Safe Harbor Statement

The statements contained herein that are not historical facts are 'forward looking statements' within the meaning of Section 21E of the Securities and Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995. Such forward-looking statements may be identified by, among other things, the use of forward looking terminology such as 'believes,' 'expects,' 'may,' 'will,' 'should,' or 'anticipates' or the negative thereof or other variations thereon or comparable terminology, or by discussions of strategy that involve risks and uncertainties. In particular, our statements regarding the potential growth of the markets are examples of such forward-looking statements.

The forward-looking statements include risks and uncertainties, including but not limited to, general economic conditions and regulatory developments, not within our control. The factors discussed herein and expressed from time to time in our filings with the Securities and Exchange Commission could cause actual results and developments to be materially different from those expressed or implied by such statements. The forward-looking statements are made only as of the date of this filing, and we undertake no obligation to publicly update such forward-looking statements to reflect subsequent events or circumstances.
