## **Report of Independent Registered Public Accounting Firm**

To the Stockholders  
Anderson LeNeave & Co.  
Charlotte, North Carolina

### **Opinion on the Financial Statements**

We have audited the accompanying statements of financial condition of Anderson LeNeave & Co. (the "Company") as of December 31, 2020 and 2019, and the related statements of operations, changes in stockholders' equity, and cash flows for each of the years in the two-year period ended December 31, 2020, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2020 and 2019, and the results of its operations and its cash flows for each of the years in the two-year period ended December 31, 2020, in conformity with generally accepted accounting principles in the United States.

### **Basis for Opinion**

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

### **Other Supplementary Information**

The supplemental information contained in Schedule I, Computation of Net Capital and Net Capital Ratio Under Rule 15c3-1, has been subjected to audit procedures performed in conjunction with the audits of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5 under the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**ANDERSON LENEAVE & CO.****Notes to Financial Statements  
December 31, 2020 and 2019****Note 1 - Nature of operations**

Anderson LeNeave & Co. (the "Company"), a North Carolina corporation, is a full-service investment banking firm providing corporate finance services, including merger and acquisition advisory services and private financing placement and advisory services to middle market companies. The Company has elected to be registered as a broker-dealer, is a member of the Financial Industry Regulatory Authority (FINRA) and thus is subject to various rules and regulations promulgated by the Securities and Exchange Commission (SEC). Accordingly, the accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as applicable to brokers and dealers in securities.

**Note 2 - Summary of significant accounting policies****Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Company considers all highly liquid financial instruments purchased with a maturity of three months or less to be cash equivalents.

**Accounts receivable**

Trade accounts receivable are stated net of an allowance for doubtful accounts. Credit is extended to customers after an evaluation of the customer's financial condition, and generally collateral is not required. Management's determination of the allowance for doubtful accounts is based on an evaluation of the accounts receivable, past experience, current economic conditions, and other risks inherent in the accounts receivable portfolio. Trade accounts receivable are written-off when, in the opinion of management, such receivables are deemed to be uncollectible. No bad debt expense was incurred in 2020 and 2019. While management uses the best information available to make such evaluations, future adjustments to the allowance may be necessary if conditions differ substantially from the assumptions used in making the evaluations.

**Use of estimates in the preparation of financial statements**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**ANDERSON LENEAVE & CO.****Notes to Financial Statements  
December 31, 2020 and 2020****Note 2 - Summary of significant accounting policies (continued)****Fee Revenue**

The new revenue recognition guidance requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five-step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved. The Company evaluated the new revenue recognition accounting standard and determined that the accounting standard did not require a change in the Company's revenue recognition practices.

The Company provides advisory services on mergers and acquisitions (M&A) and private financing placement-related advisory services. Revenue for advisory arrangements is generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is cancelled. However, for certain contracts, revenue is recognized over time for advisory arrangements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgment is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. Retainers and other fees received from customers prior to recognizing revenue are reflected as contract liabilities.

Other revenue relates primarily to billable transaction costs. Billable transaction costs include travel, other out-of-pocket expenses, reproduction and other transaction costs incurred by the Company that are billed to customers under the terms of agreements in place with those customers. These costs are expensed as incurred and billed in accordance with the agreed-upon terms.

**Advertising**

Advertising costs are expensed as incurred.

**Income taxes**

The Company has elected to be treated as an S Corporation for state and federal income tax purposes. As such, substantially all income of the Company is reported by the stockholder on his individual income tax returns. Accordingly, no provision for income taxes has been included in the accompanying financial statements. Management has evaluated the tax positions of the Company and it is the opinion of management that there are no uncertain tax positions that would be material to these financial statements. The Company did not incur any federal income tax expense in 2020 or 2019.

**ANDERSON LENEAVE & CO.**

**Notes to Financial Statements  
December 31, 2020 and 2019**

**Note 2 - Summary of significant accounting policies (continued)**

**Lease Accounting**

The lease standard establishes a right-of-use model that requires a lessee to recognize a ROU asset and lease liability on the balance sheet for all leases with a term longer than 12 months. Leases will be classified as finance or operating, with classification affecting the pattern and classification of expense recognition on the income statement. The Company elected the package of practical expedients permitted under the transition guidance within the new standard, which among other things, allowed us to carry forward the historical lease classification of those leases in place as of January 1, 2019.

The Company determines if an arrangement is a lease at inception. The operating lease agreements are primarily for office space and are included within operating lease right-of-use ("ROU") assets and lease liabilities on the balance sheet as of December 31, 2020 and 2019.

ROU assets represent our right to use an underlying asset for the lease term and lease liabilities represent our obligation to make lease payments arising from the lease. ROU assets and lease liabilities are recognized at the commencement date based on the present value of lease payments over the lease term. Our variable lease payments consist of non-lease services related to the lease. Variable lease payments are excluded from the ROU assets and lease liabilities and are recognized in the period in which the obligation for those payments is incurred. As our lease do not provide an implicit rate, we use our incremental borrowing rate based on the information available at commencement date in determining the present value of lease payments. ROU assets also include any lease payments made and exclude lease incentives, if any. Rental expense for lease payments related to operating leases is recognized on a straight-line basis over the lease term.

The Company's long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used, such as bank premises and equipment, is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of, such as foreclosed properties, are reported at the lower of the carrying amount or fair value less costs to sell. The Company completed a review of its long-lived assets and determined that no impairment was required to be recorded during the years ended December 31, 2020 and 2019.

**Note 3 - Property and equipment**

Notes to Financial Statements  
December 31, 2020 and 2019

**Note 8 - Concentration of credit risk**

The Company places its cash and cash equivalents on deposit with a North Carolina financial institution. The balance at the financial institution is insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. From time-to-time, the Company may have balances in excess of the FDIC insured limit.

**Note 9 – Contingencies and uncertainties / COVID-19 Pandemic**

On January 30, 2020, the World Health Organization declared the coronavirus "COVID-19" outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of COVID-19 include restrictions on travel, quarantines, or "stay-at-home" restrictions in certain areas and forced closures for certain types of public places and businesses. COVID-19 and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets globally, including the geographical areas in which the Company/Organization operates.

While it is unknown how long these conditions will last and what the complete financial impact will be, the Company is closely monitoring the impact of the COVID-19 pandemic on all aspects of the business/operations and is unable at this time to predict the continued impact that COVID-19 will have on their business, financial position, and operating results in future periods due to numerous uncertainties.

The Company received a loan under the Paycheck Protection Program ("PPP Loan") for an amount of \$82,600, which was established under the Cares Act and administered by the Small Business Administration ("SBA"). The Company's loan forgiveness application was approved by its Bank on September 25, 2020 and by the SBA on November 27, 2020 in the full amount of the loan, plus accrued interest. As such the original principal amount of the loan has been recorded as other income as of December 31, 2020, but is not subject to taxation.

**Note 10 – Subsequent Event**

The Company has evaluated subsequent events through February 11, 2021, in connection with the preparation of these financial statements which is the date the financial statements were available to be issued.

## Report of Independent Registered Public Accounting Firm

To the Stockholders  
Anderson LeNeave & Co.  
Charlotte, North Carolina

We have reviewed management's statements, included in the accompanying Exemption Report (Schedule II), in which (1) Anderson LeNeave & Co. (the "Company") identified that it is considered a "Non-Covered Firm" exempt from provisions of 17 C.F.R. §15c3-3 and is filing its Exemption Report relying on footnote 74 to Securities Exchange Commission ("SEC") Release 34-70073, and as discussed in Q&A 8 of the related FAQ issued by the SEC staff. The Company limits its business activities exclusively to conducting business activities as an investment banking firm providing corporate finance, private placement, and advisory services, (2) The Company (i) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4; (ii) did not carry accounts of or for customers; and (iii) did not carry PAB accounts (as defined in Rule 15c3-3), throughout the most recent fiscal year without exception.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in Rule 15c3-3 under the Securities Exchange Act of 1934.
