Notes to Statement of Financial Condition

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Lightspeed Financial Services Group LLC (Company), a subsidiary of Lightspeed Holdings, LLC (Parent), is a broker-dealer registered with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority, Inc. (FINRA); is an introducing broker registered with the Commodity Futures Trading Commission (CFTC); and is a member of the National Futures Association (NFA). The Company conducts business on a fully disclosed basis with Wedbush Securities Inc. (WSI) and Interactive Brokers (IB) pursuant to clearing agreements (collectively referred to as the Clearing Brokers). WSI is a wholly owned subsidiary of Wedbush Capital (Wedbush). Wedbush is the majority owner of the Company's Parent. The Company files an Exemption Report as described in SEA Rule 17a-5.

A summary of significant accounting policies is either discussed below or included in the following footnotes.

(a) **Basis of Presentation**

The Company follows accounting principles generally accepted in the United States of America (U.S. GAAP), as established by the Financial Accounting Standards Board (FASB), to ensure consistent reporting of financial condition, results of earnings and cash flows. The U.S. dollar is the functional currency of the Company.

(b) **Use of Estimates**

In preparing the statement of financial condition, management is required to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the statement of financial condition. Although estimates and assumptions are based on the best available information, actual results could be different from these estimates.

(c) **Fair Value of Financial Instruments**

Certain assets and liabilities, including Cash, Cash segregated for the benefit of customers, Accounts receivable, Accounts payable and Accrued expenses and other liabilities, Due from and Due to clearing and other brokers, have a carrying value that approximates fair value due to their short-term nature.

(d) **Cash**

The Company maintains cash in accounts held by major banks and financial institutions, which at times exceed the amounts insured by the Federal Deposit Insurance Corporation. The Company has not experienced any losses related to these balances.

(e) **Cash Segregated for the Benefit of Customers**

Cash segregated for the benefit of customers consist of cash segregated in a special reserve bank account for the exclusive benefit of customers.

LIGHTSPEED FINANCIAL SERVICES GROUP LLC

Notes to Statement of Financial Condition

June 30, 2023

(f) **Accounts Receivable**

Accounts receivable represents fees, commissions, and other balances receivable from customers. This includes balances owed to the Company from customers who have equity deficits with the WSI. The \$461,738 in allowance for doubtful accounts is related to equity deficits which are unlikely to be collected from the customers.

Details to the allowance for doubtful accounts as of June 30, 2023 are as follows:

June 30, 2022	(137,095)
Increase in Allowance	(585,351)
Bad Debt	260,708
June 30, 2023	<u><u>\$ (461,738)</u></u>

(g) **Allowance for Credit Loss**

The Current Expected Credit Losses (CECL) model requires the measurement of expected credit losses for financial assets measured at amortized cost using relevant information about past events, including historical credit loss experience on financial assets with similar risk characteristics, current conditions, and reasonable and supportable forecasts that affect the collectability of the remaining cash flows over the contractual term of the financial assets. The overall estimate of the allowance for credit losses is based on both quantitative and qualitative considerations.

For all the financial assets subject to CECL, there is no history of significant credit losses and reasonable expectation of minimal future credit losses with any potential measurement of credit losses being immaterial. Other than the \$461,738 discussed above, no other CECL allowance against outstanding balances were deemed necessary on June 30, 2023.

(h) **Goodwill and Intangible Assets**

The Company tests goodwill for impairment annually or when an event occurs, or circumstances change that signify the existence of impairment. The Company also carries intangible assets which have an indefinite life which are not subject to amortization. The Company performs a qualitative assessment to determine whether it is more likely than not that the fair value of goodwill and indefinite life intangible assets is less than the respective carrying value. The Company amortizes finite-lived intangible assets on a straight-line basis over their useful lives and tests for recoverability whenever events indicate that the carrying amounts may not be recoverable.

(i) **Furniture, Equipment and Leaseholds**

Furniture, equipment, and leasehold improvements are stated at cost less accumulated depreciation and amortization. Depreciation and amortization are computed on a straight-line basis over the estimated useful lives of the assets. The estimated useful lives of the assets range from 3 to 7 years. Leasehold improvements are amortized over the lesser of the asset's economic life or the lease period.

(j) Income Taxes

The Company is a limited liability company taxed as a partnership for federal and state income tax purposes. Because the Company is subject to Unincorporated Business Tax in New York City (NYC), the Company incurred tax expenses for the reporting period.

LIGHTSPEED FINANCIAL SERVICES GROUP LLC

Notes to Statement of Financial Condition

June 30, 2023

The Company performs a qualitative assessment to determine whether it is more likely than not that the fair value of goodwill is less than the carrying value.

6. OFF-BALANCE SHEET RISK AND CONCENTRATION OF CREDIT RISK

In the normal course of business, securities transactions of customers are introduced to and cleared through the Clearing Brokers. Pursuant to the respective agreements between the Company and the Clearing Brokers, the Clearing Brokers have the right to charge the Company for unsecured losses that result from a customer's failure to complete such transactions.

The Company has not historically experienced nonperformance by customers in the above situations. In addition, the Company has a policy of reviewing, as considered necessary, the credit standing of the customers, the Clearing Brokers, and financial institutions with which it conducts business.

In the normal course of business, customers may sell securities short. Subsequent market fluctuations may require the Clearing Brokers to obtain additional collateral from the Company's customers. It is the policy of the Clearing Brokers to value the short positions daily and to obtain additional collateral when deemed appropriate.

7. NET CAPITAL REQUIREMENT

The Company is a member of FINRA and is subject to the SEC Uniform Net Capital Rule 15c3-1 (the Rule). The Rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. The Company is also subject to the CFTC's minimum financial requirements, which require that the Company maintain net capital, as defined, equal to the greater of its requirements under Regulation 1.17 under The Commodity Exchange Act or Rule 15c3-1. LIGHTSPEED FINANCIAL SERVICES GROUP LLC

Notes to Statement of Financial Condition

June 30, 2023

For purposes of determining the present value of the total lease liability, the Company used a discount rate of 6.53% which is equal to the Company's estimated incremental borrowing rate.

(b) Contingencies

Without admitting or denying the findings, the Company agreed to a Letter of Acceptance, Waiver, and Consent and a \$290,000 fine with NYSE ARCA, Inc., regarding Market Access Rule (15c3-5). This was regarding its execution only business for a FINRA broker dealer relating to the sale of its former Lime algo business for the period December 1, 2020 through November 2, 2021. This arrangement was terminated in December 2021. The issue was with the setting of certain credit limits for the customer accounts of the FINRA broker dealer and the documentation that the limits were considered reasonable.

In the ordinary course of business, the nature of the Company's business subjects it to claims, lawsuits, regulatory examinations or investigations, and other proceedings. The Company is subject to on-going regulatory inquiries at the present time. Given the inherent difficulty in predicting the outcome of such regulatory matters in which substantial or indeterminate damages or fines are sought, the Company cannot estimate losses or ranges of losses for such matters where there is only a reasonable possibility that a loss may be incurred.

9. RELATED PARTY TRANSACTIONS

As of June 30, 2023, the Company had receivable balances of \$39,440 from its Parent and \$3,624 from Lightspeed Technology Services LLC. These balances are reflected in Due from affiliates on the Statement of Financial Condition.

The Company does not anticipate any significant changes to its total unrecognized tax liabilities in the next 12 months.

There are no uncertain tax positions recorded in the financial statements. If there was any interest or penalties related to uncertain tax positions, it would be recorded in tax expense. Tax years 2020 – 2023 remain subject to examination by taxing authorities.

Deferred Tax Assets

The Company recognizes deferred tax assets for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. It should be noted that deferred tax assets and liabilities arose primarily due to the Company's tax obligation pursuant to NYC's UBT.
