Form 8-K dated April 20, 2007

Item 4-01. Changes in Registrant's Certifying Accountant

We note in the penultimate paragraph of this report that "management may not have provided all requested audit documentation and/or information to allow" your former auditor to complete the audit for the fiscal year ended September 30, 2006. Please summarize the items that were not provided and for each, tell us the reason(s) why the document/information was not made available to them or withheld. In this regard, tell us whether or not this situation will also become a problem for your new auditor.

To the extent that you amend the Form 8-K to comply with our comment, please obtain and file an Exhibit 16 letter from the former accountant stating whether the accountant agrees with your Item 304 disclosures, or the extent to which the accountant does not agree.

As appropriate, please amend your filing and respond to these comments within five business days or tell us when you will provide us with a response. You may wish to provide us with marked copies of the amendment to expedite our review. Please furnish a cover letter with your amendment that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your amendment and responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
