(A Development Stage Company)
Notes to Condensed Consolidated Financial Statements
Quarters Ended December 31, 2007 and 2006

Note 1 – Nature of Business and Basis of Presentation and Development Stage Activities

The Company was incorporated on September 2, 1999 in the State of Nevada as LMC Capital Corp. and was organized for the purpose of creating a corporate vehicle to locate and acquire an operating business. On December 12, 2001, the Company changed its name to K-Tronik International Corp. ("KTI").

By agreement dated November 29, 2001 and approved by the board of directors effective December 12, 2001, KTI issued 14,285,714 shares of restricted common stock to the shareholders of K-Tronik Int'l Corporation, a Nevada corporation, in exchange for 100% interest in K-Tronik Asia Corporation ("KTA"), a Korean corporation. In connection with this transaction, K-Tronik Int'l Corporation changed its name effective December 12, 2001 to K-Tronik N.A. Inc. ("KTNA").

The acquisition resulted in the former shareholders of KTNA acquiring 93.4% of the outstanding shares of KTI and has been accounted for as a reverse acquisition with KTNA being treated as the accounting parent and KTI, the legal parent, being treated as the accounting subsidiary. Accordingly, the consolidated results of operations of KTI included those of KTNA for all periods shown and those of the KTI since the date of the reverse acquisition.

KTNA and KTA were engaged in the manufacture and distribution of various types of electronic stabilizers and illuminator ballasts for fluorescent lighting fixtures. KTNA granted credit, on an unsecured basis, to distributors and installers located throughout the United States.

On December 15, 2004, KTI entered into an agreement to sell all of its interest in KTNA and the fixed assets of its subsidiary, KTA. KTI is no longer engaged in the business of manufacturing, distributing or selling electronic ballasts and is considered to have re-entered the development stage at December 15, 2004.

On June 13, 2006, KTI announced it would implement a new corporate strategy focusing on horseracing track development opportunities. An agreement was signed on June 19, 2006 to buy exclusive rights for a racetrack and casino (racino) development opportunity in Saskatchewan, Canada. As part of the new strategy the Company incorporated 6584292 Canada Inc. under which it would operate the new development opportunity. On July 5, 2006, KTI changed its name to Racino Royale, Inc. ("RR" or the "Company") to reflect its intention to engage in the business of owning or leasing race-courses and/or conduct horse-races.

Going Concern

The accompanying consolidated financial statements have been prepared on a going concern basis, in accordance with accounting principles generally accepted in the United States of America.

The going concern basis of presentation assumes that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities and contingencies in the normal course of operations.

There is doubt about the Company's ability to continue as a going concern as it has an accumulated deficit of \$ 6,961,138 and a stockholders' deficiency of \$138,411 as at December 31, 2007. The Company's ability to continue as a going concern is dependent upon the Company's ability to raise additional capital and successfully complete a business acquisition or business opportunity. The outcome of these matters cannot be predicted at this time.

The consolidated financial statements have been prepared on a going concern basis and do not include any adjustments to the amounts and classifications of the assets and liabilities that would be necessary if the going concern basis was not appropriate.

Note 2.- Summary of Significant Accounting Policies

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete consolidated financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Interim results are not necessarily indicative of the results that may be expected for a full year. There have been no significant changes of accounting policies since September 30, 2007. These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-KSB for the fiscal year ended September 30, 2007, as filed with the Securities and Exchange Commission.

Note 3. Recent Accounting Pronouncements

In February 2007, the Financial Accounting Standards Board ("FASB") issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities - Including an amendment of FASB Statement No. 115" ("SFAS No. 159"). SFAS No. 159 permits an entity to elect fair value as the initial and subsequent measurement attribute for many financial assets and liabilities. Entities electing the fair value option would be required to recognize changes in fair value in earnings. Entities electing the fair value option are required to distinguish, on the face of the statement of financial position, the fair value of assets and liabilities for which the fair value option has been elected and similar assets and liabilities measured using another measurement attribute. SFAS No. 159 is effective for the Company's first fiscal year beginning after November 15, 2007. The adjustment to reflect the difference between the fair value and the carrying amount would be accounted for as a cumulative-effect adjustment to retained earnings as of the date of initial adoption. The Company is currently evaluating the impact, if any, of SFAS No. 159 on the Company's consolidated financial statements.

On May 2, 2007 the FASB issued FASB Interpretation FIN No. 48-1, "Definition of Settlement in FASB Interpretation 48" ("FIN 48-1"). FIN 48-1 amends FIN 48, "Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109", to provide guidance on how an enterprise should determine whether a tax position is effectively settled for the purpose of recognizing previously unrecognized tax benefits. The guidance in FIN 48-1 shall be applied upon the initial adoption of FIN 48 which is applicable for fiscal years beginning after December 15, 2006. Implementation of FIN 48-1 did not have a material effect on the Company's consolidated financial statements.

In December 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard ("SFAS") No. 141(R), "Business Combinations". SFAS 141(R) establishes principles and requirements for how the acquirer, recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, an any noncontrolling interest in the acquiree, recognizes and measures the goodwill acquired in the business combination or a gain from a bargain purchase, and determines what information to disclose to enable users of the financial statements to evaluate the nature and financial effects of the business combination. SFAS 141(R) is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. As such, the Company is required to adopt these provisions at the beginning of the fiscal year ended September 30, 2009. The Company is currently evaluating the impact of SFAS 141(R) on its consolidated financial statements but does not expect it to have a material effect.

In December 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard ("SFAS") No. 160, "Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51". SFAS 160 establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. SFAS 160 is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. As such, the Company is required to adopt these provisions at the beginning of the fiscal year ended September 30, 2009. The Company is currently evaluating the impact of SFAS 160 on its consolidated financial statements but does not expect it to have a material effect.

Note 4 - Impairment of Licensing Rights

On June 14, 2006, the Company acquired the exclusive rights for a racetrack development opportunity in Saskatchewan, Canada.

Licensing rights were valued as follows:

Cash	\$ 22,727
Capital stock issuance (5,000,000 shares at \$0.24 per share)	1,200,050
Warrants (500,000 at \$0.10 per share)	93,694
Legal costs	1,000
Total	<u>\$ 1,317,471</u>

The warrants are exercisable at \$0.10 per share, expiring in three years from the date of issuance.

The licensing rights were tested for recoverability and as a result of a change in events and circumstances it was determined that the carrying amount may not be recoverable. As a result, an impairment charge was recognized for the full amount of the licensing in the fiscal year ending September 30, 2007.

Note 5 - Due to Related Parties

Amounts due to related parties are non-interest bearing, unsecured and have no specified terms of repayment and arise from the related companies settling liabilities on behalf of the Company. At December 31, 2007, \$166,633 was due to Eiger Technology Inc. Eiger Technology Inc. is considered a related party due to its ownership interest in Racino.

Note 6 - Advances to Corporation

On September 12, 2007, the Company entered into a Letter of Intent to acquire all the issued and outstanding common shares of InterAmerican Gaming Corp. ("InterAmerican"). Pursuant to the Letter of Intent the Company agreed to fund the development of InterAmerican prior to closing.

Amounts due from InterAmerican at December 31, 2007 were as follows:

InterAmerican Gaming Corp	\$ 79,055
---------------------------	------------------

Note 7 - Subsequent Event

On January 28, 2008 the Company closed the acquisition of InterAmerican Gaming Corp.. Racino Royale, Inc. entered into a Share Exchange Agreement with the shareholders of InterAmerican from which the Company is obligated to issue 13,500,000 shares of its common stock to acquire all of the issued and outstanding shares of InterAmerican. InterAmerican is a private casino management which is pursuing acquisitions of existing operations as well as developing Latin American casino projects.

An amended and restated purchase agreement between Eiger and FVLI dated as of January 8, 2008 and accompanying option agreement dated January 8, 2008 call for Eiger to sell 2,620,000 shares of Racino to FVLI for gross proceeds of \$131,000 and to grant FVLI an option to purchase an additional 2,620,000 shares at \$0.05 per share until September 1, 2008, as opposed to 14,021,600 shares as originally contemplated. Post closing Eiger holds a 39% equity ownership position in Racino.

The revised agreement will enable Eiger to maintain a significant stake in Racino.

Item 2. Management's Discussion And Analysis Of Financial Condition And Results Of Operations

The following discussion should be read in conjunction with the Company's condensed consolidated financial statements and the notes thereto. The discussion of results, causes and trends should not be construed to imply any conclusion that such results or trends will necessarily continue in the future.

Critical Accounting Policies

We believe that the estimates, assumptions and judgments involved in the accounting policies described below have the greatest potential impact on our financial statements, so we consider these to be our critical accounting policies. Because of the uncertainty inherent in these matters, actual results could differ from the estimates we used in applying the critical accounting policies. Within the context of these critical accounting policies, we are not currently aware of any reasonably likely event that would result in materially different amounts being reported.

The accounting assumptions and policies used in the preparation of our financial statements are explained in the notes attached thereto and appearing later in this Report on Form 10QSB.

Results of Operations For the Three Month Period Ended December 31, 2007 Compared to 2006

Net Sales

The Company reported net sales of nil for both the three month periods ended December 31, 2007 and 2006, as the Company did not have an active business.

Gross Profit

As a result of nil sales gross profit was also nil during both the three month periods ended December 31, 2007 and 2006.

General and Administrative

General and Administrative (G&A) expenses were \$15,271 during the three month period ended December 31, 2007 and \$30,273 during the three month period ended December 31, 2006

Operating Loss

The loss from continuing operations during the three month period ended December 31, 2007 was \$50,978 compared to \$30,273 during the comparative period in the prior year. The change is attributable to an increase in Management and Professional fees.

Interest and Other Expenses

The Company reported interest and other expenses of nil during both three month periods ended December 31, 2007 and 2006.

Liquidity and Capital Resources

At December 31, 2007, the Company had a working capital deficit of \$138,411, and cash of \$581 as compared to working capital deficit of \$187,136 and cash and cash equivalents of \$5,611 at December 31, 2006. The decrease in working capital deficit was primarily attributed to the increase in amounts received from related parties.

Net cash used in continuing operating activities was \$38,344 arising from the operating losses as adjusted for non-cash working capital items.

Cash flows provided by financing activities was \$36,450 primarily from advances from related parties.

The Company's continuation as a going concern is uncertain and dependant on successfully bringing its services to market, achieving future profitable operations and obtaining additional sources of financing to sustain its operations, the outcome of which cannot be predicted at this time. The Company largely relies on related parties to fund the operating losses as it develops its go forward business plan. Management is hopeful that the financial position of the Company will improve as the new business strategy unfolds. There can be no assurance that related party funding will continue on favourable terms if at all. In the event the Company does not generate positive cash flow from future operations or cannot obtain the necessary funds, it will be necessary to delay, curtail or cancel the business operations.

Inflation

Management does not believe that inflation had a material adverse affect on the financial statements for the periods presented.

Item 3. Controls And Procedures

Evaluation of disclosure controls and procedures

Our management, including our chief executive officer, have carried out an evaluation of the effectiveness of our disclosure controls and procedures as of December 31, 2007, pursuant to Exchange Act Rules 13a-15(e) and 15(d)-15(e).
