REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Director and Stockholder of
Ivy Securities, Inc.

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Ivy Securities, Inc. (the "Company") as of December 31, 2017, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2017 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

YSL & Associates LLC

We have served as Ivy Securities, Inc.'s auditor since 2015.

The accompanying notes are an integral part of this statement of financial condition.

Notes to Statement of Financial Condition
December 31, 2017

1. Organization

Ivy Securities, Inc. (the “Company”) is a broker-dealer registered with the Securities and Exchange Commission (the “SEC”) and is a member of the Financial Industry Regulatory Authority (“FINRA”).

The Company’s principal business is comprised primarily of agency commissions. The Company may provide certain products or services for its customers in return for which the customers provide orders for securities transactions.

2. Significant Accounting Policies

Cash Equivalents

Cash equivalents include a money market mutual fund which is readily convertible into cash.

Basis of Presentation

The Company’s statement of financial condition was prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Commission Revenue and Expense Recognition from Securities Transactions

Securities transactions and the related commission revenues and expenses are recorded on a trade-date basis.

Accrued Expenses

Amounts include estimated third-party research services to be paid by the Company on behalf of certain customers. Such amounts are agreed on and calculated based on the commissions earned for execution of brokerage transactions.

Use of Estimates

In preparing the statement of financial condition, management makes estimates and assumptions that may affect the reported amounts. Such estimates include assumptions used in determining the provision for income taxes. Actual results could differ from these estimates.

Income Taxes

The Company has elected to be treated as an “S” corporation under Subchapter S of the Internal Revenue Code. Accordingly, no provision has been made for federal income taxes since the income or loss of the Company is allocated to the stockholder for inclusion in the individual’s personal income tax return.

In accordance with GAAP, the Company is required to determine whether a tax position of the Company is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized could result in the Company recording a tax liability that would reduce stockholder’s equity. This policy also provides guidance on thresholds, measurement, de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition that is intended to provide better financial statement comparability among different entities. Management’s conclusions regarding this policy may be subject to review and

2. Significant Accounting Policies (continued)

Income Taxes (continued)

adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof.

The Company files its income tax returns in the U.S. federal and state jurisdictions.

New Accounting Pronouncements - In May 2014, the Financial Accounting Standards Board ("FASB") issued ASU No. 2014-09, Revenue from Contracts with Customers, which creates a new Topic, Accounting Standards Codification (Topic 606). The standard is principle-based and provides a five-step model to determine when and how revenue is recognized. The core principle is that a company should recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which it expects to be entitled in exchange for those goods or services. This standard is effective for interim or annual periods beginning after December 15, 2017 and allows for either full retrospective or modified retrospective adoption. Early adoption of this standard is not allowed. Management is currently evaluating the impact of the adoption of Topic 606 will have on the Company's financial statements.

3. Off Balance Sheet Risk

In the normal course of business, the Company's activities involve the execution and settlement of various customer securities transactions. These activities may expose the Company to off-balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

Pursuant to its clearance agreement, the Company introduces all of its securities transactions to its clearing broker on a fully-disclosed basis. All of the customers' money balances and long and short security positions are carried on the books of the clearing broker. In accordance with the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral in the customers' accounts.

In addition, the receivable from the clearing broker is pursuant to this clearance agreement and includes a clearing deposit of \$200,000.

4. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1) ("the Rule") under the Securities Exchange Act of 1934. The Company has elected to use the alternative method permitted by the Rule, which requires the Company maintain minimum net capital, as defined, shall not be less than \$250,000. At December 31, 2017, the Company had net capital of approximately \$2,553,000 which was approximately \$2,303,000 in excess of required minimum net capital of \$250,000.

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934 as the Company's activities are limited to those set forth in the condition for exemption appearing in paragraph (k)(2)(ii).

Notes to Statement of Financial Condition
December 31, 2017

5. Concentration of Credit Risk

All cash and cash equivalents are held by several different major financial institutions and therefore are subject to the credit risks of those financial institutions.

Approximately 85% of the Company's liquid assets are held at one major financial institution.

The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to those deposits.

The Company invested approximately 18% of its assets in a certificate of deposit maturing February 25, 2019.

6. Commitments

The Company rents office space under an operating lease that expires March 31, 2019. The future minimum annual base rent payments required under this operating lease is approximately \$23,600.
