health care industry is highly regulated and is subject to changing political, economic and regulatory influences. These factors affect the purchasing practices and operation of health care organizations. Changes in current health care financing and reimbursement systems could cause us to make unplanned changes to our applications or services, or result in delays or cancellations of orders or in the revocation of endorsement of our applications and services by health care participants. Federal and state legislatures have periodically considered programs to reform or amend the United States health care system at both the federal and state level. These programs may contain proposals to increase governmental involvement in health care, lower reimbursement rates or otherwise change the environment in which health care industry participants operate. Health care industry participants may respond by reducing their investments or postponing investment decisions, including investments in our applications and services.

OUR BUSINESS WILL SUFFER IF COMMERCIAL USERS DO NOT ACCEPT INTERNET SOLUTIONS.

Our business model depends on the adoption of Internet solutions by commercial users. Our business could suffer dramatically if Internet solutions are not accepted or not perceived to be effective. The Internet may not prove to be a viable commercial marketplace.

We expect Internet use to grow in number of users and volume of traffic. The Internet infrastructure may be unable to support the demands placed on it by this continued growth.

OUR INDUSTRY IS EVOLVING AND WE MAY NOT ADAPT SUCCESSFULLY.

The new and rapidly evolving Internet market may cause us to incur substantial costs in responding to changes in that market or, if we fail to respond to such changes, cause our revenues to decline as our customers switch to newer, better technology. Advances in software technology occur frequently, and we may not respond rapidly enough to the introduction of better software to maintain our customer base in the future. We will not be successful in the Internet market, unless, among other things, we:

- increase awareness of our CareScience brands and continue to develop customer loyalty;
- provide useful health care analysis services to subscribers at attractive prices;
- respond to competitive and technological developments; and
- build an operations structure to support our business.

RISKS RELATING TO THIS OFFERING

OUR COMMON STOCK PRICE MAY BE VOLATILE.

You may not be able to resell your shares at or above the initial public offering price due to a number of factors, including:

- actual or anticipated quarterly variations in our operating results;
- changes in expectations of future financial performance or changes in estimates of securities analysts;
- announcements of technological innovations;
- announcements relating to strategic relationships;
- customer relationship developments; and
- conditions affecting the Internet or health care industries, in general.

The trading price of our common stock may be volatile. Initial public offerings by technology companies have been accompanied by substantial share price and trading volume changes in the first days and weeks after the securities were publicly traded. The stock market in general, and the market for technology and Internet-related companies in particular, has experienced extreme volatility that often has been unrelated to the operating performance of particular companies. These broad market and industry fluctuations may adversely affect the trading price of our common stock, regardless of our actual operating performance.

In the past, securities class action litigation has often been instituted following periods of volatility in the market price of a company's securities. If this were to happen to us, that litigation could be expensive and would divert management's attention.

The initial public offering price will be established by negotiation between the underwriters and us. You should read the Underwriting section for a more complete discussion of the factors determining the initial public offering price.

FUTURE SALES OF SHARES COULD ADVERSELY AFFECT OUR STOCK PRICE.

<R>

The market price for our common stock could fall dramatically if our shareholders sell large amounts of our common stock in the public market following this offering. These sales, or the possibility that these sales may occur, could make it more difficult for us to sell equity or equity-related securities in the future. Excluding the 4,000,000 shares of common stock offered hereby and assuming no exercise of the underwriters' over-allotment option, upon the consummation of this offering, there will be 8,669,351 shares of common stock outstanding none of which will be freely tradable without restriction in the public market unless those shares are held by affiliates as defined in Rule 144(a). Beginning 180 days after the effective date of our registration statement, approximately 8,406,851 restricted shares will become eligible for sale in the public market when underwriter's lock-up agreements expire unless Deutsche Bank Securities Inc., as representative of the underwriters, elects, in its sole discretion, to release these shares from the lock-up agreements earlier. These shares include 5,018,951 which may be sold to pursuant registration rights granted by us. In addition to the restricted shares described above, after such 180(th) day, 262,500 additional restricted shares will become available for sale at various times pursuant to Rule 144 or pursuant to registration rights granted by us. Please see the section entitled Shares Eligible for Future Sale for a description of sales that may occur in the future.

</R>

NEW INVESTORS WILL SUFFER IMMEDIATE AND SUBSTANTIAL DILUTION IN THE TANGIBLE NET BOOK VALUE OF THEIR SHARES.

<R>

The initial public offering price will be substantially higher than the net tangible book value per share of our common stock. Net tangible book value per share represents the amount of our total tangible assets reduced by the amount of our total liabilities, divided by the number of shares of common stock outstanding. As of March 31, 2000 our net tangible book value per share was \$(0.67). As of March 31, 2000, our net tangible book value, on an as adjusted basis after giving effect to the conversion of all shares of our preferred stock outstanding as of that date, excluding the mandatorily redeemable Series C Preferred, which has been included as redeemed upon consummation of this offering, and the sale of the 4,000,000 shares of common stock, based on an assumed initial public offering price of \$16.00 per share and after deducting the underwriting discounts and commissions and other estimated offering expenses, would have been approximately \$12.29 per share. This represents an immediate dilution to investors in this offering of \$3.71 per share.

</R>

FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements that involve risks and uncertainties. These forward-looking statements are often accompanied by word such as "believes", "anticipates", "plans", "expects" and similar expressions. These statements include, without limitation, statements about our market opportunity, our growth strategy, competition, expected activities and future investments and the adequacy of our available cash resources. These statements may be found in the sections of this prospectus entitled Prospectus Summary, Risk Factors, Use of Proceeds, Management's Discussion and Analysis of Financial Condition and Results of Operations, Business and in this prospectus generally. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors, including all the risks discussed in Risk Factors and elsewhere in this prospectus.

USE OF PROCEEDS

We expect to receive approximately \$65.8 million in net proceeds from the sale of the shares of common stock in this offering, assuming that the initial public offering price is \$16.00 per share, after deducting the estimated underwriting discount and commissions and offering expenses. We expect to receive approximately \$75.8 million in net proceeds if the underwriters' over-allotment option is exercised in full, after deducting the estimated underwriting discount and commissions and offering expenses.

We currently intend to use the net proceeds of this offering for redemption of our series G preferred shares which become mandatorily redeemable upon the closing of this offering, working capital, including the expansion of our new product lines, and for general corporate purposes. We may also use a portion of the net proceeds to acquire additional businesses, products and technologies or to establish joint ventures that we believe will complement our current or future business. We presently intend to allocate approximately:

- \$5 million to redeem our series G preferred shares;

<R>

- \$1.5 million to pay accrued dividends on our series C, D and E preferred shares;

</R>

- \$16 million to expand our sales and marketing efforts; and

- \$25 million for further development of our products.

However, we have no specific plans, agreements or commitments, oral or written, to do so. The amounts that we actually expend for the specified purposes will vary significantly depending on a number of factors, including any change to our business strategy, future revenue growth, if any, and the amount of cash we generate from operations. If our business strategy changes, we may use proceeds from this offering to acquire or develop new products or engage in businesses not currently contemplated by our present business strategy. In addition, if our future revenue growth and available cash are less than we currently anticipate, we may need to support our ongoing business operations with funds from this offering that we currently intend to use to support growth and expansion. As a result, we will retain broad discretion in the allocation of the net proceeds of this offering and may spend those proceeds for any purpose, including purposes not presently contemplated. Pending the uses described above, we will invest the net proceeds in short-term, interest-bearing, investment-grade securities.

DIVIDEND POLICY

We have never paid cash dividends on our common stock. We currently intend to retain any future earnings to fund the development and growth of our business. Therefore, we do not anticipate paying any cash dividends in the foreseeable future.

CAPITALIZATION

<R>
The following table sets forth our actual, proforma and proforma, as adjusted capitalization as of March 31, 2000. Our proforma capitalization gives effect to:
</R>

<R>
- the conversion of Series C, D and E convertible preferred stock into 5,018,951 shares of common stock upon consummation of this offering;
</R>

<R>
- the issuance, upon the conversion of the Series C preferred stock, of Series F redeemable preferred stock, with a redemption value of \$4,200,000, and the simultaneous redemption of the Series F redeemable preferred stock for 262,500 shares of common stock, valued at \$16.00 per share; and
</R>

<R>
- the accretion of the redemption value of the Series G Preferred stock through June 15, 2000; and
</R>

<R>
- the declaration of a dividend of \$1,455,207 (calculated at 8% per annum through June 15, 2000) payable to the Series C, D and E Preferred shareholders from the proceeds of the Offering.
</R>

<R>
Our proforma, as adjusted capitalization give effect to the application of the estimated net proceeds from the sale of our common stock based on an assumed initial public offering price of \$16.00 per share and after deducting underwriting fees and estimated offering expenses payable by us, the redemption of the mandatorily redeemable preferred stock and the dividend declared on the series C, D and E convertible preferred stock upon consummation of this offering.
</R>

You should read this table in conjunction with the financial statements and the notes to those statements and the other financial information included in this prospectus.

DILUTION

<R>
As of March 31, 2000, our proforma net tangible book value was approximately \$(7.2) million or \$(0.83) per share of common stock. Proforma net tangible book value per share represents the amount of our total proforma tangible assets reduced by the amount of our total proforma liabilities, divided by the number of proforma shares of common stock outstanding. As of March 31, 2000, our proforma net tangible book value, on an as adjusted basis after giving effect to the redemption of our mandatorily redeemable preferred stock, the payment of dividends declared on the series C, D and E convertible preferred stock and the sale of the 4,000,000 shares of common stock, based on an assumed initial public offering price of \$16.00 per share and after deducting the underwriting discounts and commissions and other estimated offering expenses, would have been approximately \$3.53 per share. This represents an immediate increase of \$4.36 per share to existing shareholders and an immediate dilution of \$12.47 per share to new investors. The following table illustrates this per share dilution:

MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS

THE FOLLOWING DISCUSSION AND ANALYSIS SHOULD BE READ IN CONJUNCTION WITH OUR FINANCIAL STATEMENTS AND THE RELATED NOTES TO THE FINANCIAL STATEMENTS APPEARING ELSEWHERE IN THIS PROSPECTUS. THE FOLLOWING INCLUDES A NUMBER OF FORWARD-LOOKING STATEMENTS THAT REFLECT OUR CURRENT VIEWS WITH RESPECT TO FUTURE EVENTS AND FINANCIAL PERFORMANCE. WE USE WORDS SUCH AS ANTICIPATES, BELIEVES, EXPECTS, FUTURE, AND INTENDS, AND SIMILAR EXPRESSIONS TO IDENTIFY FORWARD-LOOKING STATEMENTS. YOU SHOULD NOT PLACE UNDUE RELIANCE ON THESE FORWARD-LOOKING STATEMENTS, WHICH APPLY ONLY AS OF THE DATE OF THIS PROSPECTUS. THESE FORWARD-LOOKING STATEMENTS ARE SUBJECT TO RISKS AND UNCERTAINTIES THAT COULD CAUSE ACTUAL RESULTS TO DIFFER MATERIALLY FROM HISTORICAL RESULTS OR OUR PREDICTIONS. FOR A DESCRIPTION OF THESE RISKS, SEE THE SECTION ENTITLED RISK FACTORS.

OVERVIEW

We released our first Internet products, CaduCIS Manager and CaduCIS Net, in 1996. We subsequently released CaduCIS Alliance in July 1999. Since our first product release, we have signed over \$15 million in multi-year contracts with customers for our CaduCIS.com products. In March 1999, we formed our CareStandard.com division, and have entered into a \$4.6 million contract with the California HealthCare Foundation to develop our Care Exchange technology and business model. In the fall of 1999, we formed our CareScript.com, CareSense.com and CareLeader.com divisions. We did not generate revenues from these divisions in 1999. We have commenced sales of CareScript.com products and we expect sales of CareLeader.com and CareSense.com products to commence in 2001.

We generate revenues from subscriptions to our Internet-based proprietary technology applications and hosting of customer data, as well as from training, implementation and consulting services. We sell our products individually or as an integrated suite of products and services. We price our products on a per-encounter basis, such as the number of a hospital’s patient admissions or out-patient visits, or the number of members enrolled in a health plan. In the future, we may also price our products on a per-transaction basis.

The following table presents the percentage of our revenues we derived from subscriptions to our CaduCIS.com application service provider data analysis and hosting services and from our consulting and other services over the periods presented:

</Table>

Our subscription agreements typically cover an initial three- to five-year period with provisions for automatic renewals. We recognize training and implementation fees, as well as subscriptions and related hosting revenues, on a pro-rata basis over the life of the contract. We recognize consulting fees as the program or service is delivered.

Our contracts generally provide for payment in advance of services rendered. Therefore, we record these payments as deferred revenues and recognize these payments when earned in accordance with our revenue recognition policy. Our deferred revenue balances were \$820,000, \$2.9 million and \$2.5 million at December 31, 1998 and 1999 and March 31, 2000, respectively.

More than 100 health care organizations subscribe to our products. Our contracts with the California HealthCare Foundation and Providence Health System represented approximately 21% and 11%, respectively, of our 1999 revenues.

We have incurred substantial research and development costs since inception and have also invested in our corporate infrastructure to support our long-term growth strategy. We expect that our operating expenses will continue to increase as we expand our product development and sales and marketing efforts. Accordingly, we expect to continue to incur quarterly net losses for the foreseeable future.

Since inception, we have incurred cumulative net losses for federal and state tax purposes and have not recognized any material tax provision or benefit. As of March 31, 2000, we had net operating loss carryforwards of approximately \$16.5 million for federal income tax purposes. The net operating loss carryforwards, if not utilized, expire from 2010 through 2019. Federal tax laws impose significant restrictions on the utilization of net operating loss carryforwards in the event of an ownership change as defined in Section 382 of the Internal Revenue Code. See Note 4 of the Notes to Financial Statements in this prospectus for additional information regarding these carryforwards.

RESULTS OF OPERATIONS

THREE MONTHS ENDED MARCH 31, 2000 AND 1999

REVENUES

Total revenues increased 127% to \$1.6 million for the three months ended March 31, 2000 from \$718,000 for the three months ended March 31, 1999. The increase was primarily related to revenues generated from newly signed customer contracts.

Unrecognized revenues related to customer contracts as of March 31, 2000 totaled \$12.9 million.

COST OF REVENUES

Costs of revenues include customer product and service-related costs including personnel and facility costs, depreciation and maintenance. Cost of revenues for the three months ended March 31, 2000 was \$1.0 million, an increase of \$489,000 or 101%, compared to \$511,000 for the three months ended March 31, 1999. The increase was primarily a result of additional costs necessary to service new customers.

GROSS PROFIT

Our gross profit margin increased from 29% for the three months ended March 31, 1999, to 37% for the three months ended March 31, 2000. The increase in gross profit margin is primarily due to increased revenues spread over a fixed cost base.

RESEARCH AND DEVELOPMENT

Research and development costs include technology and product development costs. Research and development costs for the three months ended March 31, 2000 were \$599,000, an increase of \$203,000 or approximately 51%, compared to \$396,000 for the three months ended March 31, 1999.

This increase is primarily due to expenditures made related to new product development.

As a percentage of revenue, research and development costs were 37% of revenue for the three months ended March 31, 2000 as compared to 55% for the three months ended March 31, 1999.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES

Selling, general and administrative expenses include costs associated with our sales, marketing, finance, human resource and administrative functions. Selling, general and administrative expenses for the three months ended March 31, 2000 were \$1.6 million, an increase of \$701,000, or 74% compared to \$899,000 for the three months ended March 31, 1999. The increase was primarily related to hiring of additional sales and management personnel and marketing expenditures to increase and support customer growth.

As a percentage of revenues, selling, general, and administrative expenses were 96% for the three months ended March 31, 2000 as compared to 125% for the three months ended March 31, 1999.

STOCK-BASED COMPENSATION

<R>

We granted certain stock options to our officers and employees with exercise prices deemed to be below the fair market value of the underlying stock. The cumulative difference between the fair value of the underlying stock at the date the options were granted and the exercise price of the granted options was \$5.7 million at March 31, 2000. We expect to amortize this amount over the four to seven year vesting periods of the granted options. Accordingly, our results from operations will include stock-based compensation expense at least through 2006. We recognized \$339,000 of this expense during the three months ended March 31, 2000.

</R>

INTEREST INCOME AND EXPENSE

Net interest income for the three months ended March 31, 2000 was \$21,000, a decrease of \$6,000, or approximately 22%, compared to \$27,000 for the three months ended March 31, 1999.

The decrease is primarily due to lower investable cash balances.

YEARS ENDED DECEMBER 31, 1999 AND DECEMBER 31, 1998

REVENUES

Total revenues increased 70% to \$4.4 million for the year ended December 31, 1999 from \$2.6 million for the year ended December 31, 1998. The increase was primarily related to revenues generated from newly signed customer contracts. We anticipate our revenue to grow at a significant rate. The ultimate growth of our revenue is dependent upon the timing of the signing of contracts and the introduction of new products.

Unrecognized revenues related to customer contracts as of December 31, 1999 totaled \$12.6 million, of which we expect to recognize \$5.4 million in 2000 in accordance with our revenue recognition policy.

COST OF REVENUES

Cost of revenues for the year ended December 31, 1999 was \$2.5 million, an increase of \$600,000, or 32%, compared to \$1.9 million in 1998. The increase was primarily a result of additional costs necessary to service new customers.

GROSS PROFIT

Our gross profit margin increased from 25% in 1998 to 42% in 1999. This increase in gross profit margin is primarily due to increased revenues spread over a fixed base of costs. We do not expect significant increases in gross profit margin for the foreseeable future.

RESEARCH AND DEVELOPMENT

Research and development costs for the year ended December 31, 1999 were \$1.5 million, a decrease of \$200,000, or approximately 13%, compared to \$1.7 million for 1998.

This decrease is primarily due to the timing of changes in personnel. We expect research and development costs to increase in the future in support of our expected new product development.

As a percentage of revenue, research and development costs were 34% of revenue in 1999 as compared to 65% in 1998. We expect the growth in revenue to exceed the growth in research and development costs. Therefore, we expect these costs will decrease as a percentage of revenue, in the future.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES

Selling, general and administrative expenses for the year ended December 31, 1999 were \$3.9 million, an increase of \$700,000, or 23%, compared to \$3.2 million for 1998. The increase was primarily related to hiring of additional sales and management personnel to increase and support customer growth.

We expect that selling, general and administrative expenses will continue to increase in the future in order to support our revenue growth and the need for additional infrastructure.

As a percentage of revenues, selling, general and administrative cost was 90% in 1999 as compared to 124% in 1998. We expect the percentage of selling, general and administrative costs to decrease in the future.

STOCK-BASED COMPENSATION

<R>

We granted certain stock options to our officers and employees at prices deemed to be below the fair value of the underlying stock. The cumulative difference between the fair value of the underlying stock at the date the options were granted and the exercise price of the granted options was \$5.6 million at December 31, 1999. We expect to amortize this amount over the four to seven year vesting periods of the granted options. Accordingly, our results from operations will include stock-based compensation expense at least through 2006. We recognized \$233,000 of this expense during the year ended December 31, 1999.

</R>

INTEREST INCOME AND EXPENSE

Net interest income for the year ended December 31, 1999 was \$78,000. This amount arose primarily from investment interest income offset by interest expense from capital lease obligations. Net interest expense for the year ended December 31, 1998 was \$419,000. This amount arose primarily from interest expense from notes payable and capital lease obligations, partially offset by investment interest income.

The change from net interest income in 1999 from net interest expense in 1998 is due to higher investable cash balances resulting from the cash received from the sale of our series C preferred stock in a private transaction in December 1998 and a reduction in interest expense in 1999 due to the conversion of the notes payable to shareholder into our series G preferred stock in December 1998.

REVENUES

Total revenues increased 145% to \$2.6 million for the year ended December 31, 1998 from \$1.0 million for the year ended December 31, 1997. The increase was primarily related to revenues generated from newly signed customer contracts.

COST OF REVENUES

Cost of revenues for the year ended December 31, 1998 was \$1.9 million, an increase of \$400,000, or approximately 27% compared to \$1.5 million in 1997. The increase was primarily a result of additional costs necessary to service new customers.

GROSS PROFIT

Our gross profit margin improved in 1998 to 25% from a negative margin in 1997. This improvement is primarily due to an increase in revenue spread over a fixed base of cost.

RESEARCH AND DEVELOPMENT

Research and development costs for the year ended December 31, 1998 were \$1.7 million, an increase of \$100,000 or approximately 7% compared to \$1.6 million for 1997.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES

Selling, general and administrative expenses for the year ended December 31, 1998 were \$3.2 million, an increase of \$1.0 million, or 41% compared to \$2.2 million for 1997. The increase was primarily related to the hiring of additional staff and management to support our customer growth.

INTEREST INCOME AND EXPENSE

Net interest expense for the year ended December 31, 1998 was \$419,000 as compared to \$47,000 for the year ended December 31, 1997. The increase in net expense was primarily related to a reduction in interest income for 1998.

SELECTED QUARTERLY OPERATING RESULTS

The following table sets forth our unaudited quarterly results for the five quarters ended March 31, 2000. This information has been prepared on the same basis as the financial statements and, in the opinion of our management, reflects all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the information for the periods presented. The unaudited quarterly operating results are not necessarily indicative of future results of operation.

This data should be read in conjunction with our Financial Statements and related Notes included in this prospectus.

LIQUIDITY AND CAPITAL RESOURCES

Since inception, we have financed our operations and funded our capital expenditures through the private sale of equity securities, supplemented by private debt and equipment leases. Aggregate net proceeds to date from private equity financings total \$12.3 million. As of March 31, 2000, we had \$2.0 million in cash and a working capital deficit of \$1.6 million.

Net cash used in operating activities was \$1.1 million for the three months ended March 31, 2000 and \$1.4 million for the three months ended March 31, 1999. Net cash used in operating activities was \$3.8 million in 1997, \$2.4 million in 1998 and \$1.4 million in 1999. For those periods, net cash used in operating activities was primarily to fund losses from operations.

Net cash used in investing activities was \$192,000 for the three months ended March 31, 2000 and \$155,000 for the three months ended March 31, 1999. Net cash used in investing activities was \$180,000 in 1997, \$244,000 in 1998 and \$195,000 in 1999. Investing activities consisted primarily of purchases of property and equipment.

Net cash used in financing activities was \$98,000 for the three months ended March 31, 2000 and \$25,000 for the three months ended March 31, 1999. Financing activities for these periods consisted primarily of capital lease payments. Net cash provided by financing activities was \$2.5 million in 1997 and \$5.6 million in 1998, and net cash used in financing activities was \$370,000 in 1999. Financing activities consisted primarily of proceeds from a related party loan in 1997, proceeds from the sale of preferred stock in 1998, and capital lease financing and payments in 1999.

As we execute our strategy, we expect significant increases in our operating expenses to fund development of current and new divisions and product lines. Presently, we anticipate that our existing capital resources and the proceeds from this offering will meet our operating and investing needs through the end of 2001. After that time, additional funding may not be available on acceptable terms or at all. If we require additional capital resources to grow our business, execute our operating plans or acquire complementary businesses at any time in the future, we may seek to sell additional equity or debt securities or secure additional lines of credit, which may result in ownership dilution to our shareholders. In any event, we believe that our current funding resources,

including cash on hand and operating revenues, will be sufficient to sustain operations at least through 2000 without the proceeds from this offering.

RECENT ACCOUNTING PRONOUNCEMENTS

In December 1999, the SEC issued Staff Accounting Bulletin ("SAB") No. 101, "Revenue Recognition in Financial Statements." SAB 101 expresses the views of the SEC staff in applying generally accepted accounting principles to certain transactions. Our financial statements and related disclosures for 1997, 1998 and 1999 are in compliance with SAB 101.

BUSINESS

OVERVIEW

CareScience provides proprietary Internet-based tools designed to improve the quality and efficiency of health care. Our products allow users to identify the presence and causes of clinical inefficiencies and medical errors and to monitor the results of implemented solutions. We have developed a proprietary suite of technologies for the collection, analysis and sharing of clinical data. These technologies enable our customers to cost-effectively evaluate and manage the key quality factors in care delivery. We currently sell our Internet-based information and data evaluation products to hospitals, health systems, health plans and pharmaceutical manufacturers. Our objective is to facilitate improvements in health care quality and efficiency by using the Internet to become the leader in collection, analysis and exchange of comprehensive, community-wide clinical data.

CareScience was incorporated as Care Management Science Corporation in 1992 with the purpose of commercializing intellectual property that was developed at the University of Pennsylvania School of Medicine and The Wharton School. In 1993, we exclusively licensed the intellectual property underlying our core technology in a 30-year agreement with the University of Pennsylvania which is the holder of approximately 1.2% of our capital stock. In 1996, we launched our first Internet-based commercial product based on this proprietary technology under our CaduCIS.com product line. In 1999, we launched our clinical data sharing products as well as a product aimed at the pharmaceutical industry. In addition, we are currently developing products for use by physicians and consumers. To date, we have signed 50 contracts covering more than 100 hospitals, health systems, health plans and pharmaceutical companies. On March 7, 2000, we changed our name from Care Management Science Corporation to CareScience, Inc.

INDUSTRY BACKGROUND

CLINICAL COSTS ARE LARGE AND GROWING

According to the Health Care Financing Administration, or HCFA, annual health care spending in the United States exceeds \$1.2 trillion, or 14% of the country's gross domestic product, and is expected to grow to \$2.2 trillion by 2008. Current on-line efforts are primarily seeking to change administrative and financial processes, reduce systems costs, improve cash flow or speed billing and purchasing. Even if successful, these efforts do not address the significant majority of health care spending that results from the cost of clinical diagnosis and treatment. These costs arise from the process of medical decision-making, treatment choice and therapeutic efficacy, and comprise the largest portion of spending in the health care industry. Furthermore, we estimate that hospitals, health plans and pharmaceutical companies spend more than \$35 billion annually to manage treatment decisions and attempt to control clinical costs. As inefficiencies within the health care system consume enormous resources, as well as pose medical risks to consumers, constituents across the health care industry are seeking cost-effective information and tools to improve the quality and efficiency of care delivery.

CONCERNS ABOUT CLINICAL QUALITY AND MEDICAL ERRORS ARE INCREASING

The delivery of clinical care usually involves complex procedures, multiple treatments and subjective judgments. Even appropriate clinical decisions are often difficult to implement and analyze because of uncontrolled operational systems. Hospitals and health plans have been seeking to gain control of and measure clinical processes to increase accountability and improve care.

Problems with quality in the health care industry have recently gained attention because of advances in the ability to measure medical errors and complications and increasing concern about clinical care among policy-makers and the public. In addition to being the eighth-leading cause of death in the United States, medical errors add substantial costs to and drive consumer dissatisfaction with the delivery of care. Medical errors and complications result in unnecessary events including emergency room visits, hospitalizations, specialist referrals and laboratory studies, all of which are used to evaluate the errors and manage the consequences they create. We believe that many of the current efforts to reduce administrative waste and improve financial performance do not address the processes that result in clinical inefficiencies. Health care delivery systems, physicians, health plans, the government and employers are seeking information regarding clinical quality and medical errors as well as tools to enhance clinical efficiency.

HEALTH CARE CONSTITUENTS REMAIN HIGHLY FRAGMENTED

Health care is delivered locally in hundreds of thousands of locations through a complex and fragmented mix of constituents, including:

- hospitals, health systems, medical practice groups and other provider organizations;
- physicians in solo or small-group practices;
- payors, such as insurance companies, managed care organizations, Medicare, Medicaid and employers; and
- suppliers, such as clinical laboratories, pharmaceutical companies and other groups that provide tests, drugs, x-rays and other medical supplies and services.

Historically, many of these organizations have tried to improve efficiency, accountability and clinical-process control by horizontally or vertically integrating with other constituents. For example, hospitals acquired physician practices in order to create integrated delivery systems. These efforts have largely been abandoned because these systems were unable to integrate clinical services and set common goals. Additionally, these efforts highlighted the importance of being able to share clinical, operational and administrative information.

TECHNOLOGICAL FRAGMENTATION LEADS TO INEFFICIENT USE OF CLINICAL DATA

In order to efficiently deliver care, information must flow within and between health care constituents. For example, to diagnose and treat a patient properly, physicians need access to clinical information such as medical history data, laboratory results, x-rays and prescriptions from various hospitals, laboratories and other providers. Health care constituents have not historically coordinated their information technology investments due to:

- the large number of constituents;
- the complexity of health care encounters and transactions;
- the cost of deploying technology; and
- pervasive concerns about confidentiality of patient information.

This has resulted in the current technology infrastructure in health care being characterized by numerous incompatible and proprietary mainframe and client/server systems that store information in isolated databases using non-standardized formats. Thus, providers must typically request information by phone, fax or patient survey and those requests are frequently delayed due to disparate paper-based systems maintained by most constituents. Furthermore, the lack of timely access to accurate clinical information, particularly in an urgent-care situation, may lead to poor clinical outcomes and excess costs through:

- inaccurate diagnoses;
- redundant tests; and
- enhanced potential for medical errors and clinical complications.

As a result of geographic, organizational and technological fragmentation, current information exchange is often incomplete or redundant, thus creating the need for a comprehensive technology solution.

THE GROWTH OF THE INTERNET IS IMPACTING HEALTH CARE

The Internet has emerged as the fastest growing communication medium in history. International Data Corporation, an independent research firm, estimates that the total number of Internet users worldwide will grow from 142 million at the end of 1998 to 502 million by the end of 2003. The Internet is currently being used to speed and streamline a variety of business transactions. The Internet's open architecture, platform and location independence, scalability and growing acceptance make it an increasingly important medium for the information-intensive and highly transactional health care industry. We believe that many existing Internet products do not provide tools to monitor the care delivery process or improve clinical efficiency. Additional improvements in the ability to search, store, structure, integrate and filter vast amounts of disparate data and to dynamically analyze, customize and display information in contexts relevant to particular users will further increase the usefulness of Internet-based applications to the health care market.

THE CARESCIENCE SOLUTION

We provide Internet-based products that use proprietary analytical tools and data collection and sharing technologies to improve the quality and efficiency of clinical services. Our products identify the presence and causes of clinical inefficiencies and medical errors and monitor the results of implemented solutions. Additionally, we facilitate the sharing of clinical information across health care constituents on a community-by-community basis. We believe our solutions improve our customers' business performance by enabling real-time clinical data sharing and detailed clinical-process analysis.

IMPROVE THE QUALITY OF CARE. Our proprietary scientific methodologies were developed at the University of Pennsylvania School of Medicine and The Wharton School with over \$30 million in grants. Our algorithms allow us to normalize clinical information across thousands of parameters using sophisticated statistical analysis and, in conjunction with our on-line analytic processing technology, provide retrospective evaluation as well as prediction of clinical performance. Unlike benchmarking, which compares performance to designed protocols or averages of broad populations across a limited number of criteria, our algorithms allow users to understand the underlying basis of their clinical performance. For example, when a patient experiences a clinical complication, we can determine the likelihood that the complication was attributable to the patient's condition, the physician's decisions or the hospital's operations, and for any of these, which specific factors contributed to the complication. We believe our products provide health care constituents with the most comprehensive, robust and clinically credible tools for clinical-process management.

OUTSOURCE COMPLEX CLINICAL ANALYSES. The collection, standardization and analysis of clinical data is complicated, time intensive and requires specialized capabilities. We believe that very few health care organizations possess these resources or capabilities. Our products are designed to collect and analyze comprehensive clinical data in order to improve the delivery of care. As an application service provider, we offer our customers cost-effective access to remotely hosted data supported by sophisticated processing technology and analysis methods.

EXCHANGE CLINICAL INFORMATION. Our technologies provide information to influence diagnostic and treatment decisions by enabling secure information sharing among authorized health care constituents. Since much information is not currently available at the point of care, we are

developing an Internet-based care data utility to share and analyze clinical information among participating health care constituents within a community. We are developing access standards to this utility and have certified a wide variety of clinical applications to give our customers flexibility in accessing this utility. For example, we have designated more than 60 applications from vendors as CareStandard.com-certified, including Cerner, Eclipsys, MedicaLogic and Shared Medical Systems.

PROVIDE COMPREHENSIVE SERVICES. Our products support critical clinical functions and are used intensively by our customers. We are developing new products to support other important tasks, such as interacting with physicians and consumers, which will expand the role of our products in daily clinical-management functions. Because of the services we provide, our customers comprise a large and growing base of high-level clinical decision makers with significant strategic and operational influence. As the use of the Internet grows, we believe that we will have a unique channel through which to distribute other Internet-based services to our users.

OUR VALUE PROPOSITION

Our value proposition to our customers is based on enabling them to manage their clinical operations using our databases and proprietary clinical algorithms. Our approach identifies clinical inefficiencies and medical errors and thereby offers the opportunity to improve the quality of care and reduce costs. Additionally, we host our customers' clinical data and provide real-time access to that data, which reduces their fixed cost of information technology while increasing reporting flexibility.

Customers gain value from our products in three principal areas:

IMPROVING CLINICAL PROCESSES. Many tests and therapies that are performed on patients do not improve outcomes or may pose undue risk. Moreover, many patients do not receive indicated preventative therapies or are placed at risk by oversights in drug regimens or in pre-operative preparations. Our products enable our customers to strengthen their business performance by improving the quality of care they deliver and avoiding medical errors and unnecessary treatments.

LOWERING THE COST OF MANAGEMENT OVERSIGHT. In hospitals and health plans, our products reduce the need for manual data collection and for tracking of clinical events. Our CareScript.com databases and outsourcing tools reduce the need for pharmaceutical makers to have specialized in-house staff to manage the strategic drug development process. Because our products are vendor neutral and operate over the Internet, we enable our customers to realize substantial value from their historical investment in legacy systems.

IMPROVING THE WAY HEALTH CARE CONSTITUENTS INTERACT. Our products provide service integration by enabling health care constituents to share relevant clinical information. For example, our products enable hospitals and health plans to provide clinical-data access to physicians at the point of care. Also, hospitals and health plans can use our products to supplement their consumer relationships and improve consumer satisfaction and health status.

OUR STRATEGY

Our objective is to become the leading provider of Internet-based products to facilitate improvements in health care quality and efficiency. The primary components of our strategy include:

OFFER COMMUNITY-BASED SOLUTIONS. Our primary focus is at the community level, where the overwhelming majority of people receive clinical services. Our products and services support the key participants in local health care delivery: hospitals, health plans, pharmaceutical and biotechnology companies, physicians and consumers. We offer a comprehensive suite of Internet-based products and services that allow different participants in local health care systems to manage

their role in care delivery while collaborating with other participants. As one or more of our products become accepted within a community, our other products become more valuable and more likely to be used in that community.

DEVELOP NEW PRODUCTS BASED ON OUR PROPRIETARY KNOWLEDGE AND DATA ASSETS. We have developed a substantial and rapidly growing proprietary on-line data asset in a single location and format encompassing millions of care encounters. We maintain proprietary, rigorously validated clinical algorithms. Our data and knowledge bases are unique because of their clinical detail and linkage to ongoing relationships with active customers. We are leveraging our proprietary database to develop and introduce other Internet-based products. For example, in the fall of 1999, we introduced our CareScript.com product to pharmaceutical and biotechnology companies for outsourcing key functions and performing on-line pharmacoeconomic analysis. In addition, we are developing CareLeader.com for physicians and CareSense.com for consumers using our proprietary knowledge and data assets.

CROSS-SELL PRODUCTS. We are developing strong relationships with hospitals, health systems, health plans and pharmaceutical companies. We intend to enhance these relationships by developing and selling additional complementary products to these customers. While each of our products is designed to satisfy the needs of a particular type of customer, customers frequently purchase more than one type of product. For example, we believe that hospitals that use CaduCIS.com to manage clinical processes are more likely to use CareStandard.com to exchange clinical data, CareLeader.com to relate to physicians and CareSense.com to relate to consumers. Additionally, we can serve our high-level user base by providing future opportunities for third-party services to be offered through our distribution channels.

LEVERAGE OUR TECHNOLOGY PLATFORM. Our products use a common technology platform, including common architecture, data structures, analytic processing tools, clinical algorithms and telecommunication protocols. Additionally, our products frequently integrate with a variety of other vendors' products. By using the Internet and serving as a centralized application service provider, our solution represents a high-value proposition for our customers. Furthermore, since our products are technologically intensive and connect disparate industry segments, customers cannot replicate our products without incurring substantial costs.

PURSUE TARGETED STRATEGIC RELATIONSHIPS AND ACQUISITIONS. We intend to pursue strategic relationships and acquisitions that would bolster our distribution channels in core areas or expand our service offerings to customers. We plan to seek targeted partnerships and acquisitions that would be consistent with our objective to improve quality and efficiency in health care.

PRODUCTS

We provide an integrated suite of Internet-based products designed to gather, store, analyze and disseminate clinical information. Our customers use these products to build relationships and to improve the quality and efficiency of clinical care. To date, we have deployed three core product lines: CaduCIS.com, CareStandard.com and CareScript.com. Additionally, we are developing two

CADUCIS.COM

CaduCIS.com products are used by hospitals, health systems and health plans to monitor and evaluate care and to support and manage the physicians that provide care on their behalf. The CaduCIS.com Web-server center now hosts more than 5 terabytes of detailed clinical data which is the equivalent of over 2.5 billion pages of text. This data and the related Web-server operation provide the critical infrastructure support to our other product lines.

- All products in the CaduCIS.com product line:
- collect clinical data from existing customer information systems;
 - standardize and store data in a common format;
 - provide access to data and clinical algorithms through our application service provider platform;
 - analyze data using our proprietary methods to identify ways to improve care;
 - provide information access to authorized users with only a browser and Internet connection; and
 - create on-line communities of users to support collaboration for care improvements.

CADUCIS MANAGER ALERTED A HOSPITAL TO A PROBLEM WITH MEDICAL ERRORS IN PATIENTS WITH AN INTESTINAL BLOCKAGE. USING THE TOOL, USERS DETERMINED THAT THE AMOUNT OF INTRAVENOUS FLUID PROVIDED WAS TOO MUCH FOR SOME OF THE PATIENTS WITH WEAKER HEARTS. THAT EXCESS FLUID RESULTED IN A DANGEROUS CONDITION WHERE FLUID ACCUMULATES IN THE LUNGS AND BREATHING BECOMES DIFFICULT. THIS COMPLICATION WAS COSTLY DUE TO THE NEED FOR DRUG TREATMENT TO REMOVE THE EXTRA FLUID AS WELL AS LAB AND X-RAY TESTS TO MONITOR THE TREATMENT. IN LESS THAN 5% OF THE TIME IT WOULD HAVE TAKEN WITHOUT CADUCIS.COM, TWO USERS WERE ABLE TO QUICKLY IDENTIFY A TOTAL OF 250 CASES OF THIS COMPLICATION REPRESENTING MORE THAN \$1.4 MILLION IN UNNECESSARY, UNCOMPENSATED FEES.

CADUCIS MANAGER. Our customers use CaduCIS Manager to improve the clinical care delivery process, reduce medical errors and lower costs in the inpatient and hospital-based outpatient settings. It is used by case managers, medical directors, physician leaders, department chairmen, decision-support analysts and other hospital and health system managers with only a browser and Internet connection. Output from CaduCIS Manager is used in many different ways including: case management, physician education, profiling, pathway development, performance monitoring and compliance with Medicare-required quality data submission.

CADUCIS ALLIANCE. Our customers use CaduCIS Alliance to reduce medical errors and better utilize specialized resources such as hospitals, specialists and emergency care units. CaduCIS Alliance focuses on optimizing physicians' treatment choices for treatment setting, drug use, test and therapy use and procedure use. It is used by medical directors, utilization review staff and practice leaders for numerous medical management functions and also supports National Committee for Quality Assurance accreditation. Importantly, CaduCIS Alliance also enables communication and coordination between health plan and practicing physician.

We typically sell CaduCIS Manager and CaduCIS Alliance pursuant to three- to five-year contracts, Contract pricing is estimated based on a per-encounter or per-member basis. To the extent customers exceed estimated amounts, additional fees will be charged. It usually takes us and our implementation partners between 10 and 28 weeks to install the products, including data-interface development, database construction and user training. Customers typically have unlimited access to data and are supported by an array of telephone and email help, data validation and management, product training classes and ad-hoc services. We are currently testing transaction-based pricing in selected markets.

CADUCIS NET. This is a free Internet-based service using our proprietary algorithms to compare quality and performance across hospitals. Because we use the most recent public information for Medicare beneficiaries across the nation, this product is immediately accessible to authorized users. In September 1999, we made a strategic decision to offer CaduCIS Net free to the health care marketplace. Since that time, over 2,600 health care organizations have registered and are using this product and more than 1,100 have requested information about our revenue-producing products. Two-thirds of all non-governmental United States hospitals use CaduCIS Net to compare clinical and economic performance and to identify patterns of medical errors.

We also employ a group of expert educators and consultants who support product users through a service offering called the Institute for Management Development. The Institute for Management Development assists in the development of disease-focused strategies and in setting and achieving explicit process improvement performance targets. Institute for Management Development staff also advises executive and clinical leadership on the strategic use of care management as a competitive tool in regional or national markets. These services are offered as on-site or Internet-based programs aimed at physician executives, practicing clinicians and CaduCIS.com users.

CareStandard.com is designed to enable real-time, Internet-based clinical data exchange and related services that allow for the secure sharing and storage of clinical data using more than 60 applications from third-party vendors. Physicians, hospitals, health systems, laboratories, pharmacies and other local organizations participate in data-sharing arrangements organized and operated by us to deliver the information that physicians need to provide better care for their patients. We facilitate data availability at the point of care through an open-architecture, Internet-based data sharing utility. By using these services, participants are able to share clinical information, thereby:

- providing clinical data at the point of care;
- reducing the rate of medical errors and misdiagnoses;
- improving the efficiency of care delivery; and
- reducing the overall cost of health care.

CareStandard.com clinical data exchange is accomplished through three business and technical mechanisms:

- certification of third-party vendors to ensure compliance with the CareStandard.com data standards;
- formation of a Care Exchange composed of local health care constituents that determine data sharing rules; and
- deployment of a care data utility to securely and efficiently route, convert and monitor data elements between parties over the Internet.

CARESTANDARD.COM HYPOTHETICAL EXAMPLE

A PHYSICIAN IS TREATING A NEW PATIENT WHO STATES THAT HE WAS RECENTLY SEEN IN A HOSPITAL EMERGENCY ROOM BY ANOTHER PHYSICIAN AND HAD A PRESCRIPTION FILLED THAT HE CAN'T REMEMBER. THE PHYSICIAN IS ABOUT TO ORDER AN EXPENSIVE SERIES OF LABORATORY TESTS, BUT BEFORE SHE SUBMITS THE ORDER, SHE USES HER EXISTING CARESTANDARD.COM-CERTIFIED MEDICAL RECORD APPLICATION TO RETRIEVE THE PATIENT'S LAB RESULTS FROM THE EMERGENCY ROOM AND THE PATIENT'S PRESCRIPTION HISTORY FROM THE LOCAL PHARMACY. SHE DISCOVERS THAT THE LAB REGIMEN THAT SHE WAS ABOUT TO ORDER WAS ALREADY COMPLETED BY THE HOSPITAL AND THAT THE PATIENT HAD MORE THAN ONE ABNORMAL RESULT. ONCE AGAIN USING HER EXISTING APPLICATION, SHE ORDERS A SINGLE FOLLOW UP LAB TEST AND AN IMPORTANT PRESCRIPTION. FORTUNATELY, THE PHYSICIAN IS ALERTED IMMEDIATELY TO A DRUG ALLERGY THAT THE PATIENT HAD FORGOTTEN, SO THE PHYSICIAN CHANGES HER DRUG ORDER TO ANOTHER PRODUCT. IN LESS THAN FIVE MINUTES, THE PHYSICIAN HAS RETRIEVED IMPORTANT CLINICAL DATA AND INITIATED A SAFE, EFFECTIVE TREATMENT.

CARE EXCHANGE. We provide the staff and services that establish and manage a Care Exchange in each community. The Care Exchange develops the rules for data sharing and governs the ongoing arrangements between participating organizations. We also provide Internet-based information relevant to Care Exchange members, including:

- current status of federal, state, and local regulations;
- health industry assessments; and
- reports that track issues surrounding use of the Internet for health information exchange.

Our demonstration Care Exchange is in Santa Barbara County, California, and is developed with a \$10 million grant from the California HealthCare Foundation. We intend to introduce

CareStandard.com in the California market initially and then to markets across the United States, primarily relying upon Internet-based work-flow management tools that are being developed as part of our demonstration Care Exchange.

CARE DATA UTILITY. We are currently implementing a care data utility, which is compliant with proposed Health Insurance Portability and Accountability Act regulations. This utility will securely route, standardize, host and retrieve clinical data from any CareStandard.com-certified application. It will comply with existing industry and governmental standards for data content inputs and outputs and will include universal person identifiers with secure data access. Most data will be stored locally within each separate third-party application, but we could provide a community-level data storage for those third-party applications that cannot transmit data instantaneously. Importantly, we are designing this care data utility to be highly scalable and capable of being expanded at low marginal cost. Markets for this health care information utility can be accessed on a community-by-community or health system-by-health system basis.

VENDOR CERTIFICATION. Our CareStandard.com care data utility is designed to be an application-independent, open-architecture data sharing solution. We certify vendors that have fully deployed applications that meet our requirements. As of February 2000, we have certified more than 60 products from vendors that we determined to meet our requirements. Only products that are CareStandard.com-certified can integrate with our care data utility, and Care Exchange members have agreed to only purchase CareStandard.com-certified products. These products cover multiple functions such as order entry systems, electronic medical record applications, patient health care information web sites and system integration tools.

We maintain a comprehensive, highly detailed, Internet-based database regarding the vendors and products we certify. We also identify and support organizations that want to buy CareStandard.com-certified products. By bringing together community-based buyers and product sellers, we believe that we can simultaneously aggregate organizational purchasing power for communities and enhance product volume for vendors. Additionally, the certification process offers vendors a framework for product development that is based on specific and objective criteria.

CARESCRIPT.COM

CareScript.com builds upon the proprietary databases created by our other product lines, and uses this data to answer important development, market-targeting and pricing questions for pharmaceutical and biotechnology companies. According to a 1994 study by Duke University, seven out of ten commercialized pharmaceutical products fail to recoup their development costs. Researchers, marketers and other decision makers within pharmaceutical manufacturers use CareScript.com to improve the financial return from chemicals ranging from those in discovery to those that are already commercialized. Additionally, we provide related services to hospitals, health systems and health plans to enable those organizations to better select, purchase and deploy drugs.

CareScript.com products perform the following functions:

- on-line pharmacoeconomic data access;
- interactive analytic models;
- pharmaceutical development life cycle tools; and
- outsourcing management communication technology.

CARESCRIPT.COM CASE STUDY EXAMPLE

RESEARCH DATA INDICATES THAT A NEW CHEMICAL COMPOUND DEVELOPED BY A PHARMACEUTICAL COMPANY IS EFFECTIVE AGAINST A WIDE RANGE OF DISEASES. USING OUR CARESCRIPT.COM DATABASE AND SERVICES, THE PHARMACEUTICAL MAKER WAS ABLE TO DETERMINE THE TYPE AND FREQUENCY OF THOSE DISEASES IN UNITED STATES HOSPITALS NATIONALLY, REGIONALLY AND LOCALLY. CARESCRIPT.COM ALSO DETERMINED THE SEASONAL AND AGE-RELATED VARIABILITY OF THOSE DISEASES. WE EXPECT THAT FURTHER USE OF OUR CARESCRIPT.COM DATA AND ANALYTIC TOOLS WILL SHOW HOW EXISTING PHARMACEUTICAL PRODUCTS ARE USED TO TARGET THESE DISEASES. IT WILL ALSO BE ABLE TO REVEAL THE EXISTING VARIABILITY IN TREATING THESE CONDITIONS WITH CURRENT PHARMACEUTICAL PRODUCTS, THE CLINICAL OUTCOMES FOR EACH EXISTING APPROACH AND THE UNMET NEEDS OF PATIENTS WITH THESE DISEASES. THIS INFORMATION WILL ENABLE THE PHARMACEUTICAL MAKER TO DETERMINE THE MOST ATTRACTIVE COMMERCIAL OPPORTUNITY AND PROPER CLINICAL TARGET FOR THE NEXT, MORE EXPENSIVE PHASE OF THE FOOD AND DRUG ADMINISTRATION APPROVAL PROCESS. SPECIFICALLY, THE PHARMACEUTICAL MAKER CAN UNDERSTAND WHAT DISEASES TO TARGET, AND WHEN TO START AND WHERE TO CONDUCT ITS TRIAL TO MINIMIZE ITS COSTS AND MAXIMIZE ITS LIKELIHOOD OF SUCCESS.

ON-LINE ANALYSIS. Customers use CareScript.com to perform on-line analyses to study the financial impact of a new pharmaceutical product. We use our Internet-based applications, proprietary algorithms and data to replace or complement costly and time-consuming consulting services. Pharmaceutical makers use CareScript.com to decide what diseases to target with their research and development efforts and whether or not a new drug should be moved out of research and development and into the expensive clinical trials process. These studies may identify the costs of treating an illness, the distribution of patients with particular diseases, how they are treated and how specific drugs impact the course of illness. Our on-line pricing analyses help determine how a drug should be priced in view of the benefit it provides to patients and the competitive positioning of other drugs.

OUTSOURCING. We provide on-line and consulting-based outsourcing to biotechnology and other smaller firms that cannot support a pharmacoeconomic staff or pricing staff of their own. Like their larger competitors, these organizations need specialized clinical-economic support for the commercialization of their new or positioning of their existing drugs. Through CareScript.com, we expect to form long-term relationships with these organizations. We expect to use our Internet-based products to outsource management of pharmacoeconomics, procurement of pricing and outcome studies and provide development lifecycle modeling tools for these customers.

CARELEADER.COM AND CARESENSE.COM

CareLeader.com and CareSense.com are currently under development as interactive products to enhance the physician-patient encounter. Both products will use our database, as well as our proprietary analytic methods, Internet-based operations, hosting and distribution channels.

CARELEADER.COM AND CARESENSE.COM HYPOTHETICAL EXAMPLE

A PATIENT WAS RECENTLY DIAGNOSED WITH LEUKEMIA. AFTER REVIEWING THE GENERIC INFORMATION AVAILABLE ON SEVERAL CONSUMER-FOCUSED WEBSITES, THE PATIENT LOGS INTO CARESENSE.COM THROUGH HER COMMUNITY HOSPITAL WEBSITE. AFTER ESTABLISHING HER IDENTITY, SHE INITIATES THE DOWNLOAD OF HER MEDICAL DATA INTO THE CARESENSE.COM DATABASE AND REVIEWS THAT INFORMATION. SHE THEN PERFORMS A TREATMENT COMPARISON TO SEE HOW OTHER PATIENTS LIKE HER HAVE BEEN TREATED. SHE ALSO LEARNS WHICH COMPLICATIONS SHE MAY DEVELOP AND WHAT SHE CAN DO TO PREVENT THEM. SHE DISCOVERS THAT PEOPLE LIKE HER ARE GENERALLY HOSPITALIZED THREE TIMES WITHIN THE FIRST SIX MONTHS OF TREATMENT. CARESENSE.COM GENERATES A LIST OF QUESTIONS FOR HER TO ASK HER PHYSICIAN AND ALLOWS HER TO EMAIL THOSE QUESTIONS TO HIM. HER PHYSICIAN LOGS INTO CARELEADER.COM AND THESE QUESTIONS ARE PRESENTED TO HIM AND A

CARELEADER.COM

CareLeader.com will be an Internet-based product for use by physicians at the point of care. It will supplement their own experience and training by using current and past data available on their patients along with analysis provided by our proprietary analytical tools. Through CareLeader.com, physicians will be able to access four real-time features:

DATA ACCESS. Physicians will be able to get on-line access to order and result data about their patients from any Web browser. This data will include available orders, diagnoses, results, visit history and treatments by other physicians.

TREATMENT AID. CareLeader.com will show physicians the types of treatment that are typically provided to patients like the one they are currently evaluating. This information will include emergency room visits, primary care physician visits and referrals to a specialist or admission to a hospital. The results shown to physicians in CareLeader.com will be generated by the same methods used throughout our products.

PHYSICIAN OR HOSPITAL SELECTION. Using this feature, physicians will be able to identify other physicians or hospitals with the best experience and outcomes for their patient as determined by our proprietary methods. The physician would also be able to review other information about a physician or hospital available on-line in CaduCIS.com, in other linked applications or on the Internet.

PERFORMANCE REVIEW. CareLeader.com will allow physicians to compare themselves to norms, peers, historical performance or to track the care given to patients and populations across time. Physicians will also be able to access our rules library as part of real-time decision making about diagnosis and therapy. We will host the data supporting these features and make them accessible through CareLeader.com on a real-time basis over the Internet.

CARESENSE.COM

CareSense.com will allow consumers to access information designed to guide their self-care decisions and to support their relationship with their physician. For hospitals and health plans, CareSense.com enhances their consumer relationships and brand preference among consumers and promotes use of their services. Where the hospital or health plan uses CaduCIS.com, consumers will be able to access their clinical data. Regardless of whether a hospital or health plan uses CaduCIS.com, consumers will be able to complete a confidential medical profile which we will host for future access. Through CareSense.com, consumers will be able to access numerous features including:

DATA ACCESS. Consumers will be able to get on-line access to data about their treatments from any Web browser. This data will include orders, diagnosis, results, visit history and treatments by any physician.

TREATMENT COMPARISON. After entering or downloading their confidential medical profile, consumers will be able to use CareSense.com to identify how patients with similar characteristics were treated. For example, a newly diagnosed patient could see whether similar patients were treated by a specialist and what medications they were prescribed. This component of the site will support self-care decisions and complement the treatment decisions made by physicians with their patients. The results that are shown to consumers will be generated by risk assessment libraries

and data stored in CaduCIS.com databases. This core information will be supplemented by other available information including treatment guidelines and medical literature reviews.

RISK APPRAISAL. Consumers will be able to identify their risks for treatments and complications based on their individual characteristics and diseases. Examples include risks for hospitalization, emergency room use and the likelihood of undergoing specific procedures or being treated with particular drugs.

CUSTOMERS

We have entered into long term relationships with over 100 major hospitals, health systems, health plans and pharmaceutical and biotechnology companies. Representative customers for our products and services includes:

- Ascension Health;
- Borgess Health Alliance;
- British Biotech;
- Community Health Plan;
- Heartland Health System;
- Providence Health System;
- Rush System for Health;
- Tenet Brookwood Medical Center;
- Sisters of Mercy Health System; and
- University of Pennsylvania Health System.

The Company's operations are conducted in one business segment and sales are primarily made to health care payors and providers. During the year ended December 31, 1999 and for the three months ended March 31, 1999, we generated 11% and 16%, respectively, of our revenue from our largest customer, Providence Health System. During the year ended December 31, 1999 and for the three months ended March 31, 2000, we generated 21% and 24%, respectively, of our revenue from our development partner, California Healthcare Foundation. In addition, one of our customers, Foundation Health Systems, accounted for 53% and 37% of our revenue in 1997 and 1998, respectively.

<R>

The Company had five, three and five customers as of December 31, 1998 and 1999 and March 31, 2000, respectively, which accounted for 77%, 37% and 69% of total accounts receivable.

</R>

We have developed four major technology components that underlie our products:

- an application service provision platform;
- automated data evaluation and processing tools;
- on-line analytic processing technology; and
- a care data utility.

These components are integrated into a single on-line architecture depicted below:

CARESCIENCE ARCHITECTURE

<S>	<C>	<C>
[Customer and Partner Data through the Internet]	[CareScience.com Application Service Provider through the Internet]	[CareScience.com Access Portals through the Internet]

</Table>

APPLICATION SERVICE PROVISION

We operate as an application service provider so that we can rapidly implement and instantly upgrade our products at low cost. We provide our customers with an Internet-based environment where computation intensive functions are supported with high security, performance, availability and scalability. All of our applications are accessible through a standard Internet browser. Customer-specific databases are integrated by an analysis layer and a communications layer using a multi-tier server architecture. We maintain security through formal policies and procedures as well as technologies used to protect the integrity of the systems and the confidentiality of the sensitive data they contain. Performance and availability are maintained through a redundant design that allows for continued operation in the event of failure of individual critical components, as well as automated monitoring to detect failures.

<Page>

<R>

AUTOMATED DATA COLLECTION AND STANDARDIZATION
</R>

<R>

Our proprietary automated data collection and standardization tool validates and combines health care data from disparate sources over the Internet. This tool manages comprehensive, patient-level collection of information including patient history, risk factors, diagnosis, test results, therapies applied and their resultant outcomes. It can process a single record or a large group of records, and is optimized for efficiency and scalability.
</R>

<R>

Our automated data collection and standardization tools provide our customers secure, on-line access to advanced standard and user-defined validation rules and automatic validation reports. We facilitate process or workflow management through scheduled, automatic data file retrieval, sophisticated status monitoring, automatic error handling, and pre-planned capacity for scalability. Building from this foundation of open standards, we add custom, value-added data structures and dictionaries to capture clinical services, payor, operating unit, test, therapy and demographic information using standard definitions.
</R>

ON-LINE ANALYTIC PROCESSING

Our on-line analytic processing draws from rules, parameters and other content that comprises our most protected and proprietary methods. Our on-line analytical processing technology introduces five key classes of variables into our patient-level data:

- RISK ASSESSMENT. Our tools calculate patient-specific risks for outcomes including mortality, complications, episode duration, length of stay, cost, emergency room visits, specialist referrals and hospitalizations. Patient-specific risks are computed for each diagnosis, outcome and utilization measure, using more than 5,000 severity assessment equations.
- THERAPEUTIC NORMS. Our tools identify specific therapeutic norms in cases where physicians have variant practices in comparison to their peers, risk adjusted for patient differences. Practice-style variations can be compared to outcomes in order to focus inquiry on practice decisions that significantly impact outcomes.
- EPISODE GROUPING. Our tools group multi-site encounters and claims into common treatment categories based on procedures, diagnoses and medications with variable-length episode durations. Risk assessment algorithms are applied to these episodes to enable performance comparisons across sites of care.
- COMPLICATION IDENTIFICATION. Our tools distinguish between newly identified complications and pre-existing conditions for both surgical and medical conditions. Risk assessment algorithms are used to separate patient determinants of complications from those related to the facility or physician.
- UNIFIED MEDICAL LANGUAGE. Our tools use standard clinical vocabulary based on the National Library of Medicine Unified Medical Language System. This vocabulary allows comparisons of tests and therapies across facilities and application of treatment-specific rules, and also supports data integration and analysis.

CARE DATA UTILITY

We are currently developing a care data utility to enable the secure exchange of clinical data between cooperating health-care organizations. This utility uses a variety of health-care standards for the exchange of data over the Internet. It is designed to be accessed by any authorized application which we have designated as CareStandard.com-certified.

The security regulations proposed in the Health Insurance Portability and Accountability Act will require the protection of the confidentiality, integrity and availability of health care information. The

utility and certified applications will work together to provide all three protections as information is exchanged by organizations. In addition, a key characteristic of the care data utility will be the collection and management of metadata, representing the location of primary health care data. Through standardization of information exchange formats and communication protocols, CareStandard.com-certified applications will be able to exchange information directly.

The care data utility will have four primary components:

- the Internet provides basic connectivity among organizations;
- our Care Exchange Metadata Server tracks the location of data stored in customers' legacy systems;
- our Care Exchange Directory Servers provide address resolution and patient and provider indexing; and
- third-party CareStandard.com-certified applications interface with the servers over the Internet using our standards.

STRATEGIC RELATIONSHIPS

<R>

We have developed strategic relationships with organizations that supply important inputs into our products. We have a long-standing technology transfer relationship with the University of Pennsylvania, from which we have licensed intellectual property and methods. The University and management began this relationship in 1987 and it has grown over time as new methods and properties have been added to our portfolio. From time to time, faculty of the University of Pennsylvania provide informal advice and consultation regarding refinement of our existing methodologies and/or advice regarding potential areas of new development. This informal advice is not material to our results of operations. Dr. David J. Brailer, our Chairman, Chief Executive Officer and a member of our Board of Directors, is an adjunct faculty member of the University of Pennsylvania. The University of Pennsylvania Health System is also a non-material customer of CareScience. As a result of these contacts, we have formed collegial and business relationships with faculty and administrators at the University. Also, the University owns 124,900 shares of our common stock, which represents 1.2% of our outstanding stock before this offering and less than one percent after this offering. The University does not have the ability to direct or influence our operations, except as licensor under the license agreement and through its ability to vote its 124,900 shares of common stock. We are not aware of any agreements among the University and any other parties, such as other shareholders, to influence our management or operations. We have no agreements with the University, informal or formal, other than a non-material customer agreement and the license agreement.

</R>

<R>

We entered into our license agreement with the University on July 1, 1993 and amended it effective on April 1, 1995 and May 1, 1997. That agreement expires on March 31, 2025, unless sooner terminated by the University upon our default or sooner terminated by us upon 90 days' notice to the University. Under the license agreement, the University grants a royalty-bearing, worldwide, exclusive license to us for the use of the software code which forms the basis for our technology and the proprietary analytic routines which were used to create the software, as well as the right to sublicense the software, to create derivative works from the software and to enter into end user agreements with our customers. We pay the University royalties for the license in an amount equal to a percentage of fees we receive for allowing others to use or to sublicense the technology. We are obligated to pay the University a minimum level of \$75,000 per year in royalties, regardless of the fees we collect. If we fail to pay the minimum level of royalty fees every year, the University has the option to convert our exclusive license to a non-exclusive license. The University retains the right to publish the material we license, although the University must notify us in

</R>

<Page>

<R>

advance of their intention to publish in order that a filing for intellectual property protection of such material may be made. In the event of such publication, to the extent that intellectual property protection is not available for such material, the University agrees to negotiate with us in good faith as to whether the disclosure can be appropriately modified or withheld, although we do not have a right to prevent any such disclosure. The University has not disclosed any information about the licensed material and, to our knowledge, the University has no plans to do so. Pursuant to the license agreement, we agree to indemnify and hold the University harmless against claims which arise out of the use of the licensed material by us or parties with which we contract.

</R>

<R>

We have entered into a consulting agreement with California HealthCare Foundation for a term beginning October 1, 1999 until the earlier of September 30, 2002, or the completion of an extensive work plan, unless sooner terminated. The Foundation has also provided a \$10 million grant to fund this project. The work plan includes the production of a local business model for the Internet-based cooperative sharing of clinical health information that may then be replicated in other localities. The purpose of the agreement is to establish a management office to facilitate the development and maintenance of a care data utility for the sharing of clinical health care data in Santa Barbara County. Under the terms of the agreement, the Foundation is required to make payments to us upon various milestones, including the receipt and approval of narrative and financial reports, work plans, deliverables and budget projections, which may not exceed a total of \$4,620,574. The Foundation has also granted to us a fully-paid, non-exclusive, perpetual, worldwide license to all intellectual property developed pursuant to the agreement. The Foundation retains the right to sell, license or exploit such intellectual property, subject to our license. Either party may terminate the agreement due to the other's breach that is not cured within 45 days of written notice from the non-breaching party.

</R>

<R>

The Foundation has also provided a \$10 million grant to fund this project.

</R>

We have relationships with Superior Consulting and with Computer Task Group for implementation of our products. These organizations integrate our Internet-based data collection tools into our customers' clinical and operational information systems.

MARKETING AND SALES

We have positioned ourselves as a leader in the provision of Internet-based products to improve the quality and efficiency of health care. We market our products and services by:

- conducting executive education programs aimed at health industry executives;
- providing consulting activities aimed at solving important management problems faced by health system executives;
- enhancing links with The Wharton School and its nationally prominent health care management programs;
- publishing in academic journals and speaking regularly at conferences attended by health industry leaders;
- developing a customer service and consulting staff with strong clinical, management and analytic expertise; and
- leading research about clinical-decision support and other important methodological frontiers.

By following this strategy, we have become the preeminent vendor of Internet-based tools designed to improve the quality and efficiency of health care to chief medical officers and other key decision-makers in health systems. Independent market research, in conjunction with our own studies, conducted in March 1999 demonstrated that clinical leaders and managers at over 85% of

non-governmental United States hospitals had name recognition of and over 65% had a favorable opinion of CareScience. These individuals are becoming increasingly prominent in senior management positions and are gaining accountability as medical management becomes essential to health system operations.

We have supplemented our brand identity by the free distribution of CaduCIS Net. This tool is used by more than 2,600 health care organizations and has generated more than 1,100 requests for demonstrations of our revenue-generating products. Also, we recently began publicizing our CareStandard.com demonstration project in Santa Barbara County, California, and our CareStandard.com vendor-certification program. These efforts will continue our positioning as an innovator of Internet-based clinical products.

We have used CaduCIS.com to build a distribution channel to health care systems and health plans, and CareScript.com for pharmaceutical makers and biotechnology firms. We sell our products into these sectors through a national sales force of highly experienced sales executives who manage all aspects of sales and also generate cross selling referrals to other products. Within our distribution channels, we cross-sell our other products in the following ways:

- CaduCIS.com customers can benefit by implementing a CareStandard.com care exchange;
- CareStandard.com can be complemented by our consulting services or Institute for Management Development services and our data hosting and access services;
- CareLeader.com and CareSense.com generate interest by and referrals from organizations that benefit from CaduCIS.com products;
- CareLeader.com and CareSense.com can be incorporated into CareStandard.com implementations to enhance consumer and physician participation; and
- CareLeader.com and CareSense.com can be sold to CaduCIS.com customers to enable integrated data access by consumers and physicians.

PRODUCT DEVELOPMENT

We have been a leader in the management of health care quality and efficiency using the Internet by focusing on changes in the analysis and application of information to patient care. Our technology arose from fundamental research in risk assessment, outcomes measurement, care-process analysis, medical-language processing and data integration and validation at the University of Pennsylvania, beginning in the late 1980s. Researchers have published more than ten scientific manuscripts about the methodologies underlying our products and other publications are underway at this time regarding new advances which we intend to commercialize in the future.

From this research base, we have built a track record for commercializing significant advances in clinical management and information-sharing products. We have accomplished this by nurturing technology transfer-relationships with scientists, from which we can acquire and commercialize new technologies. Our development is coordinated by our research center, which is staffed with our employees and by academic scientists and which can balance the academic needs of scientists with proprietary requirements. Our research center works closely with our product engineers to prototype new innovations.

In addition to design of products in the laboratory, we refine our products in demonstration projects. For example, we tested our CaduCIS.com products in seven health systems and health plans, and our Institute for Management Development products in two major health systems before commercialization. We are currently demonstrating our CareStandard.com product line in California.

Each of our product lines face different competitors, although we believe that our total solution as a whole has no single competitor. We have few pure Internet-based competitors, but Internet-based competition is increasing and many off-line organizations are adding Internet capabilities. We believe that competition in our industry is based on the performance, utility, price and level of comprehensiveness of products.

CADUCIS.COM. There are no dominant care-management firms serving the hospital or health plan markets, and Internet-based entities have not established a credible base in this market. Rapid growth and the demand for a new generation of care-management tools has opened this market sector to new entrants. Therefore, most CaduCIS.com competition arises from clinical information system companies that offer data warehousing or benchmarking. These firms offer large-scale transactional databases and applications, but their current data warehouses do not have clinical analysis methodologies or the ability to change the way that health care constituents interact with each other and with physicians or consumers. These firms tend to be administratively oriented and focus on external comparisons rather than the internal management of care. None of these firms offer primary Internet access to their products.

CARESTANDARD.COM. CareStandard.com faces a diverse array of competitors, including consulting firms, technology vendors, and local efforts. Most vendors offer a proprietary approach with pre-packaged end-user applications rather than allowing customers their choice of applications. Additionally, these products are aimed primarily at the flow of claims and financial data, rather than clinical data. Large consulting firms have presented plans for new activities in data sharing. However, their core business model is to focus on application implementation, not cross-customer data sharing. In addition, these consulting firms tend to have long-standing relationships with large hospital information system vendors which prevent them from being vendor-neutral, and they have not yet been able to adapt their value proposition to the Internet.

CARESCRIPT.COM. CareScript.com competes with contract research organizations and pharmaceutical information companies. Contract research organizations are increasingly offering pharmacoeconomic studies and outcomes research to pharmaceutical companies and directly to the health care market. Pharmaceutical information companies are the largest suppliers of information to the pharmaceutical industry. However, these firms have not focused on market economics or outcomes, and the information provided is generally limited to traditional market research data and analysis. Generally, these firms do not offer complete outsourcing of strategic analysis for drug development. Many of these groups also lack integrated patient-level clinical, laboratory and pharmacy information over time.

GOVERNMENT REGULATION

The collection, storage and transmission of personal information about an individual, especially health care information, is extensively regulated by federal and state governmental authorities in the United States. A variety of federal and state laws protect a person's medical records and information as confidential. In addition, several federal and state privacy laws have strict requirements governing the treatment of particularly sensitive health data, such as information regarding an individual's HIV status, mental health, or substance abuse problems. Widespread access to the Internet, and the high speed at which data is transferred over the Internet, make this medium especially vulnerable to breaches of confidentiality.

To address these potential breaches, the federal Department of Health and Human Services has issued the proposed Health Insurance Portability and Accountability Act of 1996 regulations dealing with confidentiality of medical records. The regulations are expected to become final in

2000. The proposed regulations are intended to safeguard health information about specific individuals that can be identified in connection with their health information. This information is referred to as "protected health information." The proposed regulations prohibit healthcare providers, health insurance plans and health care clearinghouses, referred to as "covered entities," from using or disclosing protected health information without the individual's consent, except as permitted by the proposed regulations. Additionally, the proposed regulations require a covered entity to protect an individual's medical records from unauthorized disclosure for the life of the individual plus two years after the individual's death.

The proposed regulations also outline procedures and policies that covered entities must establish regarding the collection, storage and dissemination of protected health information. Finally, the proposed regulations also govern business partners of a covered entity who receive protected health information from a covered entity. A company that is a covered entity will have two years from the date that the proposed regulations become final to comply with the standards and requirements of the regulations.

In some of our business relationships we will be subject to the proposed regulations as a covered entity, and in other business relationships we will be considered a business partner of a covered entity. Over the next two years following the final adoption of the regulations, we will need to ensure that our internal policies and procedures meet the requirements of the regulations. We will also need to ensure that our business relationships with persons who share information with us, and with whom we share information, meet the requirements of the regulations. Under the proposed regulations, in many situations our exchange of protected health information will not require a patient's consent under the regulations. However, even in these situations we must be very careful to safeguard the information against receipt by persons other than the intended recipient. We will need to implement technical safeguards to ensure that information in our systems can only be accessed by authorized persons. We do not expect to significantly modify our products or business operations or materially increase our expenses in response to currently proposed regulations.

Once the proposed regulations become final, we will be subject to periodic reviews by the federal government to verify our compliance with the regulations. If we are found not to be in compliance, we may have to pay penalties. Additionally, if we are found to have misused any protected health information, we may face substantial monetary penalties and our management or employees could face imprisonment.

Because the proposed regulations are currently being reviewed, their provisions could be changed at any time prior to final adoption of the regulations. Moreover, once they have been adopted in final form, these regulations could be amended or additional regulations could be issued. This could substantially change our responsibilities with respect to patient consent as well as with respect to safeguards of confidential patient information, permissible disclosures of that information without prior patient consent, the manner of those disclosures and the storage of that information.

Because the federal regulations, when final, will not preempt any state laws regarding confidentiality of health information, we will still be subject to provisions of state laws. Some state laws establish strict requirements for the maintenance and dissemination of an individual's health records, especially when those records contain particularly sensitive data such as HIV status, mental health information or substance abuse information.

INTELLECTUAL PROPERTY

We have licensed intellectual property from the University of Pennsylvania and from the California HealthCare Foundation. The intellectual property underlying our on-line analytic

processing software is licensed exclusively to us by the University of Pennsylvania in a 30-year agreement, which include payments by us of royalties or sublicense fees. The intellectual property used in our care data utility software is licensed to us by the California HealthCare Foundation on a non-exclusive, perpetual, world-wide and fully-paid basis. We consider the technology we own and license to be fundamental to the success of our operations.

We have spent approximately \$1.6 million on research and development activities sponsored by us during each of the last three years.

We own proprietary software which we have developed and used in our operations which we consider to be trade secrets.

EMPLOYEES

<R>
As of March 31, 2000, we employed 80 people, comprising 26 in research and development, 20 in sales and marketing, 23 in professional services and 11 in administration.

Dr. Hess earned his B.S. from Skidmore College, his M.D. from Albany Medical College and his M.B.A. from The Wharton School.

THOMAS H. ZAJAC, M.B.A., has served as our Chief Operating Officer since November 1999. From March 1999 through November 1999, he led the Business Solutions Group of Eclipsys Corporation, a health-information company. He joined Eclipsys as part of its acquisition of Transition Systems, Inc. in 1998. Mr. Zajac was associated with Transition Systems for more than 11 years, last serving as Chief Operating Officer and Vice President and General Manager in charge of Sales, Product Development, Consulting, Customer Services and Support. Mr. Zajac earned his B.S. and M.B.A. from Drexel University.

EDWARD N. ANTOIAN has served as a director since April 1998. He has served as a Partner of Chartwell Investment Partners since its founding in April 1997. From 1984 to 1997, he served as Senior Portfolio Manager at Delaware Management Company, managing \$2 billion of small- and mid-cap growth institutional assets as well as the Trend and Delcap Funds. Mr. Antoian earned his B.S. from The State University of New York at Albany and his M.B.A. from The Wharton School.

C. MARTIN HARRIS, M.D., M.B.A., has served as a director since September 1997. He has served as Chief Information Officer and Chairman of the Information Technology Division at The Cleveland

Clinic Foundation, a large integrated delivery system, since June 1996. From 1991 to 1996 he was Chief Information Officer of the University of Pennsylvania Health System. Dr. Harris earned his B.S. and M.D. from the University of Pennsylvania and his M.B.A. from The Wharton School.

JEFFREY R. JAY, M.D., M.B.A., has been a director since December 1998. He has served as a General Partner of J.H. Whitney & Co., a private investment firm, since 1993, where he focuses on health care and information technology investments. He is a director of Advance Paradigm, Inc. and Chairman of NMT Medical, Inc. as well as a director of a number of privately held health care and information technology companies. Dr. Jay earned his B.S. and M.D. from Boston University and his M.B.A. from Harvard Business School.

STEVEN E. RODGERS, M.B.A., has been a director since July 1999. He served as an Associate and a Senior Associate for J.H. Whitney & Co. from July 1995 to July 1997. He rejoined J.H. Whitney & Co. in August 1999 as a Senior Associate after obtaining his M.B.A. and in March 2000 was promoted to Vice President. From 1993 to 1995, he was a Financial Analyst in the Health Care Group of Alex. Brown & Sons Incorporated. He earned his B.A. from Dartmouth College in 1993 and his M.B.A. from Stanford University in 1999.

WILLIAM WINKENWERDER, M.D., M.B.A., has served as a director since July 1997. He has served as Executive Vice President, Blue Cross Blue Shield of Massachusetts, a large health insurance and managed care company since October 1998. From May 1996 to September 1998, he was Vice President of Emory Health Care and Associate Director of The Emory Clinic in Atlanta. From April 1992 to April 1996, he was Vice President of Prudential Health Care's South Central Operations. Dr. Winkenwerder earned his B.S. from Davidson College, his M.D. from the University of North Carolina and his M.B.A. from The Wharton School.

Our executive officers are elected and serve at the discretion of the board of directors. There are no family relationships among our directors and officers.

Dr. Jay and Mr. Rodgers were elected to the board of directors as representatives of J.H. Whitney III, L.P. and Drs. Brailer, Paulus, Harris and Winkenwerder and Mr. Antoian were elected to the board of directors by Dr. Brailer pursuant to the Amended and Restated Shareholders' Agreement dated December 23, 1998 among the Company and the holders of the Company's preferred stock. The Shareholders' Agreement terminates automatically upon the closing of this offering.

CLASSIFIED BOARD

Upon the closing of this offering, our Amended and Restated Articles of Incorporation will provide that the board of directors is to consist of three classes, as nearly equal in size as the number of members permits. Each class of directors generally will have a term of three years, except that the term of the initial Class I directors, Mr. Rodgers and Dr. Paulus, will expire at the annual meeting of shareholders in 2001 and the term of the Class II directors, Drs. Harris and Jay, will expire at the annual meeting of shareholders in 2002. The term of the Class III directors, Dr. Brailer, Dr. Winkenwerder and Mr. Antoian, will expire at the annual meeting of shareholders in 2003. At each annual shareholders meeting, the successors of the class of directors whose term expires at each meeting shall be elected to hold office for a term expiring in three years.

BOARD COMMITTEES

We established an audit, compensation, capital and board nominating committee. The audit committee consists of Mr. Antoian and Drs. Jay and Harris. The audit committee:

- reviews the results and scope of the audit and other services provided by our independent auditors; and
- reviews and evaluates our audit and control functions.

The compensation committee consists of Drs. Winkenwerder and Jay. The compensation committee:

- reviews and approves the compensation and benefits for our executive officers and grants stock options under our stock option plans; and
- makes recommendations to the board regarding those matters.

The capital committee consists of Drs. Brailer, Paulus and Jay. The capital committee:

- reviews and evaluates our capital needs; and
- makes recommendations to the board regarding those matters.

The board nominating committee consists of Drs. Brailer, Jay and Harris. The board nominating committee:

- reviews and evaluates potential new members to the board; and
- nominates new board members for approval by the other directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The compensation committee is responsible for determining salaries, incentives and other forms of compensation for our directors, officers and other employees and administering various incentive compensation and benefit plans. The compensation committee consists of Drs. Winkenwerder and Jay. No interlocking relationship exists between any member of our compensation committee and any member of any other company's board of directors or compensation committee.

J.H. Whitney III purchased 2,245,752 shares of our series C preferred stock for \$5,858,824. Whitney Strategic Partners III purchased 54,115 shares of our series C preferred stock for \$141,176. Dr. Jay is a general partner of J.H. Whitney III and Whitney Strategic Partners III. Dr. Winkenwerder purchased 3,833 shares of our series C preferred stock for \$10,000. Zeke Investment Partners purchased 57,497 shares of our Series C preferred stock for \$150,000. Mr. Antoian is a partner of Zeke Investment Partners. Upon the closing of this offering, each outstanding share of series C preferred stock will convert into one share of common stock.

DIRECTOR COMPENSATION

Outside directors are entitled to receive \$500 for attending a telephone meeting and \$1,500 for attending a meeting in person for their services as members of the board of directors. Members are also reimbursed for expenses in connection with attendance at board of directors and committee meetings. Directors are eligible to participate in our stock plans.

The following table sets forth in summary form information concerning the compensation paid by us during the fiscal year ended December 31, 1999 to our Chief Executive Officer and each of our other three most highly paid executive officers whose salary and bonus for the fiscal year exceeded \$100,000 and who served as an executive officer of CareScience during the fiscal year. We refer to each of these officers as the named executive officers in this prospectus. Other than the salary and bonus described in the table below, we did not pay any executive officer any fringe benefits, perquisites or other compensation in excess of either \$50,000 or 10% of the total of his salary and bonus during the fiscal year ended December 31, 1999.

Mr. Bell was given a grant of 48,359 options to acquire shares of common stock under our 1998 Time Accelerated Restricted Stock Option Plan. The award vests after seven years or upon obtainment of specified milestones. An award of 150,000 options to acquire shares of common stock to Mr. Bell and all of the awards to Dr. Czerwinski listed under the Securities Underlying Options were made under our 1995 Equity Compensation Plan and are exercisable at a rate of 25% each year beginning in 1999. The amounts listed under All Other Compensation for the executive officers listed above are matching contributions made by us for the executive officer's account under our 401(k) plan.

OPTION GRANTS IN LAST FISCAL YEAR

The following table sets forth, as to the named executive officers, information concerning stock options granted during the fiscal year ended December 31, 1999.

Amounts represent the hypothetical gains that could be achieved from the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date based upon the grant price.

The following table sets forth information concerning option exercises and unexercised options for the fiscal year ended December 31, 1999 with respect to each of the named executive officers.

The value realized represents the difference between the deemed value of the common stock on the date of exercise used by us for accounting purposes and the exercise price of the option.

The value of unexercised in-the-money options was calculated based on an assumed value equal to an assumed initial public offering price of \$16.00 per share.

COMPENSATION PLANS

EQUITY COMPENSATION PLAN

Our Amended and Restated 1995 Equity Compensation Plan provides for grants of incentive stock options, nonqualified stock options, stock appreciation rights and restricted stock to our designated employees, selected consultants and non-employee directors.

GENERAL. The plan authorizes up to 2,065,038 shares of common stock for issuance under the terms of the plan. No more than 500,000 shares in the aggregate may be granted to any individual in any calendar year, subject to adjustment. If options granted under the plan expire, terminate, or are canceled, forfeited, exchanged or surrendered for any reason without having been exercised, or shares of restricted stock are forfeited, the shares of common stock underlying that grant will again be available for purposes of the plan.

ADMINISTRATION OF THE PLAN. A compensation committee administers and interprets the plan. The compensation committee consists of two or more non-employee directors approved by the board. The compensation committee has the sole authority to:

- determine grants under the plan, including eligible individuals and the type, size, vesting, exercise price and other terms of the grants to be made to each of those individuals; and
- make factual determinations and amend the plan.

The compensation committee may also delegate to the Chief Executive Officer the authority to make grants and to designate individuals to receive grants under the plan.

OPTIONS. Options granted under the plan are generally not transferable by the optionee. Options granted under the plan must generally be exercised within 10 years. The exercise price of all options must be at least equal to the fair market value of the underlying shares of common stock on the date of grant. Incentive stock options granted to any participant who owns more than 10% of our outstanding common stock on the date of grant must have an exercise price equal to or exceeding 110% of the fair market value of a share of common stock on the date of grant and must not be exercisable for longer than five years. The vesting schedule of options granted after December 28, 1998 is determined by the compensation committee.

RESTRICTED STOCK. Restricted stock granted under the plan is generally not transferable by the grantee until restrictions on the grant lapse. Restrictions on the transfer of shares will lapse as to one-half of the shares subject to a restricted stock grant in four equal annual installments commencing on the first anniversary of the date of grant and the remaining one-half at the end of the fourth year, unless otherwise determined by the compensation committee. Restricted stock will generally be granted for no consideration.

CHANGE OF CONTROL. All outstanding options will immediately vest and restrictions on restricted stock will immediately lapse upon a change of control. A change of control is defined to have occurred if:

- as a result of any transaction, any one shareholder, other than David J. Brailer, becomes a beneficial owner, directly or indirectly, of common stock representing more than 50% of the voting power of the then-outstanding shares of common stock; the term beneficial owner is defined in the Securities Exchange Act of 1934; or
- we sell or dispose of all or substantially all of our assets.

RESTRICTED STOCK OPTION PLAN

Our 1998 Time Accelerated Restricted Stock Option Plan provides for grants of restricted non-qualified stock options to our officers, senior management and employee directors.

GENERAL. The plan authorizes up to 483,594 shares of common stock for issuance under the terms of the plan. If options granted under the plan expire or terminate for any reason without having been exercised, the shares of common stock underlying that grant will again be available for purposes of the plan.

ADMINISTRATION OF THE PLAN. The board of directors administers and interprets the plan, except that no member of the board may act upon any matter exclusively affecting any option granted or to be granted to himself or herself under the plan. The board of directors has the sole authority to:

- determine grants under the plan, including eligible individuals, size, vesting, exercise price and other terms of the grants made to each of those individuals; and
- amend the plan.

The board of directors may delegate its powers, duties and responsibilities to a committee consisting of two or more non-employee directors approved by the board and an outside director.

GRANTS. Options granted under the plan consist of non-qualified stock options that are not intended to qualify as incentive stock options under the Code and are generally not transferable by the optionee. Options granted under the plan will generally be exercisable within seven years and must be exercised within 10 years. The exercise price of all options must be at least equal to the fair market value of the underlying shares of common stock on the date of grant.

CHANGES DUE TO REORGANIZATIONS. In the event that the outstanding common stock is changed into or exchanged for a different number or kind of our shares or other of our securities or securities of another corporation as the result of any reorganization, merger, consolidation, recapitalization, reclassification, stock split, combination of shares or dividends payable in capital stock, appropriate adjustments will be made in the number and kind of shares for which options may be granted under the plan. In addition, in the case of any sale to another entity of all or substantially all of our property or assets or change in control,

- the board of directors may cancel all outstanding options in exchange for consideration in cash or kind; or

- the purchaser of our property or assets may choose to deliver to the grantees the same kind of consideration that is delivered to our shareholders as a result of the sale.

A change of control is defined to have occurred if any person, or any two or more persons acting as a group, and all affiliates of that person or persons, who prior to that time owned less than ten percent of the then outstanding common stock, acquire additional shares of the common stock in one or more transactions, or series of transactions, with the result being that the person or group or affiliates beneficially owns 51% or more of the outstanding common stock.

Finally, if we are dissolved or liquidated, all options granted under the plan will terminate, but each grantee will have the right, immediately prior to the dissolution or liquidation, to exercise his or her options.

LIMITATIONS ON LIABILITY AND INDEMNIFICATION

LIMITATIONS ON LIABILITY

Our articles of incorporation and applicable Pennsylvania law provide that our directors will not be personally liable to us or our shareholders for monetary damages resulting from a breach of fiduciary duty except for:

- any breach of the duty of loyalty to us or our shareholders; and
- any breach or failure to perform that constitutes self-dealing, willful misconduct or recklessness.

This limitation of liability does not apply to liability pursuant to any criminal statute or does it relieve our directors from payment of taxes pursuant to federal, state or local law.

INDEMNIFICATION

Our articles of incorporation provide that we will indemnify our directors and executive officers and may indemnify our other corporate agents, to the fullest extent permitted by Pennsylvania law. Section 1741 of the Pennsylvania corporate laws provides the power to indemnify any officer or director acting in his capacity as our representative who was, is or is threatened to be made a party to any action or proceeding for expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with that action or proceeding. The indemnity provisions apply whether the action was instituted by a third party or arose by or in our right. Generally, the only limitation on our ability to indemnify our officers and directors is if the act violates a criminal statute or if the act or failure to act is finally determined by a court to have constituted willful misconduct or recklessness.

EMPLOYMENT AGREEMENTS

Under an Employment Agreement dated December 24, 1998, David J. Brailer agreed to be our Chief Executive Officer. Under this agreement, Dr. Brailer receives a base salary of \$250,000 per year, subject to annual increases of not less than five percent of the base salary and an annual minimum bonus of not less than \$25,000. The term of this agreement is three years, subject to renewal, unless Dr. Brailer is terminated earlier by mutual agreement with us. In connection with this agreement, Dr. Brailer is also eligible to participate in our stock option plans, and has received non-qualified stock option grants under our senior management incentive plan. Dr. Brailer has agreed not to disclose confidential information, including, but not limited to, any of our trade secrets, policies and proprietary technology, which are not known to the public or consented to disclosure by us. In addition, Dr. Brailer was required to sign a non-competition agreement and an invention assignment agreement with us. We may only terminate Dr. Brailer under the terms of the

agreement for circumstances relating to his willful failure to perform his duties, illegal, dishonest or fraudulent acts, for breach of the agreement or mental or physical disability. If Dr. Brailer leaves his employment for good cause, as defined in the agreement, he will be entitled to receive his continued base salary payments for a period of six months following his termination of employment or through the end of the term of the agreement, whichever is longer.

Under an Employment Agreement dated November 11, 1998, Ronald A. Paulus agreed to be our President. Under this agreement, Dr. Paulus receives a base salary of \$215,000 per year, subject to annual increases of not less than five percent. The term of this agreement is twenty-five months, subject to renewal. In connection with this agreement, Dr. Paulus is also eligible to receive bonuses in amounts to be determined by the board of directors. Dr. Paulus may also participate in our option plans and has received non-qualified stock option grants under our senior management incentive stock option plan. Dr. Paulus has agreed not to disclose confidential information, including, but not limited to, any of our trade secrets, policies and proprietary technology, which are not known to the public or consented to disclosure by us. In addition, Dr. Paulus was required to sign a non-competition agreement and an invention assignment agreement with us. We may only terminate Dr. Paulus under the terms of the agreement for circumstances relating to his willful failure to perform his duties, illegal, dishonest or fraudulent acts, for breach of the agreement or mental or physical disability. If Dr. Paulus leaves his employment for good cause, as defined in the agreement, he will be entitled to receive his continued base salary payments for a period of six months following his termination of employment or through the end of the term of the agreement, whichever is longer.

Under an Employment Agreement dated March 10, 1999, Alfredo Czerwinski agreed to be our Chief Medical Officer. Under this agreement, Dr. Czerwinski receives a base salary of \$185,000 per year. In connection with this agreement, Dr. Czerwinski is also eligible to receive bonuses in amounts to be determined by the board of directors. The term of this agreement is four years, subject to renewal, unless Dr. Czerwinski is terminated earlier by mutual agreement with us. In connection with this agreement, Dr. Czerwinski is also eligible to participate in our stock option plan, and has received non-qualified stock option grants under the plan. Dr. Czerwinski has agreed not to disclose confidential information, including, but not limited to, any of our trade secrets, policies and proprietary technology, which are not known to the public or consented to disclosure by us. In addition, Dr. Czerwinski was required to sign a non-competition agreement and an invention assignment agreement with us. We may only terminate Dr. Czerwinski under the terms of the agreement for circumstances relating to his willful failure to perform his duties, illegal, dishonest or fraudulent acts, for breach of the agreement or mental or physical disability, unless we pay Dr. Czerwinski severance equal to twelve months of his base salary.

Under an Employment Agreement dated February 8, 1999, Steven Bell agreed to be our Chief Financial Officer. Under this agreement, Mr. Bell receives a base salary of \$150,000 per year. The term of this agreement is three years, subject to renewal. In connection with this agreement, Mr. Bell is also eligible to receive bonuses in amounts to be determined by the board of directors. Mr. Bell may also participate in our stock option plans and has received grants under the plans. Mr. Bell has agreed not to disclose confidential information, including, but not limited to, any of our trade secrets, policies and proprietary technology, which are not known to the public or consented to disclosure by us. In addition, Mr. Bell was required to sign a non-competition agreement and an invention assignment agreement with us. We may only terminate Mr. Bell under the terms of the agreement for circumstances relating to his willful failure to perform his duties, illegal, dishonest or fraudulent acts, for breach of the agreement or mental or physical disability, unless we pay Mr. Bell severance equal to six months of his base salary. We must pay this severance also if we do not renew Mr. Bell's employment agreement. In addition, in the event of a change in our control, if Mr. Bell is terminated without cause within nine months before or after that change in control, we must pay Mr. Bell severance equal to 12 months of his base salary.

CERTAIN TRANSACTIONS

<R>

In December 1998, J.H. Whitney III purchased 2,245,752 shares of our series C preferred stock and Whitney Strategic Partners III purchased 54,115 shares of our series C preferred stock at a price of \$2.61 per share. Jeffrey Jay, one of our directors, is a member of the general partner of both entities. Steven E. Rodgers, one of our directors, is a Vice President of J.H. Whitney & Co., an affiliate of both entities. Zeke Investment Partners purchased 57,497 shares of our series C preferred stock at a price of \$2.61 per share. Edward Antoian, one of our directors, is a partner of Zeke Investment Partners. These shares will convert into common stock and series F preferred stock immediately prior to the closing of this offering. The series F preferred stock will then be immediately redeemed. Assuming an offering price of \$16.00 per share, the holders of our series C preferred stock have agreed to accept an aggregate of 262,500 shares of our common stock in payment of the redemption price instead of an aggregate cash payment of \$4.2 million. In addition, we are required to pay the holders of our series C preferred stock, in the aggregate, approximately \$729,000 for accrued but unpaid dividends.

<R>

In December 1998, Foundation Health Systems received 994,000 shares of our series D preferred stock at a price of \$2.01 per share and 1,658,004 shares of our series E preferred stock at a price of \$2.50 per share in exchange for shares of our series A and B preferred stock. In connection with this offering, Foundation Health had the right to elect to convert each share into one share of common stock or redeem each share for cash. Foundation Health has elected to convert its Series D and Series E preferred stock into common stock. In addition, we are required to pay Foundation Health, in the aggregate, approximately \$726,000 for accrued but unpaid dividends on our series D and E preferred stock. In December 1998, Foundation Health also received 1,560,000 shares of our series G preferred stock at a price of \$2.74 per share upon conversion of two promissory notes. The series G preferred stock will be redeemed upon the closing of this offering. In April 2000, we entered into an agreement with Foundation Health under which we established the methodology to calculate the redemption amount which was approximately \$4.8 million and agreed to pay to Foundation Health upon the closing of this offering \$125,000 representing the net balance of outstanding obligations related to the December 1998 share exchange and promissory note conversion.

</R>

<R>

We also entered into a rights agreement with J.H. Whitney III, Whitney Strategic Partners III, Foundation Health, Dr. Brailer, Dr. Paulus, Zeke Investment Partners and William Winkenwerder, granting them registration rights, other than in connection with this offering, with respect to shares of our common stock which they own, including common stock issuable upon conversion or in exchange for of our preferred stock.

PRINCIPAL SHAREHOLDERS

<R>
The following table sets forth information with respect to the beneficial ownership of our common stock as of March 31, 2000, and as adjusted to reflect the sale of the shares of common stock offered hereby, by each person who we know owns more than 5% of our common stock, each of our directors, each of our named executive officers, and all of our directors and executive officers as a group. Except as otherwise noted below, the address of each person listed below is our address. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. Beneficial ownership also includes shares of stock subject to options and warrants currently exercisable or convertible, or exercisable or convertible within 60 days of the date of this table. Percentage of beneficial ownership is based on 8,406,851 shares of common stock outstanding as of March 31, 2000 and 12,669,351 shares of common stock outstanding after completion of this offering, assuming the underwriters do not exercise their over-allotment option. Unless otherwise indicated, to our knowledge, all persons listed have sole voting and investment power with respect to their shares of common stock, except to the extent authority is shared by spouses under applicable law.
</R>

<R>
In addition, the following table reflects the conversion of all outstanding shares of series C, D and E preferred stock into 5,281,451 shares of common stock which will occur immediately prior to this offering.

DESCRIPTION OF CAPITAL STOCK

AUTHORIZED AND OUTSTANDING CAPITAL STOCK

Our authorized capital stock as of March 31, 2000 consisted of 16,000,000 shares of common stock and 10,679,898 shares of preferred stock. As of March 31, 2000, there were outstanding 3,387,900 shares of common stock and 5,018,951 shares of preferred stock. Those shares were held of record by a total of nine shareholders.

Upon the closing of this offering:

- <R>
- all shares of our outstanding series of preferred stock will convert into common stock or be redeemed, and a total of 12,669,351 shares of common stock and no shares of preferred stock will be outstanding; and
- </R>
- our certificate of incorporation will be amended and restated to provide for total authorized capital consisting of 100,000,000 shares of common stock and 20,000,000 shares of preferred stock.

COMMON STOCK

The holders of our common stock are entitled to receive dividends as may be declared by our board of directors and paid out of legally available funds. Holders of shares of common stock are entitled to one vote per share in all matters upon which shareholders have the right to vote. Upon the closing of this offering, cumulative voting of shares will not be permitted. In the event of a voluntary or involuntary liquidation, dissolution or winding up of CareScience, the holders of our common stock are entitled to receive and share ratably in all assets remaining available for distribution to shareholders after payment of any preferential amounts to which the holders of preferred stock may be entitled. Our common stock has no preemptive rights and is not redeemable, convertible, assessable or entitled to the benefits of any sinking fund. All outstanding shares of our common stock are, and the common stock to be issued in this offering will be, validly issued, fully paid and nonassessable.

PREFERRED STOCK

- <R>
- As of the closing date of this offering, each outstanding share of series C preferred stock will convert into one share of common stock and one share of redeemable series F preferred stock. Each such share of redeemable series F preferred stock will be immediately redeemed for shares of our common stock. The sole holder of the outstanding shares of series D and E preferred stock must convert the preferred shares into our common stock or redeem those shares for cash as of the closing date of this offering. The holder has elected to convert. Each outstanding share of our mandatorily redeemable series G preferred stock will be redeemed as of the closing date of this offering.
- </R>

Pursuant to an amended and restated certificate of incorporation to be filed upon the closing of this offering, a total of 20,000,000 shares of preferred stock will be authorized for issuance, none of which has been designated in any series. Our board of directors is authorized, without further shareholder action, to authorize and issue any of the 20,000,000 undesignated shares of preferred stock in one or more series and to fix the voting rights, liquidation preferences, dividend rights, repurchase rights, conversion rights, preemption rights, redemption rights and terms, including sinking fund provisions and other rights and preferences of those shares of our preferred stock. The issuance of any class or series of preferred stock could adversely affect the rights of the holders of common stock by restricting dividends on, diluting the power of, impairing the liquidation rights of common stock, or delaying, deferring or preventing a change in control of CareScience. We have no present plans to issue any preferred stock.

In connection with the our December 1998 financing, the series A warrant was substituted with a warrant to purchase 1,334,000 shares of series D convertible preferred stock at \$2.01, subject to adjustment, and the series B warrant was substituted with a warrant to purchase 400,000 of additional shares of the series E convertible preferred stock at \$2.50, subject to adjustment. The warrants could be exercised at any time after December 24, 2008 if we failed to redeem the series G preferred stock. The warrants expire when the series G preferred stock is redeemed as of the closing of this offering.

REGISTRATION RIGHTS

<R>
The holders of approximately 5,562,701 shares of outstanding common stock held by investors who purchased shares of series C, D and E preferred stock, which will be converted in connection with this offering, will be entitled to rights regarding registration of the shares. Under the terms of the Registration Rights Agreement dated December 23, 1998, if we propose to register our stock, the holders of registration rights will be eligible to include, at our expense, their shares in the registration. In addition, the holders may require us to pay for up to three registrations of the holders' common stock at any time after six months from the date of the consummation of this offering.

PENNSYLVANIA ANTI-TAKEOVER LAW AND PROVISIONS IN OUR CHARTER AND BYLAWS

Provisions of Pennsylvania law, our articles of incorporation and bylaws could make our acquisition by hostile tender offer, proxy contest or otherwise and the removal of incumbent officers and directors more difficult. These provisions are intended to discourage coercive takeover practices and inadequate takeover bids and to encourage persons seeking to control us to first negotiate with us. We believe that the benefits provided to us by allowing us to negotiate with an unfriendly or unsolicited acquiror outweigh the disadvantages of discouraging those proposals since we will have the opportunity to negotiate improved terms. These provisions deter transactions not approved by the board, and could have the effect of discouraging tender offers which may provide a premium over the market price of our shares of common stock. Consequently, these provisions may also inhibit fluctuations in the market price of our shares resulting from actual or rumored takeover attempts.

PENNSYLVANIA LAW

Generally, subchapters 25E, F, G, H, I and J of the Pennsylvania corporate laws place procedural requirements and establish restrictions upon the acquisition of voting shares of a corporation which would entitle the acquiring person to cast or direct the casting of a percentage of votes in an election of directors. Subchapter 25E of the Pennsylvania corporate laws provides generally that, if a company were involved in a control transaction, shareholders of the company would have the right to demand from a controlling person or group payment of the fair value of their shares. For purposes of subchapter 25E, a controlling person or group is a person or group of persons acting in concert that, through voting shares, has voting power over at least 20% of the votes which shareholders of the company would be entitled to cast in the election of directors. A control transaction arises, in general, when a person or group acquires the status of a controlling person or group.

In general, Subchapter 25F of the Pennsylvania corporate laws delays for five years and imposes conditions upon business combinations between an interested shareholder and us. The term business combinations is defined broadly to include various merger, consolidation, division, exchange or sale transactions, including transactions utilizing our assets for purchase price

amortization or refinancing purposes. An interested shareholder, in general, would be a beneficial owner of at least 20% of our voting shares.

In general, subchapter 25G of the Pennsylvania corporate laws suspends the voting rights of the control shares of a shareholder that acquires for the first time 20% or more, 33 1/3% or more, or 50% or more of a company's shares entitled to be voted in an election of directors. The voting rights of the control shares generally remain suspended until the disinterested shareholders of the company vote to restore the voting power of the acquiring shareholder.

Subchapter 25H of the Pennsylvania corporate laws provides in some circumstances for the recovery by a company of profits made upon the sale of its common stock by a controlling person or group if the sale occurs within 18 months after the controlling person or group became a controlling person or group and the common stock was acquired during that 18-month period or within 24 months before that period. In general, for purposes of Subchapter 25H, a controlling person or group is a person or group that:

- has acquired;
- offered to acquire; or
- publicly disclosed or caused to be disclosed an intention to acquire voting power over shares that would entitle that person or group to cast at least 20% of the votes that shareholders of the company would be entitled to cast in an election of directors.

If the disinterested shareholders of a company vote to restore the voting power of a shareholder who acquires control shares subject to Subchapter 25G, that company would then be subject to subchapters 25I and J of the Pennsylvania corporate laws. Subchapter 25I generally provides for a minimum severance payment to some employees terminated within two years of that shareholder vote. Subchapter 25J, in general, prohibits the abrogation of labor contracts prior to their stated date of expiration.

The above descriptions of subchapters of the Pennsylvania corporate laws summarize the material anti-takeover provisions contained in the Pennsylvania corporate laws but are not a complete discussion of those provisions.

OUR CHARTER DOCUMENTS

As of the date of the closing of this offering, our articles of incorporation, bylaws and Pennsylvania corporate law will contain provisions that may hinder or delay a third party's attempt to acquire us. They may also make it difficult for the shareholders to remove incumbent management.

CLASSIFIED BOARD OF DIRECTORS; VACANCIES. Our articles of incorporation divide the board of directors into three classes. The directors' terms will be staggered by class. Our classified board of directors is intended to provide continuity and stability in board membership and policies. However, the classified board of directors makes it more difficult for shareholders to change the board composition quickly. In addition, a majority of the directors then in office can increase the size of the board of directors and fill board of directors vacancies and newly created directorships resulting from any increase in the size of the board of directors. This is true even if those directors do not constitute a quorum or if only one director is left in office. These provisions could prevent shareholders, including parties who want to take over or acquire us, from removing incumbent directors without cause and filling the resulting vacancies with their own nominees.

ADVANCE NOTICE PROVISIONS FOR SHAREHOLDER PROPOSALS AND SHAREHOLDER NOMINATIONS OF DIRECTORS. Our bylaws will provide for an advance notice procedure regarding nominations of directors by shareholders and other shareholder proposals. The advance notice procedure will not apply to

nominations of directors by the board of directors. For matters a shareholder wishes to bring before an annual meeting of shareholders, the shareholder must deliver to us a notice not less than 120 days prior to the date of our proxy statement released to shareholders in connection with the previous year's annual meeting. The 2000 annual meeting of shareholders was held on March 30, 2000. For nominations of directors by shareholders, a shareholder generally must provide notice not less than 90 days prior to the anniversary date of the preceding year's annual meeting of shareholders. The shareholder must put information in the notice including, but not limited to, the following:

- the shareholder and its holdings;
- the background of any nominees for director;
- any business desired to be brought before the meeting;
- the reasons for conducting the business at the meeting; and
- any material interest of the shareholder in the business proposed.

At a special meeting of shareholders to elect directors, shareholders can make a nomination only if they deliver to us a notice that complies with the above requirements no later than the tenth day following the day on which public announcement of the special meeting is made. The bylaws could preclude a nomination for the election of directors or the conduct of particular business at a particular meeting if the proper procedures are not followed. This may discourage or deter a third party from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempting to obtain control of us.

SPECIAL SHAREHOLDERS' MEETINGS. Our articles of incorporation and bylaws will permit special meetings of the shareholders to be called only by our board of directors, our chairman of the board of directors, our chief executive officer or the president.

AUTHORIZED BUT UNISSUED SHARES. The authorization of undesignated preferred stock will also make it possible for the board of directors, without shareholder approval, to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of us. We are able to issue shares of common stock without shareholder approval, up to the number of shares authorized for issuance in our articles of incorporation, except as limited by Nasdaq rules. We can use these additional shares for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. Our ability to issue these additional shares could make it more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

VOTING RIGHTS. Our articles of incorporation and bylaws will not provide for cumulative voting in the election of directors. These and other provisions are intended to enhance continuity and stability in the composition of the board of directors and to reduce the vulnerability to unsolicited or hostile takeovers or proxy contests, and could delay changes in our control or management. The amendment of any provision of our articles of incorporation and bylaws will require approval by holders of 75% of the outstanding common stock. This requirement of the approval of 75% of the outstanding common stock will not apply if two-thirds of the members of the board of directors approve the proposed amendment. In that case, the ordinary requirements of Pennsylvania corporate law for shareholder approval will apply.

SHARES ELIGIBLE FOR FUTURE SALE

<R>

Upon completion of this offering, we will have outstanding 12,669,351 shares of common stock based upon shares outstanding at March 31, 2000, assuming no exercise of the underwriters' over-allotment option. Excluding the 4,000,000 shares of common stock offered hereby and assuming no exercise of the underwriters' over-allotment option, upon the consummation of this offering, there will be 8,669,351 shares of common stock outstanding none of which will be freely tradable without restriction in the public market. All restricted shares are subject to lock-up agreements with the underwriters pursuant to which the holders of the restricted shares have agreed not to sell, pledge or otherwise dispose of those shares for a period of 180 days after the date of this prospectus. Beginning 180 days after the effective date of our registration statement, approximately 8,406,851 restricted shares will become eligible for sale in the public market when the underwriter's lock-up agreements expire unless the underwriters elect, in their sole discretion, to release these shares from the lock-up agreements earlier. These shares include 5,018,951 shares which may be sold pursuant to registration rights granted by us, upon the expiration or waiver of the lock-up agreement 180 day period. We are not aware of any present intention of a shareholder to exercise any registration rights. The registration rights of the preferred shareholders may not be used as a reason for the shareholder to terminate the lock-up agreements. In addition, after the 180th day, most of the restricted shares described above will become available for sale pursuant to Rule 144. In addition, 262,500 shares will become available for sale pursuant to Rule 144 one year after consummation of the offering or pursuant to registration rights granted by us, upon the expiration or waiver of the lock-up agreement 180 day period. The general provisions of Rule 144 are described below.

</R>

RULE 144

<R>

In general, under Rule 144, an affiliate of CareScience, or person or persons whose shares are aggregated who has beneficially owned restricted shares for at least one year, will be entitled to sell in any three-month period a number of shares that does not exceed the greater of (a) 1% of the then outstanding shares of the common stock comprising approximately 129,000 shares immediately after this offering, assuming no exercise of the underwriters' over-allotment option or (b) the average weekly trading volume during the four calendar weeks preceding the date on which notice of the sale is filed with the SEC. Sales pursuant to Rule 144 are subject to requirements relating to manner of sale, notice and availability of current public information about us. A person or persons whose shares are aggregated who is not deemed to have been our affiliate at any time during the 90 days immediately preceding the sale and who has beneficially owned his or her shares for at least two years is entitled to sell those shares pursuant to Rule 144(k) without regard to the limitations described above. Unless registered, most of the restricted shares that will become available for sale in the public market beginning 180 days after the effective date will be subject to volume and other resale restrictions pursuant to Rule 144 because the holders are our affiliates.

</R>

We intend to file, within 180 days after the date of this prospectus, Form S-8 registration statements under the Securities Act to register shares issued pursuant to our equity compensation plans and shares issued in connection with option exercises. Shares of common stock issued pursuant to our equity compensation plans or upon exercise of options after the effective date of the Forms S-8 will be available for sale in the public market, subject to Rule 144 volume limitations applicable to affiliates and lock-up agreements.

LOCK-UP AGREEMENTS

All officers, directors, employees and holders of our common stock and options to purchase common stock have agreed pursuant to lock-up agreements that they will not offer, sell, contract to sell, pledge, grant any option to sell, or otherwise dispose of, directly or indirectly, any shares of

<Page>

common stock or securities convertible or exchangeable for common stock, or warrants or other rights to purchase common stock for a period of 180 days after the date of this prospectus without the prior written consent of Deutsche Bank Securities Inc.

<R>

Deutsche Bank Securities Inc. may release the shares subject to the lock-up agreements in whole or in part at any time with or without notice. However, Deutsche Bank Securities Inc. has no current plans to do so, and none of our officers or directors or, to the best of our knowledge, current shareholders intend to request a release. Any decision by Deutsche Bank Securities, Inc. to release shares subject to a lock-up agreement will be determined on a case-by-case basis. Apart from the facts of any particular case, in exercising their discretion to release shares from a lock-up agreement Deutsche Bank Securities Inc. would consider such factors as the likelihood of a material market effect from the sale of the shares, the market price of the shares relative to the original offering price, the desirability of fostering an orderly market for the shares, and the hardship or circumstances of the person requesting the waiver.

</R>

UNDERWRITING

Subject to the terms and conditions of the underwriting agreement, the underwriters named below, through their representatives Deutsche Bank Securities Inc., FleetBoston Robertson Stephens Inc. and Thomas Weisel Partners LLC have severally agreed to purchase from us the following respective number of shares of common stock at a public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus:

</R>

The underwriting agreement provides that the obligations of the several underwriters to purchase the shares of common stock offered hereby are subject to conditions precedent and that the underwriters will purchase all shares of the common stock offered hereby, other than those covered by the over-allotment option described below, if any of these shares are purchased.

The underwriters propose to offer the shares of common stock to the public at the public offering price set forth on the cover of this prospectus and to dealers at a price that represents a concession not in excess of \$ per share under the public offering price. The underwriters may allow, and these dealers may re-allow, a concession of not more than \$ per share to other dealers. After the initial public offering, representatives of the underwriters may change the offering price and other selling terms.

We have granted to the underwriters an option, exercisable not later than 30 days after the date of this prospectus, to purchase up to 675,000 additional shares of common stock at the public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus. The underwriters may exercise this option only to cover over-allotments made in connection with the sale of the common stock offered hereby. To the extent that the underwriters exercise this option, each of the underwriters will become obligated, subject to several conditions, to purchase approximately the same percentage of additional shares of common stock as the number of shares of common stock to be purchased by it in the above table bears to the total number of shares of common stock offered hereby. We will be obligated, pursuant to the option, to sell these shares of common stock to the underwriters to the extent the option is exercised. If any additional shares of common stock are purchased, the underwriters will offer the additional shares on the same terms as those on which the 4,500,000 shares are being offered.

The underwriting fee is equal to the public offering price per share of common stock less the amount paid by the underwriters to us per share of common stock. The underwriting fee is currently expected to be approximately % of the initial public offering price. We have agreed to pay the

underwriters the following fees, assuming either no exercise or full exercise by the underwriters of the underwriters’ over-allotment option:

In addition, we estimate that our share of the total expenses of this offering, excluding underwriting discounts and commissions, will be approximately \$.

We have agreed to indemnify the underwriters against some specified types of liabilities, including liabilities under the Securities Act of 1933, and to contribute to payments the underwriters may be required to make in respect of any of these liabilities.

Each of our officers and directors, all of our shareholders and selected holders of options to purchase our stock, have agreed not to offer, sell, contract to sell or otherwise dispose of, or enter into any transaction that is designed to, or could be expected to, result in the disposition of any shares of our common stock or other securities convertible into or exchangeable or exercisable for shares of our common stock or derivatives of our common stock owned by these persons prior to this offering or common stock issuable upon exercise of options held by these persons for a period of 180 days after the effective date of the registration statement of which this prospectus is a part without the prior written consent of Deutsche Bank Securities Inc. This consent may be given at any time without public notice. We have entered into a similar agreement with the representatives of the underwriters, except that we may grant options and sell shares pursuant to our 1995 Equity Compensation Plan and our 1998 Time Accelerated Restricted Stock Option Plan without their consent. There are no agreements between the representatives and any of our shareholders or affiliates releasing them from these lock-up agreements prior to the expiration of the 180-day period.

The representatives of the underwriters have advised us that the underwriters do not intend to confirm sales to any account over which they exercise discretionary authority.

In order to facilitate the offering of our common stock, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the market price of our common stock. Specifically, the underwriters may over-allot shares of our common stock in connection with this offering, thus creating a short position in our common stock for their own account. A short position results when an underwriter sells more shares of common stock than that underwriter is committed to purchase. Additionally, to cover these over-allotments or to stabilize the market price of our common stock, the underwriters may bid for, and purchase, shares of our common stock in the open market. Finally, the representatives, on behalf of the underwriters, may also reclaim selling concessions allowed to an underwriter or dealer if the underwriting syndicate repurchases shares distributed by that underwriter or dealer. Any of these activities may maintain the market price of our common stock at a level above that which might otherwise prevail in the open market. These transactions may be effected on the Nasdaq National Market or otherwise. The underwriters are not required to engage in these activities and, if commenced, may end any of these activities at any time.

Thomas Weisel Partners LLC, one of the representatives of the underwriters, was organized and registered as a broker-dealer in December 1998. Since December 1998, Thomas Weisel Partners has been named as a lead or co-manager on 160 filed public offerings of equity securities, of which 111 have been completed, and has acted as a syndicate member in an additional 89 public offerings of equity securities. Thomas Weisel Partners does not have any material relationship with us or any of our officers, directors or other controlling persons, except with respect to its contractual relationship with us pursuant to the underwriting agreement entered into in connection with this offering.

At our request, the underwriters have reserved for sale, at the initial public offering price, up to shares for our vendors, employees, family members of employees, customers and other third parties. This group may include British Biotech, plc which has expressed an interest in acquiring up to \$1.5 million worth of our common stock. The number of shares of our common stock available for sale to the general public will be reduced to the extent these reserved shares are purchased. Any reserved shares that are not purchased by these persons will be offered by the underwriters to the general public on the same basis as the other shares in this offering.

</R>

PRICING OF THIS OFFERING

Prior to this offering, there has been no public market for our common stock. Consequently, the initial public offering price for our common stock has been determined by negotiation among us and the representatives of the underwriters. Among the primary factors to be considered in determining the public offering price will be:

- prevailing market conditions;
- our results of operations in recent periods;
- the present stage of our development;
- the market capitalization and stage of development of other companies that we and the representatives of the underwriters believe to be comparable to our business; and
- estimates of our business potential.

LAWYERS

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To CareScience, Inc.:

We have audited the accompanying balance sheets of CareScience, Inc. (formerly Care Management Science Corporation) (a Pennsylvania corporation) as of December 31, 1998 and 1999, and the related statements of operations, mandatorily redeemable preferred stock and shareholders' equity (deficit) and cash flows for the three years in the period ended December 31, 1999. These financial statements and the schedule referred to below are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CareScience, Inc. as of December 31, 1998 and 1999, and the results of its operations and its cash flows for the three years in the period ended December 31, 1999, in conformity with generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information included in Schedule II is presented for purposes of complying with the Securities and Exchange Commission's rules and is not a required part of the basic financial statements. This schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly states in all material respects the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.

(INFORMATION AS OF MARCH 31, 2000 AND FOR THE THREE MONTHS ENDED MARCH 31, 1999 AND 2000 IS UNAUDITED)

1. BACKGROUND:

CareScience, Inc. (formerly Care Management Science Corporation) provides Internet-based tools designed to improve the quality and efficiency of health care. The Company's products use its proprietary clinical algorithms and data collection and storage technologies to perform complex clinical analyses. The Company's customers use its products to identify clinical inefficiencies and medical errors and monitor the results of implemented solutions. Additionally, the Company facilitates the real-time exchange of clinical information over the Internet among local health care constituents.

The Company incurred losses in the current and prior year, and anticipates incurring additional losses through 2000 as it expands its customer base and product offerings. Additional financing may be needed by the Company to fund operations and to continue the development of its products. Notwithstanding the foregoing, the Company's management believes that cash on hand at March 31, 2000 and cash generated from revenues in 2000 will be sufficient to sustain operations at least through 2000.

<R>
PRO FORMA BALANCE SHEET ADJUSTMENTS
</R>

<R>
In connection with the proposed sale of 4,000,000 shares of Common stock to the public in an initial public offering (the "Offering"), the Company has prepared an unaudited pro forma balance sheet as of March 31, 2000. The pro forma balance sheet reflects the following transaction which will occur upon the closing of the Offering.
</R>

<R>
- The conversion of Series C, D and E Preferred Stock into 5,018,951 shares of Common Stock.
</R>

<R>
- The issuance, upon the conversion of the Series C Preferred stock, of Series F Redeemable Preferred stock, with a redemption value of \$4,200,000, and the simultaneous redemption of the Redeemable Series F Preferred Stock for 262,500 shares of Common stock, valued at \$16.00 per share.
</R>

<R>
- The accretion of the redemption value of the Series G Preferred stock through June 15, 2000.
</R>

<R>
- The declaration of a dividend of \$1,455,207 (calculated at 8% per annum through June 15, 2000) payable to the Series C, D and E Preferred shareholders from the proceeds of the Offering.
</R>

<R>
The payment of the dividend and the redemption of the Redeemable Series G Preferred stock has not been reflected on the pro-forma balance sheet, since the Company does not have adequate cash resources prior to the closing of the Offering to make such payments.
</R>

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

INTERIM FINANCIAL STATEMENTS

The financial statements as of March 31, 2000 and for the three months ended March 31, 1999 and 2000 are unaudited and, in the opinion of management, include adjustments necessary for a

fair presentation of results for those interim periods. The results of operations for the three months ended March 31, 1999 and 2000 are not necessarily indicative of the results to be expected for the entire year.

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. Major additions and improvements are capitalized, while maintenance and repairs that do not improve or extend the life of assets are charged to expense as incurred.

Depreciation and amortization are provided using the straight-line method over the following estimated useful lives:

<Table>
<S> <C>
Office equipment..... 5 years
Computer equipment..... 3 years
Furniture and fixtures..... 7 years
</Table>

Depreciation and amortization expense was \$309,812, \$592,705, \$574,903, \$165,020 and \$146,192 for the years ended December 31, 1997, 1998 and 1999 and the three months ended March 31, 1999 and 2000, respectively.

RESEARCH AND DEVELOPMENT

Research and development costs are charged to expense as incurred.

SOFTWARE DEVELOPMENT COSTS

In conjunction with the development of its software products, the Company incurs software development costs. Statement of Financial Accounting Standards ("SFAS") No. 86, "Accounting for the Costs of Computer Software to Be Sold, Leased, or Otherwise Marketed," requires the capitalization of certain software development costs subsequent to the establishment of technological feasibility. The Company has determined that technological feasibility for its software products is generally achieved upon completion of a working model. As of March 31, 2000, no costs are capitalized pursuant to SFAS No. 86, since software development costs are not significant after the completion of a working model. These development costs are included in research and development expenses in the accompanying statements of operations.

In conjunction with the development of its websites, the Company incurs software development costs. On January 1, 1999, the Company adopted the provisions of Statement of Position ("SOP") 98-1 "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use". Prior to 1999, the Company has expensed all development costs related to its Websites. In 1999,

the Company incurred costs related to an online local healthcare community. These costs are being funded by a third party, and therefore, have not been capitalized. All other costs incurred in 1999 were related to maintenance of the Websites and have been charged to expense as incurred.

REVENUE RECOGNITION

The Company's CaduCiS.com products agreements, which typically cover an initial period of three-to-five years and are fixed priced, provide to customers, among other things, a software license, project management services, data management services, data storage and computer server maintenance and software support and maintenance. Revenues under these contracts are recognized ratably over the period the services are performed. Any additional consulting fees, outside of the initial contract, related to the CaduCiS.com products are recognized as the program or service is delivered.

In October 1999, the Company entered into a three year agreement with , which provides funding for the development of an online local healthcare community. Revenue from this contract is being recognized as the services are performed over three years.

IMPAIRMENT OF LONG-LIVED ASSETS

The Company has adopted SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of." SFAS No. 121 requires that long-lived assets to be held and used by the Company be reviewed for possible impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. SFAS No. 121 also requires that long-lived assets held for sale be reported at the lower of the carrying amount or fair value, less cost to sell.

The Company continually evaluates whether events and circumstances have occurred that indicate that the remaining estimated useful life of long-lived assets may warrant revision or that the remaining balance may not be recoverable. When factors indicate that such assets should be evaluated for possible impairment, the Company uses an estimate of the related undiscounted cash flow in measuring whether the asset is recoverable. Management believes that no revision to the remaining useful lives or write-down of such assets is required.

INCOME TAXES

The Company accounts for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes," under which deferred taxes are required to be classified based on financial statement classification of the related assets and liabilities which give rise to the temporary differences. Deferred taxes result from temporary differences between the financial statement carrying amounts and the tax basis of assets and liabilities.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of a financial instrument represents the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED) liquidation. Differences can arise between the fair value and carrying amount of financial instruments that are recognized at historical cost. The Company's financial instruments consist primarily of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses.

The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value due to the short maturity of these instruments.

MAJOR CUSTOMERS

The Company's operations are conducted in one business segment and sales are primarily made to health care payors and providers. The Company had one, one, two, one and one customers for the year ended December 31, 1997, 1998 and 1999 and for the three months ended March 31, 1999 and 2000, respectively, which accounted for 53%, 37%, 32%, 16% and 24% of total revenues.

<R> The Company had five, three and five customers as of December 31, 1998 and 1999 and March 31, 2000, respectively, which accounted for 77%, 37% and 69% of total accounts receivable. </R>

BUSINESS AND CREDIT RISK CONCENTRATION

Financial instruments which potentially subject the Company to concentrations of credit risk are cash and cash equivalents and accounts receivable. The Company limits its credit risk associated with cash and cash equivalents by placing its investments in highly liquid funds.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates.

SUPPLEMENTAL CASH FLOW INFORMATION

The Company paid interest of \$38,379, \$98,704, \$95,324, \$25,985 and \$20,840 for the years ended December 31, 1997, 1998 and 1999 and for the three months ended March 31, 1999 and 2000, respectively.

The Company financed \$833,301, \$338,801, \$223,794, \$0 and \$94,511 of property and equipment purchases with capital leases for the years ended December 31, 1997, 1998 and 1999 and for the three months ended March 31, 1999 and 2000, respectively.

In December 1998, the Company sold 2,366,947 shares of Series C Convertible Preferred stock (see Note 8). In connection with the sale, the Company converted notes payable including accrued interest to a Preferred Shareholder into Mandatorily Redeemable Series G Preferred stock which resulted in a non-cash transaction of \$4,272,083 (see Note 7). In addition, the Company recorded a

non-cash charge of \$8,307, \$401,244, \$94,318 and \$115,371 for the accretion of dividends relating to the Mandatorily Redeemable Series G Preferred stock during the year ended December 31, 1998 and 1999 and for the three months ended March 31, 1999 and 2000, respectively.

RECENT ACCOUNTING PRONOUNCEMENTS

In December 1999, the Securities and Exchange Commission "SEC" issued Staff Accounting Bulletin ("SAB") No. 101, "Revenue Recognition in Financial Statements." SAB 101 expresses the views of the SEC staff in applying generally accepted accounting principles to revenue transactions. The Company's financial statements and related disclosures for the years ended December 31, 1997, 1998 and 1999 and the three months ended March 31, 1999 and 2000 conform to the views of the SEC staff as documented in SAB 101.

3. NET LOSS PER SHARE:

Net loss per share is calculated utilizing the principles of SFAS No. 128, "Earnings per Share" ("EPS"). Basic EPS excludes potentially dilutive securities and is computed by dividing net income available to common shareholders by the weighted-average number of common shares outstanding for the period. Diluted EPS is computed assuming the conversion or exercise of all dilutive securities such as preferred stock, options and warrants.

Under SFAS No. 128, the Company's granting of certain stock options, warrants and convertible preferred stock resulted in potential dilution of basic EPS. The number of incremental shares from the assumed exercise of stock options and warrants is calculated applying the treasury stock method. Stock options, warrants and Preferred stock convertible into common shares were excluded from the calculations as they were anti-dilutive due to the net loss.

4. INCOME TAXES:

<R>
The Company incurred operating losses and generated a significant accumulated deficit through March 31, 2000, therefore, no tax provisions have been recorded. As of March 31, 2000 the Company had federal net operating loss carryforwards of approximately \$17.0 million which expire from 2010 through 2019. At December 31, 1998 and 1999 a valuation allowance was recorded for 100% of the company's deferred tax asset as realization of the tax benefit was not considered more likely than not.

The deferred tax effect of temporary differences giving rise to the Company's deferred tax assets consist of the following components:

Since realization of the tax benefit associated with the deferred tax assets is not more likely than not, a valuation allowance was recorded against this entire amount as required by SFAS No. 109.

The Tax Reform Act of 1986 contains certain provisions that limit the utilization of net operating losses and tax credit carryforwards if there has been a cumulative ownership change greater than 50% within a three-year period. Such limitation could result in the expiration of the net operating losses before such losses are fully utilized.

5. CAPITAL LEASE OBLIGATIONS:

The Company has entered into capital leases for various pieces of equipment expiring through 2004 and having interest rates ranging from 7% to 14.5%. At March 31, 2000 and December 31, 1999 and 1998, equipment and furniture includes assets under capitalized leases totaling \$1,702,533, \$1,608,022 and \$1,384,228, net of accumulated amortization of \$995,571, \$915,951 and \$546,321, respectively. 6. COMMITMENTS AND CONTINGENCIES:

SOFTWARE LICENSING AGREEMENT

The Company has an exclusive license for software and technical information with the Trustees of the University of Pennsylvania ("License Agreement").

In April 1995, the Company amended the original License Agreement to include the payment of royalties, as defined, for a period of 30 years and issued 124,900 shares of Common stock to the Trustees of the University of Pennsylvania. Under the License Agreement, the Company must pay minimum, nonrefundable royalty amounts as follows:

The Company can lose its exclusivity under the License Agreement if the minimum payments are not made. The Company had royalty expenses under this License Agreement of \$30,000, \$45,000, \$60,000, \$15,000 and \$18,750 for the years ended December 31, 1997, 1998 and 1999 and for the three months ended March 31, 1999 and 2000, respectively, which represent the minimum royalty for each year, respectively, under the License Agreement.

OPERATING LEASES

The Company leases its office facility under an operating lease. Rent expense, including common area maintenance charges, was \$153,773, \$203,414, \$208,496, \$51,771 and \$65,268 for the years ended December 31, 1997, 1998 and 1999 and for the three months ended March 31,

The Company has employment agreements with certain employees that provide for minimum annual compensation of \$1,433,026 in 2000, \$668,982 in 2001 and \$65,000 in 2002.

7. MANDATORILY REDEEMABLE PREFERRED STOCK:

In connection with the sale of the Series C Convertible Preferred stock (see Note 8), the Company converted notes payable due to a shareholder with initial principal amounts of \$2,684,675 and \$1,000,000, respectively, plus all accrued interest into 1,560,000 shares of Series G Mandatorily Redeemable Preferred stock (Series G Preferred). This Series G Preferred requires mandatory redemption upon the earlier of a qualified initial public offering of the Company, as defined, or December 24, 2008. The Series G Preferred has been reclassified outside of equity in the accompanying financial statements. The Series G Preferred has no voting or conversion rights and requires a dividend, payable upon redemption or liquidation, at a rate equal to the prime rate plus one percent based upon the Series G Preferred liquidation value. The Series G Preferred has a redemption value of \$4,797,005, which includes accrued dividends of \$524,922 at March 31, 2000.

EQUITY COMPENSATION PLANS

The Company's 1995 Equity Compensation Plan (the "Plan") permits the granting of incentive stock options, nonqualified stock options, stock appreciation rights and restricted stock. The Company has authorized the issuance of up to 2,065,038 shares of Common stock to satisfy grants under the Plan. At March 31, 2000, there were 897,501 shares reserved under the Plan available for grant. A committee of the Board of Directors (the "Committee") administers the Plan and determines the terms of the grants.

Stock options issued under the Plan generally vest over a four-year period, 25% on each anniversary date. The exercise period is determined by the Committee, but may not exceed ten years from the date of grant. Each option entitles the holder to purchase one share of common stock at the indicated exercise price.

In December 1998, the Company adopted the 1998 Time Accelerated Restricted Stock Option Plan (the "Accelerated Plan"). The Accelerated Plan provides for the granting of non-qualified stock options to officers, senior management and employee directors of the Company. The aggregate number of shares of Common stock the Company may issue under the Accelerated Plan is 483,594 shares. At March 31, 2000 there were 48,359 shares reserved under the Accelerated Plan available for grant.

<R>

The Company accounts for all plans under APB Opinion No. 25, under which compensation expense is recognized based on the amount by which the fair value of the underlying common stock exceeds the exercise price of the stock options on the measurement date. For financial reporting purposes, the Company has determined that the deemed fair market value on the measurement date for certain stock options was in excess of the exercise price. This amount has been recorded as deferred compensation and is being amortized over the vesting period of the applicable options which range between four and seven years. The Company recorded deferred compensation of \$5,624,839 and \$120,683 during the year ended December 31, 1999 and the three months ended March 31, 2000, respectively. The Company recognized \$232,517 and \$339,024 of compensation expense related to options for the year ended December 31, 1999 and the three months ended March 31, 2000, respectively.

</R>

Had compensation expense for all options issued been determined consistent with SFAS No. 123, "Accounting for Stock-Based Compensation," the Company's net loss, basic EPS and diluted EPS would have been equal to the pro forma amounts indicated below:

As of December 31, 1999, the weighted average contractual life of all options outstanding was 9.07 years, there were options to purchase 134,971 shares of Common stock vested at a weighted average exercise price of \$1.04.

WARRANTS

The Series D Warrant has an exercise price of \$2.01 per share and the Series E Warrant has an exercise price of \$2.50 per share. The warrants may be exercised at any time after December 24, 2008 should the Company fail to redeem the Series G Preferred. The warrants expire following the redemption of the Series G Preferred.

9. EMPLOYEE BENEFIT PLAN:

The Company maintains a defined contribution 401(k) Savings Plan ("the Plan"). Employees who have met certain eligibility requirements, as defined, may contribute up to 15% of their pre-tax gross wages or salaries. Subject to certain restrictions, the Plan provides for Company matching

MASTER DEVELOPMENT LICENSING AGREEMENT

The Company had a development and licensing agreement (the "Licensing Agreement") with the Series D and E Preferred shareholder. The agreement provided the Preferred shareholder a preferential right to enter into arrangements with the Company, under which the Company will develop new products for, and license them to the Preferred shareholder or its affiliates, as defined, for a period of ten years. Under the terms of the Licensing Agreement, the Company was reimbursed for development costs and received a monthly licensing and maintenance fee, as defined in the agreement. The Company recorded revenues of \$544,000 and \$441,311 under the Licensing Agreement in 1997 and 1998, respectively. In December 1998, the Licensing Agreement between the Company and the Preferred shareholder was canceled.

ITEM 14. INDEMNIFICATION OF DIRECTORS AND OFFICERS

The Registrant's Amended and Restated Articles of Incorporation provide that pursuant to and to the extent permitted by Pennsylvania law, the Registrant's directors shall not be personally liable for monetary damages for breach of any duty owed to the Registrant and its shareholders. This provision does not eliminate the duty of care, and, in appropriate circumstances, equitable remedies such as an injunction or other forms of non-monetary relief would remain available under Pennsylvania law. In addition, each director will continue to be subject to liability for breach of the director's duty of loyalty to the Registrant, for acts or omissions not in good faith or involving knowing violations of law, or for actions resulting in improper personal benefit to the director. The provision also does not affect a director's responsibilities under any other law, such as federal securities laws or state or federal environmental laws. The Registrant's Amended and Restated Bylaws provide that the Registrant shall indemnify its officers and directors to the fullest extent permitted by Pennsylvania law, including some instances in which indemnification is otherwise discretionary under Pennsylvania law. Pennsylvania law permits the Registrant to provide similar indemnification to employees and agents who are not directors or officers. The determination of whether an individual meets the applicable standard of conduct may be made by the disinterested directors, independent legal counsel or the shareholders. Pennsylvania law also permits indemnification in connection with a proceeding brought by or in the right of the Registrant to procure a judgment in its favor. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the Commission such indemnification is against public policy as expressed in that Act and is therefore unenforceable.

In general, any officer or director of the Registrant shall be indemnified by the Registrant against expenses including attorneys' fees, judgments, fines and settlements actually and reasonably incurred by that person in connection with a legal proceeding as a result of such relationship, whether or not the indemnified liability arises from an action by or in the right of the Registrant, if the officer or director acted in good faith, and in the manner believed to be in or not

opposed to the Registrant's best interest, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the conduct was unlawful. Such indemnity is limited to the extent that (i) such person is not otherwise indemnified and (ii) such indemnifications are not prohibited by Pennsylvania law or any other applicable law.

Any indemnification under the previous paragraph (unless ordered by a court) shall be made by the Registrant only as authorized in the specific case upon the determination that indemnification of the director or officer is proper in the circumstances because that person has met the applicable standard of conduct set forth above. Such determination shall be made (i) by the Board of Directors by a majority vote of a quorum of disinterested directors who are not parties to such action or (ii) if such quorum is not obtainable or, even if obtainable, a quorum of disinterested directors so directs, by independent legal counsel in a written opinion. To the extent that a director or officer of the Registrant shall be successful in prosecuting an indemnity claim, the reasonable expenses of any such person and the fees and expenses of any special legal counsel engaged to determine the possibility of indemnification shall be borne by the Registrant.

Expenses incurred by a director or officer of the Registrant in defending a civil or criminal action, suit or proceeding shall be paid by the Registrant in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that person is not entitled to be indemnified by the Registrant as authorized by our Bylaws.

The indemnification and advancement of expenses provided by, or granted pursuant to Article 10 of our Bylaws is not deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled, both as to action in that person's official capacity and as to action in another capacity while holding such office.

The Board of Directors has the power to authorize the Registrant to purchase and maintain insurance on behalf of the Registrant and others to the extent that power to do so has not been prohibited by Pennsylvania law, create any fund to secure any of its indemnification obligations and give other indemnification to the extent permitted by law. The obligations of the Registrant to indemnify a director or officer under Article 10 of our Bylaws is a contract between the Registrant and such director or officer and no modification or repeal of our Bylaws shall detrimentally affect such officer or director with regard to that person's acts or omissions prior to such amendment or repeal.

The Registrant has also purchased insurance for its directors and officers for certain losses arising from claims or charges made against them in their capacities as directors and officers of the Registrant.

The Underwriting Agreement provides that the underwriter is obligated, under certain circumstances, to indemnify directors, officers, and controlling persons of the Registrant against certain liabilities, including liabilities under the Act. Reference is made to Section 8 of the form of Underwriting Agreement which is filed by amendment as Exhibit 1.1 hereto.

ITEM 15. RECENT SALES OF UNREGISTERED SECURITIES

In the preceding three years, the Registrant has issued the following securities that were not registered under the Act:

Since its inception, the Registrant has issued to employees and directors options to purchase 1,727,110 shares issued pursuant to the Registrant's Equity Compensation Plans. All of such sales were made under the exemption from registration provided under Section 4(2) and Rule 701 of the Securities Act.

All of the following shares were sold to qualified investors under the Section 4(2) exemption from registration:

On December 23, 1998, the registrant sold to five accredited investors 2,366,947 shares of Series C Preferred Stock at \$2.61 per share for a total of \$6,175,000.

On December 23, 1998, the registrant issued 994,000 shares of Series D Preferred Stock at \$2.01 per share for a total of \$1,997,940 to Foundation Health Systems in exchange for shares of Series A Preferred Stock.

On December 23, 1998, the registrant issued 1,658,004 shares of Series E Preferred Stock at \$2.50 per share for a total of \$4,145,010 to Foundation Health Systems in exchange for shares of Series B Preferred Stock.

On December 23, 1998, the registrant issued warrants to Foundation Health Systems to purchase 1,344,000 shares of Series D preferred stock at \$2.01 per share and 400,000 warrants to purchase Series E preferred stock at \$2.50 per share.

On December 23, 1998, the registrant issued 1,560,000 shares of series G stock at \$2.74 per share for a total of \$4,258,800 upon conversion of two promissory notes.

See Exhibit Index.

(B) FINANCIAL STATEMENT SCHEDULES

All information for which provision is made in the applicable accounting regulations of the Securities and Exchange Commission is either included in the financial statements or is not required under the related instructions or are inapplicable, and therefore have been omitted.

ITEM 17 UNDERTAKINGS.

Insofar as indemnification for liabilities arising under the Act may be permitted to directors, officers and controlling persons of the registrant pursuant to provisions described in Item 14 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes (1) to provide to the underwriter at the closing specified in the underwriting agreement, certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser; (2) that for purposes of determining any liability under the Act, the information omitted from the form of prospectus filed as part of a registration statement in reliance upon Rule 430(a) and contained in the form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Act shall be deemed to be part of this registration statement as of the time it was declared effective; and (3) that for the purpose of determining any liability under the Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Re: CareScience, Inc. Registration Statement on Form S-1

Ladies and Gentlemen:

We have acted as counsel for CareScience, Inc., a Pennsylvania corporation (the "Company"), in connection with the preparation of the registration statement on Form S-1 (the "Registration Statement") filed with the Securities and Exchange Commission (the "Commission") pursuant to the Securities Act of 1933, as amended (the "Act"), relating to the public offering (the "Offering") of up to 5,175,000 shares (the "Shares") of the Company's common stock, no par value (the "Common Stock"), including 675,000 Shares purchasable by the underwriters upon exercise of their over-allotment option. All of the 5,175,000 Shares will be newly issued and sold by the Company (the "Company Shares"). This opinion is being furnished pursuant to Item 601(b)(5) of Regulation S-K under the Act.

In rendering the opinion set forth below, we have reviewed (a) the Registration Statement and the exhibits thereto; (b) the Company's Amended and Restated Articles of Incorporation, as approved by the Board of Directors on March 15, 2000 and the shareholders on March 30, 2000, to be filed with the Commonwealth of Pennsylvania immediately prior to the closing of the Offering; (c) the Company's Amended and Restated Bylaws; (d) certain records of the Company's corporate proceedings as reflected in its minute books; and (e) such statutes, records and other documents as we have deemed relevant. In our examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals, and conformity with the originals of all documents submitted to us as copies thereof. In addition, we have made such other examinations of law and fact as we have deemed relevant in order to form a basis for the opinion hereinafter expressed.

Based upon the foregoing, we are of the opinion that the Company Shares, upon issuance and sale by the Company in the manner and for the consideration contemplated in the Registration Statement, will be validly issued, fully paid and nonassessable.

We hereby consent to the use of this opinion as an Exhibit to the Registration Statement and to all references to this Firm under the caption "Legal Matters" in the Registration Statement. In giving such consent, we do not thereby admit that we are acting within the category of persons whose consent is required under Section 7 of the Act and rules and regulations of the Securities and Exchange Commission thereunder.

Very truly yours,

/s/ Morgan, Lewis & Bockius LLP

RE: PENN/CMS LICENSE AGREEMENT EFFECTIVE APRIL 1, 1995,
RESTATED ON OR ABOUT MAY 1, 1997.

Dear Dr. Paulus:

This letter agreement is between the University of Pennsylvania ("Penn") and
Care Management Science ("CMS") for the purposes of clearing up an issue
pertaining to sublicenses as defined in Section 2.1 in the above referenced
License Agreement. For the purposes of this letter, "End-User Sublicense" shall
mean a sublicense granted by CMS which allows the sublicensee to use, but not to
modify or to distribute the software. "Distributor Sublicense" shall mean a
sublicense granted by CMS to a third party which allows that third party to
modify the software, and sublicense it in the form of End-User sublicenses only.

It is agreed between the parties that CMS shall have the right to grant both
End-User Sublicenses and Distributor Sublicenses. It is further agreed that:

1. any Distributor Sublicense granted by CMS shall be subject to the terms and
provisions of the License Agreement;
2. royalties would flow to Penn in the exact same manner as they would if CMS
were selling directly [*];
3. any such distribution rights would also be subject to the exact same
contractual language and other requirements of the License Agreement as if
CMS were licensing the software directly;
4. Penn shall receive [*] of any up-front license initiation fees or other
consideration paid to CMS for sublicense rights; and
5. any third parties distributing the Licenses Work shall be required to
report to CMS, and CMS shall report any such Distributor licensee sales to
Penn in the same manner that CMS reports its own sales to Penn.

Sincerely,

/s/ Louis P. Berneman

RESTATED LICENSE AGREEMENT

by and between

THE TRUSTEES OF THE UNIVERSITY OF PENNSYLVANIA

and

CARE MANAGEMENT SCIENCE CORPORATION

(formerly The Center for Health Choice)

1995

This LICENSE AGREEMENT is made as of the 1st day of April, 1995 between THE TRUSTEES OF THE UNIVERSITY OF PENNSYLVANIA, a nonprofit corporation organized and existing under the laws of the Commonwealth of Pennsylvania (the 'University'), and Care Management Science Corporation, both corporations organized and existing under the laws of the Commonwealth of Pennsylvania ("Licensee").

The Effective Date is April 1, 1995.

WHEREAS The University owns the Licensed Program and Licensed Technical Information (each as defined below) and copyrights and other proprietary rights relating thereto; and

WHEREAS Licensee desires to obtain from the University an exclusive license to use the Licensed Program and Licensed Technical Information, subject to the terms, conditions and provisions hereinafter set forth; and

WHEREAS The University and Licensee (formerly called The Center for Health Choice) have entered into an agreement dated July 1, 1993 relating to subject matter in some respects to the subject matter of this agreement whereby this agreement supersedes the July 1, 1993 agreement;

WHEREAS The University and Licensee have entered into an agreement dated April 1, 1995 and signed in March 1995 relating to the same subject matter as the subject matter of this agreement whereby this agreement restates and supersedes the July 1, 1993 agreement;

NOW, THEREFORE in consideration of the premises and of the promises and mutual covenants contained herein, and intending to be legally bound hereby, the parties hereto agree as follows:

ARTICLE I
DEFINITIONS

The following terms, as used herein, shall have the following meanings:

"AFFILIATE" means, when used with references to Licensee, any Person directly or indirectly controlling, controlled by or under common control with Licensee. For purposes of this Agreement, 'control' means the direct or indirect ownership of over 50% of the outstanding voting securities of a Person, or the right to receive over 50 % of the profits or earnings of a Person, or the right to control the policy decisions of a Person.

"BANKRUPTCY EVENT" means the Person in question becomes insolvent, or voluntary or involuntary proceedings by or against such Person are instituted in bankruptcy or under any insolvency law, or a receiver or custodian is appointed for such Person, or proceedings are instituted by or against such Person for corporate reorganization or the dissolution of any such Person, which proceeding, if involuntary, shall not have been dismissed within ninety (90) days after the date of filing, or such Person makes an assignment for the benefit of creditors, or substantially all of the assets of such Person are seized or attached and not released within sixty (60) days thereafter.

"CALENDAR QUARTER" means each three-month period, or any portion thereof, beginning on January 1, April 1, July 1 and October 1.

"CONFIDENTIAL INFORMATION" means and includes (i) the Source Code and object Code of the Licensed Program and the related Documentation, (ii) the Licensed Technical Information; (iii) any other information or material in tangible form that is marked as confidential or proprietary by the furnishing party at the time it is delivered to the receiving party, and (iv) information that is furnished orally if the furnishing party identifies such information as confidential or proprietary when it is disclosed and promptly confirms such designation in writing after such disclosure.

"COPYRIGHT" means the copyrights related to the Licensed Work, including the copyright applications and registration(s), if any, listed on Exhibit A attached hereto and made part hereof, authorized under Title 17 of the United States Code or under the laws of any other jurisdiction.

"CUSTOMER" means any Person who has executed a valid End User Agreement or any other form of sublicense agreement approved by the University relating to the license set forth herein.

"Documentation" means the explanatory and instructive materials in hard copy, including manuals and other printed or visually-perceptible materials, that describe the use, function or operation of a computer software program.

"END USER AGREEMENT" means an agreement between Licensee and a Person granting the right to use or benefit from any of the rights granted hereinunder.

"FEES" shall mean, cumulatively, Service Fees and Sublicense Fees. Licensee shall establish; 1) stand-alone Sublicense Fees and 2) Service Fees for use of the Licensed Work. If Licensee charges a customer Service Fees for a package of services, only some of which involves use of the Licensed Program, and no volume or other customer discount is provided, then the portion of Licensee's revenues representing Fees shall not be less than the separate prices or Fees charged by Licensee on a stand-alone basis for services using the Licensed Work. If Licensee charges a customer service Fees on such a package of services and a volume or other discount is provided, then the discount related to use of the Licensed Work shall be no greater than the discount related to other services provided by Licensee. University acknowledges that Licensee may have to negotiate Sublicense Fee discounts from its published fees in the usual course of doing business.

Licensee shall be permitted to deduct qualifying costs directly attributable to the sublicensing of the Licensed Work, which are actually identified on the invoice and borne by Licensee, or the provision of services using the Licensed Work, which are actually identified on the invoice and borne by Licensee or its sublicensee.

Such qualifying costs shall be limited to the following:

- (i) Discounts, in amounts customary in the trade, for quantity purchases, prompt payments and for wholesalers and distributors;
- (ii) Credits or refunds, not exceeding the original invoice amount, for claims or returns.
- (iii) Prepaid transportation insurance amounts;
- (iv) Prepaid outbound transportation expenses; and
- (v) Sales and use taxes, imposed by a government agency upon Licensee.

"LICENSED PROGRAM" means the software program in source code, object code, or any other form described in the copyright registrations and applications for copyright registration set forth in Exhibit A hereto, together with (i) Modifications thereto, (ii) all Documentation, and (iii) all derivative works based on the foregoing.

"LICENSED TECHNICAL INFORMATION" means the underlying proprietary analytic routines related to the econometric model which was developed for the Corporate Hospital Rating Project, THE CORPORATE HOSPITAL RATING PROJECT: MEASURING HOSPITAL OUTCOMES FROM A BUYER'S PERSPECTIVE USING UB-B2 LIKE DATA. For the purposes of this agreement UB-B2 like data is defined as information about specific patients regarding their admissions to hospitals that includes their diagnoses, Procedures, date of admission and discharge, and the charges associated with hospital stays. It does not include information about out-patients, resource use, test results, treatment or intentions. Licensed Technical Information also includes the underlying models reflected in A THEORY OF FOCUSED OPERATIONS IN HEALTH CARE; RISK-ADJUSTMENTS AND MEASUREMENT OF AMBULATORY OUTCOMES; and A THEORY OF CONGESTION IN GENERAL HOSPITALS the copyright information for which is listed in Exhibit A hereto.

"LICENSED WORK" means the Licensed Program and Licensed Technical Information, and any portion of Modification thereof, as well as all United States and foreign Copyrights.

"MODIFICATION" of work means any and all changes including improvements, enhancements, corrections, revisions to the work or any portion thereof, and any derivative of or work substantially similar to any of the foregoing, made by the University or the Licensee.

"PERSON" or "PERSONS" means any corporation, partnership, joint venture or natural person. "Sale" as applied to the Licensed Work means a genuine BONA FIDE transaction for which consideration is received or expected for the use, lease, transfer or any other disposition of the Licensed Work. A Sale of the Licensed Work shall be deemed completed at the time Licensee or its sublicensee invoices, ships, or receives payment for such Licensed Work, whichever occurs first

"SERVICE FEES" means gross consideration actually received by Licensee as a fee for Use of the Licensed Work. The University hereby acknowledges that Licensee has in the past and will continue to provide consulting and other product related services to third parties which do not employ the use of the Licensed Work, and University further acknowledges that such revenues are expressly not a

part of Service Fees as defined herein.

"Sublicense Fees" means gross consideration actually received by Licensee (i) as a fee for sublicensing the Licensed Work in object code form to any third party or (ii) as royalties under the terms of any such sublicense agreement.

ARTICLE II
GRANT OF LICENSE

2.1 GRANT OF LICENSE. Subject to the terms and conditions contained in this Agreement, the University hereby grants to Licensee for the term of this Agreement a roya4-bearing, worldwide, exclusive license, with a right to sublicense to:

- (a) make copies of, to make derivative works of, and to use the Licensed Work,
- (b) distribute the Licensed work;
- (c) sublicense the Licensed Work to customers of Licensee who have first executed an End User Agreement. Licensee shall use best efforts to include all of the provisions found in the End User Agreement which forms Exhibit B hereto in all sublicense agreements, where such efforts must result in an agreement that is at least substantially similar to the End User Agreement identified in Exhibit B.

2.2 RESERVATION OF RIGHTS. The University reserves the right to make copies of, to make derivative works of and to use the Licensed Work solely for non-commercial research and educational purposes. The University also reserves the right to grant the same restricted rights to other non-profit educational or research institutions which expressly agree in writing not to utilize the Licensed Work in any commercial application, whether for itself or another party.

2.3 NO RIGHTS BY IMPLICATION. No rights or licenses with respect to the Licensee Work are granted or deemed granted hereunder or in connection herewith, other than those rights or licenses expressly granted in this Agreement.

2.4 FEDERAL GOVERNMENT INTEREST. Licensee acknowledges that the United States Government may retain certain rights in inventions funded in whole or in part under any contract, grant or similar agreement with a Federal agency under Public Laws 96-517, 97-256 and 98-620, codified at 35 U.S.C. P. 200-212, and any regulation issued thereunder, as such statute or regulations may be amended from time to time hereafter. The license to the Licensed Work granted under this Article II is expressly subject to all such rights.

ARTICLE III
COMPENSATION

3.1 ROYALTIES.

- (a) In consideration for the license granted by this Agreement, Licensee shall pay University royalties as follows on all Sales of the Licensed Work.
 - (i) [*];
 - (ii) [*];
- (b) In the event the University releases a Modification to the Licensed program developed exclusively by the University, the University shall be entitled to a royalty of [*] of the Sublicense Fee paid by existing Customers for such modification. In the event that such a Modification is jointly developed by the University and Licensee, Licensee shall pay a royalty to the University equal to a prorated percentage of [*] based upon the relative contributions of the two parties, such contributions to be mutually agreed upon.
- (c) The University waives the right to receive these royalties through June 30, 1996 (the "Transition Period") if Fees received by Licensee in any such year, during the Transition Period are less than \$200,000.

[*] WE ARE SEEKING CONFIDENTIAL TREATMENT OF THESE TERMS, WHICH HAVE BEEN OMITTED. THE CONFIDENTIAL PORTIONS HAVE BEEN FILED SEPARATELY WITH THE SECURITIES AND EXCHANGE COMMISSION.

3.2 MINIMUM ADVANCE ROYALTIES. Licensee shall Pay to Licensor, as a non-refundable advance against royalties during the ensuing year, minimum annual royalties ("Minimum Advance Royalties") for the following periods in the corresponding amounts:

<Table>

<Caption>

CALENDAR YEAR BEGINNING	
<S>	<C>
TRANSITION PERIOD	January 1, 1995
\$20,000	January 1, 1996
\$30,000	January 1, 1997
\$45,000	January 1, 1998
\$60,000	January 1, 1999
\$75,000	January 1, 2000 and for each calendar year thereafter

</Table>

Licensee shall pay these Minimum Advance Royalties in four (4) evenly distributed installments on the first day of each calendar quarter (January 1, April 1, July 1 and October 1) of each year.

3.3 MINIMUM EARNED FEES. To retain the exclusivity of the license granted hereunder, Licensee must earn Fees in the following amounts during each calendar year listed below:

<Table>

<Caption>

CALENDAR YEAR BEGINNING	
<S>	<C>
\$ 80,000	January 1, 1995
\$150,000	January 1, 1996
\$275,000	Each calendar year thereafter

</Table>

3.4 EXCLUSIVE; NON-EXCLUSIVE LICENSE. If Licensee fails to pay the Minimum Advance Royalties as set forth in Section 3.2 above for any calendar year, the University will have the right in its sole discretion, to convert the license granted hereunder from an exclusive to a non-exclusive license. Should the University convert the license to a non-exclusive license, Licensee shall be required to pay a Minimum Advance Royalty of twenty thousand dollars (\$20,000.00) to be paid in the same four (4) installments as for an exclusive license, for each calendar year thereafter to maintain the non-exclusive license. If Licensee fails to pay the Minimum Advance Royalty of \$20,000 for a non-exclusive license, the University will have the right in its sole discretion, to terminate the non-exclusive license. In the event that the University grants any third party a nonexclusive license to the Licensed Work with Minimum Advance Royalties or equivalent royalties of less than \$20,000 per calendar year, Licensee's yearly fee shall be reduced to the lower rate.

3.5 SALES TO FEDERAL GOVERNMENT. To the extent required by any existing Federal Government Interest, a sublicense to the United States Government shall not be subject to any Royalty.

3.6 PAYMENTS. Royalties payable under Section 3.1 hereof shall be paid within forty five (45) days following the last day of the Calendar quarter in which the royalties accrue. The final payment shall be made within thirty (30) days after termination of this Agreement. Royalties shall be deemed paid as of the day on which they are received at the account designated pursuant to Section 3.8. Royalties that are not paid when due shall be subject to interest in accordance with Section 3.8 hereof.

3.7 REPORTS. Licensee shall deliver to the University within forty-five (45) days after the end of each Calendar Quarter a report, certified by the chief financial officer of Licensee, setting forth in reasonable detail the calculation of the earned royalties and Minimum Advance Royalties available for credit payable to the University for such Calendar Quarter.

3.8 CURRENCY, PLACE OF PAYMENT, INTEREST.

- (a) CURRENCY; PLACE OF PAYMENT. All dollar amounts referred to in this Agreement are expressed in United States dollars. All payments of Royalties and other amounts to the University under this Agreement shall be made in United States dollars (or other

legal currency of the United States) by check payable to "The

Trustees of the University of Pennsylvania".

- (b) INTEREST. Amounts that are not paid when due shall accrue interest from the due date until paid, at a rate equal to the prime rate plus two percent (2%) with a maximum cap of eighteen percent (18%). The University may treat unpaid payments as a breach of this Agreement notwithstanding the payment of interest.

3.9 RECORDS. Licensee will maintain complete and accurate books and records which enable the royalties payable hereunder to be verified. The records for each calendar quarter shall be maintained for five years after the submission of each report under Section 3.7 hereof. Upon reasonable prior notice to Licensee, the University and its accountant shall have access to the relevant books and records of Licensee necessary to conduct a review or audit thereof. Such limited access shall be available not more than twice each calendar year, during normal business hours, and for three years after the expiration or termination of this Agreement. If the University determines that Licensee has underpaid royalties by ten percent (10%) or more, Licensee will immediately pay to the University such amount plus interest as set forth in Section 3.8 above in addition to the documented costs and expenses of the university's accountant in connection with its review or audit. If an overpayment is determined to exist, the University shall refund any monies overpaid by Licensee back to Licensee.

ARTICLE IV USE OF LICENSED PROGRAM

4.1 MAINTENANCE. Licensee acknowledges and agrees that the University shall be under no obligation to Licensee to install, maintain, support, modify or enhance the Licensed Program, all such obligations being the responsibility of Licensee.

4.2 Copy Limitations. Licensee shall be entitled to receive from the University one copy of the Licensed Program and related Documentation, and the Licensed Technical information. Licensee shall keep a record of the location of each and every copy of the licensed Program that it makes and shall maintain such copies in locations consistent with Licensee's confidentiality obligations as set forth in Article V hereof. Licensee shall reproduce without alteration any disclaimers, legends and proprietary rights notices on all copies of the Licensed Program and related Documentation and the Licensed Technical Information.

4.3 MODIFICATION OF LICENSED WORK.

(a) Licensee shall have the right to make Modifications of the Licensed Work, including derivatives as contemplated by the copyright laws, provided that such Modifications, and all copyrights and trademarks relating thereto, shall remain the property of the University from the moment of their creation, subject to the 1-licensee's license rights hereunder. Licensee shall provide one copy of any Modification of the Licensed Work to the University promptly upon request. Licensee shall obtain from each and every individual or entity who makes a Modification of the licensed Work an assignment of all rights to the University, including but not limited to copyright, whether or not such contribution may be a "work made for hire." Prior to the commencement of work by such individuals or entities, licensee shall have each individual or entity sign a document in reasonable form acknowledging that all rights in their respective contributions will be assigned to the University whether or not such contributions are works made for hire.

(b) The University may from time to time release Modifications developed by the University, subject to the Licensee's license rights hereunder. The University will provide one copy of such Modifications to Licensee. The incorporation into the Licensed Work of any Modification developed by the University shall be reflected in the royalty schedule for the Licensed Work after good faith negotiations by the parties. Notwithstanding, Licensee acknowledges and agrees that the University shall have no obligation to make Modifications of the Licensed Work.

ARTICLE V CONFIDENTIALITY

5.1 CONFIDENTIALITY.

(a) NONDISCLOSURE. Licensee shall maintain in confidence and shall not disclose to any third Party (except an authorized sublicensee) the Confidential Information received pursuant to this, without the prior written consent of the University. The foregoing obligation shall not apply to:

- (i) information that is known to Licensee or independently developed by Licensee prior to the time of disclosure, in each mw, to the extent evidenced by written records promptly disclosed to the University upon receipt of the Confidential Information. This exception shall not apply to information learned by Licensee from any employee who was previously engaged by, or a student of, the University, with responsibility for the development or use of the Licensed Work;
- (ii) information disclosed to Licensee by a third party that has a right to make such disclosure;

(iii) information that becomes patented, published or otherwise part of the public domain as a result of acts by the University or by a third person who has the right to make such disclosure; or

(iv) information that is required to be disclosed by order of any governmental authority or a court of competent jurisdiction; provided that Licensee shall notify the University if it believes such disclosure is required and shall use its best efforts to obtain confidential treatment of such information by the agency or court.

(b) USE OF CONFIDENTIAL INFORMATION. Licensee shall ensure that all of its employees having access to the Confidential Information of the University are obligated in writing to abide by Licensee's obligations hereunder. Licensee shall use the Confidential Information only for the purposes contemplated under this Agreement.

(c) NO OBLIGATION BY UNIVERSITY. The University shall not be obligated to accept any Confidential Information of the Licensee. If licensee desires to furnish any of Licensee's Confidential Information to any University personnel, Licensee may request such individual to sign a confidentiality agreement with Licensee in form and substance satisfactory to the University, as attached hereto in Exhibit C. The University bears no institutional responsibility for maintaining the confidentiality of any Confidential Information of Licensee.

(d) COPYRIGHT NOTICE. The placement of a copyright notice by the University on the Licensed Work, or any portion thereof, shall not be construed to mean that the program or information has been published. Such placement will not release licensee from its obligations of confidentiality hereunder.

5.2 PUBLICATION.

(a) UNIVERSITY RIGHT TO PUBLISH. Licensee acknowledges that the basic objective of the research and development activities of the University is the generation of new knowledge and its expeditious dissemination. To further that objective, the University retains the right, at its discretion, to demonstrate, publish or publicize the Licensed Technical Information and a description of the Licensed Program and any results of research conducted by the University with the Licensed Work subject to the provisions of clauses (b) and (c) below.

(b) NOTIFICATION. Should the University desire to disclose publicly, in writing or by oral presentation, Confidential Information related to the Licensed Work for which an appropriate form of intellectual property protection has not been filed, the University shall notify Licensee in writing of its intention at least thirty (30) days before such disclosure. The University shall include with such notice a description of the oral presentation or, in the case of a manuscript or other proposed written disclosure, a current draft of such written disclosure. Licensee may request the University, no later than 30 (30) days following the receipt of the University's notice, to file an appropriate form of intellectual property protection related to the information to be disclosed. All such filings shall be subject to the provisions of Section 8.1 Of this Agreement. Upon receipt of such request, the University shall arrange for a short delay in publication, not to exceed sixty (60) days, to permit filing of an appropriate form of intellectual protection by the University, or if the University declines to file such application, to permit licensee to make such a filing.

(c) MODIFICATION. If the University desires to demonstrate, publish or publicize Confidential Information related to the Licensed Work that is not protectable under intellectual property law in the United States, and Licensee objects to such proposed disclosure within the time period specified in clause (b) above, the parties will negotiate in good faith to whether the proposed disclosure can be modified or withheld, consistent with the objectives of each party. In no event shall the University be prohibited from proceeding with any such publication.

5.3 USE OF NAME.

(a) Licensee shall not directly or indirectly use the University's name, or the name of any trustee, officer or employee thereof, without the University's written consent. University hereby approves the use of the following wording as applied to the University, its related Wharton School, its School of Medicine, or the John A. Hartford Foundation, as appropriate:

(i) [based on work or research performed at or by]

(ii) [derived from work or research performed at or by]

(iii) [faculty members of]

(iv) [funded by]

(v) [licensed from]

(vi) [developed at]

(b) The University and LICENSEE are independent entities and contractors and neither is an agent of the other. Neither LICENSEE nor the University shall take any action which would suggest to a reasonable person that an agency relationship exists between them.

5.4 INJUNCTIVE RELIEF. Because damages at law will be an inadequate remedy for breach of any of the covenants, promises and agreements contained in this Article V hereof, the University shall be entitled to injunctive relief in any state or federal court located within the City of Philadelphia, Pennsylvania, including specific performance or an order enjoining the breaching party from any threatened or actual breach of such covenants, promises or agreements. Licensee hereby waives any objection it may have to the personal jurisdiction or venue of any such court with respect to any such action. The rights set forth in this Section 5.4 shall be in addition to any other rights which the University may have at law or in equity.

ARTICLE VI
WARRANTIES AND REPRESENTATIONS

6.1 REPRESENTATIONS AND WARRANTIES OF THE UNIVERSITY. The University represents and warrants to Licensee that this Agreement, when executed and delivered by the University, will be the legal, valid and binding obligation of the University, enforceable against the University in accordance with its terms. The University also represents to Licensee that the University has not received any written notice that the Licensed Work infringes the proprietary rights of any third party. These representations are to the knowledge of the University, based upon conversations with certain University officials. The University has made no independent investigation of the matters which are subject to these representations.

6.2 REPRESENTATION AND WARRANTIES OF LICENSEE. Licensee represents and warrants to the University as follows:

- (a) is a good corporation duly organized, validly existing and in good standing under the laws of Pennsylvania, and has all requisite corporate power and authority to execute, deliver and perform this Agreement;
- (b) This Agreement, when executed and delivered by Licensee, will be the legal, valid and binding obligation of Licensee, enforceable against Licensee in accordance with its terms; and
- (c) The execution, delivery and performance of this Agreement by licensee does not conflict with, or constitute a breach or default under, (i) the charter documents of Licensee, (ii) any law, order, judgment or governmental rule or regulation applicable to Licensee, or (iii) any provision of any agreement, contract, commitment or instrument to which Licensee is a party; and the execution, delivery and performance of this Agreement by Licensee does not require the consent, approval or authorization of, or notice or declaration to or filing or registration with, any governmental or regulatory authority.

ARTICLE VII
LIMITATION ON LIABILITY AND INDEMNIFICATION

7.1 NO WARRANTIES; LIMITATION ON LIABILITY. EXCEPR AS EXPLICITLY SET FORTH IN SECTION 6.1 HEREOF, THE LICENSED PROGRAM AND LICENSED TECHNICAL INFORMATION IS PROVIDED ON AN "AS IS" BASIS AND THE UNIVERSITY MAKES NO REPRESENTATIONS OR WARRANTEES, EXPRESS OR IMPLIED, WITH RESPECT TO THE LICENSED PROGRAM AND LICENSED TECHNICAL INFORMANON. BY WAY OF EXAMPLE BUT NOT OF LIMITATION, THE UNIVERSITY MAKES NO REPRESENTATIONS OR WARRANTEES (i) OF COMMERCIAL UTILITY, (ii) OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR (iii) THAT THE USE OF THE LICENSED PROGRAM AND LICENSED TECHNICAL INFORMATION WILL NOT INFRINGE ANY PATENT, COPYRIGHT OR TRADEMARK OR OTHER PROPRIETARY OR PROPERTY RIGHTS OF OTHERS. EXCEPT AS EXPRESSLY PROVIDED HEREIN, THE UNIVERSITY

DISCLAIMS ANY WARRANTY THAT THE LICENSED PROGRAM AND LICENSED TECHNICAL INFORMATION IS FREE FROM THE RIGHTFUL CLAIMS OF ANY THIRD PARTY. THE UNIVERSITY SHALL NOT BE LIABLE TO LICENSEE, LICENSEE'S SUCCESSORS OR ASSIGNS, OR ANY OTHER THIRD PARTY WITH RESPECT TO ANY CLAIM ON ACCOUNT OF, OR ARISING FROM THE USE OF INFORMANON IN CONNECTION WITH THE LICENSED PROGRAM AND LICENSED TECHNICAL INFORMATION SUPPLIED HEREUNDER OR THE USE OR LICENSE OF THE LICENSED PROGRAM AND LICENSED TECHNICAL INFORMATION OR ANY OTHER MATERIAL OR ITEM DERIVED THEREFROM. THE UNIVERSITY SHALL NOT BE LIABLE TO LICENSEE, OR ANY OTHER PERSON FOR ANY LOSS OF PROFITS, LOSS OF BUSINESS OR INTERRUPTION OF BUSINESS, OR FOR ANY INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES OF ANY KIND INCURRED BY LICENSEE OR ANY OTHER PERSON WHETHER UNDER THIS AGREEMENT OR OTHERWISE, EVEN IF THE UNIVERSITY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSS.

7.2 LICENSEE INDEMNIFICATION. Licensee will indemnify and hold harmless the University, its, officers, agents and employees (collectively, the "Indemnified Parties"), from and against any and all liability, loss, damage, action, claim or expense suffered or incurred by the Indemnified Parties (including reasonable attorney's fees) (individually, a "Liability" and collectively, the "Liabilities") which results from or arises out of (a) the use of the Licensed Work by Licensee, its Affiliates, assignees, vendors or other third parties; (b) breach by Licensee of any covenant or agreement contained in this Agreement; and (c) the successful enforcement by an indemnified Party of its right under this Section 7.2. The indemnification obligation under clause (a) shall be mitigated by the sole negligence of the Indemnified Party. Without limiting the foregoing, Licensee will indemnify and hold harmless the Indemnified Parties from and against any Liabilities resulting from:

- (a) Any claim of any kind related to the use by a third party of the Licensed Work by Licensee, its Affiliates, assignees, or other third parties; and
- (b) claim by a third party that the Licensed work infringes or violates any patent, copyright, trademark or other intellectual property rights of such third party.

7.3 PROCEDURES. The Indemnified Party shall promptly notify Licensee of any claim or action giving rise to a Liability that is subject to the provisions of Section 7.2. Licensee shall have the right to defend any such claim or action, at its cost and expense. Licensee shall not settle or compromise any such claim or action in a manner that imposes any restrictions or obligations on the University or grants any rights to the licensed Work, without the University's written consent, which consent shall not be unreasonably withheld. If Licensee fails or declines to assume the defense of any such claim or action within thirty (30) days after notice thereof, the University may assume the defense of such claim or action for the account and at the risk of Licensee, and any Liability related thereto shall be conclusively deemed a liability of Licensee. Licensee shall pay promptly to the Indemnified Party any Liabilities to which the foregoing indemnify relates, as incurred. The indemnification rights of the University or other indemnified Party contained herein are in addition to all other rights which such indemnified Party may have at law or in equity or otherwise.

7.4 LIABILITY INSURANCE. During the Term of this Agreement, Licensee shall maintain general liability and product liability, insurance in amounts not less than \$1,000,000 per incident and \$1,000,000 in the aggregate, issued by an insurance company rated AA or better and naming the University as an additional insured. The minimum insurance amounts specified herein shall not be deemed a limitation on Licensee's indemnification liability under this Agreement. Licensee shall provide the University with copies of the endorsements to such policies, upon request of the University. Licensee shall notify the University at least thirty (30) days prior to cancellation of any such coverage.

ARTICLE VIII
PROPRIERARY RIGHTS AND INFRINGEMENT

8.1 PROPRIETARY RIGHTS PROTECTION.

(a) UNIVERSITY CONTROL. The University shall be responsible for and shall control the preparation, prosecution and maintenance of all copyrights and patent rights pertaining to the Licensed Work. Licensee shall reimburse the University for all documented expenses (including legal fees, filing and maintenance fees or other governmental charges) incurred in connection with the filing, prosecution and maintenance of any such rights. Such reimbursement shall be due at the same date as advance Minimum Royalties are due, as

set forth in Section 3.2.

(b) LICENSEE OBLIGATIONS. Licensee and the University shall mutually determine the countries where copyrights and patents pertaining to the Licensed Work will be prosecuted and maintained. If Licensee declines to pay for such prosecution and maintenance costs in any jurisdiction, the University may do so at its cost and expense but such rights shall be excluded from the definition of Licensed Work.

(c) LICENSEE PROSECUTION. If the University elects not file, prosecute or maintain any copyright to the Licensed Work, it shall notify Licensee at least sixty (60) days prior to taking, or not taking, any action which would result in abandonment, withdrawal, or lapse of such right. Licensee shall then have the right to file, prosecute or maintain the right at its own expense.

(d) COOPERATION. Each party shall cooperate with the other party to execute all lawful papers and instruments and to make all rightful oaths and declarations as may be necessary in the preparation and prosecution of all rights referred to in this Section 8. 1.

8.2 OWNERSHIP. Licensee acknowledges that all right, title and interest in and to the Licensed Work and any copyrights, patents, trademarks and other protection related thereto is and shall remain in the University, regardless of which party prepares prosecutes or maintains the foregoing, subject to the express license granted to Licensee under Article II hereof.

8.3 INFRINGEMENT BY THIRD PARTY.

(a) LICENSEE’S OBLIGATIONS. Each party will promptly notify the other party of any infringement or possible infringement of rights relating to the Licensed Work. Licensee shall have the right, but not the obligation, to prosecute such infringement at its

own expense. In such event, the University shall cooperate with Licensee, at Licensee's expense. Licensee shall not settle or compromise any such suit in a manner that imposes any obligations or restrictions on the University or grants any rights to the Licensed Work, without the University's written consent.

(b) UNIVERSITY'S RIGHTS. If Licensee fails to prosecute such infringement within ninety (90) days after receiving notice thereof, the University shall have the right, but not the obligation, to prosecute such infringement at its own expense. In such event, Licensee shall cooperate with the University, at the University's expense.

(c) RECOVERY DISTRIBUTION. Any recovery obtained by the prosecuting party as a result of such proceeding, by settlement or otherwise, shall be applied first to the prosecuting party, in an amount equal to its costs and expenses of the litigation, with the remainder to be paid to the Licensee, subject to the earned royalties due to the University under Article 3 hereof.

ARTICLE IX
TERM AND TERMINATION

9.1 TERM. This Agreement and the licenses granted herein shall commence on the Effective Date and shall continue, subject to earlier termination under Sections 9.2 or 9.3 hereof, for a period of thirty (30) years thereafter.

9.2 TERMINATION BY THE UNIVERSITY.

(a) EVENTS OF DEFAULT. Upon the occurrence of any of the events set forth below ("Events of Default"), the University shall have the right to terminate this Agreement by giving written notice of termination, such termination being effective with the giving of such notice:

(i) Nonpayment of any amount payable to the University that is continuing then (10) calendar days after the University gives Licensee written notice of such nonpayment;

(ii) breach by Licensee of any covenant (other than a payment breach referred to in clause (i) above) or any representation or warranty contained in this Agreement that is continuing sixty (60) calendar days after the University gives licensee written notice of such breach; provided that if Licensee, using its best efforts, cannot cure such breach within the flat sixty (60) days, the cure period shall be extended by an additional sixty (60) calendar days, the total cure period not to exceed one hundred twenty (120) days.

(iii) Licensee fails to comply with the terms of the license granted under Article II hereof and such noncompliance is continuing thirty (30) calendar days after the University gives Licensee notice of such noncompliance;

(iv) Licensee becomes subject to a Bankruptcy Event;

(v) the dissolution or cessation of operations by Licensee;

(vi) Licensee has failed to receive any fees for use or sublicensing of the Licensed Program by June 30, 1995.

(b) NO WAIVER. No exercise by the University of any right of termination shall constitute a waiver of any right of the University for recovery of any monies then due to it hereunder or any other right or remedy the University may have at law or under this Agreement.

(c) Sublicenses. Any sublicense(s) in effect at the time of such termination by University will be assigned to the University and will remain in full force and effect so long as (1) CMS is in full compliance with the term and conditions of any such sublicense(s), and (2) such sublicense(s) are consistent with the terms of this AGREEMENT, and (3) the University has no obligation to provide any support, maintenance or other service to sublicensee. The assignment will occur automatically upon the request of Licensee, notwithstanding the provision of 9.5 "Sublicenses".

9.3 TERMINATION BY LICENSEE. Licensee shall have the right to terminate this Agreement, at any time and with or without cause, upon (90) days written notice to the University.

9.4 RIGHTS AND DUTIES UPON TERMINATION. Within thirty (30) days after termination of this Agreement, each party shall return to the other party any Confidential Information of the other Party. Licensee also shall return all copies of the Licensed Program in its possession that are embodied in physical form to the University promptly upon the termination of this Agreement.

9.5 SUBLICENSES. Any sublicenses granted by Licensee under this Agreement may survive termination of this Agreement in accordance with the terms of such sublicense if so requested by the University, in which event the sublicense shall be assigned to the University.

9.6 PROVISIONS SURVIVING TERMINATION. Licensee's obligation to pay Royalties accrued but unpaid prior to termination of this Agreement shall survive such termination. In addition, Sections 3.8, 3.9, 4.1, 8.2 and this 9.6 and Articles V, VI and VII and any other provisions required to interpret the rights and obligations of the parties arising prior to the termination date shall survive expiration or termination of this Agreement.

ARTICLE X ADDITIONAL PROVISIONS

10.1 ASSIGNMENT. This Agreement and the rights and duties appertaining thereto may not be assigned by the Licensee, directly or indirectly except to an Affiliate of Licensee wherein Licensee guarantees performance of assignee or in the case of merger, acquisition or operation of law, without first obtaining the written consent of the University. Any such purported assignment, without the written consent of the University, shall be null and of no effect. No assignment shall relieve Licensee of responsibility for the performance of any obligations which have accrued prior to such assignment.

10.2 NO WAIVER. A waiver by either party of a breach or violation of any provision of this Agreement must be in writing in order to be effective. No waiver will constitute or be construed as a waiver of any subsequent breach or violation of that provision or as a waiver of any breach or violation of any other provision of this Agreement.

10.3 INDEPENDENT CONTRACTOR. Nothing herein shall be deemed to establish a relationship of principal and agent between the University and Licensee, nor any of their agents or employees for any purpose whatsoever. This Agreement shall not be construed as constituting the University and Licensee as partners, or as creating any other form of legal association or arrangement which could impose liability upon one party for the act or failure to act of the other party.

10.4 NOTICES. Any notice under this Agreement shall be sufficiently given if sent in writing by prepaid, first class, certified or registered mail, return receipt requested, addressed as follows:

or to such other addresses as may be designated from time to time by notice given in accordance with the terms of this Section.

10.5 ENTIRE AGREEMENT. This Agreement embodies the entire understanding between the parties relating to the subject matter hereof and supersedes all prior understandings and agreements, whether written or oral. This Agreement may not be varied except by a written document signed by duly authorized representatives of both parties.

10.6 SEVERABILITY. Any of the provisions of this Agreement which are determined to be invalid or unenforceable in any jurisdiction shall be ineffective to the extent of such invalidity or unenforceability in such jurisdiction, without rendering invalid or unenforceable the remaining provisions hereof or affecting the validity or unenforceability of any of the terms of this Agreement in any other jurisdiction.

10.7 HEADINGS. Any headings and captions used in this Agreement are for convenience of reference only and shall not affect its construction or interpretation.

10.8 NO THIRD PARTY BENEFITS. Nothing in this Agreement, express or implied, is intended to confer on any person other than the parties hereto or their permitted assigns, any benefits, rights or remedies.

10.9 GOVERNING LAW. This Agreement shall be construed, governed, interpreted and applied in accordance with the laws of the Commonwealth of Pennsylvania, without giving effect to conflict of law provisions.

10.10 COUNTERPARTS. This Agreement shall become binding when any one or more counterparts hereof, individually or taken together, shall bear the signatures of each of the parties hereto. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original as against the party whose signature appears thereon, but all of which together shall constitute but one and the same instrument

INTENDING TO BE BOUND, the parties hereto execute this Agreement through their
authorized representatives.

END USER AGREEMENT

CENTER FOR HEALTH CHOICE SOFTWARE LICENSE

PLEASE READ THIS DOCUMENT CAREFULLY BEFORE USING HEALTH CHOICE. THIS IS A LEGAL AGREEMENT BETWEEN SUB-LICENSEE ("YOU"), THE END USER, AND THE CENTER FOR HEALTH CHOICE ("CHC").

1. GRANT OF LICENSE. The application, demonstration and system software ("HEALTH CHOICE") and related documentation are licensed to you by CHC. You own the tape on which HEALTH CHOICE is recorded but The Trustees of the University of Pennsylvania ("PENN") retains title to HEALTH CHOICE. This License allows you to use HEALTH CHOICE on a single computer and to make one copy of HEALTH CHOICE in a machine-readable form for backup purposes only. You must reproduce on such copy the Penn copyright notice and any other proprietary legends that were on the original copy of HEALTH CHOICE. This License is not transferable. The terms of this License extends to the backup copy.

2. COPYRIGHT AND TRADEMARK. The software is owned by Penn, and is protected by United States copyright laws and international treaty provisions. Therefore, you must treat HEALTH CHOICE like any other copyrighted material (such as a book or musical recording) except that you may either: (a) make one copy of HEALTH CHOICE solely for backup or archival purposes, or (b) transfer the software to a single hard disk, provided that you keep the original solely for backup or archival purposes. You may not copy the written material accompanying HEALTH CHOICE. You acknowledge the existence of a valid copyright in HEALTH CHOICE and that both HEALTH CHOICE and copyright are the sole and exclusive property of Penn. By accepting this license, you do not become the owner of either HEALTH CHOICE or the copyright.

3. OTHER RESTRICTIONS. You may not transfer, sell, rent or lease either HEALTH CHOICE, the backup copy of HEALTH CHOICE or the related documentation to another party. You may not reverse engineer, decompile, or disassemble HEALTH CHOICE. You may not in any manner re-create or assist another in re-creating the source code for HEALTH CHOICE. You may not make any revisions to or enhancements of HEALTH CHOICE. "Revisions" as made in this license includes all corrections or modifications that add no substantial feature or function to HEALTH CHOICE. "Enhancements" includes all upgrades or improvements that add a feature or function to HEALTH CHOICE.

4. EXPORT LAW ASSURANCES. HEALTH CHOICE and documentation are provided with restricted rights. Use, duplication, or disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of The Rights in Technical Data and Computer Software clause at DFARS 252.227-7013, or subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights at 48 CFR 52.227-19, as applicable. Contractor/manufacturer is The Center for Health Choices; 3508 Market Street, Suite 253, Philadelphia, PA 19104.

5. TERMINATION. This license is effective until terminated. You may terminate this License at any time by destroying HEALTH CHOICE and all copies thereof. This License will terminate immediately without notice from CHC or Penn if you fail to comply with any provision of this License. Upon termination, you must destroy HEALTH CHOICE and all copies thereof.

6. LIMITED WARRANTY ON MEDIA. CHC warrants the tape on which Health Choice is recorded to be free from defects in materials and workmanship under normal use for a period of ninety (90) days from the date of purchase as evidenced by a copy of the receipt. CHC's entire liability and your exclusive remedy will be replacement of the disk not meeting CHC's limited warranty, if returned to CHC or an CHC authorized representative with a copy of the receipt. CHC will have no responsibility to replace a tape damaged by accident, abuse or misapplication. ANY IMPLIED WARRANTIES ON THE TAPE, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO NINETY (90) DAYS FROM THE DATE OF DELIVERY.

7. DISCLAIMER OF WARRANTY ON SOFTWARE. You expressly acknowledge and agree that use of HEALTH CHOICE is at your sole risk. HEALTH CHOICE and related documentation are provided "AS IS" and without warranty of any kind and CHC EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. CHC DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN HEALTH CHOICE WILL MEET YOUR REQUIREMENTS, OR THAT THE OPERATION OF HEALTH CHOICE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN HEALTH CHOICE WILL BE CORRECTED. FURTHERMORE, CHC DOES NOT

WARRANT OR MAKE ANY REPRESENTATIONS REGARDING THE USE OR THE RESULTS OF THE USE OF HEALTH CHOICE OR RELATED DOCUMENTATION [OR THAT HEALTH CHOICE WILL NOT INFRINGE ANY PATENT, COPYRIGHT OR TRADEMARK OR OTHER PROPRIETARY RIGHTS OF OTHERS]. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY CHC OR A CHC AUTHORIZED REPRESENTATIVE SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY; SHOULD HEALTH CHOICE PROVE DEFECTIVE, YOU (AND NOT CHC OR A CHC AUTHORIZED REPRESENTATIVE) ASSUME THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

8. LIMITATION OF LIABILITY. UNDER NO CIRCUMSTANCES, INCLUDING NEGLIGENCE, SHALL CHC BE LIABLE FOR ANY INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES THAT RESULT FROM THE USE OR INABILITY TO USE HEALTH CHOICE OR RELATED DOCUMENTATION, EVEN IF CHC OR A CHC AUTHORIZED REPRESENTATIVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. In no event shall CHC’s total liability to you for all damages, losses, and causes of action (whether in contract, tort including negligence or otherwise) exceed the amount paid by you for HEALTH CHOICE.

9. [IDEMNIFICATION. You agree to indemnify and hold harmless CHC, PENN, their respective trustees, directors, officers, employees and agents (collectively "Indemnified Parties") from and again any and all liability, loss, damage, action, claim or expense suffered or incurred by the Indemnified Parties, including reasonable attorney’s fees (individually a "Liability" and collectively "Liabilities") which result from or arise out of any use of HEALTH CHOICE by you, your officers, employees, agents or other third parties, or your breach of any covenant contained in this agreement.]

10. CONTROLLING LAW AND SEVERABILITY. This License shall be governed by and construed in accordance with the laws of the State of Pennsylvania. If for any reason a court of competent jurisdiction finds any provision of this License, or portion thereof, to be unenforceable, that provision of the License shall be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this License shall continue in full force and effect.

11. COMPLETE AGREEMENT. This License constitutes the entire agreement between the parties with respect to the use of HEALTH CHOICE and related documentation, and supersedes all prior or contemporaneous understandings or agreements, written or oral, regarding such subject matter.

CONFIDENTIALITY AGREEMENT

The Center for Health Choice ("CHC"), a Pennsylvania Corporation, located
at 3508 Market Street, Suite 253, Philadelphia, PA 19104

AND

From time to time, before and after the date hereof, each party may, at the
other's request, disclose to the other certain of its proprietary and/or
confidential information including, but not limited to: company know-how,
techniques and methodology(ies), statistical information, sample reports,
software code and/or algorithms, or, among other things, notes, drawings, etc.
related to the other's business practices or relationship with The University of
Pennsylvania and its Schools or the parties work together. In addition, either
party may make certain of its personnel, consultants, affiliates and/or agents
accessible to the other. The above items and all data related thereto are
collectively referred to, for convenience, as the "Information".

All such Information when submitted by either party shall clearly reflect
that it is confidential and the other hereby acknowledges receipt of same under
those conditions.

With respect to any and all the foregoing Information, at any time provided
by either party to the other, anything obtained therefrom, or from any
discussions between the parties or with any of their employees, affiliates,
consultants, representatives or agents, the undersigned and each of their
respective personnel, directors, attorneys and consultants (collectively
hereafter referred to for convenience as "Parties") agree as follows:

- (1) Parties will not disclose to anyone or any entity, at any time or
under any circumstances and for any purpose whatsoever any of the
Information. Such Information will be used only for its internal
purposes in connection with its relationship with the other.
- (2) Parties will not copy (except for purely internal use as permitted
hereby) or disseminate any of the Information and will destroy or
return anything furnished by the other (including copies it has made)
at the completion of its review and furnish the other with a
certificate of compliance upon the other's request.
- (3) Parties will make no use of any of the Information independently for
its own purposes.
- (4) Information supplied by the Parties hereunder shall be used solely for
the purposes of the relationship between the Parties.

Notwithstanding the foregoing, the above shall not apply if, and only if, one or
more of the following are in effect:

- (a) the Information is clearly in the public domain at the time of
disclosure;
- (b) becomes generally available to the public other than as a result of a
disclosure; or
- (c) the Information is known to the other prior to its disclosure by the
disclosing party.

To be free of the restrictions of this Agreement in either (a) or (b) above, the
receiving party must notify the disclosing party in writing as soon as
practicable after the receipt of same. Parties further agree that at such time
as Parties are no longer making use of the Information or if the relationship
terminates, the Parties will cease to make any use of the Information and will:
1) return the Information to whichever party provided it, or 2) destroy the same
and furnish to the providing party an affidavit duly executed before a notary
public by an authorized official, under oath, certifying the destruction of the
Information at the providing party's written request.

NOTWITHSTANDING THE FOREGOING, THIS CONFIDENTIALITY AGREEMENT IN NO WAY
SUPERSEDES THE UNIVERSITY'S AND ITS EMPLOYEES' RIGHTS, INCLUDING BUT NOT LIMITED
TO ANY RIGHTS TO PUBLICATION, UNDER THE LICENSING AGREEMENT BETWEEN THE

EXHIBIT 10.8

EMPLOYMENT AGREEMENT
BY AND BETWEEN
CARE MANAGEMENT SCIENCE CORPORATION AND GREGORY P. HESS, M.D.

WHEREAS Gregory P. Hess, M.D. (hereinafter "Executive") and Care Management Science Corporation, a Pennsylvania corporation (hereinafter "Company") desire and intend to enter into an employment relationship, all as set forth below;

NOW THEREFORE, the parties hereto, in consideration of the promises and mutual covenants and agreements contained herein, voluntarily and knowingly, and intending to be legally bound hereby, covenant and agree as follows:

1. EMPLOYMENT AND DUTIES.

(a) Company hereby employs Executive for the Term (as such term is hereinafter defined) to render services to the Company as its Managing Director, Carescript Division. Executive shall have the overall charge of the Company's CareScript Division. Executive shall also be involved in business development and other activities as directed from time to time by the Chief Executive Officer. Executive shall be based full-time within the Philadelphia, PA metropolitan area, but will be required to travel as part of his employment. Executive hereby accepts such employment and agrees to render the services described herein, all on the terms and conditions of this Agreement.

(b) Executive agrees to devote his entire working time, attention and energies to the performance of the business of the Company and its affiliates (as hereinafter defined); and Executive shall not, directly or indirectly, alone or as a member of any partnership or other organization, or as an officer, director or employee of any other corporation, partnership or other organization, be actively engaged in or concerned with any other duties or pursuits which, in the reasonable judgment of the Company, interfere with the performance of his duties hereunder, or which, even if non-interfering, are contrary to the best interests of the Company and its affiliates; PROVIDED, HOWEVER, that Executive may invest his personal or family assets in such form or manner as will not require any services on his part in the operation of the affairs of the enterprises in which such investments are made and in which his participation is solely that of a minority investor; FURTHER, PROVIDED, that the Executive may engage in charitable, civic, fraternal, trade group or clinical practice activities, so long as such activities shall not violate any provision of this Agreement or interfere with his performance hereunder or compliance with the restrictions contained herein. As used herein, the term "affiliate" means and includes any person, corporation or other entity controlling, controlled by or under common control with the Company

2. TERM OF EMPLOYMENT.

The term of Executive's employment under this Agreement (the "Term", collectively the Initial Term and any Extension Term(s)) will be deemed to commence as of

Executive's first day of work for the Company on OCTOBER 4, 1999 (the "Effective Date") and shall end on the third anniversary thereof (the "Initial Term"). In the absence of a written notice from either party stating its intent to allow this agreement to expire at the conclusion of the Initial Term, this Agreement shall automatically continue, on the same terms and conditions as contained herein, until such time as one party provides the other with at least six (6) months advance written notice of termination (any such period beyond the Initial Term being referred to as the "Extension Term", and both the Initial Term and any Extension Term referred to collectively as the "Term"). A notice of termination during any Extension Term may be provided for any reason by either party with at least six (6) months advance written notice as established above.

3. COMPENSATION AND BENEFITS.

(a) As compensation for the services to be rendered by Executive hereunder, including all services to any subsidiary of the Company, the Company agrees to pay or cause to be paid to Executive, during the first year of the term of his Employment hereunder, an annual base salary of \$180,000 (the "Base Salary"). For each subsequent year of the Term, the Base Salary will be reviewed annually by the Company and may be increased, but may not be decreased for subsequent years. Executive's Base Salary shall be payable in such installments as is the policy of the Company generally with respect to employees of the Company. In addition, Executive shall also receive during the Term of his employment within six weeks of each December 31 ("Period End"), an annual bonus equal to two percent (2.0%) of the actual net collected revenue of the CareScript Division for the period of the Executive's prior year of employment up to a maximum annual bonus of \$150,000. Upon termination of this Agreement for any reason other than cause by CMS, Executive shall receive a prorated bonus based upon the net collected revenue to date since the last Period End to reflect the bonus for the partial year completed.

(b) In addition to his Base Salary, Executive, within a reasonable period of time and coincident with the adoption of a company stock option plan ("Option Plan"), shall be awarded a stock option grant representing the number of shares equal to a one percent (1.0%) ownership of the company at the time of the award or 96,719 shares. Such shares shall vest in accordance with the rules and provisions of the Option Plan and shall be governed by the option grant attached hereto as Exhibit 3(b). Executive also shall be awarded stock option grants under the Company's performance-based Senior Management Incentive Stock Option Plan as follows: option shares equal to 0.50% of the company's fully-diluted common stock (at \$2.59 per share) vesting in accordance with the performance-based Senior Management Incentive Stock Option Plan in an "all-or-none" fashion at December 31, 2000 (0.25%) and December 31, 2001 (0.25%) respectively upon the attainment of performance goals as defined in the performance-based Senior Management Incentive Stock Option Plan.

(c) The Company shall pay or reimburse Executive for all reasonable expenses actually incurred or paid by him during the Term in the performance of his services under this Agreement, upon presentation of standard expense statements or vouchers or such other supporting information as it reasonably may require.

(d) Executive shall be eligible under any incentive plan, stock option plan, pension, group insurance or other benefit plans (both qualified and non-qualified for federal tax purposes)

or other so-called "fringe" benefits, if any, which the Company generally provides to its executives.

(e) The Company shall provide to Executive and the members of his immediate family, at the Company's expense, medical and dental insurance covering its executives generally.

(f) Executive shall be eligible under any group life and/or disability insurance covering its executives generally.

(g) Executive shall be entitled to three weeks paid vacation plus all federal holidays, in each calendar year. Notwithstanding the foregoing, Executive represents that he will not take any extended vacations during at least the first nine (9) months of this Agreement.

4. CONFIDENTIALITY.

(a) Subject to the provisions below, Executive shall not, during the Term of this Agreement, or at any time following the expiration or termination of this Agreement, directly or indirectly, disclose or permit to be known (other than (i) as is reasonably required in the regular course of his duties, including disclosures to the Company's advisors and consultants, (ii) as required by law or (iii) with the prior written consent of the Company), to any person firm or corporation, any confidential information acquired by him during the course of or as an incident to, his employment or the rendering of services hereunder, relating to the Company or any of its subsidiaries, or any corporation, partnership or other entity owned or controlled, directly or indirectly, by or controlling the Company or its subsidiaries. Such confidential information shall include, but shall not be limited to, business affairs, proprietary technology, trade secrets, patented or copyrighted processes, research and development data, know-how, market studies and forecasts, competitive analyses, pricing policies, employee lists, personnel policies, the substance of agreements with customers, suppliers and others, marketing or dealership arrangements, servicing and training programs and arrangements, customer lists and any other documents embodying such confidential information. This confidentiality obligation shall not apply to any confidential information which becomes publicly available other than pursuant to a breach of this Section 4 by Executive or which was obtained from a third party not acquiring the information under an obligation of confidentiality from the disclosing party and intended for the benefit of the Company.

(b) All information and documents relating to the Company and its affiliates as hereinabove described shall be the exclusive property of the Company and upon termination of Executive's employment with the Company, all documents, records, reports, writings and other similar documents containing confidential information, including copies thereof, then in Executive's possession or control shall be returned and left with the Company.

5. NON-COMPETITION.

As a condition precedent to this Agreement, Executive shall sign, contemporaneously with this Agreement, a Non-Competition Agreement in the form attached hereto as EXHIBIT 5, (the "Non-Competition Agreement").

6. EQUITABLE REMEDIES AND ENFORCEABILITY OF COVENANTS.

(a) If Executive commits a breach, or threatens to commit a breach, of any of the provisions hereof or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, it is acknowledged and agreed that any such breach or threatened breach will cause irreparable injury to the Company and that money damages will not provide an adequate remedy to the Company.

(b) If any of the covenants contained herein or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, or any part hereof or thereof, is hereafter construed to be invalid or unenforceable, the same shall not affect the remainder of the covenant or covenants, which shall be given full effect without regard to the invalid portions.

(c) If any of the covenants contained herein or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, or any part hereof or thereof, is held to be unenforceable because of the duration of such provision or the area covered thereby, the parties agree that the court making such determination shall have the power to reduce the duration, scope and/or areas of such provision and, in its reduced form, such provision shall then be enforceable.

(d) The existence of any claim or cause of action by Executive against the Company or any affiliate of the Company shall not constitute a defense to the enforcement by the Company of the covenants contained herein, but such claim or cause of action shall be litigated separately.

7. TERMINATION BY THE COMPANY.

The Company may terminate Executive's employment under this Agreement upon written notice to Executive if any one or more of the following shall occur:

(a) There exists Cause for termination. For the purposes of this Agreement, the term "Cause" means: (i) gross misconduct by Executive in performing his duties or obligations hereunder (other than such failure resulting from Executive's incapacity due to illness or leaves of absence approved by the Company) PROVIDED such failure remains uncured for a period of 10 business days after written notice describing the same is received by Executive; (ii) Executive's conviction of any felonious crime or offense; (iii) the unauthorized securing by Executive of any personal profit in connection with the business of the Company or any of its subsidiaries; (iv) use of any unlawful controlled substance under any circumstances or the use of alcohol to the extent

that it interferes with the performance of Executive's duties hereunder, or which, in the good faith opinion of the Company, are harmful to the Company; (v) the commission of any acts involving dishonesty or fraud, which, in the good faith opinion of the Company, are harmful to the Company; or (vi) any breach by Executive of the terms of Section 4 of this Agreement or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements; PROVIDED such breach continues uncured for 5 business days after written notice of such breach has been received by Executive from the Company.

(b) Executive's death during the Term; PROVIDED, HOWEVER, that Executive's legal representatives shall be entitled to receive his Base Salary through the last day of the second month after the month in which his death occurs, along with any other compensation and benefits to which Executive and his legal representatives may be entitled under applicable plans, programs and agreements of the Company, including but not limited to, the proceeds of any applicable life insurance policies through the date of death.

(c) Executive shall become physically or mentally disabled so that he is unable to perform his services hereunder for a period of 90 consecutive days or 120 non-consecutive days in any 365 day period. Notwithstanding such disability, the Company shall continue to pay Executive his Base Salary through the date of such termination, along with any other compensation and benefits to which Executive and his legal representatives may be entitled under applicable plans, programs and agreements of the Company, including but not limited to, the proceeds of any applicable disability insurance policies also shall be paid through the date of such termination.

(d) At the Company's sole discretion so long as Company provides Executive with: (i) six (6) months advance written notice during which time Executive shall continue to receive all compensation and benefits otherwise applicable, (ii) an amount equal to twelve (12) months Base Salary; (iii) immediate vesting of any of Executive's unvested stock options (other than options awarded under the Senior Management Incentive Stock Option Plan); and (iv) continued participation in the equivalent of the Senior Management Incentive Stock Option Plan through the second all-or-none vesting date of December 31, 2001. Payment of any cash component of such Severance Amount, if required, shall be made at the Company's option either (i) in twelve equal monthly installments or (ii) in a lump-sum payment promptly following the termination of Executive's employment equal to the then present value using a discount rate per annum determined by reference to the discount rate then published by the Pension Benefit Guaranty Corporation of the Severance Amount. Notwithstanding the foregoing, no such termination by the Company at its sole discretion shall occur prior to January 1, 2001.

(e) In the event that the Company terminates this Agreement as provided in Section 2, either by allowing it to expire at the end of the Initial Term or by providing a non-cause notice during any Extension Term, Executive shall receive a termination bonus equal to one (1) year of Base Salary, payable at the Company's sole discretion either (i) in twelve equal monthly installments or (ii) in a lump-sum payment promptly following the termination of Executive's employment equal to the then present value using a discount rate per annum determined by reference to the discount rate then published by the Pension Benefit Guaranty Corporation of the

Severance Amount. No such payment shall be made if Executive provides notice of termination at any time during the Term.

8. INVENTIONS DISCOVERED BY EXECUTIVE.

As a condition precedent to this Agreement, Executive shall sign, contemporaneously with this Agreement, a Nondisclosure, Proprietary Information and Invention Assignment Agreement in the form attached hereto as EXHIBIT 8 (the "Nondisclosure, Proprietary Information and Invention Assignment Agreement").

9. REPRESENTATIONS AND AGREEMENTS OF EXECUTIVE.

(a) Executive represents and warrants that he is free to enter into this Agreement and to perform the duties required hereunder, and that there are no employment contracts or understandings, restrictive covenants or other restrictions, whether written or oral, preventing the performance of his duties hereunder or which would be harmful to the Company.

(b) Executive agrees to submit to a medical examination and to cooperate and supply such other information and documents as may be required by any insurance company in connection with the Company's obtaining life insurance on the life of Executive, if the Company so desires, or any other type of insurance or fringe benefits as the Company shall determine from time to time to obtain.

10. ARBITRATION.

Any controversy or claim arising out of or relating to this Agreement (or breach thereof) shall be settled by arbitration in Philadelphia, Pennsylvania, in accordance with the rules then existing of the American Arbitration Association (three arbitrators), and judgment upon the award rendered may be entered in any court having jurisdiction thereof. Notwithstanding the foregoing, the Company, at its sole option, shall be entitled to seek and obtain equitable relief from any court of competent jurisdiction, including, without limitation, temporary, preliminary and permanent injunctive relief and specific performance with respect to alleged violations of Sections 4 and 5 of this Agreement, Section 1 of the Non-Competition Agreement or under the Nondisclosure Proprietary Information and Invention Assignment Agreement, and the Company's pursuit of the remedies described in Section 6 hereof in connection therewith. The parties shall be free to pursue any remedy before the arbitration tribunal that they shall be otherwise permitted to pursue in a court of competent jurisdiction. The award of the arbitrators shall be final and binding and may be enforced by any court as if it were a judgment of that court, and may include interest at a rate or rates considered just under the circumstances by the arbitrators. The substantive law of the Commonwealth of Pennsylvania shall be applied by the arbitrators to the resolution of the dispute, provided that the arbitrators shall base their decision on the express terms, covenants and conditions of this Agreement. The arbitrators shall be required to produce a written decision setting forth the reasons for the decision or award to be made. The parties agree that the arbitrators shall have no power to alter or modify any express provision of this Agreement or to render any award which, by its terms, effects any such alteration or modification. Upon written

demand to any party to the arbitration for the production of documents and things reasonably related to the issues being arbitrated, the party upon whom such demand is made shall promptly produce, or make available for inspection and copying, such documents and things without the necessity of any action by the arbitrators. The party which does not prevail in the arbitration shall be responsible for all fees and expenses incurred, including, without limitation, reasonable attorneys' fees, for both parties.

11. NOTICES.

All notices, requests, consents and other communications required or permitted to be given hereunder shall be in writing and shall be deemed to have been duly given if sent by private overnight mail service (delivery confirmed by such service), registered or certified mail (return receipt requested and received), telecopy (confirmed receipt by return fax from the receiving party) or delivered personally, as follows (or to such other address as either party shall designate by notice in writing to the other in accordance herewith:

12. GENERAL.

(a) This Agreement shall be governed by and construed and enforced in accordance with the laws of the Commonwealth of Pennsylvania applicable to agreements made and to be performed entirely in Pennsylvania.

(b) This Agreement and the Exhibits attached hereto set forth the entire agreement and understanding of the parties relating to the subject matter hereof, and supersedes all prior agreements, arrangements and understandings, written or oral, relating to the subject matter hereof. No representation, promise or inducement has been made by either party that is not embodied in this Agreement or any of the agreements referred to herein, and neither party shall be bound by or liable for any alleged representation, promise or inducement not so set forth.

(c) This Agreement may be amended, modified, superseded, canceled, renewed or extended, and the terms or covenants hereof may be waived, only by a written instrument executed by the parties hereto, or in the case of a waiver, by the party waiving compliance. The failure of a party at any time or times to require performance of any provision hereof shall in no manner affect the right at a later time to enforce the same. No waiver by a party of the breach of any term or covenant contained in this Agreement, whether by conduct or otherwise, or any one or more continuing waivers of any such breach, shall constitute a waiver of the breach of any other term or covenant contained in this Agreement.

(d) This Agreement shall be binding upon the legal representatives, heirs, distributes, successors and assigns of the parties hereto.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first above written.

EXHIBIT 5
CARE MANAGEMENT SCIENCE CORPORATION NON-COMPETITION AGREEMENT

Care Management Science Corporation, a Pennsylvania corporation (the "Company") and Gregory P. Hess, M.D. ("Executive"), contemporaneously with the execution of this Agreement are entering into an Employment Agreement of even date herewith (the "Employment Agreement"), pursuant to which, among other things, the Executive will be employed by the Company in the capacity of Managing Director, Carescript Division. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given such terms in the Employment Agreement. In addition to the Company's desire to engage the Executive and the Executive's desire to serve the Company, under the terms and conditions of the Employment Agreement, the Executive understands that the Company wishes to ensure that the Executive does not compete with the Company, on the terms and conditions specified below and in the Employment Agreement, in the event the Executive's employment with the Company is terminated.

In consideration of the Company's employment of me and in order to induce the Company to employ me, the Company and Executive hereby agree as follows:

1. NON-COMPETITION; APPLICATION AND DURATION;
NON-INTERFERENCE. The Executive will not, during the term of the Executive's employment by the Company and for a period of two years following the termination of employment (the term of Executive's employment and the two years following termination, the "Non-Competitive Period"):

(a) as owner, partner, joint venturer, stockholder, employee, broker, agent, principal, trustee, corporate officer, director, licensor, or in any capacity whatsoever engage in, become financially interested in, be employed by, or render any consultation or business advice with respect to any business which business is engaged in by the Company on the date hereof or during the course of Executive's employment or which business ("Company Business") is engaged in development or commercialization of any technologies or products related to the development of software and databases that transform data into tools to be used by managers in the health care information industry or the provision of services with respect thereto (collectively, "Health Care Decision Support"), in any geographic area where, during the time of Executive's employment, the business of the Company or any of its subsidiaries is being, had been or was proposed to be, conducted in any manner whatsoever, which technologies, products or services are (i) competitive with any Health Care Decision Support or other Company Business technology or application thereof or products based thereon designed, marketed, announced, leased or sold by the Company or any of its subsidiaries during the term of employment or at the time of the termination of the Executive's employment; or (ii) substantially similar to any technology or service involving Health Care Decision Support or other Company Business which the Company was designing, marketing, announcing, leasing or selling or proposing to design, market, lease or sell during the term of Executive's employment; or (iii) substantially similar to any technology or service involving Health Care Decision Support of which the Executive had knowledge at the time of the termination of the Executive's employment that the Company was proposing to design,

market, announce, lease or sell; PROVIDED, HOWEVER, that the Executive may own any securities of a corporation which is engaged in such business and is publicly owned and traded but in amount not to exceed at any one time one percent (1%) of any class of stock or securities of such company; PROVIDED FURTHER that Executive is not personally engaged in any way, directly or indirectly, in any scientific or business activity within such entity, which competes with the Company as described above.

(b) during the Non-Competitive Period, request or cause any suppliers or customers with whom the Company or any of its subsidiaries has a business relationship to cancel or terminate any such business relationship with the Company or any of its subsidiaries or solicit, interfere with or entice from the Company any employee (or former employee) of the Company;

(c) solicit, interfere with, hire, offer to hire, persuade or induce any person who is or was an officer, employee, customer or supplier of the Company or any of its subsidiaries or affiliates to discontinue his relationship with the Company or any of its subsidiaries or affiliates or accept employment by or enter into contractual relations for compensation with any other entity or person, or approach any such employee of the Company or any of its subsidiaries or affiliates for any such purpose or authorize or knowingly approve the taking of any such actions by any other individual or entity. The term "affiliate" shall mean any person or entity that directly or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the Company.

2. MISCELLANEOUS.

(a) The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of and other provision of this Agreement.

(b) This Agreement, together with the Employment Agreement, supersedes all prior agreements, written or oral, between the Executive and the Company relating to the subject matter of this Agreement. This Agreement may not be modified, changed or discharged in whole or in part, except by an agreement in writing signed by the Executive and the Company. The Executive agrees that any change or changes in his/her duties, salary or compensation after the signing of this Agreement shall not affect the validity or scope of this Agreement.

(c) This Agreement will be binding upon the Executive's heirs, executors and administrators and will inure to the benefit of the Company and its successors and assigns.

(d) No delay or omission by either party in exercising any right under this Agreement will operate as a waiver of that or any other right. A waiver or consent given by either party on any one occasion is effective only in that instance and will not be construed as a bar to or waiver of any right on any other occasion.

(e) The Executive expressly consents to be bound by the provisions of this Agreement for the benefit of the Company or any parent, subsidiary or affiliate thereof to whose

employ the Executive may be transferred without the necessity that this Agreement be re-signed at the time of such transfer.

(f) The restrictions contained in this Agreement are necessary for the protection of the business and goodwill of the Company and are considered by the Executive to be reasonable for such purpose. The Executive agrees that any breach of this Agreement is likely to cause the Company substantial and irrevocable damage and therefore, in the event of any such breach, the Executive agrees that a remedy at law, in addition to such other remedies which may be available, may be inadequate.

(g) This Agreement is governed by and will be construed as a sealed instrument under and in accordance with the laws of the Commonwealth of Pennsylvania. Any action, suit, or other legal proceeding which is commenced to resolve any matter arising under or relating to any provision of this Agreement shall be arbitrated or commenced in a court, as and to the extent set forth in the Employment Agreement.

The Executive understands that nothing in this Agreement shall otherwise affect the Executive’s obligations under the Employment Agreement or the Non-Disclosure, Proprietary Information and Invention Assignment Agreement, each dated _____ between the Company and Executive.

CARE MANAGEMENT SCIENCE CORPORATION NONDISCLOSURE, PROPRIETARY INFORMATION AND
INVENTION ASSIGNMENT AGREEMENT

Care Management Science Corporation, a Pennsylvania corporation (the "Company") and Gregory P. Hess, M.D. ("Executive"), contemporaneously with the execution of this Agreement are entering into an Employment Agreement of even date herewith (the "Employment Agreement"), pursuant to which, among other things, the Executive will be employed by the Company in the capacity of Managing Director, Carescript Division. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given such terms in the Employment Agreement. In addition to the Company's desire to engage the Executive and the Executive's desire to serve the Company, under the terms and conditions of the Employment Agreement, the Executive understands that the Company wishes to ensure that the Executive does not breach any confidentiality provisions of the Company and that all right, title and interest in and to any inventions of Executive made during the term of his employment by the Company are and remain the exclusive property of the Company.

In consideration for, and in order to induce my employment by the Company, I hereby agree as follows:

1. CONFIDENTIALITY.

From time to time, before and after the date hereof, the Company may disclose to you certain of its proprietary and/or confidential information including, but not limited to: company know-how, techniques and methodology(ies), statistical information, sample reports, software code and/or algorithms, or, among other things, patient referral sources, physician and/or contracting relationships, business plans or notes, drawings, price lists, the substance of agreements between the Company and its customers or distributors, research and development activities or plans, new business ideas or other items related to the Company's business practices. the Company also may make certain of its personnel, consultants, affiliates and/or agents accessible to you. Further, in your course of employment by the Company you may have access to similar information, including information about individual patients, from Company affiliates and/or customers. The above items and any and all data, information or materials related thereto whether received orally or in writing are collectively referred to, for convenience, as the "Information".

With respect to any and all of the foregoing Information, at any time provided by or obtained from the Company or any person or entity covered by a confidentiality agreement with the Company, you will not copy, disseminate or disclose to anyone or any entity, at any time, under any circumstances for any purpose whatsoever other than as is reasonably required in the regular course of your duties or as required by law, any of the Information without the Company's prior consent. Notwithstanding the foregoing, the above shall not apply if, and only if, one or more of the following are in effect:

(a) the Information is clearly in the public domain at the time of disclosure; or

(b) the Information becomes generally available to the public other than as a result of a breach of this Agreement.

You further agree that at such time as your employment with the Company terminates, you will cease to make any use of the Information and you will return all of the Information to the Company. This confidentiality provision will continue in full force and effect in perpetuity.

2. INVENTION ASSIGNMENT.

Whereas I will be participating in the preparation, writing, creation, or development of certain business ideas, strategies, analyses, reports, software, computer programs or other business activities collectively referred to as the "Work";

(a) As an employee of the Company, any and all materials created by me relating to the Work shall be considered as a "work made for hire". Without limiting the foregoing, I hereby grant, transfer, assign, and convey to the Company, its successors and assigns, the entire title, right, interest, ownership and all subsidiary rights in and to the Work, all intellectual property rights relating to the Work, and all copyrights, trade or service marks, patents or other evidence of ownership and title pertaining to the Work, including but not limited to the right to secure copyright, trade or service mark or patent registration(s) in the Company' name as claimant and the right to secure renewals, reissues, and extensions of any such filings in the United States of America or any other country.

(b) I acknowledge that the Company, in its sole discretion, shall determine whether copyright(s), trade or service mark(s) or patent registration(s) in the Work shall be filed and/or preserved and maintained or registered in the United States of America or any other country.

(c) I confirm that by this instrument, the Company and its successors and assigns shall own the entire title, right and interest in and to the Work, including the right to reproduce, display publicly, prepare derivative Works from or distribute by sale, rental, lease lending or by other transfer of ownership even if the Work does not constitute a "Work made for hire" as defined in 17 U.S.C. Sections 101 and 201(b).

(d) I agree to take all actions and cooperate as is necessary to protect the copyrights or other evidence of title in and to the Work and further agree to execute any document(s) that may be necessary to perfect the Company' ownership of copyrights, trade or service marks, patent(s) or other evidence of ownership and title in the Work and the registration thereof, without further compensation by the Company.

(e) I agree that all terms of this Agreement are applicable to each portion or part of the Work, as well as to the Work in its entirety.

(f) Notwithstanding anything contained herein, the terms of this Agreement shall not apply to any invention for which no equipment, supplies, facility, time, proprietary or trade secret information of the Company was used and which can be demonstrated was developed entirely on my own time, at my own expense and which:(i) does not relate in any way to the business of the Company or to the Company's actual or demonstrably anticipated expansion research or development; and (ii) which does not result from any Work performed by me for the Company.

3. REPRESENTATIONS OF EXECUTIVE.

Executive represents and warrants that he is free to enter into this Agreement and that there are no preceding claims or understandings, restrictive covenants or other restrictions, whether written or oral, preventing the performance of his duties hereunder.

4. MISCELLANEOUS.

(a) The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.

(b) This Agreement, together with the Employment and Non-Competition Agreements, supersedes all prior agreements, written or oral, between the Executive and the Company relating to the subject matter of this Agreement. This Agreement may not be modified, changed or discharged in whole or in part, except by an agreement in writing signed by the Executive and the Company. The Executive agrees that any change or changes in his/her duties, salary or compensation after the signing of this Agreement shall not affect the validity or scope of this Agreement.

(c) This Agreement will be binding upon the Executive's heirs, executors and administrators and will inure to the benefit of the Company and its successors and assigns.

(d) No delay or omission by either party in exercising any right under this Agreement will operate as a waiver of that or any other right. A waiver or consent given by either party on any one occasion is effective only in that instance and will not be construed as a bar to or waiver of any right on any other occasion.

(e) The Executive expressly consents to be bound by the provisions of this Agreement for the benefit of the Company or any parent, subsidiary or affiliate thereof to whose employ the Executive may be transferred without the necessity that this Agreement be re-signed at the time of such transfer.

(f) The restrictions contained in this Agreement are necessary for the protection of the Company and are considered by the Executive to be reasonable for such

purpose. The Executive agrees that any breach of this Agreement is likely to cause the Company substantial and irrevocable damage and therefore, in the event of any such breach, the Executive agrees that a remedy at law, in addition to such other remedies which may be available, may be inadequate.

(g) This Agreement is governed by and will be construed as a sealed instrument under and in accordance with the laws of the Commonwealth of Pennsylvania. Any action, suit, or other legal proceeding which is commenced to resolve any matter arising under or relating to any provision of this Agreement shall be arbitrated or commenced in a court, as and to the extent set forth in the Employment Agreement.

The Executive understands that nothing in this Agreement shall otherwise affect the Executive's obligations under the Employment Agreement or the Non-Competition Agreement, each dated _____ between the Company and Executive.

By my signature below, I hereby agree to the above.

EMPLOYMENT AGREEMENT
BY AND BETWEEN
CARE MANAGEMENT SCIENCE CORPORATION AND J. BRYAN BUSHICK, M.D.

WHEREAS J. Bryan Bushick, M.D. (hereinafter "Executive") and Care Management Science Corporation, a Pennsylvania corporation (hereinafter "Company") desire and intend to enter into an employment relationship, all as set forth below;

NOW THEREFORE, the parties hereto, in consideration of the promises and mutual covenants and agreements contained herein, voluntarily and knowingly, and intending to be legally bound hereby, covenant and agree as follows:

1. EMPLOYMENT AND DUTIES.

(a) Company hereby employs Executive for the Term (as such term is hereinafter defined) to render services to the Company as its VICE PRESIDENT-BUSINESS DEVELOPMENT. Executive shall have the overall charge of the Company's business development activities under the direction of the President. Executive shall also be involved in other activities as directed by the President or Chief Executive Officer. Within a reasonable period of time, and in any event no later than six (6) months from the signing of this Agreement, Executive shall be based full-time within the Philadelphia, PA metropolitan area, but will be required to travel as part of his employment. During the transition period from his current residence to his permanent Philadelphia residence, Executive shall nonetheless be available on a regular basis at the Philadelphia office through frequent travel and temporary living arrangements in Philadelphia. Executive hereby accepts such employment and agrees to render the services described herein, all on the terms and conditions of this Agreement.

(b) Executive agrees to devote his entire working time, attention and energies to the performance of the business of the Company and its affiliates (as hereinafter defined); and Executive shall not, directly or indirectly, alone or as a member of any partnership or other organization, or as an officer, director or employee of any other corporation, partnership or other organization, be actively engaged in or concerned with any other duties or pursuits which, in the reasonable judgment of the Company, interfere with the performance of his duties hereunder, or which, even if non-interfering, are contrary to the best interests of the Company and its affiliates. Related to that end, Executive agrees to provide Company with a perpetual, royalty-free license to all intellectual property, trademarks, tradenames, software code, and any other beneficial right that exists within HealthTides.com in exchange for the Special Stock Option grant defined in Section 3(b) below and for the additional consideration of \$1. Executive further agrees to permanently and completely shut down HealthTides.com within a reasonable period of time of signing this Agreement. Notwithstanding the foregoing; Executive may invest his personal or family assets in such form or manner as will not require any services on his part in the operation of the affairs of the enterprises in which such investments are made and in which his participation is solely that of a minority investor; FURTHER, PROVIDED, that the Executive may engage in charitable, civic, fraternal or trade group activities, so long as such activities shall not violate any provision of this

Agreement or interfere with his performance hereunder or compliance with the restrictions contained herein. As used herein, the term "affiliate" means and includes any person, corporation or other entity controlling, controlled by or under common control with the Company.

2. TERM OF EMPLOYMENT.

The term of Executive's employment under this Agreement (the "Term", collectively the Initial Term and any Extension Term(s)) will commence as of Executive's first day of full-time employment with the Company on December 29, 1999 (the "Effective Date") and shall end on the third anniversary thereof (the "Initial Term"). In the absence of a written notice from either party stating its intent to allow this agreement to expire at the conclusion of the Initial Term, this Agreement shall automatically renew for an additional one (1) year period (an "Extension Term"). Thereafter, this Agreement shall automatically renew for additional one (1) year periods in the absence of at least six (6) months advance written notice by either party prior to the end of any Extension Term.

3. COMPENSATION AND BENEFITS.

(a) As compensation for the services to be rendered by Executive hereunder, including all services to any subsidiary of the Company, the Company agrees to pay or cause to be paid to Executive, during the first year of the term of his Employment hereunder, an annual base salary of \$155,000 (the "Base Salary"). For each subsequent year of the Term, the Base Salary will be reviewed annually by the Company and may be increased, but may not be decreased for subsequent years. Executive's Base Salary shall be payable in such installments as is the policy of the Company generally with respect to employees of the Company.

(b) In addition to his Base Salary, Executive, shall be awarded a stock option grant representing the number of shares equal to a 1.0% ownership of the company at the time of the award. Such shares shall vest in accordance with the rules and provisions of the Company's 1995 Equity Compensation Plan ("Option Plan") and as defined in and governed by the option grant attached hereto as Exhibit 3(b).

Further, Executive shall be awarded stock option grants under the Company's performance-based Senior Management Incentive Stock Option Plan as follows: option shares equal to 0.25% of the company's fully-diluted common stock (at \$2.59 per share) vesting in accordance with the performance-based Senior Management Incentive Stock Option Plan in an "all-or-none" fashion at December 31, 2000 [50%] and December 31, 2001 [50%] respectively upon the attainment of performance goals as defined in the performance-based Senior Management Incentive Stock Option Plan.

Further, in consideration for the perpetual, world-wide, royalty-free license to all beneficial rights of HealthTides.com, for Executive's agreement to permanently and completely shut down HealthTides.com shortly thereafter, and for Executive's waiver of any and all moving related expenses and for Executive's willingness to cap any and all temporary living expenses at a maximum of \$10,000, Executive shall be awarded an additional stock option grant of 30,024

shares (the "Special Option Grant"). Such shares shall vest on a modified basis as defined in the option grant

(c) The Company shall pay or reimburse Executive for all reasonable expenses actually incurred or paid by him during the Term in the performance of his services under this Agreement, upon presentation of expense statements or vouchers or such other supporting information as it reasonably may require. Such reimbursement shall include temporary living expenses in an amount not to exceed \$10,000, but shall not include any moving and relocation expenses whatsoever.

(d) Executive shall be eligible under any incentive plan, stock option plan, bonus, profit participation, pension, group insurance or other benefit plans (both qualified and non-qualified for federal tax purposes) or other so-called "fringe" benefits, if any, which the Company generally provides to its executives.

(e) The Company shall provide to Executive and the members of his immediate family, at the Company's expense, medical and dental insurance covering its executives generally.

(f) Executive shall be eligible under any group life and/or disability insurance covering its executives generally.

(g) Executive shall be entitled to three weeks paid vacation plus all federal holidays, in each calendar year. In addition, Executive shall have five (5 days) during the first year of this Agreement for moving and moving related activities. Notwithstanding the foregoing, Executive represents that he will not take any extended vacations during at least the first nine (9) months of this Agreement.

4. CONFIDENTIALITY.

(a) Subject to the provisions below, Executive shall not, during the Term of this Agreement, or at any time following the expiration or termination of this Agreement, directly or indirectly, disclose or permit to be known (other than (i) as is reasonably required in the regular course of his duties, including disclosures to the Company's advisors and consultants, (ii) as required by law or (iii) with the prior written consent of the Company), to any person firm or corporation, any confidential information acquired by him during the course of or as an incident to, his employment or the rendering of services hereunder, relating to the Company or any of its subsidiaries, or any corporation, partnership or other entity owned or controlled, directly or indirectly, by or controlling the Company or its subsidiaries. Such confidential information shall include, but shall not be limited to, business affairs, proprietary technology, trade secrets, patented or copyrighted processes, research and development data, know-how, market studies and forecasts, competitive analyses, pricing policies, employee lists, personnel policies, the substance of agreements with customers, suppliers and others, marketing or dealership arrangements, servicing and training programs and arrangements, customer lists and any other documents embodying such confidential information. This confidentiality obligation shall not apply to any confidential information which becomes publicly available other than pursuant to a breach of this Section 4 by

Executive or which was obtained from a third party not acquiring the information under an obligation of confidentiality from the disclosing party and intended for the benefit of the Company.

(b) All information and documents relating to the Company and its affiliates as hereinabove described shall be the exclusive property of the Company and upon termination of Executive's employment with the Company, all documents, records, reports, writings and other similar documents containing confidential information, including copies thereof, then in Executive's possession or control shall be returned and left with the Company.

5. NON-COMPETITION.

As a condition precedent to this Agreement, Executive shall sign, contemporaneously with this Agreement, a Non-Competition Agreement in the form attached hereto as EXHIBIT 5, (the "Non-Competition Agreement").

6. EQUITABLE REMEDIES AND ENFORCEABILITY OF COVENANTS.

(a) If Executive commits a breach, or threatens to commit a breach, of any of the provisions hereof or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, it is acknowledged and agreed that any such breach or threatened breach will cause irreparable injury to the Company and that money damages will not provide an adequate remedy to the Company.

(b) If any of the covenants contained herein or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, or any part hereof or thereof, is hereafter construed to be invalid or unenforceable, the same shall not affect the remainder of the covenant or covenants, which shall be given full effect without regard to the invalid portions.

(c) If any of the covenants contained herein or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, or any part hereof or thereof, is held to be unenforceable because of the duration of such provision or the area covered thereby, the parties agree that the court making such determination shall have the power to reduce the duration, scope and/or areas of such provision and, in its reduced form, such provision shall then be enforceable.

(d) The existence of any claim or cause of action by Executive against the Company or any affiliate of the Company shall not constitute a defense to the enforcement by the Company of the covenants contained herein, but such claim or cause of action shall be litigated separately.

7. TERMINATION BY THE COMPANY.

The Company may terminate Executive's employment under this Agreement upon written notice to Executive if any one or more of the following shall occur:

(a) There exists Cause for termination. For the purposes of this Agreement, the term "Cause" means: (i) the failure by Executive to perform his duties or obligations hereunder (other than such failure resulting from Executive's incapacity due to illness or leaves of absence approved by the Company) PROVIDED such failure remains uncured for a period of 10 business days after written notice describing the same is received by Executive; (ii) Executive's conviction of any felonious crime or offense; (iii) the unauthorized securing by Executive of any personal profit in connection with the business of the Company or any of its subsidiaries; (iv) use of any unlawful controlled substance under any circumstances or the use of alcohol to the extent that it interferes with the performance of Executive's duties hereunder, or which, in the good faith opinion of the Company, are harmful to the Company; (v) the commission of any acts involving dishonesty or fraud, which, in the good faith opinion of the Company, are harmful to the Company; or (vi) any breach by Executive of the terms of Section 4 of this Agreement or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements; PROVIDED such breach continues uncured for 5 business days after written notice of such breach has been received by Executive from the Company.

(b) Executive's death during the Term; PROVIDED, HOWEVER, that Executive's legal representatives shall be entitled to receive his Base Salary through the last day of the second month after the month in which his death occurs, along with any other compensation and benefits to which Executive and his legal representatives may be entitled under applicable plans, programs and agreements of the Company, including but not limited to, the proceeds of any applicable life insurance policies through the date of death. Further, Executives Special Option Grant shall accelerate and become fully vested immediately upon Executive's death.

(c) Executive shall become physically or mentally disabled so that he is unable to perform his services hereunder for a period of 90 consecutive days or 120 non-consecutive days in any 365 day period. Notwithstanding such disability, the Company shall continue to pay Executive his Base Salary through the date of such termination, along with any other compensation and benefits to which Executive and his legal representatives may be entitled under applicable plans, programs and agreements of the Company, including but not limited to, the proceeds of any applicable disability insurance policies also shall be paid through the date of such termination. Further, Executives Special Option Grant shall accelerate and become fully vested immediately upon final determination of Executive's permanent disability.

(d) At the Company's sole discretion so long as Company pays to Executive an amount equal to (i) 9 months Base Salary, medical benefits and stock option vesting if such sole discretion termination occurs within the first 18 months of this Agreement and 6 months Base Salary and medical benefits and stock option vesting if such sole discretion termination occurs after the first 18 months of this Agreement, and in either case, along with any other compensation and benefits to which Executive may be entitled under applicable plans, PRO RATED through the date of Executive's termination of employment (the sum of these amounts collectively defines the "Severance Amount"). Payment of such Severance Amount, if required, shall be made at the

Company's option either (i) in equal monthly installments, or (ii) in a lump-sum payment promptly following the termination of Executive's employment equal to the then present value using a discount rate per annum determined by reference to the discount rate then published by the Pension Benefit Guaranty Corporation of the Severance Amount.

8. INVENTIONS DISCOVERED BY EXECUTIVE.

As a condition precedent to this Agreement, Executive shall sign, contemporaneously with this Agreement, a Nondisclosure, Proprietary Information and Invention Assignment Agreement in the form attached hereto as EXHIBIT 8 (the "Nondisclosure, Proprietary Information and Invention Assignment Agreement").

9. REPRESENTATIONS AND AGREEMENTS OF EXECUTIVE.

(a) Executive represents and warrants that he is free to enter into this Agreement and to perform the duties required hereunder, and that there are no employment contracts or understandings, restrictive covenants or other restrictions, whether written or oral, preventing the performance of his duties hereunder or which would be harmful to the Company.

(b) Executive agrees to submit to a medical examination and to cooperate and supply such other information and documents as may be required by any insurance company in connection with the Company's obtaining life insurance on the life of Executive, if the Company so desires, or any other type of insurance or fringe benefits as the Company shall determine from time to time to obtain.

10. ARBITRATION.

Any controversy or claim arising out of or relating to this Agreement (or breach thereof) shall be settled by arbitration in Philadelphia, Pennsylvania, in accordance with the rules then existing of the American Arbitration Association (three arbitrators), and judgment upon the award rendered may be entered in any court having jurisdiction thereof. Notwithstanding the foregoing, the Company, at its sole option, shall be entitled to seek and obtain equitable relief from any court of competent jurisdiction, including, without limitation, temporary, preliminary and permanent injunctive relief and specific performance with respect to alleged violations of Sections 4 and 5 of this Agreement, Section 1 of the Non-Competition Agreement or under the Nondisclosure Proprietary Information and Invention Assignment Agreement, and the Company's pursuit of the remedies described in Section 6 hereof in connection therewith. The parties shall be free to pursue any remedy before the arbitration tribunal that they shall be otherwise permitted to pursue in a court of competent jurisdiction. The award of the arbitrators shall be final and binding and may be enforced by any court as if it were a judgment of that court, and may include interest at a rate or rates considered just under the circumstances by the arbitrators. The substantive law of the Commonwealth of Pennsylvania shall be applied by the arbitrators to the resolution of the dispute, provided that the arbitrators shall base their decision on the express terms, covenants and conditions of this Agreement. The arbitrators shall be required to produce a written decision setting forth the reasons for the decision or award to be made. The parties agree that the

arbitrators shall have no power to alter or modify any express provision of this Agreement or to render any award which, by its terms, effects any such alteration or modification. Upon written demand to any party to the arbitration for the production of documents and things reasonably related to the issues being arbitrated, the party upon whom such demand is made shall promptly produce, or make available for inspection and copying, such documents and things without the necessity of any action by the arbitrators. The party which does not prevail in the arbitration shall be responsible for all fees and expenses incurred, including, without limitation, reasonable attorneys' fees, for both parties.

11. NOTICES.

All notices, requests, consents and other communications required or permitted to be given hereunder shall be in writing and shall be deemed to have been duly given if sent by private overnight mail service (delivery confirmed by such service), registered or certified mail (return receipt requested and received), telecopy (confirmed receipt by return fax from the receiving party) or delivered personally, as follows (or to such other address as either party shall designate by notice in writing to the other in accordance herewith:

12. GENERAL.

- (a) This Agreement shall be governed by and construed and enforced in accordance with the laws of the Commonwealth of Pennsylvania applicable to agreements made and to be performed entirely in Pennsylvania.
- (b) This Agreement and the Exhibits attached hereto set forth the entire agreement and understanding of the parties relating to the subject matter hereof, and supersedes all prior agreements, arrangements and understandings, written or oral, relating to the subject matter hereof. No representation, promise or inducement has been made by either party that is not

embodied in this Agreement or any of the agreements referred to herein, and
neither party shall be bound by or liable for any alleged representation,
promise or inducement not so set forth.

(c) This Agreement may be amended, modified, superseded,
canceled, renewed or extended, and the terms or covenants hereof may be waived,
only by a written instrument executed by the parties hereto, or in the case of a
waiver, by the party waiving compliance. The failure of a party at any time or
times to require performance of any provision hereof shall in no manner affect
the right at a later time to enforce the same. No waiver by a party of the
breach of any term or covenant contained in this Agreement, whether by conduct
or otherwise, or any one or more continuing waivers of any such breach, shall
constitute a waiver of the breach of any other term or covenant contained in
this Agreement.

(d) This Agreement shall be binding upon the legal
representatives, heirs, distributes, successors and assigns of the parties
hereto.

IN WITNESS WHEREOF, the parties have executed this Agreement as of
the date first above written.

EXHIBIT 5
CARE MANAGEMENT SCIENCE CORPORATION NON-COMPETITION AGREEMENT

Care Management Science Corporation, a Pennsylvania corporation (the "Company") and J. Bryan Bushick, M.D. ("Executive"), contemporaneously with the execution of this Agreement are entering into an Employment Agreement of even date herewith (the "Employment Agreement"), pursuant to which, among other things, the Executive will be employed by the Company in the capacity of Vice President - Business Development. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given such terms in the Employment Agreement. In addition to the Company's desire to engage the Executive and the Executive's desire to serve the Company, under the terms and conditions of the Employment Agreement, the Executive understands that the Company wishes to ensure that the Executive does not compete with the Company, on the terms and conditions specified below and in the Employment Agreement, in the event the Executive's employment with the Company is terminated.

In consideration of the Company's employment of me and in order to induce the Company to employ me, the Company and Executive hereby agree as follows:

1. NON-COMPETITION; APPLICATION AND DURATION; NON-INTERFERENCE. The Executive will not, during the term of the Executive's employment by the Company and for a period of two years following the termination of employment (the term of Executive's employment and the two years following termination, the "Non-Competitive Period"):

(a) as owner, partner, joint venturer, stockholder, employee, broker, agent, principal, trustee, corporate officer, director, licensor, or in any capacity whatsoever engage in, become financially interested in, be employed by, or render any consultation or business advice with respect to any business which business is engaged in by the Company on the date hereof or during the course of Executive's employment or which business ("Company Business") is engaged in development or commercialization of any technologies or products related to the development of software and databases that transform data into tools to be used by managers in the health care information industry or the provision of services with respect thereto (collectively, "Health Care Decision Support"), in any geographic area where, during the time of Executive's employment, the business of the Company or any of its subsidiaries is being, had been or was proposed to be, conducted in any manner whatsoever, which technologies, products or services are (i) competitive with any Health Care Decision Support or other Company Business technology or application thereof or products based thereon designed, marketed, announced, leased or sold by the Company or any of its subsidiaries during the term of employment or at the time of the termination of the Executive's employment; or (ii) substantially similar to any technology or service involving Health Care Decision Support or other Company Business which the Company was designing, marketing, announcing, leasing or selling or proposing to design, market, lease or sell during the term of Executive's employment; or (iii) substantially similar to any technology or service involving Health Care Decision Support of which the Executive had knowledge at the time of the termination of the Executive's employment that the Company was proposing to design,

market, announce, lease or sell; PROVIDED, HOWEVER, that the Executive may own any securities of a corporation which is engaged in such business and is publicly owned and traded but in amount not to exceed at any one time one percent (1%) of any class of stock or securities of such company; PROVIDED FURTHER that Executive is not personally engaged in any way, directly or indirectly, in any scientific or business activity within such entity, which competes with the Company as described above.

(b) during the Non-Competitive Period, request or cause any suppliers or customers with whom the Company or any of its subsidiaries has a business relationship to cancel or terminate any such business relationship with the Company or any of its subsidiaries or solicit, interfere with or entice from the Company any employee (or former employee) of the Company;

(c) solicit, interfere with, hire, offer to hire, persuade or induce any person who is or was an officer, employee, customer or supplier of the Company or any of its subsidiaries or affiliates to discontinue his relationship with the Company or any of its subsidiaries or affiliates or accept employment by or enter into contractual relations for compensation with any other entity or person, or approach any such employee of the Company or any of its subsidiaries or affiliates for any such purpose or authorize or knowingly approve the taking of any such actions by any other individual or entity. The term "affiliate" shall mean any person or entity that directly or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the Company.

2. MISCELLANEOUS.

(a) The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.

(b) This Agreement, together with the Employment Agreement, supersedes all prior agreements, written or oral, between the Executive and the Company relating to the subject matter of this Agreement. This Agreement may not be modified, changed or discharged in whole or in part, except by an agreement in writing signed by the Executive and the Company. The Executive agrees that any change or changes in his/her duties, salary or compensation after the signing of this Agreement shall not affect the validity or scope of this Agreement.

(c) This Agreement will be binding upon the Executive's heirs, executors and administrators and will inure to the benefit of the Company and its successors and assigns.

(d) No delay or omission by either party in exercising any right under this Agreement will operate as a waiver of that or any other right. A waiver or consent given by either party on any one occasion is effective only in that instance and will not be construed as a bar to or waiver of any right on any other occasion.

(e) The Executive expressly consents to be bound by the provisions of this Agreement for the benefit of the Company or any parent, subsidiary or affiliate thereof to whose

employ the Executive may be transferred without the necessity that this Agreement be re-signed at the time of such transfer.

(f) The restrictions contained in this Agreement are necessary for the protection of the business and goodwill of the Company and are considered by the Executive to be reasonable for such purpose. The Executive agrees that any breach of this Agreement is likely to cause the Company substantial and irrevocable damage and therefore, in the event of any such breach, the Executive agrees that a remedy at law, in addition to such other remedies which may be available, may be inadequate.

(g) This Agreement is governed by and will be construed as a sealed instrument under and in accordance with the laws of the Commonwealth of Pennsylvania. Any action, suit, or other legal proceeding which is commenced to resolve any matter arising under or relating to any provision of this Agreement shall be arbitrated or commenced in a court, as and to the extent set forth in the Employment Agreement.

The Executive understands that nothing in this Agreement shall otherwise affect the Executive’s obligations under the Employment Agreement or the Non-Disclosure, Proprietary Information and Invention Assignment Agreement, each dated _____ between the Company and Executive.

EXHIBIT 8
CARE MANAGEMENT SCIENCE CORPORATION NONDISCLOSURE, PROPRIETARY INFORMATION
AND INVENTION ASSIGNMENT AGREEMENT

Care Management Science Corporation, a Pennsylvania corporation (the "Company") and J. Bryan Bushick, M.D. ("Executive"), contemporaneously with the execution of this Agreement are entering into an Employment Agreement of even date herewith (the "Employment Agreement"), pursuant to which, among other things, the Executive will be employed by the Company in the capacity of Vice President - Business Development. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given such terms in the Employment Agreement. In addition to the Company's desire to engage the Executive and the Executive's desire to serve the Company, under the terms and conditions of the Employment Agreement, the Executive understands that the Company wishes to ensure that the Executive does not breach any confidentiality provisions of the Company and that all right, title and interest in and to any inventions of Executive made during the term of his employment by the Company are and remain the exclusive property of the Company.

In consideration for, and in order to induce my employment by the Company, I hereby agree as follows:

1. CONFIDENTIALITY.

From time to time, before and after the date hereof, the Company may disclose to you certain of its proprietary and/or confidential information including, but not limited to: company know-how, techniques and methodology(ies), statistical information, sample reports, software code and/or algorithms, or, among other things, patient referral sources, physician and/or contracting relationships, business plans or notes, drawings, price lists, the substance of agreements between the Company and its customers or distributors, research and development activities or plans, new business ideas or other items related to the Company's business practices. the Company also may make certain of its personnel, consultants, affiliates and/or agents accessible to you. Further, in your course of employment by the Company you may have access to similar information, including information about individual patients, from Company affiliates and/or customers. The above items and any and all data, information or materials related thereto whether received orally or in writing are collectively referred to, for convenience, as the "Information".

With respect to any and all of the foregoing Information, at any time provided by or obtained from the Company or any person or entity covered by a confidentiality agreement with the Company, you will not copy, disseminate or disclose to anyone or any entity, at any time, under any circumstances for any purpose whatsoever other than as is reasonably required in the regular course of your duties or as required by law, any of the Information without the Company's prior consent. Notwithstanding the foregoing, the above shall not apply if, and only if, one or more of the following are in effect:

(a) the Information is clearly in the public domain at the time of disclosure; or

(b) the Information becomes generally available to the public other than as a result of a breach of this Agreement.

You further agree that at such time as your employment with the Company terminates, you will cease to make any use of the Information and you will return all of the Information to the Company. This confidentiality provision will continue in full force and effect in perpetuity.

2. INVENTION ASSIGNMENT.

Whereas I will be participating in the preparation, writing, creation, or development of certain business ideas, strategies, analyses, reports, software, computer programs or other business activities collectively referred to as the "Work";

(a) As an employee of the Company, any and all materials created by me relating to the Work shall be considered as a "work made for hire". Without limiting the foregoing, I hereby grant, transfer, assign, and convey to the Company, its successors and assigns, the entire title, right, interest, ownership and all subsidiary rights in and to the Work, all intellectual property rights relating to the Work, and all copyrights, trade or service marks, patents or other evidence of ownership and title pertaining to the Work, including but not limited to the right to secure copyright, trade or service mark or patent registration(s) in the Company' name as claimant and the right to secure renewals, reissues, and extensions of any such filings in the United States of America or any other country.

(b) I acknowledge that the Company, in its sole discretion, shall determine whether copyright(s), trade or service mark(s) or patent registration(s) in the Work shall be filed and/or preserved and maintained or registered in the United States of America or any other country.

(c) I confirm that by this instrument, the Company and its successors and assigns shall own the entire title, right and interest in and to the Work, including the right to reproduce, display publicly, prepare derivative Works from or distribute by sale, rental, lease lending or by other transfer of ownership even if the Work does not constitute a "Work made for hire" as defined in 17 U.S.C. Sections 101 and 201(b).

(d) I agree to take all actions and cooperate as is necessary to protect the copyrights or other evidence of title in and to the Work and further agree to execute any document(s) that may be necessary to perfect the Company' ownership of copyrights, trade or service marks, patent(s) or other evidence of ownership and title in the Work and the registration thereof, without further compensation by the Company.

(e) I agree that all terms of this Agreement are applicable to each portion or part of the Work, as well as to the Work in its entirety.

(f) Notwithstanding anything contained herein, the terms of this Agreement shall not apply to any invention for which no equipment, supplies, facility, time, proprietary or trade secret information of the Company was used and which can be demonstrated was developed entirely on my own time, at my own expense and which:(i) does not relate in any way to the business of the Company or to the Company's actual or demonstrably anticipated expansion research or development; and (ii) which does not result from any Work performed by me for the Company.

3. REPRESENTATIONS OF EXECUTIVE.

Executive represents and warrants that he is free to enter into this Agreement and that there are no preceding claims or understandings, restrictive covenants or other restrictions, whether written or oral, preventing the performance of his duties hereunder.

4. MISCELLANEOUS.

(a) The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.

(b) This Agreement, together with the Employment and Non-Competition Agreements, supersedes all prior agreements, written or oral, between the Executive and the Company relating to the subject matter of this Agreement. This Agreement may not be modified, changed or discharged in whole or in part, except by an agreement in writing signed by the Executive and the Company. The Executive agrees that any change or changes in his/her duties, salary or compensation after the signing of this Agreement shall not affect the validity or scope of this Agreement.

(c) This Agreement will be binding upon the Executive's heirs, executors and administrators and will inure to the benefit of the Company and its successors and assigns.

(d) No delay or omission by either party in exercising any right under this Agreement will operate as a waiver of that or any other right. A waiver or consent given by either party on any one occasion is effective only in that instance and will not be construed as a bar to or waiver of any right on any other occasion.

(e) The Executive expressly consents to be bound by the provisions of this Agreement for the benefit of the Company or any parent, subsidiary or affiliate thereof to whose employ the Executive may be transferred without the necessity that this Agreement be re-signed at the time of such transfer.

(f) The restrictions contained in this Agreement are necessary for the protection of the Company and are considered by the Executive to be reasonable for such

purpose. The Executive agrees that any breach of this Agreement is likely to cause the Company substantial and irrevocable damage and therefore, in the event of any such breach, the Executive agrees that a remedy at law, in addition to such other remedies which may be available, may be inadequate.

(g) This Agreement is governed by and will be construed as a sealed instrument under and in accordance with the laws of the Commonwealth of Pennsylvania. Any action, suit, or other legal proceeding which is commenced to resolve any matter arising under or relating to any provision of this Agreement shall be arbitrated or commenced in a court, as and to the extent set forth in the Employment Agreement.

The Executive understands that nothing in this Agreement shall otherwise affect the Executive’s obligations under the Employment Agreement or the Non-Competition Agreement, each dated _____ between the Company and Executive.

By my signature below, I hereby agree to the above.

EMPLOYMENT AGREEMENT
BY AND BETWEEN
CARESCIENCE, INC. AND ROBB L. TRETTER, ESQ.

WHEREAS Robb L. Tretter, Esq. (hereinafter "Executive") and
CareScience, Inc., a Pennsylvania corporation (hereinafter "Company"), desire
and intend to enter into an employment relationship, all as set forth below;

NOW THEREFORE, the parties hereto, in consideration of the promises and
mutual covenants and agreements contained herein, voluntarily and knowingly, and
intending to be legally bound hereby, covenant and agree as follows:

1. EMPLOYMENT AND DUTIES.

(a) Company hereby employs Executive for the Term (as such
term is hereinafter defined) to render services to the Company as its General
Counsel. Executive shall have the overall charge of managing the legal affairs
of the Company and leading the deal-related aspects of the business development
process under the direction of the President. Executive shall also be involved
in other activities as directed by the President or Chief Executive Officer.
Unless otherwise agreed, Executive shall be based within the Philadelphia, PA
metropolitan area, but will be required to travel as part of his employment.
Executive hereby accepts such employment and agrees to render the services
described herein, all on the terms and conditions of this Agreement.

(b) Executive agrees to devote his entire working time,
attention and energies to the performance of the business of the Company and its
affiliates (as hereinafter defined); and Executive shall not, directly or
indirectly, alone or as a member of any partnership or other organization, or as
an officer, director or employee of any other corporation, partnership or other
organization, be actively engaged in or concerned with any other duties or
pursuits which, in the reasonable judgment of the Company, interfere with the
performance of his duties hereunder, or which, even if non-interfering, are
contrary to the best interests of the Company and its affiliates; PROVIDED,
HOWEVER, that Executive may invest his personal or family assets in such form or
manner as will not require any services on his part in the operation of the
affairs of the enterprises in which such investments are made and in which his
participation is solely that of a minority investor; FURTHER, PROVIDED, that the
Executive may engage in charitable, civic, fraternal or trade group activities,
so long as such activities shall not violate any provision of this Agreement or
interfere with his performance hereunder or compliance with the restrictions
contained herein. As used herein, the term "affiliate" means and includes any
person, corporation or other entity controlling, controlled by or under common
control with the Company.

2. TERM OF EMPLOYMENT.

The term of Executive's employment under this Agreement (the "Term") will commence as of Executive's first day of full-time employment with the Company on May 1, 2000 (the "Effective Date") and shall end on the third anniversary hereof (the "Initial Term"). In the absence of a written notice from either party stating its intent to allow this agreement to expire at the conclusion of the Initial Term, this Agreement shall automatically renew for an additional one (1) year period (an "Extension Term"). Thereafter, this Agreement shall automaticlly renew for additional one (1) year periods in the absence of at least six (6) months advance written notice by either party to the end of any Extension Term.

3. COMPENSATION AND BENEFITS.

(a) As compensation for the services to be rendered by Executive hereunder, including all services to any subsidiary of the Company, the Company agrees to pay or cause to be paid to Executive, during the first year of the term of his Employment hereunder, an annual base salary of \$135,000 (the "Base Salary"). For each subsequent year of the Term, the Base Salary will be reviewed annually by the Company and may be increased, but may not be decreased for subsequent years. Executive's Base Salary shall be payable in such installments as is the policy of the Company generally with respect to employees of the Company.

(b) In addition to his Base Salary, Executive, shall be awarded a stock option grant of 45,000 shares. Such shares shall vest in accordance with the rules and provisions of the Company's 1995 Equity Compensation Plan ("Option Plan") and as defined in and governed by the option grant attached hereto as Exhibit C.

Further, Executive shall be awarded a stock option grant of 20,000 shares under the Company's performance-based 1998 Time Accelerated Restricted Stock Option Plan ("TARSOP"). Such shares shall vest in accordance with the rules and provisions of the TARSOP and as defined in and governed by the option grant attached hereto as Exhibit D.

(c) The Company shall pay or reimburse Executive for all reasonable expenses actually incurred or paid by him during the Term in the performance of his services under this Agreement, upon presentation of expense statements or vouchers or such other supporting information as it reasonably may require. Such expenses may include Executive's actual moving-related expenses in an amount not to exceed \$5,000. Executive acknowledges that any such moving expense reimbursement shall be reported as ordinary income on Executive's W-2 form.

(d) Executive shall be eligible under any incentive plan, stock option plan, bonus, profit participation, pension, group insurance or other benefit plans (both qualified and non-qualified for federal tax purposes) or other so-called "fringe" benefits, if any, which the Company generally provides to its executives.

(e) The Company shall provide to Executive and the members of his immediate family, at the Company's expense, medical and dental insurance covering its executives generally.

(f) Executive shall be eligible under any group life and/or disability insurance covering its executives generally.

(g) Executive shall be entitled to three weeks paid vacation plus all federal holidays, in each calendar year.

4. CONFIDENTIALITY.

(a) Subject to the provisions below, Executive shall not, during the Term of this Agreement, or at any time following the expiration or termination of this Agreement, directly or indirectly, disclose or permit to be known (other than (i) as is reasonably required in the regular course of his duties, including disclosures to the Company's advisors and consultants, (ii) as required by law or (iii) with the prior written consent of the Company), to any person firm or corporation, any confidential information acquired by him during the course of or as an incident to, his employment or the rendering of services hereunder, relating to the Company or any of its subsidiaries, or any corporation, partnership or other entity owned or controlled, directly or indirectly, by or controlling the Company or its subsidiaries. Such confidential information shall include, but shall not be limited to, business affairs, proprietary technology, trade secrets, patented or copyrighted processes, research and development data, know-how, market studies and forecasts, competitive analyses, pricing policies, employee lists, personnel policies, the substance of agreements with customers, suppliers and others, marketing or dealership arrangements, servicing and training programs and arrangements, customer lists and any other documents embodying such confidential information. This confidentiality obligation shall not apply to any confidential information which becomes publicly available other than pursuant to a breach of this Section 4 by Executive or which was obtained from a third party not acquiring the information under an obligation of confidentiality from the disclosing party and intended for the benefit of the Company.

(b) All information and documents relating to the Company and its affiliates as hereinabove described shall be the exclusive property of the Company and upon termination of Executive's employment with the Company, all documents, records, reports, writings and other similar documents containing confidential information, including copies thereof, then in Executive's possession or control shall be returned and left with the Company.

5. NON-COMPETITION.

As a condition precedent to this Agreement, Executive shall sign, contemporaneously with this Agreement, a Non-Competition Agreement in the form attached hereto as EXHIBIT A (the "Non-Competition Agreement").

6. EQUITABLE REMEDIES AND ENFORCEABILITY OF COVENANTS.

(a) If Executive commits a breach, or threatens to commit a breach, of any of the provisions hereof or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, it is acknowledged and agreed that any such breach or threatened breach will cause irreparable injury to the Company and that money damages will not provide an adequate remedy to the Company.

(b) If any of the covenants contained herein or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, or any part hereof or thereof, is hereafter construed to be invalid or unenforceable, the same shall not affect the remainder of the covenant or covenants, which shall be given full effect without regard to the invalid portions.

(c) If any of the covenants contained herein or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, or any part hereof or thereof, is held to be unenforceable because of the duration of such provision or the area covered thereby, the parties agree that the court making such determination shall have the power to reduce the duration, scope and/or areas of such provision and, in its reduced form, such provision shall then be enforceable.

(d) The existence of any claim or cause of action by Executive against the Company or any affiliate of the Company shall not constitute a defense to the enforcement by the Company of the covenants contained herein, but such claim or cause of action shall be litigated separately.

7. TERMINATION BY THE COMPANY.

The Company may terminate Executive's employment under this Agreement upon written notice to Executive if any one or more of the following shall occur:

(a) There exists Cause for termination. For the purposes of this Agreement, the term "Cause" means: (i) the failure by Executive to perform his duties or obligations hereunder (other than such failure resulting from Executive's incapacity due to illness or leaves of absence approved by the Company) PROVIDED such failure remains uncured for a period of 10 business days after written notice describing the same is received by Executive; (ii) Executive's conviction of any felonious crime or offense; (iii) the unauthorized securing by Executive of any personal profit in connection with the business of the Company or any of its subsidiaries; (iv) use of any unlawful controlled substance under any circumstances or the use of alcohol to the extent that it interferes with the performance of Executive's duties hereunder, or which, in the good faith opinion of the Company, are harmful to the Company; (v) the commission of any acts involving dishonesty or fraud, which, in the good faith opinion of the Company, are harmful to the Company; or (vi) any breach by Executive of the terms of Section 4 of this Agreement or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements; PROVIDED such breach continues uncured for 5 business days after written notice of such breach has been received by Executive from the Company.

(b) Executive's death during the Term; PROVIDED, HOWEVER, that Executive's legal representatives shall be entitled to receive his Base Salary through the last day of the second month after the month in which his death occurs, along with any other compensation and benefits to which Executive and his legal representatives may be entitled under applicable plans, programs and agreements of the Company, including but not limited to, the proceeds of any applicable life insurance policies through the date of death.

(c) Executive shall become physically or mentally disabled so that he is unable to perform his services hereunder for a period of 90 consecutive days or 120 non-consecutive days in any 365 day period. Notwithstanding such disability, the Company shall continue to pay Executive his Base Salary through the date of such termination, along with any other compensation and benefits to which Executive and his legal representatives may be entitled under applicable plans, programs and agreements of the Company, including but not limited to, the proceeds of any applicable disability insurance policies also shall be paid through the date of such termination.

(d) At the Company's sole discretion so long as Company pays to Executive an amount equal to 6 months Base Salary, along with any other compensation and benefits to which Executive may be entitled under applicable plans, PRO RATED through the end of such 6 month period (the sum of these amounts collectively defines the "Severance Amount"). Payment of such Severance Amount, if required, shall be made at the Company's option either (i) in equal monthly installments over the 6 months, or (ii) in a lump-sum payment promptly following the termination of Executive's employment equal to the then present value using a discount rate per annum determined by reference to the discount rate then published by the Pension Benefit Guaranty Corporation of the Severance Amount.

8. INVENTIONS DISCOVERED BY EXECUTIVE.

As a condition precedent to this Agreement, Executive shall sign, contemporaneously with this Agreement, a Nondisclosure, Proprietary Information and Invention Assignment Agreement in the form attached hereto as EXHIBIT B (the "Nondisclosure, Proprietary Information and Invention Assignment Agreement").

9. REPRESENTATIONS AND AGREEMENTS OF EXECUTIVE.

(a) Executive represents and warrants that he is free to enter into this Agreement and to perform the duties required hereunder, and that there are no employment contracts or understandings, restrictive covenants or other restrictions, whether written or oral, preventing the performance of his duties hereunder or which would be harmful to the Company.

(b) Executive agrees to submit to a medical examination and to cooperate and supply such other information and documents as may be required by any insurance company in connection with the Company's obtaining life insurance on the life of Executive, if the Company so desires, or any other type of insurance or fringe benefits as the Company shall determine from time to time to obtain.

10. ARBITRATION.

Any controversy or claim arising out of or relating to this Agreement (or breach thereof) shall be settled by arbitration in Philadelphia, Pennsylvania, in accordance with the rules then existing of the American Arbitration Association (three arbitrators), and judgment upon the

award rendered may be entered in any court having jurisdiction thereof. Notwithstanding the foregoing, the Company, at its sole option, shall be entitled to seek and obtain equitable relief from any court of competent jurisdiction, including, without limitation, temporary, preliminary and permanent injunctive relief and specific performance with respect to alleged violations of Sections 4 and 5 of this Agreement, Section 1 of the Non-Competition Agreement or under the Nondisclosure, Proprietary Information and Invention Assignment Agreement, and the Company's pursuit of the remedies described in Section 6 hereof in connection therewith. The parties shall be free to pursue any remedy before the arbitration tribunal that they shall be otherwise permitted to pursue in a court of competent jurisdiction. The award of the arbitrators shall be final and binding and may be enforced by any court as if it were a judgment of that court, and may include interest at a rate or rates considered just under the circumstances by the arbitrators. The substantive law of the Commonwealth of Pennsylvania shall be applied by the arbitrators to the resolution of the dispute, provided that the arbitrators shall base their decision on the express terms, covenants and conditions of this Agreement. The arbitrators shall be required to produce a written decision setting forth the reasons for the decision or award to be made. The parties agree that the arbitrators shall have no power to alter or modify any express provision of this Agreement or to render any award which, by its terms, effects any such alteration or modification. Upon written demand to any party to the arbitration for the production of documents and things reasonably related to the issues being arbitrated, the party upon whom such demand is made shall promptly produce, or make available for inspection and copying, such documents and things without the necessity of any action by the arbitrators. The party which does not prevail in the arbitration shall be responsible for all fees and expenses incurred, including, without limitation, reasonable attorneys' fees, for both parties.

11. NOTICES.

All notices, requests, consents and other communications required or permitted to be given hereunder shall be in writing and shall be deemed to have been duly given if sent by private overnight mail service (delivery confirmed by such service), registered or certified mail (return receipt requested and received), telecopy (confirmed receipt by return fax from the receiving party) or delivered personally, as follows (or to such other address as either party shall designate by notice in writing to the other in accordance herewith:

12. GENERAL.

- (a) This Agreement shall be governed by and construed and enforced in accordance with the laws of the Commonwealth of Pennsylvania applicable to agreements made and to be performed entirely in Pennsylvania.
- (b) This Agreement and the Exhibits attached hereto set forth the entire agreement and understanding of the parties relating to the subject matter hereof, and supersedes all prior agreements, arrangements and understandings, written or oral, relating to the subject matter hereof. No representation, promise or inducement has been made by either party that is not embodied in this Agreement or any of the agreements referred to herein, and neither party shall be bound by or liable for any alleged representation, promise or inducement not so set forth.
- (c) This Agreement may be amended, modified, superseded, canceled, renewed or extended, and the terms or covenants hereof may be waived, only by a written instrument executed by the parties hereto, or in the case of a waiver, by the party waiving compliance. The failure of a party at any time or times to require performance of any provision hereof shall in no manner affect the right at a later time to enforce the same. No waiver by a party of the breach of any term or covenant contained in this Agreement, whether by conduct or otherwise, or any one or more continuing waivers of any such breach, shall constitute a waiver of the breach of any other term or covenant contained in this Agreement.
- (d) This Agreement shall be binding upon the legal representatives, heirs, distributes, successors and assigns of the parties hereto.

IN WITNESS WHEREOF, the parties have executed this Agreement
as of the date first above written.

EXHIBIT A
CARESCIENCE, INC. NON-COMPETITION AGREEMENT

CareScience, Inc., a Pennsylvania corporation (the "Company"), and Robb L. Tretter ("Executive"), contemporaneously with the execution of this Agreement are entering into an Employment Agreement of even date herewith (the "Employment Agreement"), pursuant to which, among other things, the Executive will be employed by the Company in the capacity of General Counsel. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given such terms in the Employment Agreement. In addition to the Company's desire to engage the Executive and the Executive's desire to serve the Company, under the terms and conditions of the Employment Agreement, the Executive understands that the Company wishes to ensure that the Executive does not compete with the Company, on the terms and conditions specified below and in the Employment Agreement, in the event the Executive's employment with the Company is terminated.

In consideration of the Company's employment of me and in order to induce the Company to employ me, the Company and Executive hereby agree as follows:

1. NON-COMPETITION; APPLICATION AND DURATION;
NON-INTERFERENCE. The Executive will not, during the term of the Executive's employment by the Company and for a period of two years following the termination of employment (the term of Executive's employment and the two years following termination, the "Non-Competitive Period"):

(a) as owner, partner, joint venturer, stockholder, employee, broker, agent, principal, trustee, corporate officer, director, licensor, or in any capacity whatsoever engage in, become financially interested in, be employed by, or render any consultation or business advice with respect to any business which business is engaged in by the Company on the date hereof or during the course of Executive's employment or which business ("Company Business") is engaged in development or commercialization of any technologies or products related to the development of software and databases that transform data into tools to be used by managers in the health care information industry or the provision of services with respect thereto (collectively, "Health Care Decision Support"), in any geographic area where, during the time of Executive's employment, the business of the Company or any of its subsidiaries is being, had been or was proposed to be, conducted in any manner whatsoever, which technologies, products or services are (i) competitive with any Health Care Decision Support or other Company Business technology or application thereof or products based thereon designed, marketed, announced, leased or sold by the Company or any of its subsidiaries during the term of employment or at the time of the termination of the Executive's employment; or (ii) substantially similar to any technology or service involving Health Care Decision Support or other Company Business which the Company was designing, marketing, announcing, leasing or selling or proposing to design, market, lease or sell during the term of Executive's employment; or (iii) substantially similar to any technology or service involving Health Care Decision Support of which the Executive had knowledge at the time of the termination of the Executive's employment that the Company was proposing to design, market, announce, lease or sell; PROVIDED, HOWEVER, that the Executive may own any securities of a

corporation which is engaged in such business and is publicly owned and traded but in amount not to exceed at any one time one percent (1%) of any class of stock or securities of such company; PROVIDED FURTHER that Executive is not personally engaged in any way, directly or indirectly, in any scientific or business activity within such entity, which competes with the Company as described above.

(b) during the Non-Competitive Period, request or cause any suppliers or customers with whom the Company or any of its subsidiaries has a business relationship to cancel or terminate any such business relationship with the Company or any of its subsidiaries or solicit, interfere with or entice from the Company any employee (or former employee) of the Company;

(c) solicit, interfere with, hire, offer to hire, persuade or induce any person who is or was an officer, employee, customer or supplier of the Company or any of its subsidiaries or affiliates to discontinue his relationship with the Company or any of its subsidiaries or affiliates or accept employment by or enter into contractual relations for compensation with any other entity or person, or approach any such employee of the Company or any of its subsidiaries or affiliates for any such purpose or authorize or knowingly approve the taking of any such actions by any other individual or entity. The term "affiliate" shall mean any person or entity that directly or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the Company.

2. MISCELLANEOUS.

(a) The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.

(b) This Agreement, together with the Employment Agreement, supersedes all prior agreements, written or oral, between the Executive and the Company relating to the subject matter of this Agreement. This Agreement may not be modified, changed or discharged in whole or in part, except by an agreement in writing signed by the Executive and the Company. The Executive agrees that any change or changes in his/her duties, salary or compensation after the signing of this Agreement shall not affect the validity or scope of this Agreement.

(c) This Agreement will be binding upon the Executive's heirs, executors and administrators and will inure to the benefit of the Company and its successors and assigns.

(d) No delay or omission by either party in exercising any right under this Agreement will operate as a waiver of that or any other right. A waiver or consent given by either party on any one occasion is effective only in that instance and will not be construed as a bar to or waiver of any right on any other occasion.

(e) The Executive expressly consents to be bound by the provisions of this Agreement for the benefit of the Company or any parent, subsidiary or affiliate thereof to whose employ the Executive may be transferred without the necessity that this Agreement be re-signed at the time of such transfer.

(f) The restrictions contained in this Agreement are necessary for the protection of the business and goodwill of the Company and are considered by the Executive to be reasonable for such purpose. The Executive agrees that any breach of this Agreement is likely to cause the Company substantial and irrevocable damage and therefore, in the event of any such breach, the Executive agrees that a remedy at law, in addition to such other remedies which may be available, may be inadequate.

(g) This Agreement is governed by and will be construed as a sealed instrument under and in accordance with the laws of the Commonwealth of Pennsylvania. Any action, suit, or other legal proceeding which is commenced to resolve any matter arising under or relating to any provision of this Agreement shall be arbitrated or commenced in a court, as and to the extent set forth in the Employment Agreement.

The Executive understands that nothing in this Agreement shall otherwise affect the Executive's obligations under the Employment Agreement or the Non-Disclosure, Proprietary Information and Invention Assignment Agreement, each dated AS OF THE DATE HEREOF.between the Company and Executive.

In WHITNESS WHEREOF, the parties have executed this Agreement as of the date below.

EXHIBIT B
CARESCIENCE, INC. NONDISCLOSURE, PROPRIETARY INFORMATION AND INVENTION
ASSIGNMENT AGREEMENT

CareScience, Inc., a Pennsylvania corporation (the "Company"),
and Robb L. Tretter ("Executive"), contemporaneously with the execution of this
Agreement are entering into an Employment Agreement of even date herewith (the
"Employment Agreement"), pursuant to which, among other things, the Executive
will be employed by the Company in the capacity of General Counsel. Capitalized
terms used in this Agreement and not otherwise defined herein shall have the
meanings given such terms in the Employment Agreement. In addition to the
Company's desire to engage the Executive and the Executive's desire to serve the
Company, under the terms and conditions of the Employment Agreement, the
Executive understands that the Company wishes to ensure that the Executive does
not breach any confidentiality provisions of the Company and that all right,
title and interest in and to any inventions of Executive made during the term of
his employment by the Company are and remain the exclusive property of the
Company.

In consideration for, and in order to induce my employment by
the Company, I hereby agree as follows:

1. CONFIDENTIALITY.

From time to time, before and after the date hereof,
the Company may disclose to you certain of its proprietary and/or confidential
information including, but not limited to: company know-how, techniques and
methodology(ies), statistical information, sample reports, software code and/or
algorithms, or, among other things, patient referral sources, physician and/or
contracting relationships, business plans or notes, drawings, price lists, the
substance of agreements between the Company and its customers or distributors,
research and development activities or plans, new business ideas or other items
related to the Company's business practices. The Company also may make certain
of its personnel, consultants, affiliates and/or agents accessible to you.
Further, in your course of employment by the Company you may have access to
similar information, including information about individual patients, from
Company affiliates and/or customers. The above items and any and all data,
information or materials related thereto whether received orally or in writing
are collectively referred to, for convenience, as the "Information".

With respect to any and all of the foregoing
Information, at any time provided by or obtained from the Company or any person
or entity covered by a confidentiality agreement with the Company, you will not
copy, disseminate or disclose to anyone or any entity, at any time, under any
circumstances for any purpose whatsoever other than as is reasonably required in
the regular course of your duties or as required by law, any of the Information
without the Company's prior consent. Notwithstanding the foregoing, the above
shall not apply if, and only if, one or more of the following are in effect:

(a) the Information is clearly in the public domain at the time of disclosure; or

(b) the Information becomes generally available to the public other than as a result of a breach of this Agreement.

You further agree that at such time as your employment with the Company terminates, you will cease to make any use of the Information and you will return all of the Information to the Company. This confidentiality provision will continue in full force and effect in perpetuity.

2. INVENTION ASSIGNMENT.

Whereas I will be participating in the preparation, writing, creation, or development of certain business ideas, strategies, analyses, reports, software, computer programs or other business activities collectively referred to as the "Work";

(a) As an employee of the Company, any and all materials created by me relating to the Work shall be considered as a "work made for hire". Without limiting the foregoing, I hereby grant, transfer, assign, and convey to the Company, its successors and assigns, the entire title, right, interest, ownership and all subsidiary rights in and to the Work, all intellectual property rights relating to the Work, and all copyrights, trade or service marks, patents or other evidence of ownership and title pertaining to the Work, including but not limited to the right to secure copyright, trade or service mark or patent registration(s) in the Company' name as claimant and the right to secure renewals, reissues, and extensions of any such filings in the United States of America or any other country.

(b) I acknowledge that the Company, in its sole discretion, shall determine whether copyright(s), trade or service mark(s) or patent registration(s) in the Work shall be filed and/or preserved and maintained or registered in the United States of America or any other country.

(c) I confirm that by this instrument, the Company and its successors and assigns shall own the entire title, right and interest in and to the Work, including the right to reproduce, display publicly, prepare derivative Works from or distribute by sale, rental, lease lending or by other transfer of ownership even if the Work does not constitute a "Work made for hire" as defined in 17 U.S.C. Sections 101 and 201(b).

(d) I agree to take all actions and cooperate as is necessary to protect the copyrights or other evidence of title in and to the Work and further agree to execute any document(s) that may be necessary to perfect the Company' ownership of copyrights, trade or service marks, patent(s) or other evidence of ownership and title in the Work and the registration thereof, without further compensation by the Company.

(e) I agree that all terms of this Agreement are applicable to each portion or part of the Work, as well as to the Work in its entirety.

(f) Notwithstanding anything contained herein, the terms of this Agreement shall not apply to any invention for which no equipment, supplies, facility, time, proprietary or trade secret information of the Company was used and which can be demonstrated was developed entirely on my own time, at my own expense and which: (i) does not relate in any way to the business of the Company or to the Company's actual or demonstrably anticipated expansion research or development; and (ii) which does not result from any Work performed by me for the Company.

3. REPRESENTATIONS OF EXECUTIVE.

Executive represents and warrants that he is free to enter into this Agreement and that there are no preceding claims or understandings, restrictive covenants or other restrictions, whether written or oral, preventing the performance of his duties hereunder.

4. MISCELLANEOUS.

(a) The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.

(b) This Agreement, together with the Employment and Non-Competition Agreements, supersedes all prior agreements, written or oral, between the Executive and the Company relating to the subject matter of this Agreement. This Agreement may not be modified, changed or discharged in whole or in part, except by an agreement in writing signed by the Executive and the Company. The Executive agrees that any change or changes in his/her duties, salary or compensation after the signing of this Agreement shall not affect the validity or scope of this Agreement.

(c) This Agreement will be binding upon the Executive's heirs, executors and administrators and will inure to the benefit of the Company and its successors and assigns.

(d) No delay or omission by either party in exercising any right under this Agreement will operate as a waiver of that or any other right. A waiver or consent given by either party on any one occasion is effective only in that instance and will not be construed as a bar to or waiver of any right on any other occasion.

(e) The Executive expressly consents to be bound by the provisions of this Agreement for the benefit of the Company or any parent, subsidiary or affiliate thereof to whose employ the Executive may be transferred without the necessity that this Agreement be re-signed at the time of such transfer.

(f) The restrictions contained in this Agreement are necessary for the protection of the Company and are considered by the Executive to be reasonable for such

purpose. The Executive agrees that any breach of this Agreement is likely to cause the Company substantial and irrevocable damage and therefore, in the event of any such breach, the Executive agrees that a remedy at law, in addition to such other remedies which may be available, may be inadequate.

(g) This Agreement is governed by and will be construed as a sealed instrument under and in accordance with the laws of the Commonwealth of Pennsylvania. Any action, suit, or other legal proceeding which is commenced to resolve any matter arising under or relating to any provision of this Agreement shall be arbitrated or commenced in a court, as and to the extent set forth in the Employment Agreement.

The Executive understands that nothing in this Agreement shall otherwise affect the Executive’s obligations under the Employment Agreement or the Non-Competition Agreement, each dated as of the date hereof between the Company and Executive.

By my signature below, I hereby agree to the above.

EXHIBIT 10.11

EMPLOYMENT AGREEMENT
BY AND BETWEEN
CARE MANAGEMENT SCIENCE CORPORATION AND TOM ZAJAC

WHEREAS Tom Zajac (hereinafter "Executive") and Care Management Science Corporation, a Pennsylvania corporation (hereinafter "Company") desire and intend to enter into an employment relationship, all as set forth below;

NOW THEREFORE, the parties hereto, in consideration of the promises and mutual covenants and agreements contained herein, voluntarily and knowingly, and intending to be legally bound hereby, covenant and agree as follows:

1. EMPLOYMENT AND DUTIES.

(a) Company hereby employs Executive for the Term (as such term is hereinafter defined) to render services to the Company as its Chief Operating Officer. Executive shall have the overall charge of the Company's CaduCIS.com Division and its Sales Department. Executive shall also be involved in business development, marketing and other activities as directed by the Chief Executive Officer. Within a reasonable period of time, and in any event no later than nine (9) months from the signing of this Agreement, Executive shall be based full-time within the Philadelphia, PA metropolitan area, but will be required to travel as part of his employment. During the transition period from his current residence to his permanent Philadelphia residence, Executive shall nonetheless be available on a regular basis at the Philadelphia office through frequent travel and temporary living arrangements in Philadelphia. Executive hereby accepts such employment and agrees to render the services described herein, all on the terms and conditions of this Agreement.

(b) Executive agrees to devote his entire working time, attention and energies to the performance of the business of the Company and its affiliates (as hereinafter defined); and Executive shall not, directly or indirectly, alone or as a member of any partnership or other organization, or as an officer, director or employee of any other corporation, partnership or other organization, be actively engaged in or concerned with any other duties or pursuits which, in the reasonable judgment of the Company, interfere with the performance of his duties hereunder, or which, even if non-interfering, are contrary to the best interests of the Company and its affiliates; PROVIDED, HOWEVER, that Executive may invest his personal or family assets in such form or manner as will not require any services on his part in the operation of the affairs of the enterprises in which such investments are made and in which his participation is solely that of a minority investor; FURTHER, PROVIDED, that the Executive may engage in charitable, civic, fraternal or trade group activities, so long as such activities shall not violate any provision of this Agreement or interfere with his performance hereunder or compliance with the restrictions contained herein. As used herein, the term "affiliate" means and includes any person, corporation or other entity controlling, controlled by or under common control with the Company.

2. TERM OF EMPLOYMENT.

The term of Executive's employment under this Agreement (the "Term", collectively the Initial Term and any Extension Term(s)) will commence as of Executive's first day of full-time employment with the Company (the "Effective Date") and shall end on the third anniversary thereof (the "Initial Term"). The Effective date shall be no later than November 1, 1999. In the absence of a written notice from either party stating its intent to allow this agreement to expire at the conclusion of the Initial Term, this Agreement shall automatically renew for an additional one (1) year period (an "Extension Term"). Thereafter, this Agreement shall automatically renew for additional one (1) year periods in the absence of at least six (6) months advance written notice by either party prior to the end of any Extension Term.

3. COMPENSATION AND BENEFITS.

(a) As compensation for the services to be rendered by Executive hereunder, including all services to any subsidiary of the Company, the Company agrees to pay or cause to be paid to Executive, during the first year of the term of his Employment hereunder, an annual base salary of \$225,000 (the "Base Salary"). For each subsequent year of the Term, the Base Salary will be reviewed annually by the Company and may be increased, but may not be decreased for subsequent years. Executive's Base Salary shall be payable in such installments as is the policy of the Company generally with respect to employees of the Company.

(b) In addition to his Base Salary, Executive, within a reasonable period of time and coincident with the adoption of a company stock option plan ("Option Plan"), shall be awarded a stock option grant representing the number of shares equal to a 2.0% ownership of the company at the time of the award. Such shares shall vest in accordance with the rules and provisions of the Option Plan and shall be governed by the option grant attached hereto as Exhibit 3(b).

Further, Executive shall be awarded stock option grants under the Company's performance-based Senior Management Incentive Stock Option Plan as follows: option shares equal to 1.0% of the company's fully-diluted common stock (at \$2.59 per share) vesting in accordance with the performance-based Senior Management Incentive Stock Option Plan in an "all-or-none" fashion at December 31, 2000 (0.50%) and December 31, 2001 (0.50%) respectively upon the attainment of performance goals as defined in the performance-based Senior Management Incentive Stock Option Plan.

(c) The Company shall pay or reimburse Executive for all reasonable expenses actually incurred or paid by him during the Term in the performance of his services under this Agreement, upon presentation of expense statements or vouchers or such other supporting information as it reasonably may require. Such reimbursement shall include temporary living expenses in an amount not to exceed \$15,000, and moving and relocation expenses not to exceed \$45,000.

(d) Executive shall be eligible under any incentive plan, stock option plan, bonus, profit participation, pension, group insurance or other benefit plans (both qualified and non-qualified for federal tax purposes) or other so-called "fringe" benefits, if any, which the Company generally provides to its executives. Notwithstanding the foregoing, Executive shall be awarded a bonus of no less than \$25,000, upon the first and second anniversaries of this Agreement.

(e) The Company shall provide to Executive and the members of his immediate family, at the Company's expense, medical and dental insurance covering its executives generally. Further, until such time as Executive relocates his family to Philadelphia, the Company will reimburse Executive for his actual out-of-pocket COBRA expense.

(f) Executive shall be eligible under any group life and/or disability insurance covering its executives generally.

(g) Executive shall be entitled to four weeks paid vacation plus all federal holidays, in each calendar year. Notwithstanding the foregoing, Executive represents that he will not take any extended vacations during at least the first nine (9) months of this Agreement.

4. CONFIDENTIALITY.

(a) Subject to the provisions below, Executive shall not, during the Term of this Agreement, or at any time following the expiration or termination of this Agreement, directly or indirectly, disclose or permit to be known (other than (i) as is reasonably required in the regular course of his duties, including disclosures to the Company's advisors and consultants, (ii) as required by law or (iii) with the prior written consent of the Company), to any person firm or corporation, any confidential information acquired by him during the course of or as an incident to, his employment or the rendering of services hereunder, relating to the Company or any of its subsidiaries, or any corporation, partnership or other entity owned or controlled, directly or indirectly, by or controlling the Company or its subsidiaries. Such confidential information shall include, but shall not be limited to, business affairs, proprietary technology, trade secrets, patented or copyrighted processes, research and development data, know-how, market studies and forecasts, competitive analyses, pricing policies, employee lists, personnel policies, the substance of agreements with customers, suppliers and others, marketing or dealership arrangements, servicing and training programs and arrangements, customer lists and any other documents embodying such confidential information. This confidentiality obligation shall not apply to any confidential information which becomes publicly available other than pursuant to a breach of this Section 4 by Executive or which was obtained from a third party not acquiring the information under an obligation of confidentiality from the disclosing party and intended for the benefit of the Company.

(b) All information and documents relating to the Company and its affiliates as hereinabove described shall be the exclusive property of the Company and upon termination of Executive's employment with the Company, all documents, records, reports, writings and other similar documents containing confidential information, including copies thereof, then in Executive's possession or control shall be returned and left with the Company.

5. NON-COMPETITION.

As a condition precedent to this Agreement, Executive shall sign, contemporaneously with this Agreement, a Non-Competition Agreement in the form attached hereto as EXHIBIT 5, (the "Non-Competition Agreement").

6. EQUITABLE REMEDIES AND ENFORCEABILITY OF COVENANTS.

(a) If Executive commits a breach, or threatens to commit a breach, of any of the provisions hereof or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, it is acknowledged and agreed that any such breach or threatened breach will cause irreparable injury to the Company and that money damages will not provide an adequate remedy to the Company.

(b) If any of the covenants contained herein or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, or any part hereof or thereof, is hereafter construed to be invalid or unenforceable, the same shall not affect the remainder of the covenant or covenants, which shall be given full effect without regard to the invalid portions.

(c) If any of the covenants contained herein or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements, or any part hereof or thereof, is held to be unenforceable because of the duration of such provision or the area covered thereby, the parties agree that the court making such determination shall have the power to reduce the duration, scope and/or areas of such provision and, in its reduced form, such provision shall then be enforceable.

(d) The existence of any claim or cause of action by Executive against the Company or any affiliate of the Company shall not constitute a defense to the enforcement by the Company of the covenants contained herein, but such claim or cause of action shall be litigated separately.

7. TERMINATION BY THE COMPANY.

The Company may terminate Executive's employment under this Agreement upon written notice to Executive if any one or more of the following shall occur:

(a) There exists Cause for termination. For the purposes of this Agreement, the term "Cause" means: (i) the failure by Executive to perform his duties or obligations hereunder (other than such failure resulting from Executive's incapacity due to illness or leaves of absence approved by the Company) PROVIDED such failure remains uncured for a period of 10 business days after written notice describing the same is received by Executive; (ii) Executive's conviction of any felonious crime or offense; (iii) the unauthorized securing by Executive of any personal profit in connection with the business of the Company or any of its subsidiaries; (iv) use of any unlawful

controlled substance under any circumstances or the use of alcohol to the extent that it interferes with the performance of Executive's duties hereunder, or which, in the good faith opinion of the Company, are harmful to the Company; (v) the commission of any acts involving dishonesty or fraud, which, in the good faith opinion of the Company, are harmful to the Company; or (vi) any breach by Executive of the terms of Section 4 of this Agreement or under the Non-Competition or Nondisclosure, Proprietary Information and Invention Assignment Agreements; PROVIDED such breach continues uncured for 5 business days after written notice of such breach has been received by Executive from the Company.

(b) Executive's death during the Term; PROVIDED, HOWEVER, that Executive's legal representatives shall be entitled to receive his Base Salary through the last day of the second month after the month in which his death occurs, along with any other compensation and benefits to which Executive and his legal representatives may be entitled under applicable plans, programs and agreements of the Company, including but not limited to, the proceeds of any applicable life insurance policies through the date of death.

(c) Executive shall become physically or mentally disabled so that he is unable to perform his services hereunder for a period of 90 consecutive days or 120 non-consecutive days in any 365 day period. Notwithstanding such disability, the Company shall continue to pay Executive his Base Salary through the date of such termination, along with any other compensation and benefits to which Executive and his legal representatives may be entitled under applicable plans, programs and agreements of the Company, including but not limited to, the proceeds of any applicable disability insurance policies also shall be paid through the date of such termination.

(d) At the Company's sole discretion so long as Company pays to Executive an amount equal to (i) the lesser of 9 (nine) months Base Salary or (ii) the Base Salary for the remaining term of this Agreement, along with any other compensation and benefits to which Executive may be entitled under applicable plans, PRO RATED through the date of Executive's termination of employment (the sum of these amounts collectively defines the "Severance Amount"). Payment of such Severance Amount, if required, shall be made at the Company's option either (i) in equal monthly installments over the lesser of 9 (nine) months or the remaining term of this Agreement as the case may be, or (ii) in a lump-sum payment promptly following the termination of Executive's employment equal to the then present value using a discount rate per annum determined by reference to the discount rate then published by the Pension Benefit Guaranty Corporation of the Severance Amount.

8. INVENTIONS DISCOVERED BY EXECUTIVE.

As a condition precedent to this Agreement, Executive shall sign, contemporaneously with this Agreement, a Nondisclosure, Proprietary Information and Invention Assignment Agreement in the form attached hereto as EXHIBIT 8 (the "Nondisclosure, Proprietary Information and Invention Assignment Agreement").

9. REPRESENTATIONS AND AGREEMENTS OF EXECUTIVE.

(a) Executive represents and warrants that he is free to enter into this Agreement and to perform the duties required hereunder, and that there are no employment contracts or understandings, restrictive covenants or other restrictions, whether written or oral, preventing the performance of his duties hereunder or which would be harmful to the Company.

(b) Executive agrees to submit to a medical examination and to cooperate and supply such other information and documents as may be required by any insurance company in connection with the Company's obtaining life insurance on the life of Executive, if the Company so desires, or any other type of insurance or fringe benefits as the Company shall determine from time to time to obtain.

10. ARBITRATION.

Any controversy or claim arising out of or relating to this Agreement (or breach thereof) shall be settled by arbitration in Philadelphia, Pennsylvania, in accordance with the rules then existing of the American Arbitration Association (three arbitrators), and judgment upon the award rendered may be entered in any court having jurisdiction thereof. Notwithstanding the foregoing, the Company, at its sole option, shall be entitled to seek and obtain equitable relief from any court of competent jurisdiction, including, without limitation, temporary, preliminary and permanent injunctive relief and specific performance with respect to alleged violations of Sections 4 and 5 of this Agreement, Section 1 of the Non-Competition Agreement or under the Nondisclosure Proprietary Information and Invention Assignment Agreement, and the Company's pursuit of the remedies described in Section 6 hereof in connection therewith. The parties shall be free to pursue any remedy before the arbitration tribunal that they shall be otherwise permitted to pursue in a court of competent jurisdiction. The award of the arbitrators shall be final and binding and may be enforced by any court as if it were a judgment of that court, and may include interest at a rate or rates considered just under the circumstances by the arbitrators. The substantive law of the Commonwealth of Pennsylvania shall be applied by the arbitrators to the resolution of the dispute, provided that the arbitrators shall base their decision on the express terms, covenants and conditions of this Agreement. The arbitrators shall be required to produce a written decision setting forth the reasons for the decision or award to be made. The parties agree that the arbitrators shall have no power to alter or modify any express provision of this Agreement or to render any award which, by its terms, effects any such alteration or modification. Upon written demand to any party to the arbitration for the production of documents and things reasonably related to the issues being arbitrated, the party upon whom such demand is made shall promptly produce, or make available for inspection and copying, such documents and things without the necessity of any action by the arbitrators. The party which does not prevail in the arbitration shall be responsible for all fees and expenses incurred, including, without limitation, reasonable attorneys' fees, for both parties.

11. NOTICES.

All notices, requests, consents and other communications required or permitted to be given hereunder shall be in writing and shall be deemed to have been duly given if sent by private overnight mail service (delivery confirmed by such service), registered or certified mail (return receipt requested and received), telecopy (confirmed receipt by return fax from the receiving party) or delivered personally, as follows (or to such other address as either party shall designate by notice in writing to the other in accordance herewith:

Telephone: 617-308-8297
Fax: 781-575-1244

12. GENERAL.

(a) This Agreement shall be governed by and construed and enforced in accordance with the laws of the Commonwealth of Pennsylvania applicable to agreements made and to be performed entirely in Pennsylvania.

(b) This Agreement and the Exhibits attached hereto set forth the entire agreement and understanding of the parties relating to the subject matter hereof, and supersedes all prior agreements, arrangements and understandings, written or oral, relating to the subject matter hereof. No representation, promise or inducement has been made by either party that is not embodied in this Agreement or any of the agreements referred to herein, and neither party shall be bound by or liable for any alleged representation, promise or inducement not so set forth.

(c) This Agreement may be amended, modified, superseded, canceled, renewed or extended, and the terms or covenants hereof may be waived, only by a written instrument executed by the parties hereto, or in the case of a waiver, by the party waiving compliance. The failure of a party at any time or times to require performance of any provision hereof shall in no manner affect the right at a later time to enforce the same. No waiver by a party of the breach of any term or covenant contained in this Agreement, whether by conduct or otherwise, or any one or more continuing waivers of any such breach, shall constitute a waiver of the breach of any other term or covenant contained in this Agreement.

(d) This Agreement shall be binding upon the legal
representatives, heirs, distributes, successors and assigns of the parties
hereto.

IN WITNESS WHEREOF, the parties have executed this Agreement as of
the date first above written.

EXHIBIT 5
CARE MANAGEMENT SCIENCE CORPORATION NON-COMPETITION AGREEMENT

Care Management Science Corporation, a Pennsylvania corporation (the "Company") and Tom Zajac ("Executive"), contemporaneously with the execution of this Agreement are entering into an Employment Agreement of even date herewith (the "Employment Agreement"), pursuant to which, among other things, the Executive will be employed by the Company in the capacity of Chief Operating Officer. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given such terms in the Employment Agreement. In addition to the Company's desire to engage the Executive and the Executive's desire to serve the Company, under the terms and conditions of the Employment Agreement, the Executive understands that the Company wishes to ensure that the Executive does not compete with the Company, on the terms and conditions specified below and in the Employment Agreement, in the event the Executive's employment with the Company is terminated.

In consideration of the Company's employment of me and in order to induce the Company to employ me, the Company and Executive hereby agree as follows:

1. NON-COMPETITION; APPLICATION AND DURATION; NON-INTERFERENCE. The Executive will not, during the term of the Executive's employment by the Company and for a period of two years following the termination of employment (the term of Executive's employment and the two years following termination, the "Non-Competitive Period"):

(a) as owner, partner, joint venturer, stockholder, employee, broker, agent, principal, trustee, corporate officer, director, licensor, or in any capacity whatsoever engage in, become financially interested in, be employed by, or render any consultation or business advice with respect to any business which business is engaged in by the Company on the date hereof or during the course of Executive's employment or which business ("Company Business") is engaged in development or commercialization of any technologies or products related to the development of software and databases that transform data into tools to be used by managers in the health care information industry or the provision of services with respect thereto (collectively, "Health Care Decision Support"), in any geographic area where, during the time of Executive's employment, the business of the Company or any of its subsidiaries is being, had been or was proposed to be, conducted in any manner whatsoever, which technologies, products or services are (i) competitive with any Health Care Decision Support or other Company Business technology or application thereof or products based thereon designed, marketed, announced, leased or sold by the Company or any of its subsidiaries during the term of employment or at the time of the termination of the Executive's employment; or (ii) substantially similar to any technology or service involving Health Care Decision Support or other Company Business which the Company was designing, marketing, announcing, leasing or selling or proposing to design, market, lease or sell during the term of Executive's employment; or (iii) substantially similar to any technology or service involving Health Care Decision Support of which the Executive had knowledge at the time of the termination of the Executive's employment that the Company was proposing to design, market, announce, lease or sell; PROVIDED, HOWEVER, that the Executive may own any securities of a

corporation which is engaged in such business and is publicly owned and traded but in amount not to exceed at any one time one percent (1%) of any class of stock or securities of such company; PROVIDED FURTHER that Executive is not personally engaged in any way, directly or indirectly, in any scientific or business activity within such entity, which competes with the Company as described above.

(b) during the Non-Competitive Period, request or cause any suppliers or customers with whom the Company or any of its subsidiaries has a business relationship to cancel or terminate any such business relationship with the Company or any of its subsidiaries or solicit, interfere with or entice from the Company any employee (or former employee) of the Company;

(c) solicit, interfere with, hire, offer to hire, persuade or induce any person who is or was an officer, employee, customer or supplier of the Company or any of its subsidiaries or affiliates to discontinue his relationship with the Company or any of its subsidiaries or affiliates or accept employment by or enter into contractual relations for compensation with any other entity or person, or approach any such employee of the Company or any of its subsidiaries or affiliates for any such purpose or authorize or knowingly approve the taking of any such actions by any other individual or entity. The term "affiliate" shall mean any person or entity that directly or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the Company.

2. MISCELLANEOUS.

(a) The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.

(b) This Agreement, together with the Employment Agreement, supersedes all prior agreements, written or oral, between the Executive and the Company relating to the subject matter of this Agreement. This Agreement may not be modified, changed or discharged in whole or in part, except by an agreement in writing signed by the Executive and the Company. The Executive agrees that any change or changes in his/her duties, salary or compensation after the signing of this Agreement shall not affect the validity or scope of this Agreement.

(c) This Agreement will be binding upon the Executive's heirs, executors and administrators and will inure to the benefit of the Company and its successors and assigns.

(d) No delay or omission by either party in exercising any right under this Agreement will operate as a waiver of that or any other right. A waiver or consent given by either party on any one occasion is effective only in that instance and will not be construed as a bar to or waiver of any right on any other occasion.

(e) The Executive expressly consents to be bound by the provisions of this Agreement for the benefit of the Company or any parent, subsidiary or affiliate thereof to whose employ the Executive may be transferred without the necessity that this Agreement be re-signed at the time of such transfer.

(f) The restrictions contained in this Agreement are necessary for the protection of the business and goodwill of the Company and are considered by the Executive to be reasonable for such purpose. The Executive agrees that any breach of this Agreement is likely to cause the Company substantial and irrevocable damage and therefore, in the event of any such breach, the Executive agrees that a remedy at law, in addition to such other remedies which may be available, may be inadequate.

(g) This Agreement is governed by and will be construed as a sealed instrument under and in accordance with the laws of the Commonwealth of Pennsylvania. Any action, suit, or other legal proceeding which is commenced to resolve any matter arising under or relating to any provision of this Agreement shall be arbitrated or commenced in a court, as and to the extent set forth in the Employment Agreement.

The Executive understands that nothing in this Agreement shall otherwise affect the Executive’s obligations under the Employment Agreement or the Non-Disclosure, Proprietary Information and Invention Assignment Agreement, each dated _____ between the Company and Executive.

EXHIBIT 8
CARE MANAGEMENT SCIENCE CORPORATION NONDISCLOSURE, PROPRIETARY INFORMATION
AND INVENTION ASSIGNMENT AGREEMENT

Care Management Science Corporation, a Pennsylvania corporation (the
"Company") and Tom Zajac ("Executive"), contemporaneously with the execution of
this Agreement are entering into an Employment Agreement of even date herewith
(the "Employment Agreement"), pursuant to which, among other things, the
Executive will be employed by the Company in the capacity of Chief Operating
Officer. Capitalized terms used in this Agreement and not otherwise defined
herein shall have the meanings given such terms in the Employment Agreement. In
addition to the Company's desire to engage the Executive and the Executive's
desire to serve the Company, under the terms and conditions of the Employment
Agreement, the Executive understands that the Company wishes to ensure that the
Executive does not breach any confidentiality provisions of the Company and that
all right, title and interest in and to any inventions of Executive made during
the term of his employment by the Company are and remain the exclusive property
of the Company.

In consideration for, and in order to induce my employment by the
Company, I hereby agree as follows:

1. CONFIDENTIALITY.

From time to time, before and after the date hereof, the Company
may disclose to you certain of its proprietary and/or confidential information
including, but not limited to: company know-how, techniques and
methodology(ies), statistical information, sample reports, software code and/or
algorithms, or, among other things, patient referral sources, physician and/or
contracting relationships, business plans or notes, drawings, price lists, the
substance of agreements between the Company and its customers or distributors,
research and development activities or plans, new business ideas or other items
related to the Company's business practices. the Company also may make certain
of its personnel, consultants, affiliates and/or agents accessible to you.
Further, in your course of employment by the Company you may have access to
similar information, including information about individual patients, from
Company affiliates and/or customers. The above items and any and all data,
information or materials related thereto whether received orally or in writing
are collectively referred to, for convenience, as the "Information".

With respect to any and all of the foregoing Information, at any
time provided by or obtained from the Company or any person or entity covered by
a confidentiality agreement with the Company, you will not copy, disseminate or
disclose to anyone or any entity, at any time, under any circumstances for any
purpose whatsoever other than as is reasonably required in the regular course of
your duties or as required by law, any of the Information without the Company's
prior consent. Notwithstanding the foregoing, the above shall not apply if, and
only if, one or more of the following are in effect:

(a) the Information is clearly in the public domain at the time of disclosure; or

(b) the Information becomes generally available to the public other than as a result of a breach of this Agreement.

You further agree that at such time as your employment with the Company terminates, you will cease to make any use of the Information and you will return all of the Information to the Company. This confidentiality provision will continue in full force and effect in perpetuity.

2. INVENTION ASSIGNMENT.

Whereas I will be participating in the preparation, writing, creation, or development of certain business ideas, strategies, analyses, reports, software, computer programs or other business activities collectively referred to as the "Work";

(a) As an employee of the Company, any and all materials created by me relating to the Work shall be considered as a "work made for hire". Without limiting the foregoing, I hereby grant, transfer, assign, and convey to the Company, its successors and assigns, the entire title, right, interest, ownership and all subsidiary rights in and to the Work, all intellectual property rights relating to the Work, and all copyrights, trade or service marks, patents or other evidence of ownership and title pertaining to the Work, including but not limited to the right to secure copyright, trade or service mark or patent registration(s) in the Company' name as claimant and the right to secure renewals, reissues, and extensions of any such filings in the United States of America or any other country.

(b) I acknowledge that the Company, in its sole discretion, shall determine whether copyright(s), trade or service mark(s) or patent registration(s) in the Work shall be filed and/or preserved and maintained or registered in the United States of America or any other country.

(c) I confirm that by this instrument, the Company and its successors and assigns shall own the entire title, right and interest in and to the Work, including the right to reproduce, display publicly, prepare derivative Works from or distribute by sale, rental, lease lending or by other transfer of ownership even if the Work does not constitute a "Work made for hire" as defined in 17 U.S.C. Sections 101 and 201(b).

(d) I agree to take all actions and cooperate as is necessary to protect the copyrights or other evidence of title in and to the Work and further agree to execute any document(s) that may be necessary to perfect the Company' ownership of copyrights, trade or service marks, patent(s) or other evidence of ownership and title in the Work and the registration thereof, without further compensation by the Company.

(e) I agree that all terms of this Agreement are applicable to each portion or part of the Work, as well as to the Work in its entirety.

(f) Notwithstanding anything contained herein, the terms of this Agreement shall not apply to any invention for which no equipment, supplies, facility, time, proprietary or trade secret information of the Company was used and which can be demonstrated was developed entirely on my own time, at my own expense and which:(i) does not relate in any way to the business of the Company or to the Company's actual or demonstrably anticipated expansion research or development; and (ii) which does not result from any Work performed by me for the Company.

3. REPRESENTATIONS OF EXECUTIVE.

Executive represents and warrants that he is free to enter into this Agreement and that there are no preceding claims or understandings, restrictive covenants or other restrictions, whether written or oral, preventing the performance of his duties hereunder.

4. MISCELLANEOUS.

(a) The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.

(b) This Agreement, together with the Employment and Non-Competition Agreements, supersedes all prior agreements, written or oral, between the Executive and the Company relating to the subject matter of this Agreement. This Agreement may not be modified, changed or discharged in whole or in part, except by an agreement in writing signed by the Executive and the Company. The Executive agrees that any change or changes in his/her duties, salary or compensation after the signing of this Agreement shall not affect the validity or scope of this Agreement.

(c) This Agreement will be binding upon the Executive's heirs, executors and administrators and will inure to the benefit of the Company and its successors and assigns.

(d) No delay or omission by either party in exercising any right under this Agreement will operate as a waiver of that or any other right. A waiver or consent given by either party on any one occasion is effective only in that instance and will not be construed as a bar to or waiver of any right on any other occasion.

(e) The Executive expressly consents to be bound by the provisions of this Agreement for the benefit of the Company or any parent, subsidiary or affiliate thereof to whose employ the Executive may be transferred without the necessity that this Agreement be re-signed at the time of such transfer.

(f) The restrictions contained in this Agreement are necessary for the protection of the Company and are considered by the Executive to be reasonable for such

purpose. The Executive agrees that any breach of this Agreement is likely to cause the Company substantial and irrevocable damage and therefore, in the event of any such breach, the Executive agrees that a remedy at law, in addition to such other remedies which may be available, may be inadequate.

(g) This Agreement is governed by and will be construed as a sealed instrument under and in accordance with the laws of the Commonwealth of Pennsylvania. Any action, suit, or other legal proceeding which is commenced to resolve any matter arising under or relating to any provision of this Agreement shall be arbitrated or commenced in a court, as and to the extent set forth in the Employment Agreement.

The Executive understands that nothing in this Agreement shall otherwise affect the Executive’s obligations under the Employment Agreement or the Non-Competition Agreement, each dated _____ between the Company and Executive.

By my signature below, I hereby agree to the above.

REGISTRATION RIGHTS AGREEMENT

THIS REGISTRATION RIGHTS AGREEMENT (the "AGREEMENT"), dated as of December 23, 1998, among CARE MANAGEMENT SCIENCE CORPORATION, a Pennsylvania corporation (the "COMPANY"), J. H. WHITNEY III, L.P., a Delaware limited partnership ("JHW"), WHITNEY STRATEGIC PARTNERS III, L.P., a Delaware limited partnership ("WSP", together with JHW, collectively referred to herein as "WHITNEY") FOUNDATION HEALTH SYSTEMS, INC., a Delaware corporation ("FHS"), DAVID J. BRAILER, RONALD A. PAULUS (David J. Brailer and Ronald A. Paulus collectively referred to as the "MANAGEMENT STOCKHOLDERS"), BRENT MILNER, WILLIAM WINKENWERDER and ZEKE INVESTMENT PARTNERS, a Pennsylvania partnership (Brent Milner, William Winkenwerder and Zeke Investment Partners collectively referred to as the "INDIVIDUAL INVESTORS").

This Agreement is made in connection with (i) the Stock Purchase Agreement (the "PURCHASE AGREEMENT"), dated as of the date hereof, among the Company, Whitney and the Individual Investors relating to the acquisition by Whitney and the Individual Investors of an aggregate of 2,366,947 shares of Series C Convertible Preferred Stock, no par value, of the Company (the "SERIES C CONVERTIBLE PREFERRED") for an aggregate purchase price of \$6,175,000.00 and (ii) the Exchange Agreement, dated as of the date hereof, between FHS and the Company, pursuant to which FHS has agreed to restructure its existing investment in the Company in return for 994,000 shares of Series D Convertible Preferred Stock, no par value, of the Company (the "SERIES D CONVERTIBLE PREFERRED"), 1,658,004 shares of Series E Convertible Preferred Stock, no par value, of the Company (the "SERIES E CONVERTIBLE PREFERRED") and 1,560,000 shares of Series G Redeemable Preferred Stock, no par value, of the Company (the "SERIES G REDEEMABLE PREFERRED").

The Company, FHS and the Management Stockholders are parties to a Registration Rights Agreement, dated September 8, 1995, as amended on September 6, 1996 (the "1995 AGREEMENT"). In order to induce Whitney to enter into the Purchase Agreement, (i) the Company, FHS and the Management Stockholders have agreed, among other things, to terminate the 1995 Agreement and (ii) the Company has agreed to provide registration rights with respect to the Registrable Securities (as hereinafter defined) as set forth in this Agreement.

The parties hereby agree as follows:

- 1. DEFINITIONS. As used in this Agreement, and unless the context requires a different meaning, the following terms have the meanings indicated:

"1995 AGREEMENT" has the meaning assigned such term in the third paragraph of this Agreement.

"ACT" means the Securities Act of 1933, as amended, and the rules and regulations of the SEC promulgated thereunder.

"APPROVED UNDERWRITER" has the meaning assigned such term in Section 3(e).

"APPROVED UNDERWRITER AMOUNT" has the meaning assigned such term in Section 3(d).

"BUSINESS DAY" means any day other than a Saturday, Sunday or other day on which commercial banks in the City of New York are authorized or required by law or executive order to close.

"COMMON STOCK" means the Common Stock, no par value, of the Company, or any other capital stock of the Company into which such stock is reclassified or reconstituted.

"COMPANY UNDERWRITER" has the meaning assigned such term in Section 4(a).

"DEMAND REGISTRATION" has the meaning assigned such term in Section 3(a).

"DESIGNATED HOLDER" means Whitney, FHS, the Management Stockholders, the Individual Investors and any of their respective transferees to whom Registrable Securities have been transferred other than the transferee to whom such securities have been transferred pursuant to a registration statement under the Act or Rule 144 under the Act; provided, that, for purposes of Section 3(a) hereof, the transferees of any Designated Holder shall only be entitled to exercise that Designated Holder's Demand Registration (if not already exercised by such Designated Holder) as a group.

"EXCHANGE ACT" means the Securities and Exchange Act of 1934, as amended, and the rules and regulations of the SEC thereunder.

"HOLDER" has the meaning assigned such term in Section 2(b).

"HOLDERS' COUNSEL" means (a) with respect to any Demand Registration that has been requested pursuant to Section 3, the one counsel selected by the Initiating Holder in such registration and (b) with respect to a request for registration of Registrable Securities pursuant to Section 4, the one counsel selected by the Holders holding a majority of the Registrable Securities held by all Holders being registered in such registration.

"INDEMNIFIED PARTY" has the meaning assigned such term in Section 8(c).

"INDEMNIFYING PARTY" has the meaning assigned such term in Section 8(c).

"INITIAL PUBLIC OFFERING" shall mean the sale in an underwritten offering by the Company of its capital stock pursuant to a registration statement on Form S-1 or otherwise under the Act.

"INITIATING HOLDER" has the meaning assigned to such term in Section 3(a).

"INSPECTOR" has the meaning assigned such term in Section 6(a)(viii).

"NASD" has the meaning assigned such term in Section 6(a)(xv).

"PERSON" means any individual, firm, corporation, partnership, trust, incorporated or unincorporated association, joint venture, joint stock company, government (or an agency or political subdivision thereof) or other entity of any kind, and shall include any successor (by merger or otherwise) of any such entity.

2. SECURITIES SUBJECT TO THIS AGREEMENT.

(a) REGISTRABLE SECURITIES. For the purposes of this Agreement, Registrable Securities will cease to be Registrable Securities when (i) a registration statement covering such Registrable Securities has been declared effective under the Act by the SEC and such Registrable Securities have been disposed of pursuant to such effective registration statement or (ii) the entire amount of Registrable Securities proposed to be sold in a single sale are or, in the opinion of counsel satisfactory to the Company and the Holder, each in their reasonable judgment, may, be distributed to the public pursuant to Rule 144 in compliance with the requirements of paragraphs (c), (e), (f) and (g) of Rule 144 (notwithstanding the provisions of paragraph (k) of such Rule) (or any successor provision then in effect) under the Act.

(b) HOLDERS OF REGISTRABLE SECURITIES. A Person is deemed to be a holder of Registrable Securities (a "HOLDER") whenever such Person (i) is a party to this Agreement (or a permitted transferee of such party that has become a party hereto) and (ii) owns of record Registrable Securities, or holds a security convertible into or exercisable or exchangeable for, Registrable Securities, whether or not such purchase or conversion has actually been effected and disregarding any legal restrictions upon the exercise of such rights. If

the Company receives conflicting instructions, notices or elections from two or more persons with respect to the same Registrable Securities, the Company may act upon the basis of the instructions, notice or election received from the registered owner of such Registrable Securities. Registrable Securities issuable upon conversion of another security shall be deemed outstanding for the purposes of this Agreement.

3. DEMAND REGISTRATION.

(a) REQUEST FOR DEMAND REGISTRATION. Subject to Section 3(f) below, at any time after 6 months from the date of the consummation of an Initial Public Offering, each of the Designated Holders (other than the Individual Investors who, for purposes of this Section 3, shall be deemed to be part of any Demand Registration in which Whitney is the Initiating Holder) (each an "INITIATING HOLDER") shall have the right to make one request in writing that the Company register Registrable Securities under the Act, and under the securities or blue sky laws of any jurisdiction designated by such holder or holders (each such registration under this Section 3(a) that satisfies the requirements set forth in Section 3(b) is referred to herein as a "DEMAND REGISTRATION"); PROVIDED, HOWEVER, that the Management Stockholders shall only be entitled to one demand right as a group. Notwithstanding the foregoing, in no event shall the Company be required to effect more than three Demand Registrations. Each request for a Demand Registration by an Initiating Holder in respect thereof shall specify the amount of the Registrable Securities proposed to be sold, the intended method of disposition thereof and the jurisdictions in which registration is desired. Upon a request for a Demand Registration, the Company shall promptly take such steps as are necessary or appropriate to prepare for the registration of the Registrable Securities to be registered. Within fifteen (15) days after the receipt of such request, the Company shall give written notice thereof to all other Designated Holders and include in such registration all Registrable Securities held by a Designated Holder from whom the Company has received a written request for inclusion therein at least ten (10) days prior to the filing of the registration statement. Each such request will also specify the number of Registrable Securities to be registered, the intended method of disposition thereof and the jurisdictions in which registration is desired. Subject to Section 3(d), the Company shall be entitled to include in any registration statement and offering made pursuant to a Demand Registration, authorized but unissued shares of Common Stock, shares of Common Stock held by the Company as treasury shares or shares of Common Stock held by stockholders other than the Designated Holders; PROVIDED, that such inclusion shall be permitted only to the extent that it is pursuant to and subject to the terms of the underwriting agreement or arrangements, if any, entered into by the Initiating Holder exercising the Demand Registration rights.

(b) EFFECTIVE DEMAND REGISTRATION. The Company shall use its best efforts to cause any Demand Registration to become effective not later than ninety (90) days after it receives a request under Section 3(a). A registration requested pursuant to Section 3(a) hereof shall not count as the demand to which the Designated Holders are entitled thereunder unless such registration statement is declared effective and remains effective for at least the lesser of (i) such time as all Registrable Securities covered by such registration statement have been disposed of in accordance with such registration statement or (ii) ninety (90) days.

(c) EXPENSES. In any registration initiated as a Demand Registration, the Company shall pay all Registration Expenses in connection therewith, whether or not such requested Demand Registration becomes effective.

(d) UNDERWRITING PROCEDURES. If the Initiating Holder to which the requested Demand Registration relates so elects, the offering of such Registrable Securities pursuant to such requested Demand Registration shall be in the form of a firm commitment underwritten offering and the managing underwriter or underwriters selected for such offering shall be the Approved Underwriter selected in accordance with Section 3(e). In such event, if the Approved Underwriter advises the Company in writing that, in its opinion, the aggregate amount of such Registrable Securities requested to be included in such offering (including those securities requested by the Company to be included in such registration) is sufficiently large to have an adverse effect on the success of such offering, then the Company shall include in such registration only the aggregate amount of Registrable Securities that in the opinion of the Approved Underwriter may be sold without any such effect on the success of such offering (the "APPROVED UNDERWRITER AMOUNT"), and (i) all Registrable Securities that the Initiating Holder proposes to register (including, in the case of Whitney, Registrable Securities held by the Individual Investors) shall be included in the registration up to the Approved Underwriter Amount, (ii) to the extent that the number of Registrable Securities to be included by the Initiating Holder is less than the Approved Underwriter Amount, securities proposed to be registered by the Designated Holders (other than the Initiating Holder) shall be included ratably in the registration based on the amounts of Registrable Securities sought to be registered by such Designated Holders in their request for participation in the Demand Registration and (iii) to the extent that the number of Registrable Securities to be included under clauses (i) and (ii) above is less than the Approved Underwriter Amount, securities that the Company proposes to register shall also be included in the registration.

If, as a result of the proration provision of this Section 3(d), any Designated Holder shall not be entitled to include all Registrable Securities in a registration that such Designated Holder has requested to be included in, such Designated Holder may elect to withdraw his request to include Registrable Securities in such registration or may reduce the number requested to be included; PROVIDED, HOWEVER, that (x) such request must be made in writing prior to the earlier of the execution of the underwriting agreement or the execution of the custody agreement with respect to such registration and (y) such withdrawal or reduction shall be irrevocable.

(e) SELECTION OF UNDERWRITERS. If any requested Demand Registration is in the form of an underwritten offering, the Initiating Holder shall select and obtain an investment banking firm of national reputation to act as the managing underwriter of the offering (the "APPROVED UNDERWRITER"); PROVIDED that such underwriter shall be reasonably satisfactory to a majority of the Designated Holders (other than the Initiating Holders) and the Company.

(f) LIMITATIONS ON DEMAND REGISTRATIONS. The Demand Registration rights granted to the Designated Holders in Section 3(a) are subject to the following limitations: (i) each registration in respect of a Demand Registration must include Registrable Securities having an aggregate market value of at least [\$5,000,000], which market value shall be determined by multiplying the number of Registrable Securities to be included in the Demand

Registration by the proposed per share offering price; PROVIDED that the limitation set forth in this clause (i) shall not be in effect at any time the Designated Holders' Registrable Securities are not able to be sold under Rule 144 under the Act because of the Company's failure to comply with the information requirements thereunder, unless at such time, the Company's outside counsel (which shall be reasonably acceptable to the Designated Holders requesting such registration) delivers a written opinion of counsel to such Designated Holders to the effect that such Designated Holders' Registrable Securities may be publicly offered and sold without registration under the Act; (ii) the Company shall not be required to cause a registration pursuant to Section 3(a) to be declared effective within a period of 150 days after the effective date of any registration statement of the Company effected in connection with a Demand Registration; and (iii) if the Board of Directors of the Company, in its good faith judgment, determines that any registration of Registrable Securities should not be made or continued because it would materially interfere with any material financing, acquisition, corporate reorganization or merger or other transaction involving the Company or any of its subsidiaries (a "VALID BUSINESS REASON"), the Company may (x) postpone filing a registration statement relating to a Demand Registration until such Valid Business Reason no longer exists, but in no event for more than ninety (90) days, and (y) in case a registration statement has been filed relating to a Demand Registration, if the Valid Business Reason has not resulted from actions taken by the Company, the Company, upon the approval of a majority of the Company's Board of Directors, may cause such registration statement to be withdrawn and its effectiveness terminated or may postpone amending or supplementing such registration statement. The Company shall give written notice of its determination to postpone or withdraw a registration statement under Section 3(f)(iii) and of the fact that the Valid Business Reason for such postponement or withdrawal no longer exists, in each case, promptly after the occurrence thereof. Notwithstanding anything to the contrary contained herein, the Company may not postpone or withdraw a filing under Section 3(f)(iii) hereof more than once in any twelve-month period.

Each Holder of Registrable Securities agrees that, upon receipt of any notice from the Company that the Company has determined to withdraw any registration statement pursuant to clause (iii) above, such Holder will discontinue its disposition of Registrable Securities pursuant to such registration statement and, if so directed by the Company, will deliver to the Company (at the Company's expenses) all copies, other than permanent file copies, then in such Holder's possession, of the prospectus covering such Registrable Securities that was in effect at the time of receipt of such notice. If the Company shall give any notice of postponement or withdrawal of a registration statement, the Company shall, at such time as the Valid Business Reason that caused such postponement or withdrawal no longer exists (but in no event later than ninety (90) days after the date of the postponement), use its best efforts to promptly effect the registration under the Act of the Registrable Securities covered by the postponed or withdrawn registration statement in accordance with this Section 3 (unless the Designated Holder(s) delivering the Demand Registration request shall have withdrawn such request, in which case the Company shall not be considered to have effected an effective registration for the purposes of this Agreement), and such registration shall not be postponed or withdrawn pursuant to clause (iii) above.

4. PIGGY-BACK REGISTRATION.

(a) PIGGY-BACK RIGHTS. If the Company proposes to file a registration statement under the Act with respect to an offering by the Company for its own account of any class of security (other than a registration statement on Form S-4 or S-8 (or any successor form thereto)) under the Act, then the Company shall give written notice of such proposed filing to each of the Holders at least twenty (20) days before the anticipated filing date, and such notice shall describe in detail the proposed registration and distribution (including those jurisdictions where registration under the securities or blue sky laws is intended) and offer such Holders the opportunity to register the number of Registrable Securities as each such Holder may request. The Company shall use its best efforts (within ten (10) days of the notice provided for in the preceding sentence) to permit the Holders who have requested to participate in the registration for such offering to include such Registrable Securities in such offering on the same terms and conditions as the securities of the Company included therein. Notwithstanding the foregoing, if such registration involves an underwritten offering and the managing underwriters or underwriters (the "COMPANY UNDERWRITER") shall advise the Holders of Registrable Securities in writing that, in its opinion, the total amount of securities requested to be included in such offering (the "TOTAL SECURITIES") is sufficiently large so as to have an adverse effect on the success of the distribution of the Total Securities, then the Company shall include in such registration, to the extent of the number of securities which the Company is so advised can be sold in (or during the time of) such offering, FIRST, all securities that the Company proposes to register, and, SECOND the securities proposed to be included in such registration by all Holders pro rata among them, and, THIRD, all other securities proposed to be registered. Notwithstanding anything in this Section 4 to the contrary, the Company shall not be required to include any Registrable Securities in its Initial Public Offering.

(b) PRIORITY OF REGISTRATIONS. Subject to the provisions of Section 3(f)(iii), if the Company proposes to register securities pursuant to Section 4(a) hereof on the same day that the Designated Holders request a registration pursuant to Section 3(a) hereof, then the Demand Registration requested pursuant to Section 3(a) hereof shall be given priority.

(c) EXPENSES. The Company shall bear all Registration Expenses in connection with any registration pursuant to this Section 4.

(d) CONDITIONS AND LIMITATIONS ON PIGGYBACK REGISTRATIONS. If, at any time after giving written notice of its intention to register any securities and prior to the effective date of the registration statement filed in connection with such registration, the Company shall determine for any reason not to register or to delay registration of such securities, the Company may, at its election, give written notice of such determination to all Holders of record of Registrable Securities and (i) in the case of a determination not to register, shall be relieved of its obligation to register the Registrable Securities in connection with such abandoned registration, without prejudice, however, to the rights of Holders under Section 3, and (ii) in the case of a determination to delay the registration of its securities, shall be permitted to delay the registration of such Registrable Securities for the same period as the delay in registering such other equity securities.

Any Holder shall have the right to withdraw its request for inclusion of its Registrable Securities in any registration statement pursuant to this Section 4 by giving the written notice to the Company of its request to withdraw; PROVIDED, HOWEVER, that (i) such

request must be made in writing prior to the earlier of the execution of the underwriting agreement or the execution of the custody agreement with respect to such registration and (ii) such withdrawal shall be irrevocable and, after making such withdrawal, a Holder shall no longer have any right to include Registrable Securities in the registration as to which such withdrawal was made.

5. HOLDBACK AGREEMENTS.

(a) RESTRICTIONS ON PUBLIC SALE BY HOLDERS. To the extent not inconsistent with applicable law, each Holder agrees not to effect any public sale or distribution of any Registrable Securities being registered or of any securities convertible into or exchangeable or exercisable for such Registrable Securities, including a sale pursuant to Rule 144 under the Act, during the seven (7) days prior to or the ninety (90) day period beginning on the effective date of such Demand Registration or Piggy-Back Registration or other underwritten offering (except as part of such registration), if and to the extent requested by any other Holder, in the case of a non-underwritten public offering, or if and to the extent requested by the Company Underwriter, in the case of an underwritten public offering. To the extent not inconsistent with applicable law, each Holder also agrees that, during the period of duration (not to exceed 180 days) specified by the Company and an underwriter of Common Stock in connection with an Initial Public Offering, following the effective date of a registration statement of the Company filed under the Act relating to such Initial Public Offering, it shall not, to the extent requested by the Company and such underwriter, directly or indirectly sell, offer to sell, contract to sell (including, without limitation, any short sale), grant any option to purchase or otherwise transfer or dispose of (other than to donees who agree to be similarly bound) any securities of the Company held by it at any time during such period (except Registrable Securities included in such registration).

(b) RESTRICTIONS ON PUBLIC SALE BY THE COMPANY. The Company agrees not to effect any public sale or distribution of any of its securities for its own account (except pursuant to registrations on Form S-4 or S-8 (or any successor form thereto) under the Act) during the ninety (90) day period beginning on the effective date of any registration statement in which the Holders are participating (except to the extent that such sale or distribution is made pursuant to such registration).

6. REGISTRATION PROCEDURES.

(a) OBLIGATIONS OF THE COMPANY. Whenever registration of Registrable Securities has been requested pursuant to Section 3 or 4 of this Agreement, the Company shall use its best efforts to effect the registration and sale of such Registrable Securities in accordance with the intended method of distribution thereof as quickly as practicable, and in connection with any such request, the Company shall, as expeditiously as possible:

(i) prepare and file with the SEC (in any event not later than sixty (60) Business Days after receipt of a request to file a registration statement with respect to Registrable Securities) a registration statement on any form on which registration is requested for which the Company then qualifies, which counsel for the Company and Holders' Counsel shall deem appropriate and which shall be available for the sale of such Registrable Securities in

accordance with the intended method of distribution thereof, and use its best efforts to cause such registration statement to become effective; PROVIDED, HOWEVER, that before filing a registration statement or prospectus or any amendments or supplements thereto, the Company shall (A) provide Holders' Counsel with an adequate and appropriate opportunity to participate in the preparation of such registration statement and each prospectus included therein (and each amendment or supplement thereto) to be filed with the SEC, which documents shall be subject to the review of Holders' Counsel, and (B) notify Holders' Counsel and each seller of Registrable Securities pursuant to such registration statement of any stop order issued or threatened by the SEC and take all reasonable action required to prevent the entry of such stop order or to remove it if entered;

(ii) prepare and file with the SEC such amendments and supplements to such registration statement and the prospectus used in connection therewith as may be necessary to keep such registration statement effective and to comply with the provisions of the Act with respect to the disposition of all Registrable Securities covered by such registration statement until the earlier of (a) such time as all of such Registrable Securities and other securities have been disposed of in accordance with the intended methods of disposition by the sellers thereof set forth in such registration statement and (b) 180 days after the effective date of such registration statement, except with respect to any such registration statement filed pursuant to Rule 415 (or any successor Rule) under the Act if the Company is eligible to file a registration statement on Form S-3, in which case such period shall be two (2) years;

(iii) as soon as reasonably possible, furnish to each seller of Registrable Securities, prior to filing a registration statement, copies of such registration statement as it is proposed to be filed, and thereafter such number of copies of such registration statement, each amendment and supplement thereto (in each case including all exhibits thereto), the prospectus included in such registration statement (including each preliminary prospectus) and such other documents as each such seller may reasonably request in order to facilitate the disposition of the Registrable Securities owned by such seller;

(iv) use its best efforts to register or qualify such Registrable Securities under such other securities or blue sky laws of such jurisdictions as any seller of Registrable Securities may request, and to continue such qualification in effect in each such jurisdiction for as long as is permissible pursuant to the laws of such jurisdiction, or for as long as any such seller requests or until all of such Registrable Securities are sold, whichever is shortest, and do any and all other acts and things which may be reasonably necessary or advisable to enable any such seller to consummate the disposition in such jurisdictions of the Registrable Securities owned by such seller; PROVIDED, HOWEVER, that the Company shall not be required to (A) qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify but for this Section 6(a)(iv), (B) subject itself to taxation in any such jurisdiction or (C) consent to general service of process in any such jurisdiction;

(v) use its best efforts to obtain all other approvals, covenants, exemptions or authorizations from such governmental agencies or authorities as may be necessary to enable the sellers of such Registrable Securities to consummate the disposition of such Registrable Securities;

(vi) notify each seller of Registrable Securities at any time when a prospectus relating thereto is required to be delivered under the Act, upon discovery that, or upon the happening of any event as a result of which, the prospectus included in such registration statement contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances under which they were made, and the Company shall promptly prepare a supplement or amendment to such prospectus and furnish to each such seller a reasonable number of copies of a supplement to or amendment of such prospectus as may be necessary so that, after delivery to the purchasers of such Registrable Securities, such prospectus shall not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances under which they were made;

(vii) enter into and perform customary agreements (including an underwriting agreement in customary form with the Approved Underwriter or Company Underwriter, if any, selected as provided in Section 3 or 4; PROVIDED, that the underwriting agreement, if any, shall be reasonably satisfactory in form and substance to the Company) and take such other actions as are reasonably required in order to expedite or facilitate the disposition of such Registrable Securities;

(viii) make available for inspection by any seller of Registrable Securities, any managing underwriter participating in any disposition pursuant to such registration statement, Holders' Counsel and any attorney, accountant or other agent retained by any such seller or any managing underwriter (each, an "INSPECTOR" and, collectively, the "INSPECTORS"), all financial and other records, pertinent corporate documents and properties of the Company and any subsidiaries thereof as may be in existence at such time (collectively, the "RECORDS") as shall be reasonably necessary to enable them to exercise their due diligence responsibility, and cause the Company's and any subsidiaries' officers, directors and employees, and the independent public accountants of the Company, to supply all information reasonably requested by any such Inspector in connection with such registration statement; PROVIDED, that such Inspector agrees to keep all such information confidential.

(ix) obtain a "cold comfort" letter from the Company's independent public accountants in customary form and covering such matters of the type customarily covered by "cold comfort" letters, as Holders' Counsel or the managing underwriter reasonably request;

(x) furnish, at the request of any seller of Registrable Securities on the date such securities are delivered to the underwriters for sale pursuant to such registration or, if such securities are not being sold through underwriters, on the date the registration statement with respect to such securities becomes effective, an opinion, dated such date, of counsel representing the Company for the purposes of such registration, addressed to the underwriters, if any, and to the seller making such request, covering such legal matters with respect to the registration in respect of which such opinion is being given as such seller may reasonably request and as are customarily included in such opinions;

(xi) otherwise use its best efforts to comply with all applicable rules and regulations of the SEC, and make available to its security holders, as soon as reasonably practicable but no later than fifteen (15) months after the effective date of the registration statement, an earnings statement covering a period of twelve (12) months beginning after the effective date of the registration statement, in a manner which satisfies the provisions of Section 11(a) of the Act;

(xii) cause all such Registrable Securities to be listed on each securities exchange on which similar securities issued by the Company are then listed (if any) if the listing of such Registrable Securities is then permitted under the rules of such exchange or, if no similar securities are then so listed, cause all such Registrable Securities to be listed on an exchange on which the Initiating Holders request that such Registrable Securities be listed, subject to the satisfaction of the applicable listing requirements of each such exchange;

(xiii) keep each seller of Registrable Securities advised in writing as to the initiation and progress of any registration under Section 3 or 4 hereunder;

(xiv) provide officers' certificates and other customary closing documents;

(xv) cooperate with each seller of Registrable Securities and each underwriter participating in the disposition of such Registrable Securities and their respective counsel in connection with any filings required to be made with the National Association of Securities Dealers, Inc. (the "NASD"); and

(xvi) use its best efforts to take all other steps necessary to effect the registration of the Registrable Securities contemplated hereby.

(b) SELLER INFORMATION. The Company may require as a condition precedent of the Company's obligations under this Section 6 that each seller of Registrable Securities as to which any registration is being effected furnish to the Company such information regarding such seller and the distribution of such securities as the Company may from time to time reasonably request in writing.

(c) NOTICE TO DISCONTINUE. Each Holder agrees that, upon receipt of any notice from the Company of the happening of any event of the kind described in Section 6(a)(vi), such Holder shall forthwith discontinue disposition of Registrable Securities pursuant to the registration statement covering such Registrable Securities until such Holder's receipt of the copies of the supplemented or amended prospectus contemplated by Section 6(a)(vi) and, if so directed by the Company, such Holder shall deliver to the Company (at the Company's expense) all copies, other than permanent file copies then in such Holder's possession, of the prospectus covering such Registrable Securities which is current at the time of receipt of such notice. If the Company shall give any such notice, the Company shall extend the period during which such registration statement shall be maintained effective pursuant to this Agreement (including, without limitation, the period referred to in Section 6(a)(ii)) by the number of days during the period from and including the date of the giving of such notice pursuant to Section 6(a)(vi) to

and including the date when the Holder shall have received the copies of the supplemented or amended prospectus contemplated by and meeting the requirements of Section 6(a)(vi).

(d) SALE TO UNDERWRITER. Subject to the limitations on inclusion of Registrable Securities in a registration under Sections 3(d) and 4(a), in lieu of converting any shares of Series C Convertible Preferred, Series D Convertible Preferred or Series E Convertible Preferred into Registrable Securities to be included in a registration under Section 3 or 4 prior to or simultaneously with the filing or the effectiveness of any registration statement filed pursuant thereto, the holder of such preferred stock may sell such stock to the Approved Underwriter or the Company Underwriter, as the case may be, and any other underwriters of the offering being registered (collectively, the Approved Underwriter or Company Underwriter, as the case may be, and such other underwriters, the "UNDERWRITERS") if the Underwriters consent thereto and if the Underwriters undertake to convert such shares of Series C Convertible Preferred, Series D Convertible Preferred or Series E Convertible Preferred into Registrable Securities before making any distribution pursuant to such registration statement and to include such Registrable Securities among the Registrable Securities being offered pursuant to such registration statement. Assuming timely delivery by the Holder of the Series C Convertible Preferred certificates, Series D Convertible Preferred certificates or Series E Convertible Preferred certificates to or for the account of the Underwriters, the Company agrees to cause the relevant Registrable Securities to be issued so as to permit the Underwriters to make and complete the distribution (including the distribution of such Registrable Securities) contemplated by the underwriting.

7. REGISTRATION EXPENSES. The Company shall pay all expenses (other than underwriting discounts and commissions) arising from or incident to the performance of, or compliance with, this Agreement, including, without limitation, (a) SEC, stock exchange and NASD registration and filing fees, (b) all fees and expenses incurred in complying with securities or blue sky laws (including, without limitation, reasonable fees, charges and disbursements of counsel in connection with blue sky qualifications of the Registrable Securities), (c) all printing, messenger and delivery expenses, (d) the fees, charges and disbursements of counsel to the Company and of its independent public accountants and any other accounting and legal fees, charges and expenses incurred by the Company (including, without limitation, any expenses arising from any special audits incident to or required by any registration or qualification) and (e) the reasonable fees, charges and expenses of any special experts retained by the Company in connection with any requested Demand Registration or Piggy-Back Registration pursuant to the terms of this Agreement, regardless of whether the registration statement filed in connection with such registration is declared effective. In connection with each registration hereunder, the Company shall reimburse the Holders of Registrable Securities being registered in such registration for the reasonable fees, charges and disbursements of not more than one Holders' Counsel. All of the expenses described in this Section 7 are referred to in this Agreement as "REGISTRATION EXPENSES." Notwithstanding the foregoing provisions of this Section 7, in connection with any registration hereunder, each Holder of Registrable Securities being registered shall pay all underwriting discounts and commissions and any capital gains, income or transfer taxes, if any, attributable to the sale of such Registrable Securities, PRO RATA with respect to payments of discounts and commissions in accordance with the number of shares sold in the offering.

8. INDEMNIFICATION; CONTRIBUTION.

(a) INDEMNIFICATION BY THE COMPANY. In the event of any proposed registration of securities of the Company pursuant to Section 3 or Section 4, the Company agrees to indemnify and hold harmless each Holder, its directors, officers, partners, employees, advisors and agents, and each Person who controls (within the meaning of the Act or the Exchange Act) such Holder, to the extent permitted by law, from and against any and all losses, claims, damages, expenses (including, without limitation, reasonable costs of investigation and fees, disbursements and other charges of counsel) or other liabilities resulting from or arising out of or based upon any untrue, or alleged untrue, statement of a material fact contained in any registration statement, prospectus or preliminary prospectus or notification or offering circular (as amended or supplemented if the Company shall have furnished any amendments or supplements thereto) or arising out of or based upon any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Company by or on behalf of such Holder expressly for use therein. The Company shall also indemnify any Underwriters of the Registrable Securities, their officers, directors and employees, and each Person who controls any such Underwriter (within the meaning of the Act and the Exchange Act) to the same extent as provided above with respect to the indemnification of the Holders of Registrable Securities.

(b) INDEMNIFICATION BY HOLDERS. In connection with any proposed registration in which a Holder is participating pursuant to Section 3 or 4 hereof, each such Holder shall furnish to the Company in writing such information with respect to such Holder as the Company may reasonably request or as may be required by law for use in connection with any registration statement or prospectus to be used in connection with such registration and each Holder agrees to indemnify and hold harmless the Company, any Underwriter retained by the Company and their respective directors, officers, employees and each Person who controls (within the meaning of the Act and the Exchange Act) the Company or such Underwriter to the same extent as the foregoing indemnity from the Company to the Holders (subject to the proviso to this sentence and applicable law), but only with respect to any such information furnished in writing by or on behalf of such Holder expressly for use therein; PROVIDED, HOWEVER, that the liability of any Holder under this Section 8(b) shall be limited to the amount of the net proceeds received by such Holder in the offering giving rise to such liability.

(c) CONDUCT OF INDEMNIFICATION PROCEEDINGS. Any Person entitled to indemnification hereunder (the "INDEMNIFIED PARTY") agrees to give prompt written notice to the indemnifying party (the "INDEMNIFYING PARTY") after the receipt by the Indemnified Party of any written notice of the commencement of any action, suit, proceeding or investigation or threat thereof made in writing for which the Indemnified Party intends to claim indemnification or contribution pursuant to this Agreement; PROVIDED, that the failure so to notify the Indemnifying Party shall not relieve the Indemnifying Party of any liability that it may have to the Indemnified Party hereunder. If notice of commencement of any such action is given to the Indemnifying Party as above provided, the Indemnifying Party shall be entitled to participate in and, to the extent it may wish, jointly with any other Indemnifying Party similarly notified, to assume the defense of such action at its own expense, with counsel chosen by it and satisfactory to such

Indemnified Party. The Indemnified Party shall have the right to employ separate counsel in any such action and participate in the defense thereof, but the fees and expenses of such counsel (other than reasonable costs of investigation) shall be paid by the Indemnified Party unless (i) the Indemnifying Party agrees to pay the same, (ii) the Indemnifying Party fails to assume the defense of such action with counsel satisfactory to the Indemnified Party in its reasonable judgment, (iii) the named parties to any such action (including any impleaded parties) have been advised by the Indemnifying Party's counsel that either (A) representation of such Indemnified Party and the Indemnifying Party by the same counsel would be inappropriate under applicable standards of professional conduct or (B) there may be one or more legal defenses available to it which are different from or additional to those available to the Indemnifying Party; PROVIDED, HOWEVER, that the Indemnifying Party shall only have to pay the fees and expenses of one firm of counsel for all Indemnified Parties in each jurisdiction, except to the extent representation of all Indemnified Parties by the same counsel is inappropriate under applicable standards of professional conduct. In either of such cases the Indemnifying Party shall not have the right to assume the defense of such action on behalf of such Indemnified Party. No Indemnifying Party shall be liable for any settlement entered into without its written consent, which consent shall not be unreasonably withheld. No Indemnifying Party shall, without the written consent of the Indemnified Party, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification or contribution may be sought hereunder (whether or not the Indemnified Party is an actual or potential party to such action or claim) unless such settlement, compromise or judgment (A) includes an unconditional release of the Indemnified Party from all liability arising out of such action or claim and (B) does not include a statement as to or an admission of fault, culpability or a failure to act, by or on behalf of any Indemnified Party. The rights accorded to any Indemnified Party hereunder shall be in addition to any rights that such Indemnified Party may have at common law, by separate agreement or otherwise.

(d) CONTRIBUTION. If the indemnification provided for in Section 8(a) from the Indemnifying Party is unavailable to an Indemnified Party in respect of any losses, claims, damages, expenses or other liabilities referred to therein, then the Indemnifying Party, in lieu of indemnifying such Indemnified Party, shall contribute to the amount paid or payable by such Indemnified Party as a result of such losses, claims, damages, expenses or other liabilities in such proportion as is appropriate to reflect the relative fault of the Indemnifying Party and Indemnified Party in connection with the actions which resulted in such losses, claims, damages, expenses or other liabilities, as well as any other relevant equitable considerations. The relative faults of such Indemnifying Party and Indemnified Party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by, such Indemnifying Party or Indemnified Party, and the Indemnifying Party's and Indemnified Party's relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses, claims, damages, expenses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth in Sections 8(a), 8(b) and 8(c), any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding.

The parties hereto agree that it would not be just and equitable if contribution pursuant to

this Section 8(d) were determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to in the immediately preceding paragraph. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution pursuant to this Section 8(d).

9. RULE 144; OTHER EXEMPTIONS. If the Company shall have filed a registration statement pursuant to the requirements of Section 12 of the Exchange Act or a registration statement pursuant to the requirements of the Act in respect of Common Stock or securities of the company convertible into or exchangeable or exercisable for Common Stock, the Company covenants that it shall file any reports required to be filed by it under the Exchange Act and the rules and regulations adopted by the SEC thereunder, and that it shall take such further action as each Holder may reasonably request (including, but not limited to, providing any information necessary to comply with Rules 144 and 144A under the Act), all to the extent required from time to time to enable such Holder to sell Registrable Securities without registration under the Act within the limitation of the exemptions provided by (a) Rule 144 or Rule 144A under the Act, as such rules may be amended from time to time, or (b) any other rules or regulations now existing or hereafter adopted by the SEC. The Company shall, upon the request of any Holder, deliver to such Holder a written statement as to whether the Company has complied with such requirements.

10. CERTAIN LIMITATIONS ON REGISTRATION RIGHTS. In the case of a registration under Section 4 if the Company has determined to enter into an underwriting agreement in connection therewith, no person may participate in such registration unless such person (a) agrees to sell such person's securities on the basis provided therein and (b) completes and executes all questionnaires, powers of attorney, indemnities, lock-up agreements, underwriting agreements and other documents reasonably required under the terms of such underwriting agreements.

11. MISCELLANEOUS.

(a) RECAPITALIZATIONS, EXCHANGES, ETC. The provisions of this Agreement shall apply, to the full extent set forth herein with respect to the Shares, to any and all shares of capital stock of the Company or any successor or assign of the Company (whether by merger, consolidation, sale of assets or otherwise) which may be issued in respect of, in exchange for or in substitution of, the Shares and shall be appropriately adjusted for any stock dividends, splits, reverse splits, combinations, recapitalizations and the like occurring after the date hereof.

(b) NO INCONSISTENT AGREEMENTS; OTHER REGISTRATION RIGHTS. The Company shall not enter into any agreement with respect to its securities that is inconsistent with or adversely affects the rights granted to the Holders in this Agreement other than any lock-up agreement with the underwriters in connection with an underwritten offering pursuant to which the Company agrees, for a period not in excess of 180 days if such underwritten offering is an Initial Public Offering or, for a period not in excess of 90 days if such underwritten offering is not an Initial Public Offering, not to register for sale, and not to sell or otherwise dispose of, Common Stock or any securities convertible into or exercisable or exchangeable for Common Stock. The Company shall not grant any other Person registration rights without the written

consent of the Designated Holders holding at least a majority of the Registrable Securities held by all of the Designated Holders. If the Company shall at any time hereafter provide to any holder of any securities of the Company rights with respect to the registration of such securities and such rights are provided on terms or conditions more favorable to such holder than the terms and conditions applicable to the Designated Holders herein, the Company shall provide (by way of amendment to this Agreement or otherwise) such more favorable terms or conditions to the Designated Holders under this Agreement.

(c) REMEDIES. The Holders, in addition to being entitled to exercise all rights granted by law, including recovery of damages, shall be entitled to specific performance of their rights under this Agreement. The Company agrees that monetary damages would not be adequate compensation for any loss incurred by reason of a breach by it of the provisions of this Agreement and hereby agrees to waive in any action for specific performance the defense that a remedy at law would be adequate.

(d) AMENDMENTS AND WAIVERS. Except as otherwise provided herein, the provisions of this Agreement may not be amended, modified or supplemented, and waivers or consents to departures from the provisions of such section may not be given unless the Company has obtained the prior written consent of (i) the Designated Holders holding at least a majority of the Registrable Securities held by all of the Designated Holders and (ii) the Holders holding at least a majority of the Registrable Securities.

(e) NOTICES. All notices, demands and other communications provided for or permitted hereunder shall be made in writing and shall be by registered or certified first-class mail, return receipt requested, telecopier, courier service or personal delivery:

(iv) if to an Existing Shareholder, to its, his or her address as it appears on the record books of the Company.

All such notices and communications shall be deemed to have been duly given: when delivered by hand, if personally delivered; when delivered by courier, if delivered by commercial overnight courier service; five Business Days after being deposited in the mail, postage prepaid, if mailed; and when receipt is acknowledged, if telecopied.

(f) SUCCESSORS AND ASSIGNS. This Agreement shall inure to the benefit of and be binding upon the successors and assigns of the parties hereto; PROVIDED, HOWEVER, that the registration rights and the other obligations of the Company contained in this Agreement shall, with respect to any Registrable Security, be automatically transferred from a Holder to any subsequent holder of such Registrable Security (including any pledgee). Notwithstanding any transfer of such rights, all of the obligations of the Company hereunder shall survive any such transfer and shall continue to inure to the benefit of all transferees.

(g) COUNTERPARTS. This Agreement may be executed in any number of counterparts and by the parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

(h) HEADINGS. The headings in this Agreement are for convenience of reference only and shall not limit or otherwise affect the meaning hereof.

(i) GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, without regard to the principles of conflicts of law of such State.

(j) JURISDICTION. Each party to this Agreement hereby irrevocably agrees that any legal action or proceeding arising out of or relating to this Agreement or any agreements or transactions contemplated hereby may be brought in the courts of the State of New York or of the United States of America for the Southern District of New York and hereby expressly submits to the personal jurisdiction and venue of such courts for the purposes thereof and expressly waives any claim of improper venue and any claim that such courts are an inconvenient forum. Each party hereby irrevocably consents to the service of process of any of the aforementioned courts in any such suit, action or proceeding by the mailing of copies thereof by registered or certified mail, postage prepaid, to the address set forth in Section 10(e), such service to become effective 10 days after such mailing.

(k) SEVERABILITY. If any one or more of the provisions contained herein, or the application thereof in any circumstance, is held invalid, illegal or unenforceable in any respect for any reason, the validity, legality and enforceability of any such provision in every other respect and of the remaining provisions hereof shall not be in any way impaired, it being intended that all of the rights and privileges of the Holders shall be enforceable to the fullest extent permitted by law.

(l) RULES OF CONSTRUCTION. Unless the context otherwise requires, "or" is not exclusive, and references to sections or subsections refer to sections or subsections of this Agreement.

(m) ENTIRE AGREEMENT. This Agreement is intended by the parties as a final expression of their agreement and intended to be a complete and exclusive statement of the agreement and understanding of the parties hereto in respect of the subject matter contained herein. There are no restrictions, promises, warranties or undertakings in respect of the subject matter contained herein, other than those set forth or referred to herein. This Agreement supersedes all prior agreements and understandings between the parties with respect to such subject matter.

(n) FURTHER ASSURANCES. Each of the parties shall execute such documents and perform such further acts as may be reasonably required or desirable to carry out or to perform the provisions of this Agreement.

IN WITNESS WHEREOF, the undersigned have caused this Agreement to be
executed and delivered by their respective officers hereunto duly authorized on
the date first above written.

EXHIBIT 10.13

CALIFORNIA HEALTHCARE FOUNDATION
CONSULTING AGREEMENT

REFERENCE NUMBER: 99-5063

THIS CONSULTING AGREEMENT ("Agreement") is entered into and by the
California HealthCare Foundation, a California nonprofit public benefit
corporation ("CHCF"), and Care Management Science Corporation ("Contractor").
Contractor is a for profit organization.

NOW, THEREFORE, the parties hereto agree as follows:

- 1. EFFECTIVE DATE. This Agreement shall be effective as of October 1,
1999 (the "Effective Date").
- 2. ENGAGEMENT FOR SERVICES. CHCF hereby engages Contractor to perform the
services ("Services") set forth in Exhibit B attached hereto.
- 3. TERM OF ENGAGEMENT. The term of this Agreement ("Consulting Term")
shall be for a period commencing on the Effective Date and ending on the
earliest of: (i) September 30, 2002; (ii) the completion of the scope of work as
stated in Exhibit B, as amended from time to time (the project described
therein, the "Project"), and (iii) the date on which this Agreement is
terminated pursuant to Section 5 hereof.
- 4. PROVISION OF SERVICES.
a. CONTRACTOR'S USE OF EMPLOYEES AND CONSULTANTS. Contractor may, at
Contractor's discretion and at Contractor's own expense, use employees or
consultants to perform the Services under this Agreement.
b. CHCF REVIEW AND APPROVAL OF ANCHOR AGREEMENT. Contractor shall
prepare and present to CHCF a form of "Generic Anchor Agreement" as contemplated
in Exhibit B, Section 2 hereof. CHCF shall have ten (10) business days after its
receipt of the form of Generic Anchor Agreement to review and approve such form
of Generic Anchor Agreement (or any modification thereof or amendment thereto),
which approval shall not unreasonably be withheld. On and after receiving
approval of the Generic Anchor agreement from CHCF, Contractor may complete and
enter into Anchor Agreements (each such agreement, if and when entered into in
accordance with the terms of this Agreement, a "Final Anchor Agreement") with
each Care Alliance Anchor provided, prior to execution thereof, Contractor
prepares and presents to CHCF a complete and accurate copy of the final form of
such agreement (including, e.g., a description of the scope of work, payments
required thereunder, and payment schedule). CHCF shall have two (2) business
days after its receipt of a proposed Final Anchor Agreement to approve or
disapprove such proposed Final Anchor Agreement, which approval shall not
unreasonably be withheld. CHCF's review of the final agreements will be solely
for the purpose of ensuring that the workscopes contained within the agreements
are generally consistent with

the overall mission of the project. CHCF's failure to approve or disapprove within such two (2) business day period shall be deemed approval of such proposed Final Anchor Agreement.

c. ADMINISTRATION OF ANCHOR AGREEMENT. Contractor shall administer and be fully responsible for the administration of the Final Anchor Agreements, subject to CHCF's rights to information, accesses, and financial reports as contained in this Agreement and the Required Provisions (as set forth herein). CHCF's only obligation with respect to such Final Anchor Agreements shall be to make payments to the Care Alliance Anchor, which obligation shall arise only (i) to the extent of the payments expressly set forth in the relevant Final Anchor Agreement (without regard to any amendment, supplement or other modification thereto unless approved in advance in writing by CHCF); (ii) after the scheduled payment date for such payment, and (iii) only on written presentation by Contractor, signed by an officer, certifying that such Care Alliance Anchor (a) is not in default or breach under its Final Anchor Agreement, and (b) has met all conditions to such payment.

5. TERMINATION.

a. TERMINATION. Should either party default in the performance of any material obligation under this Agreement or breach any material provision contained in this Agreement and, if the default or breach is deemed curable, not cure or substantially cure the default or breach within forty-five (45) days (the "Cure Period") after receipt of written notice by the other party specifying the nature and extent of the default or breach (a "Claim of Default"), then in addition to other remedies set forth herein or allowed at law, the Term of this Agreement may be terminated by the non-defaulting/non-breaching party. Notwithstanding the foregoing, no Cure Period shall apply in the event of nonpayment of contract fees by CHCF.

b. PAYMENTS ON TERMINATION. If this Agreement is terminated by either party CHCF shall pay Contractor an amount which, when added to the payments made by CHCF to date, results in Contractor being paid for the work performed through the termination, provided that in no event shall CHCF be required to pay more than the maximum amount payable under this Agreement for the period ended on the date of termination. Additionally, if this Agreement is terminated by CHCF pursuant to this Section 5, Contractor may assign to CHCF, and CHCF agrees to accept, all equipment and real property leases: (i) with third parties unrelated to the Contractor, (ii) directly related to the Services, (iii) where the third party acknowledges and agrees that Contractor is not then in default thereunder and has consented to such assignment. On and after such assignment, if made, CHCF will be responsible for amounts due and payable after the date of such assignment, which it shall pay directly to such third parties.

c. CESSATION OF OPERATIONS. In the event either party ceases its business operations or files for bankruptcy protection, then the other party may, subject to the restrictions imposed by federal bankruptcy law, at its sole discretion, terminate this Agreement upon giving written notice of termination to the other party.

6. COMPENSATION.

a. AMOUNT AND DUE DATES. The amount and due dates for all compensation payable by CHCF to Contractor hereunder is outlined in Exhibit A attached to this Agreement.

b. BOOKS AND RECORDS. Contractor is expected to maintain complete books and records of revenues and expenditures for the project which should be made available for inspection at reasonable times if deemed necessary by CHCF. CHCF, at its expense, will periodically audit a selected number of its grants and contracts. If Contractor is selected, Contractor will be expected to provide all necessary assistance in connection with such audit. Records must be kept for at least three (3) years after completion of the contract.

7. INDEPENDENT CONTRACTOR.

a. INDEPENDENT CONTRACTOR. Contractor enters into this Agreement as, and shall continue to be, an independent contractor. Under no circumstances shall Contractor look to CHCF as its employer, or as a partner, agent or principal. Contractor shall not be entitled to any benefits which may be accorded to CHCF's employees, including workers' compensation, employee benefit plans, disability insurance, vacation or sick pay. Contractor shall be responsible for providing, at Contractor's expense, and in Contractor's name, disability, workers' compensation or other insurance as well as licenses and permits usual or necessary for performing the Services.

b. CONTRACTOR'S RESPONSIBILITY FOR EMPLOYEES. Contractor shall be responsible for all wages, withholding, workers compensation and all other fringe benefits for its employees. Contractor is not an agent of CHCF, nor shall Contractor possess any right or authority to bind CHCF in any manner without the prior written consent of CHCF, which may be given or withheld in CHCF's sole discretion. Neither Contractor nor any of Contractor's employees shall hold themselves out to third parties to be, or otherwise represent in any manner that they are, an officer, director or employee of CHCF or its affiliates, or that such employee of Contractor has authority to bind CHCF or its affiliates.

c. CONTRACTOR'S RESPONSIBILITY FOR TAXES. Contractor shall pay, when and as due, any and all taxes incurred as a result of the amounts paid to Contractor hereunder, including estimated taxes, and shall provide CHCF with proof of payment on demand.

d. IMMIGRATION STATUS. Contractor hereby represents and warrants to CHCF that it has verified the immigration status of each of its employees as required by applicable law and regulations, and is in compliance with all applicable federal immigration law and regulations with respect to each of its employees.

e. NO PROHIBITION ON OTHER SERVICES. Contractor may represent, perform services for, or be employed by, any additional persons or entities as Contractor sees fit.

8. MUTUAL CONFIDENTIALITY.

a. MUTUAL CONFIDENTIALITY. Both parties acknowledge that in the performance of the Services, either party may have access to information which is confidential to, or a trade secret of, the other party. Both parties agree not to disclose any such information, regardless of the form or format in which, or means by which, either party becomes aware of such information, to any third party without the specific written authorization from the owning party. For the purposes of this Agreement, trade secrets and confidential information shall not include information that (i) is generally available to the public (other than as a result of a disclosure by a party or its affiliates), or (ii) is available to such party on a non-confidential basis from a source that is not prohibited from disclosing such information to such party.

9. OWNERSHIP AND USE OF INTELLECTUAL PROPERTY.

a. "CHCF Intellectual Property" means any and all results and proceeds of any services heretofore or hereafter rendered by Contractor hereunder or by a Care Alliance Anchor under a Final Anchor Agreement or otherwise in connection with the Project and the Services including, without limitation, the business model, data created or collected by Contractor to the extent not subject to the ownership rights of another, any newly-created software (in both source and object code versions), all technical and other documentation developed for or related to the Project and/or Services, and all other works of authorship or invention, records, drawings, developments, and trade secrets.

b. Contractor acknowledges and agrees, for good and valuable consideration, including, without limitation, that specified in Sections 6 and 9.f hereof, that all CHCF Intellectual Property and all intellectual property rights therein are and will be the sole and exclusive property of CHCF. Contractor further agrees to assign (or cause to be assigned) and does hereby assign fully to CHCF all of Contractor's rights, if any, worldwide in such CHCF Intellectual Property and all intellectual property rights thereto including any copyrights, patents, patent applications, trademarks, and tradenames. CHCF shall have the right to obtain and hold in its own name copyrights, registrations, or other such protection as may be appropriate to the subject matter, and any extensions and renewals thereof. Contractor agrees to give CHCF and any person designated by CHCF such reasonable assurance and assistance (at CHCF's expense for all out-of-pocket costs incurred in connection therewith) as is required to obtain patents, copyrights or otherwise to perfect CHCF's rights in any CHCF Intellectual Property.

c. Contractor acknowledges and agrees that CHCF will at all times have the right, in its sole and exclusive discretion, to sell, license, or otherwise exploit in any media now or hereafter known, any of the CHCF Intellectual Property.

d. Contractor agrees that if CHCF is unable because of Contractor's unavailability, incapacity, or for any other reason, to secure a signature by or on behalf of Contractor for or to pursue any application for any United States or foreign patents or copyright registrations covering the CHCF Intellectual Property assigned to CHCF herein, then Contractor hereby irrevocably designates and appoints CHCF and its duly authorized officers and agents as Contractor's agent and attorney in fact, to act for and on Contractor's behalf and stead to execute,

acknowledge, deliver and file any such applications and to do all other lawfully permitted acts to further the prosecution and issuance of patents and copyright registrations thereon with the same legal force and effect as if executed by Contractor.

e. Contractor agrees that, except for the license to be granted pursuant to Section 9.f hereof, Contractor will not have or be deemed to have any lien, charge or other encumbrance upon any of the rights conveyed to CHCF herein, the CHCF Intellectual Property, or any proceeds derived therefrom, and that no act or omission by CHCF, nor any other act, omission or event of any kind, will terminate or otherwise adversely affect CHCF's ownership of the rights conveyed herein.

f. Commencing on the project's effective date CHCF shall grant Contractor a fully-paid, non-exclusive, perpetual, worldwide license to all CHCF Intellectual Property developed during the course of Contractor's participation in the project (the "Licensed Intellectual Property"). Contractor may license, sell, distribute or otherwise use the Licensed Intellectual Property in any way so long as such use does not violate any applicable law or regulation. As defined in Section 9.c above, CHCF shall retain the right, exercisable in its sole and exclusive discretion, to license all or any portion of the CHCF Intellectual Property at any time, in all or any portion of the world.

10. INDEMNIFICATION.

a. The representations and warranties of the parties contained in Sections 5, 7, 8, 9, 10, and 12 of this agreement shall survive the termination of this Agreement. Neither the period of survival nor the liability of a party hereunder with respect to its representations and warranties shall be reduced by any investigation or action taken or made at any time by or on behalf of either party.

b. CHCF and its affiliates, officers, directors, employees, agents, successors and assigns (each, a "CHCF Indemnified Party") shall be indemnified and held harmless by Contractor for any and all liabilities and obligations (whether accrued or fixed, absolute or contingent, matured or unmatured, determined or determinable) ("Liabilities"), losses, damages, claims, costs and expenses, interest, awards, judgments and penalties (including, without limitation, attorneys' fees and costs)(collectively, "Losses") suffered or incurred by them arising out of or resulting from:

- (i) the breach of any material representation or warranty made by Contractor herein unless such breach is caused directly by CHCF;
- (ii) the breach of any of its material covenants or agreements contained herein;
- (iii) any claim by or cause of action brought by any third party resulting from any action or inaction on the part of Contractor in connection with the Project or Services, other than such actions or failures to act specifically directed in writing by CHCF;

- (iv) the breach by Contractor or any of its affiliates of any other agreement to which it is a party, or of any law, rule, or regulation that would otherwise materially interfere with the performance of this Agreement;

c. Contractor and its affiliates, officers, directors, employees, agents, successors and assigns (each, a "Contractor Indemnified Party") shall be indemnified and held harmless by CHCF for any and all Losses suffered or incurred by them arising out of or resulting from:

- (i) the breach of any material representation or warranty made by CHCF herein unless such breach is caused directly by Contractor;
- (ii) the breach of any of its material covenants or agreements contained herein;
- (iii) the breach by CHCF or any of its affiliates of any other agreement to which it is a party, or of any law, rule, or regulation that would otherwise materially interfere with the performance of this Agreement;

d. An Indemnified Party shall give Contractor or CHCF, as applicable (the indemnifying party, the "Indemnifying Party") notice of any matter which an Indemnified Party has determined has given or could give rise to a right of indemnification under this Agreement, as promptly as possible. The obligations and Liabilities of the Indemnifying Party under this Section 10 with respect to Losses arising from claims of any third party shall also require that the Indemnifying Party promptly acknowledge in writing its obligations to indemnify hereunder, after which notice it shall be entitled to assume and control the defense of such third party claim at its expense and through counsel of its choice, provided, that if there exists or is reasonably likely to exist a conflict of interest that would make it inappropriate in the judgment of the Indemnified Party for the same counsel to represent both the Indemnified Party and the Indemnifying Party, then the Indemnified Party shall be entitled to retain its own counsel, at the expense of the Indemnifying Party. In the event that the Indemnifying Party exercises the right to undertake any such defense against any such third party claim, the Indemnified Party shall cooperate with the Indemnifying Party in such defense and make available to the Indemnifying Party at the Indemnifying Party's expense all witnesses, pertinent records, material and information in the Indemnified Party's possession or under the Indemnified Party's control related thereto as are reasonably required by the Indemnifying Party.

11. REPRESENTATIONS OF CONTRACTOR.

Contractor represents and warrants that Contractor has the qualifications and ability to perform the Services in a professional manner, without the advice, control, or supervision of CHCF. Contractor represents and warrants that Contractor possesses any and all licenses and governmental approvals required in order for Contractor to perform the Services. Failure to perform the Services in a professional manner shall constitute a material breach of this Agreement. Contractor shall be solely responsible for the professional performance of the Services, and shall receive no assistance or control from CHCF. Contractor shall have sole discretion and control of Contractor's services and the manner in which performed.

12. GENERAL PROVISIONS.

a. BINDING ON SUCCESSORS. Subject to any restrictions stated in any other provision of this Agreement, this Agreement shall be binding on and shall inure to the benefit of the parties and their respective successors and permitted assigns. None of the provisions of this Agreement is intended to provide any rights or remedies to any person (including without limitation any employees or creditors of either of the parties hereto), other than the parties and their respective successors and permitted assigns.

b. PARTIAL INVALIDITY/SEVERABILITY. Should any of the provisions of this Agreement be held to be invalid or unenforceable, such invalidity or unenforceability shall not affect the validity or enforceability of any other provision of this Agreement.

c. ENTIRE AGREEMENT. This Agreement contains the entire agreement between the parties with respect to the subject matter of this Agreement and supersedes all prior oral or written understandings and agreements including, but not limited to, any and all consulting or consultancy agreements, promissory notes, summary of agreements, discharge agreements, non-disclosure agreements, reduction of debts agreements, and any other document executed between the parties or their employees, officers, or shareholders.

d. AMENDMENTS; WAIVERS. No provision of this Agreement may be changed, extended, waived, modified, discharged or terminated, except by a written instrument executed by the parties hereto.

e. NOTICE. Any notice, payment, report or any other communication required or permitted to be given by one party to the other party by this Agreement shall be in writing, shall be deemed effective upon receipt and shall be either (a) served personally on the other party, (b) sent by express, registered or certified first-class mail, postage prepaid, addressed to the other party by like notice, or (c) delivered by commercial courier to the other party, at the following address:

f. GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the law of the State of California.

g. TITLES AND HEADINGS. Title and headings to sections, subsections and sub-subsections of this Agreement are for the purposes of reference only and shall not affect the interpretation of this Agreement.

h. COUNTERPARTS. This Agreement may be signed in one or more counterparts, each of which shall be deemed to be an original, but all of which together will constitute one and the same instrument.

i. TAX MATTERS. Nothing in this Agreement shall be construed to require CHCF to take any action that would violate any federal or state law, rules or regulations, including, but not limited to, the rules governing organizations classified as private foundations as set forth in the Internal Revenue Code, and any state laws concerning the operation of charitable trusts or private foundations. CHCF has the authority to report any payments made hereunder to the Internal Revenue Service, and to make any withholdings as required by the Internal Revenue Code or any applicable state law.

j. SURVIVAL. In the event of any expiration or termination of this Agreement, provisions hereof which are intended to continue and survive shall so continue and survive, including, but not limited to, the provisions of Sections 5, 7, 8, 9, 10, 11 and 12.

k. ASSIGNMENT. This Agreement and all rights and obligations hereunder may not be assigned, subcontracted or transferred by either party, except as permitted pursuant to this Agreement, without the prior written consent of the other party.

l. POLITICAL ACTIVITIES. Funds from this Agreement may not be used for any of the following purposes: to carry out propaganda, or otherwise attempt to influence legislation; to influence the outcome of any specific public election or to carry on directly or indirectly any voter registration drive.

m. ACKNOWLEDGMENT AND PUBLICITY. The California HealthCare Foundation is commissioning this research for its use. If CHCF chooses to publish material resulting from this project, either in print or electronically, appropriate acknowledgment of the Contractor will be included. Contractor may not issue any press release regarding this grant, the Project, or any or the resulting published material, without the prior written approval of the text of any such release by the CHCF Communications Department.

Any publication produced by the Contractor that refers to or results from this research or the Project should include an acknowledgment of CHCF that reads:
SUPPORTED BY THE CALIFORNIA HEALTHCARE FOUNDATION, BASED IN OAKLAND, CALIFORNIA.
THE FOUNDATION IS A NON-PROFIT PHILANTHROPIC ORGANIZATION WHOSE MISSION IS TO
EXPAND ACCESS TO AFFORDABLE, QUALITY HEALTH CARE

FOR UNDERSERVED INDIVIDUALS AND COMMUNITIES, AND TO PROMOTE FUNDAMENTAL IMPROVEMENTS IN THE HEALTH STATUS OF THE PEOPLE OF CALIFORNIA.

If CHCF disseminates the final research, CHCF’s Communications Department will oversee the dissemination and any resulting publicity activities. In that event, Contractor will be sent publicity material for final review and approval and will receive copies of the final product.

n. USE OF NAME. Except as otherwise provided for or as contemplated by this Agreement, neither party shall have the right to, or shall use the other party’s name, trademarks, or tradenames in any form of media, whether written, visual, audio or otherwise without the prior written consent of the other party. Further, Contractor cannot authorize CHCF to use and CHCF agrees and acknowledges that CHCF shall not use, the name of the University of Pennsylvania, The Wharton School or other similar references under the terms of this Agreement without the prior written consent of the University of Pennsylvania.

o. FORCE MAJEURE. Neither party shall be liable to the other party for any delay or non-performance of its obligations under this Agreement arising from any cause or causes beyond its reasonable control to the extent the effects of such cause(s) are not capable of being avoided or mitigated through the reasonable efforts of such party.

IN WITNESS WHEREOF, this Consulting Agreement has been executed by each of the parties.

SCOPE OF WORK, WORK PLAN AND DELIVERABLES

SCOPE OF WORK

Through the creation of a Program Management Office, Contractor will manage the Santa Barbara Community-wide Health Care Information Project and will facilitate the design and implementation of the health care information sharing infrastructure and decision-making apparatus. Contractor will oversee and manage the contracts with the Care Alliance Anchor organizations for the operation of specified project components objectives, and deliverables.

In performance of this agreement, Contractor will provide ongoing support and training to local health care stakeholders; certify vendors according to CareStandard criteria; negotiate software and hardware contracts with various vendors; and seek grants from the Agency for Health Care Policy and Research, the National Library of Medicine, and others to support evaluation of the project and to measure the impact of the information-sharing interventions on quality, efficiency and accessibility of care.

DEFINITIONS

- 1. CareStandard is a division of Care Management Science that will be responsible for administering the Program Management Office and facilitating the work of this project.
- 2. Care Exchange is the community-wide membership organization in Santa Barbara which will enable community organizations to join together to address health care information challenges by developing common approaches to information-sharing, communication and decision-making.
- 3. Care Exchange Council is the local community governance structure that will oversee the Santa Barbara project’s decision-making and rule setting, resolve data ownership issues, and manage technology coordination.
- 4. Care Alliance is the team of community health care organizations that have agreed to work together to implement a plan to improve the clinical and/or administrative exchange of information with their key business partners.
- 5. Care Alliance Anchor is the lead organization of each Care Alliance team.

WORK PLAN

WHEN SIGNED TO APRIL 30, 2000

- 1. Draft and Execute Care Exchange Council Accord

Develop a mutual agreement among all Care Alliance Anchors to summarize how the Care Exchange Council will make non-binding decisions regarding the use of cross-organizational health care data among health care organizations within the community. This agreement is intended to not only guide the Care Exchange Council through this project, but to survive the three-year time frame and serve as an ongoing forum for health data exchange issues.

- Review General Policies and Procedures with Care Exchange Council
- Draft Care Exchange Council Accord
- Review Draft Care Exchange Council Accord with Care Exchange Council
- Finalize Care Exchange Council Accord
- Sign Off of Care Exchange Council Accord with Care Exchange Participants

2. Draft and Execute Care Alliance Anchor Agreements

Prepare a draft agreement with the Care Alliance Anchor organizations detailing specific milestones and deliverables that both the Care Alliance and CMS agree to complete. Each Care Alliance Anchor will effect a separate 'Care Alliance Agreement' with all participating Care Alliance organizations to detail more specific data sharing intentions and related flow of funds to participating organizations.

- Draft Generic Anchor Agreement
- Review Generic Anchor Agreement with CHCF
- Finalize Generic Anchor Agreement, subject to Section 4(b) of the Agreement
- Complete Anchor Agreement with each Care Alliance Anchor, subject to Section 4(b) of the Agreement

3. Draft and Execute Care Alliance Agreements

An annual agreement among all members of the Care Alliance detailing the scope of work that the Care Alliance will perform. The Care Alliance Agreement will also include detail regarding the appropriate use of data shared among participating organizations with specific business rules and regulatory standards governing the use of data based on CALINX rules and HIPAA standards.

- Draft Care Alliance Agreement
- Review Draft Care Alliance Agreement with Care Exchange Council
- Finalize Care Alliance Agreement
- Complete Care Alliance Agreement with each Care Alliance

4. Prepare and Circulate Care Exchange Council and Advisory Committee Minutes

Contractor will attend the Care Exchange Council and Advisory Committee meetings. The Care Exchange Council meets monthly. The Clinical and Technical Advisory Committees meet quarterly.

5. Develop and Launch Santa Barbara County Care Exchange Web Site

A Web site will be developed and made accessible to all Care Exchange Members. It will highlight project progress and development, disseminate up-to-date information regarding federal, state, and local regulations, and provide access to health industry assessments and reports that highlight the industry's use of the Internet for health information exchange. CareStandard will also publish a list of the certified vendors on the site with summary and detailed product information.

- Draft Web Content and Design
- Select Web Developer
- Develop Web Site
- Launch
- Community Roll Out

6. Develop Roster of Certified Vendors

Contractor will develop a vendor certification process. The process will be vendor neutral and offered to all health care vendors with the intent of certifying several competing products for Care Exchange selection. Certification is based on the vendors' ability to demonstrate the following: product efficacy and proven capability, Internet based technology, commitment to industry standards, financial viability, and interoperability. Once a vendor is CareStandard certified, their company and product information will be available on the SBCCE Web site.

- Issue RFP to Software Vendors
- Evaluate RFP responses according to Certification Criteria
- Issue Provisional Certification
- Create Final Certification Application
- Distribute Certification Application to Software Vendors
- Evaluate RFP responses according to Certification Criteria
- Announce Certified Vendors and Post on Web site with respective product information

7. Plan and Hold Vendor Exhibition

Once a vendor is CareStandard certified, their company and product information will be showcased in a Santa Barbara County Vendor Exhibition. The Exhibition will be a one-day event, highlighting available technology and interoperability. Participants will include SBCCE Members, vendor representatives, CareStandard and CHCF staff, and other interested community representatives.

- Determine Exhibition Format
- Plan and Organize Logistics
- Prepare Invitation List

- Distribute Invitations
- Confirm Attendees
- Host Vendor Exhibition Day
- Summarize Results

8. Perform Ongoing Communication and Community Facilitation

CareStandard will routinely provide project updates to the community, the media and other interested parties. Project specific communication will be co-developed with a public relations firm (to be determined) and coordinated with the CHCF. In addition, CareStandard will support community dialogue and facilitate multi-organization communication. This facilitation will routinely include multi-stakeholder and one-on-one meetings, and ongoing electronic communication.

- Select Public Relations Firm
- Coordinate Press Communication and Project Announcements
- Review Press Communication with CHCF
- Release Press Communication (On-going)
- Facilitate Community Dialogue (On-going)

MAY 1, 2000 TO OCTOBER 31, 2000 (NEW ACTIVITIES)

1. Plan and Hold Two Day Showcase Conference

CareStandard will hold an annual two-day conference promoting SBCCE progress and opportunities. The conference will provide an opportunity to showcase community success, technology innovation and regulation awareness. The conference will be geared to health care executives, physician and community leaders, and technology vendors.

- Determine Conference Format and Speakers
- Plan Logistics
- Develop Invitation List
- Distribute Invitations
- Confirm Attendees
- Host Conference
- Summarize Conference Results

2. Define and Develop Baseline Outcomes Measures

Project metrics will be baselined at the start of the project to track measurable progress throughout the three-year time frame.

- Determine Project Metrics
- Measure Baseline Project Metrics
- Document Baseline Project Metrics

3. Identify Academic Research Partner

CareStandard will conduct research analysis on the benefits to patient care across the community and will disseminate success factors for broader industry use through scientific conferences. Accordingly, CareStandard will seek funds from the Agency for Health Care Policy and Research (AHCPR) to involve academic evaluators to assess demonstration efforts. AHCPR is a federal agency that supports research designed to improve the quality of health care, reduce cost and broaden access to essential services.

4. Prepare and Submit Care Alliance Deliverables Progress Report

SBCCE progress will be tracked against the milestones and deliverables outlined in respective Care Alliance Agreements to be developed.

RE: CARESCIENCE, INC.
AMENDED REGISTRATION STATEMENT ON FORM S-1
FILE NO. 333-32376
FILED MAY 3, 2000

Dear Mr. Duvall:

On behalf of CareScience, Inc., we are responding to the comments of the Staff of the Securities and Exchange Commission as set forth the letter to Dr. David J. Brailer, dated May 18, 2000, related to the above referenced filing.

Where indicated below, requested changes are included in Pre-Effective Amendment No. 2 to the Registration Statement, which is being filed contemporaneously with this response. By copy of this letter sent via overnight delivery, we are providing the staff with black-lined courtesy copies of the Registration Statement, in which revisions are marked to reflect the Staff's corresponding comment. Pre-Effective Amendment No. 2 also sets forth changes pertaining to the conversion of preferred stock of the Company caused by the anticipated per share offering price of the common stock.

The responses and supplementary information set forth below have been numbered to correspond to the comments as numbered on the attached copy of your letter. For your convenience, we set forth each comment in italicized type and follow with our response below the relevant comment.

GRAPHICS

1. Comment: PLEASE PROVIDE US WITH COPIES OF YOUR GRAPHICS IN WHICH ALL OF THE TEXT IS LEGIBLE. WE MAY HAVE FURTHER COMMENT.

Response: We have enclosed copies of the Company’s graphics, each of which presents all text in the same size and format as will be provided to investors in the prospectus.

2. Comment: IT APPEARS THAT YOU WILL HAVE FOUR PAGES OF GRAPHICS. YOUR GRAPHICS SHOULD BE LIMITED TO A FRONT AND BACK COVER, AND ONE FOLD-OUT PAGE. PLEASE ADVISE OR REVISE.

Response: We have revised the graphics as requested.

3. Comment: YOUR GRAPHICS SHOULD NOT CONTAIN JARGON WHICH IS UNCLEAR WITHOUT REFERENCE TO DISCLOSURE ELSEWHERE IN YOUR DOCUMENT, LIKE "CLINICAL PROCESS CONTROL" AND "PHARMACOECONOMICS." ADDITIONALLY, THE DIFFERENCE BETWEEN "AUTOMATED DATA EVALUATION & PROCESSING" AND "ON-LINE ANALYTIC PROCESSING" IS UNCLEAR. PLEASE REVISE.

Response: We have revised the disclosure contained in the graphics as requested.

RISK FACTOR

- 5. Comment: UNDER YOUR SUBHEADING "RISKS RELATED TO OUR BUSINESS," INCLUDE A RISK FACTOR DISCUSSING YOUR DEPENDENCE ON THE LICENSE FROM THE UNIVERSITY OF PENNSYLVANIA, THE RELATIONSHIPS BETWEEN THE UNIVERSITY AND YOUR OFFICERS AND DIRECTORS, AND THE UNIVERSITY'S ABILITY TO INFLUENCE OR CONTROL THE AFFAIRS OF CARESCIENCE, INCLUDING THE VOTING OF CARESCIENCE SHARES, THROUGH THE CONTRACT WITH THE UNIVERSITY AND OTHER RELATIONSHIPS.

Response: We have included a risk factor discussing the Company's dependence on the license from the University of Pennsylvania. Additionally, please see our response to Comment 12.

OUR FAILURE TO DEVELOP STRATEGIC RELATIONSHIPS, PAGE 11

- 6. Comment: REVISE YOUR DISCLOSURE TO STATE THE IMPACT FROM THE RISK AT THE BEGINNING OF THE RISK FACTOR.

Response: We have revised this risk factor to state the impact from the risk at the beginning of the risk factor.

PRIOR COMMENT NO. 15

- 7. Comment: CLARIFY THAT YOU ARE CURRENTLY SUBSTANTIALLY DEPENDENT ON A FEW CUSTOMERS AND PARTNERS, AND DISCLOSE WHETHER THIS DEPENDENCE HAS IMPACTED YOUR ABILITY TO ENTER INTO STRATEGIC RELATIONSHIPS IN THE PAST.

Response: We have revised this risk factor as requested.

OUR TECHNOLOGY AND ITS SCALABILITY ARE NOT PROVEN, PAGE 12

- 8. Comment: REVISE THIS RISK FACTOR HEADING TO CLARIFY THE RISK ON YOUR BUSINESS OPERATIONS, FINANCIAL CONDITION OR SHAREHOLDER'S INVESTMENT, AND REVISE YOUR DISCLOSURE TO STATE THIS IMPACT AT THE BEGINNING OF THE RISK FACTOR.

Response: We have revised this risk factor as requested.

9. Comment: REVISE THIS DISCLOSURE TO ELIMINATE RISKS IN THE BULLET LIST THAT ARE REPETITIVE OF YOUR OTHER RISK FACTORS. ADDITIONALLY, REVISE TO STATE THE RISK ON YOUR BUSINESS OPERATIONS, FINANCIAL CONDITION OR SHAREHOLDER’S INVESTMENT FROM THE NEW AND RAPIDLY EVOLVING INTERNET MARKET.

Response: We have revised this risk factor as requested.

BUSINESS

PRIOR COMMENT NO. 22

10. Comment: WE REISSUE THE PRIOR COMMENT TO DISCLOSURE THAT YOU CHANGED YOUR NAME FROM CARE MANAGEMENT SCIENCE CORPORATION TO CARESCIENCE, INC. ON MARCH 7, 2000.

Response: We have the disclosure to indicate that the Company changed its name from Care Management Science Corporation to CareScience, Inc. on March 7, 2000.

PRIOR COMMENT NO. 27

11. Comment: INCLUDE A BRIEF DESCRIPTION IN THIS SECTION, OR UNDER "STRATEGIC RELATIONSHIP" ON PAGE 42, OF THE NATURE OF AGREEMENTS, AND THE MATERIAL TERMS OF AGREEMENTS WITH MATERIAL CUSTOMERS LIKE CALIFORNIA HEALTHCARE FOUNDATION, OR OTHER ENTITIES WITH WHOM YOU HAVE MATERIALS AGREEMENTS, LIKE THE UNIVERSITY OF PENNSYLVANIA. YOUR DESCRIPTION OF THE AGREEMENTS SHOULD COVER ALL ASPECTS DISCUSSED ON YOUR WEBSITE, FOR EXAMPLE THE CLINICAL PRACTICE RELATIONS, FACULTY RESEARCH RELATIONS, AND TERMS OF THE EXCLUSIVE LICENSE WITH THE UNIVERSITY OF PENNSYLVANIA.

Response: We have revised the disclosure under "Strategic Relationships" on page ___ to include a description of the nature and material terms of the Company’s agreements with its material customers and strategic partners, including aspects discussed in the Company’s website.

12. Comment: IN DESCRIBING THE RELATIONSHIP WITH THE UNIVERSITY OF PENNSYLVANIA, CLARIFY THE UNIVERSITY’S ABILITY TO EXERCISE CONTROL OR INFLUENCE OVER THE AFFAIRS OF CARESCIENCE, INCLUDING HOW SHARES OTHER THAN THE UNIVERSITY’S ARE VOTED, THROUGH THE CONTRACT WITH THE UNIVERSITY AND OTHER RELATIONSHIPS.

Securities and Exchange Commission
June 2, 2000
Page 5

Response: We have clarified the disclosure regarding the description of the Company's relationship with the University of Pennsylvania to indicate that there are no voting arrangements through the contract with the University, nor is the Company aware of any other relationship, by which the University could direct or control either the affairs of CareScience or how shares other the University's are voted. The influence of the University on CareScience is no different than that of any other significant customer or strategic partner.

SHARES ELIGIBLE FOR FUTURE SALE

PRIOR COMMENT NO. 37

13. Comment: WE REISSUE THE PRIOR COMMENT TO DISCLOSE THE FACTORS THAT DEUTSCHE BANK SECURITIES WILL CONSIDER IN DECIDING TO RELEASE SECURITIES SUBJECT TO THE LOCK-UP AGREEMENT, INCLUDING WHETHER DEUTSCHE BANK WILL CONSIDER ITS OWN POSITION IN THE SECURITIES AS A FACTOR.

Response: We have reorganized the disclosure under this heading and added the disclosure as requested. We supplementally advise the Staff that Deutsche Bank Securities Inc. has advised us that they have no position in the Shares of the Company and accordingly, that consideration of their own position in the shares would not be a factor in releasing a lock-up agreement.

PRIOR COMMENT NO. 38

14. Comment: WE REISSUE THE PRIOR COMMENT TO DISCLOSE WHETHER THE REGISTRATION RIGHTS OF THE PREFERRED SHAREHOLDERS MAY BE USED AS A REASON TO BREAK UP THE LOCK-UP AGREEMENT.

Response: We have revised the disclosure to indicate that the registration rights of preferred shareholders may not be used as a reason to break up the lock-up agreement.

PRIOR COMMENT NO. 40

15. Comment: WE REISSUE THE PRIOR COMMENT TO DISCLOSE WHETHER ANY OFFICERS, DIRECTORS OR CURRENT STOCKHOLDERS INTEND TO ASK FOR CONSENT TO OFFER, SELL, OR OTHERWISE DISPOSE OF THE COMMON STOCK WITHIN THE LOCK-UP PERIOD.

Response: We have revised the disclosure as requested.

UNDERWRITING

PRIOR COMMENT NO. 42

16. Comment: WE NOTE THAT A DESCRIPTION OF YOUR COMPANY, AND A LINK TO YOUR PROSPECTUS, IS PROVIDED ON IPO.COM. WE REISSUE THE PRIOR COMMENT TO DESCRIBE ALL ARRANGEMENTS WITH THIRD PARTIES TO HOST OR ACCESS YOUR PRELIMINARY PROSPECTUS ON THE INTERNET.

Response: We refer the Staff to our previous response to prior comment No. 42 which describes the only arrangement that we or the underwriters currently have with any third party to host or access the preliminary prospectus on the Internet. Neither we nor the underwriters have any arrangements with IPO.com or any third party other than NetRoadShow.com as previously described. Any information contained on IPO.com's Web site or any other third party's Web site other than NetRoadShow.com has not been made available at our request or with our permission.

PRIOR COMMENT NO. 43

17. Comment: PROVIDE US WITH THE PERCENTAGE OF THE SHARES REGISTERED IN THIS OFFERING THAT WILL BE RESERVED FOR THE DIRECTED SHARE PROGRAM. WE MAY HAVE FURTHER COMMENTS.

Response: We supplementally advise the Staff that at this time we expect to reserve 7% to 10% of the offering for distribution under our directed share program.

18. Comment: DESCRIBE ANY LOCK-UP ARRANGEMENTS WITH PURCHASERS OF SHARES IN THE DIRECTED SHARE PROGRAM.

Response: Neither the Company nor the underwriters have entered into or plan to enter into any lock-up arrangements with any participant in the directed share program, other than employees who have already executed lock-up agreements as described in the prospectus.

PRIOR COMMENT NO. 44

19. Comment: SUPPLEMENTALLY ADVISE US:

(1) OF THE POTENTIAL SIZE OF THE SYNDICATE SHORT POSITION (I.E. 20% TO 30%);

Securities and Exchange Commission
June 2, 2000
Page 7

- (2) WHETHER THE PURCHASERS OF SHARES IN THE SHORT SALES ARE ENTITLED TO THE SAME REMEDIES UNDER THE FEDERAL SECURITIES LAWS AS ANY OTHER PURCHASER OF SHARES COVERED BY THE REGISTRATION STATEMENT.

Response: We supplementally advise the Staff that Deutsche Bank Securities Inc. has advised us that although Deutsche Bank Securities Inc. will be authorized to create a syndicate short position of up to 20% of the offering under the terms of its Master Agreement Among Underwriters, the syndicate short position in practice will not exceed the size of the over-allotment option which is 15% of the offering. Those purchasers who are sold shares in a short transaction which are obtained by the underwriters through the exercise of their over-allotment option would receive underwritten shares with the same remedies under the federal securities laws as any other shares covered by the registration statement. With respect to purchasers who are sold shares in a short transaction which are obtained in the open market, we refer the Staff to our previous response to prior comment No. 44 in which we note that we are not aware of any dispositive judicial decision which holds that a purchaser of shares that the underwriters acquired in the open market is entitled to the same remedies under the federal securities laws as a purchaser of registered shares that the underwriters acquired directly from the issuer. We acknowledge that the issue is not free from doubt and that there may be remedies available under the federal securities laws for purchasers of shares that the underwriters acquired in the open market.

PRIOR COMMENT NO. 45

20. Comment: PLEASE AMEND YOUR REQUEST FOR CONFIDENTIAL TREATMENT AS SOON AS POSSIBLE, AS THIS REQUEST WILL NEED TO BE RESOLVED PRIOR TO EFFECTIVENESS, AND WE MAY HAVE FURTHER COMMENT.

Response: We supplementally advise the Staff that the Company has filed an Amended Request for Confidential Treatment with the Commission, dated March 17, 2000 and a supplemental letter to such Amended Request, dated June 2, 2000.

ACCOUNTING COMMENTS

FAIR VALUE OF COMMON STOCK
JANUARY 1998 TO NOVEMBER 1998

- 21. Comment: IN YOUR RESPONSE TO PRIOR COMMENT NUMBER 52 YOU NOTE THAT THE
CONVERSION RATE OF THE SERIES B STOCK WAS 4 FOR 1. TELL US WHY THIS HAD NO
EFFECT ON YOUR CONSIDERATION OF THE FAIR VALUE OF THE COMMON STOCK DURING
THE ABOVE REFERENCED TIME PERIOD.

Response: In September 1996, the Company sold 414,501 shares of Series B
Convertible Preferred stock (Series B Preferred Stock) for approximately
\$4,145,000, and a warrant for the purchase of 100,000 shares of Series B
Preferred Stock for \$10 per share. Each share of Series B Preferred was
convertible into four (4) shares of Common stock.

In connection with the December 1998 financing the Series B Preferred Stock
was converted into Series E Convertible Preferred stock ("Series E
Preferred Stock). Both the stock and the warrant were converted on a 4 to 1
basis. This resulted in 1,658,004 (414,501 x4) shares of Series E Preferred
stock and a warrant to purchase 400,000 (100,000 x4) of Series E Preferred
stock at \$2.50 per share (\$10.00 /4). The resulting Series E Preferred
Stock is now convertible into Common stock on a one to one basis, thus
convertible into the same number of shares of Common stock as the Series B
Preferred Stock would have been.

We referred you to our discussion in our response to your prior comment
#51. The Company allocated the original proceeds between the preferred
stock and warrant using the Black-Scholes model to value the warrant. This
resulted, at the time, in an approximate value to the preferred stock of
\$2.06 per share, as adjusted for the conversion discussed above. The
Company, at the time, valued its Common stock at \$1.25 per share, a 40%
discount from the preferred stock. Given the Series B Preferred Stock's
liquidation preference, 8% dividend, and the Series A and B Preferred
holder's 45% voting interest in the Company at the time, it was determined
by management and the Company's Board of Directors that a 40% discount to
the preferred value in September of 1996, was reasonable.

- 22. Comment: TELL US WHAT EVENT, OR EVENTS, HAPPENED IMMEDIATELY PRIOR TO THE
SALE OF THE SERIES C STOCK THAT WOULD HAVE CAUSED THE FAIR VALUE OF THE
COMMON STOCK TO MORE THAN DOUBLE FROM NOVEMBER 1998 TO DECEMBER 1998.

Response: The Company has assumed the growth in the fair value of its
Common stock from September 1996 (see response #21) through November 1998
on a linear basis. This

results in a fair value range of \$2 - \$2.45 during the period January 1998
- November 1998. This required additional defined compensation of
approximately \$200,000, which would be amortized to expense through 2001,
or approximately \$50,000 per year from 1998 through 2001. This amount is
not material to the Company's reported net loss in either 1998 or 1999
(less than 2% of net loss) and is not expected to be material to the
Company's results of operations for 2000 and 2001. Based on the above, we
have made no adjustments to our financial statements.

JANUARY 1999 TO DECEMBER 1999

- 23. Comment: TELL US WHAT SPECIFIC SIGNIFICANT EVENT OCCURRED AT THE END OF
SEPTEMBER 1999 AND IMMEDIATELY PRIOR TO THE ANNOUNCEMENT OF THE IPO THAT
WOULD HAVE CAUSED THE FAIR VALUE OF THE STOCK PRICE TO TRIPLE AND THEN
DOUBLE IN A PERIOD OF THREE MONTHS. WE NOTE THAT THERE WAS NO SIGNIFICANT
CHANGE IN REVENUE GROWTH PATTERNS OR PROFITABILITY OF YOUR COMPANY.

Response: Based on our discussions with the SEC staff, absent a clear
third-party value (i.e., a capital transaction), the SEC staff would prefer
to have some ramping of the common stock value during the specified period.
We have, therefore, revised our deferred compensation computation to
reflect the following common stock fair values which the Staff has agreed.

<Table>

	QUARTER	FMV
<S>	<C>	<C>
	Q1-99	\$ 2.59
	Q2-99	3.00
	Q3-99	5.00
	Q4-99	
	10/1-10/31/99	7.22
	11/1-11/7/99	10.00
	11/8-12/31/99	11.25
	Q1-00	12.00
	Q2-00	15.00
	7/1/99 IPO	15.00

</Table>

See the attached revised analysis. Additional defined compensation expense has
been recorded based on the above values.

COMBINED BALANCE SHEET

24. Comment: IT IS OUR POSITION THAT IF THE REDEMPTION OF EQUITY SECURITIES
WILL OCCUR IN CONJUNCTION WITH THE OFFERING, THE FILING SHOULD INCLUDE A
PRO FORMA BALANCE SHEET (EXCLUDING THE EFFECTS OF OFFERING PROCEEDS)
PRESENTED ALONG SIDE OF THE HISTORICAL BALANCE SHEET GIVING EFFECT TO THE
REDEMPTION.

Response: We have prepared an unaudited pro-forma balance sheet at March
31, 2000 to reflect the conversion of all Preferred Stock, the issuance and
redemption for Common stock of the Series F Preferred Stock and the
declaration of a dividend on the Series C, D and E Preferred Stock pursuant
to the terms. The redemption in cash of the Series G Preferred Stock and
the payment of the dividend have not been reflected since the Company did
not have sufficient cash to make such payments.

PRIOR COMMENT NO. 48

25. Comment: WE NOTE THAT YOU ARE ORGANIZING YOUR BUSINESS BASED ON PRODUCT
TYPE FOCUSED ON SEGMENTS OF THE HEALTHCARE INDUSTRY. WE ASSUME THAT THIS
WILL REQUIRE THE FORMATION OF DIVISIONS, THE PURPOSE OF WHICH WILL BE TO
ASSESS PERFORMANCE AND ALLOCATE RESOURCES. IF SUCH ASSESSMENT RESULTS IN
DISCRETE INFORMATION, SUCH AS A MEASURE OF OPERATING PERFORMANCE (FOR
EXAMPLE GROSS MARGINS) WE WOULD EXPECT SUCH DIVISIONS TO BE REPORTABLE
SEGMENTS. CONFIRM TO US THAT IN THE FUTURE, YOU WILL PRESENT SUCH DIVISIONS
AS REPORTABLE SEGMENTS.

Response: In the future, as the Company grows, internal responsibilities
are clearly established and internal financial reporting is created to
support a division structure, the Company will revisit the requirements of
segment reporting and will apply the applicable rules as required.

PRIOR COMMENT NO. 49

26. Comment: EXPLAIN TO US, AND REVISE TO DESCRIBE, WHETHER YOUR ACCOUNTING
PRACTICES REGARDING INTERNAL USE SOFTWARE HAVE BEEN CONSISTENT WITH EITF
00-2 SINCE ADOPTION OF SOP 98-1. IF NOT, EXPLAIN HOW THEY DIFFERED AND WHAT
THE IMPACT WILL BE OF 00-2. IN ANY EVENT, EXPLAIN TO US IN BETTER DETAIL,
WHY NO COSTS IN 1999 HAVE BEEN CAPITALIZED. TELL US EXACTLY WHAT THEY ARE
AND PROVIDE SUPPORT FOR YOUR ACCOUNTING.

Response: We refer you to our response to your prior comment #49.

The Company's CaduCIS.com web-site is used by its customers to access the Company's CaduCIS products. This web-site was developed prior to 1999. In 1999 and in the future, the Company's cost incurred related to this web-site will be related to "Operating Stage", as described in EITF 00-02, paragraph 9. Such costs are required to be expensed by the EITF 00-2. The Company is currently in the early stages of developing two new web-sites for its Care Exchange and CareScript products. These projects are being funded by third parties under funded development arrangements. Any excess costs over the funding agreements incurred related to these projects in the Web Site Application and Infrastructure Development Stage, as described in paragraph 5 of EITF 00-02 will be capitalized in future periods, if material.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, PAGE F-9

27. Comment: THE FIRST SENTENCE, AT THE TOP OF THE PAGE, IS INCOMPLETE.

Response: The first sentence on page F-9 has been completed by adding "the California Healthcare Foundation".

ACCOUNTANT'S CONSENT

28. Comment: FILE AN UPDATED ACCOUNTANT'S CONSENT WITH YOUR AMENDMENT.

Response: An updated accounts consent has been filed with Amendment No. 2 to the Registration Statement on Form S-1.
