Prospero Capital, LLC
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

1 Summary of Significant Accounting Policies

(a) Nature of Operations and Organizational Setup

Prospero Capital, LLC ("the Company") is a broker-dealer, registered with the Securities Exchange Commission ("SEC"), a member of the Financial Industry Regulatory Authority ("FINRA"), and a member of the Securities Investor Protection Corporation ("SIPC"). The Company was organized in the State of Connecticut on January 11, 2000.

As is typical in the industry, the Company engages in activities with various financial institutions and brokers. In the event these counter parties do not fulfill their obligations, the Company may be exposed to risks.

(b) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting consistent with accounting principles generally accepted in the United States of America.

(c) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

(d) Cash equivalents

For purposes of reporting the statement of cash flows, the Company considers all cash accounts, which are not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Cash balances in excess of FDIC and similar insurance coverage are subject to the usual banking risks associated with funds in excess of those limits. At December 31, 2021, the Company had no uninsured cash balances.

(e) Income Taxes

The Company, with the consent of its member, has elected under the Internal Revenue Code to be a Limited Liability Company for both federal and state income tax purposes. In lieu of corporation income taxes, the members of a Limited Liability Company are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal or state income taxes has been included in the financial statements.

Summary of Significant Accounting Policies (continued)

(f) Significant Judgments

Revenue from contracts with customers includes fees from investment banking. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgement is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

The Company provides advisory services on acquisitions. Revenue for advisory arrangements is generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is cancelled. However, for certain contracts, revenue is recognized over time for advisory arrangements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgment is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. Retainers and other fees received from customers prior to recognizing revenue are reflected as contract liabilities. At December 31, 2021, all amounts were immaterial.

(g) Date of Management's Review

Management has evaluated subsequent events through ; the date on which the financial statements were available to be issued.

(h) Fair value of Financial institutions

All of the Company's financial assets and liabilities are carried at market value or at amounts, which, because of their short-term nature, approximate current fair value.

(i) Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital at amount equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness, and requires that the ratio of aggregate indebtedness to net capital not to exceed 15 to 1.

At December 31, 2021, the Company had excess net capital of \$9,722 and a net capital ratio of 1.88%.

(j) Commitments and contingencies

The Company does not have any commitments or contingencies.

2 Subsequent Events

The Company has evaluated subsequent events through March 12, 2022, the date which the financial statements were available to be issued, and has determined that the Company had no events occurring subsequent to December 31, 2021 requiring disclosure.

3. Company Condition

The Company had a net loss for the year ended December 31, 2021. The Company's stockholder has agreed to provide additional capital to the Company as necessary for it to continue to operate and maintain compliance with minimum net capital requirements.
