Notes to Unaudited Consolidated Financial Statements

Note 1 – Basis of Presentation

Interim Financial Statements

The accompanying unaudited consolidated financial statements are presented in accordance with the requirements for Form 10-QSB and Article 10 of Regulation S-X and Regulation S-B. Accordingly, they do not include all the disclosures normally required by generally accepted accounting principles. Reference should be made to the Medical International Technology, Inc. (the "Company") Form 10-KSB for the year ended September 30, 2002, for additional disclosures including a summary of the Company's accounting policies, which have not significantly changed.

Principles of consolidation

The accompanying financial statements include the accounts and transactions of Medical International Technology, Inc. and its wholly owned subsidiary, 4063732 Canada, Inc. Intercompany transactions and balances have been eliminated in consolidation.

Foreign Currency Translations

The Company operates out of its offices in Montreal, Canada and maintains its books and records in Canadian Dollars. The financial statements herein have been converted into U.S. Dollars. Balance sheet accounts are translated at exchange rates in effect at the end of the year and income statement accounts have been translated at average exchange rates for the year. Translation gains and losses are included as a separate component of stockholders' equity.

Inventories

Inventories are stated at the lower of cost determined by the FIFO method or market.

Property and Equipment

The cost of property and equipment is depreciated over the estimated useful lives of the related assets, which range from 5 to 7 years. Depreciation is computed on the straight-line method for financial reporting purposes and on the declining balance method for income tax reporting purposes. Depreciation expense for the nine-months ended June 30, 2003 and 2002 were \$41,165, and \$18,179, respectively.

Intangible assets

Patents received in the merger of 4063732 Canada, Inc are being amortized over their respective remaining lives ranging from 9.5 years through 17 years Amortization expense for the nine months ended June 30, 2003 and 2002 were \$232, and \$139, respectively.

Intangible assets consist of the following:

June 30, 2003				Weighted Average Life (Years)
	Gross Intangible Assets	Accumulated Amortization	Net Intangible Assets	
Patents	\$ 2,642	\$ 444	\$ 2,198	11
June 30, 2002				Weighted Average Life (Years)
	Gross Intangible Assets	Accumulated Amortization	Net Intangible Assets	
Patents	\$ 2,588	\$ 165	\$ 2,423	11

Notes to Unaudited Consolidated Financial Statements

Estimated amortization expense for each of the next five years ended June 30, is as follows:

2004	\$	155
2005		155
2006		155
2007		155
2008		155
Total	\$	<u>775</u>

Net Loss Per Share

The Company adopted the provisions of Statement of Financial Accounting Standards ("SFAS") No. 128, "Earnings Per Share" ("EPS") that established standards for the computation, presentation and disclosure of earnings per share, replacing the presentation of Primary EPS with a presentation of Basic EPS.

Issuances Involving Non-cash Consideration

All issuances of the Company's stock for non-cash consideration have been assigned a dollar amount equaling either the market value of the shares issued or the value of consideration received whichever is more readily determinable.

Cash and Cash Equivalents

For purpose of the statements of cash flows, the Company considers cash and cash equivalents to include all stable, highly liquid investments with maturities of three months or less.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Company accounts for its income taxes under the provisions of Statement of Financial Accounting Standards 109 ("SFAS 109"). The method of accounting for income taxes under SFAS 109 is an asset and liability method. The asset and liability method requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of temporary differences between tax bases and financial reporting bases of other assets and liabilities.

Fair Value of Financial Instruments

Pursuant to SFAS No. 107, "Disclosures About Fair Value of Financial Instruments", the Company is required to estimate the fair value of all financial instruments included on its balance sheet as of June 30, 2003. The Company considers the carrying value of such amounts in the financial statements to approximate their face value.

Revenue Recognition

The Company recognizes revenue when the related product is shipped to the respective customer.

Management Plan of Operations

Medical International Technology, Inc. is receiving revenue from sales related to product distribution agreements entered into on September 24, 2002 with WLT Distributors Inc. Under the terms of these several agreements, which cover distribution for each of the Canadian provinces and the State of Montana in the USA, WLT Distributors Inc. makes an advance payment for products ordered and conducts sales and distribution in the defined territories based upon established minimum sales quotas. Medical International Technology expects revenues from sales will meet liquidity requirements for the next 12-month period at the current level of operations. Expanded operations may require additional capital from either a future equity offering or other methods of financing.

Management intends to continue its efforts to expand operations levels, review and evaluate sales achievements, and negotiate or adjust sales objectives for each territory to maintain or grow profitability. Revenues from sales are currently exceeding the minimum levels required by the distribution agreements. Management is currently negotiating agreements covering the United States and other distribution territories worldwide. MIT plans to promote its needle-free injectors at important exhibitions worldwide in 2003.

Distribution agreements as referenced herein are those as discussed in Medical International Technology's annual report on Form 10-KSB filed January 22, 2003 with the Securities and Exchange Commission, wherein such agreements were included as exhibits.

Item 3. Controls and Procedures

Medical International Technology, Inc. management, including the Principal Executive Officer and Principal Financial Officer, have conducted an evaluation of the effectiveness of disclosure controls and procedures pursuant to Exchange Act Rule 13a-14(c) and 15d-14(c). This evaluation was conducted within 90 days prior to the filing of this report. Based on that evaluation, the Principal Executive Officer and Principal Financial Officer concluded that the disclosure controls and procedures are effective in ensuring that all material information required to be filed in this quarterly report has been made known to them in a timely fashion. There have been no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date the Principal Executive Officer and Principal Financial Officer completed their evaluation.

1. I have reviewed this quarterly report on Form 10-QSB of Medical International Technology, Inc.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and have:
 - a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The registrant's other certifying officer and I have indicated in this quarterly report whether there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
