INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Directors and Stockholders

T.Z.F. International Investments, Inc. (formerly Sabai Sabai Enterprises, Corp.)
(A Nevada Corporation)

We have reviewed the accompanying Consolidated Balance Sheets of T.Z.F. International Investments, Inc. (formerly Sabai Sabai Enterprises, Corp.) (A Nevada Corporation) as of September 30, 2001 and September 30, 2000, and the Consolidated Statements of Operations, Cash Flows and Changes in Stockholders' Equity for the nine month periods then ended in accordance with Statements on Standards for Accounting and Review Services issued by the America Institute of Public Accountants. All information included in these financial statements is the representation of the management of T.Z.F. International Investments, Inc.

A review consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with United States generally accepted accounting principles (GAAP).

Notes to Consolidated Financial Statements
September 30, 2001
(In US Dollars)
(Unaudited)

Note 1. ORGANIZATION AND NATURE OF BUSINESS

The Company was incorporated under the laws of the State of Nevada on September 15, 1998, as Sabai Sabai Enterprises, Corp., and on May 25, 2000, changed its name to T.Z.F. International Investments, Inc.

Pursuant to a stock purchase agreement dated March 30, 2000, T.Z.F. International Herbs Investment Inc., ("BC Company") purchased 1,000,000 shares of the issued and outstanding common stock of the Company. These shares were purchased in anticipation of the subsequent completion of a share exchange transaction between the Company and the BC Company. In conjunction with completion of the share exchange transaction these shares were cancelled, effective April 30, 2000, and as a result, the amount of the par value of \$1,000 attributable to such shares was transferred to paid-in capital.

Pursuant to the terms of the share exchange which was effective as of April 30, 2000, the Company acquired all of the issued and outstanding stock of the BC Company in exchange for the issuance of 18,451,843 shares of its authorized but previously unissued shares of common stock, which shares were valued at \$5,352,932 for purposes of the acquisition. Assets and liabilities of the BC Company at the date of acquisition on April 30, 2000, were as follows:

Assets

In May 2000, the Company completed a 10:1 forward split of its outstanding stock. This forward split increased the number of issued and outstanding shares from 600,000 (1,600,000 previously outstanding less the 1,000,000 shares which were cancelled) to 6,000,000.

Subsequent to completion of the share exchange on April 30, 2000, the BC Company (the Company's wholly-owned subsidiary) received subscriptions for 340,000 additional shares. The Company elected to convert such shares to shares of its own common stock on the same terms as it completed the share exchange. Therefore, effective as of July 4, 2000 the Company issued 340,000 additional shares in exchange for shares of the BC Company

In May 2000, following completion of the forward split, the Company authorized the issuance of 250,000 restricted shares as compensation for consulting services at a price of CAD\$1.50 per share, to the following:

| <u>Name</u> | <u>Number of Shares</u> | <u>Consideration Cad\$</u> | <u>Equivalent US\$</u> |

| | <u>250,000</u> | <u>\$375,000</u> | <u>\$252,400</u> |

Accordingly, the amount of \$252,400 was recorded as stock-based compensation in the financial statements for the year ended December 31, 2000.

T.Z.F. International Herbs Investment Inc., which is now a wholly-owned subsidiary of the Company, owns the formula and all distribution and intellectual property rights, including trademark, patent and industry design rights, for Snow Lotus Tea products.

The Company and its wholly-owned subsidiary, the BC Company, are both based in Richmond, British Columbia, Canada.

On December 21, 2000 the BC Company acquired 100% of issued and outstanding shares of Tianan Investment Limited ("Tianan"), a British Virgin Islands company with an office in Hong

Kong for the total price of HK\$21,500,000 (US\$2,758,847), which was paid in cash in three installments. The BC Company paid the first installment totaling HK \$6,638,318.09 (approximately US \$851,100) in two parts, on July 7 and July 10, 2000. The second installment of HK \$6,261,681.91 (approximately US \$802,800), and the final installment of HK\$8,600,000.00 (approximately US \$1,104,947), which were paid on October 20, 2000 and December 20, 2000, respectively, were both paid by Xin Chen, one of the principal shareholders.

The sole asset of Tianan is its 100% ownership of Tianan Pharmacy (Xiamen) Co., Ltd. (“Tianan Pharmacy”), a manufacturer of Chinese biological and herbal medicine products. Tianan Pharmacy has a plant which is located in the Torch High Tech Development Zone of Xiamen, China, where it currently conducts research and development and produces herbal and biological medicines which it distributes and sells in China.

As a result of the closing of this purchase transaction, Tianan became our wholly-owned subsidiary.

Assets and liabilities of Tianan at the date of acquisition on December 21, 2000, were as follows:

Assets

Total cash payments on acquisition

\$2,758,847

On December 31, 2000, the BC Company completed the purchase of all of the shares of T.Z.F. International Herbs (Jiangsu) Co. Ltd. ("TZF Jiangsu") (formerly Second Pharmacy Factory of Yancheng City), ("Second Pharmacy"), a Chinese corporation. The assets were purchased from The People's Government of JianWu County, JiangSu Province, the People's Republic of China. The purchase was completed pursuant to the terms of an Acquisition and Investment Agreement dated September 12, 2000.

In accordance with the Acquisition and Investment Agreement, the purchase price was a total of RMB14,000,000.00 (US \$1,786,591), which was paid in cash in two installments, plus assumption of liabilities totaling approximately RMB400,000 (approximately US\$48,000). The first cash installment totaling RMB3,000,000.00 (approximately US \$362,000) , was paid on September 18, 2000. The second cash installment of RMB11,000,000.00 (approximately US \$1,376,591) was paid in two parts, on November 22 and November 28, 2000.

The purchase price for the assets of TZF Jiangsu was determined through arms length negotiation with the seller.

The cash purchase price for the assets of TZF Jiangsu was paid on our behalf by Xin Chen, one of the principal shareholders. These payments were part of a total of US\$5,000,000 which Mr. Chen paid or advanced on behalf of the Company during the fiscal year ended December 31, 2000.

The assets of TZF Jiangsu consist primarily of an automated assembly line used for the production of various pharmaceutical products. The Company will continue to use this equipment and factory for the production of pharmaceutical products and will seek to expand and improve the operations.

In addition to payment of the initial purchase price of RMB14,000,000 for purchase of the existing assets of TZF Jiangsu, the Acquisition and Investment Agreement contemplates that during the next three years we will invest an additional sum of RMB14,000,000 in fixed assets, technological improvements, research and development and marketing in order to improve and expand the operations of TZF Jiangsu. In return for the Company's commitment to make this additional capital investment, the seller, The People's Government of JianWu County, JiangSu Province, the People's Republic of China has agreed to grant the Company various incentives, including rent free occupancy of certain new plant space for 50 years, an agreement to refund certain Value Added Tax for 3 years, a 100% exemption from income taxes for three years commencing in 2001, a 50% exemption from income taxes for an additional 3 years thereafter, an exemption from the Industrial and Commercial Administration Charge and other industry fees for one year, and an exemption from a variety of other fees and surcharges during the period that the new plant space is under construction.

Assets and liabilities of TZF Jiangsu at the date of acquisition on December 31, 2000, were as follows:

By an Acquisition and Investment Agreement dated December 31, 2000, the Company completed the purchase of all of the shares of Shenzhen Tianzifu Network Technology Ltd., (“Shenzhen TZF Net”) (formerly Shenzhen Xinhaihu Industry Trading & Development Co., Ltd.), a Chinese corporation, and including its subsidiary, Meixian County Hengkang Pharmaceutical Company. The purchase price is \$3,000,000, of which, \$2,481,410 was paid, and the balance of \$518,590 is recorded as payable on acquisition as a current liability in these financial statements.

The major businesses of Shenzhen TZF Net are in China and include pharmaceutical businesses, material supply, computer network software and hardware development and related business information consulting.

Shenzhen TZF Net. owns and operates a major health food and medicine online sales network,

as outlined below through which Chinese products are marketed and brand products from North America and the rest of the world will be distributed under licenses. It also serves as T.Z.F.'s China headquarters, as it owns one subsidiary, directly, which is Meixian County Hengkang Pharmaceutical Company, and will administer the operations of all current and future T.Z.F. subsidiaries in China.

Shenzhen TZF Net operates a Chinese-Language health food Web site. Its objective is to centralize the management of the entire T.Z.F. network in China and to improve its efficiency and economic scale, including that of the manufacturing, sales and marketing functions. It proposes to expand the existing distribution network and channels of distribution of all current subsidiaries of T.Z.F. in China with its competitive edge and unique resources. It will carry out the T.Z.F. plan of building 200 chain counters and stores in the top 200 major department stores nationwide, and to open 50 licensed drug stores, 60 chain stores and 20 distribution centers in selected locations in China. After Shenzhen TZF Net has completed building the sales network platform domestically in China, it will then focus on attracting international suppliers of health food or related health care products that wish to export their products to China, and use this expanding international network to market Chinese health food products and herbal medicines. Shenzhen TZF Net proposes to be the flagship operation of an effective, competitive China-North America manufacturing, sales and marketing network.

Shenzhen TZF Net will apply the computer network and database technology that it has developed and is currently using in-house to consolidate, standardize and specialize its management and distribution systems in order to maximize operating efficiencies. It will implement a Retailer Management System, an Electronic Ordering System and an Electronic Data Interchange. Network Technology's head office will control the organization of the chain stores. Its online network will be able to present a virtual sales platform for the eventual B2B and B2C transaction. Shenzhen TZF Net proposes to have seven departments: marketing, merchandise, sales, information center, distribution center, general management/administration and accounting.

Meixian County Hengkang Pharmaceutical Company, is a wholly owned subsidiary of Shenzhen TZF Net. It was formed in 1995 and is located in Meixian County in Guangdong Province. It has a staff of 60 and is one of only few pharmaceutical wholesalers/retailers (out of 990 wholesale enterprises and 3,760 retailers) in Guangdong Province to meet the GSP requirements. Hengkang Pharmaceutical wholesales and retails chemical pharmaceutical preparation, antibiotic pharmaceutical preparations, Chinese traditional medicine preparations, Chinese traditional medicine tablets and health products throughout Southern China including Guanxi, Fujian and Hunan provinces. Hengkang Pharmaceutical plans to expand its facilities and market share in order to meet the growing demand for medicines and to become a major pharmaceutical distributor and wholesaler in Southern China.

Assets and liabilities of Shenzhen TZF Net at the date of acquisition on December 31, 2000, were as follows:

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of consolidation

The accompanying consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, T.Z.F. International Herbs Investment Inc., Tianan Investment Limited (and its wholly-owned subsidiary Tianan Pharmacy (Xiamen) Co. Ltd.), TZF International Herbs (JiangSu) Co. Ltd. and Shenzhen Tianzhifu Network Technology Ltd. All intercompany transactions and balances have been eliminated.

Basis of presentation

These consolidated financial statements have been prepared in accordance with Accounting Principles Generally Accepted in the United States ("USGAAP").

Development stage company

The accompanying consolidated financial statements have been prepared in accordance with the provisions of Statement of Financial Accounting Standard No. 7, "Accounting and Reporting by Development Stage Enterprises", which include cumulative figures for the statement of operations and cash flows from the date of inception on September 15, 1998 to September 30, 2001.

Business Combinations

The Company uses the Purchase Method in accounting for its acquisitions and amortizes goodwill over a twenty year period.

Goodwill will be subject to review for impairment. This review would be at the lowest reporting level or levels that include the acquired business (i.e., the reporting unit). Goodwill would be considered impaired and subject to write-down if the fair value of the reporting unit's goodwill is less than its carrying amount. The fair value of goodwill would be determined by subtracting the fair value of the recognized net assets of the reporting unit (excluding goodwill) from the fair value of the reporting unit. The amount of the impairment would be the difference between the carrying amount and the fair value of the goodwill.

Use of estimates

The preparation of financial statements in conformity with USGAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents consists of cash on deposit and highly liquid short-term interest bearing securities with a maturity at the date of purchase of three months or less.

Income Taxes

Provisions for income taxes are based on taxes payable or refundable for the current year and deferred taxes on temporary differences between the amount of taxable income and pretax financial income and between the tax bases of assets and liabilities and their reported amounts in the financial statements. Deferred tax assets and liabilities are included in the financial statement at currently enacted income tax rates applicable to the period in which the deferred tax assets and liabilities are expected to be realized or settled as prescribed in FASB Statement No. 109, Accounting for Income Taxes. As changes in tax laws or rate are enacted, deferred tax assets and liabilities are adjusted through the provision for income taxes.

Compensated absences

Employees of the corporation are entitled to paid vacations, sick days and other time off depending on job classification, length of service and other factors. It is impractical to estimate the amount of compensation for future absences, and accordingly, no liability has been recorded in the accompanying financial statements. The corporation's policy is to recognize the costs of compensated absences when paid to employees.

Net earnings per share

The Company adopted Statement of Financial Accounting Standards No. 128 that requires the reporting of both basic and diluted earnings per share. Basic earnings per share is computed by dividing net income available to common shareowners by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock. In accordance with FASB 128, any anti-dilution effects on net loss per share are excluded.

Disclosure about fair value of financial instruments

The Company has financial instruments, none of which are held for trading purposes. The Company estimates that the fair value of all financial instruments at September 30, 2001 as defined in FASB 107, does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet. The estimated fair value amounts have been determined by the Company using available market information and appropriate valuation methodologies. Considerable judgment is required in interpreting market data to develop the estimates of fair value, and accordingly, the estimates are not necessarily indicative of the amounts that the Company could realize in a current market exchange.

Fixed assets

Fixed assets are stated at cost less accumulated depreciation. Depreciation is recorded on the following rates, based upon the useful life of the assets.

| | |
|-----------------------|---|
| Office equipment | - 20% per annum on the declining balance basis |
| Leasehold improvement | - allocated on a straight-line basis over the term of lease |
| Vehicles | - 30% per annum on the declining balance basis |
| Computer equipment | - 30% per annum on the declining balance basis |
| Buildings | - 4.75% per annum on the straight-line basis |
| Mechanical devices | - 19% per annum on the straight-line basis |
| Electric devices | - 19% per annum on the straight-line basis |
| Shipping devices | - 19% per annum on the straight-line basis |
| Other devices | - 19% per annum on the straight-line basis |

Long-lived assets

Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of," requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset in question may not be recoverable. This standard does not have a material effect on the Company's results of operations, cash flows or financial position in these financial statements.

Foreign currency translation

The functional currency of the parent Company T.Z.F. International Investments, Inc. is the United States Dollar and of T.Z.F. International Herbs Investment Inc. is the Canadian Dollar, Tianan Pharmacy (Xiamen) Co. Ltd., T.Z.F. International Herbs (Jiangsu) Co. Ltd. and Shenzhen Tianzifu Network Technology Ltd. are Chinese Yuan and the reporting currency on a consolidated basis is the United States Dollar.

The assets, liabilities, and operations of the Company are expressed in the functional currency of the Company in United States Dollars. Operations of the subsidiary, T.Z.F. International Herbs Investment Inc. are in Canadian Dollars and in conformity with US GAAP they are translated into the reporting currency, the United States Dollar.

Monetary assets and liabilities are translated at the current rate of exchange.

The weighted average exchange rate for the period is used to translate revenue, expenses, and gains or losses from the functional currency to the reporting currency.

The gain or loss on translation is reported as a separate component of stockholders' equity and not recognized in net income. Gains or losses on remeasurement are recognized in current net income.

Gains or losses from foreign currency transactions are recognized in current net income.

Fixed assets are measured at historical exchange rates that existed at the time of the transaction.

Depreciation is remeasured at historical exchange rates that existed at the time the underlying related asset was acquired.

An analysis of the changes in the cumulative translation adjustment as disclosed as part of stockholders' equity, is as follows:

| | Nine Months Ended <u>September 30, 2001</u> | Nine Months Ended <u>September 30, 2000</u> |
|--------------------------------------|--|--|
| Balance, December 31, 2000 and 1999 | \$ 4,383 | \$ - |
| Change during the period | <u>(3,650)</u> | <u>572</u> |
| Balance, September 30, 2001 and 2000 | <u>\$ 733</u> | <u>\$572</u> |

The effect of exchange rate changes on cash balances is reported in the statement of cash flows as a separate part of the reconciliation of change in cash and cash equivalents during the period.

Concentration of credit risk

Financial instruments that potentially subject the Company to a significant concentration of credit risk consist primarily of cash and cash equivalents which are not collateralized. The Company limits its exposure to credit loss by placing its cash and cash equivalents with high credit quality financial institutions.

Inventories

The inventories are recorded at the lower of cost or market. As at September 30, 2001 the inventories total \$2,276,709 (see note 7)

Revenue Recognition

The Securities and Exchange Commission (SEC) issued Staff Accounting Bulletin (SAB) 101, Revenue Recognition in Financial Statements, in December 1999. The SAB summarizes certain of the SEC staff's views in applying generally accepted accounting principles to revenue recognition in financial statements. During the current year, the Company performed a review of its revenue recognition policies and determined that it is in compliance with SAB 101.

Web Site Development Expenses

Web site development expenses relate to the development of new online services and consist principally of employee compensation, as well as costs for content, facilities and equipment. The consensus in the Financial Accounting Standards Board Emerging Issues Task Force (EITF) Issue No. 00-2, Accounting for Web Site Development Costs, requires that certain costs to develop Web sites be capitalized or expensed, depending on the nature of the costs. Development expenses of \$101,588 have been capitalized and will be either expensed in 2001 or amortized over a period of 30 months after completion the Web Site (note 13).

Shipping and Handling Fees and Costs

In September 2000, the Financial Accounting Standards Board Emerging Issues Task Force (EITF) reached a final consensus on EITF Issue No. 00-10, Accounting for Shipping and Handling Fees and Costs. This consensus requires that all amounts billed to a customer in a sale transaction related to shipping and handling, be classified as revenue. The Company historically has netted shipping charges to customers with shipping and handling costs which are included in operating expenses in the Statements of Operations. With respect to the classification of costs related to shipping and handling incurred by the seller, the EITF determined that the classification of such costs is an accounting policy decision that should be disclosed. The Company will adopt the consensus in the Issue in fiscal 2001.

Note 14. INTANGIBLE ASSETS - TECHNOLOGY RIGHTS

By agreement dated December 15, 1999, Shenzhen Hengyunda Enterprises Co. Ltd. of P.R. China agreed to sell and assign certain information and rights relating to a series of products known as the Snow Lotus Tea series products to the BC Company.

The BC Company agreed to pay consideration of \$4,038,229 for acquisition of these assets, through the issuance of 6,000,000 shares of its Class B common stock, which were valued for purposes of the acquisition at a price of CAD\$1.00 per share, for total consideration of CAD\$6,000,000 (US\$4,038,229).

Shenzhen Hengyunda Enterprises Co. Ltd. has warranted that there are no charges or encumbrances against the rights being acquired.

This agreement includes the sale, assignment and transfer of all the right, title and interest in and to the Product Information and all the rights to use, exploit, develop or otherwise deal with the Product Information or the Project, including the right to register any Intellectual Property in connection with the Product, the same to be held and enjoyed by the BC Company and its successors and assigns as fully and effectively as the same would have been held and enjoyed by Shenzhen Hengyunda Enterprises Co. Ltd. had this transfer and assignment not been made. Shenzhen Hengyunda Enterprises Co. Ltd. further agrees to execute and deliver all such documents and further assurances as may be necessary or desirable to give effect to the sale and assignment.

Amortization of the cost of the technology will commence when the products relating to the technologies are available to be marketed; which is expected to be effective in 2002. The

amortization period is for ten years on a straight-line basis. No amortization of these technology rights is included in these financial statements for the quarter ended 30, 2001.

As of September 30, 2001, all previous unpaid management fees were cancelled (see note 17) as a credit for \$288,000 to administration costs for the current period.

Note 17. RELATED PARTY TRANSACTIONS

- a) By Director Resolution, each of Mr. Eric Liu, Director and Vice-president of the Company, Mr. Chung Yu, Director and CEO of the Company and Mr. Xin Chen, Director and Chairman of the Company, respectively, will be paid CAD\$8,000 per month as remuneration effective December 1, 1998. Payment of such director's fees may be deferred until such time as the Company has had an Initial Public Offering (IPO), or as the Board of Directors may otherwise decide in view of the financial situation of the Company at that time.

By agreement all unpaid management fees were cancelled as of July 1, 2001.

- b) The amount of \$429,058 is due to related parties as at September 30, 2001, is unsecured, non interest bearing, with no specific terms of repayment.
- c) The principal shareholders offered to all warrant holders to exchange their warrants for shares held by the principal shareholders pursuant to such ratio so that, with the completion of the warrant/share exchange, the per share cost of the share/warrant held by the minority shareholder effectively stands at CAD\$0.75 per share. The share/warrant change became effective as of December 17, 2000.
- d) During the fiscal year ended December 31, 2000, Mr. Xin Chen, Director and Chairman of Board of Directors of the Company, advanced a total of approximately \$5,500,000 on behalf of the Company. These funds were used in part for purchase of the assets of TZF Jiangsu, and in part for purchase of all of the issued and outstanding stock of Tian'an Investments Limited, a British Virgin Islands Corporation (which was completed on December 21, 2000) and part of

the payment on the acquisition of 100% issued and outstanding shares of Shenzhen T.Z.F. Network Technologies Co., Ltd.

On December 28, 2000, the Company signed a Debt Settlement Agreement with Mr. Xin Chen. Mr. Chen agreed to take 10,000,000 common shares of the Company at a price of CAD\$0.75 (US\$0.50) per share to repay \$5,000,000 of his loan. These shares have warrants attached entitling the holder to purchase additional 10,000,000 common shares of the Company at a price of CAD\$1.50 per share until December 28, 2001, and thereafter, at a price of CAD\$2.50 per share until December 28, 2002.

Note 31 DISTRIBUTION AGREEMENTS

- a) By agreement dated December 15, 2000, effective January 1, 2001, Trophic Canada Ltd. ("the Supplier"), granted TZF International Investments, Inc. (TZF) the exclusive right to promote, distribute, and sell the supplier's products within the "Territory" of China, which includes Hong Kong, SAR, for a period of five years. Continuation of this exclusive right is contingent upon meeting or exceeding the purchase of products for a minimum of CAD\$50,000 within the first distribution year, a minimum of CAD\$200,000 within the second distribution year, and increases of approximately 20% in each of the subsequent distribution years.

The supplier may terminate the distribution agreement if TZF breaches any terms of the agreement, including but not restricted to the annual sales requirements, if any breaches are not remedied within three months after written notice.

TZF cannot assign the agreement or subcontract its obligations under the agreement without the consent in writing of the supplier. The supplier is an arms length party unrelated to TZF.

- b) By agreement dated June 22, 2001, effective June 22, 2001, Puresource Inc. ("the Supplier") granted TZF International Investments, Inc. (TZF) the exclusive right to promote, distribute, and sell the supplier's products within the "Territory" of China, which includes Hong Kong, SAR, for a period of five years. Continuation of this exclusive right is contingent upon meeting or exceeding the purchase of products for a minimum of US\$20,000 within 12 months after the initial Product has been approved for sale in the Territory by the appropriate Government department.

The supplier may terminate the distribution agreement if TZF breaches any terms of the agreement, including but not restricted to the annual sales requirements, if any breaches are not remedied within 45 days after written notice.

This agreement shall be renewed for additional successive renewal periods of five year terms upon written notice by either of the parties, delivered at least 60 days prior to the expiration of the preceding period and in any case the Distributor will always have the first choice of renewal.

By agreement dated July 25, 2001 effective July 25, 2001, Flora Manufacturing and Distributing Ltd. ("the Supplier"), granted TZF International Investments, Inc. ("TZF") the exclusive right to promote, distribute, and sell the supplier's products within the "Territory" of the Peoples' Republic of China (excluding Hong Kong and Macao) for a period of three years. Continuation of this exclusive right is contingent upon meeting or exceeding the purchase of products for a

minimum of US\$50,000 within 12 months after the initial Product has been approved for sale in the Territory by the appropriate government department and in the next two years thereafter or US\$200,000 in the second year and US\$400,000 in the third year.

The supplier may terminate the distribution agreement if TZF breaches any terms of the agreement, including but not restricted to the annual sales requirements, if any breaches are not remedied within three months after written notice.

This agreement shall be renewed for additional successive renewal periods of three year terms upon written notice by either of the parties, delivered at least 60 days prior to the expiration of the preceding period and in any case the Distributor will always have the first choice of renewal.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Forward Looking Statements.

Certain statements in this report, including statements in the following discussion which are not statements of historical fact, are what are known as "forward looking statements," which are basically statements about the future, and which for that reason, involve risk and uncertainty, since no one can accurately predict the future. Words such as "plans," "intends," "will," "hopes," "seeks," "anticipates," "expects," "goal" and "objective" often identify such forward looking statements, but are not the only indication that a statement is a forward looking statement. Such forward looking statements include statements of our plans and objectives with respect to the present and future operations of the Company, and statements which express or imply that such present and future operations will or may produce revenues, income or profits. Numerous factors and future events could cause the Company to change such plans and objectives, or fail to successfully implement such plans or achieve such objectives, or cause such present and future operations to fail to produce revenues, income or profits. Therefore, the reader is advised that the following discussion should be considered in light of the discussion of risks and other factors contained in this Form 10QSB and in the Company's other filings with the Securities and Exchange Commission, and that no statements contained in the following discussion or in this Form 10QSB should be construed as a guarantee or assurance of future performance or future results.

Plan of Operations

The Company's business plan is to build a vertically and horizontally integrated network of health food distribution centers and retail counters in China that will sell products both under the T.Z.F. brand name and under other Chinese and Western brand names.

During the fiscal year ended December 31, 2000, the Company completed several acquisitions. However, the acquisitions which were the most significant were all completed in December 2000, at the end of the fiscal year. Therefore, the first quarter of the current fiscal year was the first quarter for which the Company was involved in management of the operations of these subsidiaries. During the second quarter the Company focused its efforts on integrating and consolidating the operations of its subsidiaries and on preparing them for development and expansion of their operations. In the third quarter, the Company began making an effort to expand the operations of its subsidiaries.

Specific activities by the Company during the quarter ended September 30, 2001, included entering into an agreement on July 25, 2001 with Flora Manufacturing and Distributing Ltd. which granted the Company the exclusive right to promote, distribute, and sell its products within China (excluding Hong Kong and Macau) for a period of three (3) years, with sales volume conditions. Continuation of this exclusive right is contingent upon meeting or exceeding the purchase of products for a minimum of US\$50,000 within 12 months after the initial product has been approved for sale in China by the appropriate government department and in the next two years thereafter of US\$200,000 in the second year and US\$400,000 in the third year. The products produced by Flora include natural bulk laxatives, herbal therapeutic teas and cold-pressed unrefined oils for medicinal use and food preparation.

A subsidiary of the Company, Shenzhen Tianzifu Network Technology Ltd. ("Shenzhen TZF") has signed agreements with twenty large department stores in Sichuan Province, PRC, in which the Company can sell its products on its own special counters. Eight counters are in use currently. The balance of the counters are under construction. Ultimately, the Company anticipates having 40 such counters in Sichuan Province. In Wuhan City, the Company has three counters in operation in department stores. Two more are in progress. The goal is to open a total of 200 counters in the top 200 department stores nationwide.

During the third quarter, T.Z.F. International Herbs (Jiangsu) Co. Ltd. ("TZF Jiangsu") (formerly Second Pharmacy Factory of Yancheng City), ("Second Pharmacy") got GMP approval from the Chinese government on its transfusion injection product and has started to produce this product. At same time, TZF Jiangsu is preparing other products for which it plans to seek GMP approval.

Financial Condition and Results of Operations. There have been no material changes in the Company's financial condition and results of operation since the end of the last quarter. However, as a result of the acquisition of its subsidiaries, the Company's financial condition and results of operation for the quarter ended September 30, 2001 are so significantly different than its financial condition and results of operation for the period ended September 30, 2000 that no meaningful comparison is possible.

For example, the Company's total assets as of September 30, 2001 were \$23,822,949, as compared to total assets of \$23,362,388 as of June 30, 2001 and total assets of \$7,051,668 as of September 30, 2000. Total current liabilities were \$5,944,334 as of September 30, 2001, as compared to total current liabilities of \$5,959,328 as of June 30, 2001 and current liabilities of \$1,184,498 as of September 30, 2000. Sales revenue and net profit for the quarter ended September 30, 2001 were \$3,037,899 and \$474,746, respectively, as compared to \$270,969 sales revenue and a net loss of (\$174,080) for the quarter ended September 30, 2000.

Need for Additional Capital. The Company plans to invest a total of up to US \$68 million into its subsidiaries by the end of 2001. These funds are expected to be raised through private placement or public sale of its securities, or through loans or additional investments from existing shareholders. However, the Company does not currently have any commitments to provide any additional capital, and there is no assurance that the Company will be able to raise all, or any substantial portion, of the funds required to carry out its plan of operations for fiscal 2001. In the event the Company is not able to raise all, or a substantial portion of the funds, it will be required to limit its expansion plans, and to substantially modify its plan of operations.

PART II

ITEM 1. LEGAL PROCEEDINGS

On or about October 12, 2000, a lawsuit was filed in the courts of Vancouver, British Columbia, Canada against a subsidiary of the Company, T.Z.F. International Herbs Investment Inc. ("TZF Herbs") by Expediter Sales, Ltd. ("Expediter"). Prior to the lawsuit, the parties had been parties to a distributorship agreement wherein Expediter became the exclusive distributor in Canada of the Company's Snow Lotus Tea. In the Statement of Claim, Expediter claims unspecified damages for breach of contract, including lost profits, lost of business and goodwill, damages for fraudulent misrepresentation, wrongful use of Expediter's name, and an injunction to prevent the subsidiary from selling any herbal tea in Canada. Although the lawsuit filed by Expediter does not specify the amount of damages being claimed, the Company does not believe that the amount involved could be sufficient enough to make the outcome of the lawsuit material to the Company's operations.

In its Statement of Defence, TZF Herbs strongly denied all of Expediter's allegations and alleged that Expediter itself had in fact breached the contract between the parties by failing to sell the required amount of goods as set forth in the contract. TZF Herbs continues to dispute all claims made against it and will vigorously defend itself against the claims alleged by Expediter.
