INTERNATIONAL EQUITY SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

Note (1) - Nature of Business:

International Equity Services, Inc. (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC"), and a member of the Financial Industry Regulatory Authority, Inc. ("FINRA") and the Securities Investor Protection Corp. ("SIPC"). The Company acts as an introducing broker, and all transactions for its customers are cleared through and carried by another broker on a fully disclosed basis. Accordingly, open customer transactions are not reported on the books and records of the Company.

Note (2) - Summary of Significant Accounting Policies

(A) Method of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting. The accrual basis of accounting recognizes revenues in the accounting period in which the revenues are earned regardless of when the cash is received, and recognizes expenses in the accounting period in which the expenses are incurred regardless of when cash is disbursed.

(B) Revenue Recognition

Revenues are primarily comprised of commissions on trade executions, commissions on sale of investment company shares, and related charges. Commissions on such transactions are recorded on a trade date basis as is the related expenses. Interest revenue is generated on margin accounts and is recognized as earned.

(C) Securities and Transactions:

The Company records securities transactions, including commission revenue on a trade-date basis.

(D) Income Taxes:

The Company has elected under the applicable provision of the Internal Revenue Service and New York State Franchise Tax Codes to have the Corporation report its income for Federal and New York State Franchise tax purposes as an "S" corporation. Accordingly, the stockholders report the net taxable income or loss of the Company in their personal returns. Therefore, no provisions are made in the accompanying financial statements for Federal or NYS Franchise taxes, except for the NYS Franchise tax on "S" corporations.

At December 31, 2018, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company's files its income tax returns in the US federal as well as state and local jurisdictions, and remains subject to U.S. federal and state income tax audits for all periods subsequent to 2014.

(E) Property and Equipment:

Property and equipment are stated at cost. Depreciation is computed by the straight-line method over the estimated useful lives of the various classes of depreciable assets.

(F) Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Company considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents. As of December 31, 2018, there were no cash equivalents.

INTERNATIONAL EQUITY SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2018

Note (2) - Summary of Significant Accounting Policies - Continued
(G) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could vary from those estimates.

(H) Concentration of Credit Risk

The Company executes, as agent, securities transactions on behalf of its customers. If either the customer or a counter-party fail to perform, the Company may sustain a loss if the market value of the security is different from the contract value of the transaction. The Company as a non-clearing broker does not handle any customer funds or securities. The responsibility for processing customer activity rests with the Company's clearing firm.

The Company maintains its cash in accounts that, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Note (3) - Property and equipment

Property and equipment consists of the following as of: December 31, 2018

Furniture and equipment	\$	18,384
Computer equipment		53,166
		<u>71,550</u>
Less: Accumulated depreciation		61,165
Net book value	\$	<u>10,385</u>

Depreciation amounted to for the year ended December 31, 2018 \$ 7,986

Fixed assets are depreciated using the straight-line method over the estimated life of the related asset. Estimated lives for equipment is five years and furniture and fixtures is ten years.

Note (4) - Related party Transactions

The Company and its affiliate are owned by the same stockholders. The Company pays its pro-rata share of the rent and electricity for the space it occupies.

Total expenses paid for the year ended December 31, 2018 was: \$ 44,205

During the year the Company paid a distribution to its share holders in the amount of: \$ 50,000

INTERNATIONAL EQUITY SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2018

Note (5) - Net capital Requirement

As a registered broker-dealer, the Company is subject to the SEC's Uniform Net Capital Rule 15c3-1. The Rule requires that the Company maintain minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1).

At December 31, 2018, the Company had net capital of: \$ **244,643**
 which exceeded its requirement of \$5,000 by: \$ **239,643**

Note (6) - Compensated Absences

Employees of the Company are entitled to paid vacations, paid sick days and personal days off depending on job classification, length of service and other factors. It is impracticable to estimate the amount of compensation for future absences, and, accordingly, no liability has been recorded in the accompanying financial statements. The Company's policy is to recognize the costs of compensated absences when actually paid to employees.

Note (7) - Subsequent events evaluation

Management has evaluated subsequent events through February 21, 2019, the date the financial statements were available to be issued.

Note(8) - Commitment and Contingencies

Year Ended December 31,	
2019	43,179
2020	43,687
2021	36,759
	<u>\$ 123,625</u>

Note(9) - Revenue Recognition

On January 1, 2018, the Company adopted ASU 2014-09 Revenue from Contracts with Clients and all subsequent amendments to the ASU (collectively, "ASC 606"), which creates a single framework for recognizing revenue from contracts with clients that fall within its scope. The Company's revenues come from other sources which are outside the scope of ASC 606.

Note(10) - Recently Issued Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, Leases, which replaces the existing guidance in ASC 840, Leases. The new standard establishes a right-of-use model that requires a lessee to record a right-of-use asset and a lease liability on the balance sheet for all leases with terms longer than twelve months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of income. The guidance will be effective for annual reporting periods beginning after December 15, 2018, and early adoption is permitted. Management of the Company is currently evaluating the impact of ASU 2016-02 will have on its financial statements and related disclosures.
