During 2005 a shareholder loaned the Company \$33,507 to pay expenses. The Company executed a note in favor of this shareholder on December 31, 2005. The note is due on July 15, 2006. Interest begins to accrue at 12% at that date if the note is not paid.

During the three months ended March 31, 2006, the president and sole director loaned the Company \$11,054 to pay expenses. The Company executed notes in favor of the president and sole director. The notes are due on July 15, 2006. Interest begins to accrue at 12% at that date if the note is not paid.

During the three months ended March 31, 2006, a shareholder loaned the Company \$15,918 to pay expenses. The Company executed notes in favor of this shareholder. The notes are due on July 15, 2006. Interest begins to accrue at 12% at that date if the note is not paid.

No interest was paid during the three months ended March 31, 2006.

During the three months ended March 31, 2006 the company paid a shareholder \$2,500 toward a note. The remaining principal balance of \$12,435 is included in the accompanying financial statements as "Indebtedness to related parties". Accrued interest expense on the note totaled \$3,978 at March 31, 2006 and is included in "Accrued interest payable" on the balance sheet.

Accrued compensation and common stock

Commencing July 1, 2003, the Company began accruing an annual salary of \$250,000 for its president and sole director based on an employment agreement executed in 2003. In addition, under the terms of the employment agreement, the president and sole director was awarded a monthly auto allowance of \$700 per month and opportunities to receive performance-based bonuses. As of March 31, 2006, the president and sole director had not received any payments toward the auto allowance. The balance owed at March 31, 2006 for the auto allowance totaled \$23,100, which is included in the accompanying consolidated financial statements as "Indebtedness to related parties".

No additional bonuses were authorized or accrued for the three months ended March 31, 2006

As of March 31, 2006 and 2005, accrued salaries and bonuses of the president and sole director totaled \$687,500 and \$887,500, respectively. These accruals are included in the accompanying consolidated financial statements as "Indebtedness to related parties".

Note 4: Income Taxes

The Company records its income taxes in accordance with Statement of Financial Accounting Standard No. 109, "Accounting for Income Taxes". The Company incurred net operating losses during all periods presented resulting in a deferred tax asset, which was fully allowed for; therefore, the net benefit and expense resulted in no income taxes.

Note 5 – Stockholder's Equity

Preferred stock

Preferred stock may be issued in series as determined by the Board of Directors. As required by law, each series must designate the number of shares in the series and each share of a series must have identical rights of (1) dividend, (2) redemption, (3) rights in liquidation, (4) sinking fund provisions for the redemption of the shares, (5) terms of conversion and (6) voting rights. The Company is authorized to issue 10,000,000 of its \$0.001 par value preferred stock. No preferred stock was issued and outstanding at March 31, 2006.

Common stock

During the three months ended March 31, 2006, the Company issued 10,500,000 shares of its common stock to consultants in exchange for business consulting services. Stock-based compensation expense of \$663,000 was recognized in the accompanying financial statements for the three months ended March 31, 2006. Management valued the transaction at a 40% discount from the traded market value of the common stock using a regression analysis due to the high volatility and thinly traded nature of the Company's common Stock.

Standby Equity Distribution Agreement

During October 2004, the Company entered into a Standby Equity Distribution Agreement (the "Agreement") with Katalyst. Under the terms of the Agreement, Katalyst has committed to purchase up to \$5 million of the Company's common stock over the course of 24 months after an effective registration of the Company's common stock. Any purchases are to be issued under the securities laws of the United States under Regulation D. The purchase price has been set at 99% of the market price, which is to be calculated based on the lowest daily volume weighted average price of the stock over the five trading days following the Company's funding request. No shares have been issued under the Agreement through the date of this report. By the terms of this agreement the effective date occurs on the date on which the SEC first declares effective a related registration statement or by mutual written agreement of the parties. Neither of these conditions has occurred.

Note 6 – Going Concern

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. As shown in the accompanying financial statements, the Company has incurred recurring losses, used significant cash in support of its operating activities and, based upon current operating levels, requires additional capital or significant reconfiguration of its operations to sustain its operations for the foreseeable future. These factors, among others, may indicate that the Company will be unable to continue as a going concern.

The financial statements do not include any adjustments relating to the recoverability and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to generate sufficient cash flow to meet its obligations on a timely basis and ultimately to attain profitability. The Company has limited capital with which to pursue its business plan. There can be no assurance that the Company's future operations will be significant and profitable, or that the Company will have sufficient resources to meet its objectives. During the three months ended March 31, 2006 and 2005, the Company has been dependent upon its officers and other insiders to provide working capital. However, there is no assurance that these loans and capital advances will continue in the future. The Company intends to complete a private placement offering of its common stock to raise sufficient financing in order to meet its financial requirements over the next twelve months and to fund its business plan. There is no assurance that the Company will be successful in raising additional funds.

Note 7 – Commitments and Contingencies

Leases - The Company executed a lease for office space in 2005. Payments under the lease are approximately \$3,140 per month. The lease terminates on October 31, 2006. The future minimum lease payments are as follows:

Year end December 31, 2006	<u>\$21,980</u>
----------------------------	-----------------

Legal Matters - The Company is occasionally party to litigation or threat of litigation arising in the normal course of business. Management, after consultation with legal counsel, does not believe that the resolution of any such matters will have a material effect on the Company's financial position or results of operations.

Employment Agreement - On September 3, 2003, the Company executed an Employment Agreement (the "Agreement") with its president. Under the terms of the Agreement, the president is to receive a salary of \$250,000 per year and an automobile allowance of \$700 per month. In addition, the president has the opportunity to earn the following bonus:

A bonus of \$150,000 for each additional merger and/or acquisition and/or business unit start-up brought to the Company.

Note 8: Segment Reporting

Company's method of internal reporting segregates its business by product/service. Effective February 15, 2005, in accordance with the Company's internal reporting, the Company changed its segment reporting from one reportable segment to two. Effective September 21, 2005, in accordance with the Company's internal reporting, the Company changed its segment reporting from two reportable segments to three.

The Company's reportable segments are as follows:

Modeling and Event Staffing Services – A full service modeling, event staffing and promotion company.

Information Technology consulting operations - an authorized dealer for DocSTAR (Document Storage and Retrieval) which provides clients with a document imaging and retrieval solution and offers software products for the document imaging industry with a suite of software solutions that securely scans, stores and retrieves documents.

Vehicle Sales - The Company specializes in both retail and wholesale sales of quality pre-owned cars, trucks and S.U.V.'s.

The accounting policies of the segments are the same as those described in "Significant Accounting Policies," except that segment data includes intersegment revenues. The Company has no intersegment sales during the three months ended March 31, 2006 and 2005. All sales of products and services were to third parties at current market prices. The Company evaluates the performance of its segments and allocates resources to them based on a variety of indicators including revenues, cost of goods sold, operating income, and total identifiable assets.

The table below presents information about the net income (loss) and segment assets used by the chief operating decision makers of the Company as of and for the three months ended March 31, 2006:

Summary of Operations

The current business of Signature Leisure, Inc. includes the operations of Parker Productions, Inc., a modeling and event staffing business, E Cubed Technologies, an information technology services company and Signature Auto, an independent dealer in motor vehicles. Our focus of operations for the next 12-month period will be develop our business segments focusing on growing operations in each entity to generate revenues. Signature Leisure, Inc. intends to use profits from operations to maintain and grow each business segment. We will continue our efforts to raise additional capital to maintain existing and generate expanded operations. To date we have not generated any significant profits from operations in any of our business segments.

Signature Auto

During the quarter ended September 30, 2005, we restarted the pre-owned vehicle sales dealership in the form of wholesale sales. At present we are not retailing vehicles, which is to say that we are not holding inventory for the express purpose of selling to the retail public. We are purchasing inventory with the sole purpose of wholesaling the vehicles to other dealers. The scope of our auto sales operations is limited due to minimal available capital to purchase inventory. We currently have the ability to purchase only one or two vehicles for inventory and once sold may not be able to purchase replacements until the transactions have cleared which could take 10 days or more. As of March 2006, we had no vehicles in inventory and experienced significant losses on the two vehicles recently sold from our inventory.

Parker Productions

Parker Productions, Inc. operations are being developed as a modeling and event staffing business. The individual models and staff that the Company provides to clients operate as independent contractors to the Company. Presently the company is providing customers with two basic forms of service. The first type of service is providing staff (models) for area conventions. Such type of services would include providing staff members to assist in managing the company's booth at a convention. The staff member would assist the client with visitors to the client's booth. The second form of service is in the form of beverage promotions. Such promotions take place in area bars, in which Parker staff assist the client to gain product awareness from the bar patrons. The Company continues to work on building its list of clients. During the period ended March 31, 2006 we did not produce any revenue from our event staffing operations.

E Cubed Technologies

Signature Leisure intends to build a full service IT, network/server, and computer services firm. We are focused on building a consulting-oriented VAR (Value Added Reseller) and intend to emphasize service and support to differentiate our company from more price-oriented national chains and enterprise focused service firms.

The Company will provide both computer and network software and hardware products and services to make them useful to small businesses. The systems include both PC-based LAN systems and server-based systems. The Company's services will include design and installation of network systems, training, support, and administration.

We are an authorized dealer for DocStar, one of the leading document imaging solution builders. DocSTAR, which is a product of AuthentiDate, Inc., provides clients with a document imaging and retrieval solution. DocSTAR (Document Storage and Retrieval) offers software products for the document imaging industry with a suite of software solutions that securely scans, stores and retrieves documents.

E Cubed Technologies is an authorized reseller of Dell products. This means we have the ability to purchase computer and network hardware and software at reseller pricing for resale to our clients.

A critical component of our operating plan impacting our continued existence is the ability to obtain additional capital through additional equity and/or debt financing. We do not anticipate enough positive internal operating cash flow until such time as we can generate substantial revenues, which may take the next few years to fully realize. In the event we cannot obtain the necessary capital to pursue our strategic plan, we may have to cease or significantly curtail our operations. This would materially impact our ability to continue operations.

Our near term cash requirements are anticipated to be offset through the receipt of funds from private placement offerings and loans obtained through private sources. Since inception, we have financed cash flow requirements through debt financing and issuance of common stock for cash and services. As we expand operational activities, we may continue to experience net negative cash flows from operations, pending receipt of servicing or licensing fees, and will be required to obtain additional financing to fund operations through common stock offerings and bank borrowings to the extent necessary to provide working capital.

Over the next twelve months we believe that existing capital and anticipated funds from operations will not be sufficient to sustain operations and planned expansion. Consequently, we will be required to seek additional capital in the future to fund growth and expansion through additional equity or debt financing or credit facilities. No assurance can be made that such financing would be available, and if available it may take either the form of debt or equity. In either case, the financing could have a negative impact on our financial condition and our Stockholders.

We anticipate incurring operating losses over the next twelve months. Our lack of operating history makes predictions of future operating results difficult to ascertain. Our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their early stage of development. Such risks include, but are not limited to, an evolving and unpredictable business model and the management of growth. To address these risks we must, among other things, obtain a customer base, implement and successfully execute our business and marketing strategy, continue to develop and upgrade technology and products, respond to competitive developments, and attract, retain and motivate qualified personnel. There can be no assurance that we will be successful in addressing such risks, and the failure to do so can have a material adverse effect on our business prospects, financial condition and results of operations.

Going Concern

Our consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying financial statements, we have incurred significant losses since inception. Our losses may indicate that we will be unable to continue as a going concern for reasonable period of time. The financial statements do not include any adjustments relating to the recoverability and classification of liabilities that might be necessary should we be unable to continue as a going concern.

Our continuation as a going concern is dependent upon our ability to generate sufficient cash flow to meet our obligations on a timely basis and ultimately to attain profitability. We have limited capital with which to pursue our business plan. There can be no assurance that our future operations will be significant and profitable, or that we will have sufficient resources to meet our objectives. We may pursue either the option of debt or equity financing or a combination of both in order to raise sufficient capital in order to meet our financial requirements over the next twelve months and to fund our business plan. There is no assurance that we will be successful in raising additional funds. At this present time, our only definite plan regarding the pursuit of any form of financing is that of the Equity Distribution Agreement with Katalyst Capital Group, Ltd.

We intend to use the advances under the Equity Distribution Agreement to assist in the offset of our current cash flow difficulties. However, we must first file, and the SEC must declare effective, a registration statement registering the resale of the registrable securities before an advance can be made. Also, if we fail for any reason to repay any of the above loans on a timely basis, then we may have to curtail our business sharply or cease operations altogether.

Item 3. Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report. There were no changes in our internal control over financial reporting during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting
