Kinder Morgan G.P., Inc. has delegated to us, to the fullest extent permitted under Delaware law and Kinder Morgan Energy Partners, L.P.'s limited partnership agreement, all of its rights and powers to manage and control the business and affairs of Kinder Morgan Energy Partners, L.P., subject to the general partner's right to approve specified actions. We are a limited partner in Kinder Morgan Energy Partners, L.P. through our ownership of its i-units, and manage and control its business and affairs pursuant to the delegation of control agreement. Our success is dependent upon our operation and management of Kinder Morgan Energy Partners, L.P. and its resulting performance, see Note 5.

We have prepared the accompanying unaudited interim consolidated financial statements under the rules and regulations of the Securities and Exchange Commission. Under such rules and regulations, we have condensed or omitted certain information and notes normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States of America. We believe, however, that our disclosures are adequate to make the information presented not misleading. The consolidated financial statements reflect all adjustments that are, in the opinion of management, necessary for a fair presentation of our financial results for the interim periods presented. You should read these interim consolidated financial statements in conjunction with our consolidated financial statements and related notes included in our Annual Report on Form 10-K for the year ended December 31, 2002 ("2002 Form 10-K"). Certain prior period amounts have been reclassified to conform to the current presentation. Unless the context requires otherwise, references to "we," "us," "our," or the "Company" are intended to mean Kinder Morgan Management, LLC and its consolidated subsidiary, Kinder Morgan Services, LLC.

These distributions are paid in the form of additional shares or fractions thereof calculated by dividing the Kinder Morgan Energy Partners, L.P.'s cash distribution per common unit by the average market price of a share determined for a ten-trading day period ending on the trading day immediately prior to the ex-dividend date for our shares.

**4. Business Activities and Related Party Transactions**

million of expenses on behalf of Kinder Morgan Energy Partners, L.P. during the three months ended March 31, 2003 and 2002, respectively. The expense reimbursements by Kinder Morgan Energy Partners, L.P. to us are accounted for as a reduction to the expense incurred. At March 31, 2003, a \$2.1 million payable to Kinder Morgan Energy Partners, L.P. is recorded in the caption "Accounts Payable: Related Party" in the accompanying interim Consolidated Balance Sheet.

***Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.*****General**

We are a publicly traded Delaware limited liability company, formed on February 14, 2001, that has elected to be treated as a corporation for federal income tax purposes. Our voting shares are owned by Kinder Morgan G.P., Inc., an indirect wholly owned subsidiary of Kinder Morgan, Inc. and the general partner of Kinder Morgan Energy Partners, L.P.

**Business**

Kinder Morgan G.P., Inc. has delegated to us, to the fullest extent permitted under Delaware law and Kinder Morgan Energy Partners, L.P.'s limited partnership agreement, all of its rights and powers to manage and control the business and affairs of Kinder Morgan Energy Partners, L.P., subject to the general partner's right to approve specified actions.

**Financial Condition**

As indicated by the accompanying interim Consolidated Balance Sheets, there has been no material change in our financial condition during the current quarter.

**Results of Operations**

Our results of operations consist of the offsetting expenses and receipts associated with our managing and controlling the business and affairs of Kinder Morgan Energy Partners, L.P. and our equity in the earnings of Kinder Morgan Energy Partners, L.P. attributable to the i-units we own. At March 31, 2003, through our ownership of i-units, we owned approximately 25.6% of all of Kinder Morgan Energy Partners, L.P.'s outstanding limited partner interests. We use the equity method of accounting for our investment in Kinder Morgan Energy Partners, L.P. and, therefore, we record earnings equal to our share of Kinder Morgan Energy Partners, L.P.'s limited partners' net income. Our percentage ownership in Kinder Morgan Energy Partners, L.P. will change over time upon the distribution of additional i-units to us or upon issuances of additional common units or other equity securities by Kinder Morgan Energy Partners, L.P.

For the three months ended March 31, 2003 and 2002, Kinder Morgan Energy Partners, L.P. reported limited partners' net income of \$94.0 million and \$79.6 million, respectively. The reported segment earnings contribution by business segment for Kinder Morgan Energy Partners, L.P. is set forth below. This information should be read in conjunction with Kinder Morgan Energy Partners, L.P.'s Annual Report on Form 10-K for the year ended December 31, 2002 and with its Quarterly Report on Form 10-Q for the quarter ended March 31, 2003.

Our earnings, as reported in the accompanying interim Consolidated Statements of Income, represent equity in earnings attributable to the i-units we own, reduced by a deferred income tax provision. The deferred income tax provision is calculated based on the book/tax basis difference created by our recognition, under accounting principles generally accepted in the United States of America, of our share of the earnings of Kinder Morgan Energy Partners, L.P. Our earnings per share (both basic and diluted) is our net income divided by our weighted-average number of outstanding shares during each period presented. There are no securities outstanding that may be converted into or exercised for shares.

**Income Taxes**

We are a limited liability company that has elected to be treated as a corporation for federal income tax purposes. Deferred income tax assets and liabilities are recognized for temporary differences between the basis of our assets and liabilities for financial reporting and tax purposes. Changes in tax legislation are included in the relevant computations in the period in which such changes are effective. Currently, our only such temporary difference results from recognition of the increased investment associated with recording our equity in the earnings of Kinder Morgan Energy Partners, L.P. The effective tax rate used in computing our income tax provision is 38 percent for the three months ended March 31, 2003 and was 40 percent for the three months ended March 31, 2002, composed of the 35 percent federal statutory rate and a provision for state income taxes.

We are a party to a tax indemnification agreement with Kinder Morgan, Inc. Pursuant to this tax indemnification agreement, Kinder Morgan, Inc. agreed to indemnify us for any tax liability attributable to our formation or our management and control of the business and affairs of Kinder Morgan Energy Partners, L.P., and for any taxes arising out of a transaction involving the i-units we own to the extent the transaction does not generate sufficient cash to pay our taxes with respect to such transaction.

**Liquidity and Capital Resources**

Our authorized capital structure consists of two classes of interests: (1) our listed shares and (2) our voting shares, collectively referred to in this document as our “shares.” Additional classes of interests may be approved by our board and holders of a majority of our shares, excluding shares held by Kinder Morgan, Inc. and its affiliates. The number of our shares outstanding will at all times equal the number of i-units of Kinder Morgan Energy Partners, L.P. we own. Under the terms of our limited liability company agreement, except in connection with our liquidation, we do not pay distributions on our shares in cash but we make distributions on our shares in additional shares or fractions of shares. At the

same time Kinder Morgan Energy Partners, L.P. makes a distribution on its common units and i-units, we distribute on each of our shares that fraction of a share determined by dividing the amount of the cash distribution to be made by Kinder Morgan Energy Partners, L.P. on each common unit by the average market price of a share determined for a ten-trading day period ending on the trading day immediately prior to the ex-dividend date for our shares.

On February 14, 2003, we paid a share distribution of 858,981 shares to shareholders of record as of January 31, 2003, based on the \$0.625 per common unit distribution declared by Kinder Morgan Energy Partners, L.P. On May 15, 2003, we will make a distribution totaling 859,933 shares to shareholders of record as of April 30, 2003, based on the \$0.64 per common unit distribution declared by Kinder Morgan Energy Partners, L.P. These distributions are paid in the form of additional shares or fractions thereof calculated by dividing the Kinder Morgan Energy Partners, L.P.'s cash distribution per common unit by the average market price of a share determined for a ten-trading day period ending on the trading day immediately prior to the ex-dividend date for our shares.

We expect that our expenditures associated with managing and controlling the business and affairs of Kinder Morgan Energy Partners, L.P. and the reimbursement for these expenditures received by us from Kinder Morgan Energy Partners, L.P. will continue to be equal. As stated above, the distributions we expect to receive on the i-units we own will be in the form of additional i-units. Therefore, we expect neither to generate nor to require significant amounts of cash in ongoing operations. We currently have no debt and have no plans to incur any debt. Any cash received from the sale of additional shares will immediately be used to purchase additional i-units. Accordingly, we do not anticipate any other sources or needs for additional liquidity.
