Dear Mr. Kazam:

Proposal No. 2: Approval of Amendment to Certificate of Incorporation to Effect a Reverse Stock Split, page 24

1. We note your statement on page 24 that "Although at present, apart from the sale of the additional equity securities that we may contemplate, we have no other current arrangements or understandings providing for the issuance of the additional shares that would be made available for issuance upon effectiveness of the reverse stock split." Please expand your discussion to describe the sale of the additional equity securities to which you have referred.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.
